[Notice No. 46]

MOTOR CARRIER TEMPORARY AUTHORITY APPLICATIONS

APRIL 1, 1977.

The following are notices of filing of applications for temporary authority under Section 210a(a) of the Interstate Commerce Act provided for under the provisions of 49 CFR 1131.3. These rules provide that an original and six (6) copies of protects to an application may be filed with the field official named in the FEDERAL REGISTER publication no later than the 15th calendar day after the date the notice of the filing of the application is published in the FEDERAL REGISTER. One copy of the protest must be served on the applicant, or its authorized representative, if any, and the protestant must certify that such service has been made. The protect must identify the operating authority upon which it is predicated, specifying the "MC" docket and "Sub" number and quoting the particular portion of authority upon which it relies. Also, the protestant shall specify the service it can and will provide and the amount and type of equipment it will make available for use in connection with the service contemplated by the TA application. The weight accorded a protest shall be governed by the completeness and pertinence of the protestant's information.

Except as otherwise specifically noted, each applicant states that there will be no significant effect on the quality of the human environment resulting from approval of its application.

A copy of the application is on file, and can be examined at the Office of the Secretary, Interstate Commerce Commission, Washington, D.C., and also in the ICC Field Office to which protests are to be transmitted.

MOTOR CARRIERS OF PROPERTY

No. MC 53965 (Sub-No. 130TA), filed March 22, 1977. Applicant: GRAVES TRUCK LINE, INC., 2130 S. Ohio, P.O. Box 1387, Salina, Kans. 67401. Applicant's representative: Larry E. By the Commission.

ROBERT L. OSWALD,
Secretary.

[FR Doc.77-10226 Filed 4-5-77;8:45 am]

[Ex Parte No. 241; Rule 19, 2nd Rev. Exemption No. 133]

MISSOURI PACIFIC RAILROAD CO.

Exemption Under Mandatory Car Service Rules

To: *All Railroads.*

It appearing, That there are substantial shortages of fifty-foot plain boxcars on the lines of the Missouri Pacific Railroad Company (MP); that there is an available supply of such cars on the National Railways of Mexico (NDM); that the NDM has consented to use by the MP of certain of these cars; and the MP has secured clearance from the United States Customs Service for use of these cars provided they are interchanged from and to the NDM exclusively by the MP; and that use of these cars by the MP will substantially relieve boxcar shortages on the MP.

It is ordered, That, pursuant to the authority vested in me by Car Service Rule 19, plain boxcars owned by the National Railways of Mexico (NDM) identified herein may be used by the Missouri Pacific Railroad Company (MP) without regard to the requirements of Car Service Rules 1 and 2.

It is further ordered, That NDM plain boxcars identified herein available empty on lines other than the MP must be returned to the MP either loaded or empty and may not be returned to the NDM by any line other than the MP, regardless of the requirements of Car Service Rules 1 and 2; and

It is further ordered, That this exemption is applicable to freight cars owned by the NDM identified in Appendix A hereto.

Effective March 25, 1977, and continuing in effect until further order of the Commission.

Issued at Washington, D.C., March 25, 1977.

INTERSTATE COMMERCE COMMISSION,
JOEL E. BURNS,
Agent.

1

AGENCY HOLDING THE MEETING: Civil Aeronautics Board.

TIME AND DATE: 10:00 a.m.-April 7, 1977.

PLACE: Room 1027, 1825 Connecticut Avenue, N.W., Washington, D.C. 20428.

SUBJECT: 1. Briefing by the Bureau of Enforcement-Activities and Plans. 2. Briefing by the Bureau of Enforcement-Pending and Proposed Court Cases.

STATUS: Item 1—Open; Item 2—Closed.

PERSON TO CONTACT:

Phyllis T. Kaylor, The Secretary, 202-673-5068.

SUPPLEMENTARY INFORMATION: The following Members have voted that the discussion of Item 2 will be closed to public observation:

Chairman John E. Robson, Vice Chairman Richard J. O'Melia, Member R. Tenney Johnson.

Member G. Joseph Minetti and Member Lee R. West abstained from voting.

EXPLANATION OF THE CLOSING OF ITEM 2

Item 2, the Bureau of Enforcement "Briefing-Pending and Proposed Court Cases, will concern a variety of issues involved in the enforcement of the Federal Aviation Act and the Board's regulations. Disclosure of areas of increased or decreased enforcement activity, reports of on-going investigations, and proposed court actions, particularly to those persons who might be engaged in suspect practices, could lead to violations of the law, destruction of evidence, or behavior designed to frustrate BOE activity and could interfere with enforcement proceedings. Disclosure of the strengths, weaknesses, and negotiating positions in cases which might be settled, particularly to those who are or might be engaged in settlement discussions, could significantly frustrate the ability of BOE and the Board to achieve a settlement in the best interests of the public. Disclosure of the strategy, goals, and legal theories regarding pending or shortly-to-be-initiated court cases, particularly to those against whom the cases are being brought, would hinder the Board's efforts in these cases and might violate the attorney-client privilege between the Board and its staff. Accordingly, the Board finds that public observation of the discussion of Item 2 would be likely to disclose investigatory records compiled for law enforcement purposes, or information which if written would be contained in such records, and would interfere with enforcement proceedings; be likely to significantly frustrate implementation of proposed agency action, and would be likely to specifically concern the Board's participation in civil actions or proceedings within the meaning of the exemptions provided under 5 U.S.C. 552b (c) (7) (A), (9) (B), and (10) respectively and 14 CFR 310b.5 (7) (A), (9) (B), and (10) respectively and that the discussion of Item 2 will be closed.

PERSONS EXPECTED TO ATTEND

BOARD MEMBERS

Chairman John E. Robson
Vice Chairman Richard J. O'Melia
Member G. Joseph Minetti
Member Lee R. West
Member R. Tenney Johnson

ASSISTANTS TO BOARD MEMBERS

Mr. Howard A. Cohen

AGENCY HOLDING THE MEETING: Federal Reserve System.

On Friday, April 8, 1977; at 10:00 a.m. a meeting of the Board of Governors of the Federal Reserve System will be held at the Board's offices at 20th Street and Constitution Avenue NW., Washington, D.C., to consider the following items of official Board business:

1. A major equipment purchase by a Federal Reserve Bank.
2. A major equipment purchase by a Federal Reserve Bank.
3. A possible amendment to the Board's rules of Employee Responsibilities and Conduct with respect to filing statements of employment and financial interests.
4. Any agenda items carried forward from a previously announced closed meeting.

This meeting will be closed to public observation because the items fall under exemptions contained in the Government in the Sunshine Act (5 U.S.C. 552b(c)). Information with regard to this meeting may be obtained from Mr. Joseph R. Coyne, Assistant to the Board, at (202) 452-3204.

Board of Governors of the Federal Reserve System, April 1, 1977.

GRIFFITH L. GARWOOD,
Deputy Secretary of the Board.

[S-89-77 Filed 4-1-77;2:12 pm]

4

AGENCY HOLDING THE MEETING: Renegotiation Board.

CHANGE IN PUBLIC ANNOUNCEMENT

Pursuant to RBR 1482.3(b) of its regulations, the Renegotiation Board hereby announces that the date of its meeting originally scheduled for March 15, 1977, as announced in the FEDERAL REGISTER of March 9, 1977 (42 FR 13167-8), and subsequently changed to April 5, 1977, as announced in the FEDERAL REGISTER of March 28, 1977 (42 FR 16547), is further changed to April 26, 1977.

Dated: April 1, 1977.

GOODWIN CHASE,
Chairman.

[S-87-77-Filed 4-1-77;2:06 pm]

5

AGENCY HOLDING THE MEETING: Federal Deposit Insurance Corporation.

FEDERAL REGISTER CITATION OF PREVIOUS ANNOUNCEMENT: 42 FR 17227.

PREVIOUSLY ANNOUNCED TIME AND DATE OF THE MEETING: 11:00 a.m., April 5, 1977.

CHANGES IN THE MEETING: Because of the need for additional staff consideration of the proposal, the memorandum and resolution proposing the publication for comment of a new Part 340 of the Corporation's rules and regulations, to be entitled "Minimum Offering Circular Requirements for Public Distribution of Bank Securities," have been removed from the agenda.

Title 31—Money and Finance

CHAPTER I—MONETARY OFFICES, DEPARTMENT OF THE TREASURY

PART 51—FISCAL ASSISTANCE TO STATE AND LOCAL GOVERNMENTS

Interim Regulations

AGENCY: Office of Revenue Sharing, Office of the Secretary.

ACTION: Interim Regulations.

SUMMARY: This notice amends subparts A, E and G of the Office of Revenue Sharing regulations. These amendments are required to conform the current regulations with the changes made by the State and Local Fiscal Assistance Amendments. The purpose of these Amendments is to provide necessary guidance to the recipient governments, and to inform other interested persons of the changes necessitated by the amendments to the General Revenue Sharing Program.

EFFECTIVE DATE: Immediately upon filing in the FEDERAL REGISTER.

FOR FURTHER INFORMATION CONTACT:

William H. Sager, Chief Counsel, Office of Revenue Sharing (202) 634-5182.

SUPPLEMENTARY INFORMATION

SUBPART A

In 31 CFR, Part 51, Subpart A, § 51.0 is being amended to include the State and Local Fiscal Assistance Amendments of 1976 (Pub. L. 94-488) within the scope and application of the regulations. Section 51.2 amends or adds definitions. The definition of entitlement period, § 51.2(f) is amended to include entitlement periods beginning January 1, 1977 and ending September 30, 1980. A new definition of "generally accepted auditing standards" is added to § 51.2(h). Section 51.2 (l) adds a definition of lobbying to reflect a new prohibition on the expenditure of entitlement funds. The definition of recipient governments in § 51.2(m) is amended to include the Louisiana office of the separate law enforcement officers. The definition of unit of local government in § 51.2(p) is amended to remove the reference to "other units of government below the State."

Section 51.3 has been amended by the addition of a new subsection (a) which provides that the time limits for the conduct of an investigation or a compliance review set forth in §§ 51.60 and 51.61 of subpart E shall also apply to investigations and compliance reviews of allegations of violations of the remaining subparts. Section 51.4, extension of time, is deleted. Section 51.5, transfer of funds to secondary recipients, has been redesignated § 51.4.

SUBPART E

The nondiscrimination provisions of 31 CFR, Part 51, Subpart E have been expanded to reflect the changes contained in section 122 of the Revenue Sharing Amendments. Subpart E is retitled nondiscrimination by recipient governments receiving entitlement funds because the provisions of Subpart E have been made applicable to all programs and activities of a recipient government unless such government proves by clear and convincing evidence that entitlement funds were not expended in a particular program or activity.

Section 51.50 is amended to include among the prohibited forms of discrimination, discrimination on the basis of age under the Age Discrimination Act of 1975, handicapped status under section 504 or the Vocational Rehabilitation Act of 1974 and religion, limited by exemptions under the Civil Rights Acts of 1964 and 1968. Section 51.51 is amended by the addition of definitions for age discrimination, finding, handicapped status discrimination, holding, and religious discrimination.

Section 51.52 is amended to include discrimination on the basis of age, handicapped status and religion among the prohibited forms of discrimination. Section 51.52(b) is amended to clarify to which prohibited specific discriminatory practices the prohibited grounds of discrimination apply, particularly the newly added categories of age, handicapped status and religion. To this end, the subsections have been reorganized to group related discriminatory practices together. Section 51.52 is further amended by the addition of a new paragraph (c) which sets forth the situations in which the prohibitions of § 51.52 do not apply. Section 51.52(c)(1) provides that the prohibitions set forth in subsections (a) and (b) of § 51.52 shall not apply where a recipient government can prove by clear and convincing evidence that entitlement funds were not expended, in whole or in part, in a particular program or activity.

Section 51.52(c)(2) provides that the prohibition against discrimination on the basis of handicapped status shall not apply to construction projects commencing prior to January 1, 1977. The commencement of a construction project is defined as the obligation of the recipient government by contract for the physical construction of the project or a portion thereof.

Section 51.53(a) is amended to add age discrimination, discrimination on the basis of handicapped status, and religious discrimination to the prohibited forms of discrimination. A new § 51.53(c) has been added concerning recruitment practices of a recipient government. Current § 51.53(c) has been redesignated § 51.53(d). Section 51.53(e) is amended to provide that employment compliance reviews will be conducted in accordance with the Standards of Title VII of the Civil Rights Act of 1964.

Section 51.54(d)(2) has been amended because of the recent Supreme Court decision in *General Electric* v. *Gilbert* (45 Law Week 4031) which holds that it is not sex-based discrimination under Title VII of the Civil Rights Act of 1964 for an employer to exclude pregnancy-related disabilities from a disability insurance plan which provides general coverage. The amended section now provides that recipient government shall not have an employment policy which treats temporary disabilities caused by pregnancy in a different manner with respect to commencement or duration of employment or leave.

Section 51.56 provides that the Office of Revenue Sharing will follow the EEOC guidelines on discrimination on the basis of national origin. The EEOC guidelines are set forth in § 51.56 in their entirety. Section 51.57 provides that the exemption from discrimination on the basis of religion contained in the Civil Rights Act of 1964 and 1968 also apply to programs and activities funded by recipient governments which receive entitlement funds under the Act. The purpose of the exemption is to assure that recipient governments will not be charged with discrimination on the basis of religion through the support of programs and activities of religious institutions. Section 51.57(b) provides that the Office of Revenue Sharing will follow the EEOC guidelines of discrimination on the basis of religion which guidelines are set forth in § 51.57 in their entirety. Current § 51.55 redesignated § 51.58 and is amended to provide that the chief executive officer of a recipient government is required to assure that in the event a Federal or State court or Federal administrative agency makes a holding against the recipient government, a certified copy of the holding will be forwarded to the Director within 10 days of receipt by the recipient government.

Current § 51.56 is redesignated § 51.59. Section 51.59(a) is amended to provide that where information required of a recipient government is in the exclusive possession of another who refuses to furnish the Office of Revenue Sharing or its authorized representatives with such information, it shall be the sole responsibility of the recipient government to provide the information. Mere certification of the failure to acquire the information is no longer sufficient. Section 51.59(b) is amended to include data concerning age and handicapped status among the data on which a recipient government must keep records. Current § 51.58 is redesignated § 51.60. Section 51.60(a), compliance reviews, is amended to provide that such reviews shall be completed within 180 days of initiation. Section 51.60(b) is amended to provide that a recipient government determined to have violated the provisions of this subpart shall take such action as approved by the Director to achieve compliance. A new § 51.60(c) sets forth the adoption of the Equal Employment Opportunity Coordinating Counsel's policy statements on affirmative action programs for State and local government agencies (41 F.R. 38814), which appears in this section in its entirety.

Current § 51.57 is redesignated § 51.61 and is retitled "administrative complaints and investigations." Section 51.61 (b)(1) requires the Director to advise a recipient government of an administrative complaint received against it within 30 days of the receipt of the complaint. Section 51.61(b)(2) provides that an investigation will be made by the Office of

Revenue Sharing within 60 days of the receipt of the complaint if the Director has reason to believe that the recipient government has failed to comply. Section 51.61(b)(3) provides that 90 days after the filing of a complaint the Director shall make a finding. Section 51.61 (b)(4) provides that the agreements between agencies will be used to the maximum extent feasible to facilitate enforcement of the provisions of Subpart E.

Section 51.62 defines the term "finding" and describes the effect of a finding of noncompliance upon a recipient government. Section 51.62(b) provides that a finding based upon an administrative complaint shall be made within 90 days of the filing of an administrative complaint with the Director. The recipient government shall be notified of a finding of noncompliance made against it within ten days. Section 51.62(c) provides that a finding of noncompliance may result from a holding by a State or local administrative agency. Section 51.62(b) provides that a finding of noncompliance with the provisions of subpart E need not result from an administrative complaint.

Section 51.63 provides that upon written request a complainant may be advised by the Director as to the status of investigations of administrative complaints. Further, the Director shall notify the complainant of the nature of a finding ten days after the finding is made.

Section 51.65(a) provides that the Director, upon making a finding of noncompliance, shall notify the recipient government that it has 30 days within which to demonstrate compliance or enter into a compliance agreement. By the 30th day the Director shall issue a determination as to whether a recipient government has failed to comply with the provisions of Subpart E. Section 51.65(b) provides that upon making a determination that a recipient government is in noncompliance with the provisions of subpart E, the Director shall notify the government that failure to enter compliance or to request a hearing within 10 days will result in the suspension of further payments of entitlement funds to the government.

Section 51.66(a) provides that where a recipient government requests a hearing it shall be held before an administrative law judge and shall commence within 30 days of the request. Section 51.66 (b) provides that where an administrative law judge issues a preliminary finding that the recipient government has failed to comply with the provisions of subpart E, the Director shall suspend temporarily further payment of entitlement funds to the recipient government pending completion of the hearing and final adjudication by the administrative law judge. Upon the completion of a hearing on the merits, if the administrative law judge issues a determination that the recipient government is in noncompliance, the Director shall, upon the initial decision and order of the administrative law judge, suspend further payment of entitlement funds, continue the temporary suspension previously invoked, or terminate the payment of entitlement funds, unless the recipient government enters into compliance before the 31st day after such determination. Section 51.66(c) provides that where the administrative law judge makes a preliminary determination that the recipient government has not failed to comply with the provisions of Subpart E, any temporary suspension of funds will be terminated and the Director will promptly pay over entitlement funds, if any, temporarily suspended.

Section 51.67(a) provides that upon receipt of a holding by a Federal court, State court, or Federal administrative law judge, the Director shall notify the recipient government of the noncompliance. Section 51.67(b) provides that the holding by an administrative law judge shall have been preceded by notice and opportunity for a hearing conducted pursuant to the provisions of the Administrative Procedure Act (5 U.S.C. 556).

Section 51.67(c) provides that within 30 days of notification by the Director that the recipient government is in noncompliance, pursuant to the holding of a State or Federal court or a Federal administrative law judge, the recipient government shall have the opportunity to informally present evidence only as to whether the noncompliance was in a program or activity funded in whole or in part with entitlement funds. The holding of noncompliance shall be treated as conclusive. Section 51.67(d) provides that where a holding is reversed, any proceedings on the basis of that holding by the Director including the termination or suspension of entitlement funds, shall be discontinued and entitlement funds temporarily withheld, if any, shall be repaid.

Section 51.68(a) provides that the Director shall issue a determination of noncompliance within 30 days after notifying the recipient government of its noncompliance unless a compliance agreement is entered into with the government. Section 51.68(b) provides that upon making a determination of noncompliance the Director shall notify the recipient government that it has ten days to come into compliance or request a hearing before an administrative law judge, or further entitlement payments to the recipient government shall be suspended. A hearing requested by the recipient government shall commence within 30 days of receipt of the request. The administrative law judge, within 30 days of the commencement of a hearing, shall issue a preliminary finding as to whether the particular program or activity was funded with entitlement funds. If there is a finding of noncompliance, entitlement funds will immediately be suspended by the Director pending final decision of the administrative law judge unless a compliance agreement between the Director and the recipient government is entered into.

Section 51.68(c) provides that after a hearing on the merits the administrative law judge shall make his initial findings and decision (not to be confused with the preliminary decision) based upon the evidence of the whole record, that the recipient government has failed to comply with the provisions of subpart E. The Director shall, within 31 days after such findings and decision indefinitely suspend payment of entitlement funds, continue the suspension invoked earlier or terminate the payment of entitlement funds, unless a compliance agreement is entered into between the recipient government and the Director within that time period.

Section 51.69(a) provides that the initial decision of the administrative law judge, (not to be confused with the preliminary decision) made after the conclusion of the hearing on the merits, shall be based upon the findings of fact and the conclusions of law and shall consist of an order either to suspend, terminate, or resume payment of entitlement funds to recipient governments. Section 51.69 (b) defines suspension of entitlement funds. Section 51.69(c) defines termination of entitlement funds.

Section 51.70 sets forth the steps which must be taken in order to resume entitlement payments which have been suspended. Section 51.70(a) provides that payments may be resumed when the recipient government enters into a compliance agreement with the Director and complies with the provisions thereof. Section 51.70(b) provides that payments suspended pursuant to a preliminary decision by the administrative law judge may be resumed when the administrative law judge holds that the recipient government is in compliance with the provisions of subpart E. Section 51.70(c) provides that payments may be resumed where the recipient government complies fully with a dispositive order of the court or an administrative law judge. Section 51.70(d) provides that payments may be resumed where a court or administrative law judge, upon rehearing of a proceeding, finds that the recipient government was in compliance. Section 51.70 (e) provides for resumption of suspended entitlement funds where an appellate court reverses the holding of noncompliance by a lower court or an administrative law judge upon which the Director's suspension of entitlement funds was based.

Section 51.71(a) defines a compliance agreement entered into between the Federal or State agency responsible for prosecuting the claim and the chief executive officer of the recipient government against whom discrimination is alleged. The section further makes it discretionary with the Director as to whether or not he will accept such agreement. Section 51.71(b) sets forth the requirements of a compliance agreement negotiated between the Director and the chief executive officer of the recipient government. Section 51.71(c) provides that the Director shall submit copies of the compliance agreement to the complainant within 15 days of the execution or approval of the agreement.

Section 51.72 provides that any hearing shall be conducted pursuant to section 7 of the Administrative Procedure

V 4266 APR 6 77 UMI

Act (5 U.S.C. 556) and the applicable provisions of Subpart G of the regulations.

Current § 51.61 is redesignated § 51.73 and further amended to provide certain clarifying definitions. Section 51.73(a) sets forth a new requirement that recipient governments maintain separate records of real and tangible personal property having a value in excess of $1,000. This paragraph further provides that upon outright transfer of bona fide sale of the property, the provisions of § 51.73 will no longer be applicable.

Current § 51.62 is redesignated § 51.74 and retitled Agreements Between Agencies. Section 51.74(a) sets forth the purposes for which cooperative agreements are to be formed. Section 51.74(b) sets forth the content of such agreements. Section 51.74(c) provides that the Director may not delegate, pursuant to any agreement, the authority to review the preliminary and initial decisions of an administrative law judge.

A new § 51.75 provides that the Attorney General of the United States may bring civil action against any State or unit of local government which he has reason to believe has engaged in or is engaging in a pattern and practice of discrimination. Section 51.75(b) sets forth the relief a court may grant upon holding that a State or unit of local government is engaging in a pattern or practice of discrimination.

SUBPART G

Amendments to 31 CFR Part 51, subpart G are minimal. They primarily consist of redesignations and the change of references from the Secretary to the Director. Sections 51.80 to 51.105 are redesignated §§ 51.200 to 51.225 (see 42 FR 2422, January 11, 1977). Section 51.200 is amended to specifically remove subpart E from the scope of this subpart where provision is otherwise made.

OTHER PROVISIONS

Amendments to subpart B or title 31, CFR, part 51 (relating to Assurances, Reports, Public Participation and Public Hearings) were published in the FEDERAL REGISTER as interim regulations on January 10, 1977 (42 FR 2196).

Amendments to subpart F of title 31, CFR, part 51, relating to Fiscal Procedures and Auditing, were published in the FEDERAL REGISTER as interim regulations on January 11, 1977 (42 FR 2422).

NEED FOR IMMEDIATE GUIDANCE

Because these interim regulations are necessary to provide immediate guidance to recipient governments it is found impractical to issue these interim regulations with the notice and public procedure thereon under 5 U.S.C. 553(b) or subject to the effective date limitations of 5 U.S.C. 553(d).

WRITTEN COMMENTS SOLICITED

Consideration will be given to any written comments or suggestions pertaining to these amendments to subparts A, E and G which are received on or before June 6, 1977. Written comments shall be addressed to the Director, Office of Revenue Sharing (Symbols CC), Department of the Treasury, Washington, D.C. 20226. Written comments submitted in response to this solicitation will be available to the public upon request unless the comments are exempt from disclosure under the Freedom of Information Act, (5 U.S.C. 552) and the Department invokes the applicable exemption. A file of all written comments will be indexed and logged with the Treasury Library.

These amendments and interim regulations are issued under the authority of the State and Local Fiscal Assistance Act of 1972, as amended, Title I, Pub. L. 92-512 and the State and Local Fiscal Assistance Amendments of 1972, Pub. L. 94-488, (31 U.S.C. 1221-1263) and Treasury Department Order No. 224, dated January 26, 1973 (38 FR 3342).

The Department of the Treasury has determined that these amendments and interim regulations do not contain a major proposal requiring preparation of an Economic Impact Statement under Executive Orders 11821 and 11949, and OMB Circular A-107.

Dated: March 31, 1977.

ANTHONY M. SOLOMON,
Under Secretary for Monetary Affairs.

Subpart A—General Information

51.0 Scope and application of regulations.
51.1 Establishment of Office of Revenue Sharing.
51.2 Definitions.
51.3 Procedure for effecting compliance.
51.4 Transfer of funds to secondary recipients.

AUTHORITY: State and Local Assistance Act of 1972, as amended, Title I, Pub. L. 92-512; State and Local Fiscal Assistance Amendments of 1972, Pub. L. 94-488 (31 U.S.C. 1221-1263); Treasury Department Order No. 224, dated January 26, 1973 (38 FR 3342).

Subpart A—General Information

§ 51.0 Scope and application of regulations.

(a) *In general.* The rules and regulations in this subpart are prescribed for carrying into effect the State and Local Fiscal Assistance Act of 1972 (Pub. L. 92-512) applicable to entitlement periods beginning January 1, 1973 and the State and Local Fiscal Assistance Amendments of 1976 (Pub. L. 94-488) applicable to entitlement periods beginning January 1, 1977. Subpart A sets forth general information and definitions of terms used in this part. Subpart B of this part prescribes reports required under this part and publicity and public hearings concomitant thereto. Subpart C of this part contains rules regarding the computation, allocation and adjustment of entitlements. Subpart D of this part prescribes prohibitions and restrictions on the use of funds. Subpart E of this part contains the nondiscrimination provisions applicable to programs funded with revenue sharing funds. Subpart F of this part prescribes fiscal procedures and auditing requirements. Subpart G of this part contains rules relating to procedure and practice requirements where a recipient government has failed to comply with any provision of this part.

(b) *Saving clause.* Any cause of action arising out of noncompliance with the interim regulations covering payments made for the first and second entitlement periods (January 1, 1972, through June 30, 1972, and July 1, 1972, through December 31, 1972) shall continue to be covered by such regulations and any proceeding commenced thereon shall be governed by the procedures set forth in Subpart G of this part. Any cause of action arising out of the expenditure of entitlement payments in violation of the prohibitions and restrictions of subparts D, E and F of this part prior to January 1, 1977 shall be covered by regulations in effect on December 31, 1976 and any proceedings commenced thereon shall be governed by the procedures set forth in Subpart G of this part.

§ 51.1 Establishment of Office of Revenue Sharing.

There is established in the Office of the Secretary of the Treasury the Office of Revenue Sharing. The office shall be headed by a Director who shall be appointed by the Secretary of the Treasury. The Director shall perform the functions, exercise the powers and carry out the duties vested in the Secretary of the Treasury by the State and Local Fiscal Assistance Act of 1972, Title I, Pub. L. 92-512 and the State and Local Fiscal Assistance Amendments of 1976, Pub. L. 94-488. A reference to the Director in the masculine gender shall not be construed to exclude the feminine gender.

§ 51.2 Definitions.

As used in this part (except where the context clearly indicates otherwise, or where the term is defined elsewhere in this part) the following definitions shall apply:

(a) "Act" means the State and Local Fiscal Assistance Act of 1972, Title I of Public Law 92-512, approved October 20, 1972 as amended by the State and local Fiscal Assistance Amendments of 1976, Pub. L. 94-488, approved October 13, 1976. (31 U.S.C. 1221, et seq, as amended).

(b) "Chief executive officer" of a unit of local government means the elected official, or the legally designated official, who has the primary responsibility for the conduct of that unit's governmental affairs. Examples of the "chief executive officer" of a unit of local government may be: The elected mayor of a municipality, the elected county executive of a county, the chairman of a county commission or board in a county that has no elected county executive, the township supervisor, trustee, first selectman, chairman, city manager, or such other official as may be designated pursuant to law by the duly elected governing body of the unit of local government; or the chairman, governor, chief or president (as the case may be) of an Indian tribe or Alaskan native village.

(c) "Department" means the Department of the Treasury.

(d) "Director" means the Director of the Office of Revenue Sharing.

(e) "Entitlement" means the amount of payment to which a State government or unit of local government is entitled as determined by the Director pursuant to an allocation formula contained in the Act and as established by regulation under this part.

(f) "Entitlement funds" means the amount of funds paid or payable to a State government or unit of local government for the entitlement period.

(g) "Entitlement period" means one of the following periods of time:

(1) The 6-month period beginning January 1, 1973, and ending June 30, 1973.

(2) The fiscal year beginning July 1, 1973, and ending June 30, 1974.

(3) The fiscal year beginning July 1, 1974, and ending June 30, 1975.

(4) The fiscal year beginning July 1, 1975, and ending June 30, 1976.

(5) The 6-month period beginning July 1, 1976, and ending December 31, 1976.

(6) Entitlement Period Eight is the 9-month period beginning January 1, 1977, and ending September 30, 1977.

(7) Entitlement Period Nine is the fiscal year beginning October 1, 1977, and ending September 30, 1978.

(8) Entitlement Period Ten is the fiscal year beginning October 1, 1978, and ending September 30, 1979.

(9) Entitlement Period Eleven is the fiscal year beginning October 1, 1979, and ending September 30, 1980.

(h) Generally accepted auditing standards means those auditing standards pronounced by the American Institute of Certified Public Accountants and incorporated in its Statements on Audit Standards, and further included in summary form in the Standards for Audit of Governmental Organizations, Programs, Activities, and Functions as reissued in 1974 by the Comptroller General of the United States.

(i) "Governor" means the Governor of any of the 50 States or the Mayor of the District of Columbia.

(j) "Independent public accountants" means independent certified public accountants, and licensed public accountants licensed on or before December 31, 1970, certified or licensed by a regulatory authority of a State or other political subdivision of the United States.

(k) "Indian tribes and Alaskan native villages" means those Indian tribes and Alaskan native villages which have a recognized governing body and which perform substantial governmental functions. Certification to the Director by the Secretary of the Interior (or by the Governor of a State in the case of a State affiliated tribe) that an Indian tribe or an Alaskan native village has a recognized governing body and performs substantial governmental functions, shall constitute prima facie evidence of that fact.

(l) "Lobbying." See § 51.44 for definition of this term.

(m) "Recipient government" means a State government or unit of local government as defined in this section, or the office of the separate law enforcement officer for any parish in the State of Louisiana other than the Parish of Orleans.

(n) "Secretary" means the Secretary of the Treasury.

(o) "State government" means the government of any of the 50 States or the District of Columbia.

(p) "Unit of local government" means the government of a county, municipality, or township, which is a unit of general government and which shall be determined on the basis of the same principles as used by the Bureau of the Census for general statistical purposes. The term "unit of local government" shall also include the recognized governing body of an Indian tribe or Alaskan native village which performs substantial governmental functions. The District of Columbia, in addition to being treated as a State, shall also be treated as a county area which has no units of local government (other than itself) within its geographic area.

§ 51.3 Procedure for effecting compliance.

(a) *In general.* Whenever the Director receives an administrative complaint, audit report, or other information alleging violation of any provision of this part, other than subpart E, he shall employ the time limits for the conduct of an investigation or a compliance review set forth in §§ 51.60 and 51.61 of subpart E of this part.

(b) *Determination of noncompliance.* If the Director determines that a recipient government has failed to comply substantially with any provision of this part, other than subpart E, and after giving reasonable notice and opportunity for a hearing to the Governor of the State or the chief executive officer of the unit of local government pursuant to subpart G of this part, the Director shall notify the recipient government that if it fails to take corrective action within 60 days from the date of receipt of such notification further payments to it will be withheld for the remainder of the entitlement period and for any subsequent entitlement period until such time as the Director is satisfied that appropriate corrective action has been taken and that there will no longer be any failure to comply. Until he is satisfied, the Director shall make no further payments of such amounts.

(c) *Determination to delay payment.* Whenever the Director determines that a recipient government has failed to comply with the reporting or assurance requirements of subpart B, he may delay payment of entitlement funds to such recipient. A determination to delay payment of entitlement funds shall not be subject to the procedure set forth in paragraph (a) of this section and shall be in effect only for such time as is necessary to effect compliance.

§ 51.4 Transfer of funds to secondary recipients.

Those prohibitions and restrictions set forth in Subparts D, E, and F of this part which are applicable to a recipient government's entitlement funds continue to be applicable to such funds if they are transferred to another governmental unit or private organization. A violation of Subparts D, E, and F of this part by a secondary recipient shall constitute a violation by the recipient government and the applicable penalty shall be imposed on the recipient government.

Subpart E—Nondiscrimination by Recipient Governments Receiving Entitlement Funds

Subpart E—Nondiscrimination by Recipient Governments Receiving Entitlement Funds

§ 51.50 Purpose.

The purpose of this subpart is to effectuate section 122 of the Act to the end that no person in the United States shall, on the ground of race, color, national origin, or sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity of a recipient government, which government receives funds made available under subpart A. Any prohibition against discrimination on the basis of age under the Age Discrimination Act of 1975 or with respect to an otherwise qualified handicapped individual as provied in Section 504 of individual as provided in section 504 of prohibition against discrimination on the basis of religion as well as any exemption from such prohibition, as pro-

V 4266 APR 6 77 UMI

vided in the Civil Rights Act of 1964 or the Civil Rights Act of 1968, shall also apply to any such program or activity.

§ 51.51 Definitions.

Unless the context requires otherwise, as used in this subpart, the term:

(a) "Age discrimination" refers to any discrimination on the basis of age under the Age Discrimination Act of 1975.

(b) "Compliance review" means a review of a recipient's selected employment practices, facilities, or delivery of services for compliance with the provisions of this part.

(c) "Facility" includes all or any part of structures, equipment, or other real or personal property or interests therein.

(d) "Finding"—See § 51.62 for meaning of this term.

(e) "Funded" means funds have been made available for expenditure in a designated program or activity through legislative action.

(f) "Handicapped status discrimination" refers to discrimination with respect to an otherwise qualified handicapped individual under § 504 of the Rehabilitation Act of 1973.

(g) "Holding"—See § 51.67 for meaning of this term.

(h) "Investigation" includes both fact-finding efforts and attempts to secure the voluntary resolution of complaints.

(i) "Program or activity" means any function conducted by an agency or department of the recipient government which government has received or is receiving entitlement funds, or by any other unit of government or private contractor which has received or is receiving entitlement funds from the recipient government.

(j) "Religious discrimination" refers to any prohibition against discrimination on the basis of religion as well as any exemption from such prohibition as provided in the Civil Rights Act of 1964 or the Civil Rights Act of 1968.

§ 51.52 Discrimination prohibited.

(a) *In general.* No person in the United States shall, on the ground of race, color, national origin, or sex, be excluded from participation under, denied the benefits of, or be subjected to discrimination under any program or activity of a recipient government which government receives funds made available under Subtitle A of the Act. Any prohibition against discrimination on the basis of age under the Age Discrimination Act of 1975 (hereinafter referred to as discrimination on the basis of age) or with respect to an otherwise qualified handicapped individual as provided in section 504 of the Rehabilitation Act of 1973, (hereinafter referred to as discrimination on the basis of handicapped status) or any prohibition against discrimination on the basis of religion, as well as any exemption from such prohibition as provided in the Civil Rights Act of 1964 or the Civil Rights Act of 1968 (hereinafter referred to as discrimination on the basis of religion) shall also apply to any such program or activity.

(b) *Specific discriminatory actions prohibited.* (1) A recipient government shall not, on the ground of race, color, national origin, or sex:

(i) Deny any service or other benefit provided.

(ii) Provide any service or other benefit which is different, or is provided in a different form from that provided to others.

(iii) Subject any person to segregated or separate treatment in any facility or in any matter or process related to receipt of any service or benefit.

(iv) Restrict in any way the enjoyment of any advantage or privilege enjoyed by others receiving any service or benefit.

(v) Treat an individual differently from others in determining whether the individual satisfies any admission, enrollment, eligibility, membership, or other requirement or condition which individuals must meet in order to be provided any service or other benefit.

(2) A recipient government shall not on the ground of race, color, national origin, sex, handicapped status, age or religion:

(i) Deny any person an opportunity to participate in a program or activity as an employee.

(ii) Deny any person an equal opportunity to participate as appointed members of planning or advisory bodies in connection with the disposition of entitlement funds.

(3) In areas of employment, a recipient government may not utilize criteria or methods of administration which have the effect of:

(i) Subjecting individuals to discrimination on the basis of race, color, national origin, sex, age, handicapped status, or religion.

(ii) Perpetuating the results of past discriminatory practices.

(iii) Defeating or substantially impairing the accomplishment of the objectives of the program or activities with respect to individuals of a particular race, color, national origin, sex, age, handicapped status, or religion.

(4) A recipient government may not on the ground of race, color, national origin, or sex make selections of site or location of facilities which have the effect of:

(i) Excluding individuals from such facilities.

(ii) Denying the individuals the benefits of such facilities.

(iii) Subjecting individuals using the facilities to discrimination.

(5) Recipient governments are encouraged to take action with entitlement funds to ameliorate an imbalance in services or facilities provided to any geographic area or specific group in order to overcome the effects of prior discriminatory practice or usage. If a recipient government funds a program or activity which is found to provide an imbalance of services or facilities to persons protected by this subpart, then such imbalance shall be ameliorated.

(6) The enumeration of specific forms of prohibited discrimination in this paragraph does not limit the generality of the prohibition in paragraph (a) of this section.

(c) *Exemptions.* The provisions of paragraphs (a) and (b) shall not apply:

(1) Where a recipient government demonstrates by clear and convincing evidence that a program or activity, with respect to which discrimination is alleged, is not funded in whole or in part with entitlement funds.

(2) To construction projects commenced prior to January 1, 1977, with respect to discrimination on the basis of handicapped status. A construction project shall be deemed to have commenced when the recipient government has obligated itself by contract for the physical construction of the project or any portion of the project.

§ 51.53 Employment discrimination.

(a) *Employment practices.* In general, employment practices mean all terms and conditions of employment including recruitment, recruitment advertising, hiring, layoff, termination, upgrading, demotion, transfer, rates of pay, fringe benefits, training, or other forms of compensation, use of facilities, and other terms and conditions of employment. A recipient government which receives entitlement funds may not (through contractual or other arrangements) subject any individual to employment discrimination on the ground of race, color, national origin, sex, age, handicapped status, or religion.

(b) *Employee selection procedures.* The Equal Employment Opportunity Commission, in carrying out its responsibilities in ensuring compliance with title VII of the Civil Rights Act of 1964, has published Guidelines on Employee Selection Procedures (29 CFR Part 1607) to assist in establishing and maintaining equal employment opportunities. Among other things, these Guidelines forbid the use of employee selection practices, procedures, and devices (such as tests, minimum educational levels, and the like) which disqualify a disproportionate number of minority individuals or women for employment and which are not related to job performance. Recipient governments using selection procedures which are not in conformity with the EEOC Guidelines shall, upon request of the Director, set forth the reasons for any such nonconformity.

(c) *Recruitment practices of recipient governments.* Recruitment practices of recipient governments should be analyzed to determine whether they are making information about job opportunities equally available to minority groups and women. Where racial, ethnic or sex groups are being or have been denied employment opportunities, or are underutilized in a job classification or classifications, the use of recruiting procedures designed to attract members of racial, ethnic or sex groups which have been denied employment opportunities is permissible and may be required to comply with these regulations.

(d) *Self-evaluation.* Recipient governments are expected to conduct a continuing program of self-evaluation to assess certain whether any of their recruitment, employee selection, or promotional policies (or lack thereof) directly or indirectly have the effect of denying equal employment opportunities to minorities or women.

(e) *Employment compliance reviews.* Compliance reviews of recipient governments will be scheduled by the Office of Revenue Sharing, giving priority to any recipient government receiving entitlement funds which shows a significant disparity between the percentage of minorities or women in the relevant work force and the percentage of minority or women employees in the applicable government. On such reviews the standards of Title VII of the Civil Rights Act of 1964 shall apply.

§ 51.54 Discrimination on the basis of sex.

(a) *General.* No person shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination in recruitment, hiring, or employment, whether full-time or part-time, under any program or activity funded in whole or in part by a recipient government which receives entitlement funds.

(b) *Recruitment and advertisement.* (1) Recipient governments engaged in recruiting activity shall recruit employees of both sexes for all jobs.

(2) Advertisements in newspapers and other media for employment shall not express a sex preference. The placement of an advertisement in columns headed "Male" or "Female" will be considered to be a discriminatory limitation.

(3) A recipient government shall not recruit primarily or exclusively at entities which furnish as applicants only or predominantly members of one sex if such recruitment has the effect of discriminating on the basis of sex.

(c) *Job policies and practices.* (1) Employees of both sexes shall have an equal opportunity to any available job that he or she is qualified to perform.

(2) Recipient governments shall not make any distinction based upon sex in employment opportunities, wages, hours or other conditions of employment. It shall be an unlawful employment practice for an employer to have a pension or retirement plan which establishes different optional or compulsory retirement ages based on sex. It shall be an unlawful employment practice for an employer to provide for both unequal benefits and unequal contributions in the areas of insurance, pension or retirement plans, welfare or other fringe benefit programs. Further, if shall be an unlawful employment practice for an employer to provide for either unequal benefits or unequal contributions in such areas unless such unequal benefits or unequal contributions are directly related to actuarial differences. Proof of such actuarial differences shall be provided by the recipient government upon the request of the director. In the areas of insurance, pensions, welfare programs and other fringe benefits, it shall be an unlawful employment practice for a recipient government to make available benefits for the wives of male employees which are not made available for female employees; or to make available benefits to the husbands of female employees, which are not made available for male employees.

(3) Any distinction between married males and married females and any distinction between unmarried males and unmarried females will be considered to be a distinction made on the basis of sex. Similarly, a recipient government must not deny employment to women with young children unless it has the same exclusionary policies for men; or terminate an employee of one sex in a particular job classification upon reaching a certain age unless the same rule is applicable to persons of the opposite sex.

(4) A recipient government may not refuse to hire men or women, or deny men or women a particular job because there are no separate restrooms or other separate facilities. The recipient government's policies and practices shall assure that appropriate facilities are available for use by both sexes.

(5) Recipient governments may not deny any employee the right to any job, which the employee is qualifield to perform, in reliance upon a State "protective" law that does not apply equally to both sexes.

(6) A recipient government shall not:

(i) Classify a job as being for males or for females;

(ii) Maintain or establish separate lines of progression, seniority lists, career ladders, tenure, systems, position descriptions or job requirements which are based on sex or which classify persons on the basis of sex unless such procedure is dictated by the provisions of an Affirmative Action Program.

(d) *Marital or parental status.* In any program or activity funded in whole or in part by a recipient government which receive entitlement funds:

(1) *Family status.* A recipient government shall not treat an employee or applicant for employment differently on the basis of sex in any employment action or policy because of the employee's or applicant's marital status or status as a parent.

(2) *Pregnancy as a basis for employment action.* A recipient government shall not have a written or unwritten policy which results in different treatment of temporary disabilities caused by pregnancy with respect to the commencement or duration of employment or leave.

(3) *Sex as a bona fide occupational qualification.* Nothing in these regulations shall prohibit the hiring of employees of one sex if sex is a bona fide occupational qualification. A bona fide occupational qualification is only allowed where there is a reasonable factual basis to believe that all, or substantially all, of one sex are unable to perform the job in question. Further, the burden of demonstrating that sex is a bona fide occupational qualification for a given job rests on the recipient government.

§ 51.55 [Reserved]

§ 51.56 Discrimination on the basis of national origin.

The Equal Employment Opportunity Commission has adopted guidelines on discrimination on the basis of national origin. These guidelines provide practical assistance to enable recipient governments to bring themselves into compliance with Federal law. Recipient governments using selection procedures which are not in conformity with the E.E.O.C. Guidelines shall, upon the request of the Director set forth the reasons for such nonconformity. The Equal Employment Opportunity Commission guidelines are as follows:

§ 1606.1 *Guidelines on discrimination because of national origin.*

(a) The Commission is aware of the widespread practices of discrimination on the basis of national origin, and intends to apply the full force of law to eliminate such discrimination. The bona fide occupational qualification exception as it pertains to national origin cases shall be strictly construed.

(b) Title VII is intended to eliminate covert as well as the overt practices of discrimination, and the Commission will, therefore, examine with particular concern cases where persons within the jurisdiction of the Commission have been denied equal employment opportunity for reasons which are grounded in national origin considerations. Examples of cases of this character which have come to the attention of the Commission include: The use of tests in the English language where the individual tested came from circumstances where English was not that person's first language or mother tongue, and where English language skill is not a requirement of the work to be performed; denial of equal opportunity to persons of a specific national origin; denial of equal opportunity because of membership in lawful organizations identified with or seeking to promote the interests of national groups; denial of equal opportunity because of attendance at schools or churches commonly utilized by persons of a given national origin; denial of equal opportunity because their name or that of their spouse reflects a certain national origin; and denial of equal opportunity to persons who as a class of persons tend to fall outside national norms for height and weight where such height and weight specifications are not necessary for the performance of the work involved.

(c) Title VII of the Civil Rights Act of 1964 protects all individuals, both citizens and noncitizens, domiciled or residing in the United States, against discrimination on the basis of race, color, religion, sex, or national origin.

(d) Where discrimination on the basis of citizenship against a lawfully immigrated alien residing in the United States has the purpose or effect of discrimination against persons of a particular national origin, such person may not be discriminated against on the basis of citizenship, except that it is not an unlawful employment practice for an employer pursuant to section 703(g), to refuse to employ any person who does not fulfill the requirements imposed in the interests of national security pursuant to any statute of the United States or any Executive Order of the President respecting the particular position or the particular premises in question.

(e) In addition, some states have enacted laws prohibiting the employment of noncitizens. Where such laws have the purpose

V 4 2 6 6 APR 6 7 7 UMI

of effect of discrimination on the basis of national origin, they are in conflict with and are, therefore, superseded by Title VII of the Civil Rights Act of 1964, as amended. (Sec. 713(a), 78 Stat. 265; 42 U.S.C. 2000e-12) (35 FR 421, Jan. 13, 1970; 39 FR 10123, Mar. 18, 1974.)

§ 51.57 Discrimination on the basis of religion.

(a) *In general.* Any prohibition against discrimination on the basis of religion, or any exemption from such discrimination, as provided in the Civil Rights Act of 1964 or title VIII of the Act of April 16, 1968, hereafter referred to as the Civil Rights Act of 1968, shall apply to any program or activity of a recipient government which receives entitlement funds under the Act.

(b) *EEOC guidelines.* The Equal Employment Opportunity Commission has adopted guidelines on discrimination on the basis of religion. These guidelines provide practical assistance to enable recipient governments to bring themselves into compliance with Federal law and recipient governments using selection procedures which are not in conformity with the E.E.O.C. Guidelines shall upon the request of the Director, set forth the reasons for such nonconformity. The E.E.O.C. guidelines are as follows:

§ 1605.1 *Observation of the Sabbath and other religious holidays.*

(a) Several complaints filed with the Commission have raised the question whether it is discrimination on account of religion to discharge or refuse to hire employees who regularly observe Friday evening and Saturday, or some other day of the week, as the Sabbath or who observe certain special religious holidays during the year and, as a consequence, do not work on such days.

(b) The Commission believes that the duty not to discriminate on religious grounds, required by section 703(a)(1) of the Civil Rights Act of 1964, includes an obligation on the part of the employer to make reasonable accommodations to the religious employees where such accommodations can be made without undue hardship on the conduct of the employer's business. Such undue hardship, for example, may exist where the employee's needed work cannot be performed by another employee of substantially similar qualifications during the period of absence of the Sabbath observer.

(c) Because of the particularly sensitive nature of discharging or refusing to hire an employee or applicant on account of his religious beliefs, the employer has the burden of proving that an undue hardship rends the required accommodations to the religious needs of the employee unreasonable.

(d) The Commission will review each case on an individual basis in an effort to seek an equitable application of these guidelines to the variety of situations which arise due to the varied religious practices of the American people. (Sec. 713(a), 78 Stat. 265; 42 U.S.C. 2000e-12) (32 FR 10298, July 13, 1967.)

§ 51.58 Assurances required.

(a) *General.* In order to qualify for any payment of entitlement funds for any entitlement period, each Governor of a State or each chief executive officer of a unit of local government shall, prior to the beginning of each entitlement period, executive to the satisfaction of the Director an assurance that all programs and activities of a recipient government will be conducted in compliance with the requirements of this subpart. The chief executive officer is also required to assure that, in the event a Federal or State court or Federal administrative law judge makes a holding as defined in § 51.67 of this subpart against the recipient government, such recipient government will forward a certified copy of the holding to the Director within 10 days of receipt by the recipient government. Assurances required under this paragraph shall be submitted pursuant to § 51.10(b) and shall be in such form and detail as prescribed by the Director.

(b) *Failure to comply.* Any recipient government which fails to comply with paragraph (a) of this section shall have its entitlement payments withheld for the applicable entitlement period and shall be entitled to notice and opportunity for hearing. However, notwithstanding § 51.65 no payments shall be made for the applicable entitlement period pending the outcome of such hearing.

§ 51.59 Compliance information and reports.

(a) *Access to sources of information.* Each recipient government shall permit access by authorized representatives of the Office of Revenue Sharing and the Department of Justice during normal business hours to such of its facilities, books, records, accounts, personnel, and other sources of information as may be relevant to a determination of whether the recipient government is complying with this subpart. Where any information required of a recipient government is in the exclusive possession of any other agency, institution, or person, and such agency, institution, or person fails or refuses to furnish this information to the Office of Revenue Sharing or its authorized representatives, the responsibility for providing such information shall remain solely with the recipient government.

(b) *Compliance reports.* Each recipient government shall keep such records and submit on request of the Director timely, complete and accurate compliance reports at such times, in such form, and containing such information, as the Director may determine to be necessary or useful to enable the Office of Revenue Sharing to ascertain whether the recipient government has complied or is complying with the requirements of this subpart. Recipient governments shall make available on request of Office of Revenue Sharing officials, racial, ethnic, male/female, and national origin data showing the extent to which minorities and females will be beneficiaries of entitlement funds. The recipient government shall also make available on request similar data concerning aged and handicapped status. In the case of any program under which a primary recipient government extends or will extend entitlement funds to any other secondary recipient, such secondary recipient shall submit such compliance reports to the primary recipient as may be necessary or useful to enable the primary recipient to carry out its obligations as a recipient government under this subpart. Each recipient government shall identify, on request of the Office of Revenue Sharing, any State or local agency which has been legally authorized to monitor its civil rights compliance activities.

§ 51.60 Compliance reviews and affirmative action.

(a) *Compliance reviews.* The Director shall monitor and determine compliance of recipient governments with the requirements of this subpart and of the Act. Compliance reviews will be undertaken from time to time, as appropriate and feasible, at the discretion of the Director. Such reviews shall be completed within 180 days of initiation by the Director.

(b) *Affirmative action.* Any recipient government which has been determined to be in violation of any provisions of this subpart shall take such action as approved by the Director in order to remove or overcome the consequences of such discrimination.

(c) *Equal Employment Opportunity Coordinating Council Policy Statement on Affirmative Action Programs for State and Local Government Agencies.* The Equal Employment Opportunity Coordinating Council has issued a policy statement on Affirmative Action Programs for State and Local Government Agencies. This Statement which has been adopted by the Department of the Treasury (41 FR 38814) provides additional guidance to States and local governments in meeting their affirmative action requirements. The EEOC policy statement is as follows:

EQUAL EMPLOYMENT OPPORTUNITY COORDINATING COUNCIL

AFFIRMATIVE ACTION PROGRAMS FOR STATE AND LOCAL GOVERNMENT AGENCIES POLICY STATEMENT

The Equal Employment Opportunity Coordinating Council was established by Act of Congress in 1972, and charged with responsibility for developing and implementing agreements and policies designed, among other things, to eliminate conflict and inconsistency among the agencies of the Federal government responsible for administering Federal law prohibiting discrimination on grounds of race, color, sex, religion, and national origin. This statement is issued as an initial response to the requests of a number of State and local officials for clarification of the Government's policies concerning the role of affirmative action in the overall Equal Employment Opportunity program. While the Coordinating Council's adoption of this statement expresses only the views of the signatory agencies concerning this important subject, the principles set forth below should serve as policy guidance for other Federal agencies as well.

1. Equal employment opportunity is the law of the land. In the public sector of our society this means that all persons, regardless of race, color, religion, sex, or national origin shall have equal access to positions in the public service limited only by their ability to do the job. There is ample evidence in all sectors of our society that such equal access frequently has been denied to members of certain groups because of their sex, racial, or ethnic characteristics. The remedy for such past and present discrimination is twofold.

On the one hand, vigorous enforcement of the laws against discrimination is essential. But equally, and perhaps even more important are affirmative, voluntary efforts on the part of public employers to assure that positions in the public service are genuinely and equally accessible to qualified persons, without regard to their sex, racial, or ethnic characteristics. Without such efforts equal employment opportunity is no more than a wish. The importance of voluntary affirmative action on the part of employers is underscored by Title VII of the Civil Rights Act of 1964, Executive Order 11246, and related laws and regulations—all of which emphasize voluntary action to achieve equal employment opportunity.

As with most management objectives, a systematic plan based on sound organizational analysis and problem identification is crucial to the accomplishment of affirmative action objectives. For this reason, the Council urges all State and local governments to develop and implement results oriented affirmative action plans which deal with the problems so identified.

The following paragraphs are intended to assist State and local governments by illustrating the kinds of analyses and activities which may be appropriate for a public employer's voluntary affirmative action plan. This statement does not address remedies imposed after a finding of unlawful discrimination.

2. Voluntary affirmative action to assure equal employment opportunity is appropriate at any stage of the employment process. The first step in the construction of any affirmative action plan should be an analysis of the employer's work force to determine whether percentages of sex, race or ethnic groups in individual job classification are substantially similar to the percentages of those groups available in the work force in the relevant job market who possess the basic job related qualifications.

When substantial disparities are found through such analyses, each element of the overall selection process should be examined to determine which elements operate to exclude persons on the basis of sex, race, or ethnic group. Such elements include, but are not limited to, recruitment, testing, ranking, certification, interview, recommendations for selection, hiring, promotion, etc. The examination of each element of the selection process should at a minimum include a determination of its validity in predicting job performance.

3. When an employer has reason to believe that its selection procedures have the exclusionary effect described in paragraph 2 above, it should initiate affirmative steps to remedy the situation. Such steps, which in design and execution may be race, color, sex or ethnic "conscious" include, but are not limited to, the following:

The establishment of a long term goal, and short range, interim goals and timetables for the specific job classifications, all of which should take into account the availability of basically qualified persons in the relevant job market;

A recruitment program designed to attract qualified members of the group in question;

A systematic effort to organize work and re-design jobs in ways that provide opportunities for persons lacking "journeyman" level knowledge or skills to enter and, with appropriate training, to progress in a career field;

Revamping selection instruments or procedures which have not yet been validated in order to reduce or eliminate exclusionary effects on particular groups in particular job classifications;

The initiation of measures designed to assure that members of the affected group who are qualified to perform the job are included within the pool of persons from which the selecting official makes the selection;

A systematic effort to provide career advancement training, both classroom and on-the-job, to employees locked into dead end jobs; and

The establishment of a system for regularly monitoring the effectiveness of the particular affirmative action program, and procedures for making timely adjustments in this program where effectiveness is not demonstrated.

4. The goal of any affirmative action plan should be achievement of genuine equal employment opportunity for all qualified persons. Selection under such plan should be based upon the ability of the applicant(s) to do the work. Such plans should not require the selection of the unqualified, or the unneeded, nor should they require the selection of persons on the basis of race, color, sex, religion or national origin. Moreover, while the Council believes that this statement should serve to assist State and local employers, as well as Federal agencies, it recognizes that affirmative action cannot be viewed as a standardized program which must be accomplished in the same way at all times in all places.

Accordingly, the Council has not attempted to set forth here either the minimum or maximum voluntary steps that employers may take to deal with their respective situations. Rather, the Council recognizes that under applicable authorities, State and local employers have flexibility to formulate affirmative action plans that are best suited to their particular situations. In this manner, the Council believes that affirmative action programs will best serve the goal of equal employment opportunity (41 FR 38814).

§ 51.61 Administrative complaints and investigations.

(a) *Administrative complaints.* Any person who believes anyone has been subjected to discrimination prohibited by this subpart, may personally or by a representative file with the Director of the Office of Revenue Sharing (Treasury Department, Washington, D.C. 20226) a written statement setting forth the nature of the discrimination alleged and the facts upon which the allegation is based. No representative of a recipient government nor any of its agencies shall intimidate, threaten, coerce, or discriminate against any person or class of persons because of testimony, assistance, or participation in an investigation, proceeding, or hearing under this subpart.

(b) *Investigations.* (1) The Director shall advise the chief executive officer of the recipient government of any administrative complaint received pursuant to paragraph (a) within 30 days of the receipt of such complaint.

(2) If the Director has reason to believe that the administrative complaint shows that a recipient government has failed to comply with the provisions of this subpart, an investigation will be made by the Office of Revenue Sharing, or other appropriate Federal or State agency, of the program or activity concerned within 60 days of receipt of such complaint alleging noncompliance by the recipient government with the provisions of this subpart.

(3) The Director shall make a finding within 90 days from the time of filing of a complaint alleging noncompliance by a recipient government with the provisions of this subpart.

(4) To the maximum extent feasible, the Director will make use of the agreements between agencies as provided for in § 51.74 of this subpart in order to facilitate the enforcement of the provisions of this subpart.

§ 51.62 Finding by the Director.

(a) *In general.* A finding is the administrative action taken by the Director based on an investigation with regard to the alleged noncompliance of a recipient government with the provisions of this subpart.

(b) *Finding as result of administrative complaint.* The Director may make a finding as a result of an administrative complaint filed with him alleging noncompliance of a recipient government with the provisions of this subpart. Such finding shall be made within 90 days after the filing of the administrative complaint with the Director. If the Director makes a finding of noncompliance against a recipient government, he shall notify the chief executive officer within 10 days of his finding, pursuant to § 51.65 of this part.

(c) *Finding as result of a holding of administrative agency.* Where a State or local administrative agency has made a determination or holding pertaining to a recipient government, to the effect that there has been exclusion, denial, or discrimination on the grounds of race, color, national origin, or sex, or a violation of any prohibition against discrimination on the basis of age under the Age Discrimination Act of 1975, or with respect to an otherwise qualified handicapped individual as provided in section 504 of the Rehabilitation Act of 1973, or on the basis of religion as provided in the Civil Rights Act of 1964 or the Civil Rights Act of 1968, the Director may make a finding of noncompliance on the basis of such State or local administrative agency determination or holding.

(d) *Finding based on other information.* The Director may make a finding of noncompliance as a result of information contained within, or generated within, the files of the Office of Revenue Sharing, without the necessity of an administrative complaint filed by a private party.

§ 51.63 Notification to the complainant.

Upon the written request of the complainant the Director shall advise such complainant of the status of the investigation or review of the administrative complaint filed by the complainant. Within 10 days after the Director's finding, the Director shall notify the complainant or the complainant's counsel (if any) as to the nature of the finding.

V4266 APR 6 77 UMI

§ 51.64 Exhaustion of administrative remedies.

A complainant shall be deemed to have exhausted his or her administrative remedies upon the expiration of 90 days from the date the administrative complaint was filed with the Director or with an agency with which the Director has an agreement under § 51.74 of this subpart where the Director of such agency:

(a) Issues a determination that the recipient government against whom the allegation is made, is in compliance with the provisions of this subpart, or

(b) Fails to make a determination on such complaint.

§ 51.65 Procedure for effecting compliance.

(a) *General.* Whenever the Director, upon the conclusion of his investigation, makes a finding that a recipient government has failed to comply with any of the provisions of this subpart, he shall within 10 days notify the chief executive officer of the noncompliance of the recipient government and in the case of a unit of local government, the Governor of the State in which the recipient government is located. In the next succeeding 30 days after notification to the recipient government by the Director of its noncompliance, the recipient government will be afforded an opportunity to demonstrate compliance, or to informally present its evidence, or to enter into a compliance agreement with the Director. On or before the 30th day following the Director's notification of noncompliance to the recipient government, the Director shall issue a determination as to whether such government has failed to comply with the provisions of this subpart unless the recipient government has entered into a compliance agreement.

(b) *Effect of determination by the Director.* When the Director issues a determination, pursuant to paragraph (a) of this section, that the recipient government has failed to comply with the provisions of this subpart, he shall notify the chief executive officer of the recipient government and the Governor of the State in which the recipient government is located that unless such recipient government enters into a compliance agreement as set forth in § 51.71 within 10 days following the Director's determination, or requests a hearing within the 10 day period with respect to the Director's determination, the Director shall suspend the further payment of entitlement funds to such recipient government.

§ 51.66 Hearings before administrative law judge.

(a) *Request by recipient government.* A hearing requested by a recipient government pursuant to paragraph (b) of § 51.65 shall be held before an administrative law judge commencing within 30 days subsequent to the receipt of such request by the Director.

(b) *Suspension of Funding or termination of payment by administrative law judge—preliminary finding.* (1) Within 30 days after the commencement of a hearing the administrative law judge conducting the hearing will, on the record of evidence then before him, issue a preliminary finding as to whether the recipient government has failed to comply with the provisions of this subpart. If the preliminary finding of the administrative law judge is to the effect that the recipient government would not prevail (or is not likely to prevail) on the issues to which the hearing pertained, the Director shall suspend (or continue the suspension of) the further payment of entitlement funds to the recipient government.

(2) The preliminary finding by an administrative law judge in favor of the Director pursuant to subparagraph (1) of this paragraph will result in the immediate suspension of any further payments of entitlement funds to the recipient government pending the final adjudication by the administrative law judge, unless in the interim a compliance agreement has been entered into by the recipient government and the Director. Such preliminary finding by the administrative law judge is not appealable by the recipient government. After the completion of the hearing on the merits the administrative law judge will make his findings and decision based upon the complete record of the evidence. If the administrative law judge issues his determination that the recipient government has failed to comply with the provisions of this subpart then, unless the recipient government enters into a compliance agreement with the Director before the 31st day after such determination, the Director shall, upon the initial decision and order of administrative law judge, indefinitely suspend the payment of entitlement funds to the recipient government, continue the suspension invoked under paragraph (b)(1) of this section or terminate the payment of entitlement funds.

(c) *Preliminary finding of compliance by administrative law judge; resumption if funding.* A determination by the administrative law judge that the recipient government has not failed to comply with the provisions of this subpart, will terminate a suspension of entitlement funds invoked by the Director pursuant to paragraph (b) of this section. In such case the Director shall, as promptly as feasible, pay over to the recipient government all entitlement funds the payment of which were temporarily suspended.

§ 51.67 Holdings by a court or Federal governmental agency.

(a) *In general.* Whenever a Federal court, a State court, or a Federal administrative law judge, issues a holding pertaining to a recipient government, to the effect that there has been exclusion, denial, or discrimination on the grounds of race, color, national origin, or sex, or a violation of any prohibition against discrimination on the basis of age under the Age Discrimination Act of 1975, or with respect to an otherwise qualified handicapped individual as provided in section 504 of the Rehabilitation Act of 1973, or on the basis of religion as provided in the Civil Rights Act of 1964, or the Civil Rights Act of 1968, the Director shall within 10 days of the actual receipt of a certified copy of such holding, notify the Chief Executive Officer of the noncompliance of the recipient government. In the case of a unit of local government, the Director shall also notify the Governor of the State in which the recipient government is located.

(b) *Holding by Federal administrative law judge.* The holding of a Federal administrative law judge shall have been preceded by a notice and opportunity for hearing and such holding must have been rendered pursuant to the provisions of the Administrative Procedure Act (5 U.S.C. 557).

(c) *Effect of a holding by court or Federal administrative agency.* Where there has been a holding pursuant to paragraph (a) of this section with respect to a recipient government, then within 30 days after the Director has sent a notice of noncompliance to the recipient government, such government may informally present evidence to the Director which evidence shall relate only with respect to the question of whether the program or activity in which the noncompliance was found was funded in whole or in part with entitlement funds. In all other respects a holding pursuant to paragraph (a) of this section, to the effect that there has been exclusion, denial, or discrimination on account of race, color, national origin, or sex, or a violation of any prohibition against discrimination on the basis of age effected by the Age Discrimination Act of 1975, or with respect to an otherwise qualified handicapped individual as provided in section 504 of the Rehabilitation Act of 1973, or on the basis of religion as provided in the Civil Rights Act of 1964 or Title VIII of the Civil Rights Act of 1968, shall be treated as conclusive.

(d) *Reversal of holding by appellate tribunal; resumption of funding.* If a holding pursuant to paragraph (a) of this section is reversed by an appellate tribunal, or by a reviewing authority in the case of a holding by a Federal administrative law judge, then any proceedings initiated by the Director which are dependent on such holding shall be immediately discontinued, and any suspension or termination of entitlement payments resulting from such proceedings shall also be discontinued, and any entitlement funds the payment of which were temporarily suspended shall be paid over to the recipient government as promptly as feasible.

§ 51.68 Procedure for effecting compliance in case of holding.

(a) *In general.* Within 30 days after the Director has notified a recipient government of its noncompliance, pursuant to § 51.67(a) of this subpart, and unless a compliance agreement is entered into with such government, the Director shall issue a determination as to whether such government has failed to comply with the provisions of this subpart.

(b) *Effect of determination by Director; preliminary finding of administrative law judge and suspension of funding.* Where the Director makes a determination pursuant to paragraph (a) of this section that the recipient government has failed to comply with the provisions of this subpart, he shall notify the chief executive officer of the recipient government and the Governor of the State in which the recipient government is located that unless such recipient government enters into a compliance agreement as set forth in § 51.71 within 10 days following the Director's determination, or requests a hearing within the 10 day period with respect to the Director's determination, the Director shall suspend further payment of entitlement funds to such recipient government. Such hearing requested by a recipient government pursuant to this subparagraph shall be held before an administrative law judge within 30 days subsequent to the receipt of such request by the Director. Within 30 days after the commencement of the hearing the administrative law judge will issue a preliminary finding relating only on the point of whether the specific program or activity against which the holding originally was rendered was funded with entitlement funds. If the preliminary finding by an administrative law judge supports the Director's determination, further payments of entitlement funds to the recipient government will be immediately suspended by the Director pending a final adjudication by the administrative law judge, unless in the interim a compliance agreement has been entered into by the recipient government and the Director.

(c) *Final decision of administrative law judge.* After the completion of a hearing on the merits, if one is held, the administrative law judge will make his findings and decision based upon the complete record of the evidence. If the administrative law judge issues his determination that the recipient government has failed to comply with the provisions of this subpart and that the specific program or activity complained of has been, or is, funded with entitlement funds, then, unless the recipient government enters into a compliance agreement with the Director before the 31st day after such determination, the Director shall, upon the initial decision and order of the administrative law judge, indefinitely suspend the payment of entitlement funds to the recipient government, continue the suspension invoked under paragraph (b) of this section, or terminate the payment of entitlement funds.

§ 51.69 Initial decision of administrative law judge pursuant to 5 U.S.C. 557.

(a) *In general.* As soon as practicable after the conclusion of a hearing on the merits and the receipt of any proposed findings and conclusions timely submitted by the parties, but in no event later than 30 days after the conclusion of the hearing, the administrative law judge shall, in accordance with 5 U.S.C. 557, make his initial decision in the case. The initial decision shall include a statement of the findings of fact and the conclusions therefor as well as the reasons or basis therefor upon all the material issues of fact, law or discretion presented on the record, and shall provide for one of the following orders:

(1) An order that the Director suspend the payment of all entitlement funds to the recipient government.

(2) An order that the Director terminate the payment of all entitlement funds to the recipient government.

(3) An order that the Director resume the payment of entitlements to the recipient government including all entitlements previously suspended.

(b) *Order of suspension of funding.* An order of suspension of entitlement funds means that such funds will not be paid to the recipient government but will continue to accumulate in the State and Local Government Fiscal Assistance Trust Fund until such time as compliance is achieved by the recipient government.

(c) *Order of termination of funding.* An order to terminate the payment of entitlement funds means that such funds will be returned to the general fund of the Treasury and will not thereafter be available for entitlement payments unless the determination resulting in the termination of funding is reversed by an appellate tribunal.

§ 51.70 Resumption of suspended entitlement payments.

Entitlement payments to a recipient government which have been suspended may be resumed when:

(a) The recipient government enters into a compliance agreement with the Director and the Director ascertains to his satisfaction that the recipient government has complied with certain provisions of a compliance agreement, and that the compliance is continuing; or

(b) Subsequent to a hearing on the merits in a case where the Director has invoked a preliminary suspension of entitlement funds, the administrative law judge holds that the recipient government is in compliance with the provisions of this subpart; or

(c) The recipient government complies fully with the order of a court or a Federal administrative law judge if the order covers all matters raised by the Director in his original notice of noncompliance to the recipient government; or

(d) After a rehearing or similar adjudicative proceedings a court or an administrative law judge which originally held that the recipient government had failed to comply with the provisions of this subpart, subsequently holds that the recipient government did not so fail to comply; or

(e) An appellate court reverses the findings of discrimination by a lower court or administrative law judge upon which the original findings the Director ultimately suspended the payment of entitlement funds.

§ 51.71 Compliance agreements.

(a) *In matters before a court of record or administrative law judge.* For purposes of this subpart a compliance agreement means an agreement between the Federal or State agency or official responsible for prosecuting the claim (including the Attorney General of the United States) and the chief executive officer of the recipient government against whom the noncompliance with this subpart is alleged. Such compliance agreement may take the form of a consent decree to be entered in the proceedings before a court of record or to be entered by a Federal administrative law judge having jurisdiction over the proceedings. Counsel of record representing the chief executive officer of the recipient government or other appropriate defendant officials of the recipient government may initiate or negotiate the compliance agreement on behalf of the chief executive officer of the recipient government. However, in each case the Director shall, through his counsel or representative, indicate his approval or rejection of the compliance agreement. The Director may reject the compliance agreement if, in his discretion, he determines that such agreement has not adequately remedied the discrimination complained of.

(b) *In matters between the Director and a recipient government.* In those instances where a compliance agreement is negotiated by the Director and the chief executive officer of the recipient government such agreement shall:

(1) Be in writing signed by the Director and by the chief executive officer of the recipient government concerned.

(2) Cover all matters that constitute the failure of the recipient government to comply with the requirements of this subpart.

(3) Contain the terms and conditions with which the recipient government has agreed to comply in order to achieve compliance with the requirements of this subpart. Such terms and conditions may include the payment of restitution to persons injured by the failure of the recipient government to comply with any provisions of this subpart.

(4) If necessary, consist of a series of agreements or a series of bench marks by which the recipient government will achieve compliance with the requirements of this subpart.

(c) *Notification to complainants of compliance agreement.* Within 15 days after the execution of a compliance agreement (or, in the case of an agreement executed under paragraph (a) of this section, upon the approval of the Director if later than 15 days) the Director shall submit a copy of such agreement to the complainant or complainants who initiated the complaint against the recipient government. The submission of a copy of the compliance agreement to counsel of record (if any) for the complainants shall meet the requirements of this paragraph.

§ 51.72 Hearing procedures.

Whenever a procedure under this subpart requires a hearing before an ad-

V 4266 APR 6 77 UMI

ministrative law judge, such hearing will be conducted pursuant to section 7 of the Administrative Procedure Act (5 U.S.C. 556) and the applicable procedural regulations contained in subpart G of this part shall govern.

§ 51.73 Jurisdiction over property.

(a) *In general.* The Director shall have jurisdiction over any program or activity for purposes of this subpart for as long as a recipient government retains ownership or possession of any real or personal property or any interest therein, which was purchased in whole or in part with entitlement funds for the applicable program or activity. Further, if such property is transferred to another party, the Director will retain jurisdiction over the recipient government for purposes of this subpart for as long as the property is used to provide benefits similar to those which were provided by the property before the transfer.

(b) *Definitions.* For the purposes of this section:

(1) Real property includes land, structures upon land and fixtures attached to land, and buildings or structures which cannot be removed without damage to the fixtures, buildings or structures.

(2) Personal property includes, at the least, non-expendable tangible property having a useful life of more than one year and an acquisition cost of $1,000 or more per unit of property.

(3) The transfer of property means the passage of possession or title, or both (except bona fide sale) of the property to a secondary recipient, another unit of government, another government agency within the primary recipient government, or to any other person, firm or agency.

(c) *Use of property to provide similar benefits.* For the purposes of this section the clause in paragraph (a) of this section "so long as the property is used to provide benefits similar to those provided by the property before the transfer" means the primary use or function of the property and not the specific or particular use of the property in the program or activity for which originally acquired.

(d) *Record keeping requirements.* Recipient governments shall maintain a separate record of real property and of tangible personal property having a value in excess of $1,000. Such records shall set forth the date of purchase, date of disposal or transfer and the transferee of the property. Upon outright sale, discard, or trade of such property the provisions of this section shall no longer be applicable.

§ 51.74 Agreements between agencies.

(a) *Purpose of cooperative agreements.* The Director shall endeavor to enter into cooperative agreements with officials of the Department, officials of other departments, agencies of the Federal Government, or officials of State agencies to investigate noncompliance with and effectuate the purposes of this subpart, including the achievement of effective coordination within the executive branch in the implementation of Title VI and Title VII of the Civil Rights Act of 1964 (42 U.S.C. 2000d; 2000e), the Civil Rights Act of 1968, the Rehabilitation Act of 1973, and the Age Discrimination Act of 1975.

(b) *Consent of cooperative agreements.* The agreements between the Director and other agencies or officials shall:

(1) Describe the cooperative efforts to be undertaken (including the sharing of civil rights enforcement personnel and resources) to secure compliance with this subpart.

(2) Provide for immediate notification to the Director of any actions instituted by such agencies against a recipient government alleging a violation of any Federal civil rights statute or regulations issued thereunder.

(c) *Preliminary decision of administrative law judge.* The Director may not, pursuant to any agreement, delegate authority to any agency to review the preliminary or initial decision of an administrative law judge to officials outside the Department.

§ 51.75 Authority of the Attorney General of the United States.

(a) *Determination of Attorney General.* When the Attorney General of the United States has reason to believe that a State government or unit of local government has engaged in, or is engaging in, a pattern or practice of discrimination in violation of this subpart, he may bring a civil action in the appropriate United States district court.

(b) *Relief to be granted.* Upon holding that a State government or unit of local government is engaging in a pattern or practice discrimination a court may grant any relief necessary and appropriate to insure the full enjoyment of the rights protected under this subpart including, but not limited to, temporary restraining order, preliminary or permanent injunction, suspension, termination or repayment of entitlement funds, or placing any further entitlement funds in escrow pending the outcome of the litigation.

Subpart G—Proceedings for Reduction in Entitlement, Withholding, or Repayment of Funds

§ 51.200 Scope of subpart.

The regulations of this subpart govern the procedure and practice requirements involving adjudications where the Act requires reasonable notice and opportunity for hearing except where otherwise provided for in subpart E of the Act.

§ 51.201 Liberal construction.

The regulations in this subpart shall be liberally construed to secure just, expeditious, and efficient determination of the issues presented. The Rules of Civil Procedure for the District Courts of the United States, where applicable, shall be a guide in any situation not provided for or controlled by this subpart, but shall be liberally construed or relaxed when necessary.

§ 51.202 Reasonable notice and opportunity for hearing.

Whenever the Director has reason to believe that a recipient government has failed to comply with any section of the Act or of the provisions of this part, and that repayment, withholding, or reduction in the amount of an entitlement of a recipient government is required, he shall give reasonable notice and opportunity of hearing to such government prior to the invocation of any sanction under the Act.

§ 51.203 Opportunity for compliance.

Except in proceedings involving willfulness or those in which the public interest requires otherwise, a proceeding under this part will not be instituted until such facts or conduct which may warrant such action have been called to the attention of the chief executive officer of the recipient government in writing and he has been accorded an opportunity to demonstrate or achieve compliance with the requirements of the Act and the regulations of this part. If the recipient government fails to meet the requirements of the Act and regulations within such reasonable time as may be specified by the Secretary, a proceeding shall be initiated. If the recipient government is a unit of local government, a copy of all written communications regarding the alleged violation shall be transmitted by the Secretary to the Governor of the State in which the unit of local government is located.

§ 51.204 Institution of proceeding.

A proceeding to require repayment of funds to the Director, or to withhold funds from subsequent entitlement payments, or to reduce the entitlement of a recipient government, shall be instituted by the Director by a complaint which names the recipient government as the respondent.

§ 51.205 Contents of complaint.

(a) *Charges.* A complaint shall give a plain and concise description of the allegations which constitute the basis for the proceeding. A complaint shall be deemed sufficient if it fairly informs the respondent of the charges against it so that it is able to prepare a defense to the charges.

(b) *Demand for answer.* Notification shall be given in the complaint as to the place and time within which the respondent shall file its answer, which time shall be not less than 30 days from the date of service of the complaint. The complaint shall also contain notice that a decision by default will be rendered against the respondent in the event it fails to file its answer as required.

§ 51.206 Service of complaint and other papers.

(a) *Complaint.* The complaint or a true copy thereof may be served upon the respondent by first-class mail or by certified mail, return receipt requested; or it may be served in any other manner which has been agreed to by the respondent. Where the service is by certified mail, the return Postal Service receipt duly signed on behalf of the respondent shall be proof of service.

(b) *Service of papers other than complaint.* Any paper other than the complaint may be served upon the respondent or upon its attorney of record by first-class mail. Such mailing shall constitute complete service.

(c) *Filing of papers.* Whenever the filing of a paper is required or permitted in connection with a proceeding under this part, and the place of filing is not specified in this subpart or by rule or order of the administrative law judge, the paper shall be filed with the Director, Office of Revenue Sharing, Treasury Department, Washington, D.C. 20226. All papers shall be filed in duplicate.

(d) *Motions and requests.* Motions and requests may be filed with the designated administrative law judge, except that an application to extend the time for filing an answer shall be filed with the Director, Office of Revenue Sharing, pursuant to § 51.207(a).

§ 51.207 Answer; referral to administrative law judge.

(a) *Filing.* The respondent's answer shall be filed in writing within the time specified in the complaint, unless on application the time is extended by the Director. The respondent's answer shall be filed in duplicate with the Director, Office of Revenue Sharing.

(b) *Contents.* The answer shall contain a statement of facts which constitute the ground of defense, and it shall specifically admit or deny each allegation set forth in the complaint, except that the respondent shall not deny a material allegation in the complaint which it knows to be true; nor shall a respondent state that it is without sufficient information to form a belief when in fact it possesses such information. The respondent may also state affirmatively special matters of defense.

(c) *Failure to deny or answer allegation in the complaint.* Every allegation in the complaint which is not denied in the answer shall be deemed to be admitted and may be considered as proved, and no further evidence in respect of such allegation need be adduced at a hearing.

(d) *Failure to file answer.* Failure to file an answer within the time prescribed in the complaint, except as the time for answer is extended under paragraph (a) of this section, may constitute an admission of the allegations of the complaint and a waiver of hearing, and the administrative law judge may make his findings and decision by default without a hearing or further procedure.

(e) *Reply to answer.* No reply to the respondent's answer shall be required, and new matter in the answer shall be deemed to be denied, but the Secretary may file a reply in his discretion and shall file one if the administrative law judge so requests.

(f) *Referral to administrative law judge.* Upon receipt of the answer by the Director, or upon filing a reply if one is deemed necessary, or upon failure of the respondent to file an answer within the time prescribed in the complaint or as extended under paragraph (a) of this section, the complaint (and answer, if one is filed) shall be referred to the administrative law judge who shall then proceed to set a time and place for hearing and shall serve notice thereof upon the parties at least 15 days in advance of the hearing date.

§ 51.208 Supplemental charges.

If it appears that the respondent in its answer falsely and in bad faith, denies a material allegation of fact in the complaint or states that it has no knowlege sufficient to form a belief, when in fact it does possess such information, or if it appears that the respondent has knowingly introduced false testimony during the proceedings, the Director may thereupon file supplemental charges against the respondent. Such supplemental charges may be tried with other charges in the case, provided the respondent is given due notice thereof and is afforded an opportunity to prepare its defense thereto.

§ 51.209 Proof; variance; amendment of pleadings.

In the case of a variance between the allegations in a pleading and the evidence adduced in support of the pleading, the administrative law judge may order or authorize amendment of the pleading to conform to the evidence: *Provided,* The party that would otherwise be prejudiced by the amendment is given reasonable opportunity to meet the allegation of the pleading as amended. The administrative law judge shall make findings on any issue presented by the pleadings as so amended.

§ 51.210 Representation.

A respondent or proposed respondent may appear in person through its chief executive officer or it may be represented by counsel or other duly authorized representative. The Secretary shall be represented by the General Counsel of the Treasury.

§ 51.211 Administrative law judge; powers.

(a) *Appointment.* An administrative law judge, appointed as provided by section 11 of the Administrative Procedure Act (5 U.S.C. 3105), shall conduct proceedings upon complaints filed under this subpart.

(b) *Powers of administrative law judge.* Among other powers provided by law, the administrative law judge shall have authority, in connection with any proceeding under this subpart, to do the following things:

(1) Administer oaths and affirmations;

(2) Make ruling upon motions and requests. Prior to the close of the hearing no appeal shall lie from any such ruling except, at the discretion of the administrative law judge, in extraordinary circumstances;

(3) Determine the time and place of hearing and regulate its course and conduct. In determining the place of hearing the administrative law judge may take into consideration the requests and convenience of the respondent or its counsel;

(4) Adopt rules of procedure and modify the same from time to time as occasion requires for the orderly disposition of proceedings;

(5) Rule upon offers of proof, receive relevant evidence, and examine witnesses;

(6) Take or authorize the taking of depositions;

(7) Receive and consider oral or written arguments on facts or law;

(8) Hold or provide for the holding of conferences for the settlement or simplification of the issues by consent of the parties;

(9) Perform such acts and take such measures as are necessary or appropriate to the efficient conduct of any proceeding; and

(10) Make initial findings and decision.

§ 51.212 Hearings.

(a) *In general.* The administrative law judge shall preside at the hearing on a complaint. Testimony of witnesses shall be given under oath or affirmation. The hearing shall be stenographically recorded and transcribed. Hearings will be conducted pursuant to section 7 of the Administrative Procedure Act (5 U.S.C. 556).

V 4266 APR 6 7 7 UMI

(b) *Failure to appear.* If a respondent fails to appear at the hearing, after due notice thereof has been served upon it or upon its counsel of record, it shall be deemed to have waived the right to a hearing and the administrative law judge may make his findings and decision against the respondent by default.

(c) *Waiver of hearing.* A respondent may waive the hearing by informing the administrative law judge, in writing, on or before the date set for hearing, that it desires to waive hearing. In such event the administrative law judge may make his findings and decision based upon the pleadings before him. The decision shall plainly show that the respondent waived hearing.

§ 51.213 Stipulations.

The administrative law judge shall prior to or at the beginning of the hearing require that the parties attempt to arrive at such stipulations as will eliminate the necessity of taking evidence with respect to allegations of facts concerning which there is no substantial dispute. The administrative law judge shall take similar action, where it appears appropriate, throughout the hearing and shall call and conduct any conferences which he deems advisable with a view to the simplifications, clarification, and disposition of any of the issues involved.

§ 51.214 Evidence.

(a) *In general.* Any evidence which would be admissible under the rules of evidence governing proceedings in matters not involving trial by jury in the Courts of the United States, shall be admissible and controlling as far as possible: *Provided that,* The administrative law judge may relax such rules in any hearing when in his judgment such relaxation would not impair the rights of either party and would more speedily conclude the hearing, or would better serve the ends of justice. Evidence which is irrelevant, immaterial or unduly repetitious shall be excluded by the administrative law judge.

(b) *Depositions.* The deposition of any witness may be taken pursuant to § 51.215 and the deposition may be admitted.

(c) *Proof of documents.* Official documents, records, and papers of a respondent shall be admissible as evidence without the production of the original provided that such documents, records and papers are evidence as the original by a copy attested or identified by the chief executive officer of the respondent or the custodian of the document, and contain the seal of the respondent.

(d) *Exhibits.* If any document, record, paper, or other tangible or material thing is introduced in evidence as an exhibit, the administrative law judge may authorize the withdrawal of the exhibit subject to any conditions he deems proper. An original document, paper or record need not be introduced, and a copy duly certified (pursuant to paragraph (b) of this section) shall be deemed sufficient.

(e) *Objections.* Objections to evidence shall be in short form, stating the grounds of objection relied upon, and the record shall not include argument thereon, except as permitted by the administrative law judge. Rulings on such objections shall be a part of the record. No exception to the ruling is necessary to preserve the right of either party to the proceeding.

§ 51.215 Depositions.

(a) *In general.* Depositions for use at a hearing may, with the written approval of the administrative law judge, be taken by either the Director or the respondent or their duly authorized representatives. Depositions may be taken upon oral or written interrogatories, upon not less than 15 days written notice to the other party, before any officer duly authorized to administer an oath for general purposes. Such written notice shall state the names of the witnesses and the time and place where the depositions are to be taken. The requirement of 15 days written notice may be waived by the parties in writing, and depositions may then be taken from the persons and at times and places mutually agreed to by the parties.

(b) *Written interrogatories.* When a deposition is taken upon written interrogatories, any cross-examination shall be upon written interrogatories. Copies of such written interrogatories shall be served upon the other party with the notice, and copies of any written cross-interrogatories shall be mailed by first class mail or delivered to the opposing party at least 10 days before the date of taking the depositions, unless the parties mutually agree otherwise. A party upon whose behalf a deposition is taken must file it with the administrative law judge and serve one copy upon the opposing party. Expenses in the reporting of depositions shall be borne by the party at whose instance the deposition is taken.

§ 51.216 Stenographic record; oath of reporter; transcript.

(a) *In general.* A stenographic record shall be made of the testimony and proceedings, including stipulations and admissions of fact in all proceedings, but not arguments of counsel unless otherwise ordered by the administrative law judge. A transcript of the proceedings (and evidence) at the hearing shall be made in all cases.

(b) *Oath of reporter.* The reporter making the stenographic record shall subscribe an oath before the administrative law judge, to be filed in the record of the case, that he (or she) will truly and correctly report the oral testimony and proceedings at such hearing and accurately transcribe the same to the best of his (or her) ability.

(c) *Transcript.* In cases where the hearing is stenographically reported by a Government contract reporter copies of the transcript may be obtained from the reporter at rates not to exceed the maximum rates fixed by contract between the Government and the reporter. Where the hearing is stenographically reported by a regular employee of the Department of the Treasury, a copy thereof will be supplied to the respondent or its counsel at actual cost of duplication. Copies of exhibits introduced at the hearing or at the taking of depositions will be supplied to the parties upon the payment of a reasonable fee (31 U.S.C. 483(a)).

§ 51.217 Proposed findings and conclusions.

Except in cases where a respondent has failed to answer the complaint or has failed to appear at the hearing, or has waived the hearing, the administrative law judge, prior to making his initial decision, shall afford the parties a reasonable opportunity to submit proposed findings and conclusion and supporting reasons therefor.

§ 51.218 Initial decision of the administrative law judge.

As soon as practicable after the conclusion of a hearing and the receipt of any proposed findings and conclusions timely submitted by the parties, but in no event later than 30 days after the submission of proposed findings and conclusions if they are submitted, the administrative law judge shall make his initial decision in the case. The initial decision shall include a statement of the findings of fact and the conclusions therefor, as well as the reasons or basis therefor, upon all the material issues of fact, law or discretion presented on the record, and shall provide for one of the following orders:

(a) An order that the respondent pay over to the Secretary an amount equal to 110 percent of any amount determined to be improperly expended by the respondent prior to January 1, 1977 in violation of § 51.41 relating to priority expenditures; or

(b) An order that the respondent pay over to the Director an amount equal to the amount of entitlement funds determined to be expended in violation of the Act and the provisions of this part; or

(c) An order that the Director withhold from subsequent entitlement payments to the respondent an amount equal to the amount of entitlement funds determined to be expended in violation of the Act and the provisions of this part; or

(d) An order that the entitlement of a recipient government be reduced and the amount of such reduction to be withheld from subsequent entitlement payments; or

(e) An order dismissing the proceedings.

§ 51.219 Certification and transmittal of record and decision.

After reaching his initial decision, the administrative law judge shall certify to the complete record before him and shall immediately forward the certified record, together with a certified copy of his initial decision, to the Director. The administrative law judge shall serve also a copy of the initial decision by certified mail to the chief executive officer of the respondent or to its attorney of record.

§ 51.220 What constitutes record.

The transcript of testimony, pleadings and exhibits, all papers and requests filed in the proceeding, together with all finding, decisions and orders, shall constitute the exclusive record in the matter.

§ 51.221 Procedure on review of decision of administrative law judge.

(a) *Appeal to the Secretary.* Within 30 days from the date of the initial decision and order of the administrative law judge, the respondent may appeal to the Secretary and file his exceptions to the initial decision and his reasons therefor. The respondent shall transmit a copy of his appeal and reasons therefor to the Director of the Office of Revenue Sharing, who may, within 30 days from receipt of the respondent's appeal, file a reply brief in opposition to the appeal. A copy of the reply brief, if one is filed, shall be transmitted to the respondent or its counsel of record. Upon the filing of an appeal and a reply brief, if any, the Secretary shall make the final agency decision on the record of the administrative law judge submitted to him.

(b) *Appeal by the Director of the Office of Revenue Sharing.* In the absence of an appeal by the respondent, the Director of the Office of Revenue Sharing may, on his own motion, within 45 days after the initial decision, serve on the respondent by certified mail a notice that he will appeal the decision to the Secretary, for review. Within 30 days from such notice, the Director of the Office of Revenue Sharing or his counsel will file with the Secretary his exceptions to the initial decision and his supporting reasons therefor. A copy of the exceptions shall be transmitted to the respondent or its counsel of record, who, within 30 days after receipt thereof, may file a reply brief thereto with the Secretary and submit a copy to the Director of the Office of Revenue Sharing or his counsel. Upon the filing of a reply brief, if any, the Secretary will make the final agency decision on the record of the administrative law judge.

(c) *Absence of appeal.* In the absence of either exceptions by the respondent or a notice of appeal by the Director of the Office of Revenue Sharing within the time set forth in paragraphs (a) and (b) of this section, or a review initiated by the Secretary on his own motion within the time allowed to the Director of the Office of Revenue Sharing, the initial decision of the administrative law judge shall constitute the final decision of the Department.

§ 51.222 Decision of the Secretary.

On appeal from or review of the initial decision of the administrative law judge, the Secretary will make the final agency decision. In making his decision the Secretary will review the record or such portions thereof as may be cited by the parties to permit limiting of the issues. The Secretary may affirm, modify, or revoke the findings and initial decision of the administrative law judge. A copy of the Secretary's decision shall be transmitted immediately to the chief executive officer of the respondent or its counsel of record.

§ 51.223 Effect of order of repayment or withholding of funds.

In case the final order against the respondent is for repayment of funds to the United States, such amount as determined by the order shall be repaid upon request by the Director. To the extent that the respondent fails to do so upon request of the Director, the Director shall withhold from subsequent entitlement payments to the respondent an amount equal to the amount not repaid. In case the final order against the respondent is for the withholding of an amount of subsequent entitlement payments, such amounts as ordered shall be withheld by the Director after notice to the chief executive officer of the recipient government that if it fails to take corrective action within 60 days after receipt of the notice, further entitlement payments will be withheld until the Director is satisfied that appropriate corrective action has been taken and there is full compliance with the Act and regulations of this part. In every case in which the respondent is a unit of local government, a copy of the final order and notice shall be submitted to the Governor of the State in which the respondent is located.

§ 51.224 Publicity of proceedings.

(a) *In general.* A proceeding conducted under this subpart shall be open to the public and to elements of the news media provided that, in the judgment of the administrative law judge, the presence of the media does not detract from the decorum and dignity of the proceeding.

(b) *Availability of record.* The record established in any proceeding conducted under this subpart shall be made available to inspection by the public as provided for and in accordance with regulations of the Department of the Treasury pursuant to 31 CFR Part 1.

(c) *Decisions of the administrative law judge.* The statement of findings and the initial decision of the administrative law judge in any proceedings, whether or not on appeal or review, shall be indexed and maintained by the Director of the Office of Revenue Sharing and made available for inspection by the public at the public documents room of the Department. If practicable, the statement of findings and the decisions of the administrative law judge shall be published periodically by the Department and offered for sale through the Superintendent of Documents.

§ 51.225 Judicial review.

Actions taken under administrative proceedings pursuant to this subpart shall be subject to judicial review pursuant to section 143 of Subtitle C of the Act. If a respondent desires to appeal a decision of the administrative law judge which has become final, or a final order of the Secretary for review of appeal, to the U.S. Court of Appeals, as provided by law, the Secretary, upon prior notification of the filing of the petition for review, shall have prepared in triplicate, a complete transcript of the record of the proceeding, and shall certify to the correctness of the record. The original certificate together with the original record shall then be filed with the Court of Appeals which has jurisdiction.

COMMUNITY SERVICES ADMINISTRATION

[45 CFR Part 1010]

CIVIL RIGHTS PROGRAM

Proposed Funding Eligibility Requirements

AGENCY: Community Services Administration.

ACTION: Proposed rule.

SUMMARY: The Community Services Administration proposes to amend its regulations to combine all of the funding eligibility Civil Rights requirements of its grantees and to add a requirement that there be a Human Rights certification of compliance with these regulations prior to the approval and the awarding of funds by GSA. The intended effect of this proposed rule is to make these regulations more accessible.

DATES: Comments must be received on or before May 6, 1977.

ADDRESSES: Community Services Administration, 1200—19th Street, NW., Washington, D.C. 20506.

FOR FURTHER INFORMATION CONTACT:

Mr. N. Tilt Kurtz, Acting Associate Director, Office of Human Rights, CSA, 202–254–5960.

SUPPLEMENTARY INFORMATION:

This subpart prescribes the Civil Rights Program, requirements and procedures required for initial funding and refunding of grants and contracts by the Community Services Administration. It adds a requirement that there be a Human Rights Certification of compliance with this subpart prior to the approval of and the awarding of funds by Community Service Administration.

CSA has promulgated numerous Civil Rights requirements with which grantees must comply. These requirements are contained in various CSA Instructions, Notices and Guidances. This subpart combines all of the funding eligibility Civil Rights requirements of CSA grantees. It provides the minimum standards for compliance with all Civil Rights statutory, Executive Order, and administrative requirements. This subpart oragnizes all of the grantees' Civil Rights requireemnts and activities into a comprehensive Civil Rights program. These proposed regulations also implement Executive Order 11764 (28 CFR Parts 42 and 50.3) and Section 624 of the Economic Opportunity Act of 1964, as amended.

A companion document "CSA grantees' Civil Rights Program Manual" will be developed which will provide grantees with details to assist them in complying with this subpart.

The Community Services Administration welcomes comments on these proposed regulations. Comments received prior to May 6, 1977 will be considered in any revision if warranted. Please address all comments to: N. Tilt Kurtz, Acting Associate Director, Office of Human Rights, Community Services Administration, 1200 19th Street NW., Washington, D.C. 20506.

ROBERT C. CHASE,
Acting Director.

45 CFR Chapter X, Part 1010.1–1010.13 is revised to read as follows:

Subpart A—General

Sec.
1010.1–1 Applicability.
1010.1–2 Policy.
1010.1–3 Grantee Civil Rights Program—funding eligibility requirement.
1010.1–4 Responsibilities of the grantee.
1010.1–5 Funding eligibility requirement.

Subpart B—Effactuation of the Provisions of Title VI of the Civil Rights Act of 1964

1010.10–1 Purpose.
1010.10–2 Definitions.
1010.10–3 Applications of this subpart.
1010.10–4 Discrimination prohibited.
1010.10–5 Procedures to determine compliance.
1010.10–6 Data and information collection.
1010.10–7 Cooperation and assistance.
1010.10–8 Public dissemination of Title VI Information.
1010.10–9 Complaint procedure.
1010.10–10 Procedure for effecting compliance.
1010.10–11 Hearings.
1010.10–12 Decisions and notices.
1010.10–13 Judicial review.
1010.10–14 Effect on other regulations; form and instructions.
1010.10–15 Employment practices.
1010.10–16 Continuing state programs.

Subpart C—Nondiscrimination in Federally Assisted Programs of the Community Services Administration

1010.20–1 Coverage.
1010.20–2 Data information collection.
1010.20–3 Assurances required.
1010.20–4 Procedures to determine compliance.
1010.20–5 Complaint procedure

Subpart D—Resolving Complaints of Discrimination in Employment, Program Participation and Benefits Against Grantees

1010.30–1 Introduction.
1010.30–2 Pre-complaint procedure.
1010.30–3 Formal complaint procedure.

Appendix C—Funding Authorities under the Economic Opportunity Act of 1964, as amended.

AUTHORITY: Sec. 6002, 78 Stat. 530 (42 U.S.C. 2942).

Subpart A—General

§ 1010.1–1 Applicability.

(a) This Instruction applies to all grantees, and the delegate agencies of all grantees receiving financial assistance under Title II, III–B, and VII of the Economic Opportunity Act of 1964, as amended, if the assistance is administered by the Community Services Administration.

§ 1010.1–2 Policy.

(a) It is the policy of the Community Services Administration that no person shall, on the grounds of race, color, national origin, religion, sex, handicap, political affiliation, or belief be excluded from participation in, be denied the benefits of, be subjected to discrimination under, or be denied employment in connection with any program or activity receiving assistance from the Community Services Administration.

(b) It is also the policy of CSA that all grantees have a primary catalytic mission to make the entire community more responsive to the needs and interests of the poor by mobilizing resources and bringing about greater institutional sensitivity.

(c) It is further the policy of CSA that no person on the basis of age shall be denied employment or otherwise discriminated against in employment in connection with any program or activity receiving assistance from CSA.

§ 1010.1–3 Grantee Civil Rights Program—funding eligibility requirements.

To be eligible for funding each CSA Grantee shall have a comprehensive Civil Rights Program which shall include the following:

(a) A written Equal Opportunity Policy approved by CSA;

(b) An Equal Opportunity Committee;

(c) An Equal Opportunity Officer;

(d) A written informal discrimination complaint procedure approved by CSA.

(e) A data collection, record keeping and reporting system;

(f) An annual Affirmative Action Plan (AAP) approved by CSA and an annual self-evaluation of the implementation of the AAP, accepted by CSA.

(g) The requirement that all of the grantee's vendors, contractors and suppliers of service are equal opportunity employers.

§ 1010.1–4 Responsibilities of the grantee.

(a) The grantee Board shall have the ultimate responsibility for enforcing and monitoring the grantee's Civil Rights Program and for ensuring compliance with this Part. At a minimum the following requirements must be met:

(1) Each grantee Board shall establish an Equal Opportunity Committee which shall reflect the composition of the Board in regard to representation of the public and private sectors and low-income persons.

(2) The Board or a committee thereof shall review the informal determination of all the grantee's Equal Opportunity Officers (EOO) in complaints of discrimination. If the Board utilizes a committee, it shall insure that the committee avoids conflict of interest in the resolution of the complaint.

(3) Grantees shall have at a minimum one EOO at the Senior staff level with responsibility for the Civil Rights Program within the agency, and such additional full or part time personnel as are necessary to carry out the requirements of a civil rights program. The EOO shall not be the Executive Director, Deputy Director or Personnel Officer.

(4) The EOO shall undergo training as prescribed by the CSA. All expenses incurred by such training shall be borne by the grantee.

(5) The EOO shall be granted the authority to carry out the following activities:

(i) Receive and attempt to resolve complaints of discrimination, on an informal basis.

(ii) Provide aggrieved persons with information and advice on equal opportunity procedures including local, state, and federal redress procedures, and notification of the filing deadlines for EEOC complaints.

(iii) Take any other steps which may assist in the resolution of the problem, prior to the filing of a formal complaint.

(iv) Assist in preparing a formal complaint to CSA of alleged discrimination based on race, color, religion, sex, national origin, age, physical handicap, political affiliation or belief.

(6) Grantees shall establish written procedures for the processing of informal discrimination complaints. Such procedures must conform to the requirements of this regulation and must be approved by the appropriate CSA regional office. Headquarters funded grantees must secure approval from national office CSA.

(7) Grantees shall display, in conspicuous places, posters which summarize the rights of employees, program participants and beneficiaries under Title VI of the Civil Rights Act of 1964, Section 624 of the Economic Opportunity Act of 1964, as amended, and this regulation; including the functions of the grantee's EOO and the procedures for filing complaints of discrimination.

(8) Nothing contained herein shall be construed to deny a complainant the right to make a direct complaint to CSA.

(9) No recipient or other person shall intimidate, threaten, coerce, or discriminate against any individual for the purpose of interfering with any right or privilege secured by section 624 of the Economic Opportunity Act, as amended; Title VI of the Civil Rights Act of 1964 or this regulation, or because he/she has made a complaint, testified, assisted, or participated in any manner in an investigation, proceeding or hearing under this part. The identity of complainants shall be kept confidential except to the extent necessary to carry out purposes of this part, including the conduct of any investigation, hearing, or judicial proceeding arising thereunder.

§ 1010.10–1 Purpose.

The purpose of this subpart is to effectuate the provisions of Title VI of the Civil Rights Act of 1964 (hereinafter referred to as the "Act") to the end that no person in the United States shall, on the ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity receiving Federal financial assistance from the Community Services Administration.

§ 1010.10–2 Definitions.

As used in this subpart:

(a) The term "CSA" means the Community Services Administration, and includes all of its organizational units.

(b) The term "Director" means the Director of the Community Services Administration.

(c) The term "responsible CSA official" with respect to any program receiving Federal financial assistance means the Director or other official of the CSA who by law or by delegation has the principal responsibility within CSA for the administration of the law extending such assistance.

(d) The term "United States" means the States of the United States, the District of Columbia, Puerto Rico, Wake Island, the Canal Zone, and the territories, and incorporated territories and possessions of the United States, and the term "State" means any one of the foregoing.

(e) The term "Federal financial assistance" includes (1) grants or donation of Federal funds, (2) the grant or donation of Federal property and interest in property, (3) the detail of Federal personnel, (4) the sale and lease of, and the permission to use (on other than a casual or transient basis), Federal property or any interest in such property without consideration, or at a nominal consideration, or at a consideration which is reduced for the purposes of assisting the recipient, or in recognition of the public interest to be served by such sale or lease to the recipient, and (5) any Federal agreement, arrangement, or other contract which has as one of its purposes the provision of assistance.

(f) The term "program" includes any program, project, or activity for the provision of services, financial aid, or other benefits to individuals (including education or training, health, welfare, rehabilitation, housing, or other services, whether provided through employees of the recipient of Federal financial assistance or provided by others through contracts or other arrangements with the recipient, and including work opportunities and cash or loan or other assistance to individuals), or for the provision of facilities for furnishing services, financial aid or other benefits to individuals. The services, financial aid, or other benefits provided under a program receiving Federal financial assistance shall be deemed to include any services, financial aid, or other benefits provided with the aid of Federal financial assistance or with the aid of any non-Federal funds, property, or other resources required to be expended or made available for the program to meet matching requirements or other conditions which must be met in order to receive the Federal financial assistance, and to include any services, financial aid, or other benefits provided in or through a facility provided with the aid of Federal financial assistance or such non-Federal resources.

(g) The term "facility" includes all or any portion of structures, equipment, or other real or personal property or interests therein, and the provision of facilities includes the construction, expansion, renovation, remodeling, alteration or acquisition of facilities.

(h) The term "recipient" means any State, political subdivision of any State or instrumentality of any State or political subdivision, any public or private agency, institution, organization, or other entity, or any individual, in any State, to whom Federal financial assistance is extended, directly or through another recipient thereof, but such term does not include any ultimate beneficiary under any such program.

(i) The term "primary recipient" means any recipient which is authorized or required to extend Federal financial assistance to another recipient for the purpose of carrying out a program.

(j) The term "applicant" means one who submits an application, request, or plan required to be approved by a responsible CSA official, or by a primary recipient, as a condition to eligibility for Federal financial assistance, and the term "application" means any such application, request, or plan.

(k) In complying with the requirements of this part, it will be necessary to refer to persons by race, color or national origin. The following designations will be used by grantees in reporting participant characteristics: (1) *Black, not of Hispanic Origin.* A person having origins in any of the black racial groups of Africa; (2) *Hispanic.* A person of Mexican, Puerto Rican, Cuban, Central or South American or other Spanish Culture or origin, regardless of race; (3) *Asian or Pacific Islander.* A person having origins in any of the original peoples of the Far East, Southeast Asia, the Indian Subcontinent, or the Pacific Islands. This area includes, for example, China, Japan, Korea, the Philippine Islands, and Samoa; (4) *American Indian or Alaskan Native.* A person having origins in any of the original peoples of North America, and who maintain cultural identification through tribal affiliation or community recognition; (5) *White, not of Hispanic Origin.* A person having origins in any of the original people of Europe, North Africa, or the Middle East. Additional subcategories based on national origin or primary language spoken may be used where appropriate, on either a national or a regional basis. Paragraphs (k)(1) through (5), inclusive, set forth in this section are in conformity with the OMB Ad Hoc Committee on Race/Ethnic Categories' recommendations. To the extent that said designations are modified by the OMB Ad Hoc Committee, paragraphs (k)(1) through (5), inclusive, set forth in this section shall be interpreted to conform with those modifications.

§ 1010.10–3 Application of this subpart.

(a) This subpart applies to any program for which Federal financial assistance is authorized under a provision of any law administered by CSA. This part applies to money paid, property transferred, or other Federal financial assistance extended under any such program after January 7, 1965 pursuant to an application approved prior to such date. This subpart does not apply to (1) any Federal financial assistance by way of insurance or guaranty contracts, (2) money paid, property transferred, or other assistance extended under any such program, before January 7, 1965, (3) any assistance to any individual

V4266 APR 6 77 UMI

who is the ultimate beneficiary under any such program, (4) any employment practice, under any such program, of any employer, employment agency or labor organization, except to the extent described in 1010.10–4. Any action or inaction on the part of a recipient which is a direct violation of the Economic Opportunity Act of 1964, as amended, will be dealt with under regulations enacted pursuant to such Act. Other programs under statutes now in force or hereinafter enacted may be covered by this subpart after notice is published in the FEDERAL REGISTER.

(b) This subpart also applies to any program which is funded and administered by CSA with funds transferred from another Federal agency to CSA when such transfer is authorized by applicable law.

§ 1010.10–4 Discrimination prohibited.

(a) General. No person in the United States shall, on the grounds of race, color, or national origin be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program to which this subpart applies.

(b) Specific discriminatory actions prohibited.

(1) A recipient under any program to which this subpart applies may not, directly or through contractual or other arrangements on the grounds of race, color, or national origin;

(i) Deny an individual any services, financial aid, or other benefit provided under the program;

(ii) Provide any service, financial aid, or other benefit to an individual which is different, from that provided to others under the program;

(iii) Subject an individual to segregation or separate treatment in any matter related to his receipt of any service, financial aid, or other benefit under the program;

(iv) Restrict an individual in any way in the enjoyment of any advantage or privilege enjoyed by others receiving any service, financial aid, or other benefit under the program;

(v) Treat an individual differently from others in determining whether he/she satisfies any admission, enrollment, quota, eligibility, membership or other requirement or condition which individuals must meet in order to be provided any service, financial aid, or other benefit provided under the program;

(vi) Deny an individual an opportunity to participate in the program through the provisions of services or otherwise afford him/her an opportunity to do so which is different from that afforded others under the program, including the opportunity to participate in the program as an employee but only to the extent set forth in paragraph (c) of this section.

(vii) Deny a person the opportunity to participate as a member of a planning or advisory body which is an integral part of the program.

(2) A recipient in determining the type of services, financial aid, or other benefits, or facilities which will be provided under any such program, or the class of individuals to whom, or the situations in which such services, financial aid, other benefits, or facilities will be provided under any such program, or the class of individuals to be afforded an opportunity to participate in any such program, may not, directly or through contractual or other arrangements, utilize citeria or methods of administration which have the effect of subjecting individuals to discrimination because of their race, color, or national origin, or have the effect of defeating or substantially impairing accomplishment of the objectives of the program as respect to individuals of a particular race, color, or national origin.

(3) In determining the site or location of facilities, an applicant or recipient may not make selections with the purpose or effect of excluding individuals from, denying them the benefits of, or subjecting them to discrimination under any program to which this regulation applies, on the grounds of race, color or national origin; or with the purpose or effect of defeating or substantially impairing the accomplishment of the objectives of the Act of this subpart.

(4) As used in this section, the services, financial aid, or other benefits provided under a program receiving Federal financial assistance shall be deemed to include any service, financial aid, or other benefit provided in or through a facility provided with the aid of Federal financial assistance.

(5) The enumeration of specific forms of prohibited discrimination in this paragraph and paragraph (c) of this section does not limit the generality of the prohibition in paragraph (a) of this section.

(6) In administering a program regarding which the recipient has previously discriminated against persons on the ground of race, color, or national origin, the recipient must take affirmative action to overcome the effects of prior discrimination. Even in the absence of such prior discrimination, a recipient in administering a program shall take affirmative action to overcome the effects of conditions which resulted in limiting participation by persons of a particular race, color or national origin.

(c) *Employment practices.* (1) Where a primary objective of the Federal financial assistance to a program or part thereof to which this part applies is to provide employment, a recipient may not (directly or through contractual or other arrangements) subject an individual to discrimination on the grounds of race, color, or national origin in its employment practices under such program (including recruitment or recruitment advertising employment, layoff or termination, upgrading, demotion or transfer, rates of pay or other forms of compensation, and use of facilities), including programs where a primary objective of the Federal financial assistance is (i) to reduce the unemployment of such individuals or to help them through employment to meet subsistence needs, (ii) to assist such individuals through employment to meet expenses incident to the commencement or continuation of their education or training, or (3) to provide work experience with contributes to the education or training of such individuals. The following programs administered by CSA have one of the above objectives as a primary objective:

(A) Community Action Programs or parts thereof which have as a primary objective the provision of employment.

(B) Programs of assistance for migrant, and other seasonally employed, agricultural employees and their families which have as a primary objective the provision of employment.

(2) The requirements applicable to construction employment under any such program shall be those specified in or pursuant to Part III of Executive Order 11246 or any Executive Order which supersedes it. Where a primary objective of the Federal financial assistance is not to provide employment, but discrimination on the grounds of race, color or national origin in the employment practices of the recipient or other persons subject to the regulation tends, on the grounds of race, color or national origin, to exclude individuals from participation in, to deny them the benefits of, or to subject them to discrimination under any program to which this subpart applies, the provisions of the foregoing paragraph of this paragraph (c) shall apply to the employment practices of the recipient or other persons subject to the regulation, to the extent necessary to assure equality of opportunity to, and nondiscriminatory treatment of beneficiaries.

(d) Exclusion from Participation in Programs for Indians. An individual shall not be deemed subjected to discrimination by reason of his exclusion from the benefits of a program limited by Federal law to individuals of a particular race, color, or national origin different from his/her, for example programs funded exclusively to serve on-reservation Indians.

(e) Medical emergencies. Notwithstanding the foregoing provisions of this section, a recipient of Federal financial assistance shall not be deemed to have failed to comply with paragraph a. of this section if immediate provision of a service or other benefit to an individual is necessary to prevent his death or serious impairment of his health, and such service or other benefit cannot be provided except by or through a medical institution which refuses or fails to comply with paragraph (a) of this section.

§ 1010.10–5 Procedures to determine compliance.

(a) *Assurances.* (1) Every application for Federal financial assistance to a program to which this subpart applies, and every application for Federal financial assistance to provide a facility shall, as a condition to its approval and the extension of any Federal assistance pursuant to the application, contain or be accompanied by an assurance that the program will be conducted or the facility operated in compliance with all

requirements imposed by or pursuant to this subpart, and that the applicant will in all phases and levels of programs and activities, install a CSA approved affirmative action program to achieve equal opportunities for participation, with provisions for effective periodic self-evaluation. In the case where Federal financial assistance is to provide or is in the form of personal property, or real property or interest therein or structures thereon, the assurance shall obligate the recipient, or, in the case of a subsequent transfer, the transferee, for the period during which the property is used for a purpose involving the provision of similar services and benefits, or for as long as the recipient retains ownership or possession of the property, whichever is longer. The responsible office official shall specify the form of the foregoing assurances for each program, and the extent to which like assurance will be required of subgrantees, contractors, and subcontractors, transferees, successors in interest, and other participants in the program. Any such assurance shall include provisions which give the United States a right to seek its judicial enforcement.

(2) In the case of real property, structures or improvements thereon, or interests therein, which was acquired with Federal financial assistance, or in the case where Federal financial assistance is provided in the form of a transfer of real property or interest therein from the Federal Government, the instrument effecting or recording the transfer shall contain a covenant running with the land assuring nondiscrimination for the period during which the real property is used for a purpose for which the Federal financial assistance is extended or for another purpose involving the provision of similar services or benefits, or for as long as the recipient retains ownership or possession of the property, whichever is longer. Where no transfer of property is involved, but property is acquired or improved with Federal financial assistance, the recipient shall agree to include such a covenant in any subsequent transfer of such property. Where the property is obtained from the Federal Government, such covenant may also include a condition coupled with a right to be reserved by CSA to revert title to the property in the event of a breach of the responsible official, such a condition and right of reverter is appropriate to the program under which the real property is obtained and to the nature of the grant and the grantee. In such event if a transferee of real property proposes to mortgage or otherwise encumber the real property as security for financing construction of new, or improvement for the purposes for which the property was transferred, the Director may agree, upon request of the transfer and if necessary to accomplish such financing, and upon such conditions as he deems appropriate, to forbear the exercise of such right to revert title for so long as the lien of such mortgage or other encumbrance remains effective.

(3) Transfers of surplus property are subject to regulations issued by the Administrator of General Services (41 CFR 101–6.2).

(4) Elementary and Secondary schools. In the case of any program for the benefit of elementary or secondary school students which, as a necessary part of such program, utilizes to a substantial extent the facilities of an elementary or seacondary school or school system, the requirements of paragraph (a) of this section shall be deemed to be satisfied if such school or school system (i) is subject to a final order of a court of the United States for the desegregation of such school or school system, and provides an assurance that it will comply with such order, including any future modification of such order, or (ii) submits a plan for the desegregation of such school or school system which the responsible official of the Department of Health, Education and Welfare determines is adequate to accomplish the purposes of the Act and this part within the earliest practicable time, and provides reasonable assurance that it will carry out such plan. In any case in which a final order of a court of the United States for the desegregation of such school or school system is entered after submission of such a plan, such plan shall be revised to conform to such final order including any future modification of such order. The provisions of this paragraph do not apply to programs for pre-school children.

(5) *Assurances from institutions.* In the case of any application for Federal financial assistance to an institution of higher education (including assistance for construction, for research, for a special training project, for a student loan program, or for any other purpose), the assurance required by this section shall extend to admission practices and to all other practices relating to the treatment of students. The assurance required with respect to an institution of higher education, hospital, or any other institution, insofar as the assurance relates to the institution's practices with respect to admission or other treatment of individuals as students, patients, or clients of the institution or of the opportunity to participate in the provision of services or other benefits to such individuals, shall be applicable to the entire institution unless the institution establishes, to the satisfaction of the responsible CSA official, that the institution's practices in designated parts or programs of the institutions will in no way effect its practices in the program of the institution for which Federal financial assistance is sought or the beneficiaries of or participants in such program. If in any such case the assistance sought is for the construction of a facility or part of a facility the assurance shall in any event extend to the entire facility and to facilities operated in connection therewith.

(b) *Pre-Review approval.* (1) Prior to approval of financial assistance, all such applications for financial assistance shall be reviewed by the appropriate civil rights officer who will make a written determination as to whether the applicant is in compliance with Title VI. The basis for such a determination shall be submission of an assurance of compliance and a review of the data and AAP submitted by the applicant or report on a file of a review. Where a determination cannot be made from this data, CSA will require the submission of necessary additional information. Such other steps may include, for example, communicating with local government officials or minority group organizations and field reviews.

(2) No final approval for any financial assistance shall be given by CSA unless the appropriate civil rights officer has made a written determination as to whether the applicant is in compliance with Title VI. The appropriate civil rights officer with respect to regionally administered programs is the regional Human Rights Chief and with respect to headquarters administered programs it is the Associate Director for Human Rights.

(c) *Post-approval review.* (1) All recipients will submit annual reports which will contain the compliance information specified in § 1010.10–6. Additionally, the CSA Office of Human Rights will periodically but at least once every two years, conduct a field review of each recipient to determine compliance with Title VI.

(2) The results of the post-approval review shall be committed to writing and shall include specific findings of fact and recommendation.

(d) Investigations. The responsible Office official or his designee wil make a prompt investigation whenever a compliance review, report or any other information indicates a possible failure to comply with this part. The investigation should include, where appropriate, a review of the pertinent practices and policies of the recipient, the circumstances under which the possible non-compliance with this subpart occurred, and other factors revelant to a determination as to whether the recipient has failed to comply with this subpart.

(e) *Resolution of matters.* (1) If an investigation pursuant to paragraph (d) of this section indicates a failure to comply with this subpart, the responsible Office official or his designee will so inform the recipient and the matter will be resolved by informal means whenever possible. If it has been determined that the matter cannot be resolved by informal means, action will be taken as provided for in 1010.10–11.

(2) If an investigation does not warrant action pursuant to paragraph (d) of this section, the responsible Office official or his designee will so inform the recipient if any, in writing.

(f) *Notice to Assistant Attorney General.* Whenever the appropriate CSA Human Rights officer determines that an applicant or recipient is in probable noncompliance with Title VI, he or she will promptly notify the General Counsel of CSA who is charged with review of said determination and for forwarding same, if appropriate, to the Assistant Attorney-General for Civil Rights.

V42 66 APR 6 77 UMI

§ 1010.10–6 Data and information collection.

(a) Recipients will collect and maintain the data and information listed in paragraph (a) (1)–(7) of this section relative to their programs. This data and information will be submitted to CSA in accordance with 1010.10–5 and any other guidelines promulgated by CSA and on forms supplied by CSA. It will reflect:

(1) The manner in which services are or will be provided by the program in question, and related data necessary for determining whether any persons are or will be denied such services on the basis of discrimination.

(2) The population eligible to be served by race, color and national origin.

(3) The location of existing proposed facilities connected with the program and related information adequate for determining whether the location has or will have the effect of unnecessarily denying services to any persons on the basis of prohibited discrimination.

(4) The present or proposed membership by race, color and national origin in any policy making or advisory body which is an integral part of the program.

(5) Where relocation is involved, the requirements and steps used of proposed to guard against unnecessary impact on persons on the basis of race, color or national origin.

(6) Data regarding covered employment, including use or planned use of bilingual public contact employees serving the beneficiaries of the program where necessary to permit effective participation by beneficiaries unable to speak or understand English.

(7) Where CSA determines it is necessary and appropriate to Title VI enforcement, additional data such as demographic maps, the racial composition of affected neighborhoods or census data will be required. Such additional data will be required, however, only to the extent that it is readily available or can be compiled with reasonable effort.

(b) In addition to the type of data mentioned above, each applicant or recipient will:

(1) Promptly notify CSA of any lawsuits filed against the applicant or recipient alleging discrimination on the basis of race, color, or national origin; and each recipient will notify CSA every six months of any complaints filed against it alleging such discrimination.

(2) Provide CSA with a brief description of any of its pending applications to other federal agencies for assistance and of federal assistance being provided at the time of the application or requested report.

(3) Submit at the time of application and in a periodic or requested report, a statement describing any civil rights compliance reviews regarding the applicant or receipient conducted during the two year period before application of report, and the results and conclusions of those reviews.

(4) Submit, at the time of application and in a periodic or requested report, a written assurance that it will compile and maintain records required pursuant to this subpart.

(5) Provide CSA with a copy of any procedures it may have regarding internal procedures for processing Title VI complaints. Said copy (if such an internal processing exists) will be provided at the time of application and in the case of a continuing program within sixty (60) days after the effective date of this part, and said procedure will be reviewed and its use approved or disapproved by the appropriate regional or headquarters Human Rights Officer.

(6) Maintain a log of Title VI complaints filed with it; identifying each complainant by race, color, or national origin, the nature of the complaint, the dates the complaint was filed and the date grantee's investigation was completed; the disposition and date of disposition.

§ 1010.10–7 Cooperation and assistance.

(a) *Role of CSA officials.* Each responsible CSA official shall to the fullest extent practicable seek the cooperation of recipients in obtaining compliance with this subpart, and shall provide assistance and guidance to recipients to help them comply voluntarily with this subpart.

(b) *Access to sources of information.* Each recipient shall permit access by the responsible CSA official or his designee during normal business hours to each of its books, records, accounts, and other sources of information, and its facilities as may be pertinent to ascertain compliance with this subpart. Where any information required of a recipient is in the exclusive possession of any other agency, institution or person and this agency, institution or person shall fail or refuse to furnish this information, the recipient shall so certify in its report and shall set forth what efforts it has made to obtain the information.

§ 1010.10–8 Public dissemination of Title VI Information.

(a) *Display of Title VI poster.* Each recipient, where possible, will display prominently and in reasonable numbers and places posters which state that the recipient operates programs subect to the non-discrimination requirements of Title VI, summarize those requirements, note the availability of Title VI information from recipient and federal agencies, and explain briefly the procedures for filing complaints. When CSA prints and distribute a Title VI poster, recipients will use it to comply with this subpart.

(b) *Information to beneficiaries and participants.* In addition to the poster requirement of § 1010.18–8 each recipient shall make available to participants, beneficiaries, and other interested persons such information regarding the provisions of this subpart and its applicability to the program under which the recipient receives Federal financial assistance, and make such information available to them in such manner as the responsible CSA official finds necessary to apprise such persons of the protections against discrimination assured them by the Act and this subpart.

(c) *Publication in other languages.* Recipients will, where a significant number of, or proportion of the population eligible to be served or likely to be directly affected by a federally assisted program needs service in a language other than English in order to comply with paragraphs (a) and (b) of this section shall cause their poster and other material to be available in a language other than English. The appropriate CSA Human Rights Officer will determine when publication in a language other than English is necessary, § 1010.10–9 Complaint Procedure. Any person who believes himself/herself or any specific class of individuals to have been subjected to discrimination prohibited by this part should follow the procedures outlined in Part c of this regulation. Problems may be submitted by any person or by any group or representative with the approval of the aggrieved person.

§ 1010.10–10 Procedure for effecting compliance.

(a) *General.* If there appears to be a failure or threatened failure to comply with this subpart, and if the noncompliance or threatened noncompliance cannot be corrected by informal means, compliance with this subpart may be effected by the suspension or termination of or refusal to grant or continue Federal financial assistance or by any other means authorized by Law. Such other means may include, but are not limited to (1) a reference to the Department of Justice with a recommendation that appropriate proceedings be brought to enforce any rights of the United States under any law of the United States (including other titles of the Act), and any assurance or other contractual undertaking, (2) any applicable proceeding under State or local law and (3) use of one of the alternative means of enforcement referred to in 28 CFR 50.3.

(b) *Noncompliance with § 1010.10–5.* If an applicant fails or refuses to furnish an assurance under § 1010.10–5 or fails or refuses to supply data as referred by § 1010.10–6 or otherwise fails or refuses to comply with the requirements imposed by or pursuant to those sections, Federal financial assistance may be refused in accordance with the procedures of paragraph (c) of this section. CSA shall not be required to provide assistance in such a case during pendency of the administrative proceedings under such paragraph.

(c) *Termination of or refusal to grant or to continue financial assistance.* No order suspending, terminating or refusing to grant or continue Federal financial assistance shall become effective until (1) the responsible CSA official has advised the applicant or recipient of his failure to comply and has determined that compliance cannot be secured by voluntary means, (2) there has been an express finding on the record, after opportunity for hearing of a failure by the applicant or recipient to comply with a requirement imposed by or pursuant to this subpart, (3) the action has been approved by the Director pursuant to § 1010.10–11, and (4) the expiration of 30 days after the Dircetor has filed with the committee of the House and the committee of the Senate having legislative jurisdication over the program involved, a full written report of the circumstances and the grounds for such action. Any action to suspend or terminate or to refuse to grant or to continue Federal financial assistance shall be limited to the particular political entity, or part thereof, or other applicant or recipient as to whom such a finding has been made and shall be limited in its effect of the particular program, or part thereof, in which such noncompliance has been so found.

(d) *Other means authorized by law.* No action to effect compliance with Title VI of the Act by any other means authorized by law shall be taken until (1) the responsible office official has determined that compliance cannot be secured by voluntary means, (2) the recipient or other person has been notified of its failure to comply and of the action to be taken to effect compliance, and (3) the expiration of at least 10 days from the mailing of such notice to the recipent or other person to comply with this subpart and to take such corrective action as may be appropriate.

§ 1010.10–11 Hearings.

(a) *Opportunity for hearing.* Whenever an opportunity for a hearing is required by this section, reasonable notice of such hearing shall be given by registered or certified mail, return receipt requested. This notice shall advise the applicant or recipient of the action proposed to be taken, the specific provision under which the proposed action against it is to be taken, and either (1) fix a date not less than 20 days after the date of such notice within which the applicant or recipient may request of the responsible CSA official that the matter be scheduled for hearing, or (2) advise the applicant or recipient that the matter in question has been set down for hearing at a stated place and time. The time and place so fixed shall be reasonable and shall be subject to change for cause. The complainant, if any, shall be advised of the time and place of the hearing. An applicant or recipient may waive a hearing and submit written information and argument for the record. The failure of an applicant or recipient to request a hearing under this subsection or to appear at a hearing for which a date has been set shall be deemed to be a waiver of the right to a hearing under section 602 of the Act and this section and consent to the making of a decision on the basis of such information as is available.

(b) *Time and place of hearing.* Hearings shall be held in Washington, D.C., at a time and place fixed by the responsible CSA official unless he determines that the convenience of the applicant or recipient or of CSA requires that another place be selected. Hearings shall be held before the responsible CSA official, or at his discretion, before a hearing examiner designated in accordance with 5 U.S.C. 3105 and 3344 (section 11 of the Administrative Procedure Act).

(c) *Right to counsel.* In all proceedings under this section the applicant or recipient and CSA shall have the right to be represented by counsel.

(d) *Procedures, evidence, and record.* (1) The hearing, decision, and any review thereof shall be conducted in confirmity with U.S.C. 554–557 (sections 5–8 of the Administrative Procedure Act) and in accordance with such rules of procedure as are proper (and not inconsistent with this section) relating to the conduct of the hearing, giving of notices subsequent to those provided for in paragraph (a) of this section, taking of testimony, exhibits, arguments and briefs, requests for findings, and other related matters. Both CSA and the applicant or recipient shall be entitled to introduce all relevant evidence on the issues as stated in the notice for hearing or as determined by the officer conducting the hearing at the outset of or during the hearing.

(2) Technical rules of evidence shall not apply to hearings conducted pursuant to this subpart, but rules or principles designed to assure production of the most credible evidence available and to subject testimony to test by cross-examination shall be applied where reasonably necessary by the officer conducting the hearing. The hearing officer may exclude irrelevant, immaterial, or unduly repetitious evidence. All documents and other evidence offered or taken for the record shall be open to examination by the parties and opportunity shall be given to refute facts and arguments advanced on either side of the issues. A transcript shall be made of the oral evidence unless dispensed with by stipulation. All decisions shall be based upon the hearing record and written findings shall be made.

(e) *Consolidated or joint hearings.* In cases in which the same or related facts are asserted to constitute noncompliance with this part and the regulations of one or more other Federal departments or agencies issued under Title VI of the Act, the Director may, by agreement with such other departments or agencies, provide for the conduct of consolidated or joint hearings, and for the application to such hearings of rules of procedure not inconsistent with this part. Final decisions in such cases, insofar as this part is concerned, shall be made in accordance with § 1010.10–12.

§ 1010.10–12 Decisions and notices.

(a) *Hearing examiner.* Decision by person other than the responsible Office official. If the hearing is held by a hearing examiner, such hearing examiner shall either make any initial decision, if so authorized, or certify the entire record including his/her recommended findings and proposed decision to the responsible CSA official for a final decision and a copy of such initial decision or certification shall be mailed to the applicant or recipient. Where the initial decision is made by the hearing examiner, the applicant or recipient may within 30 days of the mailing of such notice of initial decision file with the responsible CSA official his exceptions to the initial decision with his reasons therefor. In the absence of exceptions, the responsible CSA official may, on his own motion, within 45 days after the initial decision serve on the applicant or recipient a notice that he will review the decision. Upon the filing of such exceptions or of such notice of review, the responsible CSA official shall review the initial decision and issue his own decision thereon, including the reasons therefor. In the absence of either exceptions or a notice of review the initial decision shall constitute the final decision of the responsible CSA official.

(b) *Responsible CSA official.* Decisions on record or review by the responsible CSA official. Whenever a record is certified to the responsible CSA official for decision or he reviews the decision of a hearing examiner pursuant to paragraph (a) of this section, or whenever the responsible CSA official conducts the hearing, the applicant or recipient shall be given reasonable opportunity to file with him/her briefs or other written statements of its contentions, and a copy of the final decision of the responsible CSA official shall be given in writing to the applicant or recipient, and the complainant, if any.

(c) *Waived hearings.* Whenever a hearing is waived pursuant to § 10.10.11 (a), a decision shall be made by the responsible CSA official on the record and a copy of such decision shall be given in writing to the applicant or recipient, and to the complainant, if any.

(d) *Rulings required.* Each decision of a hearing officer or responsible CSA official shall set forth his ruling on each finding, conclusion, or exception presented, and shall identify the requirement or requirements imposed by or found that the applicant or recipient has failed to comply.

(e) *Approval by Director.* Any final decision of a responsible CSA official (other than the Director) which provides for the suspension or termination of, or the refusal to grant or continue Federal financial assistance, or the imposition of any other sanction available under this subpart of the Act, shall promptly be transmitted to the Director, who may approve such decision, may vacate it, or remit or mitigate any sanction imposed.

(f) *Content of orders.* The final decision may provide for suspension or termination of, or refusal to grant or continue Federal financial assistance, in whole or in part, under the program involved, and may contain such terms, conditions, and other provisions as are consistent with and will effectuate the purposes of the Act and this subpart, including provisions designed to assure that no Federal financial assistance will thereafter be extended under such program to the applicant or recipient determined by such decision to be in default in its performance of an assurance given by it pursuant to this subpart, or to have otherwise failed to comply with this subpart, unless and until it cor-

V 4266 APR 77 UMI

rects its noncompliance and satisfies the responsible CSA official that it will fully comply with this subpart.

(g) *Post termination proceedings.* (1) An applicant or recipient adversely affected by an order issued under paragraph (f) of this section shall be restored to full eligibility to receive Federal financial assistance if it satisfies the terms and conditions of that order for such eligibility or if it brings itself into compliance with this part and provides reasonable assurance that it will fully comply with this subpart.

(2) Any applicant or recipient adversely affected by an order entered pursuant to paragraph (f) of this section may at any time request the responsible CSA official to restore fully its eligibility to receive Federal financial assistance. Any such request shall be supported by information showing that the applicant or recipient has met the requirements of paragraph (g)(1) of this section. If the responsible CSA official determines that those requirements have been satisfied, he shall restore such eligibility.

(3) If the responsible CSA official denies any such request, the applicant or recipient may submit a request for a hearing in writing, specifying why it believes such official to have been in error. It shall thereupon be given an expeditious hearing, with a decision on the record, in accordance with rules of procedure issued by the responsible CSA official. The applicant or recipient will be restored to such eligibility if it proves at such a hearing that it satisfied the requirements of paragraph (g)(1) of this section. While proceedings under this paragraph are pending, the sanctions imposed by the order issued under paragraph (f) of this section shall remain in effect.

§ 1010.10–13 Judicial review.

Any action taken pursuant to section 602 of the Act is subject to judicial review as provided in section 603 of the Act.

§ 1010.10–14 Effect on other regulations; forms and instructions.

(a) *General.* Nothing in this subpart shall be deemed to supersede (1) Executive Orders 10925, 11114 and 11246 and regulations issued thereunder, or (2) any other regulations or instructions insofar as they prohibit discrimination on the grounds of race, color, or national origin in any program or situation to which this part is inapplicable, or prohibit discrimination on any other ground.

(b) *Forms and instructions.* Each responsible CSA official shall issue and promptly make available to interested persons existing forms and instructions and procedures for effectuating this subpart as applied to programs to which this part applies and for which he is responsible.

(c) *Supervision and coordination.* The Director may, from time to time, assign to officials of other departments or agencies of the Goverment (with the consent of such department or agency) responsibilities in connection with the effectuation of the purposes of Title VI of the Act and this subpart (other than responsibility for final decision as provided in § 1010.10–11, including the achievement of effective coordination and maximum uniformity within the CSA and within the Executive Branch of the Government in the application of Title VI and this subpart to similar programs in similar situations. Any action taken, determination made, or requirements imposed by an official of another department or agency acting pursuant to an assignment of responsibility under this subsection shall have the same effect as though such action had been taken by the responsible official of this agency.

§ 1010.10–15 Employment practice.

Enforcement of Title VI compliance with respect to covered employment practices shall not be superceded by State and local merit systems relating to the same recipient.

§ 1010.10–16 Continuing State programs.

(a) Each State agency administering a continuing program which received Federal assistance from CSA shall establish a Title VI compliance program for itself and other recipients which obtain financial assistance through it.

(b) This program will parallel the provisions of this subpart, including the maintenance of records necessary to permit Federal officials to determine Title VI compliance of the State agency and the sub-recipient.

Subpart C—Nondiscrimination in Federally Assisted Programs of the Community Services Administration

§ 1010.20–1 Coverage.

(a) The Economic Opportunity Act of 1964, as amended, in Section 624 requires that no person with responsibilities for the operation of a CSA funded program shall discriminate with respect to any such program because of race, creed, color, national origin, sex, political affiliation, or beliefs. It further provides that no person on the ground of sex shall be excluded from participation in, be denied the benefits of, be subjected to discrimination under or be denied employment in connection with any program or activity receiving assistance under the Economic Opportunity Act of 1964, as amended.

(b) Section 504 of the Rehabilitation Act of 1973 provides that no otherwise qualified handicapped individual shall, solely by reason of his handicap, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving federal financial assistance.

(c) The Age Discrimination in Employment Act prohibits discrimination in employment on the basis of age.

§ 1010.20–2 Data information collection.

(a) The purpose of this subpart is to require grantees to provide CSA with certain data and information on participant and employee characteristics in order that CSA may enforce the prohibitions on employment and participant discrimination which are found in the Policy section and described in this section.

(b) Grantees shall provide CSA with information (if possible) on participant and employee characteristics in regard to sex, age and handicap. This information will be provided in accordance with and in addition to the provisions of Subpart B, § 1010.10–6.

§ 1010.20–3 Assurances required.

Every application for assistance under the Economic Opportunity Act of 1964, as amended, shall contain an assurance that the grantee or its delegate agencies will comply with the provisions of this subpart and the policy of CSA as outlined in § 1010.1–1.

§ 1010.20–4 Procedures to determine compliance.

Compliance with the provisions of this subpart will be accomplished utilizing the pre-review and post-approval procedures outlined in Subpart B, § 1010.10–5 (b) and (c). Compliance Investigations pursuant to this subpart shall be in accordance with Subpart B, § 1010.10–5 (d). If such an investigation indicates a failure to comply with this subpart, the responsible office official or his designee will so inform the recipient and the matter will be resolved by informal means whenever possible. If it has been determined that the matter cannot be resolved by informal means, action will be taken as provided for in 45 CFR 1067, except where the discrimination is on the ground of sex in which case action will be taken as provided for in Subpart B, § 1010.10–10.

§ 1010.20–5 Complaint procedure.

Any person who believes himself/herself or any specific class of individuals to have been subjected to discrimination prohibited by this subpart should follow the procedures outlined in Subpart D. Problems may be submitted by any person or any group or representative with the approval of the aggrieved person.

Subpart D—Resolving Complaints of Discrimination In Employment.

Program Participation and Benefits Against Grantees

§ 1010.30–1 Introduction.

This subpart provides the procedures to be followed in resolving complaints of discrimination against CSA grantees in employment, program participation and benefits.

§ 1010.30–2 Pre-complaint procedures.

(a) *Submission of equal opportunity problem.* Any person who believes he or she has encountered discrimination because of race, creed, color, sex, national origin, age, political affiliation, belief or physical handicap should first discuss the problem with the Equal Opportunity Officer of the grantee within 30 calendar days but no more than 180 calendar days after the act complained of occurred. A

copy of the informal complaint shall be immediately mailed to the Human Rights Chief (HRC) of the appropriate CSA Regional Office, or for Headquarters funded grants to the Associate Director for Human Rights.

(b) *Informal resolution and decision by the grantee.*

(1) The EOO shall make every effort to resolve the problem informally. To this end, the EOO shall, if requested by the complainant, assist in discussion with any party to the problem and may take other steps which may assist in the resolution of the problem.

(2) The aggrieved person(s) has the right to be accompanied, represented and advised by a representative or attorney of his/her own choice. If the aggrieved person and/or his representative is an employee of the agency, he/she shall be given a reasonable amount of working time to prepare and present his/her request for a solution of the problem. These procedures shall be included in the grantee's personnel policies.

(3) The EOO shall be given access within the agency to any information necessary to provide the aggrieved person(s) with a basis for determining whether there are grounds for filing a formal civil rights complaint and to resolve the problem.

(4) The EOO shall have 20 working days to attempt to resolve the problem before the filing of a formal complaint.

(5) Nothing in the subpart should be construed to mean that a complainant(s) cannot file a complaint directly with CSA at anytime.

(6) The EOO shall inform the complainant of the right to file a formal complaint with other appropriate Federal, State and local civil rights agencies or offices.

(c) *Reports on grantee efforts at resolution.* (1) When the EOO has completed attempts to resolve the problem, a report shall be prepared, setting out a summary of the problem, the investigation and the disposition of the problem, indicating the basis for that disposition.

(2) Copies of the report shall be given to the grantee's board, the complainant(s) and to the Human Rights Chief in the appropriate CSA Regional Office. This report shall be forwarded within 25 calendar days after an informal complaint has been filed with the EOO, regardless of the disposition of the problem, including filing a formal complaint with CSA.

§ 1010.30–3 Formal complaint procedure.

(a) *Filing and content of complaint.* (1) If the result of the procedures outlined in § 1010.30–2 (a) and (b) are unsatisfactory to the complainant, a formal complaint may be filed with CSA within 15 calendar days after receipt of notice of the disposition of the EOO and decision of the grantee's board.

(2) A formal signed complaint shall be addressed to the Human Rights Chief of the Regional Office or, for Headquarters administered grants, to the Associate Director for Human Rights. (CSA Form 265 may be used for this purpose.)

(3) The complaint should contain the following information:

(i) Name and address of the grantee involved and, if known, the source of financial assistance received by the grantee for the program giving rise to the complaint;

(ii) A description of the act(s) forming the basis of the complaint (e.g., employment or program benefits based on race, color, religion, sex, national origin, age, handicap, political affiliation, or belief); and the names of persons involved; the alleged discriminating person and witnesses if any;

(iii) Dates or period of time the discriminatory act(s) occurred;

(iv) Name and address of any Federal, State or local agency to which the complainant has reported the matter or filed a formal complaint.

(v) If the discrimination involves a covered employment practice identify (if possible), the source from which the applicant or employee's salary is paid.

(b) *Notice of receipt of complaint by CSA.* The CSA Regional Human Rights Chief or Associate Director for Human Rights will promptly notify the complainant in writing that the complaint has been received. In addition, the complainant must be advised that:

(1) In order to assure the protection of employment rights under Title VII of the Civil Rights Act of 1964, as amended, complainants should be apprised of their right to file charges with the United States Equal Employment Opportunity Commission.

(2) The Community Services Administration will inform complainants of their right to file complaints with any appropriate State, or local civil rights agency. The Human Rights Chief or Associate Director for the Office of Human Rights will provide to the complainant the address of the appropriate agency.

(c) *Grantee's report.* The Human Rights Chief shall also inform the complainant that:

(1) A report and/or any additional information necessary to substantiate or reject the complaint is being requested from the grantee and the time allowed for the grantee to respond;

(2) A copy of the complaint is being sent to the CSA Headquarters Office of Human Rights for information of that Office.

(d) *Acceptance or rejection of the complaint.* After receipt of the report from the grantee, the Human Rights Chief or the Associate Director for Human Rights for Headquarters administered grants, will review the facts presented in the entire case file and notify the complainant whether it is being accepted or rejected. If it is rejected, the reasons why the complaint cannot be processed will be stated in writing. The complainant shall be informed, where possible, of other sources of possible remedy.

(e) *Complaints presented to State or local commissions or to the Equal Opportunity Commission.* When a complainant has also filed a complaint with the Equal Employment Opportunity Commission or with a Federal, State or local commission having jurisdiction over the matter, the Regional Human Rights Chief or Associate Director for Human Rights shall communicate with the responsible official of the enforcement agency which has received the complaint and shall arrange to handle the complaint in such a way as to avoid duplication and to secure the most effective action to resolve the problem. It shall be the general practice of CSA to investigate a Title VI complaint, unless there appears to be a compelling reason to do otherwise.

(f) *Processing the complaint.* (1) If the Regional Human Rights Chief or Associate Director for Human Rights accepts the complaint, an attempt must be made to resolve the complaint by informal means.

(2) In the event that the Regional Human Rights Chief is unable to accomplish the informal resolution of the discrimination complaint within 15 calendar days after its acceptance or determines that it warrants an investigation, the Human Rights Chief will arrange a full investigation of the complaint. The Investigator will be provided with written authorization to investigate all aspects of complaints of discrimination. Directors of grantee agencies will require all employees to cooperate with the investigation and to have all employees having any knowledge of the matter available for interview. Thirty calendar days shall be allowed for the investigation.

(3) After the investigation is completed the Human Rights Chief shall prepare a report of the investigation including findings of fact and a recommendation as to whether there is reasonable cause to credit the complaint of discrimination.

(g) *Determination as to reasonable cause.* (1) Within 15 calendar days after the investigation has been completed the Regional Human Rights Chief shall forward to the Regional Director the independent report of the investigation, including the findings of fact and the recommendation as to reasonable cause.

(2) The Regional Counsel, or General Counsel for Headquarters grants shall review the investigation report and the findings of fact. The Regional Counsel, and General Counsel shall render an opinion to the Regional Director or the appropriate CSA Headquarters Official as to reasonable cause, including whether the report and findings are legally sufficient to support the determination of reasonable cause to credit the allegation of discrimination.

(h) *Determination of CSA decision.* (1) CSA Decision: The CSA decision regarding a complaint of discrimination shall be made by either the Regional Director or the appropriate CSA Headquarters Official. The decision shall include findings of fact, a determination as to whether there is reasonable cause to credit the allegation(s) of complaint. In appropriate complaints the proposed

V4266 APR 77 UMI

disposition shall include remedial action to be taken by the grantee as well as any sanctions which may be imposed against the grantee.

(2) Headquarters Administered Grants. For grants which are administered by CSA Headquarters, the Headquarters General Counsel shall send the investigative report, the findings of facts and the recommendation as to reasonable cause through the AD/OHR to the appropriate CSA Headquarters official who is responsible for administering the grant from which the complaint arose. The CSA Headquarters official shall make the agency decision after a review by General Counsel. Should there occur the need to resolve a dispute of the appropriateness of a finding of reasonable cause between the AD/OHR and the headquarters administering official, the Office of the Director shall resolve the issue within 15 days.

(i) *Resolution of complaint and implementation of Agency decision.*

(1) Notification of the Parties. Within 15 calendar days after receipt of the Human Rights Chief's report and recommendations, the Regional Director or appropriate CSA Headquarters official shall send a copy of the CSA decision to the complainant and respondent.

(i) Where it is determined that there is not reasonable cause to credit the allegation(s) of discrimination, the CSA decision shall indicate that the complaint is dismissed. To the extent practicable, the complainant will be advised of any other administrative office or judicial forum which might accept the complaint without regard to the results of CSA investigation.

(ii) Where it is determined that there is reasonable cause to credit the allegation(s) of discrimination, the complainant and respondent shall have thirty (30) days after receipt of the CSA decision to respond to it.

(2) Informal Resolution: The Regional Director or appropriate CSA Headquarters official will attempt by informal methods of conference, conciliation and persuasion to obtain from the parties an acceptance of the CSA decision, a just resolution of the complaint and assurances that the respondent will eliminate the unlawful discriminatory practices and take such action to insure that such practices do not occur again.

(3) Formal Conciliation: Where informal reslution is unsuccessful or if the Regional Director or CSA Headquarters official deems it appropriate, formal conciliation procedures may be entered into in order to resolve the complaint.

(4) Time Limits for Resolution and Conciliation. Efforts shall be made to complete resolution or conciliation within 60 calendar days after receipt of the respondent's response to the agency decision.

(j) *Imposition of sanctions.* (1) If the respondent fails or refuses to confer or conciliate with the Regional Director or CSA Headquarters official, or to adopt the recommended remedial action, or if informal and formal conciliation efforts to resolve the complaint are unsuccessful, CSA efforts to conciliate the dispute will be terminated.

(2) The Regional Director or appropriate CSA Headquarters official shall notify the parties that CSA efforts at conciliation are terminated.

(3) In appropriate cases, the Regional Director or CSA Headquarters official may determine that the matter requires the imposition of sanctions against the respondent for its failure to confer, conciliate, adopt the recommended remedial action, or otherwise successfully resolve the complaint of discrimination. Such sanctions may include termination or suspension of Federal financial assistance or the denial of refunding to the respondent, disallowance of expenditures which are the result of discriminatory practices; referral of the matter to the Department of Justice for disposition; or any other means authorized by law or regulations.

(i) In all cases which are based upon a violation of Title VI of the Civil Rights Act of 1964 or where the discrimination is based upon the ground of sex, the procedures for effecting compliance with the provisions of this Part including termination, suspension or refusal to grant or to continue federal financial assistance shall be those set forth in Subpart B, § 1010.10–10.

(ii) In all other cases where it is determined that termination suspension or denial of refunding is an appropriate sanction, the procedures set forth in 45 CFR 1067 shall be followed.

reminders

(The items in this list were editorially compiled as an aid to FEDERAL REGISTER users. Inclusion or exclusion from this list has no legal significance. Since this list is intended as a reminder, it does not include effective dates that occur within 14 days of publication.)

Rules Going Into Effect Today

HEW/FDA—Expanded use of National Drug Code (NDC) number..... 13017; 3–8–77

DOT/FAA—Beech 99 series airplanes; airworthiness directive.. 12163; 3–3–77

Standard instrument approach procedures..... 12168; 3–3–77

List of Public Laws

NOTE: No public bills which have become law were received by the Office of the Federal Register for inclusion in today's LIST OF PUBLIC LAWS.

The six-month trial period ended August 6. The program is being continued on a voluntary basis (see **OFR** notice, 41 FR 32914, August 6, 1976). The following agencies have agreed to remain in the program:

Monday	Tuesday	Wednesday	Thursday	Friday
NRC	USDA/ASCS		NRC	USDA/ASCS
DOT/COAST GUARD	USDA/APHIS		DOT/COAST GUARD	USDA/APHIS
DOT/NHTSA	USDA/FNS		DOT/NHTSA	USDA/FNS
DOT/FAA	USDA/REA		DOT/FAA	USDA/REA
DOT/OHMO	CSC		DOT/OHMO	CSC
DOT/OPSO	LABOR		DOT/OPSO	LABOR
	HEW/FDA			HEW/FDA

Documents normally scheduled on a day that will be a Federal holiday will be published the next work day following the holiday.

Comments on this program are still invited. Comments should be submitted to the Day-of-the-Week Program Coordinator, Office of the Federal Register, National Archives and Records Service, General Services Administration, Washington, D.C. 20408.

ATTENTION: For questions, corrections, or requests for information please see the list of telephone numbers appearing on opposite page.

federal register

Area Code 202 Phone 523–5240

Published daily, Monday through Friday (no publication on Saturdays, Sundays, or on official Federal holidays), by the Office of the Federal Register, National Archives and Records Service, General Services Administration, Washington, D.C. 20408, under the Federal Register Act (49 Stat. 500, as amended; 44 U.S.C., Ch. 15) and the regulations of the Administrative Committee of the Federal Register (1 CFR Ch. I). Distribution is made only by the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402.

The FEDERAL REGISTER provides a uniform system for making available to the public regulations and legal notices issued by Federal agencies. These include Presidential proclamations and Executive orders and Federal agency documents having general applicability and legal effect, documents required to be published by Act of Congress and other Federal agency documents of public interest. Documents are on file for public inspection in the Office of the Federal Register the day before they are published, unless earlier filing is requested by the issuing agency.

The FEDERAL REGISTER will be furnished by mail to subscribers, free of postage, for $5.00 per month or $50 per year, payable in advance. The charge for individual copies is 75 cents for each issue, or 75 cents for each group of pages as actually bound. Remit check or money order, made payable to the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402.

There are no restrictions on the republication of material appearing in the FEDERAL REGISTER.

rules and regulations

This section of the FEDERAL REGISTER contains regulatory documents having general applicability and legal effect most of which are keyed to and codified in the Code of Federal Regulations, which is published under 50 titles pursuant to 44 U.S.C. 1510.
The Code of Federal Regulations is sold by the Superintendent of Documents. Prices of new books are listed in the first FEDERAL REGISTER issue of each month.

Title 7—Agriculture

CHAPTER IX—AGRICULTURAL MARKETING SERVICE (MARKETING AGREEMENTS AND ORDERS; FRUITS, VEGETABLES, NUTS), DEPARTMENT OF AGRICULTURE

[Navel Orange Reg. 408]

PART 907—NAVEL ORANGES GROWN IN ARIZONA AND DESIGNATED PART OF CALIFORNIA

Limitation of Handling

AGENCY: Agricultural Marketing Service, USDA.

ACTION: Final Rule.

SUMMARY: This regulation establishes the quantity of California-Arizona navel oranges that may be shipped to fresh market during the weekly regulation period April 8–14, 1977. This regulation is needed to provide for orderly marketing of fresh navel oranges for the regulation period because of the production and marketing situation confronting the navel orange industry.

EFFECTIVE DATE: April 8, 1977.

FOR FURTHER INFORMATION CONTACT:

Charles R. Brader, Deputy Director, Fruit and Vegetable Division, Agricultural Marketing Service, U.S. Department of Agriculture, Washington, D.C. 20250, (202) 447–3545.

SUPPLEMENTARY INFORMATION: (a) *Findings.* (1) Pursuant to the amended marketing agreement and Order No. 907, as amended (7 CFR Part 907), regulating the handling of navel oranges grown in Arizona and designated part of California, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601–674), and upon the basis of the recommendations and information submitted by the Navel Orange Administrative Committee, established under the amended marketing agreement and order, and upon other available information, it is found that the limitation of handling of such navel oranges, as provided in this regulation will tend to effectuate the declared policy of the act.

(2) The need for this regulation to limit the quantity of navel oranges that may be marketed during the specified week stems from the production and marketing situation confronting the navel orange industry.

(i) The committee has submitted its recommendation for the quantity of navel oranges it considers advisable to be handled during the specified week. The recommendation resulted from consideration of the factors covered in the order. The committee further reports the demand for navel oranges continues about steady at this time. Average f.o.b. price was $3.84 per carton on a reported sales volume of 1,225 carlots last week, compared to $3.78 per carton on sales of 1,421 carlots a week earlier. Track and rolling supplies at 529 cars were down 91 cars from last week.

(ii) Having considered the recommendation and information submitted by the committee, and other available information, the Secretary finds that the quantity of navel oranges which may be handled should be established as provided in this regulation.

(3) It is further found that it is impracticable and is contrary to the public interest to give preliminary notice, engage in public rulemaking procedure, and postpone the effective date until 30 days after publication in the FEDERAL REGISTER (5 U.S.C. 553), because the time intervening between the date when information upon which this regulation is based became available and the time when it must become effective to effectuate the declared policy of the act is insufficient. A reasonable time is permitted, for preparation for the effective time; and good cause exists for making the regulation effect as specified. The committee held an open meeting during the current week, after giving due notice, to consider supply and market conditions for naval oranges and the need for regulation. Interested persons were afforded an opportunity to submit information and views at this meeting. The recommendation and supporting information for regulation during the period specified were promptly submitted to the Secretary after the meeting was held, and information concerning the provisions and effective time has been provided to handlers of navel oranges. It is necessary, to effectuate the declared policy of the act, to make this regulation effective as specified. The committee meeting was held on April 5, 1977.

§ 907.708 Navel Orange Regulation 408.

* * * * * *

(b) *Order.* (1) The respective quantities of navel oranges grown in Arizona and designated part of California which may be handled during the period April 8, 1977, through April 14, 1977, are hereby fixed as follows:

(i) District 1: 1,175,000 cartons;

(ii) District 2: 275,000 cartons;

(iii) District 3: Unlimited movement.

(2) As used in this section: "handled," "District 1," "District 2," "District 3," and "carton" have the same meaning as when used in said amended marketing agreement and order.

(Secs. 1–19, 48 Stat. 31, as amended; 7 U.S.C. 601–674)

Dated: April 6, 1977.

CHARLES R. BRADER,
Acting Director, Fruit and Vegetable Division, Agricultural Marketing Service.

[FR Doc.77-10523 Filed 4-6-77;1:07 pm]

Title 10—Energy

CHAPTER I—NUCLEAR REGULATORY COMMISSION

PART 51—LICENSING AND REGULATORY POLICY AND PROCEDURES FOR ENVIRONMENTAL PROTECTION

Minor Corrective Amendment

AGENCY: Nuclear Regulatory Commission.

ACTION: Correction.

SUMMARY: The amendment makes a minor correction in the entry to Table R–3 for gaseous radiological effluents in the column entitled "Natural resource use." The reference in the Table read as published ".023" and is hereby corrected to read ".203."

EFFECTIVE DATE: The amendment is effective on April 7, 1977.

FOR FURTHER INFORMATION CONTACT:

Martin Weinstein, Office of Standards Development, U.S. Nuclear Regulatory Commission, Washington, D.C. 20555 (301) 443–6907.

SUPPLEMENTARY INFORMATION: Because these amendments relate solely to corrections and minor amendments, the Commission has found that good cause exists for omitting notice of proposed rulemaking, and public procedure thereon, as unnecessary, and for making the amendments effective on April 7, 1977. Pursuant to the Atomic Energy Act of 1954, as amended, the Energy Reorganization Act of 1974, as amended, and sections 552 and 553 of Title 5 of the United States Code, the following amendment to Title 10, Chapter I, Code of Federal Regulations, Part 51, Table S–3 is published as a document subject to codification:

The entry in the Table S–3 under the column "Natural resource use" for Effluents—radiological (curies):

Fission products and transuranics ..... .023

is amended by deleting ".023" and substituting therefor ".203".

Dated at Bethesda, Md., this 21st day of March 1977.

For the Nuclear Regulatory Commission.

LEE V. GOSSICK,
Executive Director for Operations.

[FR Doc.77-10305 Filed 4-6-77;8:45 am]

Title 13—Business Credit and Assistance

CHAPTER I—SMALL BUSINESS ADMINISTRATION

[Rev. 4, Amdt. 5]

PART 108—LOANS TO STATE AND LOCAL DEVELOPMENT COMPANIES

Loans; Use of Personal Assets; Clarification

AGENCY: Small Business Administration.

ACTION: Final Rule.

SUMMARY: SBA is clarifying the use of personal assets in approving a loan from a local development company for a project to acquire, conduct, modernize or expand a small business. Also SBA will allow the acceptance or refusal of a lender to participate in a project on a first mortgage basis as satisfactory evidence of the availability or non-availability of financing for the project. It is intended to reduce restrictive applications of the rules for use of personal assets that are detrimental when applied to economic development of a community.

EFFECTIVE DATE: March 21, 1977.

FOR FURTHER INFORMATION CONTACT:

William B. Dean, Chief, Development Company Loan Division—(202) 653-6842.

SUPPLEMENTARY INFORMATION: The economic growth of the community is the primary reason for the financial assistance to the LDC. The establishment, modernization, and expansion of a small business beneficiary have been determined to aid the economic growth of the community by providing employment opportunities, tax base, and similar general economic factors. The development company needs to assure itself that the beneficiary small business concern has invested or is investing an economically realistic amount of its business asset in the proposed project.

To clarify this relationship, revised § 108.502-1(f)(1) would delete reference to the small business concern and; revised § 108.502-1(f)(2) would add the provision that the refusal or acceptance of a lender to participate in a project either on a first mortgage basis, or on a guaranty, or immediate participation basis with the development company will be satisfactory evidence of the availability or non-availability of such financing.

The first mortgage plan is an arrangement for joint financing whereby the lender agrees to finance a portion of the project cost and takes a first lien position with other debt including the SBA loan subordinated thereto. The percentage portion of project cost acceptable is based on the generally accepted or normal lending practice for mortgage financing in the area in which the project is located.

Revised § 108.502-1(f)(3) would clarify the use of assets other than business assets to secure SBA loan.

The Small Business Administration has determined that this document does not contain a major proposal requiring preparation of an Inflation Impact Statement under Executive Order 11821 and OMB Circular A 107.

On March 1, 1977, there was published in the FEDERAL REGISTER (42 FR 11842) a notice of this proposed rule making. Interested parties were given an opportunity to submit comments no later than March 21, 1977. No comments were received. Accordingly, pursuant to authority contained in section 502 of the Small Business Investment Act of 1958 (SBI Act), 15 U.S.C. 696 as amended, notice is hereby given that the Small Business Administration amends § 108.502-1(f) Chapter I, Title 13 of the Code of Federal Regulations to read as follows:

§ 108.502-1 Section 502 loans.

* * * * *

(f) *Other financing.* (1) A loan application will be accepted for processing if the development company shall show to the satisfaction of SBA that the desired financial assistance is not available on reasonable terms from other sources.

(2) It must be satisfactorily demonstrated that the desired financing is not available to the development company by means of sale of stock or debt securities, or both, of the development company; from funds agreed to be furnished by participating members of the development company; by means of a first mortgage participation; or by loans from a lending institution (or not less than two lending institutions where the population of the community exceeds 200,000) which has a sufficient lending limit to cover the loan applied for.

(3) Generally, the plant should constitute adequate collateral. However, SBA may require a pledge of additional assets where the use of such additional collateral is necessary for the loan to be so secured as to reasonably assure repayment.

* * * * *

(Catalog of Federal Domestic Programs No. 59.013 State and Local Development Company Loans.)

Dated: March 31, 1977.

ROGER H. JONES,
Acting Administrator.

[FR Doc.77-10308 Filed 4-6-77;8:45 am]

Title 14—Aeronautics and Space

CHAPTER I—FEDERAL AVIATION ADMINISTRATION; DEPARTMENT OF TRANSPORTATION

[Doc. 77-NW-8-AD; Amendment 39-2868]

PART 39—AIRWORTHINESS DIRECTIVE

ADS Supply Co., and Air Spares International, Inc.; Unapproved Appliances Installed in Boeing Model Airplanes

AGENCY: Federal Aviation Administration/DOT (FAA).

ACTION: Final Rule, Amendment to Existing AD.

SUMMARY: This amendment of AD 77-05-05, Amendment 39-2849 to Part 39 of the Federal Aviation Regulations (14 CFR Part 39) (42 FR 13271) adds to the listing six additional unapproved appliances which must be removed from service. The appliances have not been shown to conform to FAA approved type design data and cannot, therefore, be considered to be in a condition for safe operation.

DATES: Effective date—April 7, 1977

FOR FURTHER INFORMATION, CONTACT:

Donald L. Riggin, Engineering and Manufacturing Branch, NW Region, Federal Aviation Administration, FAA Building, Boeing Field, Seattle, Washington 98108; telephone (206) 767-2717.

SUPPLEMENTARY INFORMATION: Airworthiness Directive 77-05-05 was issued March 2, 1977, and published in the FEDERAL REGISTER on March 10, 1977, (42 FR 13271) effective that date. AD 77-05-05 superseded AD 77-04-03 and contained a more comprehensive listing of unapproved appliances as well as incorporating the requirements of an AD issued telegraphically on February 19, 1977. Six additional unapproved appliances are now known to the FAA and AD 77-05-05 is being amended to include those appliances. The effect of the rule is to require the removal of such appliances.

This rule was coordinated with the Boeing Company and with the operators through the Air Transport Association (ATA) prior to issuance. There were no substantial comments.

§ 39.13 [Amended]

Accordingly, pursuant to the authority delegated to me by the Administrator (14 CFR 11.89), § 39.13 of the Federal Aviation Regulations, Amendment 39-2849 (AD 77-05-05) is further amended, effective April 7, 1977, as follows:

1. By redesignating paragraph H as paragraph I.

2. By adding a new paragraph H reading as follows:

ADS SUPPLY CO. AND AIR SPARES INTERNATIONAL, INC.

* * * * *

H. By May 6, 1977, remove the following appliances: (additional dash numbers identify airline configuration):

BOEING PART NO. AND UNIT	
69-37339-	Stall warning test module.
65-79479-	Autobrake accessory unit.
69-37334-	Cabin altimeter and rate of climb module.
65-73606-	Engine accessory unit.
65-52812-	Autopilot accessory unit.
65B-46136-	Fire detector module.

* * * * *

(Sections 313(a), 601, and 603 of the Federal Aviation Act of 1958 (49 U.S.C. 1354(a), 1421, and 1423) and Section 6(c) of the Department of Transportation Act (49 U.S.C. 1655(c)).)

NOTE.—An evaluation of the anticipated impacts has been made, and it is expected that the final regulation is neither costly nor controversial. The preparation of an Economic Impact Statement under Executive Order 11821, as amended by Executive Order 11949, and OMB Circular A-107 is not required.

Issued in Seattle, Washington, on March 29, 1977.

C. B. WALK, JR.,
Director, Northwest Region.

[FR Doc.77-10088 Filed 4-6-77;8:45 am]

[Doc. No. 77-EA-17; Amdt. 39-2866]

PART 39—AIRWORTHINESS DIRECTIVES

Fairchild Hiller Aircraft

AGENCY: Federal Aviation Administration/DOT(FAA).

ACTION: Final Rule.

SUMMARY: This amendment to Part 39 of the Federal Aviation Regulations (14 CFR Part 39) adds a new Airworthiness Directive which is applicable to Fairchild Hiller type 1100 and FH-1100 helicopters and requires an inspection of the two tail rotor tension torsion (T-T) bars and replacement where necessary.

DATES: Effective date: April 11, 1977. Compliance with the Airworthiness Directive is required within 25 hours in service after the effective date.

ADDRESSES: Fairchild Hiller Service Bulletin SBFH 1100-55-2A is available from the manufacturer at Fairchild Industries, Inc., Fairchild Republic Company, Hagerstown, Maryland 21740.

FOR FURTHER INFORMATION CONTACT:

Marion Jozefowski, Manufacturing Inspection Section, AEA-218, Federal Building, J.F.K. International Airport, Jamaica, New York 11430; Tel. 212-995-2845.

SUPPLEMENTARY INFORMATION: There have been reports of failed T-T bars on the subject helicopters which have resulted in extensive tail rotor damage and could have resulted in loss of the helicopter. Since this deficiency can exist or develop in helicopters of similar type design an Airworthiness Directive is being issued which will require an inspection of the T-T bars and replacement if the bar does not meet the service bulletin or other approved criteria. Since air safety is involved, notice and public procedure hereon are impractical and the amendment can be made effective in less than 30 days.

It has been determined that the expected impact of the proposed regulation is so minimal that the proposal does not warrant an evaluation.

§ 39.13 [Amended]

Accordingly, and pursuant to the authority delegated to me by the Administrator (14 CFR 11.89), § 39.13 of Part 39 of the Federal Aviation Regulations (14 CFR 39.13) is amended, effective April 11, 1977, by issuing a new Airworthiness Directive as follows:

FAIRCHILD (HILLER): Applies to Model 1100 and FH-1100 type helicopters certified in all categories.

Compliance required as follows: To detect improper surface finish in the bolt holes at each end of the tail rotor tension torsion bars, P/N's 24-55106 which could lead to cracking of the bar plates, accomplish the following within the next 25 hours in service after the effective date of this AD unless already accomplished.

Inspect the two tail rotor tension torsion bars, P/N's 24-55106 which have serial numbers prior to 1902 or illegible serial numbers, in accordance with Fairchild FH-1100 Service Bulletin No. SBFH1100-55-2A dated 19 January 1977, Section 2 "Accomplishment Instructions" or equivalent procedure approved by the Chief, Engineering and Manufacturing Branch, FAA, Eastern Region.

If tension torsion bars are found unacceptable in accordance with the service bulletin or those procedures approved by the Chief, Engineering and Manufacturing Branch, replace the bar with one that has been inspected and found acceptable in accordance with the service bulletin or an equivalent procedure approved by the Chief, Engineering and Manufacturing Branch, FAA, Eastern Region.

Upon submission of substantiating data by an owner or operator through an FAA Maintenance Inspector, the Chief, Engineering and Manufacturing Branch, FAA, Eastern Region may adjust the inspection interval specified in this AD.

(Secs. 313(a), 601, and 603, Federal Aviation Act of 1958, as amended 49 U.S.C. 313(a), 1421, and 1423; Sec. 6(c), Department of Transportation Act, 49 U.S.C. 1655(c).)

NOTE.—The Federal Aviation Administration has determined that this document does not contain a major proposal requiring preparation of a Economic Impact Statement under Executive Order 11821, as amended by Executive Order 11949, and OMB Circular A-107.

Issued in Jamaica, New York, on March 28, 1977.

L. J. CARDINALI,
Acting Director, Eastern Region.

[FR Doc.77-10086 Filed 4-6-77;8:45 am]

[Doc. No. 76-EA-99; Amdt. 39-2864]

PART 39—AIRWORTHINESS DIRECTIVES

Lycoming Aircraft Engines

AGENCY: Federal Aviation Administration/DOT(FAA).

ACTION: Final Rule.

SUMMARY: This amendment to Part 39 of the Federal Aviation Regulations (14 CFR Part 39) adds a new Airworthiness Directive which requires the alteration of the oil level gage on certain Lycoming 0-320 type aircraft engines.

DATES: Effective date: April 11, 1977. Compliance with the amendment is required within 50 hours in service after the effective date.

ADDRESSES: Lycoming Service Bulletin 407A may be obtained from the manufacturer at Williamsport, Pennsylvania 17701.

FOR FURTHER INFORMATION CONTACT:

E. Manzi, Propulsion Section, AEA-214, Federal Building, J.F.K. International Airport, Jamaica, New York 11430; Tel. 212-995-2894.

SUPPLEMENTARY INFORMATION: There have been reports of metal contamination of the oil systems and loss of oil pressure due to failure of the oil level gage. Apparently, improper positioning of the gage permits contact with the rotating parts of the engine and ultimate failure. Since this condition is likely to exist or develop in other similarly designed type engines, an airworthiness directive is being issued which will require alteration of the oil level gage. As this deficiency affects air safety, notice and public procedure hereon are impractical and an airworthiness directive may be made effective in less than 30 days.

It has been determined that the expected impact of the proposed regulation is so minimal that the proposal does not warrant an evaluation.

§ 39.13 [Amended]

Accordingly, and pursuant to the authority delegated to me by the Administrator (14 CFR 11.89), § 39.13 of Part 39 of the Federal Aviation Regulations (14 CFR 39.13) is amended, effective April 11, 1977, by issuing a new Airworthiness Directive as follows:

AVCO LYCOMING. Applies to the 0-320-H2AD-76 series Lycoming engines Serial Numbers 101-76 thru 1049-76.

Compliance required within 50 hours in service after the effective date of this AD, unless previously accomplished.

To prevent the incorrect installation of the P/N LW-14784 or the P/N LW-15481 oil level gage modify the P/N 75675 oil filler extension by installing a P/N LW-15498 perforated sleeve as follows:

(a) Remove the P/N 75675 oil filler extension from the engine.

(b) Insert the P/N LW-15498 perforated sleeve in the oil filler extension. Make certain that the flanged end rest evenly against the recessed surface below the threads inside of the oil filler extension. Locate and mark the perforated sleeve where it protrudes through the base of the oil filler extension.

V4267 APR 7 7 UMI

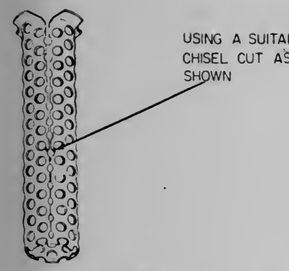

FIGURE 1

(c) After locating this position, remove the perforated sleeve from the oil filler extension and insert a length of ¾ inch diameter steel rod into the sleeve. Place the steel rod and sleeve in a vise or other suitable holding device and with a narrow chisel cut the perforated sleeve as shown in figure 1 at the location marked per instructions of item (b) of this AD.

(d) Remove the ¾ inch diameter steel rod and install the perforated sleeve in the oil filler extension. Bend the chiseled section of the perforated sleeve at the seam to form a tab as shown in figure 2.

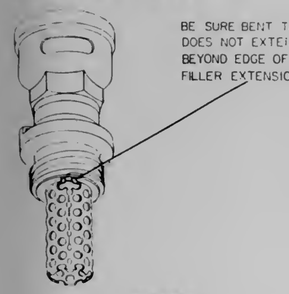

FIGURE 2

(e) Install the reworked oil filler extension and perforated sleeve in the engine, making certain that the P/N 70457 gasket is properly in place between the oil filler extension and the engine crankcase. Install either P/N LW-14784 or P/N LW-15481 oil level gage. Apply lockwire as required.

(f) Upon submission of substantiating data through an FAA Maintenance Inspector, the Chief, Engineering and Manufacturing Branch, FAA, Eastern Region, may adjust the compliance time.

NOTE.—AVCO Lycoming Service Bulletin No. 407A covers this subject.

(Secs. 313(a), 601, and 603, Federal Aviation Act of 1958, as amended 49 U.S.C. 313(a), 1421, and 1423; Sec. 6(c), Department of Transportation Act, 49 U.S.C. 1655(c).)

NOTE.—The Federal Aviation Administration has determined that this document does not contain a major proposal requiring preparation of a Economic Impact Statement under Executive Order 11821, as amended by Executive Order 11949, and OMB Circular A-107.

Issued in Jamaica, New York, on March 28, 1977.

L. J. CARDINALI,
Acting Director, Eastern Region.

[FR Doc.77-10087 Filed 4-6-77;6:45 am]

[Doc. No. 76-EA-86; Amdt. 39-2865]

PART 39—AIRWORTHINESS DIRECTIVES

Piper Aircraft

AGENCY: Federal Aviation Administration/DOT (FAA).

ACTION: Final Rule.

SUMMARY: This amendment to Part 39 of the Federal Aviation Regulations (14 CFR Part 39) amends AD 74-17-04 applicable to Piper PA-12, 14, 15, 16, 17, 20, and 22 type airplanes. This amendment extends the applicability to additional PA-22 type airplanes, which had been omitted from the AD. The problem supporting the AD concerns itself with the failure of fabric at the top of the windshield.

DATES: Effective date: April 11, 1977. The original compliance time of 25 hours in service after the effective date of this AD applies to the newly covered aircraft.

ADDRESSES: Piper Kits and Service Bulletins may be obtained from Piper, 820 East Bald Eagle Street, Lock Haven, Pennsylvania 17745.

FOR FURTHER INFORMATION CONTACT:

C. Kallis, Airframe Section, Engineering and Manufacturing Branch, AEA-212, Federal Building, J.F.K. International Airport, Jamaica, New York 11430 (212-995-2875).

SUPPLEMENTARY INFORMATION: AD 74-17-04 was effective on August 16, 1974, and amended April 9, 1975. The AD requires the incorporation of a Piper Kit which remedies a fabric deficiency problem and requires repetitive inspections.

Since the foregoing affects air safety, notice and public procedure hereon are impractical and good cause exists for making the directive effective in less than 30 days.

It has been determined that the expected impact of the proposed regulation is so minimal that the proposal does not warrant an evaluation.

§ 39.13 [Amended]

Accordingly, and pursuant to the authority delegated to me by the Administrator (14 CFR 11.89), § 39.13 of Part 39 of the Federal Aviation Regulations (14 CFR 39.13) is amended, effective April 11, 1977, by amending AD 74-17-04 as follows:

Amend the applicability paragraph of AD 74-17-04 Amendment 39-2154 to read as follows:

Applies to the following Models which are covered with cotton or linen at the critical area on top of the windshield where the fabric attaches to the channel: PA-12, Serial Numbers 12-2904 and higher, except 12-2907, 12-2911, 12-2914, 12-2915, 12-2917, 12-2925, 12-2950, 12-3026-S and 12-3901 through 12-3903; PA-14; PA-15; PA-16; PA-17; PA-20; and PA-22 airplanes, Serial Numbers 22-1 and up, certificated in all categories.

Also amend paragraph 1(b) to read as follows:

(b) Kit 754 404 effective on: All PA-15, PA-16, PA-17 and PA-20 and PA-22 Airplane Serial Numbers 22-1 and up.

(Secs. 313(a), 601, and 603, Federal Aviation Act of 1958, as amended 49 U.S.C. 313(a), 1421, and 1423; Sec. 6(c), Department of Transportation Act, 49 U.S.C. 1655(c).)

NOTE.—The Federal Aviation Administration has determined that this document does not contain a major proposal requiring preparation of a Economic Impact Statement under Executive Order 11821, as amended by Executive Order 11949, and OMB Circular A-107.

Issued in Jamaica, New York, on March 28, 1977.

L. J. CARDINALI,
Acting Director, Eastern Region.

[Doc. No. 15414; Amdt. No. 61-65]

PART 61—CERTIFICATION: PILOTS AND FLIGHT INSTRUCTORS

Second-in-Command Qualifications

• *Purpose.* The purpose of this amendment to Part 61 of the Federal Aviation Regulations is to make an exception for the holder of a commercial pilot or airline transport pilot certificate with appropriate category and class ratings from certain of the qualification requirements applicable to pilots who serve as second in command of large airplanes or turbojet-powered multiengine airplanes type certificated for more than one required pilot flight crewmember. •

Interested persons have been afforded an opportunity to participate in the making of this amendment by a notice of proposed rulemaking (Notice No. 76-4) issued on February 24, 1976, and published in the FEDERAL REGISTER on March 4, 1976 (41 FR 9366). Due consideration has been given to all comments presented in response to that notice. This amendment and the reasons therefor are the same as those contained in Notice No. 76-4.

A total of 34 public comments were received in response to the notice. All but two of those comments agreed with the proposal. The two commentators opposed to the notice were of the belief that the proposal constituted a lowering of flight crewmember qualifications and would, therefore, derogate safety. The FAA does not agree. The amendment that is adopted herein merely permits a holder of a commercial or airline transport pilot certificate with appropriate category and class ratings to conduct ferry flights, aircraft flight tests, or airborne equipment evaluation, without having performed and logged: (1) three takeoffs and three landings to a full stop as sole manipulator of the flight controls; and (2) engine-out procedures and maneuvering with an engine out while executing the duties of a pilot in command. The latter requirement may be accomplished in an airplane simulator. It is to be noted that the second in command is still required to familiarize himself with all information concerning the airplane's powerplant, major components and systems, major appliances, performance and limitations, standard and emergency operating procedures, and the contents of the approved airplane flight manual, if one is required. Moreover, appropriate category and class ratings are still required. Accordingly, the FAA believes that the holder of a commercial or airline transport pilot certificate with appropriate category and class ratings possesses sufficient aeronautical experience and knowledge to serve as second in command of a large airplane or a turbojet-powered multiengine airplane type certificated for more than one pilot flight crewmember, during ferry flights, flight tests, or when equipment evaluations are conducted, without meeting the requirements in § 61.55(b)(2).

One commentator expressed concern that the term "ferry flights" might be interpreted to mean only flights requiring a special flight permit, so as to exclude flights for the "relocation, delivery, or deadhead return" of aircraft. For this reason, the commentator requested that the term be defined. However, the FAA believes that the ordinary dictionary meaning of the word "ferry", when applied to these flights, is broad enough to include the operations referred to by the petitioner, and that it would not be appropriate to define "ferry flights" at this time.

(Secs. 313(a), 601, 602, Federal Aviation Act of 1958 (49 U.S.C. 1354(a), 1421, and 1422); sec. 6(c), Department of Transportation Act (49 U.S.C. 1656(c)).)

In consideration of the foregoing, Part 61 of the Federal Aviation Regulations is amended, effective May 9, 1977, by amending the lead in phrase of paragraph (b)(2) and by adding a new paragraph (e) to § 61.55 to read as follows:

§ 61.55 Second-in-command qualifications: operation of large airplanes or turbojet-powered multiengine airplanes.

• • • • • •

(b) • • •

(2) Except as provided in paragraph (e) of this section, performed and logged—

• • • • • •

(e) The holder of a commercial or airline transport pilot certificate with appropriate category and class ratings need not meet the requirements of paragraph (b)(2) of this section for the conduct of ferry flights, aircraft flight tests, or airborne equipment evaluation, if no persons or property other than as necessary for the operation are carried.

NOTE.—The Federal Aviation Administration has determined that this document does not contain a major proposal requiring preparation of an Economic Impact Statement under Executive Order 11821 and OMB Circular A-107.

Issued in Washington, D.C., on March 24, 1977.

JOHN MCLUCAS,
Administrator.

SUBCHAPTER F—AIR TRAFFIC AND GENERAL OPERATING RULES

[Doc. No. 16621; Amdt. No. 1067]

PART 97—STANDARD INSTRUMENT APPROACH PROCEDURES

Miscellaneous Amendments

AGENCY: Federal Aviation Administration/DOT (FAA).

ACTION: Final Rule.

SUMMARY: This amendment establishes, amends, suspends, or revokes Standard Instrument Approach Procedures (SIAPs) for operations at certain airports. These regulatory actions are needed because of the adoption of new or revised criteria, and because of changes occurring in the National Airspace System, such as the commissioning of new navigational facilities, addition of new obstacles, or changes in air traffic requirements. These changes are designed to provide safe and efficient use of the navigable airspace and to promote safe flight operations under instrument flight rules at the affected airports.

DATES: An effective date for each SIAP is specified in the amendatory provisions.

ADDRESSES: Availability of matters incorporated by reference in the amendment is as follows:

For examination—1. FAA Rules Docket, FAA Headquarters Building, 800 Independence Avenue, SW., Washington, D.C. 20591;

2. The FAA Regional Office of the region in which the affected airport is located; or

3. The Flight Inspection Field Office which originated the SIAP.

For Purchase—Individual SIAP copies may be obtained from:

1. FAA Public Information Center (APA-430), FAA Headquarters Building, 800 Independence Avenue SW., Washington, D.C. 20591; or

2. The FAA Regional Office of the region in which the affected airport is located.

By Subscription—Copies of all SIAPs, mailed weekly, may be ordered from Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402. The current annual subscription price is $150.00; add $30.00 for each additional copy mailed to the same address.

FOR FURTHER INFORMATION CONTACT:

William L. Bersch, Flight Procedures and Airspace Branch (AFS-730), Aircraft Programs Division, Flight Standards Service, Federal Aviation Administration, 800 Independence Avenue SW., Washington, D.C. 20591; telephone 202-426-8277.

SUPPLEMENTARY INFORMATION: This amendment to Part 97 of the Federal Aviation Regulations (14 CFR Part 97) prescribes new, amended, suspended, or revoked Standard Instrument Approach Procedures (SIAPs). The complete regulatory description of each SIAP is contained in official FAA form documents which are incorporated by reference in this amendment under 5 U.S.C. 552(a), 1 CFR Part 51, and § 97.20 of the Federal Aviation Regulations (FARs). The applicable FAA forms are identified as FAA Forms 8260-3, 8260-4 and 8260-5. Materials incorporated by reference are available for examination or purchase as stated above.

The large number of SIAPs, their complex nature, and the need for a special format make their verbatim publication in the FEDERAL REGISTER expensive and impractical. Further, airmen do not use the regulatory text of the SIAPs but refer to their graphic depiction on charts printed by publishers of aeronautical materials. Thus, the advantages of incorporation by reference are realized and publication of the complete description of each SIAP contained in FAA form document is unnecessary. The provisions of this amendment state the affected CFR (and FAR) sections, with the types and effective dates of the SIAPs. This amendment also identifies the airport, its location, the procedure identification and the amendment number.

This amendment to Part 97 is effective on the date of publication and contains separate SIAPs which have compliance dates stated as effective dates based on related changes in the National Airspace System or the application of new or revised criteria. Some SIAP amendments may have been previously issued by the FAA in a National Flight Data Center (FDC) Notice to Airmen (NOTAM) as an emergency action of immediate flight safety relating directly to published aeronautical charts. The circumstances which created the need for some SIAP amendments may require making them effective in less than 30 days. For the remaining SIAPs, an effective date at least 30 days after publication is provided.

Further, the SIAPs contained in this amendment are based on the criteria contained in the U.S. Standard for Terminal Instrument Approach Procedures (TERPs). In developing these SIAPs, the TERPs criteria were applied to the conditions existing or anticipated at the affected airports. Because of the close and immediate relationship between these SIAPs and safety in air commerce, I find that notice and public procedure before adopting these SIAPs is unnecessary, impracticable, or contrary to the public interest and, where applicable, that good cause exists for making some SIAPs effective in less than 30 days.

Accordingly, pursuant to the authority delegated to me, Part 97 of the Federal Aviation Regulations (14 CFR Part 97)

V 4267 APR 7 7 UMI

is amended by establishing, amending, suspending, or revoking Standard Instrument Approach Procedures, effective on the dates specified, as follows:

1. By amending § 97.23 VOR-VOR/DME SIAPs identified as follows:

• • • *effective June 16, 1977.*

College Station, TX—Easterwood Field, VOR Rwy 10 (TAC), Amdt. 12.
College Station, TX—Easterwood Field, VOR Rwy 28, Amdt. 4.

• • • *effective May 19, 1977.*

Dothan, ALA, Dothan Arpt., VOR/DME Rwy 13, Amdt. 6, cancelled.
Dothan, ALA, Dothan Arpt., VOR/DME Rwy 18, Amdt. 7, cancelled.

• • • *effective May 5, 1977.*

Bemidji, MN—Bemidji Muni Arpt., VOR Rwy 13, Amdt. 10.

• • • *effective April 21, 1977.*

Anderson, IN—Anderson Municipal Arpt., VOR-A, Amdt. 3.

2. By amending § 97.25 SDF-LOC-LDA SIAPs identified as follows:

• • • *effective June 16, 1977.*

Denver, CO—Arapahoe County Arpt., LOC-Rwy 34R, Amdt. 1.
College Station, TX—Easterwood Field, LOC (BC) Rwy 16, Amdt. 3.

• • • *effective May 19, 1977.*

Dothan, AL—Dothan Arpt., LOC(BC) Rwy 13, Amdt. 1.
Orlando, FL—Herndon Arpt., LOC(BC) Rwy 25, Amdt. 11.

• • • *effective April 21, 1977.*

Anderson, IN—Anderson Municipal Arpt., LOC Rwy 30, Original.

The FAA published Amendments in Docket No. 16588, Amdt. No. 1063 to Part 97 of the Federal Aviation Regulations (42 FR 13274; March 10, 1977) under Section 97.25 effective April 21, 1977, which is hereby amended as follows: Bethel, AK—Bethel Arpt., LOC/DME (BC) Rwy 36, Amdt. 1 is revoked. (Original is to remain.)

3. By amending § 97.27 NDB/ADF SIAPs identified as follows:

• • • *effective June 16, 1977.*

Denver, CO—Arapahoe County Arpt., NDB Rwy 34R, Amdt. 1.
College Station, TX—Easterwood Field, NDB Rwy 34, Amdt. 3.

• • • *effective May 19, 1977.*

Orlando, FL—Herndon Arpt., NDB Rwy 7, Amdt. 8.
Canton, IL—Ingersoll Arpt., NDB Rwy 36, Amdt. 1.
Bloomington, IN—Monroe County, NDB Rwy 35, Amdt. 1.
Houma, LA—Houma-Terrebonne Arpt., NDB Rwy 17, Amdt. 3.
Bennettsville, SC—Bennettsville Arpt., NDB Rwy 6, Orig.

• • • *effective May 5, 1977.*

Bemidji, MN—Bemidji Muni. Arpt., NDB Rwy 31, Original.

• • • *effective April 21, 1977.*

Anderson, IN—Anderson Municipal Arpt., NDB Rwy 12, Amdt. 6, cancelled.
Anderson, IN—Anderson Municipal Arpt., NDB Rwy 30, Original.

4. By amending § 97.29 ILS—MLS SIAPs identified as follows:

• • • *effective June 16, 1977.*

College Station, TX—Easterwood Field, ILS Rwy 34, Amdt. 3.

• • • *effective May 19, 1977.*

Dothan, AL—Dothan Arpt., ILS Rwy 31, Amdt. 2.
Orlando, FL—Herndon Arpt., ILS Rwy 7, Amdt. 12.
Bloomington, IN—Monroe County Arpt., ILS Rwy 35, Amdt. 1.

• • • *effective May 5, 1977.*

Bemidji, MN—Bemidji Muni Arpt., MLS Rwy 31 (Interim), Orig.

• • • *effective May 5, 1977.*

New Haven, CT—Tweed-New Haven Arpt., ILS Rwy 2, Amdt. 6.

The FAA published Amendments in Docket No. 16568, Amdt. No. 1063 to Part 97 of the Federal Aviation Regulations (42 FR 13274; March 10, 1977) under § 97.29 effective April 21, 1977, which is hereby amended as follows: Bethel, AK—Bethel Arpt., ILS/DME, Rwy 18, Amdt. 1 is revoked. (Original is to remain.)

5. By amending § 97.31 RADAR SIAPs identified as follows:

• • • *effective May 19, 1977.*

Orlando, FL—Herndon Arpt., RADAR-1, Amdt. 16.
Charleston, WV—Kanawha Arpt., RADAR-1, Amdt. 9.

6. By amending § 97.33 RNAV SIAPs identified as follows:

• • • *effective May 19, 1977.*

Joliet, IL—Joliet Municipal Arpt., RNAV Rwy 12, Amdt. 8.

(Secs. 307, 313(a), 601, and 1110, Federal Aviation Act of 1958 (49 U.S.C. 1348, 1354(a), 1421, and 1510); Sec. 6(c), Department of Transportation Act (49 U.S.C. 1655(c)); Delegation: 24 FR 5662 and Paragraph 802 of Order FS P 1100.1, as amended March 9, 1973.)

The Federal Aviation Administration has determined that this document does not contain a major proposal requiring preparation of an Economic Impact Statement under Executive Order 11821, as amended by Executive Order 11949, and OMB Circular A-107.

NOTE.—The incorporation by reference in the preceding document was approved by the Director of the FEDERAL REGISTER on May 12, 1969.

Issued in Washington, D.C., on April 1, 1977.

JAMES M. VINES,
Chief,
Aircraft Programs Division.

[FR Doc.77-10179 Filed 4-6-77;8:45 am]

[Doc. No. 12881; Amdt. Nos. 121-133; 123-7; and 135-44]

AIR TRANSPORTATION OF HANDICAPPED PERSONS WHO MAY NEED EVACUATION ASSISTANCE

Certification and Operations

The purpose of these amendments to Parts 121 and 135 of the Federal Aviation Regulations is to provide rules for the safe carriage by the holders of Parts 121 and 135 certificates of persons who may require the assistance of another person during an emergency evacuation.

Interested persons have been afforded an opportunity to participate in making of this amendment by a Notice of Proposed Rule Making (Notice 74-25) issued July 2, 1974, and published in the FEDERAL REGISTER on July 5, 1974 (39 FR 24667). Due consideration has been given to all comments presented in response to the notice. Except as specifically discussed hereinafter, and except for minor editorial changes, these amendments and the reasons therefor are the same as those in Notice 74-25.

Because of increasing concern about the availability of adequate air carriage for the millions of handicapped persons in the United States, the Civil Aeronautics Board (CAB) on October 14, 1971, issued an advance notice of proposed rule making (ANPRM) to notify the public of the Board's consideration of rule making action to amend its "Economic Regulations" (14 CFR Part 221) and "Policy Statements" (14 CFR Part 399) to provide for terms and conditions governing the carriage by air of physically handicapped persons.

Subsequent to the issuance of the CAB notice, the CAB referred the matter to the Department of Transportation (FAA) for a determination of the relevant safety parameters associated with the carriage by air of disabled persons, and deferred its own proceedings until the appropriate safety standards had been established. Consequently, on May 30, 1973, the FAA issued an ANPRM, Notice No. 73-16 (published in the FEDERAL REGISTER on June 5, 1973; 38 FR 14757), entitled "Air Transportation of Handicapped Persons." The purpose of that notice was to solicit comments from interested persons in order to select a course, or alternative courses, of action to take in order to develop a notice of proposed rule making (NPRM). Moreover, subsequent to the issuance of the ANPRM, and due to significant public interest, six public hearings concerning the transportation of handicapped persons were held throughout the United States.

Based upon the comments received in response to the ANPRM, statements made at the public hearings, and the FAA's consideration of the problems of evacuating persons with specific types of handicaps and the effect the carriage of those persons might have on the emergency evacuation of the other passengers, the FAA issued Notice 74-25 proposing to limit the carriage of handicapped persons in the interest of air safety only when those persons need the assistance of other persons to expeditiously evacuate the airplane.

The FAA received 1,551 public comments in response to Notice 74-25. Approximately 1,380 were opposed to proposed new § 121.584, *Carriage of persons needing evacuation assistance.* The main objections were to: the definition of a handicapped person; the provision for a physician's statement; the restriction of the number of handicapped passengers; and the designation of specific seating locations. Comments received also indicated that the provision for carriage of large groups of handicapped persons was in need of clarification.

Subsequent to the issue of Notice 74-25, the FAA Civil Aeromedical Institute (CAMI) conducted simulated air carrier aircraft evacuations using individuals with actual handicaps, alone and in groups of persons without handicaps. The CAMI research was directed at determining where handicapped passengers should be seated in an air carrier aircraft so that in the event of an emergency evacuation they can leave the aircraft, assisted or unassisted, by the safest, most expeditious route while not slowing the evacuation of fellow passengers. The results of this research indicate that the seating requirements of proposed § 121.584, particularly with respect to nonambulatory handicapped persons, would not be appropriate.

As a part of its research, CAMI examined air carrier accident files to determine if any evacuation problems have been attributed to handicapped persons. It determined that official reports of air carrier jet aircraft incidents and accidents from 1961 to the present do not contain any reference to significant delays created by handicapped passengers in aircraft evacuations. Of note is the fact that from 1970 to 1973 the National Transportation Safety Board and the FAA recorded a total of 23 evacuations for which passengers and crew had time to prepare, four of which involved handicapped passengers, and 62 evacuations for which there was no time to prepare, eleven of which involved handicapped passengers. Although the potential for handicapped passengers delaying aircraft evacuations would appear minimal, a definitive statement in this regard cannot be made due to inadequate official documentation of aircraft evacuations with respect to delay, if any, caused by handicapped persons.

In light of the large number of adverse comments received in response to proposed new § 121.584, the results of the recent CAMI research, the difficulty of prescribing seating procedures applicable to all aircraft configurations, and the lack of evidence of significant delays created by handicapped persons in actual aircraft evacuations, the FAA has determined that it would not be in the public interest to adopt § 121.584 as proposed. The FAA recognizes that difficulties encountered in providing transportation to these passengers may vary from certificate holder to certificate holder because of differences in aircraft interiors, passengers loading facilities, and other aspects of the certificate holder's operating enviroment. In view of this, the FAA has concluded that each certificate holder should be allowed to develop procedures appropriate to its own operations and aircraft.

Accordingly, the regulation, adopted as § 121.586, provides that a passenger may not be refused transportation on the basis that his transportation would or might be inimical to safety of flight unless the certificate holder has established procedures (including reasonable notice requirements) for the carriage of passengers who may need the assistance of another person to move expeditiously to an exit in the event of an emergency. Moreover, if the certificate holder has these procedures, he may not refuse to carry the passenger unless: (1) the passenger fails to comply with the notice requirements in the certificate holder's procedures; or (2) the passenger cannot be carried in accordance with the certificate holder's procedures. A copy of the procedures must be provided to the FAA district office charged with overall inspection of the certificate holder's operation.

Section 121.586 also provides that, whenever the Administrator finds that revisions in the certificate holder's procedures are necessary in the interest of safety or in the public interest, the certificate holder is required, after notification by the Administrator, to make any changes in those procedures that are found necessary by the Administrator. Within 30 days after the certificate holder receives such notice, it may file a petition to reconsider the notice with the FAA district office charged with the overall inspection of the certificate holder's operations. The filing of a petition to reconsider stays the notice pending a decision by the Administrator. However, if the Administrator finds that there is an emergency that requires immediate action in the interest of safety in air commerce, he may, upon a statement of the reasons, require a change effective without stay.

It should be noted that § 121.586, as adopted, does not affect the authority of the pilot in command under § 91.3.

The FAA is issuing an advisory circular that will be of assistance to certificate holders in developing their procedures. The advisory circular, entitled "Air Transportation of Handicapped Persons," is based on the information gained as a result of the recent CAMI research and from comments received in response to Notice 74-25. It contains guidance material for use by certificate holders in training their personnel. It will help them to become aware of the problems that the handicapped face in air travel and how to help alleviate those problems. Some of the subjects covered are: the appropriate attitude of personnel toward the handicapped; assisting passengers with specific disabilities; what to expect from guide dogs; and assisting handicapped passengers traveling in groups. In addition, the advisory circular recommends locations for seating handicapped passengers where they will not slow the evacuation of other passengers and, at the same time, be in the best position to effect their own evacuation. Sources where additional information on the transportation problems of handicapped can be obtained are also provided in the advisory circular.

Consistent with the intent of Notice 74-25, § 121.13 is being amended to include new § 121.586 in the list of those provisions with which persons operating helicopters under Part 121 must comply.

One commentator objected to the proposed amendment to § 121.311(d)(2) that would except a person who is unable to sit erect for a medical reason from the requirement that the back of his or her seat be in the upright position for takeoff and landing, on the ground that, if the aircraft were full, the reclined seat back would constitute an obstruction. The FAA does not agree because even in a full aircraft the person could be seated in the last row before a partition, and, thus, comply with the requirement that the other passengers' access to the aisle and any emergency exit not be blocked. Accordingly, § 121.311(d)(2) has been amended as proposed.

Several commentators objected to proposed new § 121.571(a)(3) that would require an individual briefing before takeoff of each handicapped person and his or her attendant, if any, concerning procedures to be followed in the event of an emergency evacuation. Some suggested that there is not sufficient time to brief those passengers and one suggested that the briefing be conducted after takeoff. Two commentators felt that repeated instructions before takeoff for each leg of a flight would be an annoyance. One commentator believed that the proposed rule is not sufficiently specific as to the briefing required.

The FAA believes that the briefing of all handicapped persons should be com-

V 4267 APR 7 7 UMI

pleted before takeoff, even if takeoff must be delayed, since an emergency evacuation might be necessary prior to takeoff. However, the FAA agrees that the rule should be clarified and § 121.571 (a)(3), as adopted, requires that the flight attendant brief the person and his attendant, if any, on the routes to each appropriate exit and the most appropriate time to begin moving to an exit in the event of an emergency. It also requires that the flight attendant inquire as to the most appropriate manner of assisting the person to prevent pain and further injury.

The FAA agrees that a briefing before each leg of a flight may be impractical and an annoyance. Therefore, § 121.571 (a)(3), as adopted, does not apply to a person who has been given a briefing before a previous leg of a flight in the same aircraft when the flight attendants on duty have been advised as to the most appropriate manner of assisting the person so as to prevent pain and further injury. An exception for a flight of more than one leg in the same aircraft has also been incorporated into new § 135.81 (b), as adopted.

Notice 74-25 proposed to amend § 121.589 by adding a new paragraph (d) that would have required the certificate holder to ensure that each crutch or cane carried aboard by a passenger who may need it in the event of an emergency evacuation is stowed so that it is readily accessible. Although this proposal received favorable comment, the CAMI research indicated that the use of crutches or canes by handicapped persons during an evacuation can result in delay. However, the CAMI evacuation tests showed that many non-ambulatory handicapped persons reached the exit with remarkable speed using seat backs for support or in the sitting position, pulling themselves backwards with their arms. Moreover, the FAA has determined that crutches and canes can cause serious damage to evacuation slides. Accordingly, the FAA has not adopted proposed § 121.589(d), and, thus, these items will have to be carried in accordance with § 121.589(a).

Finally, § 123.27 is being amended to exclude new § 121.586 from those provisions of Part 121 with which air travel clubs must comply. This is consistent with the intent of Notice 74-25.

(Sections 313(a), 601, 604, and 1111 of the Federal Aviation Act of 1958; 49 U.S.C. 1354 (a), 1421, 1424, and 1511. Section 6(c) of the Department of Transportation Act; 49 U.S.C. 1655(c).)

In consideration of the foregoing, and for the reasons stated in Notice 74-25, Parts 121, 123, and 135 of the Federal Aviation Regulations are amended, effective May 16, 1977, as follows:

PART 121—CERTIFICATION AND OPERATIONS: DOMESTIC, FLAG, AND SUPPLEMENTAL AIR CARRIERS AND COMMERCIAL OPERATORS OF LARGE AIRCRAFT

§ 121.13 [Amended]

1. By amending § 121.13(a) by inserting the phrase "121.586," after the phrase "121.575,".

§ 121.311 [Amended]

2. By amending § 121.311(d)(2) by striking out the words "stretcher cases" and by inserting in place thereof the words "persons who are unable to sit erect for a medical reason".

3. By amending § 121.417(b)(3)(iii) to read as follows:

§ 121.417 Crewmember emergency training.

* * * * *

(b) * * *

(3) * * *

(iii) Ditching and other evacuations, including the evacuation of persons and their attendants, if any, who may need the assistance of another person to move expeditiously to an exit in the event of an emergency.

* * * * *

4. By amending § 121.571 by adding new paragraphs (a)(3) and (a)(4) to read as follows:

§ 121.571 Briefing passengers before takeoff.

(a) * * *

(3) Except as provided in paragraph (a)(4) of this section, before each takeoff a flight attendant assigned to the flight shall conduct an individual briefing of each person who may need the assistance of another person to move expeditiously to an exit in the event of an emergency. In the briefing the flight attendant shall—

(i) Brief the person and his attendant, if any, on the routes to each appropriate exit and on the most appropriate time to begin moving to an exit in the event of an emergency; and

(ii) Inquire of the person and his attendant, if any, as to the most appropriate manner of assisting the person so as to prevent pain and further injury.

(4) The requirements of paragraph (a)(3) of this section do not apply to a person who has been given a briefing before a previous leg of a flight in the same aircraft when the flight attendants on duty have been advised as to the most appropriate manner of assisting the person so as to prevent pain and further injury.

* * * * *

5. By adding a new § 121.586 to Part 121 to read as follows:

§ 121.586 Authority to refuse transportation.

(a) No certificate holder may refuse transportation to a passenger on the basis that, because the passenger may need the assistance of another person to move expeditiously to an exit in the event of an emergency, his transportation would or might be inimical to safety of flight unless—

(1) The certificate holder has established procedures (including reasonable notice requirements) for the carriage of passengers who may need the assistance of another person to move expeditiously to an exit in the event of an emergency; and

(2) At least one of the following conditions exist:

(i) The passenger fails to comply with the notice requirements in the certificate holder's procedures.

(ii) The passenger cannot be carried in accordance with the certificate holder's procedures.

(b) Each certificate holder shall provide the FAA district office charged with the overall inspection of its operations with a copy of each procedure it establishes in accordance with paragraph (a)(2) of this section.

(c) Whenever the Administrator finds that revisions in the procedures described in paragraph (a)(2) of this section are necessary in the interest of safety or in the public interest, the certificate holder, after notification by the Administrator, shall make those revisions in its procedures. Within 30 days after the certificate holder receives such notice, it may file a petition to reconsider the notice with the FAA district office charged with the overall inspection of the certificate holder's operations. The filing of a petition to reconsider stays the notice pending a decision by the Administrator. However, if the Administrator finds that there is an emergency that requires immediate action in the interest of safety in air commerce, he may, upon a statement of the reasons, require a change effective without stay.

PART 123—CERTIFICATION AND OPERATIONS: AIR TRAVEL CLUBS USING LARGE AIRPLANES

§ 123.27(k) [Amended]

6. By amending § 123.27(k) by deleting the phrase "and 121.574." and substituting therefor the phrase "121.574, and 121.586.".

PART 135—AIR TAXI OPERATORS AND COMMERCIAL OPERATORS OF SMALL AIRCRAFT

7. By amending § 135.27 by striking out the period at the end of the paragraph (b)(14) and inserting a semicolon in place thereof, revising paragraph (b)(15), and adding a new paragraph (b)(16) to read as follows:

§ 135.27 Manual requirements.

* * * * *

(b) * * *

(15) Procedures for the evacuation of persons who may need the assistance of another person to move expeditiously to an exit in the event of an emergency; and

(16) Other procedures and policy instructions pertinent to the certificate holder's operations, that are issued by the certificate holder.

* * * * *

8. By revising § 135.81 to read as follows:

§ 135.81 Briefing of passengers before flight.

(a) Before each takeoff the pilot in command shall ensure that all passengers are familiar with information on—

(1) Smoking;

(2) Use of seat belts;

(3) Location and means of opening the passenger entry door and emergency exits;

(4) Location of survival equipment;

(5) If the flight involves extended over-water operation, ditching procedures and the use of required flotation equipment; and

(6) If the flight involves operations above 10,000 feet MSL, the normal and emergency use of oxygen.

(b) Before each takeoff the pilot in command shall ensure that each person who may need the assistance of another person to move expeditiously to an exit in the event of an emergency and his attendant, if any, has received a briefing as to the procedures to be followed in the event of an evacuation. The requirements of this paragraph do not apply to a person who has been given a briefing before a previous leg of a flight in the same aircraft.

9. By amending § 135.139 by striking out the word "and" at the end of the paragraph (g) and the period at the end of paragraph (h); by adding a semicolon followed by the word "and" at the end of paragraph (h); and by amending paragraph (c) and adding a new paragraph (i) to read as follows:

§ 135.139 Initial and recurrent flight attendant crewmember testing requirements.

* * * * *

(c) Crewmember assignments, functions, and responsibilities during ditching and evacuation, including evacuation of persons who may need the assistance of another person to move expeditiously to an exit in the event of an emergency;

* * * * *

(i) Seating of persons who may need the assistance of another person to move expeditiously to an exit in the event of an emergency as prescribed by the certificate holder's operations manual.

NOTE.—The Federal Aviation Administration has determined that this document does not contain a major proposal requiring preparation of an Economic Impact Statement under Executive Orders 11821 and 11949 and OMB Circular A-107.

Issued in Washington, D.C., on March 25, 1977.

JOHN MCLUCAS,
Administrator.

[FR Doc.77-10080 Filed 4-6-77;8:45 am]

Title 15—Commerce and Foreign Trade

CHAPTER III—DOMESTIC AND INTERNATIONAL BUSINESS ADMINISTRATION, DEPARTMENT OF COMMERCE

PETROLEUM AND PETROLEUM PRODUCTS

Extension of Existing Export Controls for Second Quarter, 1977

AGENCY: Department of Commerce, Office of Export Administration.

ACTION: Final rules and an interim rule.

SUMMARY: These regulations extend existing export controls over petroleum and petroleum products for the second quarter of 1977 and make certain modifications in the controls. Having reviewed the current petroleum supply/demand situation, and having consulted with other Federal agencies, the Department has concluded that the controls must be extended.

EFFECTIVE DATE: April 1, 1977.

FOR FURTHER INFORMATION CONTACT:

John Shepard, Acting Director, Exporters' Service Staff, Office of Export Administration, Department of Commerce, Washington, D.C. 20230 (telephone 202-377-4811).

SUPPLEMENTARY INFORMATION: The Export Administration Regulations (15 CFR Part 368 et seq.) are changed in the following respects:

1. Quota restrictions are removed from specialty naphtha solvents, but remain applicable to those naphthas suitable for fuel use or as a feedstock for petrochemical or synthetic natural gas production. Validated export licensing is extended to all naphthas, naphtha solvents and related intermediate oils irrespective of the Schedule B number under which these commodities are classified. This action is taken following a detailed review and consultations which indicated that quantitative restrictions on the export of all naphthas are not appropriate at this time.

2. Adopted as a final rule, with only minor additions relating to certain general licenses, are the interim regulations, published in Export Administration Bulletin No. 160, dated September 30, 1976 (41 FR 44155, October 7, 1976) and Export Administration Bulletin No. 163, dated January 1, 1977 (42 FR 1222, January 6, 1977), implementing the export prohibition contained in the Naval Petroleum Reserves Production Act of 1976 (Pub. L. 94-258). Regulations governing General Licenses Ship Stores, Plane Stores, and RCS are revised to assure that the provisions of that Act are made applicable to these General Licenses. In addition, a technical change is made to prevent the use of certain other General Licenses (GUS, GTF-US, GLR and GMS) for the export of commodities subject to the Naval Petroleum Reserves Production Act export restriction, or of commodities otherwise subject to export control for reasons of short supply. This action is taken, after review of public comments received which were relevant to the interim regulations and experience gained in their administration, to finalize and improve the regulations implementing the Naval Petroleum Reserves Production Act.

3. Interim regulations are promulgated, establishing a new commodity group, comprising commodities classified under Schedule B No. 332.9510, "petroleum asphalt," and Schedule B No. 332.9610, "paving mixtures," and placing exports of these commodities exceeding $5,000 in value under validated licensing control. The effect of this change will be to require exporters of large quantities of these commodities to demonstrate, in order to obtain an export license, that the commodities are destined for users or suppliers of petroleum asphalt and paving mixtures and will be used for non-energy purposes. This change was needed in light of substantial increases in exports of these commodities—which, either alone or blended, may be put to fuel usage—under circumstances indicating that such increased shipments may be intended for energy use; a result that would impair the effectiveness of existing volumetric controls on exports of petroleum energy commodities.

4. The regulations are revised to require exporters to certify that they will take certain actions intended to ensure that export sales of certain petroleum products have been or will be reported to the Federal Energy Administration, so that appropriate adjustments can be made by that Agency under its Domestic Crude Oil Entitlements Program.

5. The regulations are revised to provide for consideration of requests by individual exporters for authorization to accumulate their quota entitlements for a particular commodity and destination for a maximum of four calendar quarters and to apply for export licenses against such accumulated entitlements. This change is made in order to facilitate the consolidation of small shipments and to accommodate other unusual circumstances which may warrant the granting of permission to accumulate quota entitlements, provided such action is determined in the individual case not to be inconsistent with the national interest.

6. A technical revision is made permitting the face of the export license to reflect a limitation as to the port of export from which an export may be effected, when warranted under other provisions of the Export Administration Regulations. This action is taken to make clear that when such a limitation does not appear on the face of the license, that license is valid for use at any U.S. port of export. In taking the actions announced herein the Department has consulted with the Federal Energy Administration and other appropriate agencies of the Government and has reviewed the supply/demand situation with respect to the domestic availability of crude petroleum and petroleum products. Further, the Department has considered comments relevant to the subjects addressed herein which were received from interested parties in response to the invitation to comment contained in Export Administration Bulletin No. 160 of September 30, 1976 (41 FR 44155, October 7, 1976) and Bulletin No. 163 of January 1, 1977 (42 FR 1222, January 6, 1977). As a result of these consultations and reviews, the Department has determined that export controls on petroleum and petroleum products must be continued for the foreseeable future and has found that the extension of the controls and the other actions announced herein are in the national interest and consistent with the purposes of the Energy Policy and Conservation Act (Pub. L. 94-163). Accordingly, the present controls over the export of petroleum and pe-

V 4267 APR 7 7 7 UMI

troleum products are extended for the second quarter 1977, with the modifications announced herein. Quotas applicable to the export of petroleum products for each calendar quarter are contained in Supplement No. 2 to Part 377 of the Export Administration Regulations (15 CFR Part 377). Individual exporters will continue to be advised of their quota entitlements quarterly.

DISCUSSION OF MAJOR COMMENTS

Ten comments pertaining to the petroleum export controls were received. Of these, three comments were directed to the controls on naphtha. Suggestions as to possible changes in naphtha controls included:

(1) Exempting small quantity shipments from quantitative export restrictions;

(2) Allowing the carryover of unused quotas from one calendar quarter to another—or the transfer of unused quotas from one country to another; and

(3) Redefining "naphthas" subject to the controls so as to exclude certain specialized naphtha solvents.

It will be noted that several of the suggested changes are generally reflected in the regulations announced herein. With respect to the suggestion that small quantity shipments be exempted from export restrictions the Department has determined that it would be impractical to implement this suggestion at this time.

Another comment suggested that a growth factor be incorporated in the quota allocation system in order to allow for normal business growth. This suggestion is rejected, since a general growth in the level of exports of our domestic petroleum supplies would not be in the national interest or consistent with the purposes of the Energy Policy and Conservation Act.

Regarding the interim Naval Petroleum Reserves regulations announced in Bulletin No. 160, and supplemented in Bulletin No. 163, one firm, noting that it often stockpiled products for longer than 90 days before exporting them, requested a restructuring of the formula used to determine whether or not particular petroleum products are of Naval Petroleum Reserves origin or derivation. Another firm stated that the 90-day formula is inappropriate in instances when a refiner must shut down for repairs—often for longer than 90 days. The Department believes that unique situations such as these can best be dealt with administratively on an individual basis, and that a change in the regulations of the type suggested to accommodate such situations would result in a system too complex for effective overall administration.

With regard to the interim Naval Petroleum Reserves Production Act regulations, the Department has considered the suggestions for changes received from interested parties and, after reviewing its licensing experience under these regulations since they were announced, has concluded that no changes in these interim regulations are necessary, with the exception of the additions relating to the use of certain general licenses.

NAPHTHA, NAPHTHA SOLVENTS AND OTHER INTERMEDIATE OILS

The Department has reviewed the comments with respect to the extension of the petroleum export control program to include naphthas which were submitted in response to the invitation to comment. The Department also reviewed the technical data sheets and other documentation submitted by naphtha exporters in connection with the audit of their Past Participation Statements, and considered its experience in licensing exports of naphthas from October 1, 1976 to date. The Department has also consulted extensively with several of the principal naphtha exporting firms, outside experts in the field, and other Government agencies, with a view toward determining whether it is feasible to distinguish between (a) those intermediate naphthas suitable for fuel or feedstock use, and (b) those naphthas which have been specially formulated or otherwise treated or packaged so as to virtually preclude, for economic or technological reasons, that they would be so used.

As a result of its study and consultations, the Department has concluded that quota limitations based upon the historical pattern of exports must be maintained for those naphthas capable of being used as a fuel, either alone or when blended with other petroleum products, or which are suitable for further refining or for use as a feedstock for petrochemical or synthetic natural gas production. On the other hand, those naphthas with a distillation dry point exceeding the boiling range of gasoline or with a Kauri-Butanol value so low as to inhibit their being blended with other petroleum products for fuel usage, or which are shipped in drums or containers not exceeding 55 U.S. Gallons per container, may be licensed for export without quantitative limitation upon receipt of satisfactory evidence that they are intended for a non-energy end use.

The modification of the regulations relevant to exports of naphtha, naphtha solvents and other intermediate oils (herein collectively referred to as "naphthas") also makes validated licensing requirements applicable not only to all the commodities classified within Schedule B Nos. 322.9110 and 521.4022, which were made subject to such requirements on October 1, 1976, but also those naphthas which may be classified within Schedule B Nos. 512.0993, 521.4040 or 599.9520. In this regard the Department has noted from examination of Bureau of the Census data and exporter documentation that naphthas have sometimes been classified for export purposes under other Schedule B numbers than those to which export restrictions were applied by Bulletin No. 160. Accordingly the Department has concluded that it would be inappropriate to permit the unrestricted export under one Schedule B number of naphthas which would be subject to quota restriction if exported under another Schedule B number.

The regulations are accordingly revised, effective 12:01 a.m., e.s.t., April 1, 1977, so as to require the submission of a technical data sheet or independent inspector's certificate of analysis of the product and an affidavit from the exporter as to the intended end use in the case of those naphthas which the exporter seeks to ship outside export quota limitations.

The Department has completed its audit of the documentation submitted by naphtha exporters in substantiation of the Past Participation Statements filed in accordance with Export Administration Bulletin No 160; and letters of quota participation based upon the results of this audit are being issued for the second quarter 1977 for those naphthas remaining under export quota restriction. Naphtha exporters wishing to participate in these export quotas who have not filed Past Participation Statements, or who have documentation in support thereof which they have not submitted to the Department for audit are invited to do so at their earliest convenience. All such Statements and supporting documentation received in the Office of Export Administration by May 17, 1977, will be audited, and the results of such audit will be reflected in the letters of quota participation to be issued for the third quarter 1977. Although the Department will attempt, with respect to any new submissions, to issue letters of quota participation for the remaining portion of the second quarter of 1977, no assurance can be given that the documentation submitted can be audited in time to permit the issuance of such letters before the end of the second quarter.

Under the interim licensing procedure established in Bulletin No. 160, licenses for the export of naphthas and naphtha solvents were issued for the unshipped balance of contracts calling for delivery prior to December 31, 1976, with the quantities licensed thereunder to be charged against any quota allocations thereafter issued to the exporter. Under the modified interim licensing procedure established in a memorandum, dated December 2, 1976, to exporters of naphthas, and continued for the first quarter 1977 by Bulletin No 163, licenses issued for the export of naphthas and naphtha solvents were limited to the destinations and average quarterly volumes of exports to such destinations shown on the face of an applicant's Past Participation Statement. Furthermore, it was announced that all quantities licensed under that procedure would be charged against the quota entitlements issued to the applicant (following audit of the documentation he submitted in substantiation of his Past Participation Statements) for the first quarter 1977 and, if amounts licensed could not be fully recouped out of his first quarter entitlements, quota entitlements in subsequent quarters would be charged as necessary.

However, because of the substantial delay which has occurred in completing the audit of naphtha exporters' substantiating documentation, and because of the significant change in the naphtha quota system announced herein, the Department will not at this time debit individual exporters' quota entitlements for the second quarter 1977 by quantities which may have been overlicensed to them in the fourth quarter 1976 and/or the first quarter 1977. Parties submitting comments on this matter are requested to respond by May 15, 1977.

REPORTING OF EXPORTS FOR PURPOSES OF FEA'S ENTITLEMENTS PROGRAM

The Federal Energy Administration's Domestic Crude Oil Entitlements Program provides for a negative adjustment in a refinery's entitlements when the refinery exports certain refined petroleum products or when the refiner sells such products to a domestic purchaser who certifies to the refiner that the product is for export. (See 10 CFR 211.67(d)(2)). However, where a domestic customer of a refiner does not certify to the refiner his export or intended export of such products, or his sales for later export, the refiner is not required under FEA regulations to report such export for purposes of this adjustment. Moreover, an exporter who is not also a refiner does not participate in FEA's Entitlements Program, and thus is not required to report an export to the FEA.

In order to prevent any circumvention of domestic price controls (or associated FEA programs), the regulations are being revised to require that an applicant for a license to export a product refined from petroleum which is subject to FEA reporting requirements state in an affidavit accompanying his application, either that: (a) The exporter is himself the refiner, and thus required to report the export to the FEA; or (b) the exporter has or will certify the export to the refiner of the product involved so that the refiner can report the export to the FEA. Any exporter who is not a refiner and who is in doubt as to the specific products which are or may be covered by this provision should contact the Office of Export Administration through the person whose name and address are listed above.

WAIVER OF PROPOSED RULEMAKING PROCEDURES AND INVITATION FOR COMMENT

The requirements for notice of proposed rulemaking and opportunity for comment are waived by the Department: (a) Because it has found, under the Energy Policy and Conservation Act, that compliance with such procedures would seriously impair the Department's ability to impose and maintain effective and timely controls over exports of petroleum and petroleum products; (b) because it believes that notice and public comment procedure on the extension of petroleum controls is both impracticable and unnecessary; (c) because the changes to the regulations announced herein, other than those imposing controls on additional commodities or which are designed to prevent circumvention of domestic price control programs, either relieve a restriction imposed by the regulations or make technical modifications; and (d) as otherwise authorized in 5 U.S.C. 553.

Written comments regarding all of the regulations announced herein, whether interim or final, are solicited on a continuing basis. Interested parties and Government agencies are encouraged to submit written comments, views or data concerning the regulations to the U.S. Department of Commerce, Office of Export Administration, P.O. Box 7138, Ben Franklin Station, Washington, D.C. 20230.

SAVING CLAUSE

Shipments of commodities removed from general license as a result of changes set forth herein which were on dock for lading, on lighter, laden aboard an exporting carrier, or in transit to a port of export pursuant to actual orders for export prior to 11:59 p.m. e.s.t. March 31, 1971, may be exported under the previous general license provisions up to and including April 15, 1977. Any such shipment not laden aboard the exporting carrier on or before April 15, 1977, requires a validated license for export.

Accordingly, the Export Administration Regulations (15 CFR 368 et seq.) are revised as follows:

1. The portions of parts 371 and 377 which contain interim regulations implementing the Naval Petroleum Reserves Production Act of 1976 (Pub. L. 94-258) issued in Export Administration Bulletin No. 160 of September 30, 1976 (41 FR 44155, October 7, 1976) and Bulletin No. 163 of January 1, 1977 (42 FR 1222, January 6, 1977), are adopted as final regulations.

PART 371—GENERAL LICENSES

2. Section 371.2(c)(9) is revised to read as follows:

§ 371.2 General provisions.

* * * * *

(c) * * *

(9) The commodity is listed in a Supplement to Part 377 of this chapter as being under short supply control, unless the export is authorized under the provisions of General Licenses G-NNR, GLV, Ship Stores, Plane Stores or RCS.

* * * * *

3. Section 371.9(a)(1)(i) and (ii) are revised and paragraph (b)(5) is added to read as follows:

§ 371.9 General license ship stores.

(a) * * *

(1) * * *

(i) Bunker fuel, except crude petroleum, which is of non-Naval Petroleum Reserves origin or derivation;

(ii) Deck, engine, and steward department stores, provisions, and supplies for both port and voyage requirements, except crude petroleum, provided that any commodities which are listed in Supplement No. 3 to Part 377 of this chapter hereof are of non-Naval Petroleum Reserves origin or derivation.

* * * * *

(b) * * *

(5) Crude petroleum may not be exported under this general license; and no export of any petroleum product listed in Supplement No. 3 to Part 377 of this chapter hereof may be made under this general license unless the exporter, prior to the export of such commodity, has assembled documentary evidence establishing that the commodity was not produced or derived from a Naval Petroleum Reserve. Such documentary evidence may take the form of the affidavit prescribed in § 377.6(e)(1)(iv) of this chapter, or it may consist of other documentation establishing the factual data to be covered in such affidavit. The exporter shall retain such documentary evidence in his files for the period prescribed in § 387.11(e) of this chapter, and is put on notice that the Office of Export Administration will, in appropriate cases, conduct audits of exporters' files to determine that such documentary evidence is available covering each export of a commodity listed in Supplement No. 3 to Part 377 of this chapter that was made under a Shipper's Export Declaration showing General License Ship Stores as the authority for the export. Crude petroleum may only be exported under a validated license issued pursuant to § 377.6(d)(1) of this chapter; any other petroleum commodity listed in Supplement No. 3 to Part 377 of this chapter which does not meet the conditions for export under General License Ship Stores may be exported only under a validated license issued pursuant to § 377.6(d)(6) of this chapter.

4. Section 371.10 (a)(1)(i) and (ii) are revised and (b) is amended by renumbering present paragraph (b) as paragraph (b)(1) and by adding a new paragraph (b)(2) to read as follows:

§ 371.10 General license plane stores.

(a) * * *

(1) * * *

(i) Fuel which is of non-Naval Petroleum Reserves origin or derivation;

(ii) Deck, engine, and steward department stores, provisions, and supplies for both port and voyage requirements, provided that any commodities which are listed in Supplement No. 3 to Part 377 of this chapter hereof are of non-Naval Petroleum Reserves origin or derivation.

* * * * *

(b) * * *

(2) No export of any petroleum product listed in Supplement No. 3 to Part 377 of this chapter hereof may be made under this general license unless the exporter, prior to the export of such commodity, has assembled documentary evidence establishing that the commodity was not produced or derived from a Naval Petroleum Reserve. Such documentary evidence may take the form of the affidavit prescribed in § 377.6(e)(1)(iv) of this chapter, or it may consist of other documentation establishing the factual data to be covered in such affidavit. The exporter shall retain such documentary evidence in his files for the period prescribed in § 387.11(e) of this chapter, and is put on notice that the Office of Export Administration will, in appropriate cases, conduct audits of exporters' files to de-

V4267 APR 77 UMI

termine that such documentary evidence is available covering each export of a commodity listed in Supplement No. 3 to Part 377 of this chapter, that was made under a Shipper's Export Declaration showing General License Plane Stores as the authority for the export.

A petroleum commodity listed in Supplement No. 3 to Part 377 of this chapter which does not meet the conditions for export under General License Plane Stores may be exported only under a validated license issued pursuant to § 377.6(d)(6) of this chapter.

5. Sections 371.12(d)(1) and (2) are revised and (e) is added to read as follows:

§ 371.12 General license RCS; shipments to U.S. or Canadian vessels, planes, and airline installations or agents.

• • • • • •

(d) • • •

(1) Fuel, except crude petroleum, which is of non-Naval Petroleum Reserves origin or derivation;

(2) Deck, engine, and steward department stores, provisions, and supplies for both port and voyage requirements, except crude petroleum; *Provided*, That any commodities which are listed in Supplement No. 3 to Part 377 of this chapter hereof are of non-Naval Petroleum Reserves origin or derivation.

• • • • • •

(e) Crude petroleum may not be exported under this general license; and no export of any petroleum product listed in Supplement No. 3 to Part 377 of this chapter hereof may be made under this general license unless the exporter, prior to the export of such commodity, has assembled documentary evidence establishing that the commodity was not produced or derived from a Naval Petroleum Reserve. Such documentary evidence may take the form of the affidavit prescribed in § 377.6(e)(1)(iv) of this chapter, or it may consist of other documentation establishing the factual data to be covered in such affidavit. The exporter shall retain such documentary evidence in his files for the period prescribed in § 387.11(e) of this chapter; and is put on notice that the Office of Export Administration will, in appropriate cases, conduct audits of exporters' files to determine that such documentary evidence is available covering each export of a commodity listed in Supplement No. 3 to Part 377 of this chapter, that was made under a Shipper's Export Declaration showing General License RCS as the authority for the export. Crude petroleum may only be exported under a validated license issued pursuant to § 377.6(d)(1) of this chapter; while any other petroleum commodity listed in Supplement No. 3 to Part 377 of this chapter, which does not meet the conditions for export under General License RCS may be exported only under a validated license issued pursuant to § 377.6(d)(6) of this chapter.

6. Section 371.16(a) is revised by changing the last sentence thereof to read as follows:

§ 371.16 General license G–NNR; shipments of certain non-naval reserve petroleum commodities.

(a) • • • Any commodity listed in Petroleum Commodity Group Q which does not meet the conditions for export under General License G–NNR, GLV, Ship Stores, Plane Stores or RCS may be exported only under a validated license issued pursuant to § 377.6(d)(6) of this chapter.

PART 376—SPECIAL COMMODITY POLICIES AND PROVISIONS

7. Section 376.9(c)(5) is revised by adding the following at the end thereof:

§ 376.9 Ship stores, plane stores, supplies, and equipment.

• • • • • •

(c) • • •

(5) • • • In addition, the affidavit required by § 377.6(e)(1)(iv) of this chapter must accompany the application.

• • • • • •

PART 377—SHORT SUPPLY CONTROLS

8. Section 377.6 is amended in paragraph (c) by substituting "N[2]" for "N" in the title and text and by adding four new sentences to the end thereof; in paragraph (d) by revising subparagraph (7) and by adding a new subparagraph (9); and in paragraph (e) by revising subparagraph (2) and by adding subparagraphs (9) and (10) to read as follows:

§ 377.6 Petroleum and petroleum products.

• • • • • •

(c) • • • An individual exporter may request authorization to accumulate the unused portion of his present quota entitlement for a particular commodity and destination and his entitlements for up to a maximum of three of the immediately succeeding quarters, and to apply for export licenses against such accumulated entitlements. Such requests may be granted in order to facilitate consolidation of small shipments, or where there exist other unusual circumstances warranting the authorization of such accumulation of quota entitlements: *Provided*, Such action is determined not to be inconsistent with the national interest. No accumulation of quota entitlements may be made by any exporter prior to his having been granted authorization for such accumulation. A request for such authorization, fully setting forth the facts and circumstances which the exporter believes justify the actions requested, should be made by letter addressed to the Office of Export Administration, P.O. Box 7138, Ben Franklin Station, Washington, D.C. 20044.

(d) • • •

(7) *Groups N[1] and N[2].* An application for a validated license to export a commodity from Petroleum Commodity Group N[1] or N[2] as established in Supplement No. 2 will be considered if submitted with supporting documentation as required by § 377.6(e)(10) by the date specified in Supplement No. 2, subject to the following conditions:

(i) *Group N[1].* An application to export a commodity from this Petroleum Commodity Group will be considered only to the extent of an exporter's quota share for such commodity. Pending establishment of an exporter's quota share in accordance with § 377.2(d), licenses may be issued for the unfilled balance of contracts calling for delivery prior to the end of the current calendar quarter. However, all such licenses issued to an exporter under this licensing system prior to establishment of an exporter's quota share shall be charged against the quota share subsequently established for that exporter for that calendar quarter and, if necessary to cover the quantity licensed, additional calendar quarters as well.

(ii) *Group N[2].* An application for a validated license to export a commodity from this Petroleum Commodity Group will be considered without regard to quota limitation if the application is accompanied by documentation adequately establishing (*a*) that it is properly classified in Petroleum Commodity Group N[2], (*b*) that it is being exported for purposes other than use as a fuel or as a feedstock for a refinery or for synthetic natural gas production, and (*c*) that it will not be substituted for a commodity which will be so used.

• • • • • •

(9) *Group R.* An application for a validated license to export a commodity from Petroleum Commodity Group R as established in Supplement No. 2 will be considered without regard to quota limitation if the application calls for shipment to users or suppliers of petroleum asphalt and paving mixtures for non-energy purposes. Applications must be accompanied by the supporting documentation required by § 377.6(e)(9).

(e) • • •

(2) Groups B, C, D, E, F, G, K, L, M, N[1], N[2], P, Q, and R. An application for a validated license to export a commodity from Petroleum Commodity Group B, C, D, E, F, G, K, L, M, N[1], N[2], P, Q, or R, must be accompanied by:

(i) The same documentation required by § 377.6(e)(1), except that the affidavit described in 377.6(e)(1)(iii) is not required; and

(ii) If the commodity when exported by a refiner is required to be reported to the Federal Energy Administration for purposes of adjustment of the volume of that refiner's crude oil runs to stills pursuant to 10 CFR 211.67(d)(2), a sworn affidavit signed by an authorized representative of the exporter stating, as appropriate, either:

(A) "The person or company submitting the accompanying export license application is the refiner of the petroleum products listed on such application"; or

(B) "The petroleum commodities listed on the accompanying export license application were refined by _____ (company) at _____ (city, state), or were produced from unfinished oils produced in that refinery, and the export of such commodities made by the applicant will be reported to the refiner listed above for purposes of the adjustment of such refiner's volume of crude oil runs to stills pursuant to 10 CFR 211.67(d)(2). In the event that the petroleum commodities listed on the accompanying license application will be taken from a commingled inventory produced by more than one refiner, the applicant will report to each such refiner the export volume attributable to such refiner, calculating that volume in proportion to the percentage of the commingled inventory that was purchased from that refiner."

• • • • • •

(9) An application for a validated license to export a commodity from Petroleum Commodity Group R must be submitted with the same documentation required by § 377.6(e)(2), and with all of the following:

(i) An end use statement by the applicant, in affidavit format, indicating the name, location and type of business of the end user, and the intended end use of the commodity to be exported;

(ii) An independent inspector's certificate of analysis of the product to be exported, and;

(iii) Such additional documentation—including a statement from the end user if deemed necessary—as the Office of Export Administration may, in particular cases, require.

(10) *Groups N[1] and N[2].* An application for a validated license to export a commodity from Petroleum Commodity Group N[1] must be submitted with the same documentation required by § 377.6(e)(1), except the affidavit described in § 377.6(e)(1)(iii) is not required. An application for a validated license to export a commodity from Petroleum Commodity Group N[2] must be submitted with the same documentation required for Petroleum Commodity Group N[1] above and by either:

(i) (*a*) An end use statement by the applicant in affidavit format indicating the name, location and type of business of the end user, the nature of the end use, and stating that, to the best of his knowledge and belief, the commodity will not be used as a fuel, either alone or when blended with other petroleum products, nor will it be used as a refinery feedstock or for synthetic natural gas production, nor will it be substituted for a commodity which will be so used, and

(*b*) A published technical data sheet (unless one has previously been submitted) or independent inspector's certificate of analysis of the product to be exported which clearly indicates that the commodity is properly classifiable under Petroleum Commodity Group N[2], or

(ii) An affidavit from the applicant stating that the commodity is normally packaged or shipped in drums or containers not exceeding 55 U.S. gallons per container and that it will be exported in such drums or containers.

9. Supplement No. 2 to Part 377 is revised to read as follows:

Petroleum and petroleum products subject to short supply licensing controls

Schedule B No.	Commodity description	Unit of quantity
	Petroleum licensed only in accordance with § 377.6(d)(1)	
	Group A:	
331.0100	Crude petroleum, including tar sands	Barrel.
331.0200	Petroleum partly refined for further refining	Do.
	Petroleum products subject to validated licensing and historical quotas	
332.1015	Grouh B: Aviation gasoline	Do.
	Group C:	
332.1030	Gasoline, n.e.c.	Do.
332.1050	Gasoline blending agents, hydrocarbon compounds only, n.e.c.	Do.
332.2010	Group D: Kerosene, except kerosene-type jet fuel	Do.
332.2020	Group E: Jet fuel	Do.
332.3000	Group F: Distillate fuel oils	Do.
332.4000	Group G: Residual fuel oils	Do.
341.1025	Group K: Butane	Do.
341.1030	Group L: Propane	Do.
341.1040	Group M: Natural gas liquids, including L.P.G. n.e.c.	Do.
	Group N[1]:	
332.9110	Naphtha, naphtha solvents and other intermediate oils only, classified	
512.0993	under the schedule B numbers listed, which are (a) capable of being	
521.4022	used as a fuel, either alone or when blended with other petroleum	
521.4040	products, or (b) suitable for use in refinery processing or as a feedstock	
599.9520	for petrochemical or synthetic natural gas production, but excluding	
	(1) naphthas having a distillation dry point of 440° F or more, (2)	
	naphthas having a Kauri-Butanol value of less than 35 as determined	
	by the ASTM D1133 test method, and (3) naphthas normally packaged and shipped in drums or containers not exceeding 55 U.S. gallons per container and which will be exported in such drums or containers.[1]	
	Petroleum Products Subject to Validated Licensing But Not Quotas	
332.9110	Group N[2]: Other naphthas, naphtha solvents and intermediate oils only,	Barrel or pound.[1]
512.0993	classified under the schedule B numbers listed.	
521.4022		
521.4040		
599.9520		
332.9160	Group H: Carbon black feedstock oil	Barrel.
341.1010	Group J: Synthetic natural gas [2]	1,000 ft[3].
341.2000	Gas, manufactured	1,000 ft[3].
	Group P:	
332.9410	Petroleum coke, calcined	Short ton.
332.9420	Petroleum coke, except calcined	Do.
	Group R:	
332.9510	Petroleum asphalt	Do.
332.9610	Paving mixtures	Dollar value.
	Petroleum products subject to provisions of either § 371.16 or § 377.6(d)(6)	
	Group Q:	
332.5005	Aviation engine lubricating oil, except jet engine lubricating oil	Barrel.
332.5010	Jet engine lubricating oil	Do.
332.5015	Automotive, diesel and marine engine lubricating oil	Do.
332.5020	Turbine lubricating oil including marine	Do.
332.5025	Automotive gear oils	Do.
332.5030	Red and pale oils	Do.
332.5035	Bright stock	Do.
332.5040	Black oils	Do.
332.5045	Steam cylinder oils	Do.
332.5050	Lubricating oils, n.e.c.	Dollar value.
332.5055	Lubricating greases	Pound.
332.6100	Petroleum jelly, petrolatum, all grades	Do.
332.6210	Microcrystalline wax	Do.
332.6220	Paraffin wax, crystalline, fully refined	Do.
332.6230	Paraffin wax, crystalline, except fully refined	Do.
332.9120	Insulating or transformer oils	Barrel.
332.9130	Quenching and cutting oils	Do.
332.9140	White mineral oils	Do.
332.9180	Nonlubricating and non-fuel petroleum oils, n.e.c.	Do.
332.9210	Coal-tar asphaltum	Short ton.
332.9220	Pitch, from petroleum refining	Do.
332.9300	Pitch coke	Do.
332.9520	Petroleum and shale oil residues, n.e.c.	Do.

V 4267 APR 7 77 UMI

Schedule B No.	Commodity description	Unit of quantity
332.9620	Asphalt and tar contings, cements, and pitches	Dollar value.
512.0601	Butylene	Pound.
512.0602	Acetylene	1,000 ft.[3]
512.0603	Ethylene	Pound.
512.0605	Propylene	Do.
512.0616	Methanol, including matural	Gallon.
512.0664	Isoprene	Pound.
512.0691	Butadiene monomer	Do.
513.1306	Helium and mixtures containing helium	Cnt. cubic feet.
513.1350	Hydrogen and rare gases, n.e.c.	1,000 ft.[3]
513.3830	Carbon monoxide and carbon dioxide	Dollar value.
515.2000	Deuterium	Do.
513.6110	Ammonia (anhydrous or in aqueous solution) fertilizer grade	Cnt. short ton.
513.6120	Ammonia (anhydrous or in aqueous solution) except fertilizer grade	Do.
521.1000	Mineral tar	Gallon.
521.4010	Benzene, crude	Do.
521.4020	Toluene, crude	Do.
521.4027	Xylenes, n.e.c.	Pound.
521.4040	Tar oils, chemicals, and crude products from coal, petroleum, and natural gas, n.e.c.	Do.

[1] Report unit of quantity as specified in schedule B.
[2] Natural gas and liquefied natural gas (L.N.G.), and synthetic natural gas commingled with natural gas (schedule B No. 341.1010) require export authorization from the U.S. Federal Power Commission. See § 370.10(g).

Quantities: Report commodities in schedule B units as indicated above.
Base periods:
Commodity groups B, C, D, E, F, and G: Jan. 1, 1971 through June 30, 1973.
Commodity groups K, L, and M: The corresponding calendar quarter during the period Apr. 1, 1972 through Mar. 31, 1973.
Commodity group N: Jan. 1, 1974 through June 30, 1976.
Shipping tolerance: 10 pct.
Submission dates:
Applications against historical quotas: Not prior to the beginning of the applicable quarter and received in the Office of Export Administration not later than the close of business on the 10th day prior to the end of the applicable quarter.
Applications for hardship and all commodities subject to validated licensing but not historical quotas: At any time.

PART 386—EXPORT CLEARANCE

10. Section 386.2(a) is revised to read as follows:

§ 386.2 Use of validated license.

(a) *License normally valid for shipment from any port.* Unless otherwise noted on the face thereof a validated license authorizes exports from the United States from any port of export. Commodities or technical data that leave the United States at one port, cross adjacent foreign territory, and reenter the United States at another port before final export to a foreign country will be treated as an export from the last U.S. port of export.

* * * * * *

(Sec. 4, Pub. L. 91-184, 83 Stat. 842 (50 U.S.C. App. 2403); E.O. 11533, 13 CFR Part 538 (1971), 50 U.S.C. App. 2403 nt. (Supp. IV, 1974), as amended by E.O. 11907, 41 FR 9085 (1976); sec. 103, Pub. L. 94-163, 89 Stat. 871 (42 U.S.C. 6212); Sec. 2, E.O. 11912, 41 FR 15825 (1976); sec. 201, Pub. L. 94-258, 90 Stat. 307 (10 U.S.C. 7420); sec. 101, Pub. L. 93-153 (30 U.S.C. 158); Pub. L. 94-362; sec. 2, E.O. 11940, 41 FR 43707 (1976); Department Organization Order 10-3, dated Nov. 17, 1975, 40 FR 58876 (1975), as amended; and Domestic and International Business Administration Organization and Function Order 46-1, dated November 17, 1975, 40 FR 59784 (1975), as amended.)

NOTE.—The Office of Export Administration has determined that this document does not contain a major proposal requiring preparation of an economic impact statement under Executive Order 11949 and OMB Circular A-107.

RAUER H. MEYER,
Director, Office of Export Administration.

Title 33—Navigation and Navigable Waters

CHAPTER I—COAST GUARD, DEPARTMENT OF TRANSPORTATION

[CDG 76-130]

PART 87—ALTERNATIVE COMPLIANCE

Implementation and Interpretation of the 72 COLREGS; Certification for Alternative Compliance Under Rule 1(e), International Regulations for Preventing Collisions at Sea, 1972

Correction

In FR Doc. 77-9700 appearing at page 17111 in the issue of Thursday, March 31, 1977, make the following change:

In Annex I, paragraph 2(c), the last line should read "the gunwale of not less than 2.5 metres."

Title 43—Public Lands: Interior

CHAPTER II—BUREAU OF LAND MANAGEMENT, DEPARTMENT OF THE INTERIOR

[Public Land Order 5614]

ALASKA

Withdrawal of Lands for Selection by Village of Klukwan, Inc.

AGENCY: Bureau of Land Management, (Interior).

ACTION: Final Rule.

SUMMARY: This public land order withdraws land for selection by the village of Klukwan, Inc. The Secretary of the Interior is required to withdraw 70,000 acres for selection by the village of Klukwan, Inc. Lands subject to this order are withdrawn from all forms of appropriation under the public land laws, including the mining and mineral leasing laws, and from selection by the State of Alaska under the Alaska Statehood Act.

EFFECTIVE DATE: April 1, 1977.

FOR FURTHER INFORMATION CONTACT:

Robert L. Means, 202-343-3066.

SUPPLEMENTARY INFORMATION: The Secretary hereby finds that: (a) The lands described in paragraph 1 of this order are of similar character and comparable value, to the extent possible, to those of the Chilkat Valley surrounding the Village of Klukwan, Inc.; (b) the lands described in paragraph 1 have been identified in consultation with the Secretary of Agriculture and; (c) none of the lands hereby withdrawn for selection have been selected by or are subject to an outstanding nomination for selection by any other Native Corporation organized pursuant to the Alaska Native Claims Settlement Act (ANCSA), 85 Stat. 688, and none are located on Admiralty Island. Therefore, in accordance with

V 4267 APR 7 77 UMI

these findings and by virtue of the authority vested in the Secretary of the Interior by section 1 of Pub. L. 94-456, October 4, 1976 (hereinafter referred to as the Act), it is ordered as follows:

1. Subject to valid existing rights, the following described national forest lands are hereby withdrawn from all forms of appropriation under the public land laws, including the mining and mineral leasing laws, and from selection by the State of Alaska under the Alaska Statehood Act, 72 Stat. 339, and are reserved for selection by the Village of Klukwan, Inc.:

TONGASS NATIONAL FOREST

COPPER RIVER MERIDIAN

(Protracted Descriptions)

T. 79 S., R. 81 E.,
Secs. 1, 2, 3, 11 through 14.
T. 79 S., R. 82 E.,
Secs. 5 through 13, 17, 18, 19, 24, 25, 36.
T. 79 S., R. 83 E.,
Secs. 18 19, 30, 31, 32.
T. 80 S., R. 82 E.,
Secs. 1, 2, 11, 12.
T. 80 S., R. 83 E.,
Secs. 5 through 9, 15 through 21, 27 through 35.
T. 80 S., R. 84 E.,
Secs. 14 through 36.
T. 80 S., R. 85 E.,
Secs. 19, 29 through 32.
T. 81 S, R. 83 E.,
Secs. 1, 2, 11 through 14, 23 through 26, 35 and 36.
T. 81 S., R. 84 E.,
Secs. 1 through 24, 27 through 30, except those lands identified in Sealaska Corporation's applications, Nos. AA-10454 and 10461.
T. 81 S., R 85 E.,
Secs. 1 through 24, 26 through 28, and 34, except those lands identified in Sealaska Corporation's application, No. AA-10467.
T. 81 S., R. 86 E.,
Secs. 6, 7, 18.

Aggregating approximately 70,000 acres.

2. Pursuant to the ANCSA and the Act: (a) Selections shall be in conformity with the regulations of the Secretary; (b) the total selection by Klukwan, Inc., shall not exceed 23,040 acres; (c) selections shall be completed within one year from the date of this order; (d) prior to the selection of any of the lands withdrawn by this order, Klukwan, Inc., shall furnish copies of the quitclaim deeds in accordance with the provisions of the Act; (e) any conveyances of lands withdrawn by this order shall be subject to section 22(k) of the ANCSA; and (f) applications for leases under the Mineral Leasing Act, as amended, 30 U.S.C. 181-287 (1970), shall be rejected until this order is modified or the lands are appropriately classified to permit mineral leasing.

3. This order shall remain in effect until revoked. All lands withdrawn by this order shall remain subject to administration by the Secretary of Agriculture under applicable laws and regulations as part of the national forest and his authority to make contracts and to grant leases, permits, rights-of-way, or easements shall not be impaired by this withdrawal.

CECIL D. ANDRUS,
Secretary of the Interior.

APRIL 1, 1977.

Title 45—Public Welfare

CHAPTER X—COMMUNITY SERVICES ADMINISTRATION

[CSA Instruction 6710-1, CH 11]

PART 1067—FUNDING OF CSA GRANTEES

Applying for a Grant Under Title II, Sections 221, 222(a) and 231 of the EOA

AGENCY: Community Services Administration.

ACTION: Final rule.

SUMMARY: The Community Services Administration is making minor amendments to its rules on procedures and policies in applying for funds under Title II of the Economic Opportunity Act of 1964, as amended. The rules were adopted to consolidate policies and procedures previously found in various policy statements and to provide an overview of the application processes for the differing funding activities and of the activities and documents required for these fundings according to the category of applicant/grantee. These amendments are in response to comments received.

DATES: These changes are effective April 6, 1977.

FOR FURTHER INFORMATION CONTACT:

Jacqueline G. Lemire, 254-5670.

SUPPLEMENTARY INFORMATION: On February 23, 1977 CSA published interim regulations in the FEDERAL REGISTER at 42 FR 10689 detailing policies and procedures for applying for a grant under Title II, Sections 221, 222(a), and 231 of the Economic Opportunity Act of 1964, as amended. The regulations became effective on March 25, 1977. Three CSA grantees responded to the invitation to comment, i.e., Goldenrod Hills Community Action Council, Walthill, Nebraska; Nortwest Georgia Economic Opportunity Authority, Inc., Lafayette, Georgia; and Shawnee County Community Assistance and Action, Inc., Topeka, Kansas.

The following changes are being adopted in response to comments:

1. *Section 67.10 3(g)* has been revised to specifically state, in accordance with OMB Circular A-110, under what circumstances CSA may require additional documentation in response to a comment that the interim regulations gave "* * * CSA officials total flexibility to require different CAAs to adhere to different documentation * * * requirements."

2. *Section 1067.40-3(f)*: One CAA Director recommended deletion of the requirement for submission of the CAP Form 84, Participant Characteristics Plan, for applications for funds under Section 221. CSA agrees that Program Account 01 is "* * * hardly amendable to translation on a Participant Characteristics Plan" and, therefore, is footnoting CAP Form 84 on the chart of "Required Documents" to indicate that it is not required for that Program Account. However, CSA believes that it is useful for all other Program Accounts under Section 221 and is retaining the requirement.

The following suggestion is not accepted for the reasons stated:

Section 167.40-3(f): It was suggested that the requirement for submission of the budget Forms 25 and 25a be dropped because they constitute excessive paperwork and should be kept on file by the grantee only. CSA disagrees with this recommendation since it is a vital piece in enabling CSA to carry out its management responsibilities in the review process. It also is noted that in developing a standard application form for public grantees that OMB made the budget form an integral part of the application form itself.

The regulations are hereby adopted with the changes indicated below.

EFFECTIVE DATE: April 6, 1977.

(Sec. 602, 78 Stat. 530; 42 U.S.C. 2942.)

ROBERT C. CHASE,
Acting Director.

Paragraphs (f) and (g) of 45 CFR 1067.40-3 are revised as follows:

§ 1067.40-3 Application process for funds under Title II, sections 221, 222(a), and 231 of the EOA.

* * * * *

(f) *Required documents—(grantee).* (See chart which follows.)

V 4267 APR 7 77 UMI

proposed rules

This section of the FEDERAL REGISTER contains notices to the public of the proposed issuance of rules and regulations. The purpose of these notices is to give interested persons an opportunity to participate in the rule making prior to the adoption of the final rules.

DEPARTMENT OF AGRICULTURE

Agricultural Marketing Service

[7 CFR Part 959]

HANDLING OF ONIONS GROWN IN SOUTH TEXAS

Changing Rate of Assessment for Fiscal Year Ending July 31, 1977

AGENCY: Agricultural Marketing Service, USDA.

ACTION: Proposed rule.

SUMMARY: This notice invites written comment on a proposed amendment to increase the rate of assessment under a marketing order on onions grown in South Texas. Poor growing conditions have reduced the potential onion crop. An increased assessment rate is necessary to provide the necessary funds for budgeted committee expenses.

DATE: Comments due on April 25, 1977.

ADDRESS: Written comments may be addressed to the Hearing Clerk, United States Department of Agriculture, Room 1077 South Building, Washington, D.C. 20250. Two copies of all written documents should be submitted, and they will be made available for public inspection at the office of the Hearing Clerk during regular business hours (7 CFR 1.27(b)).

FOR FURTHER INFORMATION CONTACT:

Charles R. Brader, Deputy Director, Fruit and Vegetable Division, Agricultural Marketing Service, U.S. Department of Agriculture, Washington, D.C. 20250. 202-447-3545.

SUPPLEMENTARY INFORMATION: Marketing Agreement No. 143 and Order No. 959, both as amended, regulate the handling of onions grown in designated counties in South Texas. The program is effective under the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601-674). The South Texas Onion Committee, established under the order, is responsible for its local administration.

The production area in the southern part of Texas has experienced cool, wet weather during much of the growing season. Current estimates indicate production may be down 49 percent. This will reduce income at the current rate of assessment. Therefore, at a meeting at Laredo, Texas, on March 16, 1977, the committee unanimously recommended that the rate of assessment be increased from 1½ to 2½ cents per 50-pound bag or equivalent quantity of onions. The income generated by this increased assessment will be used for expenses set forth in the current budget.

The proposed amendment is as follows:

Paragraph (b) of § 959.217 (42 F.R. 2308) is amended to read as follows:

§ 959.217 Expenses and rate of assessment.

* * * * *

(b) rate of assessment to be paid by each handler in accordance with the marketing agreement and this part shall be two and one-half cents ($0.025) per 50-pound container of onions, or equivalent quantity, handled by him as the first handler thereof during the fiscal period.

* * * * *

Dated: April 4, 1977.

GEORGE H. GOLDSBOROUGH,
Acting Director, Fruit and Vegetable Division, Agricultural Marketing Service.

[FR Doc.77-10361 Filed 4-6-77;8:45 am]

FEDERAL HOME LOAN BANK SYSTEM

[12 CFR Part 526]

[No. 77-197]

MAXIMUM RATE OF RETURN

MARCH 23, 1977.

AGENCY: Federal Home Loan Bank Board.

ACTION: Proposed rule.

SUMMARY: This proposed rule would limit the authority of a member institution to continue to pay the announced rate of return on any savings account following a reduction in the prescribed maximum rate of return applicable to such account. Additionally, it would require that, at the time of deposit, (1) all savings account depositors be given written notification of such limitation, and (2) certificate account depositors be given written notification of certain specified provisions of the savings agreement. Present regulations provide that, notwithstanding any reduction in the prescribed maximum rate, a member institution may continue to pay the announced rate of return on any certificate account for such period, including any renewal period, as the certificate may remain outstanding. The purpose of the proposed rule would be to limit the period during which a savings account may receive a rate of return in excess of the maximum prescribed rate and provide additional assurance that savings account depositors will be informed of certain critical provisions of the savings agreement.

DATES: Comments must be received on or before: May 9, 1977.

ADDRESSES: Send comments to the Office of the Secretary, Federal Home Loan Bank Board, 320 First Street, NW., Washington, D.C. 20552. Comments available for public inspection at the above address.

FOR FURTHER INFORMATION CONTACT:

Harry W. Quillian, Associate General Counsel, Federal Home Loan Bank Board (202-376-3556) at the above address.

SUPPLEMENTARY INFORMATION: The Federal Home Loan Bank Board considers it desirable to propose to amend Part 526 of the Regulations for the Federal Home Loan Bank System (12 CFR Part 526), by amending §§ 526.2 and 526.6-1 thereof, for the purpose of limiting the period during which a savings account may receive a rate of return in excess of the maximum prescribed rate and providing additional assurance that a savings account depositor will be informed of certain critical provisions of the savings agreement.

Present § 526.2 provides that, notwithstanding any reduction in the prescribed maximum rate, a member institution may continue to pay the announced rate of return on any certificate account for such period, including any renewal period, as the certificate may remain outstanding. It is the Board's view that, although certificate accounts outstanding on the date of any such reduction should continue to be permitted to receive the announced rate of return until maturity, no additions should be accepted after any such reduction nor should such accounts be renewable. Likewise, the period following any such reduction during which other types of accounts may receive a return at the announced rate should also be limited. Therefore, the Board proposes to limit payment of the announced rate of return following any such reduction, as follows: (a) A regular account may receive such return until the next regular distribution date; (b) a certificate account may receive such return only until maturity, and no further additions thereto are permitted; (c) a notice account may receive such return until the first date following such reduction on which withdrawal may be made from the account without loss of earnings; and (d) a bonus account, which is, or after a qualifying period will be, eligible to receive a return at a rate higher than the regular rate, may receive such return until the first date following such reduction on which a bonus is distributable or an addition to the account is accepted.

The following are examples of the effect of the proposed amendments on various kinds of accounts:

I. REGULAR ACCOUNTS

(a) Prescribed maximum rates reduced between distribution dates.

March 1, 1977—Deposit in regular account.
March 15, 1977—Prescribed maximum rate reduced.
March 31, 1977—Distribution date; distribution at old rate.
April 1, 1977—Reduced rate begins to apply.

(b) Prescribed maximum rates reduced on distribution date.

March 1, 1977—Deposit in regular account.
March 31, 1977—Prescribed maximum rate reduced; distribution date; distribution at old rate.
April 1, 1977—Reduced rate begins to apply.

II. CERTIFICATE ACCOUNTS

April 1, 1977—Four year certificate issued.
April 1, 1978—Prescribed maximum rate reduced.
April 1, 1981—Certificate matures; return at state rate; renewal only at new reduced rate.

III. NOTICE ACCOUNTS

(a) Ninety-day notice given before reduction of prescribed maximum rates.

May 1, 1977—Deposit in notice account.
June 1, 1977—Notice of withdrawal given.
June 15, 1977—Prescribed maximum rate reduced.
June 30, 1977—Distribution date; not withdrawable because funds on deposit less than 90 days; old rate continues to apply.
September 1, 1977—Account withdrawable; 90 days after notice given.
September 2, 1977—Reduced rate begins to apply.

(b) Withdrawal permitted on distribution date without notice 90 days after deposit.

May 1, 1977—Deposit in notice account.
August 1, 1977—Prescribed maximum rate reduced.
September 30, 1977—Distribution date on which withdrawal would be permitted without loss of earnings.
October 1, 1977—Reduced rate begins to apply.

IV. BONUS ACCOUNTS WITH MINIMUM QUALIFYING PERIODS OF 3 TO 36 MONTHS

(a) Prescribed maximum rate reduced during minimum qualifying period.

May 1, 1977—Deposit in 3 month bonus account.
June 1, 1977—Maximum prescribed rate reduced.
August 1, 1977—Bonus distributed at end of minimum qualifying period.
August 2, 1977—Reduced rate begins to apply.

(b) Prescribed maximum rate reduced after elapse of minimum qualifying period.

May 1, 1977—Deposit in 3 month bonus account.
August 1, 1977—Minimum qualifying period elapsed; bonus distributed.
August 15, 1977—Prescribed maximum rate reduced.
September 30, 1977—Regular distribution date; bonus distributed.
October 1, 1977—Reduced rate begins to apply.

(c) Addition to account after prescribed maximum rate reduced.

May 1, 1977—First deposit in 3 month bonus account.
August 1, 1977—Minimum qualifying period elapsed; bonus distributed.
August 15, 1977—Prescribed maximum rate reduced.
September 25, 1977—Second deposit in account; new qualifying period begins.
September 26, 1977—Reduced rate begins to apply.

The Board believes that, in view of the impact that such limitations could have on rates of return, depositors should be informed of any such limitation which would be applicable in the event of a reduction in the prescribed maximum rate of return applicable to their accounts. For the same reason, the Board believes that a certificate account depositor should receive written notification of any provision for the rate of return payable on such certificate after conclusion of its term or, if the account is automatically renewable, the terms of such renewal, including specific notice that penalties for premature withdrawal are applicable from the date of such renewal.

Accordingly, the Board hereby proposes to amend §§ 526.2 and 526.6-1 to read as set forth below.

§ 526.2 Maximum rate of return.

* * * * *

(b) *Exceptions.* Notwithstanding any reduction in the prescribed maximum rate, a member institution may continue to pay the announced rate of return on any account outstanding on the effective date of such reduction, as follows:

(1) *Regular accounts.* Payment at the announced rate of return may be continued until the first regular distribution date after the effective date of such reduction, but may not be so continued if such dates coincide;

(2) *Certificate accounts.* Payment at the rate of return specified in the certificate may be continued only until maturity of the certificate, and no addition to the account shall be accepted;

(3) *Notice accounts.* Payment at the announced rate of return may be continued until the first date after the effective date of such reduction on which withdrawal from the account may be made without loss of earnings, but may not be so continued if such dates coincide; and

(4) *Bonus accounts.* On bonus accounts which are, or after a qualifying period will be, eligible to receive a return at a rate higher than the regular rate, payment at such higher rate may be continued until the first date after the effective date of such reduction on which a bonus is distributable or an addition to the account is accepted, but may not be so continued if a bonus is distributable, or an addition to the account is accepted, on such effective date.

* * * * *

§ 526.6-1 Disclosure upon acceptance.

(a) At the time a member institution accepts a savings account deposit, it shall provide to the depositor a written description of the following:

(1) The provision of § 526.2(b) which would be applicable in the event of a reduction in the prescribed maximum rate of return applicable to such savings account; and

(2) In the case of a certificate account, (i) the penalty imposed by such institution on a withdrawal from such account before the end of the fixed or minimum term or qualifying period thereof, and (ii) any provision for the rate of return that such account will receive after conclusion of such term or period or, if such account is automatically renewable, the terms of such renewal, including specific notice that penalties for premature withdrawal are applicable from the date of such renewal.

(b) A member institution need not provide such a written statement in connection with renewal of an existing certificate account.

(Sec. 5B, 47 Stat. 727, as added by sec. 4, 80 Stat. 824, as amended; sec. 17, 47 Stat. 736, as amended (12 U.S.C. 1425b, 1437). Reorg. Plan No. 3 of 1947, 12 FR 4981, 3 CFR, 1943-48 Comp., p. 1071.)

By the Federal Home Loan Bank Board.

J. J. FINN,
Secretary.

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

[14 CFR Part 39]

[Docket No. 77-EA-8]

AIRWORTHINESS DIRECTIVES

Canadair Aircraft

AGENCY: Federal Aviation Administration/DOT(FAA).

ACTION: Notice of Proposed Rule Making.

SUMMARY: This notice proposes to amend Part 39 of the Federal Aviation Regulations (14 CFR Part 39) to add an Airworthiness Directive applicable to Canadair CL-215-1A10 type airplanes, which will require an inspection of the right hand canopy sill for missing rivets.

DATE: Compliance will be required prior to issuance of U.S. airworthiness certificate. Comments must be received on or before May 9, 1977.

ADDRESS: Canadair Service Information Circular 129-CL-215 may be obtained from the manufacturer at P.O. Box 6087, Montreal, Canada.

FOR FURTHER INFORMATION CONTACT:

Charles Birkenholz, Airframe Section, Engineering and Manufacturing Branch, AEA-212, Federal Building, J.F.K. International Airport, Jamaica, New York 11430, Telephone 212-995-2875.

SUPPLEMENTARY INFORMATION: There have been reports that inspection of new aircraft at the plant established missing rivets from the right hand canopy sill. The omission of these rivets can cause the right hand longeron, to which they attach, to fail during water landings in 2 foot high waves. This in turn could cause distortion at the side of the

V 4267 APR 7 77 UMI

airplane affecting air safety. Since this deficiency can exist in similar type design aircraft, an airworthiness directive is proposed which will require an inspection and repairs where necessary. However, there are presently no aircraft of this type in U.S. registry and therefore a notice is being issued proposing accomplishment prior to acquisition of a U.S. airworthiness certificate.

Interested parties may submit such written data or views as they may desire. Communications should be submitted in triplicate to the Director, Eastern Region, Attn: Chief, Engineering and Manufacturing Branch, Department of Transportation, Federal Aviation Administration, Federal Building, John F. Kennedy International Airport, Jamaica, New York 11430. All communications received on or before May 9, 1977, will be considered before action is taken on the proposed amendment. No hearing is contemplated at this time, but arrangements may be made for informal conferences with Federal Aviation Administration officials by contacting the Chief, Engineering and Manufacturing Branch, Eastern Region.

Any data or views presented during such conferences must also be submitted in writing in accordance with this notice in order to become part of the record for consideration. The proposal contained in this notice may be changed in the light of comments received.

The official docket will be available for examination by interested parties at the Office of Regional Counsel, Federal Aviation Administration, Federal Building, John F. Kennedy International Airport, Jamaica, New York.

Accordingly, the Federal Aviation Administration proposes to amend § 39.13 of Part 39 of the Federal Aviation Regulations (14 CFR 39.13) by adding the following new Airworthiness Directive:

CANADAIR: *Applies to CL–215 Airplanes, Serial Numbers 1001 through 1040 and 1046, certificated in all categories.*

Compliance required prior to U.S. airworthiness certification, unless already accomplished:

(a) Inspect the right hand canopy sill for missing rivets forward and aft of bulkhead 234.5 as indicated in Figures 1 and 3 of the Canadair Information Circular (S.I.C.) No. 129–CL–215 dated May 12, 1976, or an approved equivalent inspection.

(b) If rivets have been omitted forward of the bulkhead, between stations 223 and 229, install three NAS 1103–4 bolts with MS21041.3 Nuts and Strip Washer as shown in Figure 2 of the S.I.C. or an approved equivalent alteration.

(c) If rivet spacing aft of the bulkhead is greater than 1.25 inch install intermediate rivets as indicated in Figure 3 of the S.I.C. or an approved equivalent alteration.

(d) Equivalent inspections, alterations or parts must be approved by Chief, Engineering and Manufacturing Branch, FAA, Eastern Region.

(Secs. 313(a), 601, and 603, Federal Aviation Act of 1958, 49 U.S.C. 313(a), 1421, and 1423; Sec. 6(c), Department of Transportation Act, 49 U.S.C. 1655(c).)

It has been detremined that the expected impact of the proposed regulation is so minimal that the proposal does not warrant an evaluation.

NOTE.—The Federal Aviation Administration has determined that this document contains a major proposal requiring preparation of an Economic Impact Statement under Executive Order 11821, as amended by Executive Order 11949, and OMB Circular A–107 and certifies that an Economic Impact Statement has been prepared.

Issued in Jamaica, New York, on March 25, 1977.

L. J. CARDINALI,
Acting Director, Eastern Region.

[FR Doc.77–10083 Filed 4–6–77;8:45 am]

[14 CFR Part 71]

[Airspace Doc. No. 77–EA–22]

TRANSITION AREA

Proposed Designation of Marion, Va.

AGENCY: Federal Aviation Administration/DOT (FAA).

ACTION: Notice of Proposed Rulemaking.

SUMMARY: This notice proposes to amend § 71.181 of Part 71 of the Federal Aviation Regulations (14 CFR 71.181) to designate a Marion, Va. 700 foot transition area.

A new NDB Runway 26 instrument approach procedure developed for Mountain Empire Airport, Marion, Va., predicated on the Retreat nonfederal NDB, will require designation of the transition area to provide controlled airspace protection for IFR arrivals and departures at that airport.

DATE: Comments must be received on or before May 9, 1977.

ADDRESS: Copies of this NPRM may be obtained from Chief, Airspace and Procedures Branch, AEA–530, Eastern Region, Federal Aviation Administration, Federal Building, Jamaica, New York 11430.

FOR FURTHER INFORMATION CONTACT:

Frank Trent, Airspace and Procedures Branch, AEA–530, Air Traffic Division, Federal Aviation Administration, Federal Building, J.F.K. International Airport, Jamaica, New York 11430, Telephone 212–995–3391.

SUPPLEMENTARY INFORMATION: Interested parties are invited to participate in the making of the proposed rule by submitting such written data, views, or arguments as they may desire. Communications should identify the docket number and be submitted in triplicate to the Director, Eastern Region, Attn: Chief, Airspace & Procedures Branch, Federal Aviation Administration, Federal Building, J.F.K. International Airport, Jamaica, New York 11430. All communications received on or before May 9, 1977, will be considered before taking action on the proposed rule. The proposals contained in this notice may be changed in the light of comments received. All comments will be available, both before and after the closing date for comments, for examination by interested persons. A report summarizing each public contact with FAA personnel concerned with this rule making will be filed in the public regulatory docket.

Accordingly, the Federal Aviation Administration proposes to amend § 71.181 of Part 71 of the Federal Aviation Regulations (14 CFR 71.181) as follows:

§ 171.181 [Amended]

1. Amend § 71.181 of Part 71 of the Federal Aviation Regulations by designating a Marion, Va. 700 foot floor transition area as follows:

MARION, VA.

That airspace extending upward from 700 feet above the surface within a 9-mile radius of the center, 36°53'45" N., 81°20'45" W. of Mountain Empire Airport, Marion, Va.; within a 16-mile radius of the center of the airport, extending clockwise from a 123° bearing to a 145° bearing from the airport; within a 14.5-mile radius of the center of the airport, extending clockwise from a 145° bearing to a 175° bearing from the airport; within a 15.5-mile radius of the center of the airport, extending clockwise from a 175° bearing to a 192° bearing from the airport; within a 22-mile radius of the center of the airport, extending clockwise from a 192° bearing to a 207° bearing from the airport; within a 24.5-mile radius of the center of the airport, extending clockwise from a 207° bearing to a 225° bearing from the airport; within a 13.5-mile radius of the center of the airport, extending clockwise from a 225° bearing to a 320° bearing from the airport; within a 15.5-mile radius of the center of the airport, extending clockwise from a 320° bearing to a 336° bearing from the airport; within a 17.5-mile radius of the center of the airport, extending clockwise from a 336° bearing to a 024° bearing from the airport; within a 13.5-mile radius of the center of the airport, extending clockwise from a 024° bearing to a 034° bearing from the airport; within a 19-mile radius of the center of the airport, extending clockwise from a 034° bearing to a 056° bearing from the airport, within an 18-mile radius of the center of the airport, extending clockwise from a 056° bearing to a 067° bearing from the airport; within 3.5-miles each side of a 069° bearing from the Retreat RBN (36°55'01" N., 81°16'27" W.), extending from the RBN to 10 miles east of the RBN, excluding the portion that coincides with Bluefield, W. Va., and Dublin, Va. 700-foot floor transition areas.

(Section 307(a) of the Federal Aviation Act of 1958 (72 Stat. 749; 49 U.S.C. 1348(a)) and of Section 6(c) of the Department of Transportation Act (49 U.S.C. 1655(c)).)

The Federal Aviation Administration has determined that this document does not contain a major proposal requiring preparation of an Inflation Impact Statement under Executive Order 11821 and OMB Circular A–107.

Issued in Jamaica, New York, on March 24, 1977.

L. J. CARDINALI,
Acting Director, Eastern Region.

[FR Doc.77–10082 Filed 4–6–77;8:45 am]

[14 CFR Part 183]

[Doc. No. 16622; Notice No. 77–5]

DESIGNATED MANUFACTURING INSPECTION REPRESENTATIVES

Evaluation Inspections, Etc., Performed Outside Plant

The Federal Aviation Administration is considering amending Part 183 of the Federal Aviation Regulations to permit designated manufacturing inspection representatives (DMIRs) to conduct evaluation inspections and to perform all of their authorized functions outside the manufacturing plant at which they are employed. In addition, this notice proposes that certain obsolete terminology be deleted.

Interested persons are invited to participate in the making of the proposed rule by submitting such written data, views, or arguments as they may desire. Communications should identify the regulatory docket or notice number and be submitted in duplicate to: Federal Aviation Administration, Office of the Chief Counsel, Attention: Rules Docket, AGC–24, 800 Independence Avenue SW., Washington, D.C. 20591. All communications received on or before June 7, 1977, will be considered by the Administrator before taking action on the proposed rule. The proposal contained in this notice may be changed in the light of comments received. All comments submitted will be available, both before and after the closing date for comments, in the Rules Docket for examination by interested persons.

Any person may obtain a copy of this notice of proposed rule making (NPRM) by submitting a request to the Federal Aviation Administration, Office of Public Affairs, Attention: Public Information Centre, APA–430, 800 Independence Avenue SW., Washington, D.C. 20591, or by calling (202) 426–8058. Communications must identify the notice number of this NPRM. Persons interested in being placed on a mailing list for future NPRMs should also request a copy of Advisory Circular No. 11–2 which describes the application procedure.

Under § 183.31 of the Federal Aviation Regulations, inspection authorizations are valid only for the manufacturing plant at which a DMIR is employed.

By Amendment 183–4, effective October 6, 1969 (34 FR 14124), the authority of a DMIR to conduct station inspections was revoked. In revoking the station inspection function of the DMIR, the FAA stated that it had become obsolete since, for many years, this function had been reserved for FAA personnel having the responsibility for monitoring quality assurance in the production of aircraft and aircraft parts. Although station inspections no longer are conducted, evaluations of manufacturers' quality control systems are still performed by the FAA within and without the manufacturing plant.

At the present time, the FAA faces a serious shortage of personnel qualified to perform these evaluations to determine compliance with approved quality control procedures and applicable regulations. Therefore, it is proposed to utilize qualified persons as DMIRs for the purpose of performing this function, which would involve conducting systems analysis and other evaluation inspections. Since DMIRs work under the supervision of FAA principal inspectors, they would receive additional training from those inspectors, including a review of applicable regulations, procedures, and engineering data.

In addition, this notice proposes that DMIRs be permitted to perform their functions outside the manufacturing plant at which they are employed. In this connection, it should be noted that many of the functions that the DMIR is qualified to perform currently are performed away from the plant. These include witnessing of tests, conducting of conformity inspections to determine conformance with data submitted by the applicant for airworthiness approval, the submission of findings of conformance or nonconformance with the type design data submitted by the applicant, and the issuance of airworthiness certificates in the standard and experimental categories.

Finally, current § 183.31(b) provides that a DMIR may issue export ferry permits. Since such permits now are obsolete, it is proposed to delete the reference in § 183.31(b) to "export ferry permits."

(Sections 313(a), 314, 601, 603, 608, and 609 of the Federal Aviation Act of 1958 (49 U.S.C. 1354(a), 1355, 1421, 1423, 1428, and 1429) and section 6(c) of the Department of Transportation Act (49 U.S.C. 1655(c)).)

In consideration of the foregoing, it is proposed to amend Part 183 of the Federal Aviation Regulations by revising § 183.31 to read as follows:

§ 183.31 Designated manufacturing inspection representatives.

A designated manufacturing inspection representative may, within limits prescribed by, and under the general supervision of, the Administrator—

(a) Issue—

(1) Original airworthiness certificates for aircraft and airworthiness approvals for engines, propellers, and product parts that conform to the approved design requirements;

(2) Export certificates of airworthiness and airworthiness approval tags in accordance with Subpart L of Part 21 of this chapter; and

(3) Experimental certificates for aircraft for which the manufacturer holds the type certificate and which have undergone changes to the type design requiring a flight test.

(b) Conduct—

(1) Conformity inspections and any other inspections that may be necessary to determine if prototype and production articles are airworthy and safe for operation; and

(2) Evaluations of a manufacturer's quality control system to determine compliance with §§ 21.123, 21.143, and 21.303 of this chapter and the manufacturer's approved quality control procedure; and

(c) Perform functions authorized by this section at the manufacturing plant at which the DMIR is employed or at other locations at which work is performed by the manufacturer under his approved quality control system.

NOTE.—The Federal Aviation Administration has determined that this document does not contain a major proposal requiring preparation of an Economic Impact Statement under Executive Order 11821, as amended by Executive Order 11949, and OMB Circular A–107.

Issued in Washington, D.C., on March 30, 1977.

R. P. SKULLY,
Director,
Flight Standards Service.

[45 CFR Part 192]

STATE STUDENT INCENTIVE GRANT PROGRAM

Proposed Allotment and Application Procedures for Fiscal Year 1977

AGENCY: Office of Education, HEW.

ACTION: Proposed rule.

SUMMARY: The State Student Incentive Grant (SSIG) Program makes incentive grants to States to assist them in providing awards to eligible students with substantial financial need. SSIG enables students to attend or to continue to attend institutions of higher education. This document provides a procedure for distributing the appropriation between initial and continuation awards.

DATE: All comments must be received on or before May 9, 1977.

ADDRESSES: Written comments to: R. L. McVity, State Student Incentive Grant Program, Bureau of Postsecondary Education, U.S. Office of Education, Room 4669, Regional Office Building No. 3, Seventh and D Streets, SW., Washington, DC 20202, telephone 202–245–2354.

Comments received in response to this notice will be available for public inspection at the above office on Mondays through Fridays between 8:00 a.m. and 4:30 p.m.

FOR FURTHER INFORMATION CONTACT:

R. L. McVity, State Student Incentive Grant Program, Bureau of Postsecondary Education, U.S. Office of Education, Room 4669, Regional Office Building No. 3, Seventh and D Streets, S.W., Washington, D.C. 20202, telephone 202–245–2354.

SUPPLEMENTARY INFORMATION:

Notice is hereby given that pursuant to the authority contained in § 415B of the Higher Education Act of 1965, as amended (20 U.S.C. 1070c–1), the Commissioner of Education, with the approval of the Secretary of Health, Edu-

V 4267 APR 7 77 UMI

cation, and Welfare, proposes to allot funds under the continuing resolution or if such funds are appropriated for the State Student Incentive Grant Program for academic year 1977–1978 in the manner set forth below, unless Congress establishes specific appropriations for initial and continuation awards. The purpose of the State Student Incentive Grant (SSIG) Program is to make incentive grants to States to assist them in providing awards to eligible students with substantial financial need, thereby enabling such students to attend or to continue to attend institutions of higher education.

A. BACKGROUND

Currently applicable regulations governing the SSIG Program are set forth in 45 CFR Part 192. These regulations and the authorizing legislation are founded on separate appropriations (1) for the purpose of initial awards to eligible students who have not previously received SSIG awards and (2) for the purpose of continuation awards to eligible students who have previously received initial awards, and they presume the use of separate annual applications from the States for these two purposes. The statute also provides a formula for allotting the appropriation for initial awards among the States, but gives the Commissioner discretion in allotting the appropriation for continuing awards. However, the Fiscal Year 1977 continuing resolution and possible appropriation act, like the corresponding appropriation acts for Fiscal Years 1975 and 1976, might not make such separate appropriations for initial and continuing awards. Consequently, the Commissioner must once again provide a procedure for distributing the appropriation between initial and continuation awards.

The proposed procedures set forth below are identical with those approved for Fiscal Years 1975 and 1976. They provide that the entire appropriation will be allotted according to the statutory formula for initial awards and further provide the States with discretion to make determinations, based on their individual circumstances, for the distribution of such allotments between initial and continuing awards. The Commissioner recognizes that students who have formerly received awards under the SSIG Program may reasonably expect continued financial support, and that some priority should therefore be given for continuing awards.

Following the procedures in operation for Fiscal Years 1975 and 1976, published in the FEDERAL REGISTER on June 30, 1975 (40 FR 27459), and March 18, 1976 (41 FR 11311), respectively, the proposed procedures for Fiscal Year 1976 would supersede 45 CFR 192.3(e) but would otherwise incorporate all published provisions of SSIG regulations.

B. ALLOTMENT AND APPLICATION PROCEDURES

(1) From the sum appropriated for the SSIG Program for Fiscal Year 1977, the Commissioner will allot to each State that applies for such funds an amount which bears the same ratio to such sum as the number of students in attendance at institutions of higher education in such State bears to the total number of students in attendance in all such States. (A table containing a distribution among all States according to this formula has been appended to the Fiscal Year 1977 State application form as a guide for the States in developing their applications.)

(2) Each State wishing to obtain a grant under this Program shall apply for such grant in accordance with the provisions of the program regulations (45 CFR 192.5). In such application, each State will specify what proportion of its allotment it intends to use for continuing awards and what proportion for initial awards.

(3) The Commissioner will review all State applications for conformity with the program statute and regulations, and will approve all requests for continuation awards where the amount applied for does not exceed the amount of the State's allotment established under paragraph (1) above. The difference between the amount of each State's allotment and the amount approved for continuation awards by that State may be used by the State for making initial awards.

(4) The Commissioner may require each State receiving an allotment under this Program to submit a report prior to September 30, 1977, projecting the portion, if any, of such allotment that will not be needed to make SSIG awards for the academic year 1977–78. Such unused funds may be redistributed among the other States in proportion to the original allotments.

C. PUBLIC COMMENT

Interested persons are invited to submit written comments, suggestions, or objections regarding these proposed allocation and application procedures to R. L. McVity, State Student Incentive Grant Program, Bureau of Postsecondary Education, U.S. Office of Education, Room 4669, Regional Office Building No. 3, Seventh and D Streets, S.W., Washington, D.C. 20202, telephone: (202–245–2354). Comments received in response to this notice will be available for public inspection at the above office on Mondays through Fridays between 8:00 a.m. and 4:30 p.m.

All relevant material must be received on or before May 9, 1977.

The Office of Education has determined that this document does not contain a major proposal requiring preparation of an Inflation Impact Statement under Executive Order 11821 and OMB Circular A-107.

(20 U.S.C. 1070c–1.)

Dated: January 27, 1977.

WILLIAM F. PIERCE,
Acting Commissioner of Education.

Approved: March 28, 1977.

JOSEPH A. CALIFANO, JR.,
Secretary of Health, Education, and Welfare.

FEDERAL COMMUNICATIONS COMMISSION

[47 CFR Part 81]

[Docket No. 20949; RM–2635; FCC 77–222]

RADIOTELEGRAPH LOG

Report & Order Terminating Proceeding

AGENCY: Federal Communications Commission.

ACTION: Report and Order denying a request for a ship radio station rule amendment.

SUMMARY: A provision in the Commission's rules for ship radiotelegraph stations requires that operators make log entries at least once each 15 minutes of signals received on the distress and calling frequency 500 kHz. The Commission was requested to eliminate that requirement as burdensome and unnecessary. This action denies the request based on comments that the requirement is not burdensome and that it promotes efficient radio operation and safety.

DATES: None. (Rules remain unchanged)

FOR FURTHER INFORMATION CONTACT:

Robert H. McNamara, Aviation and Marine Division, Safety and Special Radio Services Bureau, Federal Communications Commission, Washington, D.C. 20554, 202–632–7197.

Adopted: March 24, 1977.

Released: April 1, 1977.

In the matter of amendment of Part 81 of the rules to eliminate certain requirements regarding entries in the radiotelegraph log.

1. A Notice of Proposed Rule Making in the above captioned matter was released on October 28, 1976, and was published in the FEDERAL REGISTER on October 29, 1976, (41 FR 47496). The specified time for filing comments and reply comments has expired.

2. The proposed amendment, as requested by RCA Global Communications, Inc. (hereafter RCA Globcom), was designed to eliminate the requirement for

public coast stations, which by reason of Subpart G of Part 81 of the rules are required to maintain a watch on the frequency 500 kHz, to make a positive entry in the radiotelegraph log at least once each 15 minutes regarding signals received on that frequency. RCA Globcom contended that this record keeping requirement, contained in Section 81.214 (a)(4) of the rules, was burdensome and unnecessary in light of other log entry requirements. Further, it was argued that deletion would promote efficiency. In the Notice of Proposed Rule Making the Commission noted that since the proposal may have a negative effect on the level of compliance with watch standing requirements on 500 kHz, the international distress and calling frequency in the band 405–535 kHz, comments were desired from concerned members of the public. Comments were filed by Mr. John C. Anderson, Mr. L. H. Baumlin, The Central Committee on Telecommunications of the American Petroleum Institute (API), The American Institute of Merchant Shipping (AIMS), TRT Telecommunications Corporation, and the American Radio Association (ARA) and the Radio Officers Union (ROU). Reply comments were filed by API and the Communications Workers of America (CWA).

3. Three of the commenters strongly opposed adoption of the proposed amendment. Mr. Baumlin, a radio operator at public coast station WCC, disagreed with RCA Globcom's petition to delete the subject log entry requirement. He stated that the requirement has never been found to be burdensome, and does not detract from efficiency or productivity, while it does promote safety and makes personnel more cognizant of their duties. The ARA and ROU, representing radio officers serving aboard 92 percent of U.S. flag merchant ships, likewise strongly opposed the proposal. They indicated that such long entries are necessary to insure that the higher level of compliance with watch requirements is sustained for safety purposes. Further, they maintained that these entries involve no observable burden and that no apparent efficiencies would result from their deletion. AIMS, the national association of the U.S. flag merchant vessel industry, representing 70% of all active U.S. registered privately owned tonnage, stated that the maintenance of an efficient watch on 500 kHz would not be served by elimination of the subject logging requirement. AIMS feels that discontinuance of the positive entry requirement would lead to inattentive monitoring and possibly encourage abandonment of the 500 kHz listening watch for extended periods, compounding maritime communications problems. AIMS concluded by strongly suggesting denial of the proposal CWA, the bargaining agent for employees of the public coast radiotelegraph stations operated by ITT World Communications, Inc., filed reply comments endorsing AIMS' position. CWA also noted that the personnel it represents have not reported the subject log entry to be burdensome or conductive to added operating costs.

4. The three other commenters supported the proposal. Mr. Anderson of public coast station WMH, stated that he agreed with the proposed amendment. He also recommended adding a clause to § 81.214(a)(4) relative to log entries concerning the observance of silence periods. This latter suggestion does not appear necessary, nor germane to the present proceeding. TRT, the operator of public coast station coast station WNU, concurred with the petitioner's position that the subject log entries are unnecessary in view of the other requirements. While TRT submitted that the radiotelegraph industry cannot afford unnecessary requirements which increase operating costs, it was also indicated that the proposed rule change would have no significant affect on operating costs. API, herein representing companies in the petroleum and gas industry which operate vessels equipped with radiotelegraph facilities, also endorsed the deletion of the rule as proposed. Such a log entry requirement, in API's opinion, is not essential to insure that the 500 kHz watch is in fact maintained. They feel it is most important to free personnel manning public coast stations from unnecessary duties in order that they may handle essential functions properly. API also suggested a similar log entry requirement in Section 83.330, applying to ship radiotelegraph stations, be deleted from the rules. The rationale and conclusion given below apply to this additional proposal as well. In reply comments, noting the views of AIMS and others opposing the proposed amendment, API made it clear that its support is conditioned on the continuation of an efficient watch on the 500 kHz frequency, and enforcement of the other log entry requirements of § 81.214 of the rules.

5. The subject log entry requirement contained in § 81.214(a)(4) was not arbitrarily adopted, rather, it was implemented as part of a program to promote the safety of life and property at sea through the use of radio. The Commission reaffirmed in Docket No. 19544 (FCC 76–454) that the public interest, convenience and necessity required that public radiotelegraph coast stations authorized to provide service on the medium frequency bands, maintain coverage on 500 kHz, the international distress and calling frequency. The subject log entries were designed to substantiate that a proper listening watch is maintained and discourage abandonment of the watch for extended periods of time. In an adequately staffed public coast station the required entries are far from onerous. If traffic is handled the message is entered in the log as a matter of course. If no traffic is handled but stations are heard, a simple entry indicating the stations heard is sufficient. For example: "1200; stations heard—KNCB, WOE, WLO." The time involved for a qualified operator to make such an entry is approximately 5 seconds. Even less time is required to enter "nothing heard", when applicable. The comments received from the representatives of the merchant shipping industry and ship and coast station radiotelegraph operators (who strongly opposed the proposed amendment) generally reflected the Commission's reasoning in requiring these log entries initially. Namely, safety on the high seas is promoted by insuring a high level of compliance with the 500 kHz listening watch requirement, and the entries themselves are not burdensome and do not result in operating inefficiencies. The comments supporting the proposal failed to show any significant savings or improvement that would result therefrom.

6. In light of the possible negative effect on radiotelegraph communications in the maritime services, and the fact that the subject log entry requirement is not found to be burdensome, we conclude that it is not in the public interest to amend the rules as proposed in the Notice of Proposed Rule Making in this docket.

7. In view of the foregoing, *it is ordered*, That this proceeding is terminated.

FEDERAL COMMUNICATIONS COMMISSION,
VINCENT J. MULLINS,
Secretary.

[FR Doc.77–10331 Filed 4–6–77;8:45 am]

DEPARTMENT OF TRANSPORTATION

Materials Transportation Bureau

[49 CFR Parts 173, 178]

[Doc. No. HM–139, Notice No. 77–3]

INDIVIDUAL EXEMPTIONS, CONVERSION TO REGULATION OF GENERAL APPLICABILITY

Transportation of Hazardous Materials

AGENCY: Materials Transportation Bureau, DOT.

ACTION: Notice of Proposed Rule Making.

SUMMARY: The Materials Transportation Bureau is considering amending the regulations governing the transportation of hazardous materials to incorporate therein a number of changes based on existing exemptions which have been granted to individual applicants allowing them to perform particular functions in a manner that varies from that specified by the regulations. Adoption of these exemptions as rules of general applicability would provide wider access to the benefits of transportation innovations recognized as effective and safe.

DATES: Comments by May 5, 1977.

ADDRESS COMMENTS TO: Section of Dockets, Office of Hazardous Materials Operations, Department of Transportation, Washington, D.C. 20590. It is requested that five copies be submitted.

FOR FURTHER INFORMATION CONTACT:

D. L. Raines, Office of Hazardous Materials Operations, 2100 Second

V4267 APR 7 7 7 UMI

Street SW., Washington, D.C. 20590 (202–755–4962).

SUPPLEMENTARY INFORMATION: Each of the proposed amendments described in the table below is founded upon either: (1) actual shipping experience gained under an exemption, or (2) the data and analysis supplied in the application. In each case the resulting level of safety being afforded the public is considered at least equal to the level of safety provided by the current regulations.

Analysis of these proposed amendments also indicates that the costs of regulatory enforcement will not be significantly affected, nor will additional costs be imposed on the private sector, consumers, or Federal, State or local governments, since these amendments, if adopted, will authorize the general use of shipping alternatives previously available to only a few users under exemptions. The safety record or analysis of shipments under the identified exemptions demonstrates that significant environmental impacts will not result from any of the amendments proposed herein.

Adoption of an amendment derived fron an existing exemption will obviate the need for that exemption and effectively terminate it, in which event the affected exemption holder and parties to that exemption will be individually notified. Adoption of an amendment derived from an application for exemption should provide the relief sought, in which event, the exemption request will be denied and the applicant so notified. In the event the Bureau decides not to adopt any of those proposed amendments, that application will be evaluated and acted upon in accordance with the applicable provisions of the exemption procedures in 49 CFR Part 107, Subpart B. Consequently, persons commenting on proposed amendments may wish to address both the proposed amendment and the exemption application. Consideration of comments of the merits of including within an amendment modes of transportation other than those for which the exemption application requested is anticipated.

Each mode of transportation for which a particular exemption is authorized or requested is indicated in the "Nature of Exemption or Application" portion of the table below as follows: 1—Motor vehicle, 2—Rail freight, 3—Cargo vessel, 4—Cargo-only aircraft, 5—Passenger-carrying aircraft. The status of the exemption action is indicated in the column titled Identification Number where prefix "E" means an exemption has been issued and prefix "SP" means a special permit exists under previous authorities. The suffix "No" means no applications for exemptions are pending, but the Bureau is taking action by this proposal; the suffix "X" means a renewal application is pending; and the suffix "P" means one or more party status applications are pending; and the suffix "N" means a new application for exemption is pending.

Proposed amendments of hazardous materials regulations to terminate special permits and exemptions

Identification No.	Applicant or holder	Regulation affected	Nature of exemption or application	Nature of proposed amendment
E-4586-No.	White Chemical Corp.	173.247(a)(2)	Authorizes shipment of various corrosive and flammable liquids (including primethyl acetyl chloride) in a DOT specification 6D cylindrical steel overpack with an inside polyethylene liner fabricated from type III polyethylene. (Modes 1, 2, and 3.) NOTE.—Trimethyl acetyl chloride was inadvertently omitted from docket No. HM-139; notice No. 76-7.	To amend the last sentence of subpar. (a)(2) to read: "Authorized for acetyl chloride, dichloroacetyl chloride, sulfuryl chloride, and trimethyl acetyl chloride only."
E-5167-No.	Mobay Chemical Corp.	173.377(b)(6)	Authorizes shipment of an organic phosphate compound mixture, dry in 12B fiberboard boxes with inside 2D paper bags with either a foil liner or with inside polyvinyl alcohol film pouches. NOTE.—Docket HM-139, amendments 173.104 and 177.38 (42 CFR 11238) added (b)(6) to sec. 173.377. The 2d sentence erroneously reads: "Paper bags must also have an additional foil liner and the mixture must be further packed in water soluble 1½ mil polyvinyl alcohol film pouches of not more than 8 oz capacity with not more than 10 pouches per bag." That sentence should read: "Paper bags must also have an additional foil liner or the mixture must be further packed in water soluble 1½ mil polyvinyl alcohol film pouches of not more than 8 oz capacity with not more than 10 pouches per bag."	To revise par. (b)(6) to read: "(6) Specification 12B (sec. 178.205 of this subchapter). Fiberboard box with inside specification 2D (sec. 178.23 of this subchapter). Paper bags not over 4-lb capacity each. The paper bags must also have an additional foil liner or the mixture must be further packed in water soluble 1½ mil polyvinyl alcohol film pouches of not more than 8 oz capacity with not more than 10 pouches per specification bag. Completed package must not exceed 65 lb gross weight and must meet the test requirements of pars. (d) and (e) of this section. Authorized only for mixtures in which the liquid is absorbed in concentrations no greater than 67 pct."
SP 6165-No.	Ashland Chemical Co.	173.272(i)(6)	Authorizes shipment of sulfuric acid in DOT 6D/2S on 2SL composite packaging. (Modes 1, 2, and 3.) NOTE.—Docket HM-139, amendment 173-101 (49 F.R. 50262, Nov. 15, 1976) amended 173.272(i)(6). The last sentence erroneously reads "overpack of 30-gal capacity must be constructed of 16-gage steel throughout when used for sulfuric acid of 93 pct or greater concentration." That sentence should have read "overpack of over 30-gal capacity must be constructed of 16-gage steel throughout when used for sulfuric acid or 93 pct or greater concentration."	To amend the last sentence of par. (6) to read: "Overpack of over 30-gal capacity must be constructed of 16-gage steel throughout when used for sulfuric acid of 93 pct or greater concentration."
SP 6561-X	Olin Corp.	173.276	Authorizes shipment of up to 64.9 pct solutions of hydrazine in DOT specification 2E polyethylene bottles inside a DOT 12B fiberboard box with certain additional requirements. (Modes 1 and 2.)	To add para. (a)(9) to read: "(9) Specification 12B (sec. 178.205 of this subchapter). Fiberboard box with 1 inside specification 2E (sec. 178.24a of this subchapter) polyethylene bottle not over 4½-qt capacity. Polyethylene bottle must be of type III high density polyethylene having a minimum wall thickness of 30 mil and bottle must be securely closed with a screw cap.
SP 6575-X	Remington Arms Co.	173.107(d)	Authorizes shipment of percussion caps in metal cans packed in chipboard boxes and further overpacked in specification 12B fiberboard boxes. (Modes 1 and 2.)	To add par. (d)(1) to read: (1) Specification 12B (sec. 178.205 of this subchapter). Fiberboard box. Caps must be packed in inside metal cans containing not more than 100 caps each. Can must then be packed in a chipboard box with not more than 10 cans per box. Not more than 5 such boxes shall be packed in the 12B fiberboard box. The completed package must be such that the explosion of a part of the caps will not cause the explosion of all the caps.

Identification No.	Applicant or holder	Regulation affected	Nature of exemption or application	Nature of proposed amendment
SP 6725-No. SP 6823-No.	3M Co.; E. I. du Pont de Nemours & Co.; Shell Oil Co.	173.119(b)	Authorizes flammable liquids, n.o.s. with flashpoint above 20° F to be shipped in DOT specification 12P/2U composite packaging not over 5-gal capacity. (Modes 1, 2, and 3.)	To add par. (b)(11) to read: "(11) Specification 12P (sec. 178.211 of this subchapter). Fiberboard boxes with inside specification 2U (sec. 178.24 of this subchapter) polyethylene containers not over 5-gal capacity. Authorized only for material which will not react dangerously with or cause decomposition of polyethylene. Not authorized for transportation by air."
E-6803-X	Halocarbon Products Corp.	173.264(b)(1)	Authorizes shipment of hydrofluoric acid, anhydrous in DOT specification 4BW welded steel cylinders. (Mode 1.)	To amend the first sentence of par. (b)(1) to read: "(1) Specifications 3Z, 3A, 3AA, 2H, 2C, 3E, 4, 4A, 2S, or 2S2, (secs. 178.36, 178.37, 178.38, 178.40, 178.42, 178.48, or 178.49 of this subchapter), also specifications 4B, 4BA, 4C, or 4BW (secs. 178.50, 178.51, 178.52, or 178.6) of this subchapter) if not brazed."
SP 6814-X	Allied Chemical Corp.	173.272(d), (i)(28).	Authorizes shipments of sulfuric acid of 57.9-pct and 62.2-pct concentration in DOT specification MC-310, MC-311, or MC-312 tank motor vehicles having steel cargo tanks equipped with a phenolic lining impervious to the lading. (Mode 1.)	To revise par. (d) to read: "(d) Sulfuric acid concentration of greater than 51 pct to not over 65.25 pct: Authorized packaging is described in subpars. (1) through (16), (27), and (28) of par. (i) of this section. To add par. (28) to read: "(28) Specification MC-310, MC-311, or MC-312 (sec. 178.343 of this subchapter). Tank motor vehicles having steel cargo tanks equipped with a phenolic lining impervious to the lading.
E-6914-No.	Hercules Inc.	173.66	Authorizes shipment of blasting caps having inside packaging consisting of polethylene bags. NOTE.—The revision to sec. 173.66(c) as published in docket HM-139; amendment 173-101 did not completely obviate the need of SP 6914. (Mode 1.)	To revise pars. (c), (d), and (d)(1) to read: (c) Blasting caps containing not more than 50 gr of explosive composition each must be placed in strong inside containers in which they fit snugly. When caps are loaded vertically in metal containers, they must be covered by suitable elastic material placed over the caps. Not more than 100 such blasting caps may be packed in a single container. All inside containers, except polyethylene plastic bags not subject to static generation, must then be packed snugly in cartons or wrappings made of paper or pasteboard. (d) Not more than 5,000 blasting caps, containing not more than 50 gr of explosive composition each, packed in inside containers as prescribed in par. (c) of this section, must be packed in outside containers complying with the following specifications: (1) Specifications 14, 15A, or 16A (secs. 178.165, 178.168, and 178.185 of this subchapter). Wooden boxes (see sec. 173.67 (a) (1) note 1) or specifications 12H, 23F, or 23H (secs. 178.209, 178.214, or 178.219 of this subchapter). Fiberboard boxes, with inside containers which must be either cartons or wrappings with inside containers, or polyethylene plastic bags not subject to static generation, as prescribed in paragraph (c) of this section which, except for inside containers of polyethylene plastic bags not subject to static generation which must fit snugly in the outside box, must be separated from the outside box by at least 1 in of tightly packed sawdust, excelsior, or equivalent cushioning material. Gross weight not to exceed 150 lb.
E-6917-No.	Atlas Powder Co.	173.239(a)	Authorizes shipment of barium azide—50 pct or more water wet, in accordance with 49 CFR 173.239(a) (1) except outside container may be a DOT specification 21C fiber drum. (Modes 1 and 2.)	To add para. (a)(2) to read: "(2) Specification 21C (sec. 178.224 of this subchapter). Fiber drum with inside glass bottles not over 1-lb capacity each. Bottles must have rubber stoppers wire-tied for securement. If shipment is to take place at a time freezing weather is to be anticipated, a suitable antifreeze solution must be used to prevent freezing."
SP 6950-X	Ozark Mahoning Co.	173.275(a)	Authorizes shipments of hexafluorophosphoric acid in 55-gal DOT specification 6D cylindrical steel overpack with an inside specification 2SL polyethylene container. (Modes 1 and 3.)	To add para. (a)(5) to read: "(5) Specification 6D (sec. 178.102 of this subchapter). Cylindrical steel overpack with inside specification 2S or 2SL (secs. 178.35, 178.35a or this subchapter) polyethylene packaging. Maximum net weight 550 lb.
SP 7059-X	Oxford Chemicals; Chemtech Resources, Inc.	173.245b(a)(6)	Authorizes shipment of a corrosive solid, n.o.s. in accordance with 49 CFR 173.245b (a)(6) except maximum capacity may be 7 gal. (Modes 1 and 2.)	To revise par. (a)(6) to read: "(6) Plastic drum or pail not exceeding 80 lb net weight and not over 7-gal capacity."
E-7082-X	Igloo Corp.	173.276(a)	Authorizes shipment of corrosive liquids in a non-DOT specification 55-gal reusable molded polyethylene container. (Modes 1, 2, and 3.)	To add subpar. (9) to read: "(9) Specification 34 (sec. 178.19 of this subchapter) polyethylene container without overpack, not over 30-gal capacity. Authorized for hydrazine solution only.
E-7229-X	Dow Chemical Co.	173.304(a)(2)	Authorizes shipment of sulfuryl fluoride in DOT specification 3E cylinder having a service pressure of not more than 1,800 lb/in²g. (Modes 1, 2, 3, and 4.)	To revise the 3d column of sec. 173.304(a)(2) for sulfuryl fluoride to read: DOT-3AA480; DOT-3AA480; DOT-3E1800; DOT-4B480; DOT-4BA480; and DOT-4BW480.
E-7281-No.	RMI Titanium Co.	173.306(b)	Authorizes shipment of titanium metal powder, dry in DOT specification 17C metal drums not over 30-gal capacity. (Mode 1.)	To add par. (b)(4) to read: "(4) Specification 17C (sec. 178.115 of this subchapter). Metal drums (single trip) not over 30-gal capacity."
E-7423-No.	Dow Chemical Co.	173.220	Authorizes shipment of magnesium, metal in DOT specification 56 aluminum portable tanks. (Modes 1, 2, and 3.)	To revise par. (b) to read: (b) Magnesium metallic (other than scrap), powdered, pellets, turnings, or ribbon must be packed in containers as prescribed in sec. 173.154 or in DOT specification 56 (sec. 178.252 of this subchapter) metal portable tanks.
E-7439-No.	BernzOmatic Corp.	178.33a-2(b)	Authorizes shipment of dichlorodifluoromethane in DOT specification 2Q containers except that the maximum capacity is 55 in³ (30.5 fluid oz). (Modes 1 and 2.)	To revise par. (b) to read: "(b) The maximum capacity of containers in this class shall not exceed 55 in³ (30.5 fluid oz). The maximum inside diameter shall not exceed 3 in.

(49 U.S.C. 1803, 1804, 1808; 49 CFR 1.53(e) and paragraph (a)(4) of App. A to Part 102.)

Issued in Washington, D.C., on March 25, 1977.

DR. C. H. THOMPSON, P.E.,
Acting Director, Office of Hazardous Materials Operations.

[49 CFR Part 195]

[Notice 77-3; OPSO Doc. No. 77-4]

TRANSPORTATION OF LIQUIDS BY PIPELINE

Conversion of Existing Pipeline to Liquid Service

AGENCY: The Materials Transportation Bureau's Office of Pipeline Safety Operations (OPSO).

ACTION: Proposed rule.

SUMMARY: This notice proposes to establish minimum requirements for the conversion of existing steel pipeline to liquid service. The proposal is issued in response to a petition by the American Petroleum Institute (API). The new regulations would eliminate the burden and delay of accomplishment of conversion through the current waiver process while at the same time providing the necessary level of safety.

DATES: Comments must be received on or before May 13, 1977.

ADDRESS: Send comments to: Director, Office of Pipeline Safety Operations, Department of Transportation, 2100 Second Street, SW., Washington, D.C. 20590.

Comments are available at Docket Room 6500, 2100 Second Street SW., Washington, D.C.

FOR FURTHER INFORMATION CONTACT: Peggy Hammond, (202) 426-0135.

SUPPLEMENTARY INFORMATION: The safety standards in Part 195 govern the design, construction, operation, and maintenance of onshore and offshore pipelines used for the transportation in interstate or foreign commerce of hazardous materials subject to Parts 172 and 173 of this chapter, petroleum, and petroleum products. However, conversion of existing pipelines to service subject to Part 195 is not specifically covered in the present regulations.

Since Part 195 does not specifically address the subject of conversion, the current OPSO interpretation is that an existing pipeline in other service may be used in service subject to Part 195 if it is operated and maintained in accord with Subpart F of Part 195, and complies, as required by § 195.402(d), with applicable design, construction, initial testing, and initial inspection standards of that Part or if a waiver from compliance with one or more of the Part 195 regulations has been approved.

Section 195.402(d) requires that:

> No carrier may operate any part of a pipeline system upon which construction was begun after March 31, 1970, or in the case of offshore pipelines located between a production facility and a carrier's trunkline reception point, after July 31, 1977, unless it was designed and constructed as required by this part.

Because most of the facilities that would be converted to liquid service were constructed prior to the controlling dates of § 195.402(d) in accordance with specifications and procedures applicable at the time they were installed, they cannot realistically comply with all the design, construction, initial testing, and initial inspection requirements of Part 195. Therefore, the carrier's only alternative is to accomplish conversion of an existing pipeline through the waiver process. However, the processing of a large number of waiver requests can be unnecessarily cumbersome and time consuming for both OPSO and the carrier. The Materials Transportation Bureau (MTB) believes that the procedures contained in the proposed subpart will facilitate timely conversion of existing pipelines to liquid service and assure the safe operation of such pipelines in their new services. MTB further believes that the adoption of these procedures will enhance the ability of the pipeline industry to deliver much needed energy supplies in a timely, economically, and environmentally sound manner, all of which are in the national interest.

In its petition, API points out that the energy supply pattern in our nation has changed significantly during recent years and will continue to change because of declining production from older oil and gas fields and the discovery and development of new oil and gas fields. The availability of crude oil and natural gas from Alaska's North Slope, increased imports, anticipated future offshore production, shifts in population, and the operation of the Strategic Petroleum Reserve Program will alter petroleum patterns even more. The conversion of existing pipelines not now utilized for the transportation of liquid petroleum to such service can go far in assisting to satisfy the demand for pipeline transportation created by these changed patterns of petroleum distribution.

API further states:

> From the environmental point of view, conversion of existing pipelines to the transportation of liquid petroleum is highly desirable in several respects. The need for new rights-of-way is reduced; multiple surface use of existing rights-of-way remains virtually undisturbed, as do wildlife and existing vegetation.
>
> Service conversions directly benefit the consumer because they can make efficient use of now under utilized capital facilities. Service conversions are also advantageous because of the speed with which they can be accomplished, compared to the construction of entirely new pipeline facilities.
>
> Service conversion is also conservative of raw materials and of energy, which are necessary to produce entirely new pipelines. The energy conservation and economic benefits of pipeline service conversion combine to produce a highly beneficial economic impact for such projects.

The proposed subpart conditions the conversion of existing pipelines to liquid service on the carrier taking specified actions in conformance with a written procedure. In general they are reviewing the design and construction and the operating and maintenance history of the pipeline, and, based on that review, making any repairs, replacements, or alterations that are necessary for safe operation, and then performing leak and strength tests appropriate for the intended service as added assurance that the pipeline will be serviceable and then commencing operations in accordance with the preplanned procedure. The fact that a converted line will be placed in liquid service, and, consequently be subject to Part 195, immediately requires that it be operated and maintained in accord with that Part.

Conversion under new Subpart G would apply only to the conversion of steel pipelines to liquid service. This is consistent with existing § 195.8 that requires Secretarial approval before pipelines constructed of material other than steel may be used in service subject to Part 195.

Also, proposed herein is an amendment to 49 CFR § 195.402(d). By proposing the new Subpart G, as discussed above, the currently controlling dates in § 195.402(d) would become inappropriate in relation to compliance with that new subpart. The proposed amendment would avoid that conflict.

This notice also takes into consideration the information contained in Notice 77-2, "Conversion of Existing Pipeline to Gas Service," published in the FEDERAL REGISTER on March 24, 1977. Notice 77-2 proposes rulemaking action to establish a new Subpart N, Conversion of Existing Pipeline to Gas Service within Part 192 of Title 49, Code of Federal Regulations. Notice 77-2 was based on a petition for rulemaking filed by the Interstate Natural Gas Association of America (Docket No. Pet. 77-3).

Interested persons are invited to participate in this rulemaking action by submitting such data, views, or arguments as they may desire. Communications should identify the regulatory docket and notice numbers and be submitted in triplicate to the above address. All communications received by May 13, 1977, will be considered before final action is taken on the notice. Late filed comments will be considered so far as practicable. The proposal contained in this notice may be changed in light of comments received.

MTB is considering making these proposed amendments to 49 CFR Part 195 effective upon their publication as final rules. This would allow carriers to take immediate advantage of a beneficial conversion procedure.

IMPACT EVALUATION: MTB has determined that this document does not contain a major proposal requiring preparation of an Inflation Impact Statement under Executive Order 11821, as amended, and OMB Circular A-107.

PRINCIPAL AUTHORS OF THIS PROPOSAL: Mr. Frank E. Fulton, Chief, Technical Division, OPSO, and Mr. Robert L. Beauregard, Attorney, Office of the General Counsel.

In consideration of the foregoing, MTB proposes that Part 195 of Title 49 of the Code of Federal Regulations be amended as follows:

1. By adding to the table of contents immediately following "§ 195.438, Smoking or open flames." the following entries:

Subpart G—Conversion of Existing Pipeline to Liquid Service

Sec.
195.500 Scope.
195.502 General.
195.504 Determining integrity of pipeline.
195.506 Operation and maintenance.
195.508 Maximum allowable operating pressure.

2. By revising paragraph (d) of § 195.402 to read as follows:

§ 195.402 General requirements.

* * * * * *

(d) Except as provided in Subpart G of this Part, no carrier may operate any part of a pipeline system upon which construction was begun after March 31, 1970, or in the case of offshore pipelines located between a production facility and a carrier's trunkline reception point, after July 31, 1977, unless it was designed and constructed as required by this Part.

3. By adding a new Subpart G immediately following existing Subpart F to read as follows:

Subpart G—Conversion of Existing Pipeline to Liquid Service

§ 195.500 Scope.

This subpart prescribes minimum requirements for converting steel pipelines from service not subject to this Part to service subject to this Part. Conversion to service subject to this Part of existing pipeline constructed of material other than steel requires specific approval by the Secretary (see § 195.8 of this Part).

§ 195.502 General.

(a) As used in this subpart "convert a pipeline," "converting a pipeline," or "conversion of a pipeline" means to change an existing steel pipeline or segment of existing steel pipeline from service not subject to this Part to service subject to this Part.

(b) After (effective date) no person may convert a pipeline unless each requirement of this subpart is complied with.

(c) Each carrier who intends to convert a pipeline shall establish and implement a written procedure for that pipeline that will ensure compliance with each requirement of this subpart.

(d) Each carrier who converts a pipeline shall retain for the life of that pipeline, a record of each investigation required by this subpart, of all modifications performed, and of each test conducted in connection with the conversion.

§ 195.504 Determining integrity of pipeline.

(a) No person may operate a converted pipeline unless the requirements of this section have been met.

(b) Before converting a pipeline, the carrier shall—

(1) Review the design, construction, operation, and maintenance history of the pipeline and determine the physical condition of the pipeline by examination of appropriate maintenance and internal and external corrosion control records, conduct appropirate visual inspections, and, if sufficient records are not available, conduct new tests to verify whether the proposed conversion will be consistent with this Part.

(2) Make any repairs, replacements, or alterations that are necessary for operation under this Part. Such repairs, replacements, or alterations must be made in accord with this Part.

(3) Perform a hydrostatic test on the pipeline as prescribed in Subpart E of this Part, unless testing of the pipeline has been performed in a manner equivalent to Title 49 Part 192 or 195 within the five years prior to conversion.

§ 195.506 Operation and maintenance.

(a) Each converted pipeline must be operated and maintained in accordance with this Part.

(b) Within 12 months after a converted pipeline is put in service that pipeline must be protected from atmospheric, internal, and external corrosion in accordance with this Part.

§ 195.508 Maximum allowable operating pressure.

Except for surge pressures and other variations from normal operations, no carrer may operate a converted pipeline at a pressure that exceeds any of the following:

(a) The internal design pressure determined in accordance with § 195.106 (a) of this Part for a new pipeline constructed of the same materials as the converted pipeline.

(b) Eighty percent of the pressure to which the converted pipeline has previously been tested in accordance with Title 49 Part 192 or eighty percent of a hydrostatic test made in accordance with Subpart E of this Part.

(18 U.S.C. 834, 49 CFR 1.53(g) and paragraph (b) (1) of Appendix A of Part 102.)

Issued in Washington, D.C., on April 4, 1977.

CESAR DELEON,
Acting Director, Office of Pipeline Safety Operations.

National Highway Traffic Safety Administration

[49 CFR Part 531]

[Doc. No. FE 76-1; Notice 4]

PASSENGER AUTOMOBILE AVERAGE FUEL ECONOMY STANDARDS

Extension of Comment Period

AGENCY: National Highway Traffic Safety Administration, DOT.

ACTION: Proposed rule, extension of period for public comments.

SUMMARY: This notice responds to a petition for extension of the period for written comments on the notice of proposed rulemaking on average fuel economy standards for passenger automobiles manufactured in model years 1981–84 and for written responses to questions asked at the March 22–24 hearing on the proposal. The closing date is changed from April 7, 1977, to April 12, 1977.

DATE: Comments must be received on or before April 12, 1977.

ADDRESS: Comments should be submitted to: Docket Section, Room 5108, National Highway Traffic Safety Administration, 400 Seventh Street SW., Washington, D.C. 20590.

FOR FURTHER INFORMATION CONTACT:

Mr. Roger Fairchild, Office of Chief Counsel, National Highway Traffic Safety Administration, 400 Seventh Street SW., Washington, D.C. 20590 (202–426–2993).

SUPPLEMENTARY INFORMATION: On February 22, 1977, at 41 FR 10311, the Department of Transportation proposed the establishment of average fuel economy standards for passenger automobiles manufactured in model years 1981–84. That notice also announced a public hearing on those standards and established a deadline of April 7, 1977, for the submission of written comments on the proposal and of written responses to matters raised at the hearing. At the hearing, several participants agreed to provide detailed written responses to certain questions. These questions were of a technical nature, requiring the compilation and analysis of test and engineering data and of economic information.

One of the participants, Chrysler Corporation, has petitioned for a 10-day extension of the comment period to prepare its comments on the proposal and responses to the questions posed at the hearing. The Department had established a 45-day comment period on the proposal to allow sufficient time to issue a final rule by July 1, 1977. Nevertheless, it has been determined a slight extension is justified. Accordingly, the petition is partially granted and the comment closing date is hereby extended until April 12, 1977.

Comments received by the new comment closing date will be considered in developing the final rule on the 1981–84 fuel economy standards. To the extent possible, consistent with the schedule for issuing the final rule by July 1, late comments will also be considered.

(Sec. 9, Pub. L. 89-670, 80 Stat. 931 (49 U.S.C. 1657); sec. 502, Pub. L. 94-163, 89 Stat. 902 (15 U.S.C. 2002); delegation of authority at 41 FR 25015, June 22, 1976.)

Issued on April 1, 1977.

ALAN A. BUTCHMAN,
Acting Administrator.

DEPARTMENT OF AGRICULTURE

Federal Grain Inspection Service

GRAIN STANDARDS

Iowa Grain Inspection Point

Statement of considerations. On January 3, 1977, a notice was published in the FEDERAL REGISTER (42 FR 59) announcing that (1) the Davenport Grain Exchange, Inc., the official agency designated pursuant to section 7(f) of the U.S. Grain Standards Act (7 U.S.C. 79(f)) for Davenport, Iowa, requested that its designation be transferred to the Eastern Iowa Grain Inspection and Weighing Service, Inc., Blue Grass, Iowa, effective December 31, 1976, and (2) Eastern Iowa Grain Inspection and Weighing Service, Inc., an existing official agency, filed an application in accordance with § 26.96 of the regulations under the U.S. Grain Standards Act to become the official agency at Davenport, Iowa.

The notice further stated that in order to continue orderly inspection services at Davenport, Iowa, during the period from January 1, 1977, until a new agency was designated, the Eastern Iowa Grain Inspection and Weighing Service, Inc., would be given an interim designation as the official agency. Interested persons were given until February 2, 1977, to submit written views and comments on the requested transfer and/or to make application to become the official agency at Davenport, Iowa.

No written views, comments, or additional applications have been received in response to the above notice.

After due consideration of all relevant matters, the official inspection point at Davenport, Iowa, formerly operated by Davenport Grain Exchange, is hereby transferred to Eastern Iowa Grain Inspection and Weighing Service, Inc., Blue Grass, Iowa. Accordingly, Eastern Iowa's assignment of inspection points is hereby amended to add Davenport, Iowa, as a designated inspection point.

(Sec. 7, (Pub. L. 94-582) 90 Stat. 2870, (7 U.S.C. 79).)

Effective date: This notice shall become effective April 7, 1977.

Done in Washington, D.C., on April 1, 1977.

WILLIAM T. MANLEY,
Interim Administrator.

Forest Service

BIGHORN NATIONAL FOREST GRAZING ADVISORY BOARD

Meeting

The Bighorn National Forest Grazing Advisory Board will meet at 10 a.m., Tuesday, May 3, 1977, in Room 300 of the Northern Hotel in Billings, Montana.

The purpose of the meeting is to elect officers and to discuss Bighorn National Forest range management activities and programs for the next few years. Particular items for discussion are:

1. Role of National Forest ranges in relieving drought problems.

2. Cooperative construction and maintenance of National Forest range improvements.

3. Key values associated with Wyoming National Forests.

4. Land use planning on the Bighorn National Forest.

5. Forest Service National and Regional program goals and objectives.

The meeting will be open to the public. Persons who wish to attend may notify Jack Booth, Bighorn National Forest Supervisor, Sheridan, Wyoming 82801 (Phone 307-672-2457). Written statements may be filed with the Advisory Board before or after the meeting. Persons wishing to appear before the Board to present oral statements must submit the topic and content of their presentation to Jack Booth by April 23, 1977.

JACK BOOTH,
Forest Supervisor.

MARCH 29, 1977.

SIERRA SKI RANCH EXPANSION—ELDORADO NATIONAL FOREST

Land Management Plan; Availability of Draft Environmental Statement

Pursuant to Section 102(2)(C) of the National Environmental Policy Act of 1969, the Forest Service, Department of Agriculture, has prepared a draft environmental statement for the proposed expansion of Sierra Ski Ranch Winter Sports Site, Eldorado National Forest, California, USDA-FS-R5-DES(Adm)-77-04.

The environmental statement concerns the proposed expansion of a winter sports site near Echo Summit in the Eldorado National Forest. The area is located in El Dorado County, California, approximately 83 miles east of Sacramento, and is accessible by U.S. Highway 50. There are no inventoried roadless areas within the proposed expansion boundary.

The draft environmental statement was transmitted to the Council on Environmental Quality (CEQ) on March 18, 1977.

Copies are available for inspection during regular working hours at the following locations:

USDA, Forest Service, South Agriculture Bldg., Room 3210, 12th St., and Independence, SW., Washington, D.C. 20250

Regional Forester, U.S. Forest Service, Room 529, 630 Sansome Street, San Francisco, Calif. 94111.

Forest Supervisor, Eldorado National Forest, 100 Forni Road, Placerville, Calif. 95667.

Forest Service, District Ranger, Placerville District, 3491 Carson Court, Placerville, Calif. 95667.

A limited number of single copies are available, upon request, from Forest Supervisor Joseph H. Harn, Eldorado National Forest, 100 Forni Road, Placerville, California 95667.

Copies of the environmental statement have been sent to various Federal, State, and local agencies as outlined in the CEQ guidelines.

Comments are invited from the public, and from State and local agencies which are authorized to develop and enforce environmental standards, and from Federal agencies having jurisdiction by law or special expertise with respect to any environmental effects for which comments have not been specifically requested.

Comments concerning the proposed action, and requests for additional information should be addressed to Forest Supervisor Joseph H. Harn, Eldorado National Forest, 100 Forni Road, Placerville, California 95667. Comments must be received within 60 days after transmittal to CEQ in order to be considered in the preparation of the final environmental statement.

ROBERT W. CERMAK,
Acting Regional Forester.

MARCH 18, 1977.

LAND MANAGEMENT PLAN FOR WHITE RIVER NATIONAL FOREST, COLO.

Availability of Draft Environmental Statement

Pursuant to section 102(2)(C) of the National Environmental Policy Act of 1969, the Forest Service, Department of Agriculture, has prepared a draft environmental statement and land management plan for the Eagle-Aspen Unit of the White River National Forest. The Forest Service report number is USDA-FS-R2-DES(Adm) FY-77-03.

The environmental statement concerns a proposal to implement a revised land management plan for the Eagle-Aspen Unit, White River National Forest. Such plans identify the allocation of resource uses on National Forest lands.

This draft environmental statement was transmitted to CEQ on March 31, 1977.

Copies are available for inspection during regular working hours at the following locations:

Forest Service, USDA, S. Agriculture Bldg., Room 3230, 12 St. and Independence Ave., SW., Washington, D.C. 20250.
Forest Service, USDA, 11177 West 8th Ave., P.O. Box 25127, Lakewood, Colo. 80225.
Forest Service, USDA, White River National Forest, P.O. 948, Glenwood Springs, Colo. 81601.

A limited number of single copies are available upon request to Thomas C. Evans, Forest Supervisor, Forest Service, USDA, White River National Forest, P.O. Box 948, Glenwood Springs, Colorado 81601.

Copies of the environmental statement have been sent to various Federal, State, and local agencies as outlined in the CEQ Guidelines.

Comments are invited from the public, and from State and local agencies which are authorized to develop and enforce environmental standards, and from Federal agencies having jurisdiction by law or special expertise with respect to any environmental impact involved for which comments have not been requested specifically.

Comments concerning the proposed action and requests for additional information should be addressed to Thomas C. Evans, Forest Supervisor, Forest Service, USDA, White River National Forest, P.O. Box 948, Glenwood Springs, Colorado 81601. Comments must be received by May 31, 1977, in order to be considered in the preparation of the final environmental statement.

THOMAS C. EVANS,
Forest Supervisor.

PRESCOTT NATIONAL FOREST GRAZING ADVISORY BOARD

Meeting

The Prescott National Forest Grazing Advisory Board will meet at 10 a.m. on May 6, 1977, at the Forest Supervisor's Office in Prescott, Arizona.

The purpose of this meeting is to elect officers and review items of mutual interest to grazing permittees and the Forest Service.

The meeting will be open to the public. Persons who wish to attend should notify the Forest Supervisor, Prescott National Forest, 344 South Cortez Street, Prescott, Arizona, telephone number 602-445-1762. Written statements may be filed with the Board before or after the meeting.

The Board has established the following rules for public participation:

Members of the public will be given an opportunity for comments and questions following discussion by the Advisory Board.

JOHN W. BOHNING,
Acting Forest Supervisor.

MARCH 31, 1977.

CIVIL AERONAUTICS BOARD

[Docket Nos. 30679, 29113, 29125, 29126, 29152, 29312; Order 77-3-167]

DAYTONA BEACH/VOLUSIA COUNTY PARTIES, ET AL.

Atlanta-Daytona Beach/Sarasota-Bradenton Nonstop Proceeding

In the matter of Petition of the Daytona Beach/Volusia County Parties for institution of an Air Service Investigation and Petition of the Sarasota/Bradenton Parties for institution of an Air Service Investigation and Applications of Delta Air Lines, Inc., Northwest Airlines, Inc., and Southern Airways, Inc.

Adopted by the Civil Aeronautics Board at its office in Washington, D.C. on the 30th day of March, 1977.

On April 9, 1976, the County of Volusia, Florida, the City of Daytona Beach, Florida, the Volusia County Airports Advisory Board, the Volusia County Council of Governments, and the Daytona Beach Chamber of Commerce (the Daytona Beach parties) petitioned the Board for an investigation of the need for first competitive nonstop service between Daytona Beach and Atlanta. In support of their petition, the Daytona Beach parties allege, inter alia, that service to Atlanta and the midwestern United States is conducted solely by Eastern pursuant to monopoly rights, or is nonexistent where Eastern has no route authority; that traffic levels at Daytona have increased dramatically since 1960 and continue to grow at a rate higher than the national rate; and that service interruptions due to labor disputes are a frequent problem for Daytona Beach passengers.

On April 12, 1976, the Sarasota-Manatee Airport authority, the Manatee County, Florida Chamber of Commerce, and the Sarasota County, Florida Chamber of Commerce (the Sarasota Parties) also petitioned the Board to institute an investigation of the need for an additional air carrier [1] at Sarasota-Bradenton, and for competitive nonstop service between Sarasota and Atlanta, with an ultimate view toward improved service between Sarasota and points to the north and west of Atlanta. In support of their petition, the Sarasota parties allege, inter alia, that traffic demand and growth have outstripped the ability of incumbent carriers to respond to air service needs, that load factors between Sarasota and Atlanta have been extremely high,[2] and that traffic levels between Sarasota and Atlanta can readily support the operations of two carriers.

Northwest Airlines filed an answer in support of the petition of the Sarasota Parties, while Eastern filed separate answers in opposition to both petitions. Delta filed a consolidated answer in support of both petitions. Eastern submitted a motion to file an otherwise unauthorized document together with a reply to Delta's consolidated answer.[3] A petition for leave to intervene was filed by the Minneapolis-St. Paul Metropolitan Airports Commission.

Eastern opposes the petition of the Daytona Beach parties on the grounds that its service has been responsive to the needs of the market and has encouraged its growth. Eastern also maintains that the Daytona Beach parties have failed to show a need for an additional carrier since part of the petitioner's data was compiled during an "abnormal year" (1974). Eastern explains that, although high, its load factors over the Atlanta segment have declined,[4] but that, in any event, additional service by Eastern would be a preferable approach to the issues raised in the Daytona Beach petition. Eastern advances similar arguments for its opposition to Sarasota's petition.

Upon consideration of the foregoing pleadings and all relevant facts, we have decided to institute an investigation to consider whether the public convenience and necessity require additional nonstop service in the Sarasota/Bradenton-Atlanta and Daytona Beach-Atlanta markets. We emphasize, however, that the proceeding will be limited solely to consideration of the need for competitive nonstop service in the subject markets and will no tinclude issues related to nonstop service between Sarasota and Daytona Beach on the one hand, and points to the north and west of Atlanta, on the other hand. Toward that end, any award which might result from this proceeding will be in the form of a new segment.[5] Further, we will consolidate the applications of Northwest and Delta in Dockets 29152 and 29126, respectively, insofar as these applications conform to the scope of the proceeding herein instituted.[6] Consistent with our intention to limit the scope of the proceeding, we will deny consolidation of that part of Delta's application in Docket 29126 which seeks to amend segments 1, 2 and 5 of route 27, and segments 1 and 5 of route 54, since Atlanta is not served by Delta on those segments.

[1] Both Eastern and National serve both Sarasota-Bradenton and Daytona Beach. However, Eastern provides the only nonstop service to Atlanta from the communities. Eastern schedules five nonstops and two one-stop flights from Atlanta to Daytona and six nonstops and one one-stop in the opposite direction. Eastern operates six daily nonstop round trips between Sarasota and Atlanta. OAG, January 15, 1977.

[2] Load factors for Eastern's service between Sarasota and Atlanta averaged 71.16 percent for the year ending September 30, 1976, and averaged 82 percent for the first four months of 1976.

[3] We will grant Eastern's motion.

[4] Load factors for Eastern's Daytona-Atlanta service averaged 60.9 percent for the year ended September 30, 1976.

[5] Notwithstanding our determination to award any authority in the form of a new segment, it is not our intention to preclude the award of permissive authority should the evidence so require.

[6] Although all current applications are seeking to add Sarasota and/or Daytona Beach to certificates as intermediate points, and, as a technical mat ter, do not conform to the scop eof this proceeding, we will deem them to be in substantial conformity for purposes of this order.

V4267 APR 77 77 UMI

Finally, in order to determine the environmental consequences which might result from an award herein, we will require the applicant carriers, Delta, Northwest, and Southern, and any other carrier who may file an application in this proceeding, to file the information set forth in Part 312 of the Board's Procedural Regulations. We will allow all carriers a period of 40 days from the date of service of this order to file such environmental evaluations.

Accordingly, *it is ordered*, That:

1. A proceeding to be known as the Atlanta-Daytona Beach/Sarasota-Bradenton Nonstop Proceeding, Docket 30679, be and it hereby is instituted and shall be set down for hearing before an administrative law judge of the Board at a time and place hereinafter designated as the orderly administration of the Board's docket permits;

2. The proceeding instituted by Paragraph 1, above, shall include consideration of the following issues:

a. Do the public convenience and necessity require the certification of an air carrier or air carriers to engage in competitive nonstop air transportation between Atlanta, Georgia, on the one hand, and Daytona Beach and/or Sarasota-Bradenton, Florida, on the other hand?

b. If the answer to (a) is in the affirmative, which air carrier(s) should be authorized to engage in such service?

c. What terms, conditions and/or limitations, if any, should be placed on the operation of such carrier(s)?

3. Any authority granted in said proceeding shall be in the form of a new segment and shall be ineligible for subsidy;

4. The following applications and petitions, to the extent that they conform to the scope of the issues and hereinabove stated, be and they hereby are consolidated with said proceeding:

Delta Air Lines, Inc., Docket 29126; Northwest Airlines, Inc., Docket 29152; Southern Airways, Inc., Docket 29312; the Daytona Beach Parties, Docket 29113; the Sarasota Parties, Docket 29125;

5. To the extent they do not conform to the issues of said proceeding, the applications of Delta Air Lines in Docket 29126, Northwest Airlines in Docket 29152, and Southern Airways in Docket 29312, be and they hereby are dismissed without prejudice;

6. The motion for leave to file an otherwise unauthorized document filed by Eastern Air Lines, Inc., be and it hereby is granted;

7. Applications, motions to consolidate, and petitions for reconsideration of this order shall be filed 20 days from the date of service of this order and answers thereto shall be filed 10 days thereafter;

8. Delta Air Lines, Northwest Airlines, Southern Airways, and all other carriers filing applications in this proceeding shall file environmental evaluations pursuant to § 312.12 of the Board's Procedural Regulations within 40 days of the date of service of this order; and

9. The following persons are hereby made parties to the proceeding instituted herein: the Daytona Beach parties, the Sarasota parties, Delta Air Lines, Inc., Eastern Air Lines, Inc., Northwest Airlines, Inc., and Southern Airways, Inc.

This order will be published in the FEDERAL REGISTER.

By the Civil Aeronautics Board.[7]

Secretary.

[FR Doc.77-10342 Filed 4-6-77;8:45 am]

[Docket 25659; Order 77-4-5]

HUGHES AIR CORP.

Investigation of the Local: Service Class Subsidy Rate, Class Rate VII

Adopted by the Civil Aeronautics Board at its office in Washington, D.C. on the 1st day of April, 1977.

By this order the Board is providing $75,504 to Hughes Air Corp. d/b/a Hughes Airwest (Airwest) in addition to the subsidy otherwise due and payable under Class Rate VII in order to provide Airwest with a tax allowance for the month of May 1974.

On May 2, 1974, Airwest filed a pro forma tax return indicating that it had exhausted its tax loss carryforwards in June of 1974. Based on this pro forma tax filing, the Board provided the carrier with a tax allowance for the period beginning July 1, 1974 (See Class Rate VII, Amendment 2, Order 74-7-76). On September 18, 1975, Airwest submitted a copy of its Federal income tax return for the calendar year 1974, which indicated that it had exhausted its tax loss carryforwards in May of 1974. The Board examined the return [1] and determined that the carrier had exhausted all of its loss carryforward credits during May 1974 instead of June 1974.[2]

Order 76-2-111, February 27, 1976, provided Airwest with a lump-sum payment of $73,069 for the tax effect for the month of June 1974. In determining its income tax position in 1974, however, Airwest used an unaudited net operating loss carryforward. Also, the years 1970 through 1974 had not been closed by the Internal Revenue Service (IRS) at that time. On February 4, 1977, the carrier supplied supporting schedules and copies of documents indicating that the tax years 1970 through 1974 had been audited and closed by IRS. The IRS audit resulted in a smaller net operating loss carryover from 1973 to 1974. Therefore, Airwest actually exhausted its loss carryforward credits during April 1974. On this basis, the carrier filed a revised claim for a tax allowance effective May 1, 1974.

We have decided to provide Airwest with a lump sum payment of $75,504 [3] for the tax effect for the month of May 1974 since—except for tax adjustments—Class Rate VII terminated as of June 30, 1976.

Accordingly, *it is ordered*, That:

1. Hughes Air Corp. d/b/a Hughes Airwest be paid subsidy in a lump sum amount of $75,504 for the tax allowance for the month of May 1974. This lump sum payment will be in addition to the subsidy otherwise due and payable under the terms of Class Rate VII to Hughes Air Corp. d/b/a Hughes Airwest for the month of May 1974.

2. This order shall become effective on the seventh day after the date of service hereof, unless prior to that date exceptions and supporting reasons shall have been filed. If exceptions and supporting reasons are filed within the time prescribed above, the effective date of this order shall be stayed pending disposition of the exceptions.

3. This order shall be served upon Hughes Air Corp. d/b/a Hughes Airwest, and the Postmaster General.

This order will be published in the FEDERAL REGISTER.

By the Civil Aeronautics Board.

PHYLLIS T. KAYLOR,
Secretary.

[FR Doc.77-10344 Filed 4-6-77;8:45 am]

[Docket 30182; Order 77-4-6]

OZARK AIR LINES, INC.

Iowa/Illinois-Atlanta Route Proceeding

Adopted by the Civil Aeronautics Board at its office in Washington, D.C. on the 1st day of April, 1977.

On December 9, 1976, Ozark Air Lines filed an application for a new segment consisting of the terminal point Des Moines, Iowa, the intermediate points Quad Cities, Iowa-Illinois,[1] and Peoria, Illinois, and the terminal point Atlanta, Georgia. In addition, Ozark filed a petition for an order to show cause, or, in the alternative, a motion for hearing on its application. If awarded the authority requested, Ozark proposes to provide first single-plane service between Atlanta, on the one hand, and Cedar Rapids, Iowa, Rochester, Minnesota, Des Moines, Quad Cities, and Peoria, on the other hand.

In support of its motion, Ozark alleges that it would provide Des Moines, Peoria, and Quad Cities each with one daily nonstop DC-9 round trip to Atlanta. The carrier maintains that these trips would be extended into its system and, as a result, provide first single-plane service between Cedar Rapids/Rochester and Atlanta. Additionally, on-line connecting service to Atlanta from Sioux Falls, South Dakota, Sioux City, Iowa, and Waterloo, Iowa would be offered. The carrier estimates that these new services would result in a operating profit of $1,528,000 during the first year, and would provide new single-plane and single-carrier service alternatives to over 115,000 passengers annually. In addition to providing an opportunity for improved profitability and new service to the public, Ozark argues that air passengers would be able to eliminate the inconvenience of congestion now required by their present routings via Chicago's O'Hare Airport. As a result of this new Chicago bypass service, Ozark forecasts that the present O&D traffic volumes of the markets in issue would be substantially stimulated, and that such projections accord with the carrier's experience in the Peoria/Champaign-Denver markets where passenger traffic increased well in excess of 100% after the introduction of new single-plane service bypassing Chicago.

Answers in support of Ozark's motion were filed by the Cedar Rapids parties [2] and the Peoria parties.[3] Petitions for leave to intervene were submitted by the Illinois Department of Transportation, Delta Air Lines, the Board of Commissioners of the Metropolitan Airport Authority of Rock Island County, Illinois, and the Iowa Department of Transportation.

Eastern Air Lines, Northwest Airlines, and Southern Airways each have filed answers in opposition to Ozark's petition.

Eastern maintains that Ozark's traffic forecasts for the markets in issue are greatly inflated, and place an undue reliance on interline connecting traffic. Consequently, Eastern argues, the relatively small traffic volumes, particularly those that would be served on a single-carrier basis, do not justify commitment of the Board's resources to the present consideration of Ozark's application. Eastern further states that if the Board should elect to give Ozark's application prompt attention, it should preclude consideration of any new authority which would permit Ozark to operate new single-plane service between Chicago, Milwaukee, Minneapolis/St. Paul, St. Louis, and Omaha, on the one hand, and Atlanta, on the other hand. In support of such a restriction, Eastern notes that each of the above-mentioned markets presently receive multiple daily single-plane services and that Ozark does not allege any additional need for services in these markets.

Northwest, in its answer, echoes the contention of Eastern that the traffic volumes involved in the markets in issue simply do not warrant the present expenditure of the Board's resources. However, should a hearing be granted, Northwest requests that a restriction be imposed prohibiting Ozark from operating single-plane service between Minneapolis/St. Paul, Milwaukee/Madison, and Rochester, on the one hand, and Atlanta, on the other hand.

Southern filed an answer in opposition to the motion contending that Ozark's proposed operations will be uneconomic. In support of this claim, Southern argues that necessary adjustments to Ozark's financial forecast show a loss after return and tax.

Ozark filed a motion for leave to file an otherwise unauthorized document, accompanied by a consolidated reply to the answers of Eastern, Northwest and Southern.[4]

Upon consideration of the above pleadings and of all relevant facts, we have decided to institute the Iowa/Illinois-Atlanta Route Proceeding for the purpose of considering whether the public convenience and necessity require authorization of a carrier to engage in the air transportation proposed in the application of Ozark. We note that no carrier has challenged Ozark's assertion that a substantial operating profit would result from institution of the proposed operations. Furthermore, consideration at this time of the Chicago bypass services in issue is justified in light of the Board's often expressed concern with the congestion problem associated with traffic movement at O'Hare Airport.

We further find that no convincing argument has been made for the imposition of pretrial restrictions against single-plane service between Atlanta and either (1) Minneapolis/St. Paul and Milwaukee/Madison, as advocated by both Eastern and Northwest, or (2) Chicago, St. Louis and Omaha, as advocated by Eastern alone, or (3) Rochester, as advocated by Northwest alone. No carrier could receive new nonstop authority in these markets as a result of this proceeding and there appears to be no compelling reason why ordinary beyond-segment rights should be excluded in advance. If there is in fact a need for such restrictions, it can be shown at hearing.

Lastly we note that, by Notice of Environmental Rejection, contemporaneously issued with this order, the Chief of Legal Division, Bureau of Operating Rights, having reviewed the environmental evaluation provided with Ozark's motion and having been duly designated by the Director, Bureau of Operating Rights, pursuant to section 312.8 of the Board's Procedural Regulations, has found, pursuant to section 312.13 of the Board's Procedural Regulations, that the proceeding instituted herein is not one which could lead to a "major Federal action significantly affecting the quality of the environment" within the meaning of section 102(2)(C) of the National Environmental Policy Act of 1969 (NEPA). However, that conclusion is not intended to foreclose any party from presenting evidence (subject to the usual evidentiary rules in force in C.A.B. proceedings) or from making arguments with respect to relevant environmental issues. Nor are we foreclosed from consideration of environmental facts resulting from the possible licensing actions in issues in this proceeding, which, although of a lesser magnitude than those required to trigger further procedures under the requirements of NEPA and Part 312 of the Board's rules, might nonetheless be relevant to our decision.

Accordingly, *it is ordered*, That:

1. The application of Ozark Air Lines, Docket 30182, be and it hereby is set for hearing, on a subsidy ineligible basis, before an administrative law judge of the Board at a time and place hereinafter designated, as the orderly administration of the Board's docket permits;

2. The proceeding instituted by paragraph 1, above, shall hereafter be known as the Iowa/Illinois-Atlanta Route Proceeding;

3. The proceeding instituted by paragraph 1, above, shall include consideration of the following issue:

(a) Do the public convenience and necessity require the certification of an air carrier or air carriers to engage in air transportation between Atlanta, Georgia, on the one hand, Des Moines, Iowa, Quad Cities, Iowa-Illinois, and/or Peoria, Illinois, on the other hand?

(b) If the answer to (a) is in the affirmative, which air carrier(s) should be authorized to engage in such service? and

(c) What conditions, if any, should be placed on the operation of such carrier(s)?

4. The motion of Ozark Air Lines for hearing be and it hereby is granted;

5. To the extent not granted in paragraph 4, above, the petition of Ozark Air Lines be and it hereby is denied;

6. The petitions for leave to intervene submitted by the Illinois Department of Transportation, Delta Air Lines, the Board of Commissioners of the Metropolitan Airport Authority of Rock Island County, Illinois, and the Iowa Department of Transportation be and they hereby are granted, and the Cedar Rapids parties, the Peoria parties, Eastern Air Lines, Northwest Airlines, and Southern Airways be and they hereby are "made parties to the proceeding instituted by paragraph 1, above;

7. The motion of Ozark Air Lines for leave to file an otherwise unauthorized document be and it hereby is granted;

---

[7] Concurring statement of Members Minetti and West filed as part of the original document.

[1] Section III. G.2. of the rate formula in Order 74-1-123 states that if a carrier's tax return discloses tax liability different from the taxes paid on the basis of the pro forma return, the Board will examine the return to determine whether the effective date of the carrier's tax allowance, as established by the pro forma return, should be changed.

[2] Section III. F. of the rate formula in Order 74-1-123 states that the taxes so provided shall be payable commencing on the first day of the month next succeeding the month in which the carrier exhausted all of its available loss carryforward credits. Section III. B. of the rate formula contained in Order 74-1-123 states that unless a carrier is actually incurring liability under the Federal Tax Code it is not eligible to receive an allowance for federal income taxes in its subsidy rate.

[3] The amounts used to determine the lump sum payment are the daily Federal tax rate of $2,339.73 for 31 days and the daily profit offset provision of $95.89 for 31 days. The effect of the tax allowance for May 1974 removes the profit offset from ineligible services for the month of May 1974.

[1] Moline, East Moline, and Rock Island, Illinois, and Davenport, Iowa.

[2] The Cedar Rapids Airport Commission and the Cedar Rapids-Marion Area Chamber of Commerce.

[3] The Greater Peoria Airport Authority, the Peoria Area Chamber of Commerce, and the City of Peoria.

[4] We shall grant Ozark's motion for leave to file an otherwise unauthorized document. The motion to file stands unopposed; the reply is brief and responsive to those issued raised by Eastern, Northwest, and Southern.

V 4267 APR 7 77 UMI

8. Applications, motions to consolidate and petitions for reconsideration of this order shall be filed within twenty days from the service date of this order and answers thereto shall be filed within 10 days thereafter.

This order shall be published in the FEDERAL REGISTER.

By the Civil Aeronautics Board.

PHYLLIS T. KAYLOR,
Secretary.

[FR Doc.77-10345 Filed 4-6-77;8:45 am]

[Docket 30182]

OZARK AIR LINES, INC.

Iowa/Illinois-Atlanta Route Proceeding

On December 9, 1976, Ozark Air Lines, Inc. submitted an environmental evaluation, pursuant to § 312.12(a)(1) of the Board's Procedural Regulations, in connection with its application seeking a new route segment encompassing the terminal point Des Moines, Iowa, the intermediate points Quad Cities, Iowa-Illinois,[1] and Peoria, Illinois, and the terminal point Atlanta, Georgia.

Ozark's calculations are based upon the assumption that it would operate two daily nonstop flights between Des Moines and Atlanta, two daily nonstop flights between Moline and Atlanta, and two daily nonstop flights between Peoria and Atlanta.

Pursuant to § 312.8 and 312.13 of the Board's Procedural Regulations, the undersigned—having reviewed the environmental evaluation and other available information with respect to the application described above and having been duly designated by the Director, Bureau of Operating Rights, pursuant to § 312.8—hereby finds that any subsequent Board action approving, denying, or otherwise acting upon such application would not constitute a "major Federal action significantly affecting the quality of the environment" within the meaning of section 102(2)(C) of the National Environmental Policy Act of 1969.

Dated at Washington, D.C., April 1, 1977.

BARBARA A. CLARK,
Chief, Legal Division,
Bureau of Operating Rights.

[FR Doc.77-10346 Filed 4-6-77;8:45 am]

[Docket 29282; Order 77-4-8]

PACIFIC COASTAL AIRLINES LTD.

Statement of Tentative Findings and Conclusions and Order to Show Cause

Adopted by the Civil Aeronautics Board at its office in Washington, D.C. on the 1st day of April 1977.

By application filed May 18, 1976,[1] amended November 15, 1976, Pacific Coastal Airlines Limited (Pacific Coastal) requests a foreign air carrier permit to engage in charter foreign air transportation with respect to persons and their accompanying baggage, and planeload charter foreign air transportation with respect to property, between any point or points in Canada and any point or points in the United States, utilizing "small aircraft"[2] pursuant to the Nonscheduled Air Service Agreement executed on May 8, 1974, by the Governments of the United States and Canada.

In its application, the carrier lists three aircraft available for charters to the United States: two Cessna 172's, seating capacity 4, and a maximum authorized takeoff weight of 2,300 pounds; and one Piper PA 23 "160," seating capacity 5, and a maximum authorized takeoff weight of 3,800 pounds.[4] The applicant has had no safety or tariff violations during the last five-year period nor has the company experienced an aircraft accident resulting in death or injury.

FITNESS OF THE APPLICANT FOR A FOREIGN AIR CARRIER PERMIT

Pacific Coastal was incorporated under the Companies Act of British Columbia on May 3, 1956.[5] The Air Transport Committee of the Canadian Transport Commission has issued Pacific Coastal license No. A.T.C. 265/60 (CP), dated February 27, 1975, a class 9-4 license which authorizes the holder to operate international charter commercial air services from a base at Nanaimo, British Columbia. The licensee is restricted in its operations to the use of Group A aircraft.[6] The Canadian Department of Transport, Civil Aviation Branch, has issued Pacific Coastal Operating Certificate Number 1319 which certifies that Pacific Coastal is adequately equipped and able to conduct a safe operation.

The applicant's balance sheet as of December 31, 1976 shows current assets of $55,821 compared with current as well as total liabilities of $325,185. Total assets equaled $393,568 resulting in shareholder's equity of $68,383. The company's revenue statement, for the year ended December 31, 1976, shows a net income of zero after allowing for depreciation. In view of the apparent imbalance between current assets and current liabilities, the application raises some doubt as to the applicant's financial ability.[7] In view of the financial backing afforded by the shareholders, however, it appears the company has an adequate financial base. In addition, we note that the Canadian Government has endorsed the application, and has granted Pacific Coastal the authority to perform the services it proposes. Furthermore, the carrier states that since its inception in 1956 the company has always met its current financial obligations and has never defaulted on any commitment to provide transportation.

"PUBLIC INTEREST" IN AWARD OF THE AUTHORITY SOUGHT

The applicant relies upon the Nonscheduled Air Service Agreement signed by the Governments of Canada and the United States on May 8, 1974, as the basis for the grant of the requested authority. By diplomatic note No. ECT-850, dated May 9, 1974,[7] the Government of Canada designated the applicant under the Agreement to perform charter services with small aircraft. The aircraft the applicant plans to use in its operations between the United States and Canada are within the scope of the designation.

OWNERSHIP AND CONTROL OF THE APPLICANT

The officers of the corporation are Mr. Donald Fred McGillivary, President, and Mrs. Shirley McGillivary, Secretary. Both officers are Canadian citizens. The company has issued 1,000 common shares and 1,520 preferred shares all of which are owned by the President of the corporation, Mr. Donald Fred McGillivary.[8] The carrier's debt is held by Royal Bank of Canada.

The applicant states that no officer or stockholder of Pacific Coastal owns any shares of stock in any U.S. air carrier or other foreign air carrier (except as noted above—see footnote 8), any citizen of the United States engaged in a phase of aeronautics, any common carrier, or in any person whose principal business is the holding of stock in, or control of such entities.

In view of the foregoing and all the facts of record, the Board tentatively finds and concludes:

1. That Pacific Coastal Airlines Limited is substantially owned and effectively controlled by nationals of Canada;

2. That it is in the public interest to issue a foreign air carrier permit for small aircraft operations to Pacific Coastal Airlines Limited authorizing it to engage in charter foreign air transportation with small aircraft with respect to persons and their accompanied baggage and planeload charters of property between any point or points in Canada and any point or points in the United States;

3. That the public interest requires that the exercise of the privileges granted by said permit shall be subject to the terms, conditions, and limitations contained in the specimen form of permit attached to this order, and to such other reasonable terms, conditions, and limitations required by the public interest as may from time to time be prescribed by the Board;

4. That Pacific Coastal Airlines Limited is fit, willing, and able properly to perform the above-described foreign air transportation and to conform to the provisions of the Act and the rules, regulations, and requirements of the Board thereunder;

5. That except to the extent granted herein, the application of Pacific Coastal Airlines Limited in Docket 29282 should be denied; and

6. That an evidentiary hearing is not required in the public interest.

Accordingly, it is ordered, That:

1. All interested persons be and they hereby are directed to show cause why the Board should not make final the tentative findings and conclusions stated herein, and why a foreign air carrier permit in the form of the specimen permit attached to this order should not, subject to the approval of the President pursuant to section 901 of the Act, be issued to Pacific Coastal Airlines Limited;

2. Any interested person having objection to the issuance, without hearing, of an order making final the tentative findings and conclusions stated herein shall file a statement of objections supported by evidence within 21 days after the adoption of this order. If an evidentiary hearing is requested, the objection should state in detail why such hearing is considered necessary and what relevant and material facts would be expected to be established through such hearing which cannot be established in written pleadings;

3. Pacific Coastal Airlines Limited shall submit prior to the granting of a permit a current balance sheet listing individually, *inter alia,* its current liabilities (that is, that percent of its total liabilities due and payable in fiscal year 1977), and liabilities.

4. If timely and properly supported objections are filed, further consideration will be accorded the matters and issues raised by the objections before further action is taken by the Board;[9]

5. In the event no objections are filed, all further procedural steps will be deemed to have been waived, and the Board may proceed to enter an order in accordance with the tentative findings and conclusions set forth herein; and

6. Copies of this order shall be served upon Pacific Coastal Airlines Limited and the Ambassador of Canada in Washington, D.C.

This order will be published in the FEDERAL REGISTER and will be transmitted to the President.

By the Civil Aeronautics Board.

PHYLLIS T. KAYLOR,
Secretary.

(SPECIMEN PERMIT)

PERMIT TO FOREIGN AIR CARRIER FOR SMALL AIRCRAFT OPERATIONS

PACIFIC COASTAL AIRLINES LIMITED

Is hereby authorized subject to the provisions hereinafter set forth, the provisions of the Federal Aviation Act of 1958 and the orders, rules, and regulations issued thereunder, to engage in charter foreign air transportation as follows:

Charter flights with respect to persons and their accompanied baggage, and planeload charter flights with respect to property, between any point or points in Canada and any point or points in the United States.

The holder shall be authorized to perform those types of charters originating in Canada as are now, or may hereafter be, prescribed for carriage by small aircraft in Annex B(III)(B) of the Nonscheduled Air Service Agreement between the United States and Canada, signed May 8, 1974, including any amendments, supplements, reservations, or supersessions to that Agreement: *Provided,* That any such charters may be performed only to the extent authorized by the Air Carrier Regulations of the Canadian Transport Commission applicable to operations by small aircraft, and the authority of the holder to perform such charters shall be subject to those Regulations.[1] The authority of the holder to perform United States-originating charters shall, in accordance with Annex B (III)(A) of such Nonscheduled Air Service Agreement, be limited to commercial air transportation of passengers and their accompanied baggage, and property, on a time, mileage or trip basis, where the entire planeload capacity of one or more aircraft has been engaged by a person for his own use or by a person for the transportation of a group of persons and/or their property, as agent or representative of such groups, or such small aircraft operations as may be authorized pursuant to any amendment, supplement, reservation or supersession to the Agreement.

This permit shall be subject to the following terms, conditions, and limitations:

(1) In the performance of the charter operations authorized by this permit, the holder shall not use "large aircraft" as defined in Annex A(I)(A) of the Nonscheduled Air Service Agreement between the United States and Canada, signed May 8, 1974, including amendments supplements, reservations, or supersessions to that Agreement.

(2) The holder shall not engage in foreign air transportation between the United States and any point or points, other than a point or points in Canada, or transport any property or persons whose journey includes a prior, subsequent, or intervening movement by air (except for the movement of passengers independently of any group) to or from a point not in the United States or Canada: *Provided,* That the Board may, upon application by the holder, or by regulation, authorize the performance of charters where such movements are involved.

(3) The holder shall not perform United States-originating charter flights which at the end of any calendar quarter would result in the aggregate number of all United States-originating charter flights performed by the holder on or after May 8, 1974 exceeding by more than one-third the aggregate number of all Canadian-originating charter flights performed by the holder on or after May 8, 1974: *Provided,* That the Board may authorize the performance of charters not meeting the requirements set forth. For the purpose of making such computation the following shall apply:

(a) A charter shall be considered to originate in the United States (or Canada) if the passengers or property are first taken on board in that country, and shall be considered as one flight whether the charter be one-way, round-trip, circle tour, or open jaw, even if a separate contract is entered into for a return portion of the charter trip from Canada (or the United States).

(b) The computation shall be made separately for (i) "small aircraft" flights of persons; and (ii) "small aircraft" flights of property.

(c) In the case of a lease of aircraft with crew for the performance of a charter flight on behalf and under the authority of another carrier, the flight shall be included in the computation if the holder is the lessee, and shall not be included if the holder is the lessor.

(d) There shall be excluded from the computation:

(i) flights utilizing aircraft having a maximum authorized takeoff weight on wheels (as determined by Canadian Transport Commission Regulations) not greater than 18,000 pounds; and

(ii) flights originating at a United States terminal point of a route authorized pursuant to the Air Transport Services Agreement between the United States and Canada, signed January 17, 1966, as amended, or any agreement which may supersede it, or any supplementary agreement thereto which establishes obligations or privileges thereunder (if, pursuant to any such agreement, the holder also holds a foreign air carrier permit authorizing individually ticketed or individually waybilled service over such route, and provides some scheduled service on any route pursuant to any such agreement), when such flights serve either (a) a Canadian terminal point on such route, or (b) any Canadian intermediate point authorized for service on such route by such foreign air carrier permit.

(4) The holder may grant stopover privileges at any point or points in the United States only to passengers and their accompanied baggage moving on a Canadian-originating flight operating under a contract for round-trip charter transportation to be provided solely by the holder and as to which the same aircraft stays with the passengers throughout the journey: *Provided,* That the Board may authorize the performance of charters not meeting the requirements set forth.

(5) The Board, by order or regulation and without hearing, may require advance approval of individual charter trips conducted by the holder pursuant to the authority granted by this permit, if it finds such action to be required in the public interest.

---

[1] Moline, East Moline, and Rock Island, Illinois, and Davenport, Iowa.

[2] A copy of the application has been transmitted to the President of the United States in accordance with the requirements of section 801 of the Act.

[3] "Small aircraft" are defined by the Nonscheduled Air Service Agreement as aircraft which are not "large aircraft." "Large aircraft" are defined as aircraft having both (a) a maximum passenger capacity of more than 30 seats or a maximum payload capacity of more than 7,500 pounds, and (b) a maximum authorized takeoff weight on wheels greater than 35,000 pounds.

[4] The company was originally incorporated under the name Cassidair Services Limited which was changed to Pacific Coastal Airlines Limited on October 28, 1964.

[5] Under Canadian Air Transport Committee regulations, Group A consists of aircraft having a maximum authorized takeoff weight on wheels not greater than 4,300 pounds.

[6] Therefore the Board will require a more detailed balance sheet prior to granting the permit sought.

[7] The applicant also lists one Beechcraft Super H-18 Trigear, seating capacity 11, and a maximum authorized takeoff weight of 9,900 pounds. The applicant's class 9-4 license currently restricts the holder to the use of Group A aircraft (see footnote 4). However, the applicant has applied to the Canadian Transport Commission for authority to also operate Group B, C, and D category aircraft. The Beechcraft Super H-18 is classified in Group C.

[8] See Docket 26473.

[9] Mr. McGillivary is also the president and owner of McGillivary Helicopters Ltd. which holds license No. A.T.C. 1840/68 (H), a class 4 license, authorizing charter commercial air service within Canada from a base at Nanaimo, British Columbia using rotating wing aircraft.

[1] Annex B(III)(B) presently authorizes Canadian-originating small aircraft charters of the types prescribed in section (II)(B); but only to the extent applicable to small aircraft pursuant to Canadian Transport Commission Regulations. The applicable types of charters presently authorized are: Single Entity Passenger, Single Entity Property, Pro Rata Common purpose, and Inclusive Tour. (In some instances split passenger charters are authorized.)

[1] Since provision is made for the filing of objections to this order, petitions for reconsideration will not be entertained.

V 4267 APR 7 7 UMI

(6) The holder shall conform to the airworthiness and airman competency requirements prescribed by the Government of Canada for Canadian international air service.

(7) This permit shall be subject to all applicable provisions of any treaty, convention, or agreement affecting international air transportation now in effect, or that may become effective during the period this permit remains in effect, to which the United States and Canada shall be parties.

(8) This permit shall be subject to the condition that the holder shall keep on deposit with the Board a signed counterpart of CAB Agreement 18900, an agreement relating to liability limitations of the Warsaw Convention and the Hague Protocol approved by the Board Order E-23680, May 13, 1966, and a signed counterpart of any amendment or amendments to such agreement which may be approved by the Board and to which the holder becomes a party.

(9) The holder (1) shall not provide foreign air transportation under this permit unless there is in effect third-party liability insurance in the amount of $1,000,000 or more to meet potential liability claims which may arise in connection with its operations under this permit, and unless there is on file with the Docket Section of the Board a statement showing the name and address of the insurance carrier and the amounts and liability limits of the third-party liability insurance provided, and (2) shall not provide foreign air transportation with respect to persons unless there is in effect liability insurance sufficient to cover the obligations assumed in CAB Agreement 18900, and unless there is on file with the Docket Section of the Board a statement showing the name and address of the insurance carrier and the amounts and liability limits of the passenger liability insurance provided. Upon request, the Board may authorize the holder to supply the name and address of an insurance syndicate in lieu of the names and addresses of the member insurers.

(10) By accepting this permit, the holder waives any right it may possess to assert any defense of sovereign immunity from suit in any action or proceeding instituted against the holder in any court or other tribunal in the United States (or its territories or possessions) based upon any claim arising out of operations by the holder under this permit.

The exercise of the privileges granted by this permit shall be subject to such other reasonable terms, conditions, and limitations required by the public interest as may from time to time be prescribed by the Board.

This permit shall become effective on ---------- Unless otherwise terminated at an earlier date pursuant to the terms of any applicable treaty, convention, or agreement, this permit shall terminate (1) upon the effective date of any treaty, convention, or agreement, or amendment thereto, which shall have the effect of eliminating the charter foreign air transportation hereby authorized from the transportation which may be operated by carriers designated by the Government of Canada (or in the event of the elimination of part of the charter foreign air transportation hereby authorized, the authority granted herein shall be terminated to the extent of such elimination), or (2) upon the effective date of any permit granted by the Board to any other carrier designated by the Government of Canada in lieu of the holder hereof, or (3) upon the termination or expiration of the Nonscheduled Air Service Agreement between the United States and Canada, signed May 8, 1974: *Provided, however*, That clause (3) of this paragraph shall not apply if, prior to the occurrence of the event specified in clause (3), the operation of the foreign air transportation herein authorized becomes the subject of any treaty, convention, or agreement to which the United States and Canada are or shall become parties.

In witness whereof, the Civil Aeronautics Board has caused this permit to be executed by the Secretary of the Board, and the seal of the Board to be affixed hereto, on the ----------

Secretary.

Domestic and International Business Administration

NASA LEWIS RESEARCH CENTER

Decision on Application for Duty-Free Entry of Scientific Article

The following is a decision on an application for duty-free entry of a scientific article pursuant to Section 6(c) of the Educational, Scientific, and Cultural Materials Importation Act of 1966 (Pub. L. 89-651, 80 Stat. 897) and the regulations issued thereunder as amended (15 CFR 301).

A copy of the record pertaining to this decision is available for public review during ordinary business hours of the Department of Commerce, at the Office of Import Programs, Department of Commerce, Washington, D.C. 20230.

Docket Number: 77-00037. Applicant: NASA Lewis Research Center, 21000 Brookpark Rd., Cleveland, Ohio 44135. Article: electron microscope, model JEM-100C/SEG. Manufacturer: JEOL Limited, Japan. Intended use of article: The article is intended to be used in a wide variety of research programs which will include the following:

(1) Identification of precipitates and/or inclusions in dispersion strengthened alloys, directionally solidified alloys, ceramics, fibers, powders, fiber reinforced plastics, solar cells, cell separators, etc.;

(2) Investigation of high temperature lubrication properties which will be applicable in space technology;

(3) Research on high strength, high temperature alloys, high strength plastics, ceramics fiber reinforced materials, solar cells, etc.; and

(4) Characterization and identification of all the materials used in the various research projects and to aid in correlating physical phenomena with mental characteristics.

Comments: No comments have been received with respect to this application. Decision: Application approved. No instrument or apparatus of equivalent scientific value to the foreign article, for such purposes as this article is intended to be used, was being manufactured in the United States at the time the article was ordered (October 26, 1976). Reasons: The description of the applicant's research and/or educational purposes establishes the fact that a conventional transmission electron microscope comparable to the foreign article is pertinent to the purposes for which the article is intended to be used. We know of no conventional transmission electron microscope which was being manufactured in the United States at the time the foreign article was ordered. ("Conventional transmission electron microscopes" are not to be confused with "scanning electron microscope" which were manufactured domestically at the time the article was ordered and are still being manufactured in the United States.)

The Department of Commerce knows of no other instrument or apparatus of equivalent scientific value to the foreign article, for such purposes as this article is intended to be used, which was being manufactured in the United States at the time the article was ordered.

Economic Development Administration

J. BASS & CO., INC.

Petition for Determination of Eligibility To Apply for Trade Adjustment Assistance

A petition by J. Bass & Company, Inc., 1450 Broadway, New York, New York 10018, a producer of printed fabrics, was accepted for filing on April 1, 1977, pursuant to Section 251 of the Trade Act of 1974 (Pub. L. 93-618) and § 315.23 of the Adjustment Assistance Regulations for Firms and Communities (13 CFR Part 315). Consequently, the United States Department of Commerce has initiated an investigation to determine whether increased impotrs into the United States of articles like or directly competitive with those produced by the firm contributed importantly to total or partial separation of the firm's workers, or threat thereof, and to a decrease in sales or production of the petitioning firm.

Any party having a substantial interest in the proceedings may request a public hearing on the matter. A request for a hearing must be received by the Chief, Trade Act Certification Division, Economic Development Administration, U.S. Department of Commerce, Washington D.C. 20230, no later than the close of business on or before April 18, 1977.

JACK W. OSBURN, JR.,
Chief Trade Act Certification Division, Office of Planning and Program Support.

Maritime Administration

[Docket No. S-555]

ANTIETAM TANKERS, INC.

Application

Notice is hereby given that Antietam Tankers, Inc., 611 Wilmington Trust Building, 100 West 10th Street, Wilmington, Delaware 19801, has filed an application dated March 1, 1977, with the Maritime Subsidy Board (the Board) pursuant to Title VI of the Merchant Marine Act, 1936, as amended (the Act), for an operating-differential subsidy contract, to expire December 31, 1977, unless extended, to operate the SS *Antietam*, 28,029 deadweight tons, in the carriage of export bulk raw and processed agricultural commodities in the foreign commerce of the United States (U.S.) from ports in the U.S. to ports in the Union of Soviet Socialist Republics (U.S.S.R.), or other permissible ports of discharge. Dry and liquid bulk cargoes may be carried from the U.S.S.R. and other foreign ports inbound to U.S. ports during voyages subsidized for carriage of export bulk raw and processed agricultural commodities to the U.S.S.R., or other permissible ports of discharge.

Full details concerning the U.S.-U.S.S.R. export bulk raw and processed agricultural commodities subsidy program, including terms, conditions and restrictions upon both the subsidized operators and vessels, appear in Title 46 of the Code of Federal Regulations, Part 294.

For purposes of section 605(c) of the Act, it should be assumed that should the Board grant the requested approval, the vessel named above will engage in the described trade, on a full-time basis, during the indicated time period. Under such approval, each voyage must be approved for subsidy assistance prior to its commencement, and the Board will act on such request(s) as an administrative matter for which there is no requirement for further section 605(c) notice(s).

Any person having an interest in the granting of the application and who would contest a finding by the Board that the service now provided by vessels of U.S. registry for the carriage of cargoes previously specified is inadequate, must on or before April 18, 1977, notify the Board's Secretary, in writing, of his interest and of his position, and file a petition for leave to intervene in accordance with the Board's Rules of Practice and Procedure (46 CFR Part 201). Each such statement of interest and petition to intervene shall state whether a hearing is requested under section 605(c) of the Act and, with as much specificity as possible, the facts that the intervenor would undertake to prove at such hearing.

In the event a hearing under section 605(c) of the Act is ordered to be held with respect to the subject application, the purpose of such hearing will be to receive evidence relevant to (1) whether the application herein described, with respect to the vessel to be operated in an essential service and served by citizens of the U.S., would be in addition to the existing service or services, and if so, whether the service already provided by the vessels of U.S. registry is inadequate, and (2) whether in the accomplishment of the purposes and policy of the Act additional vessels should be operated thereon.

If no request for hearing and petition for leave to intervene is received within the specified time, or if the Board determines that petitions for leave to intervene filed within the specified time do not demonstrate sufficient interest to warrant a hearing, the Board will take such actions as may be deemed appropriate.

(Catalog of Federal Domestic Assistance Program No. 11.504 Operating-Differential Subsidy (ODS).)

Dated: April 1, 1977.

JAMES S. DAWSON, JR.,
Secretary.

National Oceanic and Atmospheric Administration

CERTIFICATES OF EXEMPTION

Receipt of Applications

Notice is hereby given that the following applicants have applied in due form for Certificates of Exemption under Pub. L. 94-359, and the regulations issued thereunder (50 CFR Part 222, Subpart B), to engage in certain commercial activities with respect to pre-Act endangered species parts or products.

APPLICANT

1. J. L. Houston, Inc., 1408 12th Avenue, Seattle, Washington 98122.

PERIOD OF EXEMPTION

The applicant requests that the period of time to be covered by the Certificate of Exemption begin on the date of the original issuance of the Certificate of Exemption and be effective for a 3-year period.

COMMERCIAL ACTIVITIES EXEMPTED

(i) The prohibition, as set forth in section 9(a)(1)(E) of the Act, to deliver, receive, carry, transport, or ship in interstate or foreign commerce, by any means whatsoever and in the course of commercial activity any such species part;

(ii) The prohibition, as set forth in section 9(a)(1)(F) of the Act, to sell or offer for sale in interstate or foreign commerce any such species part.

PARTS OR PRODUCTS EXEMPTED

(i) Finished scrimshaw products made from whale teeth consisting of approximately 1,620 jewelry items and 338 miscellaneous carved or engraved items.

(ii) Finished scrimshaw products to be made from partially worked pieces of whale teeth consisting of approximately 56,304 beads, an additional 27 pounds 6 ounces of beads and 3,803 miscellaneous items.

(iii) Finished scrimshaw products to be made from approximately 5,566.5 pounds of sperm whale teeth, 7,241 pounds of sperm whale tooth pieces and scrap, 2,701 pieces of whale bone, 662 pounds of fossil whale bone, and 1,526 pieces of baleen.

2. Robert Bruce Hartman, d/b/a Whaler's Locker, P.O. Box 842, Lahaina, Maui, Hawaii 96761.

PERIOD OF EXEMPTION

The applicant requests that the period of time to be covered by the Certificate of Exemption begin on the date of the original issuance of the Certificate of Exemption and be effective for a 3-year period.

COMMERCIAL ACTIVITIES EXEMPTED

(i) The prohibition, as set forth in section 9(a)(1)(E) of the Act, to deliver, receive, carry, transport, or ship in interstate or foreign commerce by any means whatsoever and in the course of commercial activity any such species part;

(ii) The prohibition, as set forth in section 9(a)(1)(F) of the Act, to sell or offer for sale in interstate or foreign commerce any such species part.

PARTS OR PRODUCTS EXEMPTED

Approximately 83,236 jewelry items carved from whale teeth and 2,715 scrimshawed whale teeth.

Written comments on these applications may be submitted to the Director, National Marine Fisheries Services, Department of Commerce, Washington, D.C. 20235 on or before May 9, 1977.

Dated: March 29, 1977.

ROBERT J. AYERS,
Acting Associate Director for Fisheries Management.

ENVIRONMENTAL PROTECTION AGENCY

[FRL 710–1; OPP–00046]

FEDERAL INSECTICIDE, FUNGICIDE, AND RODENTICIDE ACT SCIENTIFIC ADVISORY PANEL

Meeting

AGENCY: Environmental Protection Agency (EPA), Office of Pesticide Programs.

ACTION: Notice of Meeting.

SUMMARY: There will be two three-day special subcommittee meetings of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) Scientific Advisory Panel from 9:30 a.m. to 4:30 p.m. daily on Friday, April 22, Saturday, April 23, Sunday, April 24; and Thursday, April 28, Friday, April 29, and Saturday, April 30, 1977. The meetings will be held in the main Lodge at Bryce Mountain, Bayse, Virginia. The meetings will be open to the public.

FOR FURTHER INFORMATION CONTACT:

Dr. H. Wade Fowler, Jr., Executive Secretary, FIFRA Scientific Advisory Panel, Office of Pesticide Programs (WH–567), Room E–315, EPA, 401 M St., SW., Washington, D.C. 20460, telephone 202–755–4851.

SUPPLEMENTARY INFORMATION: In accordance with Section 25(d) of the amended FIFRA, the Scientific Advisory Panel will comment on the impact on health and the environment of regulatory actions under Sections 6(b) and 25(a) prior to implementation. The purpose of these two meetings is to discuss the following topics.

APRIL 22–24, 1977

1. Advance draft of proposed regulations for classification of pesticides.

2. Advance draft of the subpart on chemistry requirements of the Guidelines for Registering Pesticides in the United States.

APRIL 28–30, 1977

1. Advance draft of proposed regulations for classification of pesticides.

2. Advance draft of the subpart on hazard evaluation—wildlife and aquatic organisms—of the Guidelines for Registering Pesticides in the United States.

Any member of the public wishing to attend these meetings should contact Dr. H. Wade Fowler, Jr., at the address shown above. Time will be allotted for brief comments by the public each day; interested persons should contact Dr. Fowler for special instructions regarding oral statements. Individuals who wish to file written statements are advised to submit ten copies of statements to the Executive Secretary in a timely manner to ensure appropriate consideration by the Advisory panel. All statements will be made a part of the record and will be taken into consideration by the Panel in formulating its own comments.

All interested persons are further advised that the meetings announced in this notice are subcommittee meetings of the Advisory Panel for the purpose of conducting preliminary reviews of draft proposed rulemaking. Formal review of topics considered by the subcommittee will be conducted by the FIFRA Scientific Advisory Panel at a later date.

(Sec. 25(d) of FIFRA, as amended (86 Stat. 973; 89 Stat. 751; 7 U.S.C. 136(a) et seq.) and sec. 10(a)(2) of the Federal Advisory Committee Act (Pub. L. 92–463; 86 Stat. 770).)

Dated: April 1, 1977.

EDWIN L. JOHNSON,
Deputy Assistant Administrator for Pesticide Programs.

[FRL 710–2; OPP–66026]

PBI-GORDON CORP.

Cancellation of Registration of Pesticide Product Containing Basic Copper Arsenate

Pursuant to section 6(a)(1) of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended (86 Stat. 973, 89 Stat. 751, 7 U.S.C. 136(a) et seq.), on January 18, 1977, PBI-Gordon Corp., Acme Division, 300 S. Third St., Kansas City KS 66118, requested that the Environmental Protection Agency (EPA) cancel its registrations for Acme Basic Copper Arsenate (EPA Registration No. 33955–90).

Cancellation shall be effective on May 9, 1977, unless the registrant, or an interested person with the concurrence of the registrant, requests that the registration be continued in effect.

The Agency has determined that the distribution, sale, and use of existing stocks of this product would not be inconsistent with the purposes of FIFRA, and would not have an unreasonable adverse effect on the environment. Therefore, pursuant to section 6(a)(1) of FIFRA, the distribution, sale and use of existing stocks of this product by persons other than the registrant named in this notice shall be permitted after the effective date of cancellation, *Provided*, That this product shall only be used consistent with labeling approved by EPA.

Requests concurred in by the registant that the registration of this product be continued, and any comments concerning this action, may be submitted in triplicate to the Federal Register Section, Technical Services Division (WH–569), Office of Pesticide Programs, Environmental Protection Agency, East Tower, Rm. 401, 401 M St. SW, Washington, DC 20460. Any such submissions should bear a notation indicating both the subject and the OPP document control number (OPP–66026). Any comments or other documents filed regarding this notice of cancellation will be available for public inspection in the office of the Federal Register Section from 8:30 a.m. to 4 p.m. Monday through Friday.

Dated: March 31, 1977.

EDWIN L. JOHNSON,
Deputy Assistant Administrator for Pesticide Programs.

[FR Doc.77–10233 Filed 4–6–77;8:45 am]

[FRL 709–8; OPP–33000/497]

RECEIPT OF APPLICATION FOR PESTICIDE REGISTRATION

Data to be Considered in Support of Applications

On November 19, 1973, the Environmental Protection Agency (EPA) published in the FEDERAL REGISTER (39 FR 31862) its interim policy with respect to the administration of Section 3(c)(1)(D) of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended ["Interim Policy Statement"]. On January 22, 1976, EPA published in the FEDERAL REGISTER a document entitled "Registration of a Pesticide Product—Consideration of Data by the Administrator in Support of an Application" (41 FR 3339). This document described the changes in the Agency's procedures for implementing Section 3(c)(1)(D) of FIFRA, as set out in the Interim Policy Statement which were effected by the enactment of the recent amendments to FIFRA on November 28, 1975 (Pub. L. 94–140), and the new regulations governing the registration and re-registration of pesticides which became effective on August 4, 1975 (40 CFR Part 162).

Pursuant to the procedures set forth in these FEDERAL REGISTER documents, EPA hereby gives notice of the applications for pesticide registration listed below. In some cases these applications have recently been received; in other cases, applications have been amended by the submission of additional supporting data, the election of a new method of support, or the submission of new "offer to pay" statements.

In the case of all applications, the labeling furnished by the applicant for the product will be available for inspection at the Environmental Protection Agency, Room 209, East Tower, 401 M Street, S.W., Washington, D.C. 20460. In the case of applications subject to the new section 3 regulations, and applications not subject to the new section 3 regulations which utilize either the 2(a) or 2(b) method of support specified in the Interim Policy Statement, all data citations submitted or referenced by the applicant in support of the application will be made available for inspection at the above address. This information (proposed labeling and, where applicable, data citations) will also be supplied by mail, upon request. However, such a request should be made only when circumstances make it inconvenient for the inspection to be made at the Agency offices.

Any person who (a) is or has been an applicant, (b) believes that data he developed and submitted to EPA on or after January 1, 1970, is being used to support an application described in this notice, (c) desires to assert a claim under section 3(c)(1)(D) for such use of his data, and (d) wishes to preserve his right to have the Administrator determine the amount of reasonable compensation to which he is entitled for such use of the data or the status of such data under Section 10 must notify the Administrator and the applicant named in the notice in the FEDERAL REGISTER of his claim by certified mail. Notification to the Administrator should be addressed to the Product Control Branch, Registration Division (WH–567), Office of Pesticide Programs, Environmental Protection Agency, 401 M St. SW, Washington, DC 20460. Every such claimant must include, at a minimum, the information listed in the Interim Policy Statement of November 19, 1973.

Specific questions concerning applications made to the Agency should be addressed to the designated Product Manager (PM), Registration Division (WH–567), Office of Pesticide Programs, at the above address, or by telephone as follows:

PM 11, 12, & 13—202/755–9315
PM 21 & 22—202/426–2454
PM 24—202/755–2196
PM 31—202/426–2635
PM 33—202/755–9041
PM 15, 16, & 17—202/426–9425
PM 23—202/755–1397
PM 25—202/755–2632
PM 32—202/426–9486
PM 34—202/426–9490

The Interim Policy Statement requires that claims for compensation be filed on or before June 6, 1977. With the exception of 2(c) applications not subject to the new section 3 regulations, and for which a sixty-day hold period for claims is provided, EPA will not delay any registration pending the assertion of claims for compensation or the determination of reasonable compensation. Inquiries and assertions that data relied upon are subject to protection under section 10 of FIFRA, as amended, should be made on or before May 9, 1977.

Dated: March 29, 1977.

DOUGLAS D. CAMPT,
Acting Director, Registration Division.

RHODIA INC.

Cancellation of Registration of Pesticide Product Containing Copper Acetoarsenite

Pursuant to section 6(a)(1) of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended (86 Stat. 973, 89 Stat. 751, 7 U.S.C. 136(a) et seq.), on January 13, 1977, Rhodia Inc., P.O. Box 125, Monmouth Junction NJ 08852, requested that the Environmental Protection Agency (EPA) cancel its regulation for Paris Green (EPA Registration No. 359-44), which contains the active ingredient copper acetoarsenite.

Cancellation shall be effective on or before May 9, 1977, unless the registrant, or an interested person with the concurrence of the registrant, requests that the registration be continued in effect.

The Agency has determined that the distribution, sale, and use of existing stocks of this product would not be inconsistent with the purposes of FIFRA, and would not have an unreasonable adverse effect on the environment. Therefore, pursuant to section 6(a)(1) of FIFRA, the distribution, sale and use of existing stocks of this product by persons other than the registrant named in this notice shall be permitted after the effective date of cancellation, *Provided*, That this product shall only be used consistent with labeling approved by EPA.

Requests concurred in by the registrant that the registration of this product be continued, and any comments concerning this action, may be submitted in triplicate to the Federal Register Section, Technical Services Division (WH-569), Office of Pesticide Programs, Environmental Protection Agency, East Tower, Rm. 401, 401 M St. SW, Washington DC 20460. Any such submissions should bear a notation indicating both the subject and the OPP document control number (OPP-66027). Any comments or other documents filed regarding this notice of cancellation will be available for public inspection in the office of the Federal Register Section from 8:30 a.m. to 4 p.m. Monday through Friday.

Dated: March 31, 1977.

EDWIN L. JOHNSON,
Deputy Assistant Administrator for Pesticide Programs.

BUTACHLOR

Establishment of Temporary Tolerances

Monsanto Agricultural Products Co., 800 N. Lindbergh Blvd., St. Louis, MO 63116, has submitted a pesticide petition (PP 6G1838) to the Environmental Protection Agency (EPA). This petition requests that temporary tolerances be established for residues of the herbicide butachlor (*N*-(butoxymethyl)-2-chloro-2',6'-diethylacetanilide) in or on the raw agricultural commodities rice at 0.5 part per million (ppm) and rice straw at 3 ppm.

Establishment of these temporary tolerances will permit the marketing of the above raw agricultural commodities when treated in accordance with an experimental use permit that is being issued concurrently under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended (86 Stat. 973; 89 Stat. 751; 7 U.S.C. 136(a) *et seq.*).

Permanent tolerances have not been established for any uses of the pesticide. However, elsewhere in today's FEDERAL REGISTER there appears a document establishing a temporary feed additive regulation for butachlor in rice bran and hulls.

An evaluation of the scientific data reported and other relevant material has shown that the requested tolerances are adequate to cover residues resulting from the proposed experimental use, and it has been determined that the temporary tolerances will protect the public health. The temporary tolerances are established for the pesticide, therefore, with the following provisions:

1. The total amount of the pesticide to be used must not exceed the quantity authorized by the experimental use permit.

2. Monsanto Agricultural Products Co. must immediately notify the EPA of any findings from the experimental use that have a bearing on safety. The firm must also keep records of production, distribution, and performance and on request make the records available to any authorized officer or employee of the EPA or the Food and Drug Administration.

These temporary tolerances expire April 1, 1978. Residues not in excess of 0.5 ppm remaining in or on rice and 3 ppm in or on rice straw after this expiration date will not be considered actionable if the pesticide is legally applied during the term of and in accordance with the provisions of the experimental use permit and temporary tolerances. These temporary tolerances may be revoked if the experimental use permit is revoked or if any scientific data or experience with this pesticide indicates such revocation is necessary to protect the public health.

Dated: April 1, 1977.

(Sec. 408(j), Federal Food, Drug, and Cosmetic Act (21 U.S.C. 346a(j)).)

DOUGLAS D. CAMPT,
Acting Director, Registration Division.

ENVIRONMENTAL POLLUTANT MOVEMENT AND TRANSFORMATION ADVISORY COMMITTEE; SCIENCE ADVISORY BOARD

Amended Notice of Open Meeting

Notice is hereby given of a change in the meeting room of the Environmental Pollutant Movement and Transformation Advisory Committee of the Science Advisory Board which was published in the FEDERAL REGISTER on April 4, 1977 (42 FR 17899). The meeting will be held in Conference Room 2117 of Waterside Mall, 401 M Street SW., Washington, D.C., on April 20, 1977, rather than at Crystal Mall #2 as originally scheduled.

The agenda includes discussions with selected grantees of the Office of Research and Development dealing with modeling studies in air pollution as part of the Committee's evaluation of the quality of research programs of the Office of Research and Development, and items of Member interest.

The meeting is open to the public. Any member of the public wishing to attend or obtain information should contact Dr. Joel L. Fisher, Executive Secretary of the Environmental Pollutant Movement and Transformation Advisory Committee by close of business April 14, 1977 at (703) 557-7710.

LLOYD T. TAYLOR,
Acting Staff Director, Science Advisory Board (A-101).

APRIL 4, 1977.

[FRL 711-1; PP5G1561/T96]

GLYPHOSATE

Renewal of a Temporary Tolerance

On March 22, 1976, the Environmental Protection Agency (EPA) announced (41 FR 11868) a renewal of a temporary tolerance for combined residues of the herbicine glyphosate (*N*-(phosphonomethyl) glycine) and its metabolite aminomethylphosphonic acid in or on the raw agricultural commodity grapes at 0.2 part per million (ppm). This tolerance was established (40 FR 12842) in response to a pesticide petition (PP 5G1561) submitted by Monsanto Agricultural Products Co., 800 N. Lindbergh Blvd., St. Louis MO 63116. This renewal expired March 17, 1977.

Monsanto Co. has requested an additional one-year renewal of this temporary tolerance both to permit continued testing to obtain additional data and to permit the marketing of the above raw agricultural commodity when treated in accordance with the provisions of an experimental use permit that is being extended concurrently under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended (86 Stat. 973; 89 Stat. 751; 7 U.S.C. 136(a) et seq.).

The scientific data reported and all other relevant material have been evaluated, and it has been determined that a renewal of the temporary tolerance will protect the public health. Therefore, the temporary tolerance is renewed on condition that the pesticide is used in accordance with the experimental use permit with the following provisions:

1. The total amount of the pesticide to be used must not exceed the quantity authorized by the experimental use permit.

2. Monsanto Co. must immediately notify the EPA of any findings from the experimental use that have a bearing on safety. The firm must also keep records of production, distribution, and performance and on request make the records available to any authorized officer or employee of the EPA or the Food and Drug Administration.

This temporary tolerance expires March 31, 1978. Residues not in excess of 0.2 ppm remaining in or on grapes after this expiration date will not be considered actionable if the pesticide is legally applied during the term of and in accordance with the provisions of the experimental use permit and temporary tolerance. This temporary tolerance may be revoked if the experimental use permit is revoked or if any scientific data or experience with this pesticide indicate such revocation is necessary to protect the public health.

Dated: March 31, 1977.

(Sec. 408(j), Federal Food, Drug, and Cosmetic Act (21 U.S.C. 346a(j)).)

NATIONAL AMBIENT AIR QUALITY STANDARD FOR LEAD

Meeting

The Notice of public meeting on lead published in the FEDERAL REGISTER on March 23, 1977 (42 FR 15728) inadvertently omitted the Agency's request that those wishing to make an oral presentation at the April 19, 1977 meeting should contact the Agency. Prior contact should be made by April 14, 1977, with Joseph Padgett and Stanton Coerr, U.S. Environmental Protection Agency, Office of Air Quality Planning and Standards, MD-12, Research Triangle Park, North Carolina 27711, telephone number 919-688-8146, extension 355.

Dated: April 1, 1977.

ERIC STORK,
Acting Assistant Administrator for Air and Waste Management.

[FR Doc.77-10363 Filed 4-6-77;8:45 am]

[FRL 711-3; OPP-42039A]

STATE OF KANSAS

Approval of State Plan for Certification of Commercial and Private Applicators of Restricted Use Pesticides

Section 4(a)(2) of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended (86 Stat. 973; 7 U.S.C. 136 et seq.), and the implementing regulations of 40 CFR Part 171 require each State desiring to certify applicators to submit a plan for its certification programs. Any State certification program under this section shall be maintained in accordance with the State Plan approved under this section.

On January 31, 1977, notice was published in the FEDERAL REGISTER (42 FR 5753) of the intent of the Acting Regional Administrator, Environmental Protection Agency (EPA), Region VII, to approve on a contingency basis, the Kansas Plan for Certification of Commercial and Private Applicators of Restricted Use Pesticides (Kansas Plan). Contingency approval was requested by the State of Kansas pending enactment of proposed amendments to present legislation and promulgation of additional implementing regulations. Copies of the Kansas Plan with the exception of sample ex-

V 42 67 APR 7 7 7 UMI

aminations were made available for public inspection at the Kansas Board of Agriculture, Topeka, Kansas; EPA, Region VII Office, Kansas City, Missouri; and the Office of Pesticide Programs, Washington, D.C.

No comments were received concerning the Kansas Plan and the proposed amendments to present legislation have been enacted. Therefore, it has been determined that the Kansas Plan will satisfy the requirements of section 4(a)(2) of the amended FIFRA and of 40 CFR Part 171, if the regulations described in the Plan, which are necessary for its implementation are promulgated by the Kansas Board of Agriculture. Accordingly, the Kansas Plan is approved contingent upon promulgation of implementing regulations.

This contingency approval shall expire October 21, 1977, if these terms and conditions are not satisfied by that time. On or before the expiration of the period of contingency approval, a notice shall be published in the FEDERAL REGISTER concerning the extent to which these terms and conditions have been satisfied, and the approval status of the Kansas Plan as a result thereof.

EFFECTIVE DATE

Pursuant to section 4(d) of the Administrative Procedure Act, 5 U.S.C. 533(d), the Agency finds that there is good cause for providing that the contingency approval granted herein to the Kansas Plan shall be effective upon signature of this notice. Neither the Kansas Plan itself nor this Agency's contingency approval of the Plan create any direct or immediate obligations on pesticide applicators, or other persons in the State of Kansas. Delays in starting the work necessary to implement the Plan such as may be occasioned by providing some later effective date for this contingency approval, are inconsistent with the public interest. Accordingly, this contingent approval shall become effective immediately.

Dated: March 30, 1977.

DONALD A. TOWNLEY,
Acting Regional Administrator,
EPA Region VII.

[FR Doc.77-10366 Filed 4-6-77;8:45 am]

[FRL 710-6]

STATE OF LOUISIANA

Determination of Primary Enforcement Authority

This public notice is issued pursuant to section 1413 of the Safe Drinking Water Act, Pub. L. 93-523, December 16, 1974, and § 142.10 of the National Interim Primary Drinking Water Regulations, published in the FEDERAL REGISTER on January 20, 1976.

An application has been received from the Assistant Secretary, Office of Health Services and Environmental Quality, Louisiana Department of Health and Human Resources, dated February 16, 1977, requesting that the Department of Health and Human Resources be granted primary enforcement responsibility for water systems in the State of Louisiana, in accordance with the provisions of this Act.

In response, I have determined that the Louisiana Department of Health and Human Resources has met all conditions of the Safe Drinking Water Act and subsequent regulations for the assumption of primary enforcement responsibility for water systems in the State of Louisiana. The State:

(1) Has adopted drinking water regulations which are no less stringent than the National Interim Primary Drinking Water Regulations;

(2) Has adopted and will implement adequate procedures for the enforcement of such State regulations, including adequate monitoring and inspections;

(3) Will keep such records and make such reports as required;

(4) If it permits variances or exemptions from the requirements of its regulations, will issue such variances and exemptions in accordance with the provisions of the National Interim Primary Drinking Water Regulations;

(5) Has adopted and can implement an adequate plan for the provision of safe drinking water under emergency circumstances.

All documents relating to this determination are available for public inspection between the hours of 8 a.m. and 4:30 p.m., Monday through Friday, at the following offices:

Assistant Secretary, Office of Health Services and Environmental Quality, Louisiana Department of Health and Human Resources, State Office Building, 325 Loyola, New Orleans, Louisiana 70160.
Regional Administrator, Environmental Protection Agency, Region VI, First International Building, 1201 Elm Street, Dallas, Texas 75270.

All interested parties are invited to submit written comments on this determination and may request a public hearing. Written comments and/or a request for a public hearing must be submitted on or before May 9, 1977. A request for a public hearing shall include the following information:

(1) The name, address and telephone number of the individual, organization or other entity requesting a hearing.

(2) A brief statement of the requesting person's interest in the Regional Administrator's determination and of information that the requesting person intends to submit at such hearing.

(3) The signature of the individual making the request; or, if the request is made on behalf of an organization or other entity, the signature of a responsible official of the organization or other entity.

Frivolous or insubstantial requests for a hearing may be denied by the Regional Administrator. However, if a substantial request for a public hearing is made within thirty (30) days after this notice a public hearing will be held. The Regional Administrator will give further notice in the FEDERAL REGISTER and in a newspaper or newspapers of general circulation in the State of Louisiana of any hearing to be held pursuant to a request submitted by an interested person, or on his own motion. Notice of the hearing shall be given not less than fifteen (15) days prior to the time scheduled for the hearing. In addition to publication as described above, notice will be sent to the person requesting a hearing and to the State. Notice of the hearing will include a statement of the purpose of the hearing, information regarding the time and location for the hearing, and the address and telephone number of an office at which interested persons may obtain further information concerning the hearing.

After receiving the record of the hearing, the Regional Administrator will issue an order affirming or rescinding his determination. If the determination is affirmed, it shall become effective as of the date of this order.

If no timely and appropriate request for a hearing is received and the Regional Administrator does not elect to hold a hearing on his own motion, this determination shall become effective thirty (30) days after issuance of this initial notice.

Please bring this notice to the attention of any persons known by you to have an interest in this determination.

Dated: March 18, 1977.

J. PAUL COMOLA,
Acting Regional Administrator,
Region VI, Environmental
Protection Agency.

[FR Doc.77-10365 Filed 4-6-77;8:45 am]

[FRL 711-2; PP6G1708/T96]

2 - CHLORO-N-(2-ETHYL-6-METHYLPHENYL) - N - (2 - METHOXY-1-METHYLETHYL ACETAMIDE

Extension of Temporary Tolerances

On April 30, 1976, the Environmental Protection Agency (EPA) gave notice (41 FR 18140) that in response to a pesticide petition (PP 6G1708) submitted to the Agency by Ciba-Geigy Corp., PO Box 11422, Greensboro, N.C. 27409, temporary tolerances were established for combined residues of the herbicide 2-chloro-*N*-(2-ethyl-6-methylphenyl)-*N*-(2-methoxy-1-methylethyl) acetamide and its metabolites determined as 2-([2-ethyl-6-methyphenyl]-amino) propanol and 4-(2-ethyl-6-methylphenyl)-2-hydroxy-5-methyl-3-morpholinone (calculated as the herbicide), in or on soybean forage and hay at 1.25 parts per million (ppm), in or on soybeans at 0.1 ppm, and in meat, milk, poultry, and eggs at 0.02 ppm. These temporary tolerances are scheduled to expire April 23, 1977.

Ciba-Geigy Corp. has requested a one-year extension of these temporary tolerances both to permit continued testing to obtain additional data and to permit the marketing of the above raw agricultural commodities when treated in accordance with the provisions of an experimental use permit that is being extended concurrently under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended (86 Stat. 973; 89 Stat. 751; 7 U.S.C. 136(a) et seq.).

The scientific data reported and all other relevant material have been evaluated, and it has been determined that an extension of the temporary tolerances will protect the public health. Therefore, the temporary tolerances are extended on condition that the pesticide is used in accordance with the experimental use permit with the following provisions:

1. The total amount of the pesticide to be used must not exceed the quantity authorized by the experimental use permit.

2. Ciba-Geigy Corp. must immediately notify the EPA of any findings from the experimental use that have a bearing on safety. The firm must also keep records of production, distribution, and performance—and on request make the records available to any authorized officer or employee of the EPA or the Food and Drug Administration.

These temporary tolerances expire April 1, 1978. Residues not in excess of 1.25 ppm remaining in or on soybean forage and hay, 0.1 ppm in or on soybeans, and 0.02 ppm in meat, milk, poultry, and eggs after this expiration date will not be considered actionable if the pesticide is legally applied during the term of and in accordance with the provisions of the experimental use permit and temporary tolerances. These temporary tolerances may be revoked if the experimental use permit is revoked or if any scientific data or experience with this pesticide indicate such revocation is necessary to protect the public health.

(Sec. 408(j), Federal Food, Drug and Cosmetic Act (21 U.S.C. 346a(j)).)

Dated: April 1, 1977.

FEDERAL COMMUNICATIONS COMMISSION

[RM-2102]

LEWIS COUNTY BROADCASTING CO.

Table of Assignments, FM Broadcast Stations (Hohenwald, Tennessee)

Adopted: March 28, 1977.

Released: April 1, 1977.

1. The Commission has before it the petition for rule making filed by Lewis County Broadcasting Co. ("Lewis County"), proposing the assignment of FM Channel 292A to Hohenwald, Tennessee. The proposal was dependent upon the substitution of Channel 224A for Channel 292A which is used by Station WRCK-FM at Sheffield, Alabama. This, in turn, would have made it possible to assign Channel 292A to Haleyville, Alabama, in lieu of Channel 224A, which was then proposed and is presently assigned. The Lewis County petition was not consolidated into the rule making proceeding in Docket No.19551 involving the Haleyville and Sheffield assignments because it was not timely filed.

2. By the Third Report, Memorandum Opinion and Order in Docket No. 19551, 49 FCC 2d 1270 (1974), Channel 224A was assigned to Haleyville, Alabama, leaving Channel 292A at Sheffield, Alabama. As a consequence, the short-spacing of the Hohenwald proposal to the Sheffield assignment was not removed, but action on the proposal was withheld pending a ruling on the Commission's decision in Docket No. 19551 which had been appealed. Action can now be taken since there has been a decision rendered affirming the Commission's action.

3. Since the proposed assignment to Hohenwald was dependent upon the substitution of a channel at Sheffield, Alabama, which was not effected, the proposed Channel 292A assignment at Hohenwald would be short-spaced 19 kilometers (12 miles) to Station WRCK-FM at Sheffield, Alabama. No showing whatever has been offered upon which to base such a serious violation of the Commission's rules in assigning the channel proposed, and since petitioner has not shown that another channel is available as a substitute, the request must be denied.

4. *Accordingly, it is ordered,* That the petition for rule making (RM-2102) filed by Lewis County Broadcasting Co. is denied.

5. *It is further ordered,* That this proceeding is terminated.

FEDERAL COMMUNICATIONS COMMISSION,
WALLACE E. JOHNSON,
Chief, Broadcast Bureau.

[FR Doc.77-10327 Filed 4-6-77;8:45 am]

[Docket Nos. 21187, 21188; File Nos. 6617-CM-P-73, 8430-CM-P-73]

MULTI VIDEO, INC., AND TERM-COMM CORP.

Construction Permits in the Multipoint Distribution Service for a New Station at Terre Haute, Indiana

Adopted: March 7, 1977.

Released: April 1, 1977.

By the Chief, Common Carrier Bureau:

1. The Commission has before it the above-referenced applications of Multi Video, Inc. (MV), filed on March 9, 1973 and Term-Comm Corporation (Term-Comm), filed on May 18, 1973. Both applications propose Channel 1 operation in the Terre Haute, Indiana area, and thus are mutually exclusive and require comparative consideration. Both applications have been amended as a result of informal requests of the Commission staff for additional information, and no petitions to deny or other objections to any of the applications have been received.

2. MV is permittee of an MDS station in Anderson, Indiana and has an application pending for Springfield, Illinois. Eastern Broadcasting Corporation, 50 percent owner of MV, is licensee of WBOW-AM-FM in Terre Haute. Term-Comm, subsidiary of Wabash Valley Broadcasting Corporation, licensee of WTHI, AM-FM-TV in Terre Haute, has only this MDS application pending.

3. Upon review of the captioned applications, we find that both applicants are legally, technically, financially, and otherwise qualified to provide the services which they propose, and that a hearing will be required to determine, on a comparative basis, which of these applications should be granted.

4. Accordingly, *it is hereby ordered,* That pursuant to Section 309(e) of the Communications Act of 1934, as amended, and Section 0.291 of the Commision's Rules, the above-captioned applications are designated for hearing, in a consolidated proceeding, at a time and place to ed, and Section 0.291 of the Commission's termine, on a comparative basis, which of the above-captioned applications should be granted in order to best serve the public interest, convenience and necessity. In making such a determination, the following factors shall be considered: [1]

(a) The relative merits of each proposal with respect to service area and efficient frequency use;

(b) The nature of the services and facilities proposed, and whether they will satisfy service requirements known to exist or likely to exist in the Terre Haute, Indiana area;

(c) The anticipated quality and reliability of the service proposed, including selection of equipment, installation, subscriber security and maintenance;

(d) The charges, regulations and conditions of the service to be rendered, and their relation to the nature, quality and costs of service; and

(e) The managerial and entrepreneurial qualifications of the applicants.

5. It is further ordered, That Multi Video, Inc., Term-Comm Corporation, and the Chief, Common Carrier Bureau, are made parties to this proceeding.

6. It is further ordered, That parties desiring to participate herein shall file their notices of appearance in accordance with the provisions of Section 1.221 of the Commission's Rules.

WALTER R. HINCHMAN,
Chief, Common Carrier Bureau.

[FR Doc.77-10328 Filed 4-6-77; 8:45 am]

FEDERAL MARITIME COMMISSION

[Docket No. 77-6]

CONTINENTAL NORTH ATLANTIC WESTBOUND FREIGHT CONFERENCE AND NORTH ATLANTIC CONTINENTAL FREIGHT CONFERENCE

Order of Investigation and Hearing

Agreements Nos. 8210-29 and 9214-19 were filed with the Commission for approval under section 15 of the Shipping Act, 1916, by the Continental North Atlantic Westbound Freight Conference (CNAWFC) and the North Atlantic Continental Freight Conference (NACFC) respectively. These two identical amendments to the basic conference agreements generally provide that full members of each of the two conferences shall

[1] Consideration of these factors shall be made in light of the Commission's discussion in *Peabody Telephone Answering Service,* et al., 55 FCC 2d 626 (1975).

V 4267 APR 7 77 UMI

be divided into two categories designated as Class A and Class AA; that Class A/AA status shall be determined on the basis of cellular/non-cellular vessel configuration, utilization, and service frequency; and that Class AA members may quote rates lower than those of a Class A member by a fixed percentage, all as more fully described hereinafter. Approval of these amendments was requested for a period of two calendar years beginning with the effective date of the approval.

EARLY PROPOSALS

Agreement No. 8210–29 was originally filed by CNAWFC on May 23, 1975, and was noticed in the FEDERAL REGISTER on June 2, 1975. It read as follows:

Full members of the Conference shall be divided into two categories designated as Class A and Class AA. All full members shall be equally bound to the provisions of the Agreement and shall enjoy equal rights thereunder: *Provided, however,* That rates and charges published in Section II of the Conference tariff shall be applicable to Class AA members only.

As a result of Commission staff insistence that the A/AA provisions must spell out the membership criteria, during the period between June 1975 and February 1976, the CNAWFC filed various amended provisions.

These amendments evolved from:

Full members of the Conference shall be divided into two categories designated as Class A and Class AA. All full members shall be equally bound to the provisions of the Agreement and shall enjoy equal rights thereunder: *Provided, however,* That rates and charges published in Section II of the Conference tariff shall be applicable to Class AA members only. Class A/AA status shall be determined and redetermined on basis of cellular/non-cellular vessel configuration, utilization and service frequency as specified in the Conference tariff and such tariff shall also plainly show the current membership status of each carrier party.

to the more complete A/AA criteria which follows:

A. *Class AA privileges.* (1) May quote rates up to 8½ percent below Class A rates the first year and up to 6½ percent the second year.

(2) May pay up to 1 percent additional freight forwarder compensation for first two years.

All second year provisions to remain in effect unless otherwise agreed by the parties and approved by the Federal Maritime Commission.

B. *Class AA qualifications.* (1) At least 50 percent of under-deck cargo capacity of each multi-purpose ship must be non-cellular and used for common carrier operations.

(2) Total TEU capacity of any vessel allocated to the conference trade may not exceed 550.

(3) May allocate to the conference trade no more than 2400 TEU's per month, cumulative, nor more than 7200 TEU's per quarter, non-cumulative.

(4) No more than two sailings a month in the conference trade with fully cellularized, ro/ro or LASH/Seabee vessels.

(5) On ro/ro vessels employed in the conference trade no more than 30 percent of under-deck cargo capacity shall be allocated per voyage to non-containerizable cargo.

(6) In the event a Class AA member fails, at any time, to meet one or more of the requirements for such status, it shall operate as a Class A member as soon thereafter as such facts are established and applicable tariff filings take effect except that in the event of allocations in excess of that provided in (3) above, not resulting in a change of membership status, a full report thereof shall be provided to the Federal Maritime Commission justifying the determination not to make the change in membership status within 15 days of the last day of the month in which such excess allocation occurs.

Thereafter, on February 5, 1976, the Commission gave notice of its intent to conditionally approve Agreement No. 8210–29 (41 FR 5307) for the purpose of providing the basis upon which the two Eastern Bloc carriers operating as independents in the trade, i.e., Baltic Shipping Company (BSC) and Polish Ocean Line (POL), would join the conference. In this respect, the Commission observed:

It is the Commission's opinion that the proposed two-class membership system may be a practical means of accommodating both modern container operators and traditional breakbulk operators in the same conference. It would also appear that it is a legitimate attempt to resolve a serious transportation problem in the trades involved. Based on recent reports of declining trade and continuing increase in carrier services and capacity in the U.S. Atlantic/European trades, it would seem that competition, especially from state-owned non-conference carriers, may be posing a serious threat to the stability of the trades involved.

* * * * *

We believe trade conditions on the North Atlantic warrant a strong and viable conference system. We believe the proposed amendments may help assure continuation of such a system.

On that basis the Commission stated that it intended to approve the A/AA membership provisions (as amended) subject to specified conditions, unless any "* * * interested person is able to come forward with a clear, concise statement of material matters upon which it desires to adduce evidence and a statement of facts which, if so adduced, would result in disapproval."

After the Commission gave notice of its intent to conditionally approve this agreement protests and/or requests for hearing on the amendments were filed by the National Association of Alcoholic Beverage Importers (NAABI), Boston Consolidation Service (an NVO), Outboard Marine Corporation (OMC), the Wine and Spirits Wholesalers of America (importers), the American Importers Association (importers), and the Department of Transportation (DOT). Although the Department of Justice (Justice) did not file comments at that time, DOT stated that, when consulted in this matter, Justice expressed its concern over the anti-competitive implications of the proposed agreements.

Additionally, Baltic Shipping Company (BSC) filed comments on the amendments advising that the proposed membership criteria would have to be changed in two respects before it would be in a position to apply for Class AA membership in the conferences. The rate differential between A and AA rates would have to be increased from 8½ percent to 10 percent for the first year and from 6½ to 8½ percent for the second year, and the limit on the number of TEU's which AA carriers may allocate per quarter must be cumulative rather than non-cumulative.

The primary objection of protestants to these amendments was apprehension that these would almost certainly result in the elimination of all non-conference competition in the involved trades, thereby removing any control or restraint on the level of conference rates by depriving shippers of any bargaining power. Protestants feared that once non-conference competition had been eliminated the conference would introduce a dual rate system to prevent the entry of non-conference operators.

DOT urged that elimination of independent operators would be contrary to the Congressional intent expressed in the Shipping Act, 1916, and that maintenance of the conference system depends in part on the existence of independent operators to maintain the integrity of the pricing system. DOT claimed that during the drafting of the 1961 amendments to the Shipping Act, "* * * Congress deliberated long and hard to come up with a formula that would retain and strengthen independent competition in the conference-dominated shipping industry."

Most protestants requested a hearing on the amendments on the grounds that they were "anti-competitive" or had "potentially serious anti-competitive effects" for which no persuasive justification had been given. They contended that there was no evidence that BSC and POL now posed, or would pose in the near future, a "serious threat" to the conferences or to the stability of rates and services in the involved trades. To illustrate the lack of any disruptive competitive practices, NAABI provided a rate comparison on 37 major moving commodities in the Continental Westbound trade for the first half of 1975 between the Eastern Bloc carriers and the CNAWFC. As NAABI pointed out, this comparison showed that the "* * * independent carriers either had the same rate level as the conference for many commodities or up to 10 percent lower rates, which is nothing unusual for an independent operator." On this basis, NAABI concluded that the 48-Hour Rate Agreement between CNAWFC and the two independents "* * * is an effective controlling device." Other protestants, such as DOT, discounted the "serious threat" posed by BSC and POL on the basis that they "* * * offer only a very small percentage of the capacity available in the trades."

Protestants objected to the requirement in the Commission's Order that, to prevail, protestants bring forth

facts "* * * which * * * would result in disapproval." Protestants urged that this constituted shifting the burden of proof from the proponents to the protestants. They argued that, since these amendments have serious anti-competitive potential, the burden of proving the need for their approval rests upon the proponents as held by the Commission and the Courts.

THE "LENINGRAD PRINCIPLES"

During the period in which these comments were received and analyzed, Commission Chairman Bakke entered into a Memorandum Agreement with the Soviet Ministry of Merchant Marine regarding principles which should govern the participation of Soviet carriers in the United States foreign commerce. This accord, signed on July 16, 1976, set forth the undertaking of the Chairman of the Federal Maritime Commission and the Soviet Ministry of Merchant Marine to:

* * * utilize the good offices of their respective agencies to achieve the following:

1. All ocean cargo rates contained in tariffs of Soviet carriers now engaged as independents in the liner trades of the United States shall, as promptly as it is feasible, be adjusted to a level no less than that of the lowest rate in use for the same commodity of any other independent carriers in those trades.

2. Thereafter, prompt action shall be taken, as necessary, to maintain the foregoing relationship between ocean cargo rates of Soviet carriers engaged as independents in the liner trades of the United States and the ocean cargo rates for the same commodity contained in the tariffs of other independent carriers in those trades,

3. Discussions shall promptly be resumed concerning equitable terms and conditions for conference membership of Soviet carriers in the North Atlantic liner trades of the United States, with particular attention to the principle of temporary rate differentials for Soviet carriers in those trades based upon differences in the services offered by Soviet carriers and by other carriers in those trades, such rate differentials to be (a) reasonably related to the degree of differences in such services, and (b) to be promptly eliminated as the services in question reach a reasonable degree of comparability, and

4. Discussions shall promptly be initiated concerning equitable terms and conditions for conference membership of Soviet carriers in the inbound and outbound conferences serving Pacific liner trades of the United States in which the Soviet carriers are not now conference members, with particular attention to the principle of temporary rate differentials for Soviet carriers as set forth in paragraph 3 above.

The parties hereto have also mutually agreed that henceforth there must be closer working relationships between their respective agencies concerning exchange of factual information and policy questions, and that the necessary steps shall be promptly undertaken.

The Memorandum Agreement was submitted for approval by the Commission at a special meeting on July 19, 1976. At that meeting, the Commission unanimously adopted the following statement endorsing and supporting the principles of the Memorandum Agreement:

We fully subscribe to these principles and pledge the good offices of the Federal Maritime Commission to that end. We wish, however, to emphasize that we do not construe this Agreement as intended to commit the Chairman of this Commission or any of the other Commissioners with respect to any Commission decision which may arise incidental to the implementation of these principles. Accordingly, while fully subscribing to the principles enunciated in this Agreement, we do not thereby prejudge our views as to the legality of any rates charged in the liner trades of the United States or of agreements governing the activities of conferences operating in such trades.

THE PRESENT PROPOSALS

On October 22, 1976, the CNAWFC filed an amended version of Agreement No. 8210–29 and the NACFC filed an initial A/AA amendment, Agreement No. 9214–19.[1] These amendments differ slightly from the previous provisions. The differences be in the following three respects:

(1) AA carriers may charge up to 10% below Class A rates the first year (1977) and 6½ % after the first year.

(2) AA carriers may allocate no more than 500 TEU's per week or 2,166 TEU's per month, cumulative, or 6,500 TEU's per quarter non-cumulative.

(3) Class AA carriers may have up to 20 sailings per quarter.

Notice of the filing of these agreements was published in the FEDERAL REGISTER on November 3, 1976.

COMMENTS OF PARTIES

Responses to the November 3, 1976, FEDERAL REGISTER Notice of the (present) revised amendments indicated that the only new protestants were Justice and the Great Lakes Task Force (GLTF). Three of the earlier protestants did not submit further comments: AIA, Wines and Spirits Wholesalers of America and Boston Consolidation Service. Neither BSC nor POL filed further comments.

Examination of these later protests revealed that no additional reasons for holding a full evidentiary hearing had been advanced. As before, the primary reasons cited were: (1) The probability that the agreements will result in the elimination of all independent competition in the trade thereby removing any restraint on the level of conference rates, (2) the failure of the proponents to demonstrate that the agreements are in the public interest, (3) lack of evidence that the Eastern Bloc carriers pose a serious threat to stability, (4) no evidence of overtonnaging or serious competitive problems in the trade, (5) no evidence of declining trade, and (6) because the agreements have not been justified and have been protested, a hearing is mandatory.

DOT and Justice also argued that the likelihood that these agreements will result in the elimination of all independent competition renders them contrary to the intent of Congress to preserve such competition. That intent, they urge, is made manifest in the legislative history of the Shipping Act and amendments thereto.

Outboard Marine additionally contended that the agreements will result in violations of sections 16 and 17 of the Shipping Act, 1916, i.e.:

Section 16 First of the Shipping Act, 1916 declares it to be unlawful for any common carrier by water to make or give any undue or unreasonable preference or advantage to any particular person, locality or description of traffic in any respect whatsoever, or to subject them to undue or unreasonable prejudice or disadvantage in any respect whatsoever. Section 15 of the Shipping Act directs the Commission to reject, cancel or modify any agreement submitted to it for approval that it finds, after notice and hearing, to be unjustly discriminatory or unfair between carriers, shippers, exporters, importers, or ports. FMC Agreement No. 9214–19 would violate Section 16 First. By limiting the number of sailings and the carrying capacity of Class AA members, FMC Agreement No. 9214–19 will restrict the availability of ocean common carrier service by placing artificial, capricious limits thereon. Class AA members will be restrained from serving all ports at which a demand for service occurs merely because the number of sailings they may undertake is limited by FMC Agreement No. 9214–19. Section AA members will be restrained from serving all those who indicate a need or desire for their services since the vessel carrying capacity of Class AA members is restricted by FMC Agreement No. 9214–19. These restrictions will unduly prefer those who are able to secure carriage by Class AA members and will unduly prejudice those who are not able to secure such carriage, thereby forcing the latter to utilize the higher cost Class A carrier's services. Such a result should not be permitted without a hearing on the propriety thereof.

Section 17 of the Shipping Act, 1916, forbids common carriers subject to the Act to demand, charge, or collect a rate, fare or charge which is unjustly prejudicial to exporters of the United States as compared with their foreign competitors. Section 15 of the Shipping Act, 1916, commands the Commission to reject, cancel or modify any agreement that it finds, after notice and hearing, to be unjustly discriminatory between exporters from the United States and their foreign competitors. Under the auspices of a grant of Commission approval, FMC Agreement No. 9214–19 would permit carriers to openly practice such discrimination. No limitation is placed upon the possibility of a given carrier operating as a Class A (high rate) carrier in the NACFC while simultaneously offering reduced rates as a Class AA (lower rate) carrier in the trade from Europe to the U.S. By so doing, the carrier would be operating under color of Commission permission subject to a filed and approved agreement. This matter deserves the closer attention of the Commission and should be made the subject of hearings.

COMMISSION NOTICE OF JANUARY 1977

Following receipt and analysis of these comments, the Commission served its Notice dated January 14, 1977. That Notice set forth the circumstances which, in the opinion of the Commission, militated in favor of approval of the proposed amendments and indicated the Commission's disposition to approve them. The rationale for the Commission's position was based upon its analysis and interpretation of the data available at the time. These had differed slightly from the bases previously discussed by the

[1] The A/AA amendment of the North Atlantic French Atlantic Freight Conference, Agreement No. 7770–13, originally filed with Agreement No. 8210–19, has been withdrawn.

V4267 APR 7 7 UMI

Commission in earlier public notices. The Notice stated that:

• • • because our ultimate disposition of these agreements will depend upon • • • [stated] considerations, not heretofore directly addressed by the protestants herein, we believe due process dictates that we allow any interested party an opportunity to address such considerations. To that end, we are inviting interested parties to submit affidavits and memoranda of law on the matters • • •

discussed in the Notice. Those matters on which parties were asked to comment were:

(1) The capability of Eastern Bloc fleets to charge rates well below those which can be charged by Western commercially profit-motivated carriers;

(2) The disposition toward, and possibility of, those fleets taking such actions in the future, and

(3) The potential of the agreements to inhibit the risk of rate wars.

As may be discerned from the Notice and the issues to which the parties were asked to direct their comments, the reasoning of the Commission addressed the salutary effect of present approval of these agreements in avoiding future disruption and predatory rate resulting from unbridled competition. It was our view that the underlying facts and data reasonably supported our forecast of future disruption of the North Atlantic trades in the event these agreements were disapproved. However, because of the importance which we attach to these agreements, we wished to provide protestants and other interested parties, the opportunity to supply their interpretations of the data.

In response to the Notice of January 14, 1977, OMC, GLTF, Justice and the president of Delta Steamship Lines, Captain J. W. Clark (Delta) filed timely comments.[2] All were opposed to Commission approval of the agreements.

OMC's position was premised largely on what it considers to be a reflection in the Commission's proposed action of "• • • the complete biased feeling of Chairman Bakke despite the fact that he has excused himself from consideration of this matter." Additionally, however, OMC raised two particular issues of fact.

1. The independent competition is paramount to our international trade. Without it, we would now be deprived of providing any parts whatsoever for any of our foreign operations. There has been no real threat nor does one exist which would destroy the powerful conferences serving the North Atlantic ports to the continent.

and

2. • • • we are vigorously opposed to the adoption of the captioned agreement for it will line the coffers of the so-called "predators" non-conference carriers who, by your own [FMC] finding, operate more reasonably but would enjoy the higher level of rates currently and for the future to be established by the conference lines. This inequity in and of itself would be throwing hard currency to carriers whom your Commission has condemned as predators or threats but would suddenly gain tremendous revenue without any change in their services or costs.

GLTF argued only two major points. It first expressed the concern of its members over the anticompetitive effects which they foresee if the amendments are approved by the Commission. GLTF stated:

We have no objections to the Eastern Bloc Carriers joining established conferences. Our objections in these agreements are based upon the fact that these carriers will be allowed to publish rates below the conference level, that the members of the double class category conference will have access to shipping and tonnage records of both classes of cargo and can determine, by mutual agreement, reductions in rates which will not only be below competitive seaboards, but below non-conference members as well. Once the competition is eliminated, their rates could have the tendency to rise and the shipping public will suffer the consequences.

Second, GLTF urged that, while the Commission has given this problem much analysis, it has not given adequate consideration to the effect of approval on sections of the public not here directly concerned. It urged that the Commission:

• • • take into consideration the effect the two category designations will have on other concerned areas.

To approve the agreements with such broad application for one section of the country, with no regard or protection for other sections to the detriment of the shippers and receivers using the other seaboards is not in the best public interest.

The comments of the Department of Justice are more extensive than those of the other parties. In those comments, Justice reaffirmed its opposition to approval of the proposed amendments on the grounds put forth by it previously and for various additional reasons. Because of their importance, those additional reasons will be discussed *seriatim* hereafter.

The first reason is that:

The proposed modifications are not justified by current trade conditions, but create current anticompetitive effects.

In support of this position, Justice cited the same data sources upon which we relied in our January Notice. Justice claimed that these sources show that as of January, 1977 the Soviet fleet in the North Atlantic consisted only of "four or five general cargo ships and one Ro–Ro with 778 TEU capacity" while the "present western lines fleet serving the North Atlantic consists almost totally of technologically advanced full containerships and Ro-Ro's, including ships having space for nearly 3,000 containers and speeds of up to 33 knots."[3]

Justice's second reason is that:

The evidence does not support the Commission conclusion that the two-tier conference structure is necessary to prevent future rate wars and chaotic trade conditions.

In support of its second contention, Justice challenged two assumptions upon which it alleged we based our decision to approve the proposed amendments. The assumptions challenged are that the projected increased Soviet liner capacity poses a substantial threat to the commercially oriented Western liners, and that state controlled carriers have engaged in and will continue to engage in pricing below cost. Justice disagreed that on the basis of these assumptions a two-tier conference systems is necessary to avoid rate wars or other chaotic conditions in the North Atlantic.

Again citing the same sources as those used by the Commission, Justice claimed that such data only shows that the projected increased Soviet capability will be 25 to 30 percent below present western containerships capacity at the end of the Current Soviet Five-year Plan in 1980. Additionally, Justice alleged that the figures show that in numbers of vessels, even by 1980, the Soviets would have a full containership fleet of approximately 50 vessels with slower average ship speed and less than half the total capacity of the present U.S. fleet alone. In short, the USSR will have 50 containership vessels as opposed to a total U.S. fleet of 148 ships including 110 full containerships.

With respect to the claim that Soviet state controlled carriers engage and will continue to engage in below-cost pricing, Justice claimed that no finding has ever been made that Soviet Bloc carriers set their rates below Western costs. Justice also claimed that available evidence suggests that Soviet Bloc carriers do not even set their rates below the lowest non-conference carrier.[4] What is shown, according to Justice, is only the fact that the Soviet Bloc regularly set their rates

[2] Two other comments were received. Boston Consolidation Service sent a telex advising that while it was not filing a formal protest, it was concerned over the possible anticompetitive effect of the proposed plan, and that should monopolistic abuses result, it "• • • will look to the FMC to preserve its mandate in protecting the interests of all segments of the shipping public—the small exporters/importers and the corporate giants with shipping interest who we have reason to distrust."

The National Association of Alcoholic Beverage Importers (NAABI) filed comments late by four working days. Their comments indicate the willingness of NAABI to rely on its previous record positions. NAABI does, however, make explicit an issue which has heretofore been implicit:

To believe that this particular amendment "will inhibit the risk of a rate war" is totally naive. If the Eastern Bloc carriers become increasingly unhappy with their market share, who will stop them from leaving the Conference, anyway? This amendment will not stop them from doing that.

[3] Department of Justice Memorandum of February 18, 1977, p. 3, citing William Carr, "Soviet Shipping Strength and its Employment" at 334, Committee Print of the U.S. Committee on Commerce and National Ocean Policy Study, Pursuant to S. Rep. 22, 94th Congress, 2d Sess. (1976).

[4] Citing R. Adams and M. Witteveen, "Soviet Maritime Activities in the Liner Trades of the United States," Committee Print of the U.S. Committee on Commerce and National Ocean Policy Study, pursuant to S. Rep. 222, 94th Cong., 2d Sess. (1976) at p. 358.

below conference levels—a practice which is normal for non-conference carriers. As a result, Justice concluded that there is no available evidence supporting any alleged need to restructure the conference system in the North Atlantic.

The third and final reason of Justice is that:

The proposed modifications are no more likely to achieve their goal of Soviet conference participation than maintenance of the current conference structure, which would not entail anticompetitive consequences.

In support of this contention, Justice explained that:

The proposed modifications cerate a likelihood, supported by the expressions of the Eastern Bloc carriers, that they will become Class AA members upon approval. There is no guarantee, nor can there be, that the carriers will remain in the conference when their competitive potential is reached. Apparently, the Soviet's current determination concerning conference membership is based upon Commission efforts to eliminate rebating, and the threat of legislation. Whether these incentives will continue to exist when state controlled capacity reaches its projected magnitude is uncertain. It is likely, however, that the incentives for full conference membership will be the same whether Eastern Bloc carriers become Class AA members, or remain outside the conference. In fact, it is probable, in light of past Soviet behavior, that the Soviets will become amenable to joining the conferences as full members as their ships become more competitive, in absence of the proposed two-tier structure.[5]

Justice therefore concluded that the proposed amendments are unnecessarily anticompetitive and ineffectual as a means of achieving their avowed purpose of Soviet conference membership.

The comments of the president of Delta Steamship Lines, Inc., Captain J. W. Clark, represent the first participation by any carrier other than the conferences involved. Captain Clark raised a number of concerns.

Delta is a U.S. flag carrier which operates in the trades from the United States Gulf to the east coast of South and Central America and the west coast of Africa. Delta "reluctantly" opposed approval of the proposed amendments because of their alleged inevitable effect on "all essential trade routes of the United States." The President of Delta claimed:

It is my view that the Commission's notice is a direct and irretrievable affront to the friendly democratic nations whose governments seek to follow what have been the same modes of governmental and economic philosophy as that followed by our own nation. To state that we will avoid the "hazard of government-to-government confrontation of major world powers" while reserving to ourselves the obvious right to refuse to deal on an equal basis with what we may then determine to be "minor" world powers in a public document issued by an agency of the government should be unthinkable. Unfortunately, that document has been issued and unless it is categorically rejected by the Commission it will operate to our substantial detriment in the years ahead. There are, in fact, no dual standards for the application of our Shipping Acts against strong nations versus weak nations.[6]

Additionally, Captain Clark alleged that the Commission's concern for the size and speed of future Soviet vessels is inappropriate. The "real considerations" with which the Commission must allegedly deal are, rather, speed of actual delivery of cargo, dependability, freedom from damage, frequency of service and similar concerns. Further considerations with which the Commission must come to grips in Captain Clark's view are:

1. The Soviets [and the Polish carrier] do not and will not recognize ordinary commercial considerations for the operation of their vessels.

2. As the Commission has pointed out "even a full evidentiary hearing could not reveal the future intentions of these carriers." This, in itself, is an understatement. The present and future intention of "these carriers" is to operate in their own system, to their own advantage and with total disregard for the other carriers and countries involved.

3. Any adherence by the Soviets to the amended agreements will be on a "today only" basis with their obvious right to say "Nyet" tomorrow and to resign from the Conference if the differentials established in their favor do not produce the result which they desire at any particular time.

• • • • • •

The solution, however, does not lie in our acceding to the Soviet demands through the form of appeasement sought by the Conferences and contemplated by the Commission here. Appeasement is a policy which does not lead anywhere except to ultimate surrender, an end which we do not believe our government or the carriers in our commerce should regard as acceptable.[7]

In conclusion, Captain Clark urged that approval of the proposed amendments will work toward the destruction of Carriers in the Relevant trade. He stated:

We do not believe that the Soviets can or should be given an "edge" over their competitors. Once such a policy is established, it will be impossible to get rid of it and it certainly will spread to every other trade in which the Soviets choose to engage.

The simple fact is that the Soviet fleet at the present time is fully capable of competing, on a commercial basis, with the other carriers in the trade. It is in the latter stage of a program to further modernize and increase the capacity of its vessels and fleet. When this further modernization is coupled with the advantage which it seeks to obtain through the current amendments—as it will be coupled since we may be certain that the Soviets will not retreat from the competitive advantage accorded to them here—the Soviets will control our foreign commerce with the blessing, guidance and assistance of the Federal Maritime Commission.[8]

Conclusions

We had earlier thought that on the basis of the information available to us, hearing in this matter would not produce any usable factual evidence or information which we did not already have available. We now have second thoughts. The position of Justice that the proposed agreements are justified neither by current trade conditions nor by the need to curb future rate wars has revealed areas of inquiry which we had not previously considered in the light now shown us. We are persuaded that there are questions now raised on which the parties should be permitted to be heard and accordingly, we have determined to order a hearing to allow their full development.

We emphasize that our action here is premised solely upon our desire to afford all parties the administrative due process to which they are entitled. Nothing we have said here, is to be construed as a repudiation in whole or in part of the principles stated in the Leningrad Agreement which were endorsed by us on July 19, 1977, nor as any indication of our disposition towards approval or disapproval of Agreements Nos. 8210–29 and 9214–19. Our decision will be based on the full record after completion of the hearing which we now believe is required.

Therefore, it is ordered, That pursuant to section 15 (46 U.S.C. 814) and section 22 (46 U.S.C. 821) of the Shipping Act, 1916, a proceeding is hereby instituted to determine whether or not Agreements Nos. 8210–29 and 9214–19 shall be approved, disapproved, or modified under the provisions of that section.

It is further ordered, That the conferences, member lines and those non-conference lines listed in Appendix A to this Order be named proponents in this proceeding; and that the parties listed in Appendix B to this Order be named protestants in this proceeding.

It is further ordered, That in accordance with the Rules of Practice and Procedure of this Commission (46 CFR 502.42), Hearing Counsel shall be a party to this proceeding.

It is further ordered, That this proceeding be referred for public hearing before an Administrative Law Judge of the Commission's Office of Administrative Law Judges and that the hearing be held at a date and place to be determined and announced by the Presiding Administrative Law Judge.

It is further ordered, That the hearing shall include oral testimony and cross-examination in the discretion of the Presiding Officer only upon a proper showing that there are genuine issues of material fact that cannot be resolved on the basis of sworn statements, affidavits, depositions, or other documents or that the nature of the matters in issue is such that an oral hearing and cross-examination are necessary for the development of an adequate record.

It is further ordered, That this Order be published in the FEDERAL REGISTER.

It is further ordered, That all persons (including individuals, corporations, associations, firms, partnerships and public bodies) desiring to intervene in this proceeding shall notify the Secretary of the Commission immediately; shall file a petition in accordance with the rules of practice and procedure of this Commission (46 CFR 502.72) seeking leave to intervene; and shall serve notice of such petition upon the Commission's Hear-

COORDINATED CARIBBEAN TRANSPORT, INC. AND MARINA MERCANTE NICARAGUENZA, S.A.

Agreement Filed

Notice is hereby given that the following agreement has been filed with the Commission for approval pursuant to section 15 of the Shipping Act, 1916, as amended (39 Stat. 733, 75 Stat. 763, 46 U.S.C. 814).

Interested parties may inspect and obtain a copy of the agreement at the Washington office of the Federal Maritime Commission, 1100 L Street, NW., Room 10126; or may inspect the agreement at the Field Offices located at New York, N.Y., New Orleans, Louisiana, San Francisco, California and San Juan, Puerto Rico. Comments on such agreements, including requests for hearing, may be submitted to the Secretary, Federal Maritime Commission, Washington, D.C. 20573, or or before April 27, 1977. Any person desiring a hearing on the proposed agreement shall provide a clear and concise statement of the matters upon which they deisre to adduce evidence. An allegation of discrimination or unfairness shall be accompanied by a statement describing the discrimination or unfairness with particularity. If a violation of the Act or detriment to the commerce of the United States is alleged, the statement shall set forth with particularity the acts and circumstances said to constitute such violation or detriment to commerce.

A copy of any such statement should also be forwarded to the party filing the agreement (as indicated hereinafter) and the statement should indicate that this has been done.

Notice of agreement filed by:

James N. Jacobi, Esq., Kurrus and Ash, 1055 Thomas Jefferson Street, N.W., Washington, D.C. 20007.

Agreement 10290 has been filed with the Commission for approval under Section 15 of the Shipping Act, 1916 by Coordinated Caribbean Transport, Inc. and Marina Mercante Nicaraguensa, S.A., both of whom profess to be common carriers by water between ports of Florida and Nicaragua, including inland points of each place. The purpose of Agreement 10290 is, essentially, to permit both to discuss and agree upon the "rates, charges, classifications, practices, and tariff matters appropriate and conformable with law" to be observed by them with respect to the transporatation of goods between Florida and Nicaragua, subject to the right of independent action by either upon forty-eight hours advance notice, one to the other.

By order of the Federal Maritime Commission.

Dated: April 4, 1977.

JOSEPH C. POLKING,
Acting Secretary.

[Docket No. 77-5]

JOHNSON SCANSTAR COMBINED SERVICES, ET AL.

Order of Investigation and Hearing and Order of Approval of Agreement No. 9973-3 Pendente Lite

This proceeding is instituted to determine whether Article 1 of Agreement No. 9973-3 and Article 1 of Agreement No. 9863, both authorizing the parties thereto to have separate votes in conferences and other agreements should be approved or modified pursuant to Section 15.

Agreement No. 9973 is the organic Agreement of the Johnson Scanstar Combined Service (JSS) among Bluestar Line, Ltd., East Asiatic Company, Ltd., and Johnson Line. It operates between U.S. Pacific Coast ports including Alaska and Hawaii and ports in the United Kingdom, Republic of Ireland and the European Continent including Scandinavia and Finland but excluding Mediterranean ports. JSS has intermodal authority in Europe.

Agreement No. 9863 is the organic agreement of the Bluestar Line/EAC Joint Service which operated for a time as Scanstar. It serves the trade between the U.S. Pacific Coast and the United Kingdom, Republic of Ireland and the North European Continent, including Scandinavia and Finland. As the name implies its membership consists of two of the three members of JSS and, as far as can be determined, conducts little or no operations apart from its involvement in JSS.

Agreement No. 9973-3, as originally filed on October 20, 1976, extended the term of the basic agreement through December 31, 1981, and restated the basic agreement incorporating previously approved amendments authorizing the service to charter additional containerships or container slots to meet peak seasonal shipper demands.

Notice of Agreement No. 9973-3 was published in the FEDERAL REGISTER on November 5, 1976. Protests were received from United States Lines, Inc. (USL) and Sea-Land Service, Inc. (Sea-Land).

USL objected to the lack of specific vessel and capacity limitations within the agreement to reflect the limitations imposed on the service at various times by the Commission and the right of JSS to make "pre-approved" charters to meet seasonal demand unless it would first be shown in each case that shippers could not obtain needed space from other carriers serving the trade, including USL. It also felt that a five year extension of the agreement could not be justified given the unsettled conditions in the trade. USL also objected to the provisions of Article I of Agreement No. 9973, allowing the parties to vote as individuals in the conferences in the trade to which they belong.

Sea-Land questioned the need for "seasonal" charters of additional capacity when there had been a sharp increase in competition within the trade; whether unlimited authority for vessel or slot charters was in the public interest; and whether five years was not too long a time to extend the agreement.

After discussion with the protestants, the parties achieved the following compromises:

A. Article 3 of the agreement was modified to state specifically that charters made to meet seasonal demand would be limited to 400 TEU's on any one vovage and 1600 TEU's in any calendar year. All such charters are to be reported to the Commission within 14 days of fixture;

B. Article 12 of the agreement was modified to change the expiration date to March 30, 1980 in lieu of the original date of December 31, 1981.

The above changes were accomplished by a refiling of the pertinent pages of the agreement.

No compromise was achieved with respect to individual voting in conferences. The parties to JSS attempted to dispose of this objection by claiming that USL lacked standing in this matter since it was no longer a conference member and could not be affected. However, it has been stated that this multiple voting situation was one important reason for USL's withdrawal in the first place and could well be inhibiting its return. In addition, Sea-Land, in reporting its satisfaction with the changes agreed to, also advised that it supported the position of USL with respect to individual voting in conferences and that it was still a conference member. In addition, this same issue has been raised as an issue in "Docket No. 77-4, Agreements Nos. 9902-3, 9902-4, 9902-5, and 9902-6 (Modification of Euro-Pacific Joint Service Agreement)" served March 21, 1977.

There are two questions which need our consideration. First, whether the agreement continues to be in the public interest by meeting a serious transportation need and/or conferring important public benefits. Second, whether the provision for individual voting rights within conferences is violative of any of the provisions of Section 15 of the Act.

In consideration of the first question after examination of the statements alleged by the parties in sworn affidavits and of data developed by the Commission staff, we have concluded that the continued existence of JSS as modified is in the public interest because:

1. The parties offer a high-quality containership service which allows shippers to make delivery commitments based on confidence of future service and to reduce inventory carrying costs on both sides of the Atlantic;
2. That the participation of the parties in a lower-risk, cooperative service is preferable to their absence from the trade or their individual participation with a probable overtonnaging of the trade as a result;
3. That JSS's position as one of the largest operations in the trade has enabled it to better withstand the increased competition of minibridge operators and tramp operators, but has not in itself been a source of unfair competition to other carriers in the trade.

The second question, that of multiple votes in conferences, has been considered by the Commission in "Docket No. 71-80 Maritime Fruit Carriers Co., Ltd., and Refrigerated Express Lines (A/ASIA) Pty, Ltd.," served May 8, 1972. In that proceeding, we refrained from pronouncing any rule of general application and observed with respect to voting:

> Clearly in the vast majority of cases the approvability of an agreement will depend upon the operational impact of the joint service or cooperative arrangement on the conference operating in the trade involved.

In the instant case, USL has alleged that bloc voting by JSS and Euro-Pacific was an important factor in its decision to leave the conference. It is, therefore, necessary to conduct a hearing for the purpose of determining the impact of the voting arrangements on the conferences involved.

Given the desirability of the service offered by the parties and given the need to determine with particularity the approvability of JSS's present voting arrangements, we shall approve Agreement No. 9973-3 pendente lite a hearing whose purpose shall be to determine the approvability of JSS's conference voting provisions.

Agreement No. 9863 (Scanstar) has similar voting provisions and is still in effect between two of the three members of JSS. Since Scanstar appears to conduct little or no operations apart from JSS, it is necessary that Scanstar's voting procedures also be made subject to the same investigation.

Like Euro-Pacific, the multiple voting arrangement of JSS has remained in effect for some years. We, therefore, see no overwhelming reason for discontinuing the arrangement with respect to JSS while its approvability is determined. Hence, we shall approve the entire agreement pendente lite.

Therefore, it is ordered, That, Pursuant to Section 15 of the Shipping Act, 1916, an investigation and hearing is hereby commenced in order to determine whether the separate voting provisions of Agreements Nos. 9973-3 and 9863 are unjustly discriminatory or unfair as between carriers, shippers, exporters, importers, or ports, or between exporters from the United States and their foreign competitors, or to operate to the detriment of the commerce of the United States, or to be contrary to the public interest, or to be in violation of the Shipping Act, 1916.

It is further ordered, That Blue Star Line, Ltd., East Asiatic Co., Ltd., and Johnson Line are hereby made proponents in this proceeding.

It is further ordered, That United States Lines, Inc. and Sea-Land Service, Inc., are hereby made the protestants in this proceeding.

It is further ordered, That this proceeding shall be limited to the submission of affidavits of fact and memoranda of law, replies thereto, and oral argument, if requested and/or deemed necessary by the Commission. Should any party feel that an evidentiary hearing is required, that party must accompany any request for such hearing with a statement setting forth in detail the facts to be proven, their relevance to the issues in this proceeding and why such proof cannot be submitted through affidavit. Requests for hearing shall be filed on or before May 1, 1977. Affidavits of fact and memoranda of law shall be filed by proponents and served upon all parties no later than the close of business May 1, 1977. Reply affidavits and memoranda shall be filed by the Commission's Bureau of Hearing Counsel, protestants and intervenors, if any, no later than close of business May 31, 1977. Oral arguments will be scheduled at a later date if requested and/or deemed necessary by the Commission.

It is further ordered, That a notice of the Order be published in the FEDERAL REGISTER and that a copy thereof be served upon proponents and protestants as listed in the Appendix hereto.

It is further ordered, That persons other than those already parties to this proceeding who desire to become parties to this proceeding and to participate therein shall file a petition to intervene pursuant to Rule 5(1) of the Commission's rules of practice and procedure (46 CFR 502.72) no later than the close of business on April 20, 1977.

It is further ordered, That all documents submitted by any party of record in this proceeding shall be directed to the Secretary, Federal Maritime Commission, Washington, D.C. 20573 in an original and 15 copies as well as being mailed directly to all parties of record.

By the Commission.

JOSEPH C. POLKING,
Acting Secretary.

MEDITERRANEAN ASSOCIATED CONFERENCES

Agreement Filed

Notice is hereby given that the following agreement has been filed with the Commission for approval pursuant to section 15 of the Shipping Act, 1916, as amended (39 Stat. 733, 75 Stat. 763, 46 U.S.C. 814).

Interested parties may inspect and obtain a copy of the agreement at the Washington office of the Federal Maritime Commission, 1100 L Street, NW., Room 10126; or may inspect the agreement at the Field Offices located at New York, N.Y., New Orleans, Louisiana, San Francisco, California and San Juan, Puerto Rico. Comments on such agreements, including requests for hearing, may be submitted to the Secretary, Federal Maritime Commission, Washington, D.C., 20573, on or before April 27, 1977. Any person desiring a hearing on the proposed agreement shall provide a clear and concise statement of the matters upon which they desire to adduce evidence. An allegation of discrimination or unfairness shall be accompanied by a statement describing the discrimination or unfairness with particularity. If a violation of the Act or detriment to the commerce of the United States is alleged, the statement shall set forth with particularity the acts and circumstances said to constitute such violation or detriment to commerce.

A copy of any such statement should also be forwarded to the party filing the agreement (as indicated hereinafter) and the statement should indicate that this has been done.

V 42 67 APR 7 77 UMI

Notice of agreement filed by:

Stanley O. Sher, Esquire, Billig, Sher & Jones, P. C., Suite 300, 2033 K Street NW., Washington, D.C. 20006.

Agreement No. 9976–2, among the parties of the above-named agreement, amends the basic agreement by adding a new Article 1A to provide that the conferences may establish and maintain common self-policing and cargo inspection systems and may agree on and appoint a common entity or entities to provide them with policing and cargo inspection services. Each conference reserves its right of independent action and shall make any and all of its decisions in accordance with its own conference agreement.

Dated: April 1, 1977.

By order of the Federal Maritime Commission.

JOSEPH C. POLKING,
Acting Secretary.

FEDERAL POWER COMMISSION

[Doc. No. G–3072, et al.]

EXXON CORP.

Applications for Certificates, Abandonment of Service and Petitions To Amend Certificates [1]

MARCH 30, 1977.

Take notice that each of the Applicants listed herein has filed an application or petition pursuant to Section 7 of the Natural Gas Act for authorization to sell natural gas in interstate commerce or to abandon service as described herein, all as more fully described in the respective applications and amendments which are on file with the Commission and open to public inspection.

Any person desiring to be heard or to make any protest with reference to said applications should on or before April 25, 1977, file with the Federal Power Commission, Washington, D.C. 20426, petitions to intervene or protests in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 1.8 or 1.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Persons wishing to become parties to a proceeding or to participate as a party in any hearing therein must file petitions to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by Sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure a hearing will be held without further notice before the Commission on all applications in which no petition to intervene is filed within the time required herein if the Commission on its own review of the matter believes that a grant of the certificates or the authorization for the proposed abandonment is required by the public convenience and necessity. Where a petition for leave to intervene is timely filed, or where the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicants to appear or to be represented at the hearing.

KENNETH F. PLUMB,
Secretary.

[Doc. No. ER77–215]

OKLAHOMA GAS & ELECTRIC CO.

Order Accepting for Filing and Suspending Proposed Rate Schedules, Granting Intervention, Consolidating Proceedings and Establishing Procedures

MARCH 30, 1977.

On February 28, 1977, Oklahoma Gas and Electric Company (OG&E) submitted for filing Electric Service Agreements for the Cities of Tecumseh and Wynnewood and the Towns of Manchester and Orlando, Oklahoma. These service agreements are intended to supersede existing individual rate schedules and were requested to be made effective on various dates in April 1977, consistent with the expiration of each of the respective agreements (see Attachment for designations, dates, etc.).

The proposed rates were previously filed in tariff format in Docket No. ER 77–127 on December 27, 1976. The Commission, by order issued January 26, 1977, accepted the tariff for filing and suspended its effectiveness for two months until April 1, 1977. OG&E in its earlier December 27 submittal stated that inasmuch as its agreements with its 21 municipal customers terminate at various terms during the period March 17, 1977, through April 18, 2000, it would file, as each individual contract expired, a service agreement to the ER77–127 tariff for continued service for each of the terminated contracts. The instant submittals accomplish that purpose for the four towns. The agreements with Orlando and Manchester are executed; the agreements for Tecumseh and Wynnewood are not.

OG&E's filing was noticed on March 4, 1977, with protests and petitions to intervene due March 24, 1977. A Protest, Petition to Intervene, Motion to Reject Rate Filing, and Motion to Consolidate was filed by the Cities of Tecumseh and Wynnewood, Oklahoma (Cities).

The Cities contend that OG&E's submittal cannot be accepted for filing in Docket No. ER77–215 pursuant to Section 205 of the Federal Power Act. They maintain that proceedings may only be initiated as to the Cities pursuant to Section 206 of the Act. The Cities state that §§ 35.3(a) and 35.13(b)(4)(iii) of the Commission's Regulations preclude OG&E from proceeding under both Sections 205 and 206 of the Federal Power Act simultaneously. The Cities request that OG&E's filing be rejected. Alternatively, the Cities request that OG&E's filing be suspended for five months and that the rates should be collected subject to refund. Cities maintain that the maximum suspension is required because early implementation of OG&E's rate increase will impose a "price squeeze" upon wholesale customers. In addition, Cities state that since OG&E has only furnished Cost of Service Data in Docket No. ER77–127, and the issues in this proceeding and in Docket No. ER77–127 are nearly identical, Docket No. ER77–215 should be consolidated with Docket No. ER77–127.

On March 25, 1977, OG&E filed an answer to the Cities petition. OG&E does not oppose the intervention on the Cities in this proceeding, and agrees that this Docket should be consolidated with Docket No. ER77–127.

OG&E states that it is seeking a hearing under Section 205 of the Act for those customers whose contracts have expired and for whom Electric Service Agreements have been filed in this docket (Tecumseh, Wynnewood, Manchester, and Orlando). OG&E also contends that a simultaneous hearing under Section 206 should be held for its remaining customers. OG&E acknowledges that hearings under Sections 205 and 206 would be held simultaneously, but only for different customers.

The filings in this docket have been submitted as rate schedule changes pursuant to Section 205 of the Act to replace the Cities' expired contracts. In Docket No. ER77–127, OG&E requested an effective date for its filing as of the earlier time when either (1) approval is granted for a rate increase to the other 15 municipalities or (2) when the contract has been terminated for each municipality. Applicable to the Cities of Manchester, Orlando, Pond Creek, Prague, Tecumseh and Wynnewood, Oklahoma. Accordingly, the lawfulness of those filings will be judged under Section 205 criteria.

Tecumseh's contract expired by its own terms March 7, 1977, and Wynnewood's contract will expire on April 3, 1977. The contracts for Manchester and Orlando terminate on March 29, 1977, and April 17, 1977, respectively. Since OG&E's filing purports to supersede a rate schedule on file with this Commission, and the underlying contracts have expired, a hearing on those filings should be held under Section 205 of the Act.

The Cities' motion to reject OG&E's filing should be denied. OG&E's filing, with respect to the affected Cities in this docket, is consistent with the Commission's Regulations. The City of Manchester's contract, the longest term contract of the Cities in this docket, expires on April 17, 1977. There is no prohibition against OG&E's filing. The Cities have not presented any facts or principles of law which would warrant rejection of OG&E's filing.

The Cities request for a five month suspension period should also be denied. After careful consideration, the Commission will order a one day suspension of the subject filings.

The Cities and OG&E's request that Docket Nos. ER77–127 and ER77–215 be consolidated will be granted. The issues in this docket and Docket No. ER77–127 are substantially the same and such consolidation will avoid needless duplication of effort and permit a more prompt resolution of these issues.

Review of OG&E's proposed rates indicates that they have not been shown to be just and reasonable and may be unjust, unreasonable, unduly discriminatory, preferential or otherwise unlawful. The Commission will therefore accept for filing and suspend OG&E's service agreements for Manchester, Orlando,

V42167APR77 UMI

Tecumseh, and Wynnewood, Oklahoma as hereinafter ordered.

The Commission finds: (1) Good cause exists to accept for filing OG&E's proposed rates tendered for filing on February 28, 1977, and suspend those rates for one day to become effective in the manner reflected in the Attachment subject to refund, pending the outcome of a hearing and decision thereon.

(2) The participation in the proceeding of the Cities of Tecumseh and Wynnewood, Oklahoma may be in the public interest.

(3) Good cause exists to consolidate Docket Nos. ER77-215 and ER77-127 for the purposes of a hearing and decision thereon.

(4) Good cause exists to deny Cities request for rejection of OG&E's filing.

The Commission orders: (A) Pending a hearing and decision thereon, OG&E's proposed Service Agreements are hereby accepted for filing and suspended for one day, to become effective in the manner reflected in the Attachment, subject to refund.

(B) Pursuant to the Federal Power Act especially Sections 205 and 206 thereof, the Commission's Rules of Practice and Procedure, and the Commission's Regulations, a hearing shall be held concerning the justness and reasonableness of OG&E's proposed rates.

(C) The Cities of Tecumseh and Wynnewood, Oklahoma are hereby permitted to intervene in this proceeding subject to the rules and regulations of the Commission; *Provided, however,* That participation of such intervenors shall be limited to matters affecting asserted rights to intervene and *Provided, further,* That the admission of such intervenors shall not be construed as recognition by the Commission that they might be aggrieved because of any order issued by the Commission in this proceeding.

(D) Docket No. ER77-215 is hereby consolidated with Docket No. ER77-127 for purposes of a hearing and decision.

(E) The Cities request for rejection of OG&E's filing is hereby denied.

(F) The Secretary shall cause prompt publication of this order to be made in the FEDERAL REGISTER.

By the Commission.

KENNETH F. PLUMB,
Secretary.

OKLAHOMA GAS AND ELECTRIC COMPANY

DESIGNATIONS

Dated: (1) and (3) Undated; (2) February 22, 1977; (4) February 21, 1977.
Filed: February 28, 1977.

[Doc. No. E-9584]

CITY OF SANTA BARBARA, CALIF.

Declaration of Intention

MARCH 30, 1977.

Public notice is hereby given that a Declaration of Intention was filed on February 10, 1977, under the Federal Power Act, 16 U.S.C. 791a–825r, by the City of Santa Barbara, California (Applicant) (Correspondence to: Mr. Robert W. Puddicombe, Public Works Director, City of Santa Barbara, P.O. Box 33, Santa Barbara, California 93102) for a proposed hydroelectric facility in the County of Santa Barbara, in or near the City of Santa Barbara, California.

Applicant proposes to build a power plant with an installed capacity of less than 2,000 horsepower utilizing water to be conveyed primarily for its water supply system. The power plant would be located on Applicant's land at the lower end of a proposed raw water supply line which would carry water from Applicant's Mission Tunnel to its enlarged Carter Treatment Plant or to the Bureau of Reclamation's Lauro Reservoir.

The power produced by the project would be used by Applicant or exchanged with or sold to Southern California Edison.

Any person desiring to be heard or to make any protest with reference to said application should on or before May 16, 1977, file with the Federal Power Commission, 825 North Capitol Street NE., Washington, D.C. 20426, a petition to intervene or protest in accordance with the requirements of the Commission's Rules of Practice and Procedure, 18 C.F.R. 1.8 or 1.10 (1976). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken, but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party in any hearing therein must file a petition to intervene in accordance with the Commission's Rules. The declaration of intention is on file with the Commission and is available for public inspection.

KENNETH F. PLUMB,
Secretary.

Secretary.

[FR Doc.77-10282 Filed 4-6-77;8:45 am]

[Doc. No. CP77-183]

COLUMBIA GAS TRANSMISSION CORP.

Application

APRIL 1, 1977.

Take notice that on March 23, 1977, Columbia Gas Transmission Corporation (Applicant), 1700 MacCorkle Avenue, S.E., Charleston, West Virginia 25314, filed in Docket No. CP77-183 an application pursuant to Section 7(c) of the Natural Gas Act and § 2.79 of the Commission's General Policy and Interpretations (18 CFR 2.79) for a certificate of public convenience and necessity authorizing the transportation of natural gas for 60 days for the Board of Education of upper Arlington City School District (Board), all as more fully set forth in the application which is on file with the Commission and open to public inspection.

Applicant proposes to transport up to 125 Mcf of natural gas on an average day for 60 consecutive days for the account of Board from a mutually agreeable point of receipt in Muskingum County, Ohio from Benatty Corporation (Benatty), for redelivery to Columbia Gas of Ohio, Inc. (Columbia Ohio), a wholesale customer of Applicant, at existing points of delivery in Franklin County, Ohio.

Applicant states that Columbia, Ohio indicated that Boards curtailment for February and March would be 629 Mcf of natural gas per day and that Board's total end use requirements for this 2-month period would be approximatley 600 Mcf of natural gas per day. Applicant asserts that Board needs the propose transportation services in order to maintain temperatures at sufficient protective levels in its schools and to maintain the integrity of the schools.

Applicant states that its transportation service provided for the account of Board commenced on February 19, 1977, pursuant to the temporary authorization granted by the Commission on February 4, 1977 in the instant docket. Applicant further states that it would transport up to 125 Mcf of natural gas on an average day and deliver said volumes to Columbia, Ohio which would make the gas available to Board through existing distribution facilities.

It is stated that Benatty has contracted to sell to Board all of the gas produced from its well, Vernon 76C, located in Adams Township, Muskingum County, Ohio, for sixty days, and that the purchase price to the gas is $2.00 per Mcf at the wellhead. Board is also responsible for the purchases and installation of all facilities needed to deliver the gas to Applicant's lines which amount is estimated to be approximately $3,500, it is said.

Applicant indicates that its transportation charge for the proposed service would be its average system-wide unit storage and transmission costs exclusive of company-use and unaccounted-for gas, which is 22.21 cents per Mcf, and that it would retain for company-use and unaccounted-for gas a percentage of the total volumes received for the account of Board which percentage is currenty 3.1 percent.

Applicant states that the proposed transportation gas would supply the curtailed volumes of gas which Board is experiencing in it Priority 2 uses.

Any person desiring to be heard or to make any protest with reference to said application should on or before April 14, 1977, file with the Federal Power Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedures (18 CFR 1.8 or 1.10) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by Sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission on this application if no petition to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a petition for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

KENNETH F. PLUMB,
Secretary.

[FR Doc.77-10294 Filed 4-6-77;8:45 am]

[Doc. No. CP73-206]

CONSOLIDATED GAS SUPPLY CORP.

Petition

MARCH 29, 1977.

Take notice that on March 11, 1977, Consolidated Gas Supply Corporation (Petitioner), 445 West Main Street, Clarksburg, West Virginia 26301, filed in Docket No. CP73-206 a petition, as supplemented March 22, 1977, to amend the Commission's orders issued October 22 and December 9, 1975, in said docket pursuant to Section 7(c) of the Natural Gas Act by authorizing an extension of time to redeliver gas from storage under Petitioner's 1975–1976–1977 storage service program authorized by said orders, all as more fully set forth in the petition to amend, as supplemented, which is on file with the Commission and open to public inspection.

The authorized storage service was for a period to expire March 31, 1977, and Petitioner requests that the March 31, 1977, date be extended so that the expiration date for each of its eleven storage customers be terminated two years after the respective dates of initiation in May, June, and August, 1975.

It is indicated that during the past winter period it was not anticipated by Petitioner that the instant request beyond March 31, 1977, would be required; however, Petitioner states that the warm weather experienced in recent weeks and other developments affecting gas markets and supplies have reduced the need to withdraw this gas from storage.

Any person desiring to be heard or to make any protest with reference to said petition to amend should on or before April 11, 1977, file with the Federal Power Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 1.8 or 1.10) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's Rules.

[Doc. Nos. CP75-96, et al.; Doc. No. RM77-6; Order No. 558-F]

EL PASO ALASKA CO., ET AL.

Order Revising Order Setting Oral Argument

MARCH 31, 1977.

On March 17, 1977, the Federal Power Commission issued Order No. 558-D, setting oral argument in these proceedings for April 4 through 8. The Commission ordered that requests for time for such

V42 67 APR 7 77 UMI

oral argument should be filed with the Commission on or before March 24, 1977.

By that date, some fifteen parties had filed requests for time to address one or more of the issues outlined in the Commission's order. In addition, El Paso Alaska Company filed on March 24 a motion urging the Commission to withdraw Order 558–D, as well as Orders 558–C and 558–E.

These latter two orders provided for the submission of additional information by March 22, and allowing responses to that information by March 30 (later extended to April 8). Order 558–E allows interrogatories concerning the information to be served until 10 A.M., March 28, with answers due by 10 A.M., April 4. El Paso disapproves of these latter proceedings stating that the Commission "must pick a cut-off date", and that "the record must at some point in time become static".

The Commission declines to alter these two opinions. Under the Alaska Natural Gas Transportation Act, Section 5(b)(1), the Commission is required to consider not only the developed record, but other reasonable alternatives as well.

It is certainly open to El Paso or to any other party to argue that the newly submitted data should be disregarded in whole or in part, once submitted. Also, the alleged inadequacy of the testing and cross-examination of these proposals may be urged as a reason for disapproving them. Such arguments would, of course, be considered by the Commission and accorded weight commensurate with their merits.

Given that this additional material should be addressed, the Commission holds that the basic outlines of our original hearing schedule must be adhered to, if the Commission is to render its statutorily required decision by May 1. El Paso makes a number of specific attacks on the Commission's oral argument schedule, which are discussed below.

1. El Paso states that the segment on financing and tariffs must be allocated more than two hours for argument. This is correct, and an erratum issued March 24, 1977, indicated that the allocation of time for that issue should have been four hours. In the final schedule issued herewith, all requests for time on this section have been honored in full, amounting to three hours and fifty minutes.

2. El Paso contends that distribution in the lower 48 states is "not a matter of partisan dispute" and "does not require oral argument." Over three hours of time were requested on this topic by parties of quite differing persuasions, so that we believe this issue should be argued. We have reduced considerably the time request in this segment, both to fit the time available, and because the times requested generally seemed excessive for the issue involved.

3. El Paso argues generally that oral argument cannot be meaningful when some materials still may be filed up until 5 P.M., April 8, after the conclusion of the argument. We would note, however, that essentially all new data was filed as of March 22. Additional information will be filed before oral argument begins on April 4, in response to previous interrogatories. Obviously, all parties will be aware of the contents of their own answers in advance. And since each party has structured its own interrogatories, each one should be in a position to assimilate very quickly the responses received. The "response material" that may be filed up until April 8 should be primarily exposition and argumentation of the type which will be presented in the oral argument in any event. We therefore hold that adherence to the current oral argument schedule will not significantly detract from its usefulness, and is required by scheduling considerations.

4. El Paso makes additional arguments as to the timing and arrangements of the oral argument. In the schedule we issued today, all parties who have asked to speak have been accommodated within the time limits set out. With only a few exceptions, primarily concerning the Western Leg and Gas Supply issues, the parties have been allocated the full amount of time they requested. The Commission finds no possible unfairness to any party in adhering to the schedule herewith promulgated.

Finally, concluding arguments will not be postponed at least one week. If the Commission is to have time to consider adequately its own decision, such a delay cannot be permitted.

The Commission orders: (A) The motion for withdrawal of Orders 558–C and 558–E is denied.

(B) The Commission's Order No. 558–D, setting oral argument, is revised to the extent set forth in the attached schedule, and is ordered to take place as scheduled.

By the Commission.

KENNETH F. PLUMB,
Secretary.

EL PASO EASTERN CO. AND EL PASO NATURAL GAS CO.

Supplement and Amendments; Correction

MARCH 24, 1977.

In the matter of supplement and amendments issued March 9, 1977 and published in the FEDERAL REGISTER on March 16, 1977, 42 FR 14776, 3d paragraph of the document, line 20: Change "$3.23 per million Btu" to "3.23 per Mcf".

KENNETH F. PLUMB,
Secretary.

[FR Doc.77–10279 Filed 4–6–77;8:45 am]

[Docket No. RP72–155 (PGA77–2)]

EL PASO NATURAL GAS CO.

Pipeline Rates; Order Accepting for Filing and Suspending Proposed PGA Rate Increases

MARCH 31, 1977.

On February 25, 1977, El Paso Natural Gas Company (El Paso) tendered for filing proposed increases for services rendered under rate schedules affected by and subject to Article 19, Purchased Gas Adjustment Provision (PGA), of its FPC Gas Tariff, Original Volume No. 1, Third Revised Volume No. 2 and Original Volume No. 2A, and under rate schedules affected by and subject to the PGA—Clean High Pressure Gas Provision (PGA–CHPG) of El Paso's FPC Gas Tariff, Original Volume No. 2A.[1] For the PGA portion of the filing, the proposed increases are $65,000,730 in net annual purchased gas costs and $32,196,669 in net jurisdictional unrecovered purchased gas costs. For the PGA–CHPG portion of the filing, the increases are $263,434 in the weighted average cost of clean high pressure pipeline quality purchased gas and $62,372 in net unrecovered purchased gas costs. For the reasons stated, the Commission shall accept the proposed tariff sheets for filing and suspend their operation for one day. In addition, the Commission shall grant the petitions to intervene filed.

The PGA portion of the increase includes an average gas cost adjustment of 5.69¢ per Mcf for the above-mentioned increase in purchased gas costs based on total annual interstate sales volumes for the twelve months ended December 31, 1976, of 1,142,101,784 Mcf. According to El Paso, this increase is due to producer-supplier rate increases permitted by contractual escalation provisions which will be effective on April 1, 1977; producer-supplier rate increases filed pursuant to Opinion No. 770, as modified by Opinion No. 770–A, which are effective on January 1, 1977, and April 1, 1977; increases attributable to certain reversionary interest owners; and, emergency purchases and rate changes for producer-suppliers holding small producer status. The proposed surcharge adjustment for the PGA portion relates to the balance as of December 31, 1976, in El Paso's Account 191, Unrecovered Purchased Gas Cost, which amounts to $49,217,474. Of this total, El Paso states that it recovered $17,020,805 through its special Opinion No. 770–A surcharge and, therefore, deducted this amount from the total in Account 191, leaving a net of $32,196,669 in unrecovered purchased gas costs. Based on sales volumes for the six months ended December 31, 1976 of 525,426,267 Mcf, the proposed increase is 6.13¢ per Mcf. Thus, the total amount of El Paso's proposed current adjustment is 11.82¢. From the current adjustment, El Paso deducted 4.00¢ per Mcf for its August 23, 1976, surcharge adjustment which was effective December 1, 1976. This deduction leaves a net increase under this filing of 7.82¢ per Mcf for the PGA portion.

The increases in PGA–CHPG portion relate primarily to the same factors discussed above. The proposed change in these rates was based upon the weighted average cost of clean, high-pressure gas as determined under Section 6(A) of the PGA–CHPG on the basis of the applicable producer-supplier rates to be effective on or before April 1, 1977. The proposed increase for the purchased gas costs is 10.2844c per Mcf. The net surcharge adjustment for clean high pressure gas sale rates under this proposal is 10.8888c per Mcf. The total amount of the surcharge under the PGA–CHPG is 21.1732c per Mcf from which El Paso deducted 4.4913c per Mcf for the surcharge adjustment effective December 1, 1976. Thus, the net increase to the PGA–CHPG sales rates under the proposed filing is 16.6819c per Mcf.

Included as part of the increases in this filing are amounts which El Paso states are subject to refund from its payment to certain reversionary interest holders for purchases made pursuant to Opinion No. 737–B, Docket No. CP75–209 and Docket No. CI75–594 (issued December 18, 1975). Under the PGA portion of this filing $6,861,513 is attributed to the claimed amount subject to refund for purchased gas costs paid to the reversionary interest holders; for the surcharge related to the PGA portion the amount claimed for refunds for purchases from the reversionary interest holders is $2,762,679. For the PGA–CHPG, the amount of claimed refunds related to purchases from reversionary interest holders is $506,640; for the surcharge under the PGA–CHPG, the amount of claimed refunds related to purchases from reversionary interest holders is $40,679.

The Commission held in Opinion No. 737, Docket No. CP75–209 and Docket No. CI75–594 (issued July 11, 1975), that the reversionary interest holders of certain leases were subject to the dedication of natural gas to the interstate market by the leaseholders, and that the reversionary interest holders could not sell gas from the leases on the intrastate market without obtaining abandonment approval under Section 7(b) of the Natural Gas Act. In Opinion No. 737–B, issues December 18, 1975, the Commission ruled that the reversionary interest holders during the "period of the Commission and Court stay (of Opinion No. 737) • • • (are) not required to make rate schedule or certificate filings with respect to sales" from their interests. In *Southland Royalty Co. et al.* vs. *FPC*, 543 F.2d 1134 (5th Cir. 1976), the Court ruled that gas sales by the reversionary interest holders were not dedicated to the interstate market as a result of the actions of the prior interest holder or from the acceptance of royalties by the reversionary interest holders during the prior lease. The Commission intends to file a petition for writ of certiorari of this decision shortly.

Public notice of El Paso's proposed tariff changes was issued on March 10, 1977, with comments, protests or petitions to intervene due on or before March 25, 1977. Timely petitions to intervene were filed by Salt River Project Agricultural Improvement and Power District (Salt River) on March 25, 1977; San Diego Gas & Electric Company (San Diego) on March 25, 1977; and, Southern California Gas Company (SoCal) on March 25, 1977. Each of the petitions states that the petitioner will be affected directly by the proposed increase and that its interest cannot be represented adequately by any other party. The Commission finds that good cause exists to grant the petition to intervene of each of the petitioners.

The Commission's review of the amounts relating to purchases from the reversionary interest holders indicates that they have not been shown to be just and, therefore, they may be unjust, un-

[1] The proposed revised tariff sheets are: (a) Original Volume No. 1—First Substitute Nineteenth Revised Sheet No. 3–B; (b) Third Revised Volume No. 2—First Substitute Ninth Revised Sheet No. 1–D; (c) Original Volume No. 2A—First Substitute Eleventh Revised Sheet No. 1–C and Seventh Revised Sheet No. 1–D.

V 42 67 APR 7 77 UMI

reasonable, unduly discriminatory or preferential, or otherwise unlawful. The Commission believes that the proposed tariff sheets should be accepted for filing and their operation suspended for one day. In view of the present status of this issue, the Commission believes it is appropriate to defer any additional procedures on these amounts until the question is resolved by a final Court decision.

El Paso included in its filing a table showing that certain emergency purchases were made at prices higher than the applicable area or national rates. Nevertheless, the prices paid for these emergency purchases were equal to the rates allowed by Opinion No. 770–A, as adjusted. The Commission finds that emergency purchases made at the rates allowed by Opinion No. 770–A, even though these rates may be higher than the otherwise applicable area or national rate for that gas, are reasonable and, therefore, should be approved.

The Commission orders: (A) El Paso's proposed tariff sheets listed herein are hereby accepted for filing and the use thereof suspended for one day, that is, until April 2, 1977, at which time they shall be permitted to become effective, subject to refund, pending further Commission action consistent with this order.

(B) El Paso shall be permitted to file a revised PGA rate increase to be effective April 1, 1977, which excludes the amounts for gas purchases paid to reversionary interest holders in excess of similar amounts paid to prior owners for gas purchases.

(C) Pursuant to Section 3.5(a)(30) of the Commission's General Rules, as promulgated by Order No. 557 (issued December 10, 1976), the named petitioners are hereby permitted to intervene in the captioned proceeding subject to the Rules and Regulations of the Commission; *Provided, however,* That participation of the intervenors shall be limited to the matters affecting asserted rights and interests specifically set forth in the petitions to intervene; and, *Provided, further,* That the admission of such intervenors shall not be construed as recognition by the Commission that they might be aggrieved by any order entered in this proceeding.

(D) The Secretary shall cause prompt publication of this order to be made in the FEDERAL REGISTER.

By the Commission.

KENNETH F. PLUMB,
Secretary.

[Docket No. CI77–273]

GULF OIL CORP.

Extension of Time

MARCH 29, 1977.

On March 16, 1977, Gulf Oil Corporation filed a motion for an extension of time to file for a certificate of public convenience and necessity covering the compression and dehydration service provided Mid-Louisiana Gas Company or to respond to the Commission's show cause order issued February 17, 1977, in the captioned proceeding.

Upon consideration, notice is hereby given that an extension of time is granted to and including April 20, 1977, within which Gulf Oil Corporation must comply with the February 17, 1977 order.

KENNETH F. PLUMB,
Secretary.

[FR Doc.77–10275 Filed 4–6–77;8:45 am]

[Project No. 1971]

IDAHO POWER CO.

Land Withdrawal Idaho and Oregon

MARCH 30, 1977.

On May 8, 1953, the Idaho Power Company filed, as parts of an application for license, map Exhibit J (FPC No. 1971–24), and map Exhibit K (FPC No. 1971–25) showing a tentative project boundary and reserving approximately 3,100 acres of U.S. lands for the Hells Canyon Development, a unit of Project No. 1971. The map Exhibit K (FPC No. 1971–25) was superseded by a revised map Exhibit K (FPC No. 1971–190), filed April 21, 1961, which increased the project area to provide for the inclusion of an access road. No formal Notice of Land Withdrawal was issued in connection with these filings.

Conformable to Article 31 of its major license for Project No. 1971, the Idaho Power Company filed, on June 24, 1970, map Exhibit K, sheets 1 through 9 (FPC Nos. 1971–255 through –263, inclusive) to show the "as built" project boundary of the Hells Canyon Development.

Therefore, in accordance with the provisions of Section 24 of the Act of June 10, 1920, as amended, notice is hereby given that the land hereinafter described insofar as title thereto remains in the United States is, from the date of said filing of June 24, 1970, reserved from entry, location or other disposal under the laws of the United States until otherwise directed by this Commission or by Congress:

All portions of the following described subdivisions lying within the project boundary as shown on map Exhibit K, sheets 1 through 9 (FPC Nos. 1971–255 through –263, inclusive).

[Docket No. ER77–256]

ILLINOIS POWER CO.

Filing Modification No. 5

MARCH 30, 1977.

Take notice that Illinois Power Company ("Illinois Power") on March 24, 1977, tendered for filing proposed Modification No. 5 to the Interconnection Agreement (Agreement) dated March 30, 1973, between Central Illinois Light Company and Illinois Power. The Commission has previously designated the March 30, 1973 Agreement as Illinois Power Rate Schedule FPC No. 63 and Central Illinois Light Company Rate Schedule FPC No. 14.

The parties state that Modification No. 5 provides for a proposed increase in the charges effective May 1, 1977 for Maintenance, Short-Term Firm and Short-Term Non-Firm Power transactions between Illinois Power and Central Illinois Light Company.

Any person desiring to be heard or to protest said application should file a petition to intervene or protest with the Federal Power Commission, 825 North Capitol Street NE., Washington, D.C. 20426, in accordance with §§ 1.8 or 1.10 of the Commission's Rules of Practice and Procedure (18 CFR 1.8, 1.10). All such petitions or protests should be filed on or before April 13, 1977. Protests will be considered by the Commission in determining the appropriate action to be taken but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a petition to intervene. Copies of this application are on file with the Commission and are available for public inspection.

KENNETH F. PLUMB,
Secretary.

[FR Doc 77–10272 Filed 4–6–77;8:45 am]

[Doc. No. ES77–25]

INTERSTATE POWER CO.

Application

APRIL 1, 1977.

Take notice that on March 21, 1977, the Interstate Power Company (Applicant), filed an Application with the Commission pursuant to Section 204 of the Federal Power Act and Part 34 of the Commission's Regulations thereunder, seeking authority to engage in direct negotiations with underwriters with respect to the proposed issue of not exceeding 140,000 shares of its authorized but unissued Cumulative Preferred Stock, par value $50 per share, total par value of $7,000,000. Applicant states that it is of the belief that the best interests of its stockholders and customers may be served and that lower costs of money could possibly be achieved for the new preferred stock if the Commission were to authorize direct negotiations with underwriters.

Applicant is incorporated under the laws of the State of Delaware, with its principal business office at Dubuque, Iowa and is engaged principally in the electric utility business in northern, and northeastern Iowa, in southern Minnesota and a few small communities in Illinois.

Any person desiring to be heard or to make any protest with reference to said Application should on or before April 22, 1977, file with the Federal Power Commission, Washington, D.C. 20426, petitions or protests in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 1.8 or 1.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Persons wishing to become parties to the proceeding or to participate as a party in any hearing therein must file petitions to intervene in accordance with the Commission's Rules. The Application is on file and available for public inspection.

KENNETH F. PLUMB,
Secretary.

[FR Doc.77–10290 Filed 4–6–77;8:45 am]

[Docket No. CI77–347]

LOUISIANA LAND & EXPLORATION CO.

Application

APRIL 1, 1977.

Take notice that on March 18, 1977, The Louisiana Land and Exploration Company (Applicant), Suite 1200, 225 Baronne Street, New Orleans, Louisiana, 70112, filed in Docket No. CI77–347 for a certificate of public convenience and necessity. Applicant states that it is filing this application under compulsion of Opinion No. 722, in Docket No. CI67–1810, and not voluntarily, and with full reservation of all rights under the proceedings for review of Opinion Nos. 772 and 772–A now pending before the U.S. Court of Appeals for the Fifth Circuit. The gas in question is produced from the Bastian Bay Field located in Plaquemines Parish, Louisiana.

Any person desiring to be heard or to make any protest with reference to said application, on or before April 20, 1977, should file with the Federal Power Commission, Washington, D.C., 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 1.8 or 1.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding, or to participate as a party in any hearing therein, must file a petition to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by Sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission on this application if no petition to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by public convenience and necessity. If a petition for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

LOIS D. CASHELL,
Acting Secretary.

[FR Doc.77–10288 Filed 4–6–77;8:45 am]

[Doc. No. ER77–211]

MT. CARMEL PUBLIC UTILITY CO.

Electric Rates; Suspension

MARCH 31, 1977.

On February 18, 1977, Mt. Carmel Public Utility (Company) tendered for filing proposed changes in its FPC Electric Rate Schedule.[1] The Company's filing proposes a rate increase of $47,441 for the 12 month period succeeding the proposed effective date of April 1, 1977. The customer affected by this rate increase is the Village of Allendale, Illinois (Allendale) which is the Company's only wholesale customer. The Company states that the change in this rate schedule is being made to produce a rate of return for serving Allendale that is substantially equal to the Company's overall rate of return.

Notice of the filing was issued on March 1, 1977, with comments, protests, or petitions to intervene due on or before March 14, 1977. On March 14, 1977, Allendale filed a motion to reject or alternatively to suspend for five months, the Company's proposed rate increase and a petition to intervene. In support of its motion to reject or suspend, Allendale makes several arguments.

Allendale's first argument is that the requested rate increase of $47,411 which constitutes approximately a 300 percent rate increase to Allendale is clearly excessive.[2] Secondly, Allendale argues that the Company failed to provide certain information (required to be filed by §§ 35.12(b)(2) and 35.12(b)(5)) concerning rate base and rate design.

Thirdly, Allendale argues that the filing does not show the cost bases for the power factor adjustment penalty, the demand ratchet or the propriety of using a simple ratio of Allendale's annual peak demand to the Company's annual peak for allocation purposes. The Company has staed that it does not have the necessary equipment for determining Allendale's coincident demand.

Fourthly, Allendale argues that the proposed fuel clause is defective on its face when measured against § 35.14(a)(4) in that the fuel clause adjustment factor shows no modification to allow for losses associated only with its wholesale sales for resale. We are of the opin-

[1] Designated as: *Mt. Carmel Public Utility Company*, Rate Schedule FPC No. 3 (supersedes Rate Schedule FPC No. 2).

[2] With respect to the proposed rate to Allendale, it should be noted that the level of the rate is virtually identical to those being charged to the Company by Central Illinois Public Service Company (CIP). CIP's rate to the Company became effective on January 2, 1977, subject to refund, pursuant to the Commission's order issued December 30, 1976, in Docket No. ER77–84.

V 4267 APR 7 77 UMI

ion that the format of the fuel adjustment clause does conform to Commission Order No. 517. However, the Commission believes that the Company has mistakenly used the energy charge for purchased power, as opposed to the fuel cost component of purchased power, in developing the base cost of fuel as of December 1975.

Fifthly, Allendale argues that a return of 9.5 percent overall and 11.2 percent on equity is excessive. Finally, Allendale alleges that this tariff is anti-competitive [1] on its face in that it provides that all electricity sold by Allendale shall be purchased from the Company.

On March 16, 1977, Allendale filed a supplemental motion to reject the Company's filing on the basis that the Company's projected load growth for Allendale of 5.0 percent is incorrect. Allendale contends that a 10.30 percent load growth is appropriate and therefore, the amount of increase would exceed $50,000. In view of this, Allendale contends that the Company has not met the requirements of § 35.13(b)(4)(ii) of the Regulations.

In view of the protest which has been filed and in view of apparent errors in Mt. Carmel's fuel clause, it seems appropriate that the instant submittal be suspended and the matter set for hearing. However, we are of the opinion that the filing is in substantial compliance with the Regulations and we do not believe the filing should be rejected.

The Commission finds: (1) Good cause exists to accept for filing the proposed rates and to suspend those rates for one month until May 1, 1977 when they shall become effective subject to refund.

(2) Good cause exists to require the Company to file a revised cost of service study for Allendale reflecting any change in the cost of power purchased from Central Illinois Public Service Company occasioned by the disposition of Docket No. ER77-89 within 30 days of the entry of a final order in Docket No. ER77-89.

(3) Good cause exists to require the Company to file within 30 days a revised fuel clause eliminating any purchased power costs other than fuel from the base cost of fuel.

(4) Good cause does not exist to grant Allendale's motion to reject the filing.

(5) It is necessary and proper in the public interest and to aid in the enforcement of the provisions of the Federal Power Act, that the Commission enter upon a hearing to determine the lawfulness of the Company's proposed rate schedule as proposed to be revised herein.

(6) Good cause exists to allow Allendale to intervene in this proceeding.

The Commission orders: (A) Pursuant to the authority contained under the Federal Power Act, the Commission's Rules of Practice and Procedure and the regulations under the Federal Power Act, a public hearing shall be held concerning the justness and reasonableness of the rates, charges, terms and conditions of service included in the Company's FPC Electric Rate Schedule.

(B) Within 30 days of the entry of a final order in Docket No. ER77-89, the Company shall file a revised cost of service study with respect to Allendale reflecting any change in the cost of power purchased from Central Illinois Public Service Company.

(C) Within 30 days of the issuance of this order, the Company shall file a revised fuel adjustment clause using only the fuel cost component of purchased power in developing the base cost of fuel.

(D) Pending a hearing and final decision thereon, the Company's filing is hereby accepted for filing and suspended for one month to become effective May 1, 1977, subject to refund and subject to the condition that it file revised rates pursuant to Paragraph (B) and (C) above.

(E) Allendale is hereby permitted to intervene in Docket No. ER77-211, *Provided, however,* That participation by Allendale shall be limited to matters affecting asserted rights and interests as specifically set forth in its petition to intervene; and *Provided, further,* That the admission of Allendale shall not be construed as recognition by the Commission that Allendale might be aggrieved because of any order or orders of the Commission entered in this proceeding.

(F) The Staff shall prepare and serve top sheets on all parties for settlement purposes on or before May 31, 1977.

(G) A Presiding Administrative Law Judge to be designated by the Chief Administrative Law Judge for that purpose (See Delegation of Authority, 18 CFR 3.5(d)), shall preside at an initial conference in this proceeding to be held on June 7, 1977, at 10:00 A.M., in a hearing room of the Federal Power Commission, 825 North Capitol Street, N.E., Washington, D.C. 20426. Said Law Judge is authorized to establish all procedural dates and to rule upon all motions, (except petitions to intervene, motions to consolidate and sever and motions to dismiss), as provided for in the Rules of Practice and Procedure.

(H) Nothing contained herein shall be construed as limiting the rights of parties to this proceeding regarding the convening of conferences or offers of settlement pursuant to § 1.18 of the Commission's Rules of Practice and Procedure.

(I) The Secretary shall cause prompt publication of this order to be made in the FEDERAL REGISTER.

By the Commission.

KENNETH F. PLUMB,
Secretary.

[Doc. No. CP77-245]

NORTHERN NATURAL GAS CO.

Application

APRIL 1, 1977.

Take notice that on March 21, 1977, Northern Natural Gas Company (Applicant), 2223 Dodge Street, Omaha, Nebraska 68102, filed in Docket No. CP77-245 an application pursuant to section 7(c) of the Natural Gas Act and § 2.79 of the Commission's General Policy and Interpretations (18 CFR 2.79), for a certificate of public convenience and necessity authorizing the transportation of up to 5,000 Mcf of natural gas per day for six months for Wheeling-Pittsburgh Steel Corporation (Wheeling-Pittsburgh), all as more fully set forth in the application which is on file with the Commission and open to public inspection.

Applicant states that Wheeling-Pittsburgh would purchase up to 5,000 Mcf of natural gas per day from Elk Oil Company (Elk Oil) in Lea County, New Mexico, for priority 2 uses in its plants in the states of Ohio, West Virginia, and Pennsylvania. Applicant indicates that the subject gas is unavailable to the interstate market.

Applicant proposes to transport such gas from the point of receipt on Applicant's gathering system from Elk Oil to El Paso Natural Gas Company (El Paso) through an existing interconnection near Plains, Texas, and El Paso would redeliver the gas to Northern at the tailgate of the Coyanosa Gasoline Plant located in Pecos County, Texas. Applicant states that it would then transport and deliver the gas to Panhandle Eastern Pipe Line Company (Panhandle) at an existing interconnection in Kiowa County, Kansas.

It is stated that the gas Northern receives from Elk Oil is high in hydrocarbon content and must be processed through Northern's Hobbs, New Mexico Gasoline Plant, and Wheeling-Pittsburgh would incur an 8 percent shrinkage due to processing. Applicant states that the parties involved have agreed that Wheeling-Pittsburgh receive compensation for its share of the liquids extracted in the form of a credit adjustment to the transportation rate.

It is stated that Wheeling-Pittsburgh would pay Applicant 13.93 cents per Mcf for gas stransported and redelivered to Panhandle for Wheeling-Pittsburgh's account, and Applicant would retain 4 percent of the volume received for transportation as fuel and unaccounted for gas.

Applicant proposes to install and operate a meter and install a tee to the N.B. Kemnitz No. 2 well and a meter for the D.K. State No. 1 well and to operate an existing meter for the N.K. Kemnitz No. 1 well in order to accommodate the receipt of gas from Elk Oil. Applicant states that the total cost to install the proposed facilities and to remove the three meters is estimated to be $7,000, and Wheeling-Pittsburgh would reimburse Applicant for the total cost of installing and removing such facilities.

Any person desiring to be heard or to make any protest with reference to said application should on or before April 14, 1977, file with the Federal Power Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 1.8 or 1.10) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by Sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission on this application if no petition to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a petition for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

LOIS D. CASHELL,
Acting Secretary.

[Doc. No. CP77-307]

NORTHERN NATURAL GAS CO.

Application

APRIL 1, 1977.

Take notice that on March 21, 1977, Northern Natural Gas Company (Applicant), 2223 Dodge Street, Omaha, Nebraska 68102, filed in Docket No. CP77-307 an application pursuant to section 7(c) of the Natural Gas Act for a certificate of public convenience and necessity authorizing the transportation of natural gas, on a best efforts basis, for United Gas Pipe Line Company (United) during the period May 1, 1977 through January 31, 1978, all as more fully set forth in the application which is on file with the Commission and open to public inspection.

Pursuant to the terms of a gas transportation agreement dated March 8, 1977 between Applicant and United, Applicant proposes to transport for United up to 60,000 Mcf of natural gas per day, less 6 percent fuel, from the point of receipt from Delhi Gas Pipeline Corporation (Delhi) in Pecos County, Texas to the point of redelivery to Natural Gas Pipe Line Company of America (Natural) at at existing point of interconnection between the pipeline of applicant and Natural in Mills County, Iowa. The proposed transportation is for the period May 1, 1977, through January 31, 1978.

It is stated that United would pay Applicant 27.88 cents per Mcf for all gas transported and redelivered to Natural by Applicant, and that United would purchase the subject gas from Delhi.

Applicant also requests authority to retain in place, the temporary tie-over facilities (two 6-inch hot tap valves and riser, in Pecos County, Texas) as emergency interconnections with Delhi. Applicant installed these tie-over facilities to accommodate the receipt of gas to Applicant from Delhi for the account of Columbia Gas Transmission Corporation and Transcontinental Gas Pipe Line Corporation and others for transportation, it is said. Applicant anticipates similar emergency transportation arrangements in the future.

Applicant indicates that a severe gas supply shortage exists on United's system, and that the proposed transportation of gas would assist United in maintaining adequate and reliable service to its high priority customers.

Any person desiring to be heard or to make any protest with reference to said application should on or before April 22, 1977, file with the Federal Power Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 1.8 or 1.10) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission on this application if no petition to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a petition for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

KENNETH F. PLUMB,
Secretary.

[Doc. No. ER77-259]

PACIFIC POWER & LIGHT CO.

Supplemental Rate Filing

APRIL 1, 1977.

Take notice that Pacific Power & Light Company (Pacific) on March 25, 1977, tendered for filing, in accordance with Section 35 of the Commission's Regulations, a supplement to Pacific's Rate Schedule FPC No. 118, under which Pacific transmits electric power and energy for Black Hills Power and Light Company (Black Hills). Pacific indicates that the supplement provides for an extension of such transfer service to provide for delayed completion by Black Hills of the Wyodak-Stegall 230 kv transmission line.

Pacific requests waiver of the Commission's notice requirements to permit this rate schedule to become effective November 1, 1976. which it claims is the date of commencement of service.

Copies of the filing were supplied to Black Hills.

Any person desiring to be heard or to protest said application should file a petition to intervene or protest with the Federal Power Commission, 825 North Capitol Street, N.E., Washington, D.C. 20426, in accordance with §§ 1.8 and 1.10 of the Commission's Rules of Practice and Procedure (18 CFR 1.8, 1.10). All such petitions or protests should be filed on or before April 13, 1977. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a petition to intervene. Copies of this application are on file with the Commission and are available for public inspection.

application pursuant to Section 7 of the Natural Gas Act, covering the proposed transportation of natural gas for Michigan Wisconsin Pipe Line Company from Block 291, Ship Shoal, South Addition Area, Offshore Louisiana, all as more fully set forth in its application on file with the Commission which is open to public inspection.

Applicant requests authority to transport natural gas through an existing crude oil pipeline for the account of Michigan Wisconsin Pipe Line Company (Michigan Wisconsin) pursuant to the terms of a Transportation Service Agreement dated as of January 28, 1977. Applicant will charge Michigan Wisconsin 4.5 cents per Mcf at 15.025 psia for the transportation service.

The gas to be transported by Applicant is produced and sold by independent producers to Michigan Wisconsin at Block 291, Ship Shoal Area, South Addition, Offshore Louisiana. Michigan Wisconsin will deliver such natural gas to Applicant at Block 291, and Applicant will transport and redeliver such gas to Michigan Wisconsin at its facilities located in Block 207, Ship Shoal Area, Offshore Louisiana.

Any person desiring to be heard or to make any protest with reference to said application, on or before April 20, 1977, should file with the Federal Power Commission, Washington, D.C., 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 1.8 or 1.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken, but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding, or to participate as a party in any hearing therein, must file a petition to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by Sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission on this application if no petition to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a petition for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

SEA ROBIN PIPELINE CO.

Application

APRIL 1, 1977.

Take notice that on March 22, 1977, Sea Robin Pipeline Company (Sea Robin) filed in Docket No. CP 77-7302, an application for a temporary and permanent certificate of public convenience and necessity pursuant to Section 7(c) of the Natural Gas Act requesting authorization to make sales to its two resale customers, United Gas Pipe Line Company (United) and Southern Natural Gas Company (Southern) at a point of delivery onshore at Pecan Island in Vermilion Parish, Louisiana.

Sea Robin states that it proposes to transport natural gas it will purchase in Block 22, Vermilion Area, Offshore Louisiana, through pipeline facilities owned by itself, Transcontinental Pipe Line Corporation (Transco) and Florida Gas Transmission Company (Florida Gas), to a point onshore where the subject pipeline interconnects with the Central Louisiana Gathering System of Transco in Vermilion Parish, Louisiana. Sea Robin further states that by this means deliveries of new volumes of natural gas can be made to its customers, United and Southern, to augment their decreasing gas supplies, all as more fully set forth in the application which is on file with the Commission and open to public inspection.

Any person desiring to be heard or to make any protest with reference to said application, on or before April 20, 1977, should file with the Federal Power Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 1.8 or 1.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken, but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding, or to participate as a party in any hearing therein, must file a petition to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by Sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission on this application if no petition to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a petition for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

TARPON TRANSMISSION CO.

Application

APRIL 1, 1977.

Take notice that on March 25, 1977, Tarpon Transmission Company (Tarpon), 4665 First International Building, Dallas, Texas, 75270, filed in Docket No. CP77-315, an application pursuant to Section 7(c) of the Natural Gas Act and the regulations thereunder for a Certificate of Public Convenience and Necessity authorizing the construction and operation of certain facilities for the transportation of natural gas for Trunkline Gas Company (Trunkline), all as more fully set forth in the application which is on file with the Commission and open to public inspection.

Tarpon proposes to construct and operate approximately 40.4 miles of 16-inch pipeline to connect Trunkline's existing system in Block 274, Ship Shoal Area, South Addition, to a production platform in Block 380, Eugene Island Area, South Addition. The total cost of the facilities applied for by Tarpon is estimated to be approximately $16,838,000.

Tarpon will transport to Trunkline's T-27 platform located in Ship Shoal Block 274 gas produced in Blocks 377 and 380, Eugene Island Area, South Addition under a form of Transportation Agreement which upon completion of the construction of its proposed facilities, will be filed with the Commission as Tarpon's tariff.

Any person desiring to be heard or to make any protest with reference to said application, on or before April 20, 1977, should file with the Federal Power Commission, Washington, D.C., 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 1.8 or 1.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken, but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding, or to participate as a party in any hearing therein, must file a petition to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by Sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission on this application if no petition to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a petition for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

[Doc. No. CP77-310]

TENNESSEE GAS PIPELINE CO. AND EAST TENNESSEE NATURAL GAS CO.

Application

APRIL 1, 1977.

Take notice that on March 23, 1977, Tennessee Gas Pipeline Company, a Division of Tenneco Inc. (Tennessee) and East Tennessee Natural Gas Company (East Tennessee) (Applicants), P.O. Box 2511, Houston, Texas 77001, filed in Docket No. CP77-310 a joint application pursuant to Section 7(c) of the Natural Gas Act and § 2.79 of the Commission General Policy and Interpretations (18 CFR 2.79), for a certificate of public convenience and necessity authorizing the transportation of natural gas for 2 years for Steel Service Company, a Division of Azcon Corporation (Steel Service), all as more fully set forth in the application which is on file with the Commission and open to public inspection.

Applicants propose to transport up to 1,957 Mcf of natural gas per day for 2 years for Steel Service through the utilization of their existing pipeline facilities.

It is indicated that Steel Service has arranged to have the proposed volumes of gas made available to Tennessee by Texas Gas Transmission Corporation (Texas Gas) at the existing interconnection of the facilities of Tennessee and Texas Gas at Tennessee's Main Line Valve 87, located in Sumner County, Tennessee. Tennessee proposes to transport and deliver volumes of natural gas up to the maximum daily quantity of 1,957 Mcf to East Tennessee at Tennessee's existing Greenbrier Sales Meter Station Delivery Point located in Robertson County, Tennessee at Tennessee's Main Line Valve No. 864-1 plus 10.31 miles (Greenbrier). East Tennessee proposes to receive the subject gas from Tennessee at Greenbrier and transport and deliver the gas to Knoxville Utilities Board (KUB) for the account of Steel Service, with reductions for volumes of gas to be used for its fuel and use requirements associated with this proposed transportation service.

It is further indicated that Steel Service would pay Tennessee each month for transportation service: (1) a demand charge to be determined by multiplying 3.69 cents by the maximum daily quantity, less any demand charge credit provided therein, if applicable; and (2) a volume charge equal to 0.49 cents per Mcf multiplied by (a) the total of the daily volumes delivered during such month or (b) the number of days in said month multiplied by 66⅔ percent of the maximum daily quantity, whichever is greater, less any applicable annual minimum bill credit as provided therein. It is stated that Steel would pay East Tennessee each month for transportation service a charge to be determined by multiplying the rate of 20.74 cents per Mcf by the volume of natural gas actually transported and delivered by East Tennessee for the account of Steel Service; East Tennessee would retain each day for its fuel and use requirements a daily volume determined by multiplying 0.72 percent times the volume delivered by Tennessee to East Tennessee for the account of Steel Service for such day.

It is stated that Steel Service proposes to purchase the subject volumes of gas from McGoldrick Joint Venture No. 1-73 at an initial price of $1.60 per Mcf, and the subject gas would be produced from the Leatherman Creek Field, Claiborne Parish, Louisiana. It is asserted that Steel Service needs the proposed transportation service in order to mitigate the effects of curtailment being imposed on it by KUB and that said gas would be used for priority 2 purposes on priority 3 purposes which would have been priority 2 had such gas been purchased on a firm basis.

It is stated that the subject gas is produced from onshore and is not available to Applicants or to any other pipeline for resale in interstate commerce.

Any person desiring to be heard or to make any protest with reference to said application should on or before April 14, 1977, file with the Federal Power Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the commission's Rules of Practice and Procedure (18 CFR 1.8 or 1.10) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by Sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission on this application if no petition to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a petition for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicants to appear or be represented at the hearing.

LOIS D. CASHELL,
Acting Secretary.

[Doc. No. ER77-257]

WISCONSIN POWER & LIGHT CO.

Wholesale Power Agreement

MARCH 30, 1977.

Take notice that on March 24, 1977, Wisconsin Power and Light Company (WPL) tendered for filing a Wholesale Power Contract dated March 9, 1977, between the Village of Black Earth, Wisconsin and WPL. WPL. states that this contract will supersede an existing contract for wholesale electric service dated June 23, 1972, and designated WPL Rate Schedule FPC No. 93.

WPL requests a proposed effective date of March 11, 1977, and waiver of the notice requirements of section 35.11 of the Commission's regulations. WPL states that a copy of the Wholesale Power Contract and the filing have been provided to the Village of Black Earth.

Any person desiring to be heard or to protest said filing should file a petition to intervene or protest with the Federal Power Commission, 825 North Capitol Street NE., Washington, D.C. 20426, in accordance with §§ 1.8 and 1.10 of the Commission's rules of practice and procedure (18 CFR 1.8, 1.10). All such petitions or protests should be filed on or before April 13, 1977. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any persons wishing to become a party must file a petition to intervene. Copies of this filing are on file with the Commission and are available for public inspection.

[Docket No. ER77-258]

INDIANA & MICHIGAN ELECTRIC CO.

Changes in Rates and Charges

APRIL 1, 1977.

Take notice that American Electric Power Service Corporation (AEP) on March 24, 1977 tendered for filing on behalf of its affiliate, Indiana & Michigan Electric Company (Indiana Company), a letter of agreement dated March 1, 1977 to the Interconnection Agreement dated December 30, 1960 between Indiana & Michigan Electric Company and Indianapolis Power & Light Company, designated Indiana Company Rate Schedule FPC No. 21.

AEP states that the letter of agreement provides for an increase in the minimum energy charge for Emergency Service from 17.5 mills to three $0.03 cents per kilowatthour, proposed to become effective May 1, 1977. A similar letter agreement between Illinois Power Company and I&M was recently submitted to the Commission as a proposed settlement of FPC Docket No. ER76-21 and on September 8, 1976 the Commission issued an order approving this settlement making it effective as of March 2, 1976. AEP also states that since the use of Emergency Service under the proposed minimum charge cannot be accurately determined or estimated, it is impossible to determine or estimate the increase in revenues resulting from the letter of agreement.

Any person desiring to be heard or to protest said application should file a petition to intervene or protest with the Federal Power Commission, 825 North Capitol Street, Washington, D.C. 20426 in accordance with §§ 1.8 and 1.10 of the Commission's Rules of Practice and Procedure (18 CFR 1.8, 1.10). All such petitions or protests should be filed on or before April 13, 1977. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a petition to intervene. Copies of this application are on file with the Commission and are available for public inspection.

KENNETH F. PLUMB,
Secretary.

[Project No. 77]

PACIFIC GAS AND ELECTRIC CO.

Issuance of Annual License(s)

APRIL 1, 1977.

On May 1, 1970, Pacific Gas and Electric Company, Licensee for the Potter Valley Project No. 77, located on the Eel and Russian Rivers in the Mendocino National Forest, Lake and Mendocino Counties, California, filed an application for a new license pursuant to the Federal Power Act and Commission Regulations thereunder.

The license for Project No. 77 was issued effective April 15, 1922, for a period ending April 14, 1972. Since expiration of the original license, the project has been maintained and operated under annual licenses, the most recent of which will expire on April 14, 1977. In order to authorize the continued operation and maintenance of the project, pending Commission action on Licensee's application, it is appropriate and in the public interest to issue an annual license to the Pacific Gas and Electric Company.

Take notice that an annual license is issued to the Pacific Gas and Electric Company for the period April 15, 1977, to April 14, 1978, or until Federal takeover, or until the issuance of a new license for the project, whichever comes first, for the continued operation and maintenance of the Potter Valley Project No. 77 subject to the terms and conditions of the original license. Take further notice that if Federal takeover or issuance of a new license does not take place on or before April 14, 1978, a new annual license will be issued each year thereafter, effective April 15 of each year, until such time as Federal takeover takes place or a new license is issued, without further notice being given by the Commission.

KENNETH F. PLUMB,
Secretary.

[Docket No. E-8927]

PENNSYLVANIA POWER & LIGHT CO.

Motion of Ephrata, et al., To Reopen

APRIL 1, 1977.

Take notice that on March 18, 1977 Ephrata, et al. (Ephrata) by motion requested that the Commission reopen the above captioned matter on the basis that as of the date of Initial Decision herein, April 20, 1976, the Supreme Court had not made its determination in the case of *F.P.C. v. Conway Corporation*, 426 U.S. 271, 48 L. Ed 2d 626 (1976).

Ephrata states that by that determination the Supreme Court has established law that was not available to the Presiding Administrative Law Judge at the time of his decision and which is essential to the proper determination of the case.

Any person desiring to be heard or to protest said application should file a petition to intervene or protest with the Federal Power Commission, 825 North Capitol Street NE., Washington, D.C. 20426, in accordance with §§ 1.8 and 1.10 of the Commission's rules of practice and procedure (18 CFR 1.8, 1.10). All such petitions or protests should be filed on or before April 20, 1977. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a petition to intervene. Copies of this application are on file with the Commission and are available for public inspection.

KENNETH F. PLUMB,
Secretary.

[Project No. 637]

PUBLIC UTILITY DISTRICT NO. 1 OF CHELAN COUNTY

Issuance of Annual License(s)

APRIL 1, 1977.

On October 30, 1975, Public Utility District No. 1 of Chelan County, Licensee for Lake Chelan Project No. 637, located on the Chelan River and Chelan Lake, Chelan County, Washington, filed an application for a new license pursuant to the Federal Power Act and Commission Regulations thereunder.

The license for Project No. 637 was issued effective April 1, 1924, for a period ending March 31, 1974. Since expiration of the original license, the project has been maintained and operated under annual licenses, the most recent of which will expire on March 31, 1977. In order to authorize the continued operation and maintenance of the project, pending Commission action on Licensee's application, it is appropriate and in the public interest to issue an annual license to the Public Utility District No. 1 of Chelan County.

Take notice that an annual license is issued to the Public Utility District No. 1 of Chelan County for the period April 1, 1977, to March 31, 1978, or until the issuance of a new license for the project, whichever comes first, for the continued operation and maintenance of the Lake Chelan Project No. 637 subject to the terms and conditions of the original license. Take further notice that if issuance of a new license does not take place on or before March 31, 1978, a new annual license will be issued each year thereafter, effective April 1 of each year, until such time as a new license is issued, without further notice being given by the Commission.

KENNETH F. PLUMB,
Secretary.

[FR Doc.77-10319 Filed 4-6-77;8:45 am]

[Project No. 199]

SOUTH CAROLINA PUBLIC SERVICE AUTHORITY

Issuance of Annual License(s)

APRIL 1, 1977.

On September 4, 1973, South Carolina Public Service Authority, Licensee for Project No. 199, located in Orangeburg, Calhoun, Clarendon, Sumter, and Berkeley Counties, South Carolina, filed an application for a new license pursuant to the Federal Power Act and Commission Regulations thereunder.

The license for Project No. 199 was issued effective April 2, 1926, for a period ending April 1, 1976. Since expiration of the original license, the project has been maintained and operated under an annual license which will expire on April 1, 1977. In order to authorize the continued operation and maintenance of the project, pending Commission action on Licensee's application, it is appropriate and in the public interest to issue an annual license to the South Carolina Public Service Authority.

Take notice that an annual license is issued to the South Carolina Public Service Authority for the period April 2, 1977, to April 1, 1978, or until the issuance of a new license for the project, whichever comes first, for the continued operation and maintenance of Project No. 199 subject to the terms and conditions of the original license. Take further notice that if issuance of a new license does not take place on or before April 1, 1978, a new annual license will be issued each year thereafter, effective April 2 of each year, until such time as a new license is issued, without further notice being given by the Commission.

KENNETH F. PLUMB,
Secretary.

[FR Doc.77-10320 Filed 4-6-77;8:45 am]

[Project No. 344]

SOUTHERN CALIFORNIA EDISON CO.

Issuance of Annual License(s)

APRIL 1, 1977.

On April 20, 1970, Southern California Edison Company, Licensee for San Gorgonio No. 1 and No. 2 Project No. 344, located in the counties of Riverside and San Bernardino, California, on the east and south forks of the Whitewater and San Gorgonio Rivers near the cities of Yucaipa and Banning, filed an application for a new license pursuant to the Federal Power Act and Commission Regulations thereunder.

The license for Project No. 344 was issued effective April 27, 1923, for a period ending April 26, 1973. Since expiration of the original license, the project has been maintained and operated under annual licenses, the most recent of which will expire on April 26, 1977. In order to authorize the continued operation and maintenance of the project pending Commission action on Licensee's application, it is appropriate and in the public interest to issue an annual license to the Southern California Edison Company.

Take notice that an annual license is issued to the Southern California Edison Company for the period April 27, 1977, to April 26, 1978, or until Federal takeover, or the issuance of a new license for the project, whichever comes first, for the continued operation and maintenance of the San Gorgonio No. 1 and No. 2 Project No. 344 subject to the terms and conditions of the original license. Take further notice that if Federal takeover or issuance of a new license does not take place on or before April 26, 1978, a new annual license will be issued each year thereafter, effective April 27 of each year, until such time as Federal takeover takes place or a new license is issued, without further notice being given by the Commission.

KENNETH F. PLUMB,
Secretary.

TEXAS COMMERCE BANCSHARES, INC.

Order Approving Acquisition of Bank

Texas Commerce Bancshares, Inc., Houston, Texas, a bank holding company within the meaning of the Bank Holding Company Act, has applied for the Board's approval, under section 3(a)(3) of the Bank Holding Company Act (12 U.S.C. 1842(a)(3)), to acquire 100 percent of the voting shares, less directors' qualifying shares, of the successor by merger to Southern Bank and Trust Company, Garland, Texas ("Bank"). The bank into which Bank is to be merged has no significance except as a means to facilitate the acquisition of the voting shares of Bank. Accordingly, the proposed acquisition of the successor organization is treated herein as the proposed acquisition of the shares of Bank.

Notice of the application, affording opportunity for interested persons to submit comments and views, has been given in accordance with section 3(b) of the Act. The time for filing comments and views has expired, and the application and all comments received have been considered in light of the factors set forth in section 3(c) of the Act (12 U.S.C. 1842(c)).

Applicant, the third largest banking organization in Texas, controls 31 banks with aggregate deposits of approximately $3.3 billion, representing approximately 7.0 percent of total commercial bank deposits in Texas.[1] Acquisition of Bank (approximately $17.6 million in deposits) would increase Applicant's share of Statewide commercial bank deposits by less than 0.1 of one percent and would have no appreciable effect upon the concentration of banking resources in this State.

Bank is the fifty-eighth largest of 109 banking organizations in the Dallas banking market, which is the relevant banking market,[2] and controls approximately 0.2 percent of the total deposits in commercial banks in the market. Applicant currently is the fifth largest banking organization in the market, controlling seven existing banking subsidiaries in the market with deposits of $245.2 million representing 2.7 percent of market deposits. Approval of the application would increase Applicant's market share to 2.9 percent, leaving its relevant market position well below that of the four larger banking organizations in the market, which hold 67.1 percent of market deposit. Accordingly, consummation of the proposal would not substantially affect the structure of banking within the market.

It appears from the record that the proposal would not have significant adverse effects on existing or potential competition. Applicant's existing subsidiary banks in the market are, like Bank, relatively small in size and oriented toward a rather localized service area; the closest of the seven is located some seven miles from Bank. The factors of size and distance prevent significant present competition between Bank and any one of the seven existing subsidiaries and severely limit the possibility of development of such competition in the future. The market would remain attractive to de novo entry after acquisition of Bank, and numerous banks would remain in the market as potential entry points for expanding bank holding companies. Accordingly, on the basis of the record, it is concluded that consummation of the proposed transaction would not have any significant adverse effects on existing or potential competition on a Statewide basis and only a slightly adverse effect on competition in the Dallas banking market.

Considerations relating to the financial and managerial resources and future prospects of Bank, Applicant, and its subsidiaries are regarded as generally satisfactory and consistent with approval, particularly in light of Bank's retention of $200,000 of interim capital. Applicant will provide Bank with the capability to offer a full array of banking services and to expand services to commercial and industrial concerns in the areas of real estate financing, trusts, data processing services, and international business. Thus, considerations relating to the convenience and needs of the community to be served lend weight toward approval of the application and have been determined to be sufficient to outweigh any slightly adverse competitive effects that might result from consummation of the proposal. It has therefore been determined that the proposed acquisition would be in the public interest and that the application should be approved.

On the basis of the record, the application is approved for the reasons summarized above. The transaction shall not be made (a) before the thirtieth calendar day following the effective date of this Order or (b) later than three months after the effective date of this Order, unless such period is extended for good cause by the Board or by the Federal Reserve Bank of Dallas acting pursuant to delegated authority.

By order of the Secretary of the Board, acting pursuant to delegated authority from the Board of Governors, effective March 31, 1977.

THEODORE E. ALLISON,
Secretary of the Board.

[FR Doc.77-10242 Filed 4-6-77;8:45 am]

[1] All banking data are as of December 31, 1975, and reflect bank holding company formations and acquisitions through February 28, 1977.

[2] The relevant banking market is approximated by the Dallas RMA, which includes Dallas County and portions of six adjacent counties.

TRUST COMPANY OF GEORGIA

Order Approving Acquisition of Bank

Trust Company of Georgia ("Applicant"), Atlanta, Georgia, a bank holding company within the meaning of the Bank Holding Company Act, has applied for the Board's approval under section 3(a)(3) of the Act (12 U.S.C. 1842(a)(3)) to acquire all of the voting shares (except directors' qualifying shares) of the successor by merger to The First National Bank of Brunswick ("Bank"), Brunswick, Georgia. The successor bank into which Bank is to be merged has no significance except as a means of facilitating the acquisition of the voting shares of Bank. Accordingly, the proposed transaction is treated in this Order as a proposed direct acquisition by applicant of the shares of Bank.

Notice of the application, affording opportunity for interested persons to submit comments and views, has been given in accordance with section 3(b) of the Act. The time for filing comments and views has expired, and the Board has considered the application and all comments received in light of the factors set forth in section 3(c) of the Act (12 U.S.C. 1842(c)).

Applicant, the third largest banking organization in Georgia, directly controls Trust Company Bank, Atlanta, Georgia, which has deposits of $796 million, and indirectly controls five other banks with aggregate deposits of approximately $400 million.[1] The aggregate deposits of Applicant's existing and approved subsidiary banks represent about ten percent of the total deposits in commercial banks in the State. Acquisition of Bank would increase Applicant's share of the commercial bank deposits in the State by 0.5 percent, and the Board views this increase with a degree of concern because of the increasing trend toward further concentration in the State.[2]

Bank is the largest of three banking organizations in the relevant banking market [3] and holds deposits of $57.2 million, representing approximately 51 percent of the total deposits in commercial banks in the market. The other two banks in the market hold about 36 and 13 percent of the market's deposits, respectively. Applicant's nearest existing or proposed subsidiary bank is located almost 75 miles from Bank, and it appears that this acquisition will eliminate no significant existing competition between Bank and Applicant's bank and nonbank subsidiaries. Although Applicant has sufficient resources to enter the Brunswick banking market de novo, Georgia law prohibits Applicant from branching into or acquiring a de novo bank in the relevant banking market. In bypassing a smaller existing bank as a market entry vehicle, however, Applicant will add 0.5 percent to a rising level of statewide concentration, and will contribute to some extent to an imbalance of the financial resources among existing banks in the market by solidifying Bank's position in that market. For these reasons and based on the facts of record, the Board concludes that the proposed acquisition would have slightly adverse effects on competition.

The financial and managerial resources of Applicant and Bank, and their future prospects, are regarded as generally satisfactory, and considerations relating to banking factors are consistent with approval of the application. Applicant intends to offer services not now available to Bank's customers and to strengthen Bank's management and improve the services presently offered by Bank. Following consummation of the acquisition, Applicant will provide full-time executive personnel for Bank, and will provide Bank's customers with new services, including corporate trust, investment management, international banking, and factoring services. In addition, Bank may be expected to benefit from access to Applicant's specialized expertise in all areas of existing services. These considerations relating to convenience and needs of the community to be served lend weight toward approval of the application to acquire Bank, and in the Board's judgment outweigh the slightly adverse effects on competition that might result from consummation of this proposal. It is the Board's judgment that the proposed acquisition would be in the public interest and that the application should be approved.

Accordingly, the application is approved on the basis of the record and for the reasons summarized above. The transaction shall not be consummated before the thirtieth calendar day following the effective date of this Order or later than three months after the effective date of this Order, unless such period is extended for good cause by the Board, or by the Federal Reserve Bank of Atlanta pursuant to delegated authority.

By order of the Board of Governors,[4] effective April 1, 1977.

GRIFFITH L. GARWOOD,
Deputy Secretary of the Board.

[FR Doc.77-10243 Filed 4-6-77;8:45 am]

[1] All banking and market data are as of December 31, 1975, unless otherwise noted. Since that date, the Board has approved Applicant's acquisition of Security National Bank, Smyrna, Georgia, which has deposits of $17.4 million, and its merger with Central Bankshares Corporation, Jonesboro, Georgia, the subsidiary bank of which has deposits of $13.7 million. This expansion has occurred in part because of more permissive State bank holding company legislation that became effective in July, 1976.

[2] Georgia's three largest banking organizations, including both existing and approved bank subsidiaries, presently control approximately 44 percent of State deposits, and applications by those organizations now pending would add 1.7 percent to that figure, if approved.

[3] The relevant banking market is approximated by Glynn County.

[4] Voting for this action: Governors Wallich, Coldwell, Jackson, Partee and Lilly. Absent and not voting: Chairman Burns and Governor Gardner.

DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE

Office of the Assistant Secretary for Health

AMERICAN SCIENCE AND ENGINEERING CORP.

Intent to Grant Exclusive Patent License

Notice is hereby given of an intent to grant to American Science and Engineering Corporation of Cambridge, Massachusetts an exclusive License to manufacture, use and sell in the United States the inventions described in United States patent applications Serial Nos. 726,556 and 728,312 pursuant to 45 CFR 8.2(b). Copies of any of the subject patent applications may be obtained upon written request submitted to the Patent Counsel of the Department of Health, Education and Welfare, Westwood Building, Room 5A-03, National Institutes of Health, Bethesda, Maryland 20014.

The proposed license will have a duration of five (5) years from the date the license is granted. The license will contain other terms and conditions to be negotiated by the parties in accordance with Department of Health, Education and Welfare (HEW) patent regulations. HEW will grant the license on or before June 6, 1977 unless the Patent Counsel named hereinabove receives in writing any of the following, together with supporting documents:

(1) A statement setting forth reasons why it would not be in the best interest of the United States to grant the proposed license; or

(2) An application for a nonexclusive license from a responsible applicant in accordance with 41 CFR 101-4-104-2 stating that applicant has already bought or is likely to bring the inventions to the point of practical application expeditiously. Applicants for a nonexclusive license are requested to identify patents and/or patent applications owned by applicant which would necessarily be infringed by the manufacture and sale of the invention for which applicant is requesting a license.

The Assistant Secretary for Health of the Department of Health, Education, and Welfare will review all written responses to this Notice.

Dated: April 1, 1977.

JAMES F. DICKSON III,
Acting Assistant Secretary for Health.

[FR Doc.77-10355 Filed 4-6-77;8:45 am]

KONTES OF VINELAND, NEW JERSEY

Intent To Grant Exclusive Patent License

Pursuant to § 6.3, 45 CFR, part 6, notice is hereby given of an intent to grant to Kontes of Vineland, New Jersey, an exclusive license to manufacture, use, and sell in the United States the invention described in United States patent application Serial No. 671,713, entitled "Apparatus for Producing High-Purity Water." A copy of the subject patent application may be obtained upon written request submitted to the Patent Counsel of the Department of Health, Education, and Welfare, Westwood Building, Room 5A03, 5333 Westbard Avenue, Bethesda, Maryland 20014.

The proposed license will have a duration of five (5) years, may be royalty-bearing, and will contain other terms and conditions to be negotiated by the parties in accordance with Department of Health, Education, and Welfare (HEW) patent regulations. HEW will grant the license unless on or before June 6, 1977 the Patent Counsel named hereinabove receives in writing any of the following, together with supporting documents:

(1) A statement from any person setting forth reasons why it would not be in the best interest of the United States to grant the proposed license; or

(2) An application for a nonexclusive license to manufacture, use, or sell the invention in the United States is submitted in accordance with 41 CFR 101-4-104-2 and the applicant states that he has already brought the invention to practical application or is likely to bring the invention to practical application expeditiously.

The Assistant Secretary for Health of the Department of Health, Education, and Welfare will review all written responses to this Notice. Authority: 45 CFR.

Dated: April 1, 1977.

JAMES F. DICKSON,
Acting Assistant Secretary for Health.

THERMO ELECTRON CORP.

Intent To Grant Exclusive Patent License

Notice is hereby given of an intent to grant to Thermo Electron Corporation of Waltham, Massachusetts, an exclusive license to manufacture, use, and sell in the United States the inventions described in United States patent applications Serial Nos. 602,385; 647,679; 647,680; 647,842; 647,841; 751,232; pursuant to 45 CFR 8.2(b). Copies of any of the subject patent applications may be obtained upon written request submitted to the Patent Counsel of the Department of Health, Education and Welfare, Westwood Bldg. Room 5A03, 5333 Westbard Ave., Bethesda, Maryland 20014.

The proposed license will have a duration of either eight (8) years from the date the license is granted or five (5) years from the date of the first commercial sale of the products covered by these patent applications, whichever is later. The license will contain other terms and conditions to be negotiated by the parties in accordance with Department of Health, Education, and Welfare (HEW) patent regulations. HEW will grant the license on or before June 6, 1977 unless the Patent Counsel named hereinabove receives in writing any of the following, together with supporting documents:

(1) A statement from any person setting forth reasons why it would not be

V 4267 APR 7 77 UMI

in the best interest of the United States to grant the proposed license; or

(2) An application for a nonexclusive license to manufacture, use, or sell the invention in the United States is submitted in accordance with 41 CFR 101-4-104-2 and the applicant states that he has already bought the invention to practical application or is likely to bring the invention to practical application expeditiously.

The Assistant Secretary for Health of the Department of Health, Education and Welfare will review all written responses to this Notice.

Dated: April 1, 1977.

Office of Education

STATE STUDENT INCENTIVE GRANT PROGRAM

Closing Date for Receipt of State Applications

Notice is hereby given that pursuant to the authority contained in section 415C of the Higher Education Act of 1965, as amended (20 U.S.C. 1070c-2), applications are being accepted from the 50 States, the District of Columbia, and outlying areas for initial and/or continuing grants under the State Student Incentive Grant Program (Title IV-A, HEA, 20 U.S.C. 1070c-1070c-4).

In order to be assured of consideration, the applications must be received on or before May 4, 1977.

A. APPLICATIONS SENT BY MAIL

An application sent by mail should be addressed as follows: Dr. Richard L. McVity, Director, State Student Incentive Grant Program (SSIGP), Bureau of Student Financial Assistance, U.S. Office of Education, 400 Maryland Avenue, SW., Washington, D.C. 20202. An application sent by mail will be considered to be received on time by the State Student Incentive Grant Program if:

(1) The application was sent by registered or certified mail not later than the fifth calendar day prior to the closing date (or, if such fifth calendar day is a Saturday, Sunday, or Federal holiday, not later than the next following business day), as evidenced by the U.S. Postal Service postmark on the wrapper or envelope, or on the original receipt from the U.S. Postal Service; or

(2) The application is received on or before the closing date by either the Department of Health, Education, and Welfare, or the U.S. Office of Education mail rooms in Washington, D.C. (In establishing the date of receipt, the Commissioner will rely on the time-date stamp of such mail rooms or other documentary evidence of receipt maintained by the Department of Health, Education, and Welfare, or the U.S. Office of Education.)

B. HAND DELIVERED APPLICATIONS

An application to be hand delivered must be taken to the U.S. Office of Education, State Student Incentive Grant Program, Room 4669, Regional Office Building No. 3, 7th and D Streets SW., Washington, D.C. Hand delivered applications will be accepted daily between the hours of 8:00 a.m. and 4:00 p.m., except Saturdays, Sundays, or Federal holidays. Applications will not be accepted after 4:00 p.m. on the closing date.

C. PROGRAM INFORMATION AND FORMS

Information and application forms may be obtained from the State Student Incentive Grant Program, Bureau of Student Financial Assistance, U.S. Office of Education, 400 Maryland Avenue, SW., Washington, D.C. 20202.

D. APPLICABLE REGULATIONS

The regulations applicable to the State Student Incentive Grant Program are found in Part 192 of Title 45 of the Code of Federal Regulations (45 CFR 192). In addition, a Notice of Proposed Rulemaking setting forth proposed regulations for the allotment of initial and continuing grant funds is published in this issue of the FEDERAL REGISTER. Applicants are advised to follow the requirements and standards published in the proposed regulations. If the final regulation contains new or inconsistent requirements, the closing date will be extended to allow applicants who have submitted applications based on the proposed regulations to revise their applications.

(Catalog of Federal Domestic Assistance Number 13.548; State Student Incentive Grant Program.)

Dated: March 30, 1977.

WILLIAM F. PIERCE,
Acting Commissioner of Education.

[FR Doc. 77-10312 Filed 4-6-77;8:45 am]

Health Care Financing Administration

PUBLIC ASSISTANCE RESEARCH AND DEMONSTRATION GRANTS

Availability of Grants

The Office of Planning, Research, and Evaluation (OPRE) gives notice of the availability of Fiscal Year 1977 funds for public assistance research and demonstration (R&D) grants. The grants are authorized under Section 426 of Title IV, and Sections 1110 and 1115 of Title XI of the Social Security Act for domestic research and demonstrations supportive of the public assistance programs funded under titles IV, XIX, and XX of the Act, and under Section 222 of Pub. L. 92-603 including Section 402(a) of Pub. L. 90-248 (as amended by 222(b) of Pub. L. 92-603) for experiments and demonstration projects under Title XIX of the Social Security Act. Applications must be received by July 1, 1977, with the exception of certain specified projects in social services, which must be received by May 15, 1977.

Applications for grants may be made by States and public or nonprofit agencies, organizations or institutions, including State or local agencies responsible for administering federally aided programs of financial or medical assistance or services. Section 1115 grants are available only to the State agency responsible for administering the federally aided programs of income maintenance, medical and social services.

GENERAL POLICY CONSIDERATION

The R&D activities are intended to resolve major Department of Health, Education, and Welfare policy and program issues and to assist States in developing new methods for controlling cost and improving effectiveness of the public assistance programs: Aid to Families with Dependent Children (AFDC), Medicaid, and Social Services. Three types of projects will be emphasized:

1. Those which develop and demonstrate new financing mechanisms, management and administrative procedures, service delivery concepts, and technological innovations for improving the effectiveness and efficiency of public assistance programs at the State and local level;

2. Those which develop more knowledge about the process of identifying the financial and service needs of a target group as well as about how such identified services and assistance are used by that group;

3. Those which develop and implement analytical models for comparing the relative merits of alternative methods of carrying out the public assistance programs.

The basic criteria for funding new projects include the following:

1. The project must address a priority area as discussed below.

2. The concept to be researched must be innovative and not duplicative of other efforts.

3. The knowledge, methods or technology developed must be such that an impact can be made on a significant portion of a public assistance program.

4. The knowledge, methods or technology developed in experimental, developmental, or other demonstration projects must be replicable in whole or in part and potentially applicable in areas other than the test sites.

5. The proposed research procedures must be rigorous and consistent with what is generally agreed to be the advanced state of the art. Where possible, a comparison or a control group should be utilized.

6. Demonstration projects with States must have a commitment of State interest and cite conditions for State continuation of demonstrations judged to be successful once the demonstration project terminates.

PRIORITY AREAS FOR R&D FUNDS

Research and demonstration projects will be directed toward priorities and strategies derived from major policy and program issues. The basic conceptual framework of research and demonstration activities will be built on the delineation of a specific set of research issues to which all grants and contracts must address themselves in order to be considered. The process of identifying issues and setting priorities will usually take place in the first half of the fiscal year. New projects derived from these issues will not start until the second half of the fiscal year.

The following topics within the three major functional areas have been designated as high priority for R&D funding purposes for FY 77. (However, unsolicited proposals on other topics within these areas will not be discouraged. These will be funded only if judged to be of greater potential value than the topics identified below.)

1. INCOME MAINTENANCE R&D

Income maintenance R&D efforts for new projects in FY 77 will be concentrated on: (a) demonstration of improved resources for workload management which would address such problems as how to identify and meet specific recruitment requirements and training needs and how to improve State/county agency working relationships; (b) demonstration of simplified sampling for improved AFDC-QC management to determine how valid AFDC-QC sampling can be undertaken by States with reduced manpower assigned to sampling tasks; (c) demonstration of assessment of the utility of using data routinely gathered by AFDC-QC auditors in program planning and (d) assessment of the effectiveness of State work requirements and job development programs for AFDC recipients.

2. HEALTH SERVICES R&D

FY 77 funds for Section 1110 and Section 1115 projects in health are sufficient only for one new project and to provide support for continuation of multi-year projects begun in earlier years. The new project will be a demonstration of incentive reimbursement systems to reduce Medicaid costs for long-term care. Additional money is available through Section 222 of Public Law 92-603 for new projects. Section 222 directs the Secretary of HEW to develop and carry out experiments and demonstration projects whose overall objective is to explore ways to reduce health care costs, including Medicaid program costs.

Mechanisms to be used include: (a) innovative approaches to hospital reimbursement, including "prudent buyer" techniques, prospective reimbursement, reimbursement by diagnosis or other case-specific characteristics; (b) exploring cost-effective social and health care service alternatives to more costly and unnecessary in-hospital or long-term institutional care; (c) encouraging use of the most cost-effective forms of ambulatory care; (d) exploring the cost and effectiveness of greater use of physician assistants of various kinds; (e) exploring the effects of negotiated rates and/or performance incentives upon the efficiency of, and economy of, health care delivery upon the Medicaid program; and (f) investigating the effects of adding supplementary services to those normally covered by and included in the Medicaid program when these services can be provided as part of an organized health care system and when their purposes are to reduce either short or long-range costs of both, e.g., mental health care services, outpatient surgical services, other comprehensive health care services; and institutional type health care services given outside the traditional institutional setting.

3. SOCIAL SERVICES R&D

Social services R&D efforts in FY 1977 will be concentrated in four principal areas: improving the delivery of services to Indians; developing programs to prevent more serious social problems or to deal with emerging service responsibilities of public social service agencies; improving the efficiency and effectiveness of program administration, including capacity to evaluate; and understanding the economic, political and legal dimensions of social services.

The focus of improving the delivery of services to the Indians will be on: (a) developing a State agency model program for delivery of Indian foster care and adoption services; (b) developing the capacity of Indian tribes to plan, manage and deliver social services; (c) designinng and testing alternative methods for improving State agency delivery of Title XX/IV-B services to Indians; (d) a feasibility test of amendments to Title XX to improve delivery of services to Indians; (e) designing and testing standards for child care and/or foster care for Indian children on a reservation; and (f) designing and testing a needs assessment and planning model for use by an Indian tribe or organization acting as the sub-State planning area for CASP development (application due date for the above six projects is May 15, 1977).

Preventive social service research will include: (a) assessment of existing models for treating battered spouses and a plan for demonstrations to test other alternatives; (b) demonstration of a model of improved and expanded resources for services to troubled youth; (c) demonstration of a residential treatment for adult multi-problem female-headed families; (d) designing and testing of a preventive services strategy in a new community or an energy impacted community; (e) a state-of-the-art paper on child welfare research; (f) development of national standards (operational) for residential placements of children (application due date for this project is May 15, 1977); and (g) a planning grant for a housing improvement demonstration.

Research to improve the effectiveness and efficiency of program administration will include: (a) development of information and referral systems to be used by local agencies which will maintain comprehensive information on a full range of local service providers; (b) improvement in child welfare services reporting—including Title XX/IV-B State funds; (c) designing and testing of Title XX State agency evaluation models (application due date for this project is May 15, 1977); and (d) development and testing of a model for Regional Office provision of technical assistance to States for contracting for social services.

Research aimed at improved understanding of the economic, political and legal dimensions of social services will include: (a) a survey of gaps in agency rules and the responsibilities for mentally retarded adults, juvenile delinquents and neglected children and the development of a corrective action plan; (b) development of a family impact statement; (c) a study of factors affecting the demand for, and utilization of, social services; and (d) a planning grant for an R&D strategy to design and test a free-standing personal social service system.

DURATION AND AVAILABILITY OF FUNDS

Available funds for FY 77 for grants under Sections 426, 1110, and 1115 of the Social Security Act total $3,877,586. This amount is available for new and continuation projects in three functional areas:

	New	Continuations
Income maintenance	$225,000	$310,000
Health services	100,000	1,425,086
Social services	1,025,000	792,500

Of the total appropriation for Sections 426, 1110, and 1115, $3,500,000 has been set aside for contract procurement.

Available funds for FY 77 for grants under Section 222 of Pub. L. 92-603 total $5,125,000, of which 2,067,000 is for new projects and $3,058,000 is for continuation projects.

Grants will be awarded for a period of one year, but may be continued on a competing basis, for a longer period depending on the availability of funds, the meeting of the project objectives and completion of first year products, and relevance of the project to current program priorities. Generally only one new project under each priority area will be funded.

REVIEW OF THE RESEARCH AND DEMONSTRATION PROPOSALS

The selection of the new research and demonstration proposals and continuations will be based on their relevance to R&D objectives, their potential impact, and technical and scientific adequacy, as well as the capability of the prospective grantee to carry out the indicated scope of work.

The review process will consist of two phases. During the first phase, project proposals which are not relevant to the three functional areas will be screened out and the applicant notified of this action. Those project proposals passing the first screening will be submitted for methodological review. The final decision on relevance will be made at the time all in-house study and reviews by a designated expert panel are completed. The review process will use a minimum of three review panelists outside of the Office of Planning, Research, and Evaluation and will be coordinated by the R&D Project Officer. The Project Officer

V 4267 APR 77 UMI

will prepare the recomendation for approval. Numerical ratings and written assessments will be made for each application and a rank ordering of applications will be made. In general, project funding requirements should fall between $50,000 and $300,000 per year.

PROJECT REQUIREMENTS

In addition to meeting the basic criteria described under General Policy Considerations, the project proposal must meet the following requirements as detailed in the Project Narrative section of the Grant Application Package.

1. Project objectives must be explicitly described and measurable.

2. A well-defined and carefully worked out methodolgy must be included for determining the cost-benefits of any R&D effort undertaken which deals with policies and program options.

3. Tasks and milestones must be clearly described and scheduled.

4. The project should list the qualifications of the project personnel and demonstrate how those qualifications make those people capable to perform their assigned tasks in the project in a competent manner.

5. The budget must be given in detail with justifications and explanations. Estimated costs must be reasonable considering the anticipated results.

6. All projects must have an evaluation component which describes data collection and analysis procedures geared to quantitative assessment of the degree to which intended objectives are achieved. Such analysis must be clearly distinguished from activities designed primarily for giving project staff feedback on their progress toward meeting project.

7. The applicant organization must have adequate facilities and resources to carry out the project.

8. A research project must include hypotheses to be tested, a research design which specifies dependent and independent variables, basis of sample design and size, controls if any, and research and analytical methodologies.

9. A demonstration project must include a demonstration design, objectives, analytical methodologies, and evaluation methodologies.

10. Plans for utilization of a research or a demonstration project's results must be described along with the deliverable products to be derived.

APPLICATION PROCEDURES

1. APPLICATION FORM

A standard application form has been developed for all OPRE research and demonstration grant programs which can be utilized by potential governmental and non-governmental applicants. Project guidances with application kits which provide specifications for each of the topics within the three functional areas are available upon request. For a copy of the form and the detailed instructions, write:

Division of Project Grants Administration (DPGA); HEW, Room 4200-C, Switzer Building, 330 C Street, SW., Washington, D.C. 20201.

Applications must be received at the above address by July 1, 1977, or May 15, 1977 where specified in social services R&D to be considered for fiscal year 1977 funding. An application will be considered to be received on time if:

a. The application was sent by registered or certified mail not later than May 15, 1977, as evidenced by the U.S. Postal Service postmark, or on the original receipt from the U.S. Postal Service; or

b. The application is received on or before the closing date by the Department of Health, Education, and Welfare in Washington, D.C. (In establishing the date of receipt, consideration will be to the time date stamp of the mailroom or other documentary evidence of receipt maintained by DHEW.)

For those potential grantees who desire a preliminary assessment of the prospects for funding, a concept paper of 3-5 pages or a grant preapplication form may be submitted discussing:

a. Project objectives;
b. Methodological approach;
c. Major milestones;
d. Funding requirements;
e. End products to be derived; and
f. Qualifications of proposed project staff and sponsoring organization.

The concept paper or grant preapplication should be sent to:

Associate Administrator for Planning, Research, and Evaluation, HEW, Room 5074, Switzer Building, 330 C Street SW., Washington, D.C. 20201.

(Submission of this concept paper or grant preapplication does not constitute an application.)

2. GRANT POLICIES

Funding of grants, when possible, will be through a competitive process, based on a choice among proposals submitted in response to notices. States applying for demonstration grants are encouraged to apply to the Central Office with a copy to the HEW Regional Office. Under Section 1115 of the Social Security Act grants made to States may cover the entire cost of an R&D project. Section 1115 R&D funds may be used to pay what would normally be the State's share of the project activity.

R&D policies in terms of grantee responsibilities, awarding and payment procedures, special provisions, and assurances can be found in the following documents:

SRS Project Grants Policy Handbook, DHEW Publication No. (SRS) 76-04001.
Administration of Grants, 45 CFR Part 74.

These documents are available from DPGA at the above address.

(Catalog of Federal Domestic Assistance Program No. 13.766—Public Assistance Research.)

Dated: April 1, 1977.

DON WORTMAN,
Acting Administrator, Health Care Financing Administration.

[FR Doc.77-10350 Filed 4-6-77;8:45 am]

Public Health Service

NATIONAL INSTITUTES OF HEALTH

Statement of Organization, Functions, and Delegations of Authority

Part H, Chapter HN (National Institutes of Health) of the Statement of Organization, Functions, and Delegations of Authority for the Department of Health, Education, and Welfare (40 FR 22859, May 27, 1975, as amended most recently at 41 FR 29010, July 14, 1976) is amended to reflect: (1) the establishment of the Development Therapeutics Program (HNC67) and (2) the abolishment of the Experimental Therapeutics Program (HNC64) and the Drug Research and Development Program (HNC65) within the National Cancer Institute. This action will combine closely related activities in order to speed development of new therapeutic modalities.

Sec. HN-B, Organization and Functions, is amended as follows:

1. Under the heading National Cancer Institute (HNC), delete the statements for the Experimental Therapeutics Program (HNC64) and the Drug Research and Development Program (HNC65).

2. Insert the following statement after the statement for the Cancer Therapy and Evaluation Program (HNC66):

Developmental Therapeutics Program (HNC67): (1) Plans, directs, and conducts a basic and applied research program in the preclinical development of therapeutic modalities especially those related to chemotherapy; (2) establishes program priorities, allocates resources, maintains project integration, evaluates program effectiveness and represents the program area in management and scientific decisionmaking meetings in the Institute; (3) through intramural laboratories and contracts, administers research in programmed preclinical evaluation of potential cancer therapeutic agents, molecular pharmacology and toxicology of drugs, and molecular biological aspects of neoplastic transformation; (4) advises the Director of the Division and supports the activities of the National Cancer Advisory Board and other scientific advisory committees with regard to the program area.

Dated: March 30, 1977.

JOHN D. YOUNG,
Assistant Secretary for Management and Budget.

[FR Doc.77-10351 Filed 4-6-77;8:45 am]

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

Office of Assistant Secretary for Housing-Federal Housing Commissioner

[Docket No. D-77-485]

AREA DIRECTORS AND DEPUTY AREA DIRECTORS

Redelegation of Authority With Respect to Housing; Temporary Continuation of Authority

The redelegations of authority published at 41 FR 52450 and 41 FR 42545 on November 30, 1976, and as they may be amended, designated certain Insuring Offices as Full Service Housing Offices and, thereby, redelegated to the Directors and Deputy Directors of these offices the authority for additional housing programs.

In order to provide continued administration of such housing programs, including management thereof, during a transition period, all redelegations of authority as cited above are temporarily and concurrently continued in and redelegated to Area Directors and Deputy Area Directors and subordinate officials who exercised such redelegated powers and authorities with respect to the territorial area of each such listed Insuring Office prior to September 13, 1976, and those officials may exercise these powers and authorities in such areas of jurisdiction as before September 13, 1976.

In addition, the redelegations of authority vested in the Director and Deputy Director and subordinate officials of the Fresno Insuring Office by approval of the Secretary of the establishment of the Fresno Insuring Office and the insuring jurisdiction of that office with respect to the counties of Fresno, Kern, Kings, Madera, Mariposa, Merced, Stanislaus, and Tulare of the State of California are also temporarily and concurrently continued in the Area Director and Deputy Area Director and subordinate officials of the San Francisco Area Office with respect to all counties, except Kern, and in the Area Director and Deputy Area Director and subordinate officials of the Los Angeles Area Office with respect to Kern County.

Effective Date: These temporary and concurrent redelegations of authority are effective from September 13, 1976, and shall remain in effect until terminated.

Issued at Washington, D.C. on April 2, 1977.

MORTON BARUCH,
Deputy Assistant Secretary for Housing, Federal Housing Commissioner.

[FR Doc.77-10333 Filed 4-6-77;8:45 am]

The proposed rule making was published in the January 19, 1977 FEDERAL REGISTER. The comment period was extended until May 23, 1977 by a notice in the March 15, 1977 FEDERAL REGISTER.

Public Meetings will be conducted by the Fairbanks District Office May 2 in Galena at the Galena Public School; May 3 in Nome at the Nome Elementary School; May 4 in Kotzebue at the City Conference Room; May 5 in Barrow at the North Slope Borough Assembly Room; May 6 in Fort Yukon at the Community Center; May 9 in Fairbanks at the Hutchinson Adult Career Development Center; May 10 in Delta at the school gymnasium; and May 11 in Tok at the school library. All meetings will be held from 7 to 10 pm.

Public meetings will also be conducted by the Anchorage District Office May 3 in Anchorage at BLM's Anchorage District Office from 1-4:30 p.m. and at 7 p.m.; May 6 in McGrath at the BLM Mess Hall at 7 p.m.; and on May 19 in Bethel BLM officials will appear on "BLM Land Report" on KYUK TV.

Oral or written statements may be submitted at the meetings. Written statements may also be submitted to he Director (210), Bureau of Land Management, U.S. Deartment of the Interior, Washington, D.C. 20240. Copies of the proposed regulations are available from Bureau of Land Management offices in Anchorage or Fairbanks.

Further information concerning the meetings may be obtained from Bill Robertson, Public Information Officer, Fairbanks District Office, Bureau of Land Management, Box 1150, Fairbanks, AK 99701, telephone (907) 452-4725 or Joette Storm, Public Information Officer Anchorage District Office, Bureau of Land Management, 4700 East 72d, Anchorage, AK 99502, telephone 907-344-9661.

CLAIR M. WHITLOCK,
Acting State Director.

[FR Doc.77-10337 Filed 4-6-77;8:45 am]

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

ALASKA

Public Meetings

Notice is hereby given that the Bureau of Land Management, Alaska, U.S. Department of the Interior, will hold public meetings May 2 through May 19 on the proposed amendment of regulations concerning principles and procedures for land classification in Alaska. [43 CFR Part 2400]

This proposed amendment of and addition to the regulations contained in Part 2400 of Title 43 of the Code of Federal Regulations is being made to add the authority for classification and reclassification of lands in Alaska contained in section 17(d)(1) of the Alaska Native Claims Settlement Act (43 U.S.C. 1616 (d)(1), and to place all classification criteria and procedures relating to lands in Alaska under the proposed Subpart (2480).

[M 36710]

MONTANA

Proposed Withdrawal and Reservation of Lands

APRIL 1, 1977.

The Bureau of Land Management, Department of the Interior, has filed an application, Serial Number M 36710, for the withdrawal of approximately 4,471.31 acres of national resource land from settlement, sale, location, or entry under all of the general land laws, including the general mining laws, but not from leasing under the mineral leasing laws, subject to valid existing rights.

The purpose of the withdrawal is to permit the continuation of the Chamberlain Creek study in reference to the effects of roads and logging practices on elk populations. This study is being conducted on a cooperative basis with the following participants: Montana Department of Fish and Game, Intermountain Forest and Range Experiment Station, University of Montana School of Forestry, the Forest Service, and the Bureau of Land Management.

On or before May 9, 1977, all persons who wish to submit comments, suggestions, or objections in connection with the proposed withdrawal may present their views in writing to the undersigned officer of the Bureau of Land Management.

Pursuant to section 204(h) of the Federal Land Policy and Management Act of 1976, notice is hereby given that an opportunity for a public hearing is afforded. All interested persons who desire to be heard on the proposed withdrawal must submit a written request for a hearing to the State Director, Bureau of Land Management, at the address shown below, by May 10, 1977. Upon determination by the State Director that a public hearing will be held, the time and place will be announced.

The Department of the Interior's regulations provide that the authorized officer of the Bureau of Land Management will undertake such investigations as are necessary to determine the existing and potential demands for the lands and their resources.

The authorized officer will also prepare a report for consideration by the Secretary of the Interior who will determine whether or not the lands will be withdrawn. The determination of the Secretary on the application will be published in the FEDERAL REGISTER. A separate notice will be sent to each interested party of record.

On or before April 7, 1979, the lands will be segregated from entry as specified above unless the application is rejected or the withdrawal is approved prior to that date. If the withdrawal is approved by the Secretary, the lands will remain segregated.

The lands involved in the application are:

PRINCIPAL MERIDIAN, MONTANA

T. 13 N., R. 13 W.,
Sec. 4, lots 2, 3, and 4, SW¼NE¼, S½NW¼, and SW¼;
Sec. 5, all;
Sec. 6, all;
Sec. 7, all;
Sec. 8, all; and
Sec. 9, W½NW¼ and NW¼SW¼.
T. 14 N., R. 13 W.,
Sec. 20, lots 1, 2, and 3, S½NE¼, SE¼NW¼, E½SW¼, and SE¼;
Sec. 28, W½NE¼, NW¼, and S½;
Sec. 30, E½E½;
Sec. 32, all; and
Sec. 34, W½NW¼, and NW¼SW¼.

The areas described aggregate 4,471.31 acres in Powell County, Montana.

All communications in connection with this withdrawal should be addressed to the undersigned officer, Bureau of Land Management, Department of the Interior, P.O. Box 30157, Billings, Montana 59107.

ROLAND F. LEE,
Chief, Branch of Lands and Minerals Operations.

[ES 17056]

MINNESOTA

Proposed Withdrawal and Reservation of Lands; Correction

MARCH 29, 1977.

The Notice of Proposed Withdrawal and Reservation of Lands under serial No. ES 17056, dated March 17, 1977, which appeared in 42 FR 15372–15373 on Monday, March 21, 1977, is hereby corrected by inserting in the seventh paragraph, immediately after "The lands involved in the application are:", the following words: Fourth Principal Meridian, Minnesota.

CLAUDE A. MARTIN,
Acting Director.

[FR Doc.77-5910 Filed 4-6-77;8:45 am]

[Wyoming 58782]

WYOMING

Application

MARCH 30, 1977.

Notice is hereby given that pursuant to Section 28 of the Mineral Leasing Act of 1920, as amended (30 U.S.C. 185), the Colorado Interstate Gas Company of Colorado Springs, Colorado filed an application for a right-of-way to construct a 4 inch O.D. pipeline for the purpose of transporting natural gas across the following described National Resource Lands:

SIXTH PRINCIPAL MERIDIAN, WYOMING

T. 20 N., R. 94 W.
Sec. 18, lot 3, SW¼NE¼, SE¼NW¼, and NE¼SW¼.

The pipeline will transport natural gas from the #1–18 Federal well in section 18, T. 20 N., R. 94 W., into an existing natural gas pipeline in section 13, T. 20 N., R. 95 W. in Sweetwater County, Wyoming.

The purpose of this notice is to inform the public that the Bureau will be proceeding with consideration of whether the application should be approved, and if so, under what terms and conditions.

Interested persons desiring to express their views should do so promptly. Persons submitting comments should include their name and address and send them to the District Manager, Bureau of Land Management, 1300 Third Street, P.O. Box 670, Rawlins, Wyoming 82301.

HAROLD G. STINCHCOMB,
Chief, Branch of Lands and Minerals Operations.

[FR Doc.77-10240 Filed 4-6-77;8:45 am]

[NM 30232 and 30238]

NEW MEXICO

Notice of Applications

MARCH 30, 1977.

Notice is hereby given that, pursuant to section 28 of the Mineral Leasing Act of 1920 (30 U.S.C. 185), as amended by the Act of November 16, 1973 (87 Stat. 576), Northwest Pipeline Corporation has applied for one 8⅝-inch and seven 4½-inch natural gas pipeline rights-of-way across the following lands:

NEW MEXICO PRINCIPAL MERIDIAN, NEW MEXICO

T. 29 N., R. 5 W.,
Sec. 3, SW¼NW¼ and SW¼SW¼;
Sec. 4, S½NE¼;
Sec. 5, SE¼NW¼;
Sec. 8, S½SE¼;
Sec. 9, E½NE¼;
Sec. 10, NW¼NW¼.
T. 29 N., R. 6 W.,
Sec. 26, SW¼NW¼.
T. 25 N., R. 10 W.,
Sec. 6, lot 7;
Sec. 7, lots 1, 2, 3, and 4;
Sec. 19, lots 1, 2, and SE¼NW¼.

These pipelines will convey natural gas across 3.260 miles of national resource lands in Rio Arriba and San Juan Counties, New Mexico.

The purpose of this notice is to inform the public that the Bureau will be proceeding with consideration of whether the applications should be approved, and if so, under what terms and conditions.

Interested persons desiring to express their views should promptly send their name and address to the District Manager, Bureau of Land Management, P.O. Box 6770, Albuquerque, New Mexico 87107.

RAUL E. MARTINEZ,
Acting Chief, Branch of Lands and Minerals Operations.

[FR Doc.77-10270 Filed 4-6-77;8:45 am]

National Park Service

[Order 84, Amdt. 3]

MANAGER, DENVER SERVICE CENTER

Delegation of Authority

Order No. 84, approved April 8, 1974, and published in the FEDERAL REGISTER of April 18, 1974, (39 FR 13904), as amended, set forth in section 2 the limitations on redelegations of authority.

Section 2 is hereby amended to read as follows:

SEC. 2. *Redelegation.* (1) The Manager, Denver Service Center may, in writing, redelegate to his officers and employees the authority delegated in this order and may authorize written redelegations of such authority except that contract and procurement authority in excess of $50,000 may only be redelegated to the Project Manager for the Saudi Arabian Project; and to the Chief, Contract Administration, Denver Service Center who may in turn redelegate such authority to his Divisional Chiefs. Each redelegation shall be published in the FEDERAL REGISTER. (205 DM as amended, 245 DM, as amended; sec. 2 of Reorganization Plan No. 3 of 1950.)

Dated March 31, 1977.

GARY EVERHARDT,
Director, National Park Service.

NATIONAL FOUNDATION ON THE ARTS AND THE HUMANITIES

National Endowment for the Arts

FEDERAL GRAPHICS EVALUATION ADVISORY PANEL

Meeting

Pursuant to Section 10(a)(2) of the Federal Advisory Committee Act (Pub. L. 92–463), notice is hereby given that a meeting of the Federal Graphics Evaluation Advisory Panel will be held on April 29, 1977, from 9:30 a.m. to 4:30 p.m., in Room 1125, Columbia Plaza Building, 2401 E. Street, NW., Washington, D.C.

A portion of this meeting will be open to the public on April 29, from 9:30 a.m. to 11:30 a.m. and 2:30 p.m. to 4:30 p.m., on a space available basis. Accommodations are limited. Interested persons may submit written statements with the committee. The agenda for the open session will include a review and discussion of a portfolio of graphics material from the National Endowment for the Humanities.

The remaining sessions of this meeting on April 29, from 1:30 p.m. to 2:30 p.m., are for the purpose of Panel review, discussion, evaluation, and recommendation on Federal Graphics under the National Foundation on the Arts and the Humanities Act of 1965, as amended in accordance with the President's Directives of May 16, 1972, August 23, 1974, and June 26, 1975, on Improvement of Federal Graphics. In accordance with the determination of the Chairman published in the FEDERAL REGISTER of March 17 1977. These sessions may be closed to the public pursuant to subsection (c), (6), and 9(b) of section 552b of Title 5, United States Code.

Further information with reference to this meeting can be obtained from Mr. Robert M. Sims, Advisory Committee Management Officer, National Endowment for the Arts, Washington, D.C. 20506. or call 202–634–6377.

ROBERT M. SIMS,
Administrative Officer, National Endowment for the Arts, National Foundation on the Arts and the Humanities.

NUCLEAR REGULATORY COMMISSION

[Special Nuclear Material License Nos. SNM–145 and SNM–414]

BABCOCK & WILCOX CO.

Hearing

Babcock and Wilcox Company (Facilities at Apollo and Leechburg, Pennsylvania), Nuclear Materials Division, P.O. Box 1260, Lynchburg, Virginia, 24505 ("the licensee") is the holder of Special Nuclear Material License Nos. SNM–145 and SNM–414, granted by the Atomic Energy Commission ("the Commission"). The licenses authorize the licensee to receive, possess, use, and transfer special nuclear materials, including uranium of any enrichment in the isotope U–235, U–233, and plutonium in the fabrication of reactor fuel and radiation sources, at facilities located at Apollo and Leechburg. These facilities use highly enriched uranium for the fabrication of fuel for the Naval Nuclear Program. License No. SNM–145 has an expiration date of September 30, 1969 and License No. SNM–414 has an expiration date of July 31, 1968, but timely applications for renewal of these licenses were submitted by the licensee and both licenses continue in effect.

On February 28, 1977 the Director, Office of Inspection and Enforcement, pursuant to the Atomic Energy Act of 1954, as amended, and 10 CFR Parts 2 and 70 of the Commission's regulations, served on the licensee an order requiring special reconciliation of highly enriched uranium inventory. The order alleged that the licensee has not demonstrated sufficient accounting control over highly enriched uranium in its possession, as evidenced by the specific items of noncompliance identified in a Notice of Violation attached to the order. Upon these premises the order imposed specific inventory reconciliation and reporting requirements and made plant start-up following the April 1977 inventory contingent upon written approval by the Office of Inspection and Enforcement.

In accordance with the provisions of the order and of section 2.204 of 10 CFR Part 2, the licensee filed a demand for hearing ("licensee's request for hearing") on March 21, 1977. On the same day, the company's Vice President, Nuclear Division, sent to the Director a lengthy response to the Notices of Violation which had accompanied the Director's order. This reply did not, however, state the date when full compliance would be achieved, as our regulations require. 10 CFR 2.201. On March 23, 1977 the licensee filed a "further response to NRC order" noting that, although it had requested a hearing on March 21, 1977, it was concurrently engaged in urgent discussions with the NRC staff toward achieving an appropriate resolution of the matters covered by the order. The March 23 filing then requested that the initiation of hearing procedures be deferred pending the outcome of the discussions with the NRC staff.

The effect of filing the request for hearing is to suspend the effectiveness of the Director's order pending completion of the hearing process. Noting this impact and its belief that the licensee's March 23 request, if granted, could indefinitely delay the time for the licensee's demonstration of full compliance with the Commission's requirements, our Staff has opposed the request in a pleading filed with us March 30, 1977. The Staff notes that, in taking this position, it in no way intends to imply that the ongoing efforts to resolve disputed matters through negotiation should not be vigorously pursued, and suggests leaving open the possibility of such deferral on a proper showing that the public interest would thereby be served.

Our Staff also addresses the question whether the circumstances of the alleged violations are such as to require immediate effectiveness for the Director's order. It states that:

"Prior to issuing the Order the Director of the Office of Inspection and Enforcement, after careful consideration of the specific nature of the individual items of non-compliance, determined that the public health, safety or interest did not require that the Order be made immediately effective. The items of alleged non-compliance deal with such matters as the procedures for measuring incinerator ash, the proper procedure to follow when a scale or balance is outside of control limits, processing of scrap within the time requirements of the license, and proper filling out of transfer documents. The specific items were not deemed in the context of the licensee's activities to be of the character to reasonably suggest that loss or diversion of material is in fact occurring; they suggest instead that there are weaknesses in material control and accounting that require remedial action.

In the aggregate, these items of non-compliance clearly warrant the imposition of the inventory reconciliation and reporting requirements set out in the Order. Beyond that, continued violation of regulatory requirements cannot be ignored.

While these considerations persuade it that, for the present, immediate effectiveness is not called for, the Staff properly notes its understanding of its continuing authority and responsibility to issue further orders, immediately effective, if available information reveals such a need. 10 CFR 2.201, 2.202, 2.204, 2.217(b).

These considerations persuade us that the March 23 request for deferral of hearing should be denied. The Director's February 28 order reflects a situation which appears to be the occasion for timely action. Recognizing the substantial expense which compliance with the Director's order might impose upon the licensee, and the possible impact as well of forced closure of an important fuel facility on our defense program, we are also concerned that continued operation in the present apparent circumstances not cause significant harm to the national interest.

Accordingly, pursuant to the Atomic Energy Act of 1954, as amended, and the regulations in Title 10, Code of Federal Regulations, Part 2, "Rules of Practice," notice is hereby given that a hearing will be held before an atomic safety and licensing board designated by the Chairman of the Atomic Safety and Licensing Board Panel, at times and places to be designated by it, under the authority conferred by the Commission's rules. The nature of the issues raised appears to require that these hearings be conducted with dispatch, and the presiding officer is directed to take all appropriate measures to bring them to a prompt conclusion. However, we give this direction without prejudice to the licensee's right to renew his request for deferral before the tribunal or to the granting of such a request upon a proper showing that the public interest would thereby be best served.

The company's response to the Notices of Violation, already filed, will doubtless be of substantial assistance in framing its answer to this Notice of Hearing. For this reason, and to promote the necessary expedition the company is directed to file its answer to be received by the Secretary of the Commission no later than the close of business April 11, 1977, and the presiding officer is directed to begin immediately any necessary prehearing considerations.

The Panel will consider and initially decide, as the issues in this proceeding:

1. Whether the licensee has fully implemented the Fundamental Nuclear Material Control Plan and has demonstrated adequate accounting control of highly enriched uranium.

2. Whether the licensee is in non-compliance with the Atomic Energy Act of 1954, as amended, the Commission's Rules and Regulations, and the conditions of License Nos. SNM–145 and SNM–414, as described in order requiring special reconciliation of highly enriched uranium inventory dated February 28, 1977 and the Notice of Violation attsched thereto.

3. Whether, on the basis of 1 and 2 above, the February 28, 1977 Order, appropriately modified as to date, should be sustained.

A prehearing conference or conferences will be held by the Panel, at a date and place to be set by it, to consider pertinent matters in accordance with the Commission's "Rules of Practice". The date and place of the hearing will be set at or after the prehearing conference. Notices as to the dates and places of the prehearing conference and the hearing, and any possible application of Subpart I or Part 2 of the Commission's rules, will be published in the FEDERAL REGISTER.

Papers required to be filed in this proceeding may be filed by mail or telegram addressed to the Secretary of the Commission, U.S. Nuclear Regulatory Commission, Washington, D.C. 20555, Attention: Docketing and Service Section or may be filed by delivery to the Commission's Public Document Room, 1717 H Street NW., Washington, D.C. 20555.

Because of its obvious interests in any action impinging on a facility fabricating fuel for its program, the Energy Research and Development Administration should have an opportunity to speak to the issues presented at the hearing, and in any consideration of interim action. Accordingly, the Administration will be invited to participate in all proceedings herein as an amicus curiae, and the parties are directed to serve copies of all papers herein on Alfred D. Starbird, Assistant Administrator for National Security, Energy Research and Development Administration.

Pending further order, Parties are required to file, pursuant to the provisions of 10 CFR 2.708, an original and twenty (20) conformed copies of each such paper with the Commission.

Pursuant to 10 CFR 2.785, the Commission authorizes an Atomic Safety and Licensing Appeal Board to exercise the authority and perform the review func-

V 4267 APR 7 77 UMI

tions which would otherwise be exercised and performed by the Commission. The Appeal Board will be designated pursuant to 10 CFR 2.787, and notice as to its membership will be published in the FEDERAL REGISTER.

For the Nuclear Regulatory Commission.

Dated at Washington, D.C. this 1st day of April, 1977.

SAMUEL J. CHILK,
Secretary of the Commission.

[FR Doc.77-10247 Filed 4-6-77;8:45 am]

[Doc. Nos. 50-295 and 50-304]

COMMONWEALTH EDISON CO.

Proposed Issuance of Amendments to Facility Operating Licenses

The Nuclear Regulatory Commission (the Commission) is considering the issuance of amendments to Facility Operating Licenses Nos. DPR-39 and DPR-48 issued to Commonwealth Edison Company (the licensee) for operation of the Zion Station Units 1 and 2 (the facility) located in Zion, Illinois.

The amendments will involve changes to the common Technical Specifications relative to three-loop operation for both Zion Units 1 and 2. Present restrictions to three-loop operation will be removed from the Facility Operating Licenses and revised operating limits based on an ECCS analysis specified by 10 CFR Part 50.46, "Acceptance Criteria for Emergency Core Cooling Systems for Light Water Nuclear Power Reactors," will be added to the Technical Specifications.

Prior to issuance of the proposed license amendments, the Commission will have made the findings required by the Atomic Energy Act of 1954, as amended (the Act), and the Commission's rules and regulations.

By May 9, 1977, the licensee may file a request for a hearing and any person whose interest may be affected by this proceeding may file a request for a hearing in the form of a petition for leave to intervene with respect to the issuance of the amendments to the subject facility operating licenses. Petitions for leave to intervene must be filed under oath or affirmation in accordance with the provisions of § 2.714 of 10 CFR Part 2 of the Commission's regulations. A petition for leave to intervene must set forth the interest of the petitioner in the proceeding, how that interest may be affected by the results of the proceeding, and the petitioner's contentions with respect to the proposed licensing action. Such petitions must be filed in accordance with the provisions of this FEDERAL REGISTER Notice and § 2.714 of 10 CFR, and must be filed with the Secretary of the Commission, U.S. Nuclear Regulatory Commission, Washington, D.C. 20555. Attention: Docketing and Service Section by the above date. A copy of the petition and/or request for a hearing should be sent to the Executive Legal Director, U.S. Nuclear Regulatory Commission, Washington, D.C. 20555 and to Mr. John W. Rowe, Isham, Lincoln & Beale, One First National Plaza, Chicago, Illinois 60690, the attorney for the licensee.

A petition for leave to intervene must be accompanied by a supporting affidavit which identifies the specific aspect or aspects of the proceeding as to which intervention is desired and specifies with particularity the facts on which the petitioner relies as to both his interest and his contentions with regard to each aspect on which intervention is requested. Petitions stating contentions relating only to matters outside the Commission's jurisdiction will be denied.

All petitions will be acted upon by the Commission or licensing board designated by the Commission or by the Chairman of the Atomic Safety and Licensing Board Panel. Timely petitions will be considered to determine whether a hearing should be noticed or another appropriate order issued regarding the disposition of the petitions.

In the event that hearing is held and a person is permitted to intervene, he becomes a party to the proceeding and has a right to participate fully in the conduct of the hearing. For example, he may present evidence and examine and cross-examine witnesses.

For further details with respect to the action, see the application for amendments dated January 27, 1977, which is available for inspection at the Commission's Public Document Room, 1717 H Street, NW., Washington, D.C., and at the Waukegan Public Library, 128 North County Street, Waukegan, Illinois 60085.

Dated at Bethesda, Maryland, this 29th day of March 1977.

For the Nuclear Regulatory Commission.

A. SCHWENCER,
Chief, Operating Reactors Branch No. 1, Division of Operating Reactors.

[Doc. No. 50-3]

CONSOLIDATED EDISON CO. OF NEW YORK, INC.

Issuance of Amendment to Provisional Operating License

The U.S. Nuclear Regulatory Commission (the Commission) has issued Amendment No. 15 to Provisional Operating License No. DPR-5, issued to Consolidated Edison Company of New York, Inc. (the licensee), which revised Technical Specifications for the Indian Point Nuclear Generating Unit No. 1 (the facility) located in Westchester County, New York. The amendment is effective as of its date of issuance.

The amendment revises the Technical Specifications to delete the requirement for containment spray system tests of the defueled, nonoperating reactor.

The application for the amendment complies with the standards and requirements of the Atomic Energy Act of 1954, as amended (the Act), and the Commission's rules and regulations. The Commission has made appropriate findings as required by the Act and the Commission's rules and regulations in 10 CFR Chapter I, which are set forth in the license amendment. Prior public notice of this amendment was not required since the amendment does not involve a significant hazards consideration.

The Commission has determined that the issuance of this amendment will not result in any significant environmental impact and that pursuant to 10 CFR 51.5(d)(4) an environmental impact statement, or negative declaration and environmental impact appraisal need not be prepared in connection with issuance of this amendment.

For further details with respect to this action, see (1) the application for amendment dated July 16, 1976, (2) Amendment No. 15 to License No. DPR-5, and (3) the Commission's related Safety Evaluation. All of these items are available for public inspection at the Commission's Public Document Room; 1717 H Street, N.W., Washington, D.C. and at the Hendrick Hudson Free Library, 31 Albany Post Road, Montrose, New York.

A copy of items (2) and (3) may be obtained upon request addressed to the U.S. Nuclear Regulatory Commission, Washington, D.C. 20555, Attention: Director, Division of Operating Reactors.

Dated at Bethesda, Maryland, this 23rd day of March 1977.

For the Nuclear Regulatory Commission.

ROBERT W. REID,
Chief, Operating Reactors Branch No. 4, Division of Operating Reactors.

[Doc. No. RM-50-5]

GENERIC ENVIRONMENTAL STATEMENT ON MIXED OXIDE FUEL

Prehearing Conference

Notice is hereby given that a prehearing conference in this proceeding will be held on Thursday afternoon, April 21, 1977, at 1:30 p.m. in Room 1046 at the offices of the Nuclear Regulatory Commission at 1717 H St. NW.

The main purpose of the conference will be to discuss the sequence of witnesses at the hearing scheduled to begin May 3, 1977. See Board Order Concerning Discovery, Future Hearing Schedule and Other Matters docketed January 19, 1977, p. 28. This hearing is for questioning by the Board of full participants who served written testimony pursuant to the Board's Order docketed January 19, 1977. Counsel representing witnesses who served such testimony and who wish to participate in our consideration of when their witnesses will be scheduled to appear should plan to attend the conference.

The Board is considering two alternative methods of proceeding. The first would be to schedule witnesses one participant at a time, perhaps starting with the vendors, then the utilities, then the NRC Staff, then the "public interest" groups, and then the states.

The second alternative is to schedule witnesses one subject at a time. Based on the testimony heard or filed so far, there are three broad subject headings (and a number of subheadings) within which most of the areas of dispute lie:

1. *Projections of the growth of the nuclear industry* to the year 2000 with and without plutonium recycle. (Chap. III of final GESMO I, §§ 2-5) The disputed areas include the projected consumption of energy, the projected growth in electrical generating capacity, the alternate sources of electrical generating capacity, the projected nuclear and non-nuclear shares of total electrical generating capacity and the relationship between plutonium recycle and the long-term nuclear option.

2. *The environmental impact* (including health and safety) with and without plutonium recycle of the following steps of the fuel cycle: Reactors (Chap. IVC); Mixed oxide fuel fabrication plants (Chap. IVD); Reprocessing plant operations (Chap. IVE); Mining and milling (Chap. IVF); Radioactive waste management (Chap. IVH); Radiological health assessment (Chap. IVJ). In this second step, we would also ask questions concerning written testimony relating to the environmental impact of methods other than the GESMO recycle alternatives for utilization of plutonium (e.g., tandem fuel cycle and co-processing), on methods other than recycle for conserving uranium (e.g., reducing enrichment tails assay), and on methods other than nuclear for providing electrical energy (e.g., coal and conservation).

3. *Economic costs and the cost/benefit analysis* with and without plutonium recycle (including the "other methods" mentioned in 2 above). (Chap. XI).

The first method would permit a witness who wanted to testify on several subjects to get on and off the witness stand in the shorter possible period of time. The witnesses, however, have generally limited their testimony to one of the three major subjects listed above.

The first method would produce a record in which the same subject would be discussed at many more places than seems either necessary or conducive to the most effective use of the record by the Commission. Moreover, the second method would probably take less time than the first, particularly if the Board attempted to limit questioning to the important subjects of dispute and if all experts on a particular subject were available for questioning at the same time. Under the second method, the Board could question witnesses singly or in panels.

The second method is similar to that used by the Board in questioning the NRC Staff during the first phase of the hearing. While we did not attempt to limit questioning to a few disputed subjects, we did save time by having all the witnesses on a particular subject available for questioning at the same time.

Other alternatives or variations may occur to the full participants. We invite written comments or proposals before the conference by any who choose to make them.

Other business which may come before the prehearing conference will include possible dates for filing testimony in rebuttal to that filed in March, procedures for submitting follow-up questions during this phase of the proceeding, and plans for a recess in July and August.

NRDC has submitted a request for oral argument concerning the adequacy of the replies given by the NRC Staff to certain questions suggested by full participants. We do not perceive the need for such argument and therefore deny NRDC's motion. By acting on the follow-up questions suggested by full participants, we have ruled on specific complaints concerning particular Staff responses to the best of our ability. However, if counsel for NRDC or any other full participant has a better procedure to suggest for the future, he or she may suggest it at or before the prehearing conference.

It is so ordered.

Dated at Madison, Wisconsin, this 29th day of March, 1977.

For the Gesmo Hearing Board.

GEORGE BUNN,
Chairman.

[Doc. No. 50-334]

DUQUESNE LIGHT CO. ET AL.

Hearing on Amendment of Facility Operating License

Duquesne Light Co.; Ohio Edison Co.; and Pennsylvania Power Co. (Beaver Valley Power Station, Unit No. 1).

The U.S. Nuclear Regulatory Commission (the Commission) on January 27, 1977, published in the FEDERAL REGISTER, 42 FR 5155, a "Proposed Issuance of the Amendment to Facility Operating License" relating to the above-identified facility. The proposed amendment would permit an increase in the spent fuel storage capacity at the Beaver Valley Power Station, and opportunity was afforded to interested parties to request a hearing with regard thereto.

The City of Pittsburgh filed a petition to intervene and requested a hearing in response to the above aforementioned announcement in the FEDERAL REGISTER. That petition was granted by this Atomic Safety and Licensing Board which had been established to hear such petitions. In view of our Memorandum and Order granting the petition, we are hereby issuing a Notice of Hearing in connection with the proposed amendment to increase the spent fuel storage capacity at the Beaver Valley Power Station.

Accordingly, please take notice That a hearing will be held at a time and place to be fixed by the Atomic Safety and Licensing Board which has been designated to conduct the proceeding with regard to the proposed amendment requesting an increase in the spent fuel storage capacity at the Beaver Valley Power Station.

The members of the Atomic Safety and Licensing Board designated by the Atomic Safety and Licensing Board Panel to conduct the above-noticed hearing are Mr. Lester Kornblith, Jr. and Dr. James C. Lamb, III as technically qualified members, and Mr. Daniel M. Head as chairman.

Members of the public may request permission to make a limited appearance pursuant to § 2.715(a) of the Commission's Rules of Practice, 10 CFR Part 2. Persons desiring to make limited appearances are requested to inform the Secretary of the Commission, U.S. Nuclear Regulatory Commission, Washington, D.C. 20555. A person making a limited appearance does not become a party but may state his position and raise questions which, if relevant, the Board will require to be answered with evidence on the record. Limited appearances will be received at the time of the evidentiary hearing at the discretion of the Board, within such limits and on such conditions as may be fixed by the Board.

It is so ordered.

Issued at Bethesda, Maryland, this 1st day of April, 1977.

For the Atomic Safety and Licensing Board.

DANIEL M. HEAD,
Chairman.

[FR Doc.77-10250 Filed 4-6-77;8:45 am]

PITTSBURGH-DES MOINES STEEL CO.

[Byproduct Material License No. 37-02607-02]

Hearing

Pittsburgh-Des Moines Steel Company, Grand Avenue, Neville Island, Pittsburgh, Pennsylvania; 15225 is the holder of Byproduct Material License No. 37-02607-02, which authorizes the company to perform industrial radiography with conditions specified therein. The license was issued originally on September 9, 1966 and will expire on October 30, 1980.

On January 5, 1977, the Director of Inspection and Enforcement, pursuant to Section 234 of the Atomic Energy Act of 1954, as amended (42 U.S.C. 2282) and 10 CFR 2.205 of the Commission's regulations, served on the Licensee a Notice of Violation together with a Notice of Proposed Imposition of Civil Penalties. The Notice of Proposed Imposition of Civil Penalties, incorporating by reference the Notice of Violation,

V 4267 APR 7 7 7 UMI V

alleged that the Licensee was responsible for three separate items of noncompliance which were violations of the Commission's regulations and license conditions and set forth the civil penalty to be assessed for each violation. These alleged violations were based on the results of an inspection of licensed activities on November 16, 17, and 23, 1976.

An answer dated January 26, 1977 to the Notice of Proposed Imposition of Civil Penalties was received from the Licensee. The Director of Inspection and Enforcement, after due consideration of the response by Licensee, served on the Licensee an Order Imposing Civil Penalties by letter dated February 25, 1977. By letter dated March 11, 1977 the Licensee requested a hearing.

Pursuant to the Atomic Energy Act of 1954, as amended, and the regulations in Title 10, Code of Federal Regulations, Part 2, notice is hereby given that a hearing will be held before Hon. Samuel W. Jensch, Administrative Law Judge, at a time and place to be set by the Administrative Law Judge.

The issues before the Administrative Law Judge to be considered and decided shall be:

(a) Whether the Licensee committed violations of the Commission's regulations and condition of the license designated as Items A, B, and C, in the Notice of Violation issued to Licensee; and

(b) Whether the Order Imposing Civil Penalties as it relates to Items A, B, and C in the Notice should be sustained.

A prehearing conference will be held by the Administrative Law Judge, at a date and place to be set by him, to consider pertinent matters in accordance with the Commission's Rules of Practice. The date and place of hearing will be set at or after the prehearing conference and noticed in the FEDERAL REGISTER.

Pursuant to 10 CFR 2.705, an answer to this Notice may be filed by the Licensee not later than April 27, 1977.

Required papers may be filed by mail or telegram addressed to the Secretary of the Commission, U.S. Nuclear Regulatory Commission, Washington, D.C. 20555, Attention: Chief, Docketing and Service Branch, or by delivery to the Commission's Public Document Room, 1717 H Street NW., Washington, D.C. 20555.

Pending further order of the Administrative Law Judge, parties are required to file, pursuant to the provisions of 10 CFR 2.708, an original and twenty (20) conformed copies of each such paper with the Commission. Pursuant to 10 CFR 2.785, the Commission authorizes an Atomic Safety and Licensing Appeal Board to exercise the authority and perform the review functions which would otherwise be exercised and performed by the Commission. The Appeal Board will be designated pursuant to 10 CFR 2.787, and notice as to membership will be published in the FEDERAL REGISTER.

For the Nuclear Regulatory Commission.

Dated at Washington, D.C., this 31st day of March, 1977.

SAMUEL J. CHILK,
Secretary to the Commission.

[FR Doc.77-10252 Filed 4-6-77;8:45 am]

[Doc. Nos. 50-361 and 50-362]

SOUTHERN CALIFORNIA EDISON CO. AND SAN DIEGO GAS & ELECTRIC CO.

Receipt of Application for Facility Operating Licenses; Availability of Environmental Report; and Opportunity for Hearing

In the Matter of Southern California Edison Co. and San Diego Gas and Electric Co.; San Onofre Nuclear Generating Station, Units 2 and 3.

Notice is hereby given that the Nuclear Regulatory Commission (the Commission) has received an application for facility operating licenses from Southern California Edison Company and San Diego Gas and Electric Company (the applicants) which would authorize the applicants to possess, use, and operate two pressurized water nuclear reactors (the facilities), located on the applicants' site in San Diego County, California. Each unit would operate at a steady-state power level of 3390 megawatts thermal.

The applicants have also filed, pursuant to the National Environmental Policy Act of 1969 and the regulations of the Commission in 10 CFR Part 51, an environmental report. The report, which discusses environmental considerations related to the proposed operation of the facilities, is being made available at the Office of the Governor, Office of Planning and Research, 1400 Tenth Street, Sacramento, California 95814, and at the San Diego County Comprehensive Planning Organization, Security Pacific Plaza, 1200 Third Avenue, San Diego, California 92101.

After the environmental report has been analyzed by the Commission's Director of Nuclear Reactor Regulation or his designee, a draft environmental statement will be prepared by the Commission's staff. Upon preparation of the draft environmental statement, the Commission will, among other things, cause to be published in the FEDERAL REGISTER a summary notice of availability of the draft statement, requesting comments from interested persons on the draft statement. The summary notice will also contain a statement to the effect that any comments of Federal agencies and State and local officials will be made available when received. The draft environmental statement will focus only on any matters which differ from those previously discussed in the final environmental statement prepared in connection with the issuance of the construction permits. Upon consideration of comments submitted with respect to the draft environmental statement, the staff will prepare a final environmental statement, the availability of which will be published in the FEDERAL REGISTER.

The Commission will consider the issuance of facility operating licenses to Southern California Edison Company and San Diego Gas & Electric Company which would authorize the applicants to possess, use, and operate the San Onofre Nuclear Generating Station, Units 2 and 3, in accordance with the provisions of the licenses and the technical specifications appended thereto, upon: (1) the completion of a favorable safety evaluation on the application by the Office of Nuclear Reactor Regulation; (2) the completion of the environmental review required by the Commission's regulations in 10 CFR Part 51; (3) the receipt of a report on the applicants' application for facility operating licenses by the Advisory Committee on Reactor Safeguards; and (4) a finding by the Commission that the application for the facility licenses, as amended, complies with the requirements of the Atomic Energy Act of 1954, as amended (Act), and the Commission's regulations in 10 CFR Chapter 1. Construction of the facilities was authorized by Construction Permits Nos. CPPR-97 and CPPR-98, both issued by the Commission on October 18, 1973. Construction of Unit No. 2 is anticipated to be completed by February 1980 and Unit No. 3 by May 1981. The Atomic Safety and Licensing Board presiding at the hearing relating to the issuance of construction permits issued its Initial Decision on October 15, 1973. The Initial Decision was subsequently appealed to the Atomic Safety and Licensing Board. The Appeal Board has affirmed, with modifications, the Initial Decision, except with respect to one issue (exclusion area control) which it remanded to the Licensing Board for further proceedings. The Appeal Board has retained jurisdiction over this issue and will, therefore, consider the matter further upon completion of the proceedings currently pending before the Licensing Board.

Prior to issuance of any operating licenses, the Commission will inspect each facility to determine whether it has been constructed in accordance with the application, as amended, and the provisions of the Construction Permits. In addition, the licenses will not be issued until the Commission has made the findings reflecting its review of the application under the Act, which will be set forth in the proposed licenses, and has concluded that the issuance of the licenses will not be inimical to the common defense and security or to the health and safety of the public. Upon issuance of the licenses, the applicants will be required to execute an indemnity agreement as required by Section 170 of the Act and 10 CFR Part 140 of the Commission's regulations.

On or before May 9, 1977, the applicants may file a request for a hearing with respect to issuance of the facility operating licenses and any person whose interest may be affected by this proceeding may file a petition for leave to intervene. Requests for a hearing and petitions for leave to intervene shall be filed in accordance with the Commission's "Rules of Practice" in 10 CFR Part 2. If a request for a hearing or petition for leave to intervene is filed within the time prescribed in this notice, the Commission or an Atomic Safety and Licensing Board, designated by the Commission or by the Chairman of the Atomic Safety and Licensing Board Panel, will rule on the request and/or petition and the Secretary or the designated Atomic Safety and Licensing Board will issue a notice of hearing or an appropriate order.

A petition for leave to intervene must be filed under oath or affirmation in accordance with the provisions of 10 CFR 2.714. As required by 10 CFR 2.714, a petition for leave to intervene shall set forth the interest of the petitioner in the proceeding, how that interest may be affected by the results of the proceeding, and any other contentions of the petitioner including the facts and reasons why he should be permitted to intervene, with particular reference to the following factors: (1) the nature of the petitioner's right under the Act to be made a party to the proceeding; (2) the nature and extent of the petitioner's property, financial, or other interest in the proceeding; and (3) the possible effect of any order which may be entered in the proceeding on the petitioner's interest. Any such petition shall be accompanied by a supporting affidavit identifying the specific aspect or aspects of the subject matter of the proceeding as to which the petitioner wishes to intervene and setting forth with particularity both the facts pertaining to his interest and the basis for his contentions with regard to each aspect on which he desires to intervene. A petition that sets forth contentions relating only to matters outside the jurisdiction of the Commission will be denied.

A request for a hearing or a petition for leave to intervene must be filed with the Secretary of the Commission, United States Nuclear Regulatory Commission, Washington, D.C. 20555, Attention: Docketing and Service Branch, or may be delivered to the Commission's Public Document Room, 1717 H. Street, N.W., Washington, D.C. by May 9, 1977. A copy of the petition should also be sent to the Executive Legal Director, U.S. Nuclear Regulatory Commission, Washington, D.C. 20555, and to Mr. Rollin E. Woodbury, General Counsel, Southern California Edison Company; 2244 Walnut Grove Avenue, P.O. Box 800, Rosemead, California 91770, and Chickering & Gregory, San Diego Gas and Electric Company, 111 Sutter Street, San Francisco, California 94104, attorneys for the applicants.

A petition for leave to intervene which is not timely will not be granted unless the Commission, the presiding officer, or the Atomic Safety and Licensing Board designated to rule on the petition determines that the petitioner has made a substantial showing of good cause for failure to file on time and after considering those factors specified in 10 CFR 2.714(a)(1)-(4) and 2.714(d).

For further details pertinent to the matters under consideration, see the application for the facility operating licenses, which includes the applicants' Final Safety Analysis Report and Environmental Report, dated March 21, 1977 and docketed March 23, 1977, all of which are available for public inspection at the Commission's Public Document Room, 1717 H Street, N.W., Washington, D.C., and at the Mission Viejo Branch Library, 24851 Chrisanta Drive, Mission Viejo, California. As they become available, the following documents may be inspected at the above locations: (1) the safety evaluation report prepared by the Office of Nuclear Reactor Regulations; (2) the draft environmental statement; (3) the final environmental statement; (4) the report of the Advisory Committee on Reactor Safeguards on the application for facility operating licenses; (5) the proposed facility operating licenses; and (6) the technical specifications, which will be attached to the proposed facility operating licenses.

Copies of the proposed operating licenses and the ACRS report, when available, may be obtained by request to the Director, Division of Project Management, U.S. Nuclear Regulatory Commission, Washington, D.C. 20555. Copies of the Office of Nuclear Reactor Regulation's safety evaluation report and final environmental statement, when available, may be purchased at current rates, from the National Technical Information Service, Springfield, Virginia 22161.

Dated at Bethesda, Md., this 23rd day of March, 1977.

For the Nuclear Regulatory Commission.

KARL KNIEL,
Chief Light Water Reactors Branch No. 2, Division of Project Management.

[FR Doc. 77-10253 Filed 4-6-77;8:45 am]

[Docket No. 50-390, 50-391]

TENNESSEE VALLEY AUTHORITY

Watts Bar Nuclear Plant, Units 1 and 2; Special Prehearing Conference

APRIL 1, 1977.

A notice of opportunity to file petitions for leave to intervene in this proceeding involving consideration of issuance of facility operating licenses to the Applicant, was published by the Nuclear Regulatory Commission (NRC) in the FEDERAL REGISTER on December 27, 1976 (41 FR 56244). Such notice provided that any person whose interest may be affected by this proceeding may file a petition for leave to intervene by January 26, 1977 in accordance with the provisions of 10 C.F.R. 2.714.

In response to this notice, a timely petition dated January 26, 1977 was filed by Jeannine W. Honicker of Nashville, Tennessee, appearing pro se. Oppositions to such petition were filed by the Applicant on February 10, 1977 and by the NRC Staff on February 8, 1977, respectively.

Please take notice, That a special prehearing conference pursuant to the provisions of § 2.751a of the Commission's Rules of Practice (10 CFR 2.751a), will be held at 10:00 a.m., local time, on May 12, 1977 at the Rhea County Circuit Court Chamber, Old Brady Building, Second Avenue, Dayton, Tennessee. All parties and any petitioners for intervention or their counsel are directed to appear at such special prehearing conference to consider all intervention petitions, including the interest of petitioners under either the judicial standing tests for intervention as a matter of right, or intervention as a matter of discretion, as well as the identification of at least one relevant contention with reasonable specificity and with some basis assigned for it.

It is so ordered.

For the Atomic Safety and Licensing Board.

Dated at Bethesda, Maryland this 1st day of April 1977.

MARSHALL E. MILLER,
Chairman.

[FR Doc.77-10254 Filed 4-6-77;8:45 am]

[Docket No. P-558-A]

SAN DIEGO GAS AND ELECTRIC CO., ET AL.

Receipt of Additional Antitrust Information: Time for Submission of Views on Antitrust Matters

San Diego Gas & Electric Company, pursuant to Section 103 of the Atomic Energy Act of 1954, as amended, filed on January 21, 1977, information requested by the Attorney General for Antitrust Review as required by 10 CFR Part 50, Appendix L. This information concerns the following prospective owners: California Department of Water Resources, and the Cities of Anaheim, Glendale, Pasadena, and Riverside, California. The information was filed in connection with the application for construction permits and operating licenses filed by the San Diego Gas & Electric Company to construct and operate two pressurized water nuclear reactors on a site near Blythe in Riverside County, California. The original antitrust portion of the application was submitted on October 29, 1975 by San Diego Gas & Electric Company. The Notice of Receipt of the Antitrust Application was published in the FEDERAL REGISTER on December 5, 1975 (40 FR 56985).

A portion of the application consisting of general and financial information accompanied by an Environmental Report, dated November 30, 1976, is currently undergoing a detailed acceptance review. Upon acceptance, a Notice of Receipt of Application for Construction Permits and Operating Licenses and Availability of Environmental Report and a separate Notice of Hearing will be published in the FEDERAL REGISTER. A copy of the above stated documents, except for the Notice of Receipt for Construction Permits and Operating Licenses and Availability of Environmental Report, and the Notice of Hearing, which

V 4267 APR 7 7 UMI

will be available upon issuance, are available for public inspection at the Commission's Public Document Room, 1717 H Street, N.W., Washington, D.C. 20555 and at the local public document room in the Palo Verde Valley District Library, 125 West Chanslorway, Blythe, California 92255.

Any person who wishes to have his views on the antitrust matters of the application with respect to the California Department of Water Resources, and the Cities of Anaheim, Glendale, Pasadena, and Riverside, California presented to the Attorney General for consideration should submit such views to the U.S. Nuclear Regulatory Commissfon, Washington, D.C. 20555, Attention: Antitrust and Indemnity Group, Office of Reactor Regulation, on or before May 23, 1977.

Dated at Bethesda, Maryland, this 14th day of March 1977.

For the Nuclear Regulatory Commission.

OLAN D. PARR,
Chief, Light Water Reactors Branch No. 3, Division of Project Management.

[FR Doc.77-8565 Filed 3-23-77;8:45 am]

PRIVACY ACT OF 1974

Systems of Records: Minor Amendment

In accordance with the Privacy Act of 1974, the Nuclear Regulatory Commission has published notices of those systems of records maintained by the NRC which contain personal information about individuals and from which such information can be retrieved by an individual identifier. The notices were published as a document subject to publication in the annual compilation of Privacy Act documents.

The amendment set forth below amends the paragraph entitled "System location" of NRC–10, Freedom of Information Act (FOIA) and Privacy Act Requests Records, to state that duplicate systems exist, in whole or in part, at the locations listed in Addendum I, Part 1 (a), (b), (c), (d), (e), (f), (g), (h), and (i).

Pursuant to the Atomic Energy Act of 1954, as amended, the Energy Reorganization Act of 1974, as amended, and sections 552 and 552a of Title 5 of the United States Code, as amended, notice is hereby given of the adoption of the following amendment to NRC systems of records NRC–10, which is published as a document subject to publication in the annual compilation of Privacy Act documents.

1. In NRC–10, the paragraph entitled "System location" is revised to read as follows:

NRC–10

* * * * *

System location:

Primary system—Division of Rules and Records, Office of Administration, NRC, 7735 Old Georgetown Road, Bethesda, Maryland.

Duplicate systems—duplicate systems exists, in whole or in part, at the locations listed in Addendum I, Part 1 (a), (b), (c), (d), (e), (f), (g), (h), and (i).

* * * * *

Effective date: This amendment to the Notices of Systems of Records becomes effective on April 7, 1977.

Dated at Bethesda, Maryland, this 30th day of March 1977.

For the Nuclear Regulatory Commission.

LEE V. GOSSICK,
Executive Director for Operations.

[Doc. Nos. 50-269, 50-270, and 50-287]

DUKE POWER CO.

Issuance of Amendments to Facility Operating Licenses and Negative Declaration

The U.S. Nuclear Regulatory Commission (the Commission) has issued Amendmends Nos. 39, 39, and 36 to Facility Operating Licenses Nos. DPR–38, DPR–47 and DPR–55, respectively, issued to Duke Power Company which revised Technical Specifications for operation of the Oconee Nuclear Station Units Nos. 1, 2, and 3, located in Oconee County, South Carolina. The amendments are effective as of the date of issuance.

The amendments revise the common Technical Specifications to: (1) Increase the upper limit for pH of water discharged from the station from 8.5 to 9.0, and (2) change the method of control of station chemical effluents from a chemical inventory program to a chemical concentration monitoring program.

The application for the amendments complies with the standards and requirements of the Atomic Energy Act of 1954, as amended (the Act), and the Commission's rules and regulations. The Commission has made appropriate findings as required by the Act and the Commission's rules and regulations in 10 CFR Chapter I, which are set forth in the license amendments. Prior public notice of these amendments was not required since the amendments do not involve a significant hazards consideration.

The Commission has prepared an environmental impact appraisal for the revised Technical Specifications and has concluded that an environmental impact statement for this particular action is not warranted because there will be no significant environmental impact attributable to the action.

For further details with respect to this action, see: (1) The application for amendments dated May 13, 1976, as supplemented September 29 and December 2, 1976, and application dated September 1, 1976: (2) Amendments Nos. 39, 39, and 36 to Licenses Nos. DPR–38, DPR–47, and DPR–55, respectively; and (3) the Commission's related Environmental Impact Appraisal. All of these items are available for public inspection at the Commission's Public Document Room, 1717 H Street NW., Washington, D.C. and at the Oconee County Library, 201 South Spring Street, Walhalla, South Carolina 29691. A copy of items (2) and (3) may be obtained upon request addressed to the U.S. Nuclear Regulatory Commission, Washington, D.C. 20555, Attention: Director, Division of Operating Reactors.

Dated at Bethesda, Maryland, this 17th day of March 1977.

For the Nuclear Regulatory Commission.

A. SCHWENCER,
Chief, Operating Reactors Branch No. 1, Division of Operating Reactors.

[FR Doc.77-10256 Filed 4-6-77;8:45 am]

INTERNATIONAL ATOMIC ENERGY AGENCY DRAFT SAFETY GUIDE

Availability of Draft for Public Comment

The International Atomic Energy Agency (IAEA) is developing a limited number of internationally acceptable codes of practice and safety guides for nuclear power plants. These codes and guides will be developed in the following five areas: Government Organization, Siting, Design, Operation, and Quality Assurance. The purpose of these codes and guides is to provide IAEA guidance to countries beginning nuclear power programs.

The IAEA Codes of Practice and Safety Guides are developed in the following way. The IAEA receives and collates relevant existing information used by member countries. Using this collation as a starting point, an IAEA Working Group of a few experts then develops a preliminary draft. This preliminary draft is reviewed and modified by the IAEA Technical Review Committee to the extent necessary to develop a draft acceptable to them. This draft Code of Practice or Safety Guide is then sent to the IAEA Senior Advisory Group which reviews and modifies the draft as necessary to reach agreement on the draft and then forwards it to the IAEA Secretariat to obtain comments from the Member States. The Senior Advisory Group then considers the Member State comments, again modifies the draft as necessary to reach agreement and forwards it to the IAEA Director General with a recommendation that it be accepted.

As part of this program, Safety Guide, SG–QA8, "Quality Assurance for Manufacture of Items for Nuclear Power Plants," has been developed. An IAEA Working Group, consisting of Mr. C. Carrier, France; Mr. G. S. Horne, United Kingdom; Mr. H. Wilhelm, Federal Republic of Germany; and Mr. J. P. Jackson (Management Analysis Company), United States of America developed this draft from an IAEA collation during a meeting on October 3, 1976, and we are soliciting public comment on it. Comments on this draft received by May 6, 1977, will be useful to the U.S. representatives to the Technical Review Committee and Senior Advisory Group in evaluating its adequacy prior to the next IAEA discussion.

Single copies of this draft may be obtained by a written request to the Director, Office of Standards Development, U.S. Nuclear Regulatory Commission, Washington, D.C. 20555.

(5 U.S.C. 522(a).)

Dated at Rockville, Maryland, this 24th day of March,1977.

For the Nuclear Regulatory Commission.

ROBERT B. MINOGUE,
Director, Office of Standards Development.

[Doc. No. 50-219]

JERSEY CENTRAL POWER & LIGHT CO.

Issuance of Amendment to Provisional Operating License

The U.S. Nuclear Regulatory Commission (the Commission) has issued Amendment No. 23 to Provisional Operating License No. DPR–16 issued to Jersey Central Power & Light Company which revised Technical Specifications for operation of the Oyster Creek Nuclear Generating Station, located in Ocean County, New Jersey. The amendment is effective as of its date of issuance.

The amendment consists of changes in the Technical Specifications that will allow unloading and reloading of the core fuel during the spring outage scheduled to begin April 9, 1977. Removal of all the fuel assemblies from the Oyster Creek reactor vessel will reduce personnel radiation exposure during the planned inspection of the reactor vessel feedwater nozzles and replacement of the feedwater sparger.

The application for the amendment complies with the standards and requirements of the Atomic Energy Act of 1954, as amended (the Act), and the Commission's rules and regulations. The Commission has made appropriate findings as required by the Act and the Commission's rules and regulations in 10 CFR Chapter 1, which are set forth in the license amendment. Prior public notice of this amendment was not required since the amendment does not involve a significant hazard consideration.

The Commission has determined that the issuance of this amendment will not result in any significant environmental impact and that pursuant to 10 CFR 51.5(d)(4) an environmental impact statement or negative declaration and environmental impact appraisal need not be prepared in connection with issuance of this amendment.

For further details with respect to this action, see (1) the application for amendment dated November 19, 1976, (2) Amendment No. 23 to License No. DPR–16, and (3) the Commission's related Safety Evaluation. All of these items are available for public inspection at the Commission's Public Document Room, 1717 H Street, NW., Washington, D.C. and at the Ocean County Library, Brick Township Branch, 401 Chambers Bridge Road, Brick Town, New Jersey. 08723. A copy of items (2) and (3) may be obtained upon request addressed to the U.S. Nuclear Regulatory Commission, Washington, D.C. 20555, Attention: Director, Division of Operating Reactors.

Dated at Bethesda, Maryland, this 31 day of March 1977.

For the Nuclear Regulatory Commission.

GEORGE LEAR,
Chief, Operating Reactor Branch No. 3, Division of Operating Reactors.

[FR Doc 77-10259 Filed 4-6-77;8:45 am]

[Docket No. 50-219]

JERSEY CENTRAL POWER & LIGHT CO.

Issuance of Amendment to Provisional Operating License and Negative Declaration

The U.S. Nuclear Regulatory Commission (the Commission) has issued Amendment No. 22 to Provisional Operating License No. DPR–16 issued to Jersey Central Power & Light Company which revised Technical Specifications for operation of Oyster Creek Nuclear Generating Station, located in Ocean County, New Jersey. The amendment is effective as of its date of issuance.

The amendment will increase the spent fuel pool storage capacity from 840 to 1800 fuel assemblies. The increase will (1) provide storage for all spent fuel assemblies removed from the core between the present time and 1984, (2) provide sufficient additional fuel assembly storage capacity that the entire core (560 fuel assemblies) can be removed from the reactor vessel and stored in the spent fuel pool and (3) continue to accommodate one fuel assembly shipping cask for offsite shipping of spent fuel assemblies from the Oyster Creek spent fuel pool when offsite fuel shipment is resumed at some indefinite future date within the next 8 years.

The application for the amendment complies with the standards and requirements of the Atomic Energy Act of 1954, as amended (the Act), and the Commission's rules and regulations. The Commission has made appropriate findings as required by the Act and the Commission's rules and regulations in 10 CFR Chapter I, which are set forth in the license amendment. Notice of Proposed Issuance of Amendment to Provisional Operating License in connection with this action was published in the FEDERAL REGISTER on April 22, 1976 (41 FR 16891). No request for a hearing or petition for leave to intervene was filed following notice of the proposed action.

The Commission has prepared an environmental impact appraisal for the revised Technical Specifications and has concluded that an environmental impact statement for this particular action is not warranted because there will be no environmental impact attributable to the action other than that which has already been predicted and described in the Commission's Final Environmental Statement for the Oyster Creek Nuclear Generating Station in December 1974 in the FEDERAL REGISTER.

For further details with respect to this action, see (1) the application for amendment dated March 18, 1976 and supplements dated August 11, 1976, November 30, 1976, January 18, 1977 and February 23, 1977, (2) Amendment No. 22 to License No. DPR–16, (3) the Commission's related Safety Evaluation and (4) the Commission's Environmental Impact Appraisal. All of these items are available for public inspection at the Commission's Public Document Room. 1717 H Street, N.W., Washington, D.C. and at the Ocean County Library, Brick Township Branch, 401 Chambers Bridge Road, Brick Town, New Jersey 08723. A copy of items (2), (3) and (4) may be obtained upon request addressed to the U.S. Nuclear Regulatory Commission, Washington, D.C. 20555, Attention: Director, Division of Operating Reactors.

Dated at Bethesda, Maryland this 30th day of March 1977.

For the Nuclear Regulatory Commission.

GEORGE LEAR,
Chief, Operating Reactors Branch No. 3, Division of Operating Reactors.

[FR Doc.77-10258 Filed 4-6-77;8:45 am]

[Docket No. 50-220]

NIAGARA MOHAWK POWER CORP.

Issuance of Facility License Amendment

The U.S. Nuclear Regulatory Commission (the Commission) has issued Amendment No. 14 to Facility Operating License No. DPR–63 to the Niagara Mohawk Power Corporation (the licensee) which revised Technical Specifications for operation of the Nine Mile Point Nuclear Station, Unit No. 1 (the facility) located in Oswego County, New York. The amendment is effective as of its date of issuance.

The amendment consists of changes to the Technical Specifications which will allow lowering the reactor water level below the low-low-low level set point during major maintenance on the reactor vessel.

The application for the amendment complies with the standards and requirements of the Atomic Energy Act of 1954, as amended (the Act), and the Commission's rules and regulations. The Commission has made appropriate findings as required by the Act and the Commission's rules and regulations in 10 CFR Chapter I, which are set forth in the license amendment. Prior public notice of this amendment was not required since the amendment does not involve a significant hazards consideration.

The Commission has determined that the issuance of this amendment will not result in any significant environmental impact and that pursuant to 10 CFR 51.5(d)(4) an environmental impact statement or negative declaration and environmental impact appraisal need not be prepared in connection with issuance of this amendment.

V4267 APR 77 UMI

For further details with respect to this action, see (1) the application for amendment dated March 10, 1977, (2) Amendment No. 14 to License No. DPR-63, and (3) the Commission's related Safety Evaluation. All of these items are available for public inspection at the Commission's Public Document Room, 1717 H Street, N.W., Washington, D.C. and at the Oswego City Library, 120 E. Second Street, Oswego, New York 13126.

A copy of items (2) and (3) may be obtained upon request addressed to the U.S. Nuclear Regulatory Commission, Washington, D.C., 20555, Attention: Director, Division of Operating Reactors.

Dated at Bethesda, Maryland, this 25th day of March 1977.

For the Nuclear Regulatory Commission.

DONALD M. ELLIOTT,
Acting Chief, Operating Reactors Branch No. 3, Division of Operating Reactors.

[FR Doc. 77-10260 Filed 4-6-77;8:45 am]

[Docket No. 50-285]

OMAHA PUBLIC POWER DISTRICT

Issuance of Amendment to Facility Opearating License

The Nuclear Regulatory Commission (the Commission) has issued Amendment No. 22 to Facility Operating License No. DPR-40 issued to Omaha Public Power District, which revised Technical Specifications for operation of the Fort Calhoun Station Unit No. 1 located in Washington County, Nebraska. The amendment is effective as of its date of issuance.

The amendment consists of changes to the Technical Specifications that modify the pressure-temperature limits for reactor coolant system heatup and cooldown operations.

The application for the amendment complies with the standards and requirements of the Atomic Energy Act of 1954, as amended (the Act), and the Commission's rules and regulations. The Commission has made appropriate findings as required by the Act and the Commission's rules and regulations in 10 CFR Chapter I, which are set forth in the license amendment. Prior public notice of this amendment was not required since the amendment does not involve a significant hazards consideration.

The Commission has determined that the issuance of this amendment will not result in any significant environmental impact and that pursuant to 10 CFR 51.5(d)(4) an environmental impact statement or negative declaration and environmental impact appraisal need not be prepared in connection with issuance of this amendment.

For further details with respect to this action, see (1) the application for amendment dated April 14, 1976, (2) Amendment No. 22 to License No. DPR-40, and (3) the Commission's related Safety Evaluation. All of these items are available for public inspection at the Commission's Public Document Room, 1717 H Street, N.W., Washington, D.C., and at the Blair Public Library, 1665 Lincoln Street, Blair, Nebraska.

A copy of items (2) and (3) may be obtained upon request addressed to the U.S. Nuclear Regulatory Commission, Washington, D.C., 20555, Attention: Director, Division of Operating Reactors.

Dated at Bethesda, Maryland, this 1st day of April 1977.

For the Nuclear Regulatory Commission.

GEORGE LEAR,
Chief, Operating Reactors Branch No. 3, Division of Operating Reactors.

REGULATORY GUIDE

Issuance and Availability

The Nuclear Regulatry

The Nuclear Regulatory Commission has issued a guide in its Regulatory Guide Series. This series has been developed to describe and make available to the public methods acceptable to the NRC staff of implementing specific parts of the Commission's regulations and, in some cases, to delineate techniques used by the staff in evaluating specific problems or postulated accidents and to provide guidance to applicants concerning certain of the information needed by the staff in its review of applications for permits and licenses.

Regulatory Guide 10.4, Revision 1, "Guide for the Preparation of Applications for Licenses to Process Source Material," describes the information needed to evaluate an application for a specific license to process source materials, e.g., the manufacture of depleted uranium and thorium-magnesium alloy products and shaping, grinding, and polishing of lenses containing thorium. This guide was revised following consideration of comments from the public and additional staff review.

Comments and suggestions in connection with (1) items for inclusion in guides currently being developed or (2) improvements in all published guides are encouraged at any time. Comments should be sent to the Secretary of the Commission, U.S. Nuclear Regulatory Commission, Washington, D.C. 20555, Attention: Docketing and Service Branch.

Regulatory guides are available for inspection at the Commission's Public Document Room, 1717 H Street NW., Washington, D.C. Requests for single copies of issued guides (which may be reproduced) or for placement on an automatic distribution list for single copies of future guides in specific divisions should be made in writing to the U.S. Nuclear Regulatory Commission, Washington, D.C. 20555, Attention: Director, Division of Document Control. Telephone requests cannot be accommodated. Regulatory guides are not copyrighted, and Commission approval is not required to reproduce them.

(5 U.S.C. 552(a).)

Dated at Rockville, Md., this 28th day of March 1977.

For the Nuclear Regulatory Commission.

ROBERT B. MINOGUE,
Director, Office of Standards Development.

REGULATORY GUIDE

Issuance and Availability

The Nuclear Regulatory Commission has issued a guide in its Regulatory Guide Series. This series has been developed to describe and make available to the public methods acceptable to the NRC staff of implementing specific parts of the Commission's regulations and, in some cases, to delineate techniques used by the staff in evaluating specific problems or postulated accidents and to provide guidance to applicants concerning certain of the information needed by the staff in its review of applications for permits and licenses.

Regulatory Guide 3.11, Revision 1, "Design, Construction, and Inspection of Embankment Retention Systems for Uranium Mills," describes some engineering practices and methods generally considered satisfactory for the design, construction, and inspection of earth and rockfill embankments used for retaining uranium mill tailings. This revision is the result of additional staff review and suggestions from other Federal agencies and the public on the original version of the guide.

Comments and suggestions in connection with (1) items for inclusion in guides currently being developed or (2) improvements in all published guides are encouraged at any time. Public comments on Regulatory Guide 3.11, Revision 1, will, however, be particularly useful in evaluating the need for an early revision if received by June 3, 1977.

Comments should be sent to the Secretary of the Commission, U.S. Nuclear Regulatory Commission, Washington, D.C. 20555, Attention: Docketing and Service Branch.

Regulatory guides are available for inspection at the Commission's Public Document Room, 1717 H Street NW., Washington, D.C. Requests for single copies of issued guides (which may be reproduced) or for placement on an automatic distribution list for single copies of future guides in specific divisions should be made in writing to the U.S. Nuclear Regulatory Commission, Washington, D.C. 20555, Attention: Director, Division of Document Control. Telephone requests cannot be accommodated. Regulatory guides are not copyrighted, and Commission approval is not required to reproduce them.

[Doc. No. 50-271]

VERMONT YANKEE NUCLEAR POWER CORP.

Issuance of Amendment to Facility Operating License

The U.S. Nuclear Regulatory Commission (the Commission) has issued Amendment No. 33 to Facility Operating License No. DPR-28, issued to Vermont Yankee Nuclear Power Corporation (the licensee), which revised Technical Specifications for operation of the Vermont Yankee Nuclear Power Station (the facility) located near Vernon, Vermont. The amendment is effective as of its date of issuance.

This amendment revises the pressure-temperature limitations in order to comply with 10 CFR Part 50, Appendix G, "Fracture Toughness Requirements." It also establishes a surveillance capsule removal schedule to assure compliance with 10 CFR Part 50, Appendix H, "Reactor Vessel Material Surveillance Program Requirements."

The application for the amendment complies with the standards and requirements of the Atomic Energy Act of 1954, as amended (the Act), and the Commission's rules and regulations. The Commission has made appropriate findings as required by the Act and the Commission's rules and regulations in 10 CFR Chapter I, which are set forth in the license amendment. Prior public notice of this amendment was not required since the amendment does not involve a significant hazards consideration.

The Commission has determined that the issuance of this amendment will not result in any significant environmental impact and that pursuant to 10 CFR 51.5 (d)(4) an environmental statement, or negative declaration and environmental impact appraisal need not be prepared in connection with issuance of this amendment.

For further details with respect to this action, see (1) the application for amendment dated November 9, 1976, (2) Amendment No. 33 to License No. DPR-28, and (3) the Commission's related Safety Evaluation. All of these items are available for public inspection at the Commission's Public Document Room, 1717 H Street NW., Washington, D.C. and at the Brooks Memorial Library, 224 Main Street, Brattleboro, Vermont.

A copy of items (2) and (3) may be obtained upon request addressed to the U.S. Nuclear Regulatory Commission, Washington, D.C. 20555, Attention: Director, Division of Operating Reactors.

Dated at Bethesda, Maryland, this 23rd day of March 1977.

For the Nuclear Regulatory Commission.

ADVISORY COMMITTEE ON REACTOR SAFEGUARDS, SITING EVALUATION SUBCOMMITTEE

Meeting

In accordance with the purposes of Sections 29 and 182b. of the Atomic Energy Act (42 U.S.C. 2039, 2232b.), the ACRS Siting Evaluation Subcommittee will hold an open meeting on April 28, 1977 in Room 1046, 1717 H St. NW., Washington, DC 20555. The purpose of this meeting is to discuss general nuclear facility siting considerations with members of the NRC Staff.

The agenda for subject meeting shall be as follows:

THURSDAY, APRIL 28, 1977

8:30 A.M. UNTIL CONCLUSION OF BUSINESS

The Subcommittee, with any of its consultants who may be present, will meet in Executive Session to explore their preliminary opinions regarding matters which should be considered in order to formulate a report and recommendations to the full Committee.

At the conclusion of the Executive Session, the Subcommittee will meet to hear presentations by representatives of the NRC Staff, and its consultants, and will hold discussions with these groups pertinent to general nuclear facility siting considerations.

The Subcommittee may caucus to determine whether the matters identified in the session have been adequately covered and whether they are ready for review by the full Committee. During the caucus Subcommittee members and consultants will discuss their opinions and recommendations on these matters.

Practical considerations may dictate alterations in the above agenda or schedule. The Chairman of the Subcommittee is empowered to conduct the meeting in a manner that, in his judgment, will facilitate the orderly conduct of business, including provisions to carry over an incompleted session from one day to the next.

The Advisory Committee on Reactor Safeguards is an independent group established by Congress to review and report on each application for a construction permit and on each application for an operating license for a reactor facility and on certain other nuclear safety matters. The Committee's reports become a part of the public record. Although ACRS meetings are ordinarily open to the public and provide for oral or written statements to be considered as a part of the Committee's information gathering procedure concerning the health and safety of the public, they are not adjudicatory type hearings such as are conducted by the Nuclear Regulatory Commission's Atomic Safety & Licensing Board as part of the Commission's licensing process. ACRS meetings do not normally treat matters pertaining to environmental impacts outside the safety area.

With respect to public participation in the open portion of the meeting, the following requirements shall apply:

(a) Persons wishing to submit written statements regarding the agenda may do so by providing a readily reproducible copy to the Subcommittee at the beginning of the meeting. Comments should be limited to safety related areas within the Committee's purview.

Persons desiring to mail written comments may do so by sending a readily reproducible copy thereof in time for consideration at this meeting. Comments postmarked no later than April 21, 1977 to Mr. Thomas G. McCreless, ACRS, NRC, Washington, D.C. 20555, will normally be received in time to be considered at this meeting.

(b) Persons desiring to make an oral statement at the meeting should make a written request to do so, identifying the topics and desired presentation time so that appropriate arrangements can be made. The Subcommittee will receive oral statements on topics relevant to its purview at an appropriate time chosen by the Chairman.

(c) Further information regarding topics to be discussed, whether the meeting has been cancelled or rescheduled, the Chairman's ruling on requests for the opportunity to present oral statements and the time allotted therefor can be obtained by a prepaid telephone call on April 27, 1977 to the Office of the Executive Director of the Committee (telephone 202/634-1374, Attn: Mr. Thomas G. McCreless) between 8:15 a.m. and 5 p.m., e.s.t.

V 4267 APR 77 UMI

(d) Questions may be propounded only by members of the Subcommittee and its consultants.

(e) The use of still, motion picture, and television cameras, the physical installation and presence of which will not interfere with the conduct of the meeting, will be permitted both before and after the meeting and during any recess. The use of such equipment will not, however, be allowed while the meeting is in session.

(f) A copy of the transcript of meeting where factual information is presented and a copy of the minutes of the meeting will be available for inspection on or after May 5 and July 28, 1977, respectively, at the NRC Public Document Room, 1717 H St. NW., Washington, D.C. 20555.

Copies may be obtained upon payment of appropriate charges.

Dated: April 5, 1977.

JOHN C. HOYLE,
Advisory Committee Management Officer.

[FR Doc.77-10396 Filed 4-6-77;8:45 am]

ADVISORY COMMITTEE ON REACTOR SAFEGUARDS, SUBCOMMITTEE ON EMERGENCY CORE COOLING SYSTEMS

Meeting

In accordance with the purposes of Sections 29 and 182b. of the Atomic energy Act (42 U.S.C. 2039, 2232 b.), the ACRS Subcommittee on Emergency Core Cooling Systems (ECCS) will hold an open meeting on April 23, 1977 in Room 10046, 1717 H Street NW., Washington, D.C. 20555. The purpose of this meeting is to discuss in Executive Session a variety of topics concerning emrgency core cooling systems and methods that the Subcommittee might use to review these topics.

The agenda for subject meeting shall be as follows:

SATURDAY, APRIL 23, 1977—8:30 A.M. UNTIL NOON

The Subcommittee will meet in Executive Session, with any of its consultants who may be present, to explore and exchange their preliminary opinions regarding methods to be used in reviewing topics concerning emergency core cooling systems.

Practical considerations may dictate alterations in the above agenda or schedule. The Chairman of the Subcommittee is empowered to conduct the meeting in a manner that, in his judgment, will facilitate the orderly conduct of business, including provisions to carry over an incompleted session from one day to the next.

The Advisory Committee on Reactor Safeguards is an independent group established by Congress to review and report on each application for a construction permit and on each application for an operating license for a reactor facility and on certain other nuclear safety matters. The Committee's reports become a part of the public record. Although ACRS meetings are ordinarily open to the public and provide for oral or written statements to be considered as a part of the Committee's information gathering procedure concerning the health and safety of the public, they are not adjudicatory type hearings such as are conducted by the Nuclear Regulatory Commission's Atomic Safety & Licensing Board as part of the Commission's licensing process. ACRS meetings do not normally treat matters pertaining to environmental impacts outside the safety area.

With respect to public participation in the meeting, the following requirements shall apply:

(a) Persons wishing to submit written statements regarding the agenda may do so by providing a readily reproducible copy to the Subcommittee at the beginning of the meeting. Comments should be limited to safety related areas within the Committee's purview.

Persons desiring to mail written comments may do so by sending a readily reproducible copy thereof in time for consideration at this meeting. Comments postmarked no later than April 16, 1977 to Mr. Thomas G. McCreless, ACRS, NRC, Washington, D.C. 20555, will normally be received in time to be considered at this meeting.

(b) Persons desiring to make an oral statement at the meeting should make a written request to do so, identifying the topics and desired presentation time so that appropriate arrangements can be made. The Subcommittee will receive oral statements on topics relevant to its purview at an appropriate time chosen by the Chairman.

(c) Further information regarding topics to be discused, whether the meeting has been cancelled or rescheduled, the Chairman's ruling on requests for the opportunity to present oral statements and the time allotted therefor can be obtained by a prepaid telephone call on April 22, 1977 to the Office of the Executive Director of the Committee (telephone 202/634-1374, Attn: Mr. Thomas G. McCreless) between 8:15 a.m. and 5 p.m., est.

(d) Questions may be propounded only by members of the Subcommittee and its consultants.

(e) The use of still, motion picture, and television cameras, the physical installation and presence of which will not interfere with the conduct of the meeting, will be permitted both before and after the meeting and during any recess. The use of such equipment and/or recordings will not, however, be allowed while the meeting is in session.

(f) A copy of the minutes of the meeting will be available for inspection on or after July 25, 1977 at the NRC Public Document Room, 1717 H St. NW., Washington, D.C. 20555.

Copies may be obtained upon payment of appropriate charges.

Dated: April 5, 1977.

JOHN C. HOYLE,
Advisory Committee Management Officer.

[FR Doc.77-10394 Filed 4-6-77;8:45 am]

ADVISORY COMMITTEE ON REACTOR SAFEGUARDS, SUBCOMMITTEE ON EMERGENCY CORE COOLING SYSTEMS

Meeting

In accordance with the purposes of sections 29 and 182b. of the Atomic Energy Act (42 U.S.C. 2039, 2232b.), the ACRS Subcommittee on Emergency Core Cooling Systems (ECCS) will hold an open meeting on April 22, 1977 in Room 1046, 1717 H Street, NW., Washington, D.C. 20555. The purpose of this meeting is to discuss fundamental research for understanding phenomena associated with emergency core cooling systems.

The agenda for subject meeting shall be as follows:

FRIDAY, APRIL 22, 1977, 8:30 A.M. UNTIL THE CONCLUSION OF BUSINESS

The Subcommittee will hear presentations by and hold discussions pertinent to fundamental research relating to ECCS with representatives of the NRC Staff, and its consultants, and with representatives of other organizations such as those from the reactor vendors and from the Electric Power Research Institute.

Practical considerations may dictate alterations; in the above agenda or schedule. The Chairman of the Subcommittee is empowered to conduct the meeting in a manner that, in his judgment, will facilitate the orderly conduct of business, including provisions to carry over an incompleted session from one day to the next.

The Advisory Committee on Reactor Safeguards is an independent group established by Congress to review and report on each application for a construction permit and on each application for an operating license for a reactor facility and on certain other nuclear safety matters. The Committee's reports become a part of the public record. Although ACRS meetings are ordinarily open to the public and provide for oral or written statements to be considered as a part of the Committee's information gathering procedure concerning the health and safety of the public, they are not adjudicatory type hearings such as are conducted by the Nuclear Regulatory Commission's Atomic Safety & Licensing Board as part of the Commission's licensing process. ACRS meetings do not normally treat matters pertaining to environmental impacts outside the safety area.

With respect to public participation in the meeting, the following requirements shall apply:

(a) Persons wishing to submit written statements regarding the agenda may do so by providing a readily reproducible copy to the Subcommittee at the beginning of the meeting. Comments should be limited to safety related areas within the Committee's purview.

Persons desiring to mail written comments may do so by sending a readily reproducible copy thereof in time for consideration at this meeting. Comments postmarked no later than April 15, 1977 to Mr. Thomas G. McCreless, ACRS, NRC, Washington, DC 20555, will normally be received in time to be considered at this meeting.

(b) Persons desiring to make an oral statement at the meeting should make a written request to do so, identifying the topics and desired presentation time so that appropriate arrangements can be obtained by a prepaid telephone call on April 21, 1977 to the Office of the Executive Director of the Committee (telephone 202/634-1374, Attn: Mr. Thomas G. McCreless) between 8:15 a.m. and 5 p.m., e.s.t.

(d) Questions may be propounded only by members of the Subcommittee and its consultants.

(e) The use of still, motion picture, and television cameras, the physical installation and presence of which will not interfere with the conduct of the meeting, will be permitted both before and after the meeting and during any recess. The use of such equipment will not, however, be allowed while the meeting is in session.

(f) A copy of the transcript of the meeting where factual information is presented and a copy of the minutes of the meeting will be available for inspection on or after May 2, 1977 and July 25, 1977, respectively, at the NRC Public Document Room, 1717 H St. NW., Washington, D.C. 20555.

Copies may be obtained upon payment of appropriate charges.

Dated: April 5, 1977.

JOHN C. HOYLE,
Advisory Committee Management Officer.

[Special Nuclear Material License Nos. SNM-145 and 414]

BABCOCK & WILCOX CO.

Establishment of Atomic Safety and Licensing Board

Pursuant to the Notice of Hearing in the above matter issued by the Commission on April 1, 1977, an Atomic Safety and Licensing Board is being established in the following proceeding:

BABCOCK & WILCOX COMPANY

NUCLEAR MATERIALS DIVISION

(Facilities at Apollo and Leechburg, Pennsylvania)

The members of the Board and addresses are as follows:

John F. Wolf, Esq., Chairman, 3409 Shepherd Street, Chevy Chase, Maryland 20015.

Dr. A. Dixon Callihan, Member, 102 Oak Lane, Oak Ridge, Tennessee 37830.

Dr. Hugh C. Paxton, Member, 1229 41st Street, Los Alamos, New Mexico 87544.

Dated at Bethesda, Md., this 5th day of April 1977.

JAMES R. YORE,
Chairman, Atomic Safety and Licensing Board Panel.

ADVISORY COMMITTEE ON REACTOR SAFEGUARDS ENVIRONMENTAL SUB-COMMITTEE

Change of Agenda

The agenda for the April 14-15, 1977 meeting of the ACRS Environmental Subcommittee, announced in FR Vol. 42, No. 59, Monday, March 28, 1977, page 16492, has been changed as indicated below:

THURSDAY, APRIL 14, 1977

8:30 a.m to 9:00 a.m.

The Subcommittee, with any of its consultants who may be present, will meet in Executive Session to explore their preliminary opinions regarding matters which should be considered.

At the conclusion of the Executive Session, the Subcommittee will hear presentations by representatives of the NRC Staff, and their consultants, and will hold discussions with these groups pertinent to the following subjects:

9 a.m. to approximately 3 p.m.

Radiation dose calculation methodology, and front end of light water recator fuel cycle doses.

Aproximately 3 p.m. until conclusion of business of April 14

Status of Emergency Planning.

The agenda for Friday, April 15, 1977 remains the same as announced in the FR notice cited above.

All other matters pertaining to this meeting remain unchanged.

Dated: April 5, 1977.

JOHN C. HOYLE,
Advisory Committee, Management Officer.

NATIONAL TRANSPORTATION SAFETY BOARD

[N-AR 77-14]

RESPONSES TO NTSB RECOMMENDATIONS

Receipt and Availability

Aviation Safety Recommendation Response

In connection with the National Transportation Safety Board's 1972 special study, "General Aviation Stall/Spin Accidents, 1967-1969," the Federal Aviation Administration on March 14 provided a copy of its recent status report, "Stall/Spin Research and Development." The status report, dated February 15, 1977, relates to recommendation A-72-233, one of nine recommendations directed to FAA as a result of the Board's special study.

The report indicates that FAA efforts have been directed down two paths: Aircraft and Pilot. Aircraft research and development involved two projects at Princeton University—one involving light plane stall avoidance and the other longitudinal control characteristics at light planes. Objective of the first project, now completed, was to develop criteria for light plane design and airworthiness certification to avoid unintentional stall during terminal area operations. The second project, to be completed in June 1977, is to develop quantitative criteria for longitudinal stability and control of light aircraft which can serve as guidelines for design and for airworthiness certification. In-flight investigation of the effects of degraded low-speed longitudinal stability are underway; included are consideration of the influence of mechanical augmentation devices (such as bob weights and down springs) and their secondary effects such as destabilization of the phugoid mode and inducement of inadvertent stalls.

A third project completed, responsive to the need for better stall warning systems, was performed by Ohio State University. According to the FAA report, a tactual stall warning system was developed consisting of an angle of attack sensor that provides a signal to a plunger which translates fore and aft within the control yoke and impinges upon the pilot's palm and fingers—forcing him to correct his attitude immediately. A report has been distributed. FAA states that recommendations for further evaluation of improved devices have not been effected.

A fourth project evaluating the practicality of reduced elevator travel and control devices was carried out by Texas A & M. FAA states, "The results were encouraging but further support was withheld due to economic penalties and serious questions regarding certification for General Aviation Aircraft. In the area of actions to improve *Pilot* performance vis-a-vis the stall/spin problem, the following project refers: A contract was left to Aerospace Systems, Inc.-Burling-

V4267 APR 77 UMI

ton, Massachusetts to develop and evaluate an experimental stall/spin increment to a flight training syllabus."

The FAA report adds that experimental groups of student pilots were exposed to revised ground training, stall training, and spin training. They were then evaluated in a special flight check ride and their performances compared with that of a control group. The final report is under review and will be published in April 1977.

FAA plans to initiate a study of the pros and cons of a return to spin training for civil pilots. Approval and funding must be secured prior to any actuation, according to FAA.

Marine Safety Recommendation Responses

U.S. Coast Guard letter of March 21 concerns recommendation M–74–27, issued as a result of investigation into the death of three ship's officers on board the SS WILLIAM T. STEELE at Guayanilla, Puerto Rico, November 18, 1972. The recommendation asked Coast Guard to establish functional or location requirements which assure that piping system components on tank vessels cannot cause cargo to spill when men enter cargo tanks, regardless of the operation to be performed.

Coast Guard reports, re M–74–27, that it has considered prohibiting the installation of devices in cargo piping systems which if in normal use or operation would result in spillage of liquid from the piping system. According to Coast Guard, there is no practical method of providing the necessary positive isolation of cargo between tanks other than blind flanges which require tank entry for installation. As an alternative action, Coast Guard will promulgate more stringent operational requirements for safe tank entry to provide adequate safeguards for personnel performing this function. An advance notice of proposed rulemaking implementing the more stringent operational requirements is anticipated for publication May 15, 1977.

Two letters received by the Safety Board last week—one from the U.S. Coast Guard, the other from the Maritime Administration of the U.S. Department of Commerce—concern recommendations M–76–20 through M–76–24 and M–76–26 and M–76–27, issued following investiagtion of the stranding on September 26, 1974, of the SS TRANSHURON at Kiltan Island, near the southwest coast of India. (See 42 FR 1323, January 6, 1977.)

Concerning recommendation M–76–20 which asked Coast Guard to insure that required specifications and plan-approved documents for ship modification are transmitted to the inspectors before equipment is installed or construction and modification is begun, Coast Guard indicates that every effort is made to provide its marine inspectors with approved drawings and specifications prior to commencing vessel construction or modification. Due to the normal fluctuation in workload, time lapse for plan approval response is subject to significant variations, and Coast Guard states that it cannot maintain the reserve work force necessary to insure that approval of all plans would always be completed before commencement of work nor is it practical to conduct plan approval at the detail level needed to assure compliance with all regulations. In the case of the TRANSHURON casualty, Coast Guard states that the drawing required for review is a "diagram of the cooling water to reefer system," and that a typical diagram would not show the location of that system with respect to other equipment located in the vicinity. Coast Guard further states that the marine inspectors are required to approve final installation of piping systems, including their location relative to other equipment in accordance with the applicable sections of 46 CFR Part 56.

Recommendation M–76–21 asked the Coast Guard to expedite issuance of regulations to require spray shield protection when saltwater piping must be in the vicinity of switchboards or other open electrical equipment. Coast Guard has prepared a proposed regulation change incorporating this recommendation, publication expected prior to June 1977.

In response to recommendation M–76–22, which requested Coast Guard to expand either the Merchant Marine Safety Manual or other suitable instructions to include aids for inspection and repair of firefighting equipment, particularly CO_2, Coast Guard reports that five published Navigation Vessel Inspection Circulars provide amplifying information to existing guidelines for acceptance and inspection of firefighting equipment contained in the Merchant Marine Safety Manual. These circulars provide additional aids as recommended. Coast Guard also notes that the Merchant Marine Safety Manual is currently being expanded and rewritten, and that the circulars will be made a part of the revised manual. With regard to the TRANSHURON casualty, Coast Guard has amended the Code of Federal Regulations by adding 46 CFR 147.04–1(a) (8) which requires the testing of discharge hoses of semiportable CO_2 systems whenever the cylinders are retested under various conditions. Also, Coast Guard will continue to disseminate information to the field offices on firefighting systems as improvements and new systems appear.

As requested by M–76–23, Coast Guard will continue to disseminate to its inspectors and licensed Merchant Marine officers the information that all concerned are responsible for the compliance of any vessel with the regulations and that this responsibility is found in and protected by law and regulations. Also, Coast Guard will revise its licensed officer examinations to include questions on this subject to insure the awareness of such responsibility.

Recommendation M–76–24 asked Coast Guard to include in the engineer's license examination questions on all phases of damage control and engineering casualty control for various powerplants in addition to the existing firefighting and emergency equipment questions. Coast Guard reports that approximately 5 percent of the questions now in the licensed engineering officer examination are on the subject of damage control and engineering casualty control. Coast Guard will revise this examination to include addition questions on these two subjects.

The Maritime Administration of the Department of Commerce reports by letter of March 25 that it has taken the following action in implementing recommendations M–76–26 and M–76–27: (1) MARAD ADVISORY NO. 77–5 was distributed to all U.S.-flag steamship operators; (2) copies of marine casualty report No. USCG/NTSB MAR–76–2 concerning the TRANSHURON accident are being distributed to all U.S.-flag vessels; and (3) literature pertaining to the MARISAT System was distributed to U.S.-flag steamship operators. Copies of MARAD ADVISORY No. 77–5 and the MARISAT information distributed to U.S.-flag vessel operators accompanied the Martime Administration's letter.

Railroad Safey Recommendation Responses

The Federal Railroad Administration has provided the Safety Board with two letters, both dated March 14, 1977, concerning the hazardous materials accident at the Southern Pacific Transportation Company's Englewood Yard, at Houston, Texas, on September 21, 1974. Investigation of the open-air explosion of liquefied petroleum gas resulted in the issuance on October 11, 1974, of recommendations R–74–29 and R–74–30. At the time of release of the accident report, July 29, 1975, the Safety Board issued to FRA two additional recommendations, Nos. R–75–29 and R–75–30, concerning the Houston accident. (See 40 FR 33288, August 7, 1975.) FRA's March 14 letters report on the implementation of these recommendations.

Recommendations R–74–29 and R–74–30 asked FRA, through its emergency powers, to issue an order to prohibit switching of tank cars containing compressed flammable gases unless the tank cars are under the control of a locomotive and to prohibit such tank cars from being coupled by other free-rolling equipment, and, to assure conformance with such an order, to issue a list of the compressed flammable gases that are normally shown on waybills. FRA reports that upon receipt of these recommendations, action was immediately initiated to prevent recurrence of a similar accident: On October 30, 1974, Emergency Order No. 5, addressing the issue of switching tank cars loaded with hazardous materials, was published in the FEDERAL REGISTER. FRA states that this emergency order also contains a provision which ensures that employees in the presence of loaded tank cars are aware of their presence and contents. The order was made effective at 12:01 a.m., October 27, 1974.

According to FRA, existing regulations provide the "listing" specified in recommendation R–74–30, i.e.:

(1) Flammable compressed gases which are "normally" shipped are listed by commodity name and classification in the "Hazardous Materials Table," 49 CFR 172.101. A typical entry is "Butadiene, inhibited, Flammable gas."

(2) This "Hazardous Materials Table" is reproduced in "R. M. Graziano's Tariff," which is distributed to and maintained by all rail carriers.

(3) Shipping papers, including waybills, covering shipments of flammable compressed gases require:

(a) The name of the commodity, e.g., "Butadiene, inhibited." (172.202(a)(1).)

(b) The prescribed hazardous class, e.g., "Flammable gas." (172.202(a)(2).)

(c) The name of the placard applied, e.g., "Placard Flammable Gas." (172.203(g)(1).)

(d) The special notation—

(i) "Must be handled in accordance with FRA E. O. No. 5," or

(ii) "Shove to rest per E.O. No. 5." (172.203(g)(3).)

(4) Railroad employees engaged in switching and transfer operations will be advised of pertinent information regarding flammable compressed gases by the information contained in the waybills.

(5) On July 1, 1977, the rail placarding system will require placards which reflect the nature of the hazardous material being transported. For example, 49 CFR 172.504 provides for a "FLAMMABLE GAS" placard on shipments of flammable gases.

Recommendations R–75–29 and R–75–30, addressed in FRA's second letter concerning the Houston accident, asked that FRA in cooperation with the Association of American Railroads research and develop minimum performance standards for retarding systems in gravity switching yards, and issue regulations superseding Emergency Order No. 5 to require railroads to handle the switching of cars containing large shipments of hazardous materials, with a danger range beyond railroad property boundaries, in the same manner as they handle operations of cars containing explosives.

FRA reports re R–75–29 that following the accident at Englewood Yard, the Southern Pacific Company developed the idea of placing a "slippery wheel detector" on the lead track to the hump in a classification yard. The device is based on the principle that a slippery wheel will have less friction when squeezed by metal brake shoes than a nonslippery wheel, according to FRA; therefore, when wheels are squeezed, the forces, accelerations, and strains in the squeezing element of the detector will be lower for a slippery wheel.

FRA further reports that Stanford Research Institute was subsequently contracted by Southern Pacific to fabricate, analyze, and calibrate equipment useable in a slippery wheel detector device. An experimental unit already has been fieldtested, and the data developed are being evaluated. FRA is monitoring the slippery wheel research project and, upon completion of the research and manufacture of appropriate devices, will evaluate potentials, and the need for hump yard/retarder performance standards will be considered by FRA.

In answer to recommendation R–75–30, FRA states that the switching of placarded tank cars containing hazardous commodities was the subject of a notice of proposed rulemaking, Docket No. HM–120, Notice No. 74–11, published by the Hazardous Materials Regulations Board in the FEDERAL REGISTER on August 14, 1974. This notice proposed changes in § 174.589 to prohibit the uncoupling or cutting off of cars placarded "Dangerous" while in motion, the striking of such cars by other cars moving under their own motion, and the coupling of these cars with more force than is necessary to complete the coupling, but in no case at a speed of more than 4 m.p.h. FRA relates that at the request of commenters the date for filing comments was extended from September 20, 1974, to October 30, 1974. In the interim, FRA notes, the Safety Board issued recommendation R–74–29 (see above), which was followed by publication on October 30 of Emergency Order No. 5. FRA states that the emergency order prohibited the switching or coupling of any DOT 112A or 114A tank car loaded with flammable compressed gas placarded "Dangerous" that was not equipped with head shields required by 49 CFR 179.100–23.

FRA reports that more than 40 comments were received in response to HM–120, Notice No. 74–11, many commenters wanting further study and interim precautionary measures taken with the cars that caused the problems (DOT 112A and 114A). FRA believes that the commenters raised valid points which require further study and that Emergency Order No. 5 covers the specific problem of the DOT 112A and 114A uninsulated tank cars transporting flammable compressed gas. In view of this, the Office of Hazardous Materials determined that action on Docket No. HM–120; Notice No. 74–11, was not appropriate at that time and therefore withdrew the proposal on April 21, 1976.

FRA further reports that on November 29, 1976, the Materials Transportation Bureau published in the FEDERAL REGISTER a notice of proposed rulemaking, Docket No. HM–144, Notice No. 76–12, which specifies that "previously built specifications 112 and 114 tank cars shall be required to be * * * equipped in accordance with the following schedule:

1. Either shelf couplers or a tank head puncture resistance system within one year after the effective date of the rule;

2. Notwithstanding "1", shelf couplers within two years after the effective date of the rule; and

3. Thermal protection and tank head puncture resistance systems with adequate safety relief valve capacity within four years after the effective date of the rule.

A third letter of March 14 from the Federal Railroad Administration concerns Safety Board report No. NTSB–RAR–76–8, issued following investigation of a derailment of tank cars with subsequent fire and explosion on the Chicago, Rock Island and Pacific Railroad near Des Moines, Iowa, September 1, 1975. The letter addresses reiterated recommendation R–75–19, issued in connection with the Norfolk and Western Railway switching yard accident at Decatur, Illinois, July 19, 1974. (See 41 FR 37165, September 2, 1976, and 40 FR 27081, June 26, 1976, respectively.) The recommendation asked FRA to determine the capabilities of top and bottom shelf couplers, head shields, and a combination of both, and to issue regulations to require that DOT–112A and 114A tank cars be equipped with the best practical combination.

In response to R–75–19, FRA reports that a series of switchyard impact tests, held in cooperation with the Association of American Railroads and the Railway Progress Institute, were completed last November at the Transportation Test Center in Pueblo, Colorado. The test program objectives were to study the specific problems of head punctures and to determine the probable effectiveness of "Type E" and "Type F" shelf couplers, head shields or combinations of shields and shelf couplers in preventing head punctures. After test program results were evaluated, FRA recommended to the Materials Transportation Bureau regulatory action affecting construction and continued use of DOT Specification 11A and 114A tank cars. As a result, MTB published a notice of proposed rulemaking, Docket No. HM–144; Notice No. 76–12, in the FEDERAL REGISTER on November 29, 1976. (See above.)

NOTE.—The above consists of abridgements of safety recommendation letter responses received during the week preceding publication of this notice. Copies of the full text of these letters may be obtained at a cost of $4 for service and 10¢ per page for reproduction. All requests must be in writing, identified by recommendation number and date of publication of this notice in the FEDERAL REGISTER. Address inquiries to: Public Inquiries Section, National Transportation Safety Board, Washington, D.C. 20594.

(Sec. 307 of the Independent Safety Board Act of 1974 (Pub. L. 93–633, 88 Stat. 2172 (49 U.S.C. 1906)).)

MARGARET L. FISHER,
Federal Register Liaison Officer.

PRESIDENT'S COMMISSION ON MENTAL HEALTH

MEETING

In accordance with section 10(A)(2) of the Federal Advisory Committee Act (5 U.S.C. Appendix I), announcement is made of the following Presidential Commission meeting scheduled to assemble during the month of April, 1977.

The President's Commission on Mental Health, April 19, 1977; 9:30 a.m. to 12:30 p.m., Room 2525, Everett McKinley Dirksen Bldg., 219 South Dearborn St., Chicago, Ill. 60604.

CONTACT:

Mary Ann Orlando, Special Assistant to the Chairperson, President's Commission on Mental Health, Room 121, Old Executive Office Bldg., Washington, D.C. 20500. (202–456–7100).

V42 67 APR 7 77 UMI

PURPOSE: The President's Commission on Mental Health is a policy recommendation commission composed of 20 members representing a broad spectrum of interested and informed private citizens. The Commission was created by the President by Executive Order No. 11973 and was directed to identify the mental health needs of the nation. In particular, the Commission shall seek to identify: How the mentally ill, emotionally disturbed and mentally retarded are being served or underserved and who is affected by such underservice; projected needs for dealing with emotional stress during the next twenty-five years; ways the President, the Congress and the Federal Government may efficiently support the treatment of the underserved mentally ill, emotionally disturbed and mentally retarded; methods for coordinating a unified approach to all mental health services; types of research the Federal Government should support to further prevention and treatment of mental illness and mental retardation; roles of various educational systems, volunteer agencies and other people-helping institutions can perform to minimize emotional disturbance; and what programs will cost, when the money should be spent and how the financing should be divided among Federal, State and local governments, and the private sector. The Commission shall conduct such public hearings, inquiries and studies as may be necessary, and shall submit a preliminary report to the President by September 1, 1977. A final report with recommendations and priorities shall be submitted to the President by April 1, 1978.

AGENDA: This meeting will be open to the public. Agenda items include discussion of task groups, their composition and assignment; discussion of public hearings, dates and locations; discussion of existing programs and policies.

SUBSTANTIVE PROGRAM INFORMATION MAY BE OBTAINED FROM:

Mary Ann Orlando, Special Assistant to the Chairperson, The President's Commission on Mental Health, Room 121, Old Executive Office Bldg., Washington, D.C. 20500. (202–456–7100).

Attendance by the public will be limited to space available.

Mary Ann Orlando will furnish upon request summaries of the meeting and a roster of the Commission. President's Commission on Mental Health, Room 121, Old Executive Office Building, Washington, D.C. 20500.

Dated: April 5, 1977.

THOMAS E. BRYANT,
Chairperson, and Executive Director, President's Commission on Mental Health.

SECURITIES AND EXCHANGE COMMISSION

[File No. 1–6884]

PACIFIC RESOURCES, INC.

Application To Withdraw From Listing and Registration

APRIL 1, 1977.

The above named issuer has filed an application with the Securities and Exchange Commission pursuant to Section 12(d) of the Securities Exchange Act of 1934 and Rule 12d2–2(d) promulgated thereunder, to withdraw the specified security from listing and registration on the Pacific Stock Exchange Incorporated (the "PSE").

The reasons alleged in the application for withdrawing this security from listing and registration include the following: "The Company • • • believes the interests of its shareholders will be better served if the Common Stock were traded in the over-the-counter market and quoted through NASDAQ (to which the Company has made application)."

On March 28, 1977 the PSE filed an application for unlisted trading privileges in the common stock of Pacific Resources, Inc. That application is currently pending before the Securities and Exchange Commission.

Any interested person may, on or before April 22, 1977 submit by letter to the Secretary of the Securities and Exchange Commission, Washington, D.C. 20549, facts bearing upon whether the application has been made in accordance with the rules of the Exchange and what terms, if any, should be imposed by the Commission for the protection of investors. An order granting the application will be issued after the date mentioned above, on the basis of the application and any other information furnished to the Commission, unless it orders a hearing on the matter.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.

GEORGE A. FITZSIMMONS,
Secretary.

[FR Doc.77–10325 Filed 4–6–77;8:45 am]

[File No. 7–4933]

PACIFIC STOCK EXCHANGE, INC., AND PACIFIC RESOURCES, INC.

Application for Unlisted Trading Privileges and of Opportunity for Hearing

APRIL 1, 1977.

In the matter of application of the Pacific Stock Exchange, Inc., for unlisted trading privileges in Pacific Resources, Inc., common stock, no par value.

The Pacific Stock Exchange, Inc. ("PSE"), has filed an application with the Securities and Exchange Commission pursuant to Section 12(f)(1)(C) of the Securities Exchange Act of 1934 (the "Act") and Rule 12f–1 thereunder for unlisted trading privileges in the above captioned securities, which securities are registered with the Commission pursuant to Section 12 of the Act or which would be required to be so registered except for the exemption from registration provided in subsection (g)(2)(B) or (g)(2)(G) of Section 12.

Pacific Resources, Inc. is currently listed on the PSE. Pacific Resources has filed an application to withdraw from listing and registration on the PSE, which application is currently pending before the Securities and Exchange Commission.

In its rule filing SR–PSE–76–17 the PSE proposed an amendment to its off-board trading rule (PSE Rule XIII, Section 4) to exempt from that rule securities that are not listed and registered on any national securities exchange and that are traded on the PSE pursuant to unlisted trading privileges in accordance with Section 12(f)(1)(C) of the Act (see Securities Exchange Act of 1934 Release No. 12539 (June 11, 1976) and 41 Fed. Reg. 24787 (June 18, 1976)). That proposal is currently pending before the Securities and Exchange Commission.

Upon receipt of a request on or before April 22, 1977 from any interested person the Commission will determine whether the application with respect to the company named shall be set down for hearing. Any such request should state briefly the title of the security in which the party is interested, the nature of the party's interest in making the request, and the position which the party proposes to take at the hearing, if ordered. In addition, any interested persons may submit his views or any additional facts bearing on the said application or amendments thereto by means of a letter addressed to the Secretary, Securities and Exchange Commission, Washington, D.C. 20549 not later than the date specified. If no one requests a hearing with respect to the application, such application will be determined by order of the Commission on the basis of the facts stated therein and other information contained in the official files of the Commission pertaining thereto.

For the Commission, by the Division of Market Regulation pursuant to delegated authority.

GEORGE A. FITZSIMMONS,
Secretary.

SHIP STRUCTURE COMMITTEE

Meeting

Pursuant to section 10(a)(2) of the Federal Advisory Committee Act (Pub. L. 92–463; 5 U.S.C. App. I) notice is hereby given of a meeting of the Ship Structure Subcommittee to be held Tuesday, May 3, 1977 at 9 a.m. in Room 4833, Maritime Administration, Department of Commerce Building, 14th and Constitution Ave. NW., Washington, D.C. The agenda for this meeting is as follows: Discussion of the research program, project status, and operations of the Ship Structure Committee.

Attendance is open to the interested public. With the approval of the Chairman, members of the public may present oral statements at the hearing. Persons wishing to attend and persons wishing to present oral statements should notify, not later than the day before the meeting, and information may be obtained from, LCDR E. A. Chazal, USCG, Secretary, Ship Structure Committee, U.S. Coast Guard Headquarters, Washington, D.C. 20590 (202) 426–2205. Any member of the public may present a written statement to the Committee at any time.

H. G. LYONS,
Captain, U.S. Coast Guard, Acting Chief, Office of Merchant Marine Safety.

Federal Aviation Administration

AIR TRAFFIC PROCEDURES ADVISORY COMMITTEE

Meeting

Pursuant to section 10(a)(2) of the Federal Advisory Committee Act (Pub. L. 92–463; 5 U.S.C. App. I) notice is hereby given of a meeting of the Federal Aviation Administration Air Traffic Procedures Advisory Committee to be held April 26 through April 29, 1977, from 9 a.m. E.D.T. to 4 p.m. daily, except for the last day which will terminate at 1 p.m., in conference rooms 6 A and B at FAA Headquarters, 800 Independence Ave. SW., Washington, D.C.

The agenda for this meeting is as follows: A continuation of the Committee's review of present air traffic control procedures and practices for standardization, clarification, and upgrading of terminology and procedures.

Attendance is open to the interested public but limited to the space available. With the approval of the Chairman, members of the public may present oral statements at the meeting. Persons wishing to attend and persons wishing to present oral statements should notify, not later than the day before the meeting, and information may be obtained from, Mr. Franklin L. Cunningham, Executive Director, Air Traffic Procedures Advisory Committee, Air Traffic Service, AAT–300, 800 Independence Ave. SW., Washington, D.C. 20591, telephone (202) 426–3725.

Any member of the public may present a written statement to the Committee at any time.

Issued in Washington, D.C., on April 1, 1977.

GEORGE W. HARVEY,
Acting Executive Director, ATPAC.

TECHNICAL ADVISORY COMMITTEE

Meeting

Pursuant to section 10(a)(2) of the Federal Advisory Committee Act (Pub. L. 92-463; 5 U.S.C. App. I) notice is hereby given of a meeting of the Federal Aviation Administration Technical Advisory Committee to be held Thursday, May 5, 1977 (10 a.m.-5 p.m.) and Friday, May 6, 1977 (9 a.m.-1 p.m.) at the Federal Aviation Administration headquarters building, Room 1010, 800 Independence Avenue SW., Washington, D.C. The agenda for this meeting is as follows:

Briefing on present automation program and on plans for the future.
Briefings on Air Crew Performance Enhancement and Error Reduction.
Program Development.
Briefings on FAA R. & D. Efforts in Aircraft Safety.
Review of previous Efforts by Committee Members.
Discussion of Future Topics for Committee consideration.

Attendance is open to the interested public but limited to the space available. With the approval of the Chairman, members of the public may present oral statements at the meeting. Persons having any questions about the meeting or wishing to attend and present oral statements should notify, not later than the day before the meeting, Mr. Thomas M. Johnston (AEM-200), Executive Director, FAA Technical Advisory Committee, 800 Independence Avenue SW., Washington, D.C. 20591 (tel: 202/426-8796). Any member of the public may present a written statement to the Committee at any time.

Issued in Washington, D.C., on March 30, 1977.

THOMAS M. JOHNSTON,
Executive Director,
FAA Technical Advisory Committee.

VETERANS ADMINISTRATION

STATION COMMITTEE ON EDUCATIONAL ALLOWANCES

Meeting

Notice is hereby given pursuant to Section V, Review Procedure and Hearing Rules, Station Committee on Educational Allowances that on Thursday, May 5, 1977, at 10:00 a.m., the Los Angeles Regional Office Station Committee on Educational Allowances shall at 11000 Wilshire Blvd., Los Angeles, Calif. 90024, conduct a hearing to determine whether Veterans Administration benefits to all eligible persons enrolled in National Training College, 4300 Campus Drive, Newport Beach, Calif. 92660, should be discontinued, as provided in 38 CFR 21.4134, because a requirement of law is not being met or a provision of the law has been violated. All interested persons shall be permitted to attend, appear before, or file statements with the committee at that time and place.

Dated: April 1, 1977.

JOHN G. MILLER,
Director, VA Regional Office.

[FR Doc.77-10335 Filed 4-6-77;8:45 am]

VETERANS ADMINISTRATION HOSPITAL, RICHMOND, VIRGINIA

Availability of Draft Environmental Impact Statement

Notice is hereby given that a document entitled "Draft Environmental Impact Statement for the Proposed 820-Bed Replacement Veterans Administration Hospital, Richmond, Virginia", dated January 1977, has been prepared as required by the National Environmental Policy Act of 1969.

The proposed Replacement Hospital will be on the existing Veterans Administration Hospital property in Richmond, Virginia. This proposed new construction will provide for 820 hospital beds along with necessary hospital services for the accomplishment of health care delivery to the veterans in the area. The proposed development will replace a functionally inadequate and outmoded 870-bed facility presently existing on the Veterans Administration property.

This Draft Statement discusses the environmental impact of the Replacement Hospital. The document is being placed for public examination in the Veterans Administration Office of Washington, D.C. Persons wishing to examine a copy of the document may do so at the following office: Mr. Jack Westall, Assistant Chief Medical Director for Administration (13), Room 600, Veterans Administration, 810 Vermont Avenue NW., Washington, D.C. 20420.

Single copies of the Draft Statement may be obtained on request to the above office.

Dated: April 1, 1977.

By direction of the Administrator,

RUFUS H. WILSON,
Deputy Administrator.

INTERSTATE COMMERCE COMMISSION

PETITIONS FOR MODIFICATION, INTERPRETATION OR REINSTATEMENT OF OPERATING RIGHTS AUTHORITY

The following petitions seek modification or interpretation of existing operating rights authority, or reinstatement of terminated operating rights authority.

An original and one copy of protests to the granting of the requested authority must be filed with the Commission on or before May 9, 1977. Such protest shall comply with Special Rule 247 (d) of the Commissions' *General Rules of Practice* (49 CFR 1100.247) [1] and shall include a concise statement of protestant's interest in the proceeding and copies of its conflicting authorities. Verified statements in opposition should not be tendered at this time. A copy of the protest shall be served concurrently upon petitoner's representative, or petitioner in no representative is named.

No. MC 115212 (Notice of filing of petition to change radial authority to nonradial authority) filed March 21, 1977. Petitioner: H. M. H ENTERPRISES, INC., Route 130, Cranbury, N.J. 08512. Petitioner's representative: Morton E. Kiel, Suite 6193, 5 World Trade Center, New York, N.Y. 10048. Petitioner holds a motor *contract carrier* Permit in No. MC 115212 issued October 24, 1975, authorizing transportation over irregular routes, of *such commodities* as are dealt in by retail women's and children ready-to-wear apparel stores, and in connection therewith, *supplies and equipment* used in the conduct of such business, between New York, N.Y., and those points in New Jersey within 5 miles of New York, N.Y., and all of any New Jersey municipality any part of which is within 5 miles of New York, N.Y., on the one hand, and, on the other, points in Virginia, North Carolina, South Carolina, Georgia, Florida, and Alabama.

By the instant petition, petitioner seeks to modify the above radial territorial description to read as a nonradial between movement between the above points.

No. MC 133485 (Sub-Nos. 9, 10, 13, 15, and 16) (Notice of filing of petition to modify certificates) filed February 4, 1977. Petitioner: INTERNATIONAL DETECTIVE SERVICE, INC., 1828 Westminister St., Providence, R.I. 02909. Petitioner's representative: Morris J. Levin, 1620 Eye Street, NW., Washington, D.C. 20006. Petitioner holds motor *common carrier* Certificates in No. MC 133485 (Sub-Nos. 9, 10, 13, 15, and 16), issued December 9, 1976, December 9, 1976 April 4, 1975, July 14, 1976, and February 3, 1977, respectively, authorizing transportation over irregular routes, (A) Sub-No. 9 of *Bullion, coin, and precious metals*, in armored vehicles escorted by armed guards, (1) between Providence, R.I., on the one hand, and, on the other, ports of entry on the International Boundary line between the United States and Canada located at points in New York, Vermont, and Maine; and (2) between Providence, R.I., and New York, N.Y., on the one hand, and, on the other, Chicago, Ill.; (B) Sub-No. 10, of (1) *Stocks, bonds, securities, legal tender negotiable instruments, stamps, precious stones, and rare objects*, in armored vehicles escorted by armed guards, between Providence, R.I., on the one hand, and, on the other, points in Connecticut; (2) *bonds, securities, legal tender, monies, negotiable instruments, and stamps*, in armored vehicles escorted by armed guards, between New York, N.Y., and Hartford, Conn.; and (3) *bullion, coin, and precious metals*, in armored vehicles escorted by armed guards, (a) between Providence, R.I., and New York, N.Y., on the one hand, and, on the other points in Connecticut; and (b) between points in New Jersey, on the one hand, and, on the other, New York, N.Y., and points in Connecticut;

(C) Sub-No. 13, of (1) *Bullion, precious metals, coin, precious stones, jewelry and rare objects*, in armored motor vehicles escorted by armed guards, between points in Barnstable, Bristol, Middlesex, Norfolk, Plymouth, Suffolk, and Worcester Counties, Mass., and points in Rhode Island on the one hand, and, on the other, points in Bucks, Chester, Delaware, Montgomery, and Philadelphia Counties, Pa.; and (2) *Nuclear materials*, in armored motor vehicles escorted by armed guards, between points in Rhode Island, Massachusetts, Connecticut, and New York, on the one hand, and, on the other, Sargents, Ohio, and Oak Ridge and Erwin, Tenn.; (D) Sub-No. 14, of (1) *Bullion, precious metals, precious ores, precious stones, jewelry, and rare objects*, in armored cars escorted by armed guards, (a) between Providence, R.I., and New York, N.Y., on the one hand, and, on the other, points in Bucks, Chester, Delaware, Montgomery, and Philadelphia Counties, Pa., and (b) between points in Broward and Dade Counties, Fla., on the one hand, and, on the other, Reno and Las Vegas, Nev., San Francisco, Calif., and points in Dade and Broward Counties, Fla., and (b) between points in Broward and Dade Counties, Fla., on the one hand, and, on the other, Can Francisco, Calif., Reno and Las Vegas, Nev., and Chicago, Ill.; and (2) *bullion, precious metals, precious ores, precious stones, jewelry, and rare objects* (except coins), in armored cars escorted by armed guards, between Chicago, Ill., on the one hand, and, on the other, San Francisco, Calif., and Reno and Las Vegas, Nev.; and (E) Sub-No. 16, of *Precious metals* (except new coins), *previous stones, jewelry*, and *rare and valuable objects*, in armored motor vehicles escorted by armed guards, (a) between points in Delaware, on the one hand, and, on the other, points in New York and New Jersey and those in Bucks, Chester, Delaware, Montgomery, and Philadelphia Counties, Pa., (b) between points in New York, on the one hand, and, on the other, points in Bucks, Chester, Delaware, Montgomery, and Philadelphia Counties, Pa., and (c) between points in Delaware, on the one hand, and, on the other, points in Rhode Island.

By the instant petition, petitioner seeks to tack the above-noted Certificates in No. MC 133485 (Sub-Nos. 9, 10, 13, 15, and 16) to provide transportation, over irregular routes, of *Bullion and precious metals*, in armored motor vehicles escorted by armed guards, (1) between points in Bucks, Chester, Delaware, Montgomery, and Philadelphia Counties, Pa., on the one hand, and, on the other, Chicago, Ill., and ports of entry on the international boundary line between the United States and Canada located at points in New York, Vermont, and Maine, by tacking at New York, N.Y., and Providence, R.I.; and (b) between points in Connecticut and New Jersey, on the one hand, and, on the other, points in Dade and Broward Counties, Fla., Las Vegas and Reno, Nev., and San Francisco, Calif., by tacking at New York, N.Y. and Providence, R.I.

No. MC 136342 (Sub-No. 5) (Notice of filing of petition to broaden commodity description), filed January 24, 1977, published in the FR issue of March 10, 1977, and republished as corrected this issue. Petitioner: JACKSON AND JOHNSON, INC., Rte. 31, Box 327, Savannah, N.Y. 13146. Petitioner's representative: S. Michael Richards, 44 North Avenue, Webster, N.Y. 14580. NOTE.—The purpose of this partial republication is to reflect the correct address of the Petitioner's representative. The rest of the publication remains as previously published.

REPUBLICATIONS OF GRANTS OF OPERATING RIGHTS AUTHORITY PRIOR TO CERTIFICATION

NOTICE

The following grants of operating rights authorities are republished by order of the Commission to indicate a broadened grant of authority over that previously noticed in the FEDERAL REGISTER.

An original and one copy of protests to the granting of the authority must be filed with the Commission within 30 days after the date of this FEDERAL REGISTER notice. Such protest shall comply with Special Rule 247(d) of the Commission's *General Rules of Practice* (49 CFR 1100.247) addressing specifically the issue(s) indicated as the purpose for republication, and including a concise statement of protestant's interest in the proceeding and copies of its conflicting authorities. Verified statements in opposition shall not be tendered at this time. A copy of the protest shall be served concurrently upon the carrier's representative, or carrier if no representative is named.

No. MC 88621 (Sub-No. 14) (Republication), filed October 8, 1976, published in the FR issue of October 29, 1976, and republished this issue. Applicant: BEAVERSON TRUCKING, INC., 1752 Locust, Wooster, Ohio 44691. Applicant's representative: A. Charles Tell, 100 East Broad Street, Columbus, Ohio 43215. An Order of the Commission, Review Board Number 1, dated March 10, 1977, and served March 17, 1977, finds that operation by applicant, in interstate or foreign commerce, as a *contract carrier* by motor vehicle, over irregular routes, in the

[1] Copies of Special Rule 247 (as amended) can be obtained by writing to the Secretary, Interstate Commerce Commission, Washington, D.C. 20423.

V 42 67 APR 7 77 UMI

transportation of *machinery, equipment, materials, and supplies* used in, or in connection with, the discovery, development, production, refining, manufacture, processing, storage, transmission, and distribution of natural gas and petroleum and their products and by-products (except commodities in bulk), between points in Illinois, Indiana, Kentucky, Michigan, New York, Ohio, Pennsylvania, and West Virginia, restricted to service performed under a continuing contract or contracts with Cofsco, Inc., of Wooster, Ohio, will be consistent with the public interest and the national transportation policy; that applicant is fit, willing, and able properly to perform such service and to conform to the requirements of the Interstate Commerce Act and the Commission's rules and regulations thereunder. The purpose of this republication is to indicate the addition of Kentucky, Michigan, New York, and Ohio as additional States to be served in applicant's grant of authority.

No. MC 106674 (Sub-No. 187) (Republication), filed March 1, 1976, published in the FR issue of April 1, 1976, republished as corrected in the FR issue of April 22, 1976, and republished this issue. Applicant: SCHILLI MOTOR LINES, INC., P.O. Box 123, Remington, Ind. 47977. Applicant's representative: Jerry L. Johnson (same address as applicant). An Order of the Commission, Review Board No. 2, dated February 17, 1977, and served March 17, 1977, finds that the present and future public convenience and necessity require operation by applicant, in interstate or foreign commerce, as a *common carrier* by motor vehicle, over irregular routes, in the transportation of *pelletized agricultural limestone and gypsum*, from Irvington, Ky., and the facilities utilized by American Pelletizing Corporation, located at or near Knoxville, Iowa, to points in the United States (except Alaska and Hawaii); that applicant is fit, willing, and able properly to perform such service and to conform to the requirements of the Interstate Commerce Act and the Commission's rules and regulations thereunder. The purpose of this republication is to indicate the deletion of Knoxville, Iowa, as an origin point and the substitution in lieu thereof of "the facilities utilized by American Pelletizing Corporation, located at or near Knoxville, Iowa," in applicant's grant of authority.

No. MC 117831 (Sub-No. 4) (Republication), filed January 16, 1976, published in the FR issue of March 18, 1976, republished as corrected in the FR issue of June 3, 1976, and republished this issue. Applicant: S. SISKIND & SONS, INC., 1567 Watson Avenue, Bronx, N.Y. 10474. Applicant's representative: Arthur J. Piken, 1 Lefrak City Plaza, Flushing, N.Y. 11368. The Initial Decision of the Administrative Law Judge, dated January 31, 1977, and served February 9, 1977, became the order of the Commission by a notice dated March 11, 1977, and served March 23, 1977. The Administrative Law Judge finds that the present and future public convenience and necessity require operation by applicant, in interstate or foreign commerce, as a *common carrier* by motor vehicle, over irregular routes, in the transportation of *baggage and personal effects of campers*, in seasonal operations, extending from June 1 to September 30, inclusive, of each year, between New York, N.Y., and points in Nassau, Suffolk; Westchester, and Rockland Counties, N.Y., points in New Jersey, points in Fairfield County, Conn., Philadelphia, Pa., and points in Pennsylvania on, south and east of a line extending from the intersection of the Delaware River and U.S. Highway 22 at or near Easton, Pa., thence southwesterly along U.S. Highway 22 to its intersection with Pennsylvania Highway 230 at or near Harrisburg, Pa., thence to Pennsylvania Highway 283, thence to Pennsylvania Highway 272, thence to U.S. Highway 222 to the Pennsylvania-Maryland State boundary line, on the one hand, and, on the other, points in Wayne, Monroe, and Pike Counties, Pa., points in Delaware, Greene, Chenango, Dutchess, Orange, Warren, Sullivan, Putnam, Albany, Columbia, and Ulster Counties, N.Y., points in Litchfield and New London Counties, Conn., points in Sussex County, N.J., and points in Berkshire County, Mass.; that applicant is fit, willing, and able properly to perform such service and to conform to the requirements of the Interstate Commerce Act and the Commission's rules and regulations thereunder. The purpose of this republication is to indicate the addition of Columbia and Ulster Counties, N.Y., as additional radial counties in applicant's grant of authority.

No. MC 130218 (Republication), filed September 13, 1973, published in the FR issue of November 15, 1973, and republished this issue. Applicant: TRAVEL TOURS, a Corporation, E. 11905 23d, Spokane, Wash. 99206. Applicant's representative: Raymond P. Tipp, 2200 Brooks St., P.O. Box 3778, Missoula, Mont. 59801. An Order of the Commission, dated February 1, 1977, and served February 4, 1977, substitutes Travel Tours as applicant in No. MC 130218 in lieu of Senior Citizen Tours. A Decision and Order of the Commission, Division 1, dated April 15, 1976, and served April 21, 1976, finds that operation by applicant as a *broker* at Spokane, Wenatchee, and Tacoma, Wash., and at Missoula, Mont., in arranging for transportation by motor vehicle, in interstate or foreign commerce, of *passengers and their baggage* in sightseeing and pleasure tours, beginning and ending at points in Idaho, Montana, and Washington, and extending to points in the United States (including Alaska and Hawaii) will be consistent with the public interest and the national transportation policy; that applicant is fit, willing, and able properly to perform such service and to conform to the requirements of the Interstate Commerce Act and our rules and regulations thereunder. The purpose of this republication is (I) to indicate the substitution of applicant; and (II) to indicate the actual grant of authority to applicant.

No. MC 140644 (Republication), filed February 7, 1975, published in the FR issue of March 6, 1975, and republished this issue. Applicant: SURE WAY TRUCK SERVICE, INC., R.R. No. 2, Auburn, Ind. 46706. Applicant's representative: Donald W. Smith, Suite 2465, One Indiana Square, Indianapolis, Ind. 46204. An Order of the Commission, Review Board Number 2, dated April 26, 1976, and served May 3, 1976, finds that operation by applicant, in interstate or foreign commerce, as a *contract carrier* by motor vehicle, over irregular routes, in the transportation of *cheese*, (1) from the plant site of County Line Cheese Co., Inc., located at Auburn, Ind., to points in Florida and Georgia, and (2) returned shipments of cheese from points in Florida and Georgia to the plant site of County Line Cheese Co., Inc., located at Auburn, Ind., under a continuing contract or contracts with County Line Cheese Co. of Auburn, Ind., will be consistent with the public interest and the national transportation policy; that applicant is fit, willing, and able properly to perform such service and to conform to the requirements of the Interstate Commerce Act and the Commission's rules and regulations thereunder. The purpose of this republication is to indicate the addition of an additional territorial description in (2) above in applicant's grant of authority.

MOTOR CARRIER, BROKER, WATER CARRIER AND FREIGHT FORWARDER OPERATING RIGHTS APPLICATIONS

NOTICE

The following applications are governed by Special Rule 247 of the Commission's *General Rules of Practice* (49 CFR § 1100.247). These rules provide, among other things, that a protest to the granting of an application must be filed with the Commission within 30 days after the date of notice of filing of the application is published in the FEDERAL REGISTER. Failure to seasonably to file a protest will be construed as a waiver of opposition and participation in the proceeding. A protest under these rules should comply with section 247(d)(3) of the rules of practice which requires that it set forth specifically the grounds upon which it is made, contain a detailed statement of protestant's interest in the proceeding (including a copy of the specific portions of its authority which protestant believes to be in conflict with that sought in the application, and describing in detail the method—whether by joinder, interline, or other means—by which protestant would use such authority to provide all or part of the service proposed), and shall specify with particularity the facts, matters, and things relied upon, but shall not include issues or allegations phrased generally. Protests not in reasonable compliance with the requirements of the rules may be rejected. The original and one copy of the protest shall be filed with the Commission, and a copy shall be served concurrently upon applicant's representative, or applicant if no representative is named. If the protest includes a request for oral hearing, such requests

shall meet the requirements of section 247(d)(4) of the special rules, and shall include the certification required therein.

Section 247(f) further provides, in part, that an applicant who does not intend timely to prosecute its application shall promptly request dismissal thereof, and that failure to prosecute an application under procedures ordered by the Commission will result in dismissal of the application.

Further processing steps will be by Commission order which will be served on each party of record. Broadening amendments will not be accepted after the date of this publication except for good cause shown, and restrictive amendments will not be entertained following publication in the FEDERAL REGISTER of a notice that the proceeding has been assigned for oral hearing.

Each applicant states that there will be no significant effect on the quality of the human environment resulting from approval of its application.

No. MC 1328 (Sub-No. 24) filed February 22, 1977. Applicant: MGS TRANSPORTATION, INC., P.O. Box 270, Alexandria, Ind. 46001. Applicant's representative: Charles Garrett (same address as applicant). Authority sought to operate as a *contract carrier*, by motor vehicle, over irregular routes, transporting: *Plastic products*, from the plantsite of Amoco Plastic Products Company, located at Seymour, Ind., to points in Georgia, Florida, Illinois, Kentucky, Michigan, Ohio, and Wisconsin, under a continuing contract, or contracts, with Amoco Plastic Products Company.

NOTE.—If a hearing is deemed necessary, the applicant requests it be held at either Indianapolis, Ind. or Cincinnati, Ohio.

No. MC 2484 (Sub-No. 52), filed February 14, 1977. Applicant: E. & L. TRANSPORT COMPANY, A corporation, 14201 Prospect Avenue, P.O. Box 4299, Dearborn, Mich. 48121. Applicant's representative: Eugene C. Ewald, 100 West Long Lake Road, Suite 102, Bloomfield Hills, Mich. 48013. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Motor vehicles*, in secondary movements, in truckaway service, from Lorain, Ohio, to points in the United States (excluding Alaska and Hawaii).

NOTE.—Common control may be involved. If hearing is deemed necessary, the applicant requests it be held at either Washington, D.C., or Detroit, Mich.

No. MC 2484 (Sub-No. 53), filed February 14, 1977. Applicant: E. & L. TRANSPORT COMPANY, a corporation, 14201 Prospect Avenue, P.O. Box 4299, Dearborn, Mich. 48121. Applicant's representative: Eugene C. Ewald, 100 West Long Lake Road, Suite 102, Bloomfield Hills, Mich. 48013. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Motor vehicles*, in secondary movements, in truckaway service, from Buffalo, N.Y., to points in Connecticut, Delaware, Maine, Maryland, Massachusetts, New Hampshire, New Jersey, New York, Ohio, Pennsylvania, Rhode Island, Vermont, Virginia, West Virginia, and the District of Columbia, restricted to traffic having had a prior movement from manufacturing facilities of the Ford Motor Company, located at or near Dearborn, Mich.

NOTE.—Common control may be involved. If a hearing is deemed necessary, the applicant requests it be held at either Washington, D.C., or Detroit, Mich.

No. MC 2862 (Sub-No. 61), filed February 18, 1977. Applicant: ARROW TRANSPORTATION COMPANY OF DELAWARE, doing business as ARROW TRANSPORTATION COMPANY, 3125 NW. 35th Avenue, Portland, Oreg. 97210. Applicant's representative: Robert R. Hollis, 400 Pacific Building, Portland, Oreg. 97204. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Petroleum and petroleum products*, in bulk in tank vehicles, between points in Spokane County, Wash., on the one hand, and, on the other, points in Montana.

NOTE.—If a hearing is deemed necessary, the applicant requests it be held at either Portland, Oreg., or Spokane, Wash.

No. MC 4405 (Sub-No. 548), filed February 15, 1977. Applicant: DEALERS TRANSIT, INC., 522 South Boston Avenue, Enterprise Bldg., Tulsa, Okla. 74103. Applicant's representative: Alan Foss, 502 First National Bank Bldg., Fargo, N. Dak. 58102. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Cooling towers, cooling tower parts and accessories*, from the facilities of E. D. Goodfellow Co., Inc., located at Tulsa, Okla., to points in the United States (except Alaska and Hawaii).

NOTE.—Common control may be involved. If a hearing is deemed necessary, the applicant requests it be held at either Tulsa, Okla. or Dallas, Tex.

No. MC 4405 (Sub-No. 549), filed February 18, 1977. Applicant: DEALERS TRANSIT, INC., 522 South Boston Avenue, Enterprise Bldg., Tulsa, Okla. 74103. Applicant's representative: Alan Foss, 502 First National Bank Bldg., Fargo, N. Dak. 58102. Authority sought to operate as a *comon carrier*, by motor vehicle, over irregular routes, transporting: (1) *Trailer mounted asphalt plants*, in initial movements, in truckaway and driveaway service, from Seattle, Wash., to points in the United States (except Alaska and Hawaii); (2) *tractors*, in secondary movements, in driveaway service, when drawing trailer mounted asphalt plants in initial movements, from Seattle, Wash., to points in Arizona, Nevada, Oregon, and Vermont.

NOTE.—Common control may be involved. If a hearing is deemed necessary, the applicant requests it be held at Seattle, Wash.

No. MC 9812 (Sub-No. 3), filed February 22, 1977. Applicant: C. F. KOLB TRUCKING CO., INC., R.R. 1, Box 294, Mount Vernon, Ind. 47620. Applicant's representative: Edwin J. Simcox, 601 Chamber of Commerce Building, Indianapolis, Ind. 46204. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: (1) *Plastic and plastic articles* (except in bulk), between the plantsite and facilities of H. & B. Industries, Inc., located at Mount Vernon, Ind., and Prairie, Miss., on the one hand, and, on the other, points in Alabama, Arkansas, Arizona, Colorado, Florida, Georgia, Illinois, Indiana, Iowa, Kansas, Kentucky, Louisiana, Maryland, Massachusetts, Michigan, Mississippi, Missouri, Minnesota, Nebraska, New Jersey, New Mexico, New York, North Carolina, Ohio, Oklahoma, Pennsylvania, South Carolina, Tennessee, Texas, Virginia, West Virginia, and Wisconsin; and (2) *materials, equipment and supplies* (except in bulk), used in the manufacture, distribution, and sale of plastic and plastic articles, between points in the above-named States, on the one hand, and, on the other, the plantsite and facilities of H. & B. Industries, Inc., located at Mount Vernon, Ind., and Prairie, Miss.

NOTE.—Common control may be involved. If a hearing is deemed necessary, the applicant requests that it be held at either Indianapolis, Ind., or St. Louis, Mo.

No. MC 9812 (Sub-No. 4), filed February 25, 1977. Applicant: C. F. KOLB TRUCKING COMPANY, INC., R.R. 1, Box 294, Mount Vernon, Ind. 47620. Applicant's representative: Walter F. Jones, Jr., 601 Chamber of Commerce Building, Indianapolis, Ind. 46204. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: (1) *Plastic resins, sheets and articles* (except in bulk), from Mt. Vernon, Ind., to points in Arizona, California, Colorado, Indiana, Louisiana, Maryland, Massachusetts, Minnesota, Nebraska, New Jersey, New Mexico, New York, North Carolina, Oklahoma, South Carolina, Texas, and Virginia, (2) *electrolytic cell cathodes and parts and supplies* for electrolytic cell cathodes, between Mt. Vernon, Ind., and points in Louisiana; and (3) *materials, equipment and supplies* (except in bulk), used in the manufacture, distribution and sale of plastic resins, sheets and articles, from points in Alabama, Arizona, Arkansas, California, Colorado, Florida, Georgia, Illinois, Indiana, Iowa, Kansas, Kentucky, Louisiana, Massachusetts, Maryland, Minnesota, Mississippi, Missouri, Michigan, North Carolina, New Jersey, New York, Ohio, Oklahoma, Pennsylvania, South Carolina, Tennessee, Texas, Virginia, West Virginia, and Wisconsin, to Mt. Vernon, Ind., restricted to the transportation of traffic originating at or destined to Mt. Vernon, Ind.

NOTE.—Common control may be involved. If a hearing is deemed necessary, the applicant requests it be held at either Indianapolis, Ind. or St. Louis, Mo.

No. MC 13087 (Sub-No. 42) (Correction), filed December 20, 1976, published in the FR issue of February 3, 1977, as MC 130387 Sub 42, republished as corrected this issue. Applicant: STOCKBERGER TRANSFER & STORAGE, INC., 524 Second Street, SW., Mason City, Iowa 50401. Applicant's representative: James M. Hodge, 1980 Financial

V 4267 APR 7 7 UMI

Center, Des Moines, Iowa 50309. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Malt beverages*, from Peoria, Ill., to Mason City, Iowa.

NOTE.—The purpose of this republication is to correct docket number MC 13087 Sub 42 in lieu of MC 130387 Sub 42 which was previously published in error. If a hearing is deemed necessary, the applicant requests it be held at St. Paul, Minn.

No. MC 14321 (Sub-No. 10), filed March 4, 1977. Applicant: ENGEL VAN LINES, INC., 901 Julia Street, Elizabeth, N.J. 07201. Applicant's representative: Robert J. Gallagher, Suite 1200, 1000 Connecticut Ave. NW., Washington, D.C. 20036. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Household goods* as defined by the Commission, between points in New Jersey, New York, Maine, New Hampshire, Vermont, Massachusetts, Rhode Island, Connecticut, Pennsylvania, Delaware, Maryland, Virginia, North Carolina, South Carolina, Georgia, Florida, Alabama, Louisiana, Kentucky, Tennessee, Missouri, Indiana, West Virginia, Ohio, Illinois, Michigan, Wisconsin, Minnesota, Arkansas, Mississippi, Oklahoma, Texas, Colorado, Nebraska, Eureka, Kans., and points within 45 miles of Eureka, Kans., and the District of Columbia, on the one hand, and, on the other, points in Arizona and California.

NOTE.—Applicant states that it and its affiliates, T.E.K. Van Lines, Inc. hold all of the authority sought by this application; the purpose of this application is to remove the necessity of interlining with T.E.K. Common control may be involved. If a hearing is deemed necessary, the applicant does not specify a location.

No. MC 19416 (Sub-No. 14), filed March 1, 1977. Applicant: DUNN BROS., INC., 1410 Mercantile Building, P.O. Box 5771, Dallas, Tex. 75222. Applicant's representative: Phillip Robinson, P.O. Box 2207, Austin, Tex. 78768. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: (1) *Machinery, equipment, materials and supplies* used in, or in connection with, the discovery, development, production, refining, manufacture, processing, storage, transmission, and distribution of natural gas and petroleum and their products and by-products, *and machinery, materials, equipment and supplies* used in, or in connection with the construction, operation, repair, servicing maintenance and dismantling of pipe lines, including the stringing and picking up thereof, (2) *earth drilling machinery and equipment, and machinery equipment, materials, supplies and pipe* incidental to, used in, or in connection with (a) the transportation, installation, removal, operation, repair, servicing, maintenance, and dismantling of drilling machinery and equipment, (b) the completion of holes or wells drilled, (c) the production, storage and transmission of commodities resulting from drilling operations at well or hole sites and (d) the injection or removal of commodities into or from holes or wells, between points in, Connecticut, Delaware, Florida, Georgia, Maine, Maryland, Massachusetts, New Hampshire, New Jersey, New York, North Carolina, Rhode Island, South Carolina, and Virginia, on the one hand, and, on the other, points in the United States, including Alaska but excluding Hawaii.

NOTE.—If a hearing is deemed necessary, the applicant requests a consolidated record with other similar applications at Houston, Tex., Tulsa, Okla., San Francisco, Calif., St. Louis, Mo. and Pittsburgh, Pa.

No. MC 21436 (Sub-No. 4), filed February 14, 1977. Applicant: RELIANCE VAN COMPANY, INC., 67 West Kings Highway, Maple Shade, N.J. 08052. Applicant's representative: Robert J. Gallagher, 1000 Connecticut Ave., N.W., Suite 1200, Washington, D.C. 20036. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Empty household goods shipping containers*, set up or knocked down, between points in Alabama, Arkansas, Connecticut, Delaware, Florida, Georgia, Illinois, Indiana, Iowa, Kentucky, Louisiana, Maine, Maryland, Massachusetts, Michigan, Minnesota, Missouri, New Hampshire, New Jersey, New York, North Carolina, Ohio, Pennsylvania, Rhode Island, South Carolina, Tennessee, Vermont, Virginia, West Virginia, Wisconsin, and the District of Columbia.

NOTE.—Common control may be involved. If a hearing is deemed necessary, the applicant requests it be held at Philadelphia, Pa.

No. MC 25255 (Sub-No. 2), filed February 10, 1977. Applicant: LEE ROY HEERMAN, doing business as, COIN TRANSFER, P.O. Box 296, Coin, Iowa, 51636. Applicant's representative: Bradford E. Kistler, P.O. Box 82028, Lincoln, Nebr. 68501. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: (1) *Bearings*, from Clarinda, Iowa, to points in the United States (except Alaska and Hawaii); and (2) *materials, equipment, and supplies*, utilized in the manufacture, sales and distribution of bearings, from points in the United States (except Alaska and Hawaii), to Clarinda, Iowa, restricted in (1) and (2) above against the transportation of commodities in bulk.

NOTE.—If a hearing is deemed necessary, applicant requests it be held at Omaha, Nebr.

No. MC 26396 (Sub-No. 141), filed January 28, 1977. Applicant: POPELKA TRUCKING CO., doing business as, THE WAGGONERS, Box 990, Livingston, Mont. 59047. Applicant's representative: David Waggoner (same address as applicant). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Gypsum board and accessories* for installation thereof (except in bulk, in tank vehicles), from points Big Horn and Park Counties, Wyo., to ports of entry on the International Boundary line between the United States and Canada, located in Idaho, Montana, North Dakota and Washington, restricted to the transportation of shipments destined to Alberta, Saskatchewan, and British Columbia, Canada.

NOTE.—Applicant holds contract carrier authority in various subs under MC 136777, therefore dual operations may be involved. If a hearing is deemed necessary, the applicant requests it be held at Billings, Mont.

No. MC 26739 (Sub-No. 94), filed February 17, 1977. Applicant: CROUCH FREIGHT SYSTEMS INC., P.O. Box 1159, St. Joseph, Mo. 64502. Applicant's representative: Roland Rice, 1111 E Street, N.W., Suite 501, Perpetual Building, Washington, D.C. 20004. Authority sought to operate as a *common carrier*, by motor vehicle, over regular routes, transporting: *General commodities* (except those of unusual value, Classes A and B explosives, household goods as defined by the Commission, commodities in bulk, and commodities requiring special equipment), Between New York, N.Y. and Amarillo, Tex.: From New York, N.Y. over Interstate Highway 78 to the junction of Interstate Highway 76, thence over Interstate Highway 76 to the junction of Interstate Highway 70, thence over Interstate Highway 70 to the junction of Interstate Highway 44, thence over Interstate Highway 44 to the junction of U.S. Highway 66, west of Springfield, Mo., thence over U.S. Highway 66 to Amarillo, Tex. and return over the same route, serving no intermediate points.

NOTE.—Common control may be involved. If a hearing is deemed necessary, the applicant requests it be held at either Washington, D.C. or San Francisco, Calif.

No. MC 26739 (Sub-No. 95), filed February 22, 1977. Applicant: CROUCH FREIGHT SYSTEMS INC., P.O. Box 1159, St. Joseph Mo. 64502. Applicant's representative: Martin J. Rosen, 256 Montgomery Street, San Francisco, Calif. 94104. Authority sought to operate as a *common carrier*, by motor vehicle, over regular routes, transporting: *General commodities* (except those of unusual value, Classes A and B explosives, household goods as defined by the Commission, commodities in bulk, and those requiring special equipment): Between Kansas City, Kans. and Flagstaff Ariz., serving no intermediate points. From Kansas City, Kans. over Interstate Highway 70 to the junction of the Kansas Turnpike located at or near Topeka, Kans., thence over the Kansas Turnpike to the junction of U.S. Highway 50, thence over U.S. Highway 50 to the junction of U.S. Highway 81, thence over U.S. Highway 81 to the junction of U.S. Highway 54, thence over U.S. Highway 54 to the junction of Interstate Highway 40, thence over Interstate Highway 40 to Flagstaff, Ariz., and return over the same route.

NOTE.—Applicant states the purpose of this filing is to request relocation of an interchange point for economical reasons. Common control may be involved. If a hearing is deemed necessary, applicant requests that it be held at either Washington, D.C. or San Francisco, Calif.

No. MC 26739 (Sub-No. 96), filed February 10, 1977. Applicant: CROUCH FREIGHT SYSTEMS, INC., P.O. Box 1159, St. Joseph, Mo. 64502. Applicant's representative: Roland Rice, Suite 501 Perpetual Bldg., 1111 E. St., N.W., Washington, D.C. 20004. Authority sought to operate as a *common carrier*, by motor vehicle, over regular routes, transporting: *General commodities* (except those of unusual value, Classes A and B explosives, household goods as defined by the Commission, commodities in bulk, and commodities requiring special equipment): Between Springfield, Ill., and Amarillo, Tex., serving no intermediate points.: From Springfield, Ill., over U.S. Highway 66 to the junction of U.S. Highway 40, thence over U.S. Highway 40 to the junction of U.S. Highway 50, thence over U.S. 50, to the junction of U.S. Highway 75, thence over U.S. Highway 75 to the junction of U.S. Interstate Highway 40, thence over U.S. Interstate Highway 40, to Amarillo, Tex., and return over the same route, restricted against the transportation of shipments having a point of origin or destination at Dallas, Tex.

NOTE.—Common control may be involved. If a hearing is deemed necessary, applicant requests that it be held at Washington, D.C., or San Francisco, Calif.

No. MC 29910 (Sub-No. 175), filed February 22, 1977. Applicant: ARKANSAS-BEST FREIGHT SYSTEM, INC., 301 South 11th Street, Fort Smith, Ark. 72901. Applicant's representative: Don A. Smith, P.O. Box 43, 510 North Greenwood Avenue, Fort Smith, Ark. 72902. Authority sought to operate as a *common carrier*, by motor vehicle, over regular routes, transporting: *General commodities* (except those of unusual value, Classes A and B explosives, household goods as defined by the Commission, commodities in bulk, and those requiring special equipment): Serving the facilities of the Houston Lighting & Power Company, located at or near Wallis (Austin County), Tex., as an off-route point in connection with carrier's presently authorized regular-route operations.

NOTE.—Common control may be involved. If a hearing is deemed necessary, the applicant requests it be held at either Houston, Tex. or New Orleans, La.

No. MC 30260 (Sub-No. 4), filed February 10, 1977. Applicant: DELMOT MOTOR EXPRESS, INC., 1024 Lackawanna Ave., Elmira, N.Y. 14901. Applicant's representative: Clinton Cornell (same address as applicant). Authority sought to operate as a *common carrier*, by motor vehicle, over regular routes, transporting: *General commodities* (except those of unusual value, high explosives, household goods, commodities in bulk, commodities requiring special equipment): Serving the terminal sites of B & D Transfer, Inc. located at Blossburg, and Liberty, Pa., as off-route points in conjunction with applicant's regular route authority, for the purpose of interchange and operating convenience only.

NOTE.—If a hearing is deemed necessary, applicant requests it be held at Elmira, N.Y.; Williamsport, Pa.; Syracuse, N.Y.; or Harrisburg, Pa.

No. MC 30844 (Sub-No. 575), filed February 10, 1977. Applicant: KROBLIN REFRIGERATED XPRESS, INC., 2125 Commercial Street, Waterloo, Iowa 50702. Applicant's representative: John P. Rhodes (same address as applicant). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Salad dressings and food sauces* in containers requiring protective service from heat and cold, from Grundy Center, Iowa, to points in Illinois on and north of U.S. Highway 36, and points in Wisconsin, restricted to shipments originating at the plantsite and facilities at the above-named origin and destined to the indicated destinations.

NOTE.—Common control may be involved. If a hearing is deemed necessary, the applicant requests it be held at Chicago, Ill.

No. MC 30844 (Sub-No. 580), filed February 18, 1977. Applicant: KROBLIN REFRIGERATED XPRESS, INC., P.O. Box 5000, Waterloo, Iowa 50704. Applicant's representative: John P. Rhodes, 2125 Commercial Street, Waterloo, Iowa 50702. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Meats, meat products, and meat by-products, and articles distributed by meat packing houses*, as described in Sections A and C of Appendix I to the report in Descriptions in Motor Carrier Certificates, 61 M.C.C. 209 and 766 (except hides and commodities in bulk), from East St. Louis, Ill., and St. Louis, Mo., to points in Connecticut, Delaware, Maine, Maryland, Massachusetts, New Hampshire, New Jersey, New York, Ohio, Pennsylvania, Rhode Island, Vermont, and the District of Columbia, restricted to shipments originating at the plantsite and facilities of Krey Packing Co. at the above named origin and destined to the above named states.

NOTE.—Common control may be involved. If a hearing is deemed necessary, the applicant requests it be held at St. Louis, Missouri.

No. MC 35334 (Sub-No. 79) (correction), filed December 23, 1976, published in the FEDERAL REGISTER issue of March 3, 1977, and republished as corrected this issue. Applicant: COOPER-JARRETT, INC., 23 South Essex Ave., Orange, N.J. 07051. Applicant's representative: Irving Klein, 371 Seventh Avenue, (Southgate Tower), New York, N.Y. 10001. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *General commodities* (except those of unusual value, Classes A and B explosives, household goods as defined by the Commission, commodities in bulk and those requiring special equipment), between Memphis, Tenn., on the one hand, and, on the other, Cincinnati, Ohio, serving Cincinnati, Ohio for the purpose of joinder only, and serving no intermediate points, (1) from Memphis, Tenn. over Interstate Highway 40 to Nashville, Tenn., thence over Interstate Highway 65 to Louisville, Ky., thence over Interstate Highway 71 to its junction with Interstate Highway 75, and thence over Interstate Highway 75 to Cincinnati, Ohio and return over the same route; and (2) from Memphis, Tenn. over U.S. Highway 51 to its junction with U.S. Highway 45 located at or near Mayfield, Ky., thence over U.S. Highway 45 to Paducah, Ky., thence over U.S. Highway 62 to junction with Interstate Highway 65 located at or near Elizabethtown, Ky., thence over Interstate Highway 65 to Louisville, Ky., thence over Interstate Highway 71 to junction with Interstate Highway 75, thence over Interstate Highway 75 to Cincinnati, Ohio and return over the same route.

NOTE.—The purpose of this correction is to indicate the correct authority. If a hearing is deemed necessary, the applicant requests it be held at either Washington, D.C. or Louisville, Ky.

No. MC 35628 (Sub-No. 390), filed February 14, 1977. Applicant: INTERSTATE MOTOR FREIGHT SYSTEM, a corporation, 134 Grandville Ave., SW., Grand Rapids, Mich. 49503. Applicant's representative: Michael P. Zell (same address as applicant). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Meats, meat by-products, meat products, and articles distributed by meat packing plants and foodstuffs* (except hides and commodites in bulk), from the plantsite and warehouse facilities utilized by Geo. A. Hormel & Co. located at or near Fremont, Nebr., to points in Kansas and Missouri.

Matthews, 2340 Fidelity Union Tower, Dallas, Tex. 75201. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Paper and paper products* and *materials, equipment and supplies* utilized in the manufacture and distribution thereof, (except commodities in bulk), between Monroe and West Monroe, La., on the one hand, and, on the other, points in New Mexico and Texas.

NOTE.—Applicant holds contract carrier authority in MC 140271 and subs thereunder, therefore dual operations may be involved. If a hearing is deemed necessary, applicant requests it be held at Dallas, Tex.

No. MC 119988 (Sub-No. 110) (Correction), filed January 17, 1977, published in the FEDERAL REGISTER issue of March 3, 1977, as MC 140271 Sub 5, republished as corrected this issue. Applicant: GREAT WESTERN TRUCKING CO., INC., High-

V 4267 APR 7 7 UMI

way 103 East, P.O. Box 1384, Lufkin, Tex. 75901. Applicant's representative: Hugh T. Matthews, 2340 Fidelity Union Tower, Dallas, Tex. 75201. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Canned goods*, from Eugene, Oreg., to points in Kansas, Louisiana, Missouri, Oklahoma and Texas.

NOTE.—The purpose of this republication is to correct docket number MC 119988 Sub 110 in lieu of MC 140271 Sub-No. 5 which was previously published in error. If a hearing is deemed necessary, the applicant requests it be held at Dallas, Tex.

No. MC 120626 (Sub-No. 3), filed February 10, 1977. Applicant: LAW FARMS AND CATTLE CO., doing business as, LAW MOTOR LINES, 1705 Elm Street, Rocky Ford, Colo. 81067. Applicant's representative: Truman A. Stockton, Jr., The 1650 Grand St. Bldg., Denver, Colo. 80203. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: (1) *Sugar*, from American Crystal Sugar Company, located at or near Rocky Ford, Colo., to points in Kansas, New Mexico, Oklahoma and Texas; and (2) *molasses, and liquid animal feed*, from points in Kansas, to points in Colorado.

NOTE.—If a hearing is deemed necessary, the applicant requests it be held at Denver, Colo., or Wichita, Kans.

No. MC 120675 (Sub-No. 3), filed February 14, 1977. Applicant: ACME TRUCK LINES, INC., 2501 Peters Road, P.O. Box 183, Harvey, La. 70059. Applicant's representative: Phillip Robinson, 1806 Rio Grande, P.O. Box 2207, Austin, Tex. 78768. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: (1) *Machinery, equipment, materials and supplies* used in, or in connection with, the discovery, development, production, refining, manufacture, processing, storage, transmission, and distribution of natural gas and petroleum and their products and by-products, and *machinery, materials, equipment and supplies* used in, or in connection with the construction, operation, repair, servicing, maintenance and dismantling of pipe lines, including the stringing and picking up thereof, (2) *earth drilling machinery and equipment*, and *machinery, equipment, materials, supplies and pipe* incidental to, used in, or in connection with (a) the transportation, installation, removal, operation, repair, servicing, maintenance, and dismantling of drilling machinery and equipment, (b) the completion of holes or wells drilled, (c) the production, storage and transmission of commodities resulting from drilling operations at well or hole sites and (d) the injection or removal of commodities into or from holes or wells, between points in Connecticut, Delaware, Florida, Georgia, Maine, Maryland, Massachusetts, New Hampshire, New Jersey, New York, North Carolina, Rhode Island, South Carolina, and Virginia, on the one hand, and, on the other, points in the United States, including Alaska but excluding Hawaii.

NOTE.—If a hearing is deemed necessary, the applicant requests it be held on a consolidated record with similar applications at Houston, Tex., San Francisco, Calif., St. Louis, Mo., Tulsa, Okla. and Pittsburgh, Pa.

No. MC 121240 (Sub-No. 4), filed February 22, 1977. Applicant: ABC TRUCK LINES, INC., P.O. Box 1824, Elko, Nev. 89801. Applicant's representative: Irene Warr, 430 Judge Building, Salt Lake City, Utah 84111. Authority sought to operate as a *common carrier*, by motor vehicle, over regular routes, transporting: *General commodities*, between Owyhee, Nev., and Boise, Idaho: From Owyhee over State Highway 51 to Mountain Home, Idaho; thence over Interstate Highway 80N to Boise, Idaho, and return over the same route, serving all intermediate points.

NOTE.—Applicant states that it presently holds a Certificate of Registration in No. MC 121240 (Sub-No. 1) which authorizes *commodities generally*, between Elko, Nev., and Owyhee, Nev., via State Route 11 to four miles beyond Dinner Station; via State Route 43 to Mountain City Ranger Station, and via Route 11A to Owyhee, serving all intermediate points. Applicant further states that by this application it seeks to convert that Certificate of Registration to a Certificate of Public Convenience and Necessity to enable it to provide through service between Elko, Nev., and Boise, Idaho. If a hearing is deemed necessary, the applicant requests that it be held at either Boise, Idaho, or Elko, Nev.

No. MC 121589 (Sub-No. 3), filed January 26, 1977. Applicant: DUANE L. HOBSCHEIDT, doing business as N. & W. TRANSFER, P.O. Box 188, Nehawka, Nebr. 68413. Applicant's representative: Larry D. Knox, 900 Hubbell Building, Des Moines, Iowa 50309. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: (1) *Drainage systems and irrigation equipment*, from Carthage, Mo., to points in Otoe and Cass Counties, Nebr.; and (2) *grain bins*, from Kansas City, Mo., to points in Otoe and Cass Counties, Nebr.

NOTE.—The purpose of this application is to convert Certificates of Registration to Certificates of Public Convenience and Necessity and concurrently to convert irregular to regular route operations. If a hearing is deemed necessary the applicant requests it be held at Omaha, Nebr.

No. MC 121630 (Sub-No. 5), filed February 16, 1977. Applicant: LEMORE TRANSPORTATION, INC., doing business as ROYAL TRUCKING CO., 1420 Royal Industrial Way, Concord, Calif. 94520. Applicant's representative: Daniel W. Baker, 100 Pine St., Suite 2550, San Francisco, Calif. 94111. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Pig iron and scrap metals*, loose; and *such bulk commodities* as are transported in dump vehicles (a) between points in California; and (b) between points in California, on the one hand, and, on the other, points in Arizona, Colorado, Nevada, New Mexico, Oregon, Texas, Utah, and Washington.

NOTE.—If a hearing is deemed necessary, the applicant requests it be held at San Francisco, Calif.

No. MC 123048 (Sub-No. 351), filed February 16, 1977. Applicant: DIAMOND TRANSPORTATION SYSTEM, INC., 5021 21st Street, Racine, Wis. 53406. Applicant's representative: Paul C. Gartzke, 121 West Doty Street, Madison, Wis. 53703. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Tractors* (except truck tractors), each weighing 15,000 pounds or less, *attachments, parts and accessories* therefore when moving at the same time and in the same equipment, from the facilities of Ford Motor Company, located at Troy, Mich., to points in Indiana, the lower peninsula of Michigan, Ohio, points in that part of Illinois east of U.S. Highway 51 and north of U.S. Highway 50, points in that part of Kentucky east of U.S. Highway 127, points in New York west of a line beginning at the New York-Pennsylvania State line and extending along U.S. Highway 219 to Hamburg, N.Y., and thence along U.S. Highway 62 to Niagara, N.Y., and those points in Pennsylvania and West Virginia located west of U.S. Highway 219, restricted to the transportation of traffic from the facilities of Ford Motor Company, located at Troy, Mich., and destined to points in the above named destination States, and also restricted to imported traffic having a prior movement by water, water-rail, water-motor carrier, or water-rail-motor carrier.

NOTE.—If a hearing is deemed necessary, the applicant requests that it be held at either Detroit, Mich., or Chicago, Ill.

No. MC 123048 (Sub-No. 352), filed February 16, 1977. Applicant: DIAMOND TRANSPORTATION SYSTEM, INC., 5021 21st Street, Racine, Wis. 53406. Applicant's representative: Paul C. Gartzke, 121 West Doty Street, Madison, Wis. 53703. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Lumber, lumber products and lumber by-products; wood, wood products and wood by-products; millwork; poles, posts and pilings; timbers; pallets, platforms and skids; building board; insulation building board and insulation sheets*, from points in Alabama, Arkansas, Louisiana, Mississippi, and that portion of Texas on, north and east of a line beginning at the Oklahoma-Texas border on U.S. Highway 281 to junction with Interstate Highway 410, thence west and south on Interstate Highway 410 to junction with U.S. Highway 281, thence over U.S. Highway 281 to the Texas boundary line, to points in the United States (except Alaska and Hawaii).

NOTE.—If a hearing is deemed necessary, the applicant requests that it be held at either New Orleans, La., or Jackson, Miss.

No. MC 123255 (Sub-No. 97), filed January 27, 1977. Applicant: B. & L. MOTOR FREIGHT, INC., 140 Everett Ave., Newark, Ohio 43055. Applicant's representative: C. F. Schnee, Jr. (same address as applicant). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Foodstuffs*, from the plantsite of Bruce Foods Corporation, located at or near

Wilson, N.C., to points in Connecticut, Delaware, Maryland, Massachusetts, New Jersey, New York, those points in that part of Ohio on and east of Interstate Highway 71, and points in Pennsylvania, Rhode Island, West Virginia, and the District of Columbia.

NOTE.—Common control may be involved. If a hearing is deemed necessary, applicant requests it be held at Columbus, Ohio.

No. MC 123255 (Sub-No. 98), filed February 18, 1977. Applicant: B&L MOTOR FREIGHT, INC., 140 Everett Ave., Newark, Ohio 43055. Applicant's representative: C. F. Schnee Jr. (same address as applicant). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Corrugated boxes and sheets* and *materials, equipment and supplies* used in the manufacture and distribution of corrugated boxes and sheets (except commodities in bulk), between the plantsite of Boise Cascade Corp., located at or near West Memphis, Ark., on the one hand, and, on the other, points in Alabama, Louisiana, Mississippi, Missouri, and Tennessee.

NOTE.—Common control may be involved. If a hearing is deemed necessary, the applicant requests that it be held at Columbus, Ohio.

No. MC 123389 (Sub-No. 33), filed February 22, 1977. Applicant: CROUSE CARTAGE COMPANY, a corporation, Highway 30 West, P.O. Box 586, Carroll, Iowa 51401. Applicant's representative: Michael J. Ogborn, P.O. Box 82028, Lincoln, Nebr. 68501. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Meats, meat products, meat by-products and articles distributed by meat packinghouses*, as described in sections A and C of Appendix I to the report in *Descriptions in Motor Carrier Certificates*, 61 M.C.C. 209 and 766 (except hides and commodities in bulk), from the plantsite and storage facilities utilized by American Beef Packers, Inc., located at or near Omaha, Nebr., and Oakland, Iowa., to points in Illinois, Indiana, Iowa, Kentucky, Minnesota, Missouri, Ohio, and Wisconsin, restricted to traffic originating at the named origins and destined to the named destination States.

NOTE.—If a hearing is deemed necessary, the applicant requests it be held at Omaha, Nebr.

No. MC 123405 (Sub-No. 48), filed February 22, 1977. Applicant: FOOD TRANSPORT, INC., R.D. No. 1, Thomasville, Pa. 17364. Applicant's representative: Christian V. Graf, 407 North Front Street, Harrisburg, Pa. 17101. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Canned and preserved foodstuffs*, from the facilities of Heinz U.S.A., Division of H. J. Heinz Company located at or near Fremont and Toledo, Ohio, to points in Alabama and Florida, restricted to traffic originating at the above-named facilities and destined to the named States.

NOTE.—Common control may be involved. If a hearing is deemed necessary, the applicant requests it be held at either Harrisburg, Pa., or Washington, D.C.

No. MC 123819 (Sub-No. 42), filed February 11, 1977. Applicant: ACE FREIGHT LINE, INC., 3359 Cazassa Rd., P.O. Box 16589, Memphis, Tenn. 38116. Applicant's representative: Bill R. Davis, Suite 101, Emerson Center, 2814 New Spring Rd., Atlanta, Ga. 30339. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Bags, bagging, or fabric*, from Nashville, Ga., to points in Alabama, Arkansas, Louisiana, Mississippi, Oklahoma, and Tennessee.

NOTE.—If a hearing is deemed necessary, the applicant requests it be held at either Atlanta, Macon, or Albany, Ga.

No. MC 124025 (Sub-No. 6), filed February 15, 1977. Applicant: GLASS TRUCKING COMPANY, a corporation, P.O. Box 276, Newkirk, Okla. 74647. Applicant's representative: C. L. Phillips, Room 248, Classen Terrace Bldg., 1411 N. Classen, Oklahoma City, Okla. 73106. Authority sought to operate as a *contract carrier*, by motor vehicle over irregular routes, transporting: (1) *Mill feed*, in bags and in bulk, from Newton, Wellington, and Wichita, Kans., to points in Arkansas, Missouri, Oklahoma, and Texas; and (2) *flour*, in bags, from Arkansas City, Kans., to points in Tennessee, under a continuing contract, or contracts, with Dixie-Portland Flour Mills, Inc., and Ross Industries Dept., Cargill, Inc.

NOTE.—Applicant has pending common carrier authority in No. MC 142544, therefore dual operations may be involved. If a hearing is deemed necessary, the applicant requests it be held at Oklahoma City, Okla.

No. MC 124025 (Sub-No. 7), filed February 18, 1977. Applicant: GLASS TRUCKING COMPANY, a corporation, P.O. Box 276, Newkirk, Okla. 74647. Applicant's representative: C. L. Phillips, Room 248, Classen Terrace Building, 1411 N. Classen, Oklahoma City, Okla. 73106. Authority sought to operate as a *contract carrier*, by motor vehicle, over irregular routes, transporting: *Baler wire, fencing, nails, fence posts, and reinforcing bar* (except commodities which because of size or weight, require the use of special equipment), from Pueblo, Colo., to points in Nebraska, New Mexico, and Texas, under a continuing contract or contracts with Glass Wholesale, Inc.

NOTE.—If a hearing is deemed necessary, the applicant requests it be held at Oklahoma City, Okla.

No. MC 124211 (Sub-No. 288), filed February 13, 1977. Applicant: HILT TRUCK LINE, INC., Post Office Box 988 D.T.S., Omaha, Nebr., 68101. Applicant's representative: Thomas L. Hilt (same address as applicant). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Meats, meat products, meat by-products, and articles distributed by meat packing houses*, as described in sections A and C of Appendix I to the report in *Descriptions in Motor Carrier Certificates*, 61 M.C.C. 209 and 766 (except commodities in bulk, in tank vehicles), from points in Colorado, to those points in that part of the United States in and east of North Dakota, South Dakota, Nebraska, Kansas, Oklahoma, and Texas.

NOTE.—Common control may be involved. If a hearing is deemed necessary, the applicant requests it be held on a consolidated record with similar applications at Denver, Colo.

No. MC 124213 (Sub-No. 10), filed February 10, 1977. Applicant: SWIFTLINES, INC., 7878 "I" Street, Omaha, Nebr. 68106. Applicant's representative: Donald L. Stern, 530 Univac Bldg., 7100 West Center Road, Omaha, Nebr. 68106. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Meat, meat products, meat by-products, and articles distributed by meat packinghouses*, as described in sections A and C of Appendix I to the report in *Descriptions in Motor Carrier Certificates*, 61 M.C.C. 209 and 766 (except hides and commodities in bulk), from the plantsite and storage facilities of Hygrade Food Products Corporation, located at or near Storm Lake and Cherokee, Iowa, to points in Illinois, restricted to traffic originating at the named origin points and destined to points in Illinois.

NOTE.—If a hearing is deemed necessary, applicant requests it be held at Omaha, Nebr.

No. MC 124939 (Sub-No. 11), filed February 10, 1977. Applicant: FOOD HAUL, INC., 1215 West Mound Street Rear, Columbus, Ohio 43223. Applicant's representative: J. A. Kundtz, 1100 National City Bank Bldg., Cleveland, Ohio 44114. Authority sought to operate as a *contract carrier*, by motor vehicle, over irregular routes, transporting: *Such merchandise* as is dealt in by wholesale, retail and chain grocery and food business houses, and in connection therewith, *equipment, materials and supplies*, used in the conduct of such business, (1) between points in Indiana, Kentucky, Ohio, points in that part of Pennsylvania on and west of U.S. Highway 15, and points in Tennessee and West Virginia; and (2) between points in the above specified territory, on the one hand, and, on the other, Chicago, Ill.; Baltimore and Landover, Md.; Detroit, Mich.; and Charlotte, N.C., under a continuing contract, or contracts, with The Great Atlantic & Pacific Tea Company, Inc.

NOTE.—Common control may be involved. If a hearing is deemed necessary, the applicant requests it be held at Washington, D.C.

No. MC 125433 (Sub-No. 97), filed February 10, 1977. Applicant: F-B TRUCK LINE COMPANY, a corporation, 1945 South Redwood Road, Salt Lake City, Utah 84104. Applicant's representative: Michael J. Norton, Suite 404—Boston Building, P.O. Box 2135, Salt Lake City, Utah 84110. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Equipment, materials, supplies, parts and accessories* used in the production, manufacture, assemblage or distribution of contractors' construction, and *mining*

V 42 67 APR 7 7 7 UMI

machinery, equipment, materials, supplies and parts, from points in Arizona, Arkansas, California, Colorado, Illinois, Indiana, Iowa, Kansas, Kentucky, Louisiana, Michigan, Minnesota, Missouri, Montana, Nebraska, Nevada, New Mexico, North Dakota, Ohio, Oklahoma, Oregon, Pennsylvania, South Dakota, Tennessee, Texas, Utah, Washington, Wisconsin, and Wyoming, to Pocatello, Idaho.

NOTE.—Common control may be involved. If a hearing is deemed necessary, the applicant requests it be held at either Boise, Idaho, or Salt Lake City, Utah.

No. MC 125777 (Sub-No. 185), filed February 14, 1977. Applicant: JACK GRAY TRANSPORT, INC., 4600 East 15th Avenue, Gary, Ind. 46403. Applicant's representative: Edward C. Bazelon, 39 South La Salle Street, Chicago, Ill. 60603. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Scrap metals*, in dump vehicles, between points in California, Connecticut, Delaware, Idaho, Maine, Maryland, Massachusetts, Nevada, New Hampshire, New Jersey, New York, Oregon, Rhode Island, Utah, Vermont, Virginia, Washington, and the District of Columbia, on the one hand, and, on the other, points in the United States (except Alaska and Hawaii).

NOTE.—If a hearing is deemed necessary, the applicant requests it be held at Chicago, Ill.

No. MC 126118 (Sub-No. 31), filed February 17, 1977. Applicant: CRETE CARRIER CORPORATION, P.O. Box 81228, Lincoln, Nebr. 68501. Applicant's representative: Marl K. Pugsley (same address as applicant). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: (1) *Tobacco and tobacco products*, and *advertising and promotional items;* when moving in the same vehicle and at the same time with tobacco and tobacco products, from Durham, N.C., to points in Arizona, California, Colorado, Idaho, Kansas, Montana, Nebraska, Nevada, New Mexico, North Dakota, Oklahoma, Oregon, South Dakota, Utah, and Washington; (2) *tobacco products*, from Durham, N.C., to El Paso, Tex., and points in Iowa, Minnesota, Missouri, and Wisconsin; (3) *Tobacco products* (except cigarettes and redried tobacco), from Owensboro, Ky., to Durham, N.C.; (4) *tobacco products* (except cigarettes), from Owensboro, Ky., to points in Alaska, Arizona, California, Idaho, Iowa, Kansas, Minnesota, Missouri, Montana, Nebraska, Nevada, New Mexico, North Dakota, Oklahoma, Oregon, South Dakota, Texas, Utah, Washington, and Wyoming; (5) *tobacco products*, from Durham, N.C., to points in Illinois, Indiana, those points in that part of Kentucky on and west of U.S. Highway 127, points in Michigan, and points in that part of Tennessee on and west of U.S. Highway 127; and (6) *tobacco products* (except in bulk, and except redried tobacco and cigarettes), from Owensboro, Ky., to points in Alabama, Florida, Georgia, Louisiana, Mississippi, North Carolina, South Carolina, and Texas, restricted to traffic originating at or destined to facilities utilized by Liggett Group, Inc., whose corporate name was formerly Liggett & Myers, Inc.

NOTE.—Applicant seeks by this application to convert its permits in MC 126375 Subs 56, 62, 94, 110, 114, and 116, into a certificate of public convenience and necessity. Applicant holds contract carrier authority in MC 126375 and subs thereunder, therefore dual operations may be involved. Common control may also be involved. If a hearing is deemed necessary, applicant requests it be held at Durham, N.C., or Lincoln, Nebr.

No. MC 126118 (Sub-No. 33), filed February 10, 1977. Applicant: CRETE CARRIER CORPORATION, P.O. Box 81228, Lincoln, Nebr. 68501. Applicant's representative: Duane W. Acklie (same address as applicant). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: (1) *Motor vehicle parts and equipment, and tools* used in connection therewith, (a) from Paulding, Ohio, to Nashville, Tenn., (b) from Loudon, Nashville and Pulaski, Tenn., to points in that part of the United States on and west of a line beginning at the mouth of the Mississippi River, and extending along the Mississippi River to its junction with the western boundary of Itasca County, Minn., thence along the western boundaries of Itasca and Koochiching Counties, Minn., to the International Boundary line between the United States and Canada, and to points in Illinois, Indiana, Michigan, Mississippi and Wisconsin, (c) from Haleyville, Ala., to Harvey, Ill., and Loudon, Tenn., (2) *used brake shoe cores*, from Detroit, Mich., and Buffalo, N.Y., to Paulding, Ohio, (3) *automotive replacement parts and automotive accessories*, from Loudon, Nashville and Pulaski, Tenn., to Duluth, Minn., and points in Alabama, Connecticut, Delaware, Florida, Georgia, Kentucky, Maine, Maryland, Massachusetts, New Hampshire, New Jersey, New York, North Carolina, Ohio, Pennsylvania, Rhode Island, South Carolina, Vermont, Virginia, and West Virginia, and the District of Columbia, (4) *equipment, materials, and supplies* used in the manufacture of the above-described commodities, from points in California, Connecticut, Illinois, Indiana, Iowa, Kansas, Kentucky, Maine, Michigan, Minnesota, Missouri, New Jersey, New Mexico, New York, North Carolina, Ohio, Pennsylvania, Rhode Island, Texas, Vermont, and West Virginia, to Loudon, Nashville and Pulaski, Tenn., and Paulding, Ohio.

(5) *Automotive replacement parts and automotive accessories, and equipment, materials, and supplies* used in the manufacture of the above-described commodities (except commodities in bulk), between ports of entry on the International Boundary line, between the United States and Canada located in Michigan and New York, on the one hand, and, on the other, points in the United States (except Alaska and Hawaii), (6) *automotive replacement parts, and automotive accessories*, from Bayonne, N.J., to points in Connecticut, Delaware, Maine, Massachusetts, New Hampshire, New Jersey, New York, Pennsylvania, Rhode Island, Vermont, Virginia, West Virginia, and the District of Columbia, (7) *automotive replacement parts and automotive accessories*, (a), from points in Los Angeles, County, Calif., to points in Arizona, Colorado, Idaho, New Mexico, Oregon, Texas, Utah, and Washington; and (b), from Harvey, Ill., to points in Los Angeles County, Calif., (8) *such commodities* as are dealt in and used by manufacturers and distirbutors of automotive parts, accessories, equipment, materials and supplies (except in bulk), between Saco, Maine, on the one hand, and, on the other, points in the United States (except Alaska and Hawaii), (9) *automotive replacement parts and accessories*, from points in Connecticut, Ohio and Rhode Island, to Lawrenceburg, Tenn., (10) *automotive replacement parts and automotive accessories, and materials and supplies* used in the manufacture and distribution of the above-described commodities (except commodities in bulk), between Chickasha, Okla., on the one hand, and, on the other, points in the United States (except Alaska and Hawaii), (11) *motor vehicle parts, and materials and supplies* used in the distribution and manufacture of motor vehicle parts, from points in Wisconsin to points in Tennessee.

(12) *Motor vehicle parts and accessories, and commodities* used in the manufacture, production, and distribution of motor vehicle parts and accessories (except in bulk), between Ripley, Tenn., on the one hand, and, on the other, points in the United States (except Alaska and Hawaii), (13) *motor vehicle parts, and accessories, and materials* used in the manufacture, production, and distribution of motor vehicle parts and accessories (except commodities in bulk), between Bayonne, N.J., on the one hand, and, on the other, points in Illinois, Indiana, Maryland, Ohio, and Oklahoma, (14) *motor vehicle parts, accessories, and equipment, and materials and supplies* used in the production and distribution of the foregoing commodities (except commodities in bulk and those which because of size and weight require the use of special equipment), between Paulding, Ohio, on the one hand, and, on the other, points in the United States (except Alaska, Hawaii, and Ohio); and (15) *returned, replacement, and obsolete motor vehicle parts, accessories and related items*, from points in the United States (except Alaska and Hawaii), to the facilities of Maremont Corporation, located at or near Loudon, Nashville, and Pulaski, Tenn., restricted to traffic originating at or destined to facilities utilized by the Maremont Corporation.

NOTE.—The purpose of this application is to convert from contract carrier to common carrier authority, restricted to traffic originating at or destined to the facilities utilized by the contracting shipper. Common control may be involved. If a hearing is deemed necessary, the applicant requests it be held at either Chicago, Ill., or Lincoln, Nebr.

No. MC 126715 (Sub-No. 11), filed February 17, 1977. Applicant: TRANSPORT SERVICE, a Corporation, 8101 N.E. 11th Avenue, Portland, Oreg. 97211. Applicant's representative: Jerry R. Woods, Suite 1440, 200 Market Bldg., Portland, Oreg. 97201. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Industrial asphalt* (except road surfacing), in tank vehicles, (1) from points in Alameda and Contra Costa Counties, Calif., to points in Multnomah and Umatilla Counties, Oreg., and Pierce County, Wash.; and (2) from points in Yellowstone County, Mont., to points in Columbia, Multnomah and Umatilla Counties, Oreg.

NOTE.—If a hearing is deemed necessary, applicant requests it be held at Portland, Oreg.

No. MC 126844 (Sub-No. 36), filed February 25, 1977. Applicant: R.D.S. TRUCKING CO., a corporation, 1713 North Main Road, Vineland, N.J. 08360. Applicant's representative: Terrence D. Jones, 2033 K Street, N.W., Suite 300, Washington, D.C. 20006. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Coffee, coffee extract, tea*, and *tea extract*, from the facilities of Standards Brand Incorporated located at or near New Orleans, La., to points in Connecticut, Delaware, Illinois, Indiana, Iowa, Kentucky, Maryland, Massachusetts, Michigan, Minnesota, Missouri, New Jersey, New York, Ohio, Pennsylvania, Rhode Island, West Virginia, Wisconsin, and the District of Columbia.

NOTE.—If a hearing is deemed necessary, the applicant requests it be held at Washington, D.C.

No. MC 127974 (Sub-No. 8), filed February 10, 1977. Applicant: P. LIEDTKA TRUCKING, INC., 110 Patterson Avenue, Trenton, N.J. 08610. Applicant's representative: Alan Kahn, Suite 1920, Two Penn Center Plaza, Philadelphia, Pa. 19102. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Plasterboard and plasterboard joint systems*, from Camden, N.J., to points in New Hampshire.

NOTE.—If a hearing is deemed necessary, applicant requests it be held at Washington, D.C., or Trenton, N.J.

No. MC 128273 (Sub-No. 252), filed February 17, 1977. Applicant: MIDWESTERN DISTRIBUTION, INC., P.O. Box 189, Fort Scott, Kans. 66701. Applicant's representative: Elden Corban (same address as applicant). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Foodstuff* (except meats, frozen foods, and commodities in bulk), from points in North Carolina, to points in the United States (except Alaska, Hawaii, and North Carolina).

NOTE.—If a hearing is deemed necessary, applicant requests it be held at Chicago, Ill., or Washington, D.C.

No. MC 128273 (Sub-No. 254), filed February 22, 1977. Applicant: MIDWESTERN DISTRIBUTION, INC., P.O. Box 189, Fort Scott, Kans. 66701. Applicant's representative: Elden Corban (same address as applicant). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Electrical appliances, electric motors, household stools, kitchen chairs, lawn care products, home care products, personal care products, barbeque grills, barbeque equipment, and recreational equipment*, from the facilities of Neosho Products Company, Division of Sunbeam Corporation, located at or near Neosho, Mo., to those points in the United States in and east of Kentucky, Illinois, Minnesota, Mississippi, Tennessee and Wisconsin.

NOTE.—If a hearing is deemed necessary, the applicant requests it be held at either Little Rock, Ark., or Kansas City, Mo.

No. MC 128527 (Sub-No. 77), filed February 14, 1977. Applicant: MAY TRUCKING COMPANY, a corporation, P.O. Box 398, Payette, Idaho 83661. Applicant's representative: Edward G. Rawle, 4635 S.W. Lake View Blvd., Lake Oswego, Oreg. 97034. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Pre-cut log buildings*, knocked down, and *materials and supplies* used in the construction of such commodities, from the plantsite of Real Log Homes, located at or near Missoula, Mont., to point in Arizona, California, Colorado, Idaho, Iowa, Minnesota, Nebraska, Nevada, New Mexico, North Dakota, Oregon, South Dakota, Utah, Washington and Wisconsin.

NOTE.—If a hearing is deemed necessary, the applicant requests it be held at either Boise, Idaho, Missoula, Mont., or Portland, Oreg.

No. MC 128685 (Sub-No. 25), filed February 18, 1977. Applicant: DIXON BROS., INC., P.O. Drawer 8, Newcastle, Wyo. 82701. Applicant's representative: Jerome Anderson, 100 Transwestern Building, 404 North 31st Street, Billings, Mont. 59101. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Processed animal feeds*, in bulk and in bags, from Morill and Gering, Nebr., to points in Montana and Wyoming and to those points in that part of South Dakota west of the Missouri River.

NOTE.—If a hearing is deemed necessary, applicant requests it be held at either Cheyenne or Casper, Wyo.

No. MC 129631 (Sub-No. 54), filed February 22, 1977. Applicant: PACK TRANSPORT, INC., 3975 S. 300 West, Salt Lake City, Utah 84107. Applicant's representative: Max D. Eliason, P.O. Box 2602, Salt Lake City, Utah 84110. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: (1) *Buildings, building components, building parts, building sections*, knocked down, prefabricated or partially set up, and *materials and supplies* used in the erection construction of buildings, from points in Salt Lake County, Utah, to those points in that part of the United States in and west of Colorado, Montana, New Mexico and Wyoming (except Hawaii); and (2) *materials and supplies* used in the manufacture, construction or erection of buildings, building parts or building sections, from those points in that part of the United States in and west of Colorado, Montana, New Mexico and Wyoming (except Hawaii), to points in Salt Lake County, Utah.

NOTE.—Common control may be involved. If a hearing is deemed necessary, the applicant requests it be held at Salt Lake City, Utah.

No. MC 129830 (Sub-No. 10), filed February 18, 1977. Applicant: JACOBSMA TRANSPORTATION COMPANY, a corporation, 2600 Highway 75 North, Sioux City, Iowa 51105. Applicant's representative: Patrick E. Quinn, P.O. Box 82028, Lincoln, Nebr. 68501. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Liquid fertilizer solution*, in bulk, in tank vehicles, from Oyens (Plymouth County), Iowa, to points in Minnesota, Nebraska and South Dakota, restricted to traffic originating at Oyens, Iowa, and destined to points in the named destination states.

NOTE.—Common control may be involved. If a hearing is deemed necessary, the applicant requests it be held at Omaha, Nebr.

No. MC 133095 (Sub-No. 142), filed January 26, 1977. Applicant: TEXAS-CONTINENTAL EXPRESS, INC., P.O. Box 434, Euless, Tex. 76039. Applicant's representative: Paul M. Daniell, P.O. Box 872, Atlanta, Ga. 30301. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Such merchandise* as is dealt in by retail auto and home supply stores, and *material, equipment and supplies* utilized in the distribution thereof (except in bulk), between points in Mississippi, on the one hand, and, on the other, points in the United States in and east of Alabama, Tennessee, Kentucky, West Virginia and Pennsylvania, restricted to the transportation of traffic originating at or destined to the retail stores, manufacturing facilities and warehouse facilities utilized by Western Auto Supply Co.

NOTE.—The purpose of this application is to convert applicant's existing contract carrier authority to common carrier authority. If a hearing is deemed necessary, the applicant requests it be held at either Dallas, Tex., or New Orleans, La.

No. MC 133095 (Sub-No. 151), filed February 18, 1977. Applicant: TEXAS-CONTINENTAL EXPRESS, INC., P.O. Box 434, Euless, Tex. 76039. Applicant's representative: K. Edward Wolcott, 1600 First Federal Bldg., Atlanta, Ga. 30303. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: (1) *Hair care toiletries and equipment;* and (2) *cosmetics and cosmetic equipment*, from the plantsite of Clairol, Inc. located at Stamford, Conn., to Memphis, Tenn.; Atlanta, Ga.; Detroit, Mich., and points in the United

V 42 67 APR 7 7 7 UMI

States in and west of Arkansas, Illinois, Mississippi, Missouri and Wisconsin (except Alaska and Hawaii).

NOTE.—Applicant states this is an application to convert existing contract carrier authority to common carrier authority. Applicant holds contract carrier authority in No. MC 136032 and subs thereunder, therefore dual operations may be involved. If a hearing is deemed necessary, the applicant requests it be held at either Dallas, Tex. or New York City, N.Y.

No. MC 133095 (Sub-No. 152), filed February 22, 1977. Applicant: TEXAS CONTINENTAL EXPESS, INC., P.O. Box 434, Euless, Tex. 76039. Applicant's representative: K. Edward Wolcott, 1600 Federal Building, Atlanta, Ga. 30303. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Hair care toiletries and equipment*, from Camarillo, Calif., to Dallas, Tex.; Chicago, Ill.; Atlanta, Ga.; and Stamford, Conn.

NOTE.—Applicant holds contract carrier authority in No. MC 136032 and subs thereunder; therefore dual operations may be involved. If a hearing is deemed necessary, the applicant requests that it be held at either Dallas, Tex. or New York City, N.Y.

No. MC 133437 (Sub-No. 5), filed February 25, 1977. Applicant: DAVIS CARTAGE CO., a corporation, P.O. Box 96, Corunna, Mich. 48817. Applicant's representative: William B. Elmer, 21635 East Nine Mile Road, St. Clair Shores, Mich. 48080. Authority sought to operate as a *contract carrier*, by motor vehicle, over irregular routes, transporting: *Sugar, corn syrup, dextrose, and blends* thereof, and *dried sugar beet pulp and sugar beet molasses*, blended, from points in Bay County, Mich., to points in Illinois, Indiana, New York, Pennsylvania, Ohio and Wisconsin, under a continuing contract, or contracts, with Michigan Sugar Company, located in Saginaw, Mich.

NOTE.—If a hearing is deemed necessary, the applicant requests that it be held at Lansing or Detroit, Mich., or Chicago, Ill.

No. MC 133655 (Sub-No. 96), filed February 14, 1977. Applicant: TRANS-NATIONAL TRUCK, INC., P.O. Box 4168, Amarillo, Tex. 79105. Applicant's representative: Neil A. DuJardin, P.O. Box 2298, Green Bay, Wis. 54306. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Printed matter*, and *materials and supplies* used in the manufacture of printed matter (except commodities in bulk), between Chicago, Ill., on the one hand, and, on the other, points in Alabama, Arizona, Arkansas, California, Colorado, Florida, Georgia, Idaho, Kansas, Louisiana, Mississippi, Missouri, Montana, Nebraska, Nevada, New Mexico, North Carolina, North Dakota, Oklahoma, Oregon, South Carolina, South Dakota, Tennessee, Texas, Utah, Washington and Wyoming.

NOTE.—Common control may be involved. If a hearing is deemed necessary, the applicant requests it be held at Chicago, Ill.

No. MC 133655 (Sub-No. 97), filed February 14, 1977. Applicant: TRANS-NATIONAL TRUCK, INC., P.O. Box 4185, Amarillo, Tex. 79105. Applicant's representative: Neil A. DuJardin, P.O. Box 2298, Green Bay, Wis. 54306. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Printed matter, and materials and supplies* used in the manufacture of printed matter (except commodities in bulk), between Lancaster, Pa., on the one hand, and, on the other, points in the United States (except Connecticut, Delaware, Maine, Maryland, Massachusetts, New Hampshire, New Jersey, New York, Pennsylvania, Rhode Island, Vermont, Virginia, West Virginia and the District of Columbia).

NOTE.—Common control may be involved. If a hearing is deemed necessary, the applicant requests it be held at Chicago, Ill.

No. MC 133655 (Sub-No. 98), filed February 14, 1977. Applicant: TRANS-NATIONAL TRUCK, INC., P.O. Box 4168, Amarillo, Tex. 79105. Applicant's representative: Neil A. DuJardin, P.O. Box 2298, Green Bay, Wis. 54306. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Printed matter*, and *materials and supplies* used in the manufacture of printed matter (except commodities in bulk), (1) between Gallatin, Tenn., on the one hand, and, on the other, points in Alabama, Arizona, California, Georgia, Florida, North Carolina, Nevada, Oregon, South Carolina, Tennessee, Utah and Washington; (2) between Warsaw, Ind., on the one hand, and, on the other, points in Alabama, Arizona, California, Georgia, Florida, North Carolina, Nevada, Oregon, South Carolina, Tennessee (except Memphis), Utah and Washington; and (3) between Mattoon, Ill., Crawfordsville, Ind., Glasgow, Ky., and Willard, Ohio, on the one hand, and, on the other points in Alabama (except Mobile), Arizona, California, Florida, Georgia, Idaho, Montana, Nevada, North Carolina, Oregon, South Carolina, Tennessee (except Memphis), Utah, Washington and Wyoming.

NOTE.—Common control may be involved. If a hearing is deemed necessary, the applicant requests it be held at Chicago, Ill.

No. MC 133689 (Sub-No. 105), filed February 16, 1977. Applicant: OVERLAND EXPRESS, INC., 719 First St. SW., New Brighton, Minn. 55112. Applicant's representative: Robert P. Sack, P.O. Box 6010, West St. Paul, Minn. 55118. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Meat, meat products, meat by-products, and articles distributed by meat packinghouses* as described in Sections A and C of Appendix I to the report in *Descriptions in Motor Carrier Certificates*, 61 M.C.C. 209 and 766 (except hides and commodities in bulk), (a) from Chippewa Falls, Wis., to points in Connecticut, Delaware, Georgia, Kentucky, Maine, Maryland, Massachusetts, Michigan, North Carolina, New Hampshire, New Jersey, New York, Ohio, Pennsylvania, Rhode Island, South Carolina, Tennessee, Vermont, Virginia, West Virginia, and the District of Columbia; and (b) from Eau Claire, Wis., to points in Georgia, Michigan, North Carolina, Ohio, South Carolina, and Tennessee.

NOTE.—If a hearing is deemed necessary, the applicant requests it be held at Minneapolis, Minn.

No. MC 133708 (Sub-No. 29), filed February 18, 1977. Applicant: FIKSE BROS., INC., 12647 East South Street, Artesia, Calif. 90701. Applicant's representative: Carl H. Fritze, 1545 Wilshire Boulevard, Los Angeles, Calif. 90017. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Cement*, in bulk, from points in Maricopa County, Ariz., to points in Imperial, Kern, Los Angeles, Orange, Riverside, Santa Barbara, San Bernardino, San Diego, and Ventura Counties, Calif.

NOTE.—If a hearing is deemed necessary, the applicant requests it be held at Los Angeles, Calif.

No. MC 133937 (Sub-No. 20), filed February 25, 1977. Applicant: CAROLINA CARTAGE COMPANY, INC., P.O. Box 1075, Greenville, S.C. 29602. Applicant's representative: Leonard A. Jaskiewicz, 1730 M Street NW., Washington, D.C. 20036. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *General commodities* (except articles of unusual value, household goods as defined by the Commission, classes A and B explosives, commodities in bulk, and motor vehicles), restricted to traffic having a prior or subsequent movement by air or substituted for air service, between points in Anderson, Oconee, Pickens, Greenville and Spartanburg Counties, S.C., on the one hand, and, on the other, Dallas, Ft. Worth and Houston, Tex.; New Orleans, La.; St. Louis and Kansas City, Mo.; Detroit, Mich.; Los Angeles and San Francisco, Calif.; and Chicago, Ill., and airports serving the above cities.

NOTE.—Common control may be involved. If a hearing is deemed necessary, the applicant requests it be held at Columbia, S.C.

No. MC 134201 (Sub-No. 7), filed February 22, 1977. Applicant: JAMES V. PALMER, doing business as JIM PALMER TRUCKING, Route No. 2 Mill Creek, Missoula, Mont. 59801. Applicant's representative: Jerome Anderson, 100 Transwestern Building, 404 North 37st Street, Billings, Mont. 59101. Authority sought to operate as a *contract carrier*, by motor vehicle, over irregular routes, transporting: *Prefabricated metal buildings*, knocked down, *prefabricated metal sections*, knocked down, *component parts thereof*, and *equipment, materials and supplies* used in the installation, construction and erection thereof, from the plantsite of Armco Building Systems, located at or near Washington Courthouse, Ohio, to points in Montana and Wyoming, restricted to traffic originating at the above-named plantsite, under a continuing contract, or contracts, with Palmer Construction Company.

NOTE.—If a hearing is deemed necessary, the applicant requests it be held at either Great Falls or Helena, Mont.

No. MC 134292 (Sub-No. 1), filed February 14, 1977. Applicant: RIVERSIDE DISTRIBUTORS, INC., 3633 South Racine Avenue, Chicago, Ill. 60609. Applicant's representative: Samuel M. Kane, 10 South La Salle Street, Chicago, Ill. 60603. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *New furniture*, crated, between Rockford and Belvidere, Ill., and points in Cook, Lake, Du Page, Will, Kendall, Kane, and McHenry Counties, Ill., on the one hand, and, on the other, points in Hammond, Whiting, East Chicago, Gary, Highland, Hobart, and Griffith, Ind.

NOTE.—If a hearing is deemed necessary, the applicant requests it be held at Chicago, Ill.

No. MC 135325 (Sub-No. 3) filed February 17, 1977. Applicant: WEMCO, INC., 10111 Mercier, Dearborn, Mich. 48120. Applicant's representative: Wilhelmina Boersma, 1600 First Federal Building, Detroit, Mich. 48226. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Ground coal and foundry facing*, in bulk, in pneumatic equipment, from Cleveland, Ohio to points in the Lower Peninsula of Michigan.

NOTE.—Common control may be involved. If a hearing is deemed necessary, the applicant requests it be held at Detroit or Lansing, Mich., or Washington, D.C.

No. MC 135539 (Sub-No. 6), filed February 16, 1977. Applicant: FARM SERVICE & SUPPLIES, INC., P.O. Box 5351, 4505 Pollack Avenue, Evansville, Ind. 47715. Applicant's representative: Margie Market, 305 Van Buren,. Box 154, Marengo, Ill. 60152. Authority sought to operate as a *contract carrier*, by motor vehicle, over irregular routes, transporting: *Lawn mowers, tractors, paints* (nonflammable), *rotary tillers, snow blowers, and related parts and accessories*, including grass catchers, engines, decks, blades, tires, and shute defectors, between the plantsite of General Power Equipment located at Cary, Ill., on the one hand, and, on the other, points in the United States (except Alaska and Hawaii), under a continuing contract, or contracts, with General Power Equipment Company Division of Cotter Company located at Cary, Ill.

NOTE.—If a hearing is deemed necessary, the applicant requests it be held at Chicago, Ill.

No. MC 135797 (Sub-No. 67), filed February 22, 1977. Applicant: J. B. HUNT TRANSPORT, INC., P.O. Box 200, Lowell, Ark. 72745. Applicant's representative: Don Garrison, 204 Highway 71 North, Suite 3, Springdale, Ark. 72764. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: (1) *Diet and nutritional foods;* (2) *drugs, vitamins and toilet preparations;* and (3) *food grinders, water purifiers, can openers, container lids, cookbooks, seed sprouting kits, safety matches, candles and seeds*, from the plantsite and warehouse facilities of or used by Arrowhead Mills, Inc., located at or near Hereford, Tex., to points in Arizona, Arkansas, California, Colorado, Connecticut, Florida, Georgia, Illinois, Maryland, Massachusetts, Michigan, Missouri, New York, North Carolina, Oklahoma, Oregon, Pennsylvania, Tennessee, Vermont, Washington, and Wisconsin, restricted to traffic, in mixed shipments, originating at the named plantsite and warehouse facilities, and destined to named destination states.

NOTE.—Common control may be involved. If a hearing is deemed necessary, the applicant requests it be held at either Amarillo or Lubbock, Tex.

No. MC 135797 (Sub-No. 69), filed February 18, 1977. Applicant: J. B. HUNT TRANSPORT, INC., P.O. Box 200, Lowell, Ark. 72745. Applicant's representative: Don Garrison, 204 Highway 71 North, Suite 3, Springdale, Ark. 72764. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Wood residuals and compounds*, from Dakota County, Nebr., and Sioux City, Iowa, to points in Alabama, Arkansas, Colorado, Georgia, Illinois, Indiana, Iowa, Kansas, Kentucky, Louisiana, Minnesota, Mississippi, Missouri, Nebraska, New Mexico, North Dakota, Ohio, Oklahoma, South Dakota, Tennessee, Texas and Wisconsin.

NOTE.—Common control may be involved. If a hearing is deemed necessary, the applicant requests that it be held at either Sioux City, Iowa, or Kansas City, Mo.

No. MC 135936 (Sub-No. 21), filed February 17, 1977, Applicant: C & K TRANSPORT, INC., 503 Des Moines Street, Webster City, Iowa 50595. Applicant's representative: James M. Hodge, 1980 Financial Center, Des Moines, Iowa 50309. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Frozen foodstuffs*, from Presque Isle and Caribou, Maine, to points in Arkansas, Colorado, Illinois, Indiana, Iowa, Kansas, Kentucky, Louisiana, Michigan, Minnesota, Missouri, Nebraska, New York, Ohio, Oklahoma, Pennsylvania, Tennessee, Texas, West Virginia and Wisconsin.

NOTE.—If a hearing is deemed necessary, applicant requests it be held at Chicago, Ill., or Boston, Mass.

No. MC 136086 (Sub-No. 6), filed February 22, 1977. Applicant: BACIL GUILEY, doing business as GUILEY TRUCKING, 8615 Pecan Avenue, Fontana, Calif. 92335. Applicant's representative: Milton W. Flack, 4311 Wilshire Boulevard, Suite 300, Los Angeles, Calif. 90010. Authority sought to operate as a *contract carrier*, by motor vehicle, over irregular routes, transporting: (1) *Dies and die molds* used in the manufacture of processing of steel roofing, siding and floor decking in mixed shipments with steel roofing, siding and floor decking, between the plantsites of Verco Manufacturing, Inc., located at Phoenix, Ariz., Fontana, Calif., and Everett, Wash.; (2) *pre-painting solvent and solution* used in the manufacturing or processing of steel roofing, siding and floor decking, from Los Angeles and Oakland, Calif., to the plantsite of Verco Manufacturing, Inc., located at Phoenix, Ariz.; and (3) *steel roofing, siding and floor decking*, from the plantsite of Verco Manufacturing, Inc., located at Everett, Wash., to points in Nevada, under a continuing contract, or contracts in (1), (2) and (3) above, with Verco Manufacturing, Inc.

NOTE.—Applicant states that this application is a request for an extension of operating authority for the contracting shipper which it holds in its Sub-No. 4 Permit. If a hearing is deemed necessary, the applicant requests it be held at Los Angeles, Calif.

No. MC 136762 (Sub-No. 12), filed February 10, 1977. Applicant: OSBORNE HIGHWAY EXPRESS, a Corporation, 1725 South River Road, Sacramento, Calif. 95691. Applicant's representative: Edward A. Francom, 6400 Village Parkway, Dublin, Calif. 94566. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: (1) *Iron and steel articles* and *wire products and building paper*, from City of Commerce, City of Industry, Hayward and Riverside, Calif., to points in Arizona, Nevada, New Mexico, and Utah; and (2) *materials, equipment and supplies* used in the manufacture or production of the commodities named in (1) above, from points in Arizona, Nevada, New Mexico, and Utah, to City of Commerce, City of Industry, Hayward and Riverside, Calif.

NOTE.—Common control may be involved. If a hearing is deemed necessary, applicant requests it be held at either San Francisco or Los Angeles, Calif.

No. MC 138018 (Sub-No. 34), filed March 9, 1977. Applicant: REFRIGERATED FOODS, INC., 1420 33rd Street, Denver, Colo. 80201. Applicant's representative: Joseph W. Harvey (same address as applicant). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Meat, meat products, meat by-products, and articles distributed by meat packinghouses*, as described in sections A and C of Appendix I to the report in *Descriptions in Motor Carrier Certificates*, 61 M.C.C. 209 and 766 (except hides and commodities in bulk, in tank vehicles), from points in Colorado, to points in Arizona, California, Idaho, Montana, Nevada, Oregon, Utah, and Washington.

NOTE.—Common control may be involved. Hearing: set for 8 days, beginning April 20, 1977, at Denver, Colo.

No. MC 138308 (Sub-No. 19), filed February 17, 1977. Applicant: KLM, INC., 2102 Old Brandon Road, P.O. Box 6098, Jackson, Miss. 39205. Applicant's representative: Donald B. Morrison, 1500 Deposit Guaranty Plaza, P.O. Box 22628, Jackson, Miss. 39205. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Frozen onion rings*, from Gilroy, Calif., to New Orleans, La.

NOTE.—Applicant holds contract carrier authority in MC-126592 and subs thereunder, therefore dual operations may be involved. If a hearing is deemed necessary, the applicant requests it be held at either Jackson, Miss., or Denver, Colo.

V 4267 APR 7 77 UMI

No. MC 136328 (Sub-No. 32), filed February 25, 1977. Applicant: CLARENCE L. WERNER, doing business as WERNER ENTERPRISES, 805 32nd Avenue, P.O. Box 831, Council Bluffs, Iowa 51501. Applicant's representative: Donald L. Stern, Suite 530 Univac Building, 7100 West Center Road, Omaha, Nebr. 68106. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: (1) *Frozen macaroni products*, and *dry macaroni products*, from the facilities of Skinner Macaroni Company located at Omaha, Nebr., to points in Arizona, California, Colorado, New Mexico, and Washington; and (2) *flour, containers*, and *corrugated cartons, cellophane, polyethylene paper, and dry macaroni products*, from points in Arizona, California, Colorado, New Mexico, and Washington, to the facilities of Skinner Macaroni Company located at Omaha, Nebr., restricted in (1) and (2) above to traffic originating at or destined to the facilities of Skinner Macaroni Company located at Omaha, Nebr.

NOTE.—Applicant holds contract carrier authority in various subs under MC 133233, therefore dual operations may be involved. The purpose of this application is to convert the permit in MC 133233 (Sub-No. 38) to a certificate. If a hearing is deemed necessary, the applicant requests it be held at Omaha, Nebr.

NOTE.—If a hearing is deemed necessary, the applicant requests it be held at either Boise, Idaho, or Washington, D.C.

No. MC 138875 (Sub-No. 48), filed February 18, 1977. Applicant: SHOEMAKER TRUCKING CO., a corporation, 11900 Franklin Road, Boise, Idaho 83705. Applicant's representative: F. L. Sigloh (same address as applicant). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Aluminum pipe and pipe fittings* (except commodities as described in *Mercer Extension—Oil Field Commodities*, 74 M.C.C. 459, and 103 M.C.C. 823), from the plantsite of Kroy Metal Products, Inc., located at or near York, Nebr., to points in Idaho, Nevada, Oregon, Utah, Washington, and Wyoming.

NOTE.—If a hearing is deemed necessary, the applicant requests it be held at either Boise, Idaho, or York, Nebr.

No. MC 138941 (Sub-No. 22), filed February 22, 1977. Applicant: COUNTRY WIDE TRUCK SERVICE, INC., 1110 South Reservoir Street, Pomona, Calif. 91766. Applicant's representative: K. Edward Wolcott, 1600 First Federal Building, Atlanta, Ga. 30303. Authority sought to operate as a *contract carrier*, by motor vehicle, over irregular routes, transporting: *Plastic granules and pellets* (except commodities in bulk), from points in Beaver County, Pa., and Jefferson County, Tex., to points in Arizona, California, Colorado, Idaho, Montana, Nevada, New Mexico, Oregon, Utah, Washington, and Wyoming, under a continuing contract, or contracts, with Arco Polymers, Incorporated.

NOTE.—If a hearing is deemed necessary, the applicant requests it be held at either New York, N.Y., or Washington, D.C.

No. MC 139010 (Sub-No. 5), filed February 22, 1977. Applicant: BLACKLINE AMERICAN CORPORATION, 1918 West Grant St., Phoenix, Ariz. 85009. Applicant's representative: A. Michael Bernstein, 1441 E. Thomas Rd., Phoenix, Ariz. 85009. Authority sought to operate as a *contract carrier*, by motor vehicle, over irregular routes, transporting: *Roofing, roofing materials, insulation, sheathing* and *related accessories*, from points in Oklahoma and Texas, to points in Colorado, Idaho, Montana, North Dakota, Oklahoma, Oregon, South Dakota, Texas, Utah, Washington, and Wyoming, under a continuing contract, or contracts, with Roofing Wholesale Co., Inc.

NOTE.—If a hearing is deemed necessary, the applicant requests it be held at Phoenix, Ariz.

No. MC 139495 (Sub-No. 200), filed February 14, 1977. Applicant: NATIONAL CARRIERS, INC., 1501 East 8th Street, P.O. Box 1358, Liberal, Kans. 67901. Applicant's representative: Herbert Alan Dubin, 1819 H Street, NW., Suite 1030, Washington, D.C. 20006. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: (1) *Electrical household appliances and equipment; kitchen and bathroom appliance and equipment; oral hygiene appliances and equipment; hydrotherapy equipment; sink and shower fixtures; smoke alarms; food processing machines and filters;* and (2) *materials, supplies and equipment* (except commodities in bulk) used in the manufacture and distribution of the commodities named in (1) above, between points in Larimer County, Colo., and those points in the United States in and east of Minnesota, Iowa, Nebraska, Kansas, Oklahoma, and Texas.

NOTE.—Applicant holds contract carrier authority in 133106 and subs thereunder, therefore dual operations may be involved. Common control may also be involved. If a hearing is deemed necessary, the applicant requests it be held at Washington, D.C.

No. MC 139495 (Sub-No. 201), filed February 22, 1977. Applicant: NATIONAL CARRIERS, INC., 1501 East 8th Street, P.O. Box 1358, Liberal, Kans. 67901. Applicant's representative: Herbert Alan Dubin, 1819 H Street, NW., Suite 1030, Washington, D.C. 20006. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Barbeque grills*, from Mabank, Tex., to points in the United States (except Alaska and Hawaii).

NOTE.—Applicant holds contract carrier authority in No. MC 133106 and subs thereunder, therefore dual operations may be involved. If a hearing is deemed necessary, the applicant requests it be held at Washington, D.C.

No. MC 139495 (Sub-No. 202), filed February 22, 1977. Applicant: NATIONAL CARRIERS, INC., 1501 East 8th Street, Liberal, Kans. 67901. Applicant's representative: Herbert Alan Dubin, 1819 H Street, NW., Suite 1030, Washington, D.C. 20006. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: (1) *Aquariums and aquarium supplies*, from Canton, Ga., to points in the United States west of Montana, Wyoming, Colorado, and New Mexico (except Alaska and Hawaii); and (2) *materials and supplies* used in the manufacture of aquariums, from points in the United States west of Montana, Wyoming, Colorado, and New Mexico (except Alaska and Hawaii), to Canton, Ga., restricted to the transportation of shipments originating at or destined to the facilities of Triton Industries, Inc., located at Canton, Ga.

NOTE.—Applicant holds contract carrier authority in No. MC 133106 and subs thereunder, therefore dual operations may be involved. If a hearing is deemed necessary, the applicant requests it be held at Washington, D.C.

No. MC 139850 (Sub-No. 9), filed February 17, 1977. Applicant: FOUR STAR TRANSPORTATION, INC., 301–12 Park Building, Council Bluffs, Iowa 51501. Applicant's representative: Leonard D. Wilkins, P.O. Box 66, Underwood, Iowa 51576. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Meat, meat products, meat by-products, and articles distributed by meat packinghouses*, as described in sections A and C of Appendix I to the report in *Descriptions in Motor Carrier Certificates*, 61 M.C.C. 209 and 766, (except hides and commodities in bulk, in tank vehicles), from the plantsite and storage facilities owned and utilized by Union Packing Co., located at or near Omaha, Nebr., to points in Connecticut, Illinois, Indiana, Kansas, Maryland, Massachusetts, Missouri, New Hampshire, New Jersey, New York, Ohio, Pennsylvania, and Rhode Island.

NOTE.—If a hearing is deemed necessary, applicant requests it be held at either Omaha, Nebr. or Kansas City, Mo.

No. MC 140421 (Sub-No. 15), filed January 21, 1977. Applicant: ACTION MOTOR EXPRESS, INC., P.O. Box 29102, New Orleans, La. 70189. Applicant's representative: Sandra H. Roberson (same address as applicant). Authority sought to operate as a *contract carrier*, by motor vehicle, over irregular routes, transporting: (1) *Fibre drums*, from the plantsite of the Continental Group, Inc., located at Van Wert, Ohio, to points in Illinois, Indiana, Kentucky, Michigan, Missouri, Pennsylvania, West Virginia, and Wisconsin; and (2) *drums, components, materials and supplies*, between the plantsites of the Continental Group, Inc., located at Midland, Mich.; Carteret, N.J.; Pittsburg, Calif.; Culloden, W. Va.; Windsor Locks, Conn.; Tonawanda, N.Y.; Van Wert, Ohio; Reading, Pa.; Overland, Mo.; Jacinto City, Tex.; Charlotte, N.C.; and Lithonia, Ga., under contract with The Continental Group, Inc.

NOTE.—If a hearing is deemed necessary, applicant requests it be held at either New Orleans or Baton Rouge, La.

No. MC 140717 (Sub-No. 2), filed February 18, 1977. Applicant: JULIAN MARTIN, INC., 1490 S. 14th Street, Batesville, Ark. 72501. Applicant's representative: Theodore Polydoroff, Suite 600, 1250 Connecticut Ave. NW., Washington, D.C. 20036. Authority sought to operate as a *contract carrier*, by motor vehicle, over irregular routes, transporting: *Plastic sheeting*, from Avenel, N.J., to Madison, Ga., and Iowa City, Iowa, under a continuing contract, or contracts, with Process Systems, Inc.

NOTE.—If a hearing is deemed necessary, the applicant requests it be held at Washington, D.C.

No. MC 140842 (Sub-No. 4), filed December 15, 1976. Applicant: B AND P MOTOR LINES, INC., P.O. Box 741, Forest City, N.C. 28043. Applicant's representative: Charles G. Dennis, Suite 101, 10205 Oasis Street, San Antonio, Tex. 78216. Authority sought to operate as a *contract carrier*, by motor vehicle, over irregular routes, transporting: *Industrial and commercial air coolers and air conditioners* (except water evaporative types), from the plantsite of Friedrich Air Conditioning and Refrigeration Company, located at San Antonio, Tex., to points in Florida, under a continuing contract, or contracts, with Friedrich Air Conditioning and Refrigeration Company, located at San Antonio, Tex.

NOTE.—Applicant holds common carrier authority in No. MC 106074 and subs thereunder, therefore dual operations may be involved. If a hearing is deemed necessary, the applicant requests it be held at either San Antonio, Tex., Charlotte, N.C., or Jacksonville, Fla.

No. MC 141273 (Sub-No. 1), filed February 14, 1977. Applicant: CARL NEESAM, Pardeeville, Wis. 53954. Applicant's representative: Richard A. Westley, 4506 Regent Street, Suite 100, Madison, Wis. 53705. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Blood, meat scraps, entrails, offal, tripe, ground bones, tallow, animal fats, cracklings, feather meal, fish, and fish meal; animal poultry, and fish by-products; tankage*, and *other feed ingredients*, between the plantsite of Badger By-Products Co., Inc., located at Milwaukee, Wis., on the one hand, and, on the other, points in Indiana, Illinois, Iowa, and Minnesota.

NOTE.—If a hearing is deemed necessary, the applicant requests it be held at either Milwaukee, Wis., or Chicago, Ill.

No. MC 141546 (Sub-No. 12), filed February 17, 1977. Applicant: BULK TRANSPORT SERVICE, INC., 1 Dundee Park, Andover, Mass. 01810. Applicant's representative: Kenneth B. Williams, 84 State Street, Boston, Mass. 02109. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Cement*, in bulk, from Hartford, Conn.; to points in Massachusetts, New Hampshire, New York, Rhode Island, and Vermont, restricted to shipments having a prior movement by rail.

NOTE.—If a hearing is deemed necessary, the applicant requests it be held at Boston, Mass.

No. MC 141617 (Sub-No. 3), filed February 17, 1977. Applicant: EUGENE MCDONALD, doing business as MCDONALD TRUCKING, Box 94, Selby, S. Dak. 57472. Applicant's representative: Mark Menard, 5301, North Cliff, P.O. Box 480, Sioux Falls, S. Dak. 57101. Authority sought to operate as a *contract carrier*, by motor vehicle, over irregular routes, transporting: *Scrap iron*, from Mobridge, Philip and Belle Fourche, S. Dak., to ports of enry on the International Boundary Line between the United States and Canada located at points in Montana, under a continuing contract, or contracts, with Mardians, Inc.

NOTE.—If a hearing is deemed necessary, applicant requests it be held either Sioux Falls, S. Dak., or Sioux City, Iowa.

No. MC 141804 (Sub-No. 37) (Correction), filed December 6, 1976, and published in the FEDERAL REGISTER issue of January 13, 1977, and republished this issue. Applicant: WESTERN EXPRESS, division of Interstate Rental, Inc., P.O. Box 422, Goodlettsville, Tenn. 37072. Applicant's representative: Richard A. Peterson, P.O. Box 81849, Lincoln, Nebr. 68509. Application has been filed for temporary authority under section 210a (b).

ABANDONMENT OF APPLICATIONS; NOTICE OF FINDINGS

Notice is hereby given pursuant to Section 1a(6)(a) of the Interstate Commerce Act that orders have been entered in the following abandonment applications which are administratively final and which found that subject to conditions the present and future public convenience and necessity permit abandonment.

A Certificate of Abandonment will be issued to the applicant carriers 30 days after this FEDERAL REGISTER publication unless the instructions set forth in the notice are followed.

[Docket No. AB-12 (Sub-No. 36)]

SOUTHERN PACIFIC TRANSPORTATION COMPANY ABANDONMENT BETWEEN SHELBURN AND WEST STAYTON IN LINN AND MARION COUNTIES, OREGON

NOTICE OF FINDINGS

Notice is hereby given pursuant to Section 1a(6)(a) of the Interstate Commerce Act (49 U.S.C. 1a(6)(a)) that by an order entered on February 14, 1977, a finding, which is administratively final, was made by the Commission, Commissioner Brown, stating that, subject to the conditions for the protection of railway employees prescribed by the Commission in *Chicago, B. & Q. R. Co., Abandonment*, 257 I.C.C. 700, and for public use as set forth in said order, the present and future public convenience and necessity permit the abandonment by the Southern Pacific Transportation Company of the line of railroad extending from railroad milepost 704.68 north of Shelburn in a northerly direction to the end of the branch at railroad milepost 708.11 south of West Stayton, a distance of 3.43 miles in Linn and Marion Counties, Oregon. A certificate of abandonment will be issued to the Southern Pacific Transportation Company based on the above-described finding of abandonment, 30 days after publication of this notice, unless within 30 days from the date of publication, the Commission further finds that:

(1) A financially responsible person (including a government entity) has offered financial assistance (in the form of a rail service continuation payment) to enable the rail service involved to be continued; and

(2) It is likely that such proffered assistance would:

(a) Cover the difference between the revenues which are attributable to such line of railroad and the avoidable cost of providing rail freight service on such line, together with a reasonable return on the value of such line, or

(b) Cover the acquisition cost of all or any portion of such line of railroad.

If the Commission so finds, the issuance of a certificate of abandonment will be postponed for such reasonable time, not to exceed 6 months, as is necessary to enable such person or entity to enter into a binding agreement, with the carrier seeking such abandonment, to provide such assistance or to purchase such line and to provide for the continued operation of rail services over such line. Upon notification to the Commission of the execution of such an assistance or acquisition and operating agreement, the Commission shall postpone the issuance of such a certificate for such period of time as such an agreement (including any extensions or modifications) is in effect. Information and procedures regarding the financial assistance for continued rail service or the acquisition of the involved rail line are contained in the Notice of the Commission entitled "Procedures for Pending Rail Abandonment Cases" published in the FEDERAL REGISTER on March 31, 1976, at 41 FR 13691. All interested persons are advised to follow the instructions contained therein as well as the instructions contained in the above-referenced order.

[Docket No. AB-12 (Sub-No. 38)]

SOUTHERN PACIFIC TRANSPORTATION COMPANY ABANDONMENT BETWEEN WINONA AND GERLINGER, IN POLK COUNTY, OREGON

NOTICE OF FINDINGS

Notice is hereby given pursuant to Section 1a(6)(a) of the Interstate Commerce Act (49 U.S.C. 1a(6)(a)) that by an order entered on February 15, 1977, a finding, which is administratively final, was made by the Commission, Commissioner Brown, stating that, subject to the conditions for the protection of railway employees prescribed by the Commission in *Chicago, B. & Q. R. Co., Abandonment*, 257 I.C.C. 700, and for public use as set forth in said order, the present and future public convenience and necessity permit the abandonment by the Southern Pacific Transportation Company of its line of railroad extending from railroad milepost 721.41 near Winona in a westerly direction to railroad milepost 729.01 near Gerlinger, a distance of 7.60 miles in Polk County, Oregon. A certificate of abandonment, will be issued to the Southern Pacific Transportation Company based on the above-described finding of abandonment, 30 days after publication of this notice, unless within 30 days from the date of publication, the Commission further finds that:

(1) A financially responsible person (including a government entity) has offered financial assistance (in the form of a rail service continuation payment) to enable the rail service involved to be continued; and

(2) It is likely that such proffered assistance would:

Cover the difference between the revenues which are attributable to such line of railroad and the avoidable cost of providing rail freight service on such line, together with a reasonable return on the value of such line, or

(b) Cover the acquisition cost of all or any portion of such line of railroad.

If the Commission so finds, the issuance of a certificate of abandonment will be postponed for such reasonable time, not to exceed 6 months, as is necessary to enable such person or entity to enter into a binding agreement, with the carrier seeking such abandonment, to provide such assistance or to purchase such line and to provide for the continued operation of rail services over such line. Upon notification to the Commission of the execution of such an assistance or acquisition and operating agreement, the Commission shall postpone the issuance of such a certificate for such period of time as such an agreement (including any extensions or modifications) is in effect. Information and procedures regarding the financial assistance for continued rail service or the acquisition of the involved rail line are contained in the Notice of the Commission entitled "Procedures for Pending Rail Abandonment Cases" published in the FEDERAL REGISTER on March 31, 1976, at 41 FR 13691. All interested persons are advised to follow the instructions contained therein as well as the instructions contained in the above-referenced order.

[Docket No. AB-12 (Sub-No. 43)]

SOUTHERN PACIFIC TRANSPORTATION COMPANY ABANDONMENT BETWEEN WIEBLING AND HUNTINGTON BEACH IN ORANGE COUNTY, CALIFORNIA

NOTICE OF FINDINGS

Notice is hereby given pursuant to Section 1a(6)(a) of the Interstate Commerce Act (49 U.S.C. 1a(6)(a)) that by an order entered on February 14, 1977, a finding, which is administratively final, was made by the Commission, Commissioner Brown, stating that, subject to the conditions for the protection of railway employees prescribed by the Commission in *Chicago, B. & Q. R. Co., Abandonment*, 257 I.C.C. 700, and for public use as set forth in said order, the present and future public convenience and necessity permit the abandonment by the Southern Pacific Transportation Company of its line of railroad extending from railroad milepost 722.56 near Wiebling in a southerly direction to the end of the branch at railroad milepost 524.65 near Huntington Beach, a distance of 2.09 miles in Orange County, California. A certificate of abandonment will be issued to the Southern Pacific Transportation Company based on the above-described finding of abandonment, 30 days after publication of this notice, unless within 30 days from the date of publication, the Commission further finds that:

(1) A financially responsible person (including a government entity) has offered financial assistance (in the form of a rail service continuation payment) to enable the rail service involved to be continued; and

(2) It is likely that such proffered assistance would:

(a) Cover the difference between the revenues which are attributable to such line of railroad and the avoidable cost of providing rail freight service on such line, together with a reasonable return on the value of such line, or

(b) Cover the acquisition cost of all or any portion of such line of railroad.

If the Commission so finds, the issuance of a certificate of abandonment will be postponed for such reasonable time, not to exceed 6 months, as is necessary to enable such person or entity to enter into a binding agreement, with the carrier seeking such abandonment, to provide such assistance or to purchase such line and to provide for the continued operation of rail services over such line. Upon notification to the Commission of the execution of such an assistance or acquisition and operating agreement, the Commission shall postpone the issuance of such a certificate for such period of time as such an agreement (including any extensions or modifications) is in effect. Information and procedures regarding the financial assistance for continued rail service or the acquisition of the involved rail line are contained in the Notice of the Commission entitled "Procedures for Pending Rail Abandonment Cases" published in the FEDERAL REGISTER on March 31, 1976, at 41 FR 13691. All interested persons are advised to follow the instructions contained therein as well as the instructions contained in the above-referenced order.

OPERATING RIGHTS APPLICATION(S) DIRECTLY RELATED TO FINANCE PROCEEDINGS

NOTICE

The following operating rights application(s) are filed in connection with pending finance applications under section 5(2) of the Interstate Commerce Act, or seek tacking and/or gateway elimination in connection with transfer applications under section 212(b) of the Interstate Commerce Act.

An original and two copies of protests to the granting of the authorities must be filed with the Commission within 30 days after the date of this FEDERAL REGISTER notice. Such protests shall comply with Special Rule 247(d) of the Commission's *General Rules of Practice* (49 CFR 1100.247) and include a concise statement of protestant's interest in the proceeding and copies of its conflicting authorities. Verified statements in opposition should not be tendered at this time. A copy of the protest shall be served concurrently upon applicant's representative, or applicant if no representative is named.

Each applicant states that there will be no significant effect on the quality of the human environment resulting from approval of its application.

No. MC 10761 (Sub-No. 281) (Amendment), filed January 3, 1977, published in the FEDERAL REGISTER issue of February 10, 1977, republished for amendment March 24, 1977, and republished this issue for additional amendment. Applicant: TRANSAMERICAN FREIGHT LINES, INC., 5650 Foremost Drive SE., Grand Rapids, Mich. 49506. Applicant's representative: John P. Tynan, P.O. Box 1409, Fairfield, N.J. 07006. Authority sought to operate as a *common carrier*, by motor vehicle, over regular routes, transporting: *General commodities* (except those of unusual value, dangerous explosives, household goods as defined in *Practices of Motor Common Carriers of Household Goods*, 17 M.C.C. 467, commodities in bulk, and commodities requiring special equipment), (23) Between Chicago, Ill., and Peoria, Ill., serving all intermediate points on westbound traffic restricted to pickups, all intermediate points on eastbound traffic restricted to delivery, in conjunction with the carrier's route between Chicago, and Lincoln, Nebr.; From Chicago over U.S. Highway 66 to junction U.S. Highway 24, thence over U.S. Highway 24 to Peoria, and return over the same route.

NOTE.—Applicant states that the purpose of this filing is to assure that certain routes retained by applicant upon sale of a portion of its operating rights in Docket No. MC-F-12872, are nevertheless available to applicant following the transfer in the directly related Section 5(2) proceeding. This application, as amended, is consolidated for continued hearing at Dallas, Tex. from April 12 through April 22, 1977, at 9:30 a.m. local time (or such earlier time as may be fixed by the Administrative Law Judge) before Law Judge Harold J. Sarbacher, with MC-F-12872, East Texas Motor Freight Lines, Inc.—Purchase (Portion)—Transamerican Freight Lines, Inc. Publication of the first 12 routes by designation of numbers appeared on page 8474 of the FEDERAL REGISTER issue of February 10, 1977.

No. MC 97995 (Sub-No. 3), filed March 7, 1977. Applicant: A.C.U. TRANSPORT, INC., 131 East Broad Street, P.O. Box 10177, Utica, N.Y. 13503. Applicant's representative: Roy D. Pinsky, 345 S. Warren Street, Syracuse, N.Y.

V 4267 APR 7 7 UMI

13202. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: (1) *General commodities* (except those of unusual value, Classes A and B explosives, household goods as defined by the Commission, commodities in bulk, and those requiring special equipment or handling), between Utica, Oneonta, Schenectady, Amsterdam, Gloversville, Johnstown, Herkimer (Herkimber County), Llion (Herkimer County), and Central Bridge (Schoharie County), N.Y., on the one hand, and, on the other, Fort Plains (Montgomery County), Palatine Bridge (Montgomery County), and Nelliston (Montgomery County), N.Y.; and (2) *canned goods*, from Canajoharie (Montgomery County), N.Y., to points in Fulton, Herkimer, Montgomery, Otsego and Schoharie Counties, N.Y.

NOTE.—The purpose of this application is to convert a Certificate of Registration in MC 97995 (Sub-No. 2) to a Certificate of Public Convenience and Necessity. This is a matter directly related to a Section 5(2) finance proceedings in MC–F–13149, published in the FEDERAL REGISTER issue of March 24, 1977. Common control may be involved. If a hearing is deemed necessary, the applicant requests it be held at Washington, D.C.

No. MC 99680 (Sub-No. 4), filed January 26, 1977. Applicant: NORTH SHORE & CENTRAL ILLINOIS FREIGHT CO., a corporation, 7701 West 95th Street, Hickory Hills, Ill. 60457. Applicant's representative: James C. Hardman, 33 North La Salle Street, Chicago, Ill. 60602. Authority sought to operate as a *common carrier*, by motor vehicle, over regular and irregular routes, transporting: (I) Regular routes: *General commodities* (except those of unusual value, classes A and B explosives, household goods as defined by the Commission, commodities in bulk, and commodities requiring special equipment) (A) (1) Between Decatur, Ill. and Springfield, Ill., over U.S. Highway 36, and return over the same route; (2) Between Decatur, Ill. and Bloomington, Ill., over U.S. Highway 51, and return over the same route; (3) Between Decatur, Ill. and Pana, Ill., over U.S. Highway 51, and return over the same route; (4) Between Decatur, Ill. and Champaign, Ill.: From Decatur over Illinois Highway 47 to Monticello, thence over Interstate Highway 72 to Champaign, and return over the same routes; (5) Between Decatur, Ill. and Peoria, Ill.; From Decatur over Illinois Highway 121 to its junction with Interstate Highway 74, thence over Interstate Highway 74 to Peoria, and return over the same routes; (6) Between Champaign, Ill. and Bloomington, Ill., over Interstate Highway 74, and return over the same route; (7) Between Champaign, Ill. and Pana, Ill.: From Champaign over U.S. Highway 45 to Matoon, thence over Illinois Highway 16 to Pana, and return over the same routes.

(8) Between Bloomington, Ill. and Springfield, Ill., over Interstate Highway 55, and return over the same route; (9) Between Springfiled, Ill. and Pana, Ill., over Illinois Highway 29, and return over the same route; (10) Between Peroria, Ill. and Springfield, Ill., over Illinois Highway 29, and return over the same route; and (11) Between Peoria, Ill. and Bloomington, Ill., over Interstate Highway 74, and return over the same route, serving with respect to (1) through (11) above, points in Woodford, Livingston, Ford, Champaign, McLean, Douglas, Coles, Moultrie, Shelby, Christian, Sangamon, Menard, Mason, Logan, Tazewell and Peoria Counties, Ill. as intermediate or off-route points; (B) (1) Between Chicago, Ill. and Rockford, Ill., over Interstate Highway 90, and return over the same route; (2) Between Chicago, Ill. and Rockford, Ill., over U.S. Highway 20, and return over the same route; (3) Between Chicago, Ill. and Rock Island, Ill.: From Chicago over Interstate Highway 55 to its junction with Interstate Highway 80, thence over Interstate Highway 80 to Rock Island, and return over the same routes; (4) Between Chicago, Ill. and East St. Louis, Ill., over Interstate Highway 55, and return over the same route; (5) Between Chicago, Ill. and East St. Louis, Ill.: From Chicago over Interstate Highway 57 to Effingham, thence over U.S. Highway 40 to East St. Louis, and return over the same routes; (6) Between Chicago, Ill. and Cairo, Ill., over Interstate Highway 57, and return over the same route; (7) Between Chicago, Ill. and Brookport, Ill.: From Chicago over Interstate Highway 94 to its junction with Illinois Highway 1, thence over Illinois Highway 1 to its junction with U.S. Highway 45, thence over U.S. Highway 45 to Brookport, and return over the same routes; (8) Between Chicago, Ill. and Cairo, Ill.: From Chicago, over Interstate Highway 55 to Bloomington, thence over U.S. Highway 51 to Cairo, and return over the same routes.

(9) Between Chicago, Ill. and Litchfield, Ill.: From Chicago over Interstate Highway 55 to Bloomington, thence over U.S. Highway 51 to Decatur, thence over Illinois Highway 48 to its junction with Interstate Highway 55, thence over Interstate Highway 55 to Litchfield, and return over the same routes; (10) Between Chicago, Ill. and Quincy, Ill.: From Chicago over Interstate Highway 55 to Chenoa, thence over U.S. Highway 24 to Quincy, and return over the same routes; (11) Between Chicago, Ill. and Fulton, Ill.: From Chicago over Interstate Highway 90 to its junction with Illinois Highway 5, thence over Illinois Highway 5 to its junction with U.S. Highway 30, thence over U.S. Highway 30 to Fulton, and return over the same routes; (12) Between Chicago, Ill. and Alton, Ill.: From Chicago over Interstate Highway 55 to Hamel, thence over Illinois Highway 140 to Alton, and return over the same routes; (13) Between Chicago, Ill. and Pana, Ill.: From Chicago over Interstate Highway 55 to Bloomington, thence over U.S. Highway 51 to Pana, and return over the same routes; (14) Between Chicago, Ill. and Rushville, Ill.: From Chicago over Interstate Highway 55 to its junction with Interstate Highway 80, thence over Interstate Highway 80 to its junction with U.S. Highway 34, thence over U.S. Highway 34 to Monmouth, thence over U.S. Highway 67 to Rushville, and return over the same routes; (15) Between Chicago, Ill. and Effingham Ill.: From Chicago over Interstate Highway 94 to its junction with Illinois Highway 1, thence over Illinois Highway 1 to Marshall, thence over U.S. Highway 40 to Effingham, and return over the same routes; (16) Between Chicago, Ill. and Litchfield, Ill.: From Chicago over Interstate Highway 57 to Effingham, thence over U.S. Highway 40 to its junction with Illinois Highway 127, thence over Illinois Highway 127 to Hillsboro, thence over Illinois Highway 16 to Litchfield, and return over the same routes.

(17) Between Chicago, Ill., and Shawneetown, Ill.: From Chicago over Interstate Highway 57 to its junction with Illinois Highway 13, thence over Illinois Highway 13 to Shawneetown, and return over the same routes; (18) Between Chicago, Ill., and East Cape Girardeau, Mo.: From Chicago over Interstate Highway 57 to its junction with Illinois Highway 146, thence over Illinois Highway 146 to East Cape Girardeau, and return over the same routes; (19) Between Chicago, Ill., and Gulfport, Ill.: From Chicago over Interstate Highway 55 to its junction with Interstate Highway 80, thence over Interstate Highway 80 to its junction with U.S. Highway 34, thence over U.S. Highway 34 to Gulfport, and return over the same routes; (20) Between Chicago, Ill., and Quincy, Ill.: From Chicago over Interstate Highway 55 to its junction with Interstate Highway 80, thence over Interstate Highway 80 to its junction with U.S. Highway 34, thence over U.S. Highway 34 to its junction with U.S. Highway 67, thence over U.S. Highway 67 to Macomb, thence over U.S. Highway 136 to Hamilton, thence over Illinois Highway 96 to Quincy, and return over the same routes; (21) Between Rockford, Ill., and East Dubuque, Ill., over U.S. Highway 20, and return over the same route; (22) Between Rockford, Ill., and Rock Island, Ill., over Illinois Highway 2, and return over the same route; (23) Between Rockford, Ill., and South Beloit, Ill., over U.S. Highway 51, and return over the same route; (24) Between Rockford, Ill., and Cairo, Ill., over U.S. Highway 51, and return over the same route; (25) Between Rockford, Ill., and Quincy, Ill.: From Rockford over Illinois Highway 2 to Rock Falls, thence over Illinois Highway 88 to Peoria, thence over U.S. Highway 24 to Quincy, and return over the same routes; (26) Between Rockford, Ill., and Carlo, Ill.: From Rockford over U.S. Highway 51 to Bloomington, thence over Interstate Highway 74 to Champaign, thence over Interstate Highway 57 to Cairo, and return over the same routes; (27) Between Rockford, Ill., and Peoria, Ill.: From Rockford over Illinois Highway 2 to Rock Island, thence over Interstate Highway 80 to its junction with Interstate Highway 74, thence over Interstate Highway 74 to Peoria, and return over the same routes.

(28) Between Rockford, Ill. and Alton, Ill.: From Rockford over Illinois Highway 2 to Rock Island, thence over Interstate Highway 80 to its junction with Interstate Highway 74, thence over Interstate Highway 74 to Galesburg, thence over U.S. Highway 34 to its junction with U.S. Highway 67, thence over U.S. Highway 67 to Alton, and return over the same routes; (29) Between Rockford, Ill. and East St. Louis, Ill.: From Rockford over U.S. Highway 51 to Bloomington, thence over Interstate Highway 55 to East St. Louis and return over the same routes; (30) Between Rockford, Ill. and Savanna, Ill.: From Rockford over Illinois Highway 2 to Oregon, thence over Illinois Highway 64 to Savanna, and return over the same routes; (31) Between Rockford, Ill. and Danville, Ill.: From Rockford over U.S. Highway 51 to Bloomington, thence over Interstate Highway 74 to Danville, and return over the same route; (32) Between Rockford, Ill. and Jacksonville, Ill.: From Rockford over U.S. Highway 51 to Bloomington, thence over Interstate Highway 55 to Springfield, thence over U.S. Highway 36 to Jacksonville, and return over the same routes; (33) Between Rockford, Ill. and Effingham, Ill.: From Rockford over U.S. Highway 51 to its junction with Illinois Highway 16, thence over Illinois Highway 16 to its junction with Illinois Highway 32, thence over Illinois Highway 32 to Effingham, and return over the same routes; (34) Between Morris, Ill. and Rockford, Ill.: From Morris over U.S. Highway 6 to Peru, thence over U.S. Highway 51 to Rockford, and return over the same routes; (35) Between Morris, Ill. and Chicago, Ill.: From Morris over U.S. Highway 6 to Interstate Highway 55, thence over Interstate Highway 55 to Chicago, and return over the same routes; (36) Between Morris, Ill. and Chicago, Ill.: From Morris over U.S. Highway 6 to Joliet, thence over Illinois Highway 7 to Chicago, and return over the same routes; and

(37) Between Morris, Ill., and Chicago, Ill.: From Morris over U.S. Highway 6 to its juntcion with U.S. Highway 30, thence over U.S. Highway 30 to its junction with Interstate Highway 94, thence over Interstate Highway 94 to Chicago, and return over the same routes, serving with respect to (B) (1) through (B) (37) above, all intermediate points, and the off-route points of Charleston, Robinson, Onley, McLeansboro, Pickneyville, Murphysboro, DuQuoin, Jerseyville, Beardstown, Edwardsville, Streator, Canton, and Havana, restricted, with respect to (B) above (a) to the transportation of shipments moving from, to or through points in Stephenson, Winnebago, Boone, McHenry, Lake, Cook, DuPage, Kane, DeKalb, LaSalle, Lee, Ogle, Carroll, Will, Grundy, Kankakee, and Kendall Counties, Ill.; and (b) the regular route authority shall not be severable by sale or otherwise from carrier's underlying irregular route authority requested below; and (II) Irregular route: *General commodities* (except those of unusual value, classes A and B explosives, household goods as defined by the Commission, commodities in bulk, and commodities requiring special equipment) (a) between points in Stephenson, Winnebago, Boone, McHenry, Lake, Cook, DuPage, Kane, DeKalb, LaSalle, Lee, Ogie, Carroll, Will, Grundy, Kankakee, and Kendall Counties, Ill.; (b) between points in the counties named in (a) above, on the one hand, and, on the other, points in Illinois; and (c) from St. Louis, Mo., to points in the counties named in (a) above, restricted against the transportation of shipments moving between any points authorized to be served by applicant in regular route operations.

NOTE.—The purpose of this filing is to convert a Certificate of Registration to a Certificate of Public Convenience and Necessity. This is a matter directly related to a Section 5(2) finance proceeding in MC–F–13104, published in the FEDERAL REGISTER issue of February 10, 1977, in which applicant seeks to purchase the operating authority of Buske Lines, Inc. If a hearing is deemed necessary, the applicant requests it be held at either Chicago, Ill., St. Louis, Mo., or Washington, D.C.

No. MC 133828 (Sub-No. 6), filed November 16, 1976. Applicant: CASAZZA TRUCKING CO., a corporation, 1250 Glendale Avenue, Sparks, Nev. 89431. Applicant's representative: Raymond A. Greene, Jr., 100 Pine Street, Suite 2550, San Francisco, Calif. 94111. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Building and paving materials*, including clay concrete or earthen *conducts, drain tile, sewer pipe*, and *related articles; conducts, pipe, smoke stacks, tubing and fittings* (except clay, concrete or earthen); *electrical appliances and equipment*, and *parts* for electrical appliances and equipment; *iron and steel articles; machinery and machine;* and *parts* for machinery and machines; *railway materials and equipment; outfits; motor vehicles and motor vehicle parts;* natural or Portland Culvert *cement, hydraulic, masonry and mortar; mine props and timbers; railroad ties;* and *tunnel segments;* (a) between points in Butte, Plumas, Yuba and Sierra Counties, Calif., (b) between points in Lassen County, Calif., on and within 10 miles of U.S. Highway 395 between its intersection with California State Highway 70 at Hallelujah Junction, Calif., and thence along U.S. Highway 395 to its intersection with California Highway 36, thence along California Highway 36 to its intersection with the Lassen-Plumas County, Calif., boundary line located approximately 5 miles west of Westwood; (c) between points in Nevada County, Calif., on and within 10 miles of California Highway 20 beginning at its intersection with the Yuba-Nevada County boundary line, thence along California Highway 20 beginning at its intersection with the Yuba-Nevada Couy boundary lne, thence along California Highway 20 (also portion California Highway 49) to Grass Valley, thence along California Highway 49 (also portion California Highway 20) to its intersection with the Yuba-Nevada County boundary line;

(2) *Such commodities* as are used in the establishment, maintenance or dismantling of oil, gas or water wells, pipelines, refineries and cracking or casing head plants (except lumber and forest products); *materials and equipment* used in the construction of roads, dams, bridges; and *materials and equipment* used in the contraction of and destined for power and compressor plants, between points in Alpine, Amador, Calaveras, El Dorado, Fresno, Imperial, Inyo, Kern, Kings, Los Angeles, Madera, Mariposa, Merced, Mono, Monterey, Nevada, Orange, Placer, Riverside, San Benito, San Bernardino, San Diego, San Luis, Obispo, Santa Barbara, Sierra, Tulare, Tuolumne, and Ventura Counties, Calif., restricted against (a) shipments which carries a charge lower than that applicable to a shipment of 10,000 pounds; (b) shipments of iron and steel articles and tin plate originating at or destined to Pittsburg, Calif.; and restricted to (a) commodities originating at or destined to oil well sites, construction sites or storage yards. (3) *road construction machinery and equipment* as described in Appendix VIII to the report in *Descriptions in Motor Carrier Certificates*, 61 M.C.C. 209 and 766, and *excavation and logging machinery and equipment*, the transportation of which because of size or weight requires the use of special equipment, between points in Alpine, El Dorado, Mono, Nevada, Placer and Sierra Counties, Calif., Douglas, Lyon and Ormsby Counties, Nev., and those points in Washoe County, Nev., on and south of U.S. Highway 40 in non-radial movements.

NOTE.—The purpose of this applicant is to convert a Certificate of Registration to a Certificate of Public Convenience and Necessity. The above request has been modified to conform to trade language. The applicant does not wish to broaden its authority beyond that which it presently holds in the Certificate of Registration. This matter is related to a Section 212(b) transfer proceeding in MC–FC–76834, published in the Federal Register issue of March 22, 1977. If a hearing is deemed necessary, the applicant requests it be held at San Francisco, Calif.

MOTOR CARRIER ALTERNATE ROUTE DEVIATIONS

NOTICE

The following letter-notices to operate over deviation routes for operating convenience only have been filed with the Commission under the Deviation Rules, Motor Carrier of Property (49 CFR 1042.4(c)(11)).

Protests against the use of any proposed deviation route herein described may be filed with the Commission in the manner and form provided in such rules at any time, but will not operate to stay commencement of the proposed operations unless filed within 30 days from the date of this FEDERAL REGISTER notice.

Each applicant states that there will be no significant effect on the quality of the human environment resulting from approval of its request.

MOTOR CARRIERS OF PROPERTY

No. MC 11220 (Deviation No. 30) GORDONS TRANSPORTS, INC., 185 W. McLemore Ave., Memphis, Tenn. 38101, filed March 22, 1977. Carrier proposes to operate as a *common carrier*, by motor

V 4267 APR 7 7 7 UMI

vehicle, of *general commodities*, with certain exceptions, over a deviation route as follows: From junction U.S. Highway 71 and Alternate U.S. Highway 71 near Carthage, Mo., over Alternate U.S. Highway 71 to junction Interstate Highway 44, thence over Interstate Highway 44 to junction U.S. Highway 69 near Vinita, Okla., thence over U.S. Highway 69 to Durant, Okla., and return over the same route for operating convenience only. The notice indicates that the carrier is presently authorized to transport the same commodities over a pertinent service route as follows: From junction U.S. Highway 71 and Alternate U.S. Highway 71 near Carthage, Mo., over U.S. Highway 71 to Fort Smith, Ark., thence over Arkansas Highway 45 to junction U.S. Highway 271, thence over U.S. Highway 271 to junction U.S. Highway 70, thence over U.S. Highway 70 to Durant, Okla., and return over the same route.

No. MC 26739 (Deviation No. 44), CROUCH FREIGHT SYSTEMS, INC., P.O. Box 1159, St. Joseph, Mo. 64502, filed March 25, 1977. Carrier proposes to operate as a *common carrier*, by motor vehicle, of *general commodities*, with certain exceptions, over a deviation route as follows: From Omaha, Nebr., over U.S. Highway 6 to junction U.S. Highway 71 and return over the same route for operating convenience only. The notice indicates that the carrier is presently authorized to transport the same commodities, over a pertinent service route as follows: From Omaha, Nebr., over U.S. Highway 275 to Glenwood, Iowa, thence over U.S. Highway 34 to Emerson, Iowa, thence over U.S. Highway 59 to Shenandoah, Iowa, thence over Iowa Highway 2 to Clarinda, Iowa, thence over U.S. Highway 71 to junction U.S. Highway 6 and return over the same route.

No. 43421 (Deviation No. 36), DOHRN TRANSFER COMPANY, 4016 9th St., P.O. Box 1237, Rock Island, Ill. 61201, filed March 28, 1977. Carrier's representative: Edward G. Bazelon, 89 S. LaSalle St., Chicago, Ill. 60603. Carrier proposes to operate as a *common carrier*, by motor vehicle, of *general commodities*, with certain exceptions, over a deviation route as follows: From junction U.S. Highways 41 and 8 near Hammond, Ind., over U.S. Highway 6 to junction Interstate Highway 75, thence over Interstate Highway 75 to junction U.S. Highway 68, thence over U.S. Highway 68 to junction U.S. Highway 30, thence over U.S. Highway 30 to Mansfield, Ohio, and return over the same route for operating convenience only. The notice indicates that the carrier is presently authorized to transport the same commodities over a pertinent service route as follows: From Chicago, Ill., over U.S. Highway 41 to junction U.S. Highway 52, thence over U.S. Highway 52 to Indianapolis, Ind., thence over U.S. Highway 40 to Columbus, Ohio, thence over Interstate Highway 71 to Cleveland, Ohio, and return over the same route.

No. MC 94201 (Deviation No. 4), BOWMAN TRANSPORTATION, INC., P.O. Box 17744, Atlanta, Ga. 30316, filed March 3, 1977. Carrier's representative: Maurice F. Bishop, 601-09 Frank Nelson Bldg., Birmingham, Ala. 35203. Carrier proposes to operate as a *common carrier*, by motor vehicle, of *general commodities*, with certain exceptions, over a deviation route as follows: From Baton Rouge, La., over Interstate Highway 10 to Lake Charles, La., and return over the same route for operating convenience only. The notice indicates that the carrier is presently authorized to transport the same commodities, over a pertinent service route as follows: From Baton Rouge, La. over U.S. Highway 190 to Kinder, La., thence over U.S. Highway 165 to junction U.S. Highway 90 (Interstate Highway 10), thence over U.S. Highway 90 (Interstate Highway 10) to Lake Charles, La., and return over the same route.

Motor Carrier Alternate Route Deviations

NOTICE

The following letter-notices to operate over deviation routes for operating convenience only have been filed with the Commission under the Deviation Rules—Motor Carrier of Passengers (49 CFR 1042.2(c)(9)).

Protests against the use of any proposed deviation route herein described may be filed with the Commission in the manner and form provided in such rules at any time, but will not operate to stay commencement of the proposed operations unless filed within 30 days from the date of this FEDERAL REGISTER notice.

Each applicant states that there will be no significant effect on the quality of the human environment resulting from approval of its request.

MOTOR CARRIERS OF PASSENGERS

No. MC 1515 (Deviation No. 723), GREYHOUND LINES, INC., Greyhound Tower, Phoenix, Ariz., 85077, filed March 23, 1977. Carrier proposes to operate as a *common carrier*, by motor vehicle, of *passengers and their baggage*, and *express* and *newspapers* in the same vehicle with passengers, over deviation routes as follows: From East St. Louis, Ill., over Interstate Highway 64 to junction U.S. Highway 41 north of Evansville, Ind., with the following access route: From Mt. Vernon, Ill., over Illinois Highway 37 to junction Interstate Highway 64 south of Mt. Vernon, Ill., and return over the same routes for operating convenience only. The notice indicates that the carrier is presently authorized to transport passengers and the same property over a pertinent service route as follows: From E. St. Louis, Ill., over Illinois Highway 13 to Belleville, Ill., thence over Illinois Highway 177 to junction Illinois Highway 160, thence over Illinois Highway 160 to junction Illinois Highway 15, thence over Illinois Highway 15 to Mt. Carmel, Ill., thence across the Wabash River to junction Indiana Highway 64, thence over Indiana Highway 64 to junction U.S. Highway 41, thence over U.S. Highway 41 to junction Interstate Highway 64 and return over the same route.

Motor Carrier Intrastate Application(s)

NOTICE

The following application(s) for motor common carrier authority to operate in intrastate commerce seek concurrent motor carrier authorization in interstate or foreign commerce within the limits of the intrastate authority sought, pursuant to Section 206(a)(6) of the Interstate Commerce Act. These applications are governed by Special Rule 245 of the Commission's General Rules of Practice (49 CFR 1100.245), which provides, among other things, that protests and requests for information concerning the time and place of State Commission hearings or other proceedings, any subsequent changes therein, and any other related matters shall be directed to the State Commission with which the application is filed and shall not be addressed to or filed with the Interstate Commerce Commission.

California Docket No. 57091 (Partial Correction) filed February 16, 1977, published in the FEDERAL REGISTER issue of March 10, 1977, and republished as corrected this issue. Applicant: JAMES WILLIAM LIVESAY AND GEORGE HOXTER, a partnership, doing business as Golden Bay Freight Lines, 1097 Old County Road, San Carlos, Calif. 94070. Applicant's representative: Ann M. Pougiales, 100 Bush Street, 21st Floor, San Francisco, Calif. 94104. NOTE.—The purpose of this partial correction is to indicate the correct territory sought in paragraph (2) to read: Between all points and places on and within 20 miles of the routes indicated in (a) through (t), the rest remains the same. Hearing: Date, time and place not yet fixed. Requests for procedural information should be addressed to the Public Utilities Commission, State of California, State Building, Civic Center, 455 Golden Gate Avenue, San Francisco, Calif. 94102 and should not be directed to the Interstate Commerce Commission.

By the Commission.

ROBERT L. OSWALD,
Secretary.

AGENCY HOLDING THE MEETING: Nuclear Regulatory Commission.

In accordance with the requirements of the Government in the Sunshine Act and the Commission's rules implementing the Act, this Notice identifies an additional meeting scheduled for April 1, 1977.

ADDITIONAL CLOSED MEETING

By unanimous vote on March 31, 1977, the Commission determined pursuant to 5 U.S.C. 552b(e)(1) and § 9.107(a) of the Commission's Rules that Commission business requires that this agenda item be held on less than one week's notice to the public. The Commission was unable to consider scheduling the meeting until March 31, and immediate discussion is required so that the licensee's request for hearing can be handled promptly.

On Thursday, March 31, 1977, the Nuclear Regulatory Commission (all members participating) voted unanimously to hold the following closed meeting.

FRIDAY, APRIL 1—11:30 A.M.

Discussion of order in Babcock & Wilcox request for hearing. (Authority to close: 5 U.S.C. 552b(d)(1) and 5 U.S.C. 552b(c)(10) and 10 CFR 9.105(a) and 9.104(a)(10).)

The meeting will include discussion of a possible Order in connection with a request for a formal hearing made by an NRC licensee.

Attendees will include the Commissioners and their staff, P. Strauss, the General Counsel, and members of his office, B. Huberman, the Director of the Office of Policy Evaluation, and members of his staff, S. Chilk, the Secretary, and members of his staff.

The meeting will be held in the Commissioners' Conference Room, 1717 H Street NW., Washington, D.C. For further information, contact Walter Magee, Office of the Secretary, telephone: 634-1410.

Dated at Washington, D.C., this 31st day of March 1977.

For the Commission.

JOHN C. HOYLE,
Assistant Secretary of the Commission.

[S-93-77 Filed 4-4-77;11:01 am]

2

AGENCY HOLDING THE MEETING: Securities and Exchange Commission.

TIME AND DATE: 10 a.m. on Monday, April 4, 1977, room 825, 500 North Capitol Street, Washington, D.C. Closed to the public.

The Commission will consider an accounting matter relating to a registrant.

Chairman Hills, Commissioners Loomis, Evans and Pollack voted to close this meeting.

The Commissioners, their legal assistants, the Secretary of the Commission and recording secretaries will attend the meeting. Certain staff members who are responsible for the calendared matters may be present.

The General Counsel of the Commission has certified that the items to be considered at the closed meeting may be so considered pursuant to one or more of the exemptions set forth in 5 U.S.C. 552b(c)(4)(8)(9)A and (10).

Requests for information concerning the meeting(s) should be directed to Sam Knight (202) 755-1482.

Dated: April 1, 1977.

GEORGE A. FITZSIMMONS,
Secretary.

[S-94-77 Filed 4-4-77;11:40 am]

3

AGENCY HOLDING THE MEETING: Securities and Exchange Commission.

Time and date: 4 p.m. Tuesday, April 5, 1977, room 825, 500 North Capitol Street, Washington, D.C. Open to public observation.

Subject matter of the meeting: Representatives of the Chicago Board Options Exchange will meet with the Commission to discuss:

(1) Applications of the uniform net capital rule to market-makers in options;

(2) The operation and practices of the Chicago Board Options Exchange and its members in relation to the uniform net capital rule; and

(3) Possible impacts of applications of the uniform net capital rule on present operations and practices of the Chicago Board Options Exchange and its members.

Chairman Hills, Commissioners Loomis, Evans and Pollack voted that Commission business requires consideration of this matter at a time which does not permit the giving of a full weeks notice as provided in 5 U.S.C. 552(e)(1), 17 CFR 200.403(b).

Requests for information concerning the meeting should be directed to Sam Knight (202) 755-1462.

Dated: April 1, 1977.

GEORGE A. FITZSIMMONS,
Secretary.

[S-95-77 Filed 4-4-77;11:40 am]

4

AGENCY HOLDING THE MEETING: Consumer Product Safety Commission.

TIME AND DATE: April 13, 1977, 9:30 a.m.

PLACE: 3rd Floor Hearing Room, 1111 18th St. NW., Washington, D.C.

STATUS: Part of the meeting is open to the public; part is closed.

MATTERS TO BE CONSIDERED: Portion open to the public beginning at 2:30 p.m.

1. *Petition on Patching Compounds Containing Asbestos (HP 76-18)*. In this petition, Consumers Union has asked the Commission to ban patching compounds containing asbestos from sale to consumers. The Commission has asked its staff to brief the Commission on technical and legal issues related to action on this petition.

Portion closed to the public beginning at 4 p.m.

2. *Fluorocarbons: CPSC/EPA Memorandum of Understanding*. At this closed briefing, the staff will discuss the draft Memorandum of Understanding between CPSC and the Environmental Protection Agency, which discusses action which each agency will take in dealing with hazards associated with fluorocarbons as aerosol propellants and refrigerants.

CONTACT PERSON FOR ADDITIONAL INFORMATION:

Sheldon D. Butts, Assistant Secretary, Office of the Secretary, Suite 300, 1111 18th St. NW., Washington, D.C. 20207, telephone (202) 634-7700.

[S-102-77 Filed 4-4-77;4:48 pm]

5

AGENCY HOLDING THE MEETING: Consumer Product Safety Commission.

TIME AND DATE: April 14, 1977, 9:30 am.

V 42 67 APR 7 77 UMI

PLACE: 3rd Floor Hearing Room, 1111 18th St. NW., Washington, D.C.

STATUS: Parts of the meeting open to the public; parts are likely to be closed to the public.

MATTERS TO BE CONSIDERED: Portions open to the public beginning at 9:30 a.m.

1. *Responsibility for Special Packaging of Prescription Drugs, Including Physician Samples.* This item concerns two related issues on prescription drugs for which the Poison Prevention Packaging Act (PPPA) requires special packaging (1) should manufacturers who distribute such drugs in consumer packages be permitted to distribute the drugs to pharmacies in noncomplying packaging if they also distribute them in complying packaging, and (2) when distributing prescription drugs to physicians as samples, should manufacturers be subject to PPPA packaging responsibilities.

2. *Petition on Window Bars* (CP 75-20). Dr. Stephen J. Lerman of Omaha, Nebr. has asked the Commission to regulate window bars (window guards) to prevent children from falling.

3. *Petition on Miniature Cigarette Lighters and Knives Sold from Vending Machines* (MC 75-17). In this petition, former U.S. Rep. Leonor K. Sullivan asked the Commission to ban the sale of miniature cigarette lighters and knives from vending machines, alleging that such items are dangerous to children.

4. *First Aid Instructions for Methyl Alcohol-Base Radiator Antifreeze.* In September, 1976, the Commission granted a petition which requested a change in the regulation for first aid labeling for this product, which currently recommends a saline solution to induce vomiting. At this meeting, the Commission will consider two documents: a proposed revision of the regulation and a statement of policy on the issue.

5. *Proposed Generic Exemption from PPPA Requirements for Certain Pediatric Vitamin Preparations Containing Fluoride.* The staff has presented three options for language which would propose to exempt these drugs, in generic terms, from special packaging requirements of the Poison Prevention Packaging Act. In March, 1977, the Commission granted a petition from Hoffman-La-Roche, Inc. to propose such an exemption.

Beginning at 2 p.m.

6. *Mid-year Review.* The Commission will begin the mid-fiscal year review of its Operating Plan for FY-77. Topics for review include ranking of petitions, administrative rules, and priority products/projects.

Portions closed to the public. The Commission will consider the following two items in closed session, immediately following consideration of item 5 above.

7. *Proposal to Seek Consent Agreement* (BCMI No. 6-048). In this Flammable Fabrics Act matter, the staff seeks authority to issue a consent agreement and letter offering the firm an opportunity for settlement, and authority for automatic issuance of a Notice of Enforcement should the firm refuse to enter into the consent agreement.

8. *Possible FHSA and PPPA Violation* (BCMI No. 2264). The staff and the Office of the General Counsel have presented options for Commission action in this case involving possible violation of the Federal Hazardous Substances Act (FHSA) and the Poison Prevention Packaging Act (PPPA).

CONTACT PERSON FOR ADDITIONAL INFORMATION:

Sheldon D. Butts, Assistant Secretary, Office of the Secretary, Suite 300, 1111 18th St. N.W., Washington, D.C. 20207, telephone (202) 634-7700.

8

AGENCY HOLDING THE MEETING: Federal Power Commission.

CHANGE OF MEETING SUBJECT MATTER

APRIL 1, 1977.

The following items are added to the Commission meeting of April 7, 1977, upon the affirmative vote of Chairman Dunham, Commissioners Smith and Watt. Commissioner Holloman did not participate in the voting of these items.

P-34 Project No. 1971—Idaho and Oregon, Idaho Power Company.
G-24 Docket No. R-386, City of Fulton, Mississippi, Manatachie Natural Gas District.

KENNETH F. PLUMB,
Secretary.

[S-98-77 Filed 4-4-77;4:47 pm]

9

AGENCY HOLDING THE MEETING: Federal Reserve System.

On Monday, April 11, 1977, at 10:00 a.m. a meeting of the Board of Governors of the Federal Reserve System will be held at the Board's offices at 20th Street and Constitution Avenue, NW., Washington, D.C., to consider the following items of official Board business:

1. Request by protestants for an oral presentation on the application of Central Bancompany, Jefferson City, Missouri, to acquire shares of The First National Bank of Mexico, Mexico, Missouri.
2. Proposed purchase of three computers now under lease at the Little Rock, Louisville, and Memphis Federal Reserve Branches.
3. Record of discount rate policy actions during 1976 for inclusion in the Annual Report for 1976.
4. Legislative recommendations for inclusion in the Board's Annual Report for 1976.
5. Proposal to reduce the frequency with which Edge Act corporations engaged in banking must file a certain report with the Board.
6. A possible amendment to Regulation Z (Truth in Lending) to require disclosure of any variable rate interest clause that is part of the contract. (Proposed earlier for public comment; docket no. R-0003). This matter was originally considered at a meeting on March 26, 1977.
7. A possible interpretation of Regulation Z (Truth in Lending), to be issued for comment, exempting credit card systems that bill their customers on a transaction-by-transaction basis rather than on a cumulative account basis from certain of the regulation's provisions.
8. A possible amendment to Regulation Z (Truth in Lending) to permit Spanish language Truth in Lending disclosures in the Commonwealth of Puerto Rico with English language disclosures provided upon the customer's request. (Proposed earlier for public comment; docket no. R-0066).
9. A possible interpretation of Regulation H (Membership of State Banking Institutions in the Federal Reserve System), to be issued for comment, that would extend the existing restrictions on lending secured by property located in a flood hazard area to the purchase of loans so secured.
10. Possible technical amendments to the flood insurance provisions of Regulation H (Membership of State Banking Institutions in the Federal Reserve System) that would exempt certain loans from the insurance purchase requirements of the regulation. These amendments would implement exemptive provisions included in the Housing Authorization Act of 1976.

This meeting will be open to public observation. Information with regard to this meeting may be obtained from Mr. Joseph R. Coyne, Assistant to the Board, at (202) 452-3204.

Board of Governors of the Federal Reserve System, April 1, 1977.

GRIFFITH L. GARWOOD,
Deputy Secretary of the Board.

15

AGENCY HOLDING THE MEETING: Nuclear Regulatory Commission.

In accordance with the requirements of the Government in the Sunshine Act and the Commission's rules implementing the Act, this Notice identifies changes in the Commission's schedule for April 4 and 5, 1977.

V 42 67 APR 7 77 UMI

MEETINGS ON APRIL 4 AND 5

1. *Postponing Closed Meeting.* The closed Briefing on 1977 Comprehensive Evaluation Plan for SSNM Fuel Facilities, which had been scheduled for Monday, April 4, 1977 at 3:30 p.m. has been rescheduled for Wednesday, April 6, 1977 at 2 p.m.

The closed Discussion of Proposed Congressional Testimony on S.897, which had been scheduled for Tuesday, April 5 at 10 a.m., has been postponed; no definite date has been set for its rescheduling.

2. *Additional Closed Meetings.* By unanimous vote on April 4, 1977, the Commission determined pursuant to 5 U.S.C. 552b(e)(1) and § 9.107(a) of the Commission's rules that Commission business requires that the following agenda items be held on less than one week's notice to the public. The need for these meetings did not arise until April 4 and immediate discussion is necessary because prompt Commission action is required in connection with both meetings.

On Monday, April 4, 1977, the Nuclear Regulatory Commission (all members participating) voted unanimously to close the following meetings:

MONDAY, APRIL 4, 1977

4 p.m.—KORI Export License.

(Authority to close: 5 U.S.C. 552b(d)(1) and 5 U.S.C. 552b(c)(1) and 10 CFR 9.105(a) and 9.104(a)(1).)

5 p.m.—Discussion of Sufficiency of Safeguards.

(Authority to close: 5 U.S.C. 552b(d)(1) and 5 U.S.C. 552b(c)(1), (c)(3), (c)(4), and (c)(6); and 10 CFR 9.105(a) and 9.104(a)(1), (a)(3), (a)(4) and (a)(6).)

The first meeting will include discussion of a classified document involving foreign relations.

The second meeting is likely to include discussion of classified material, discussion of restricted data, the release of which is prohibited by statute, safeguards and safeguards-related material which is proprietary (10 CFR 2.790(d)) and discussions which might disclose personal information, the release of which would constitute a clearly unwarranted invasion of personal privacy.

Attendees at the first meeting will include the Commissioners and their staff, P. Strauss, the General Counsel, and members of his office, B. Huberman, the Director of the Office of Policy Evaluation, and members of his staff, J. Shea, Director of the Office of International Programs and members of his staff, S. Chilk, the Secretary, and members of his staff. Attendees at the second meeting will include the Commissioners, B. Eagle, Executive Assistant to the Chairman, T. McTiernan, Director of the Office of Inspector and Auditor, P. Strauss, General Counsel, and C. Stoiber of his staff, L. Gossick, Executive Director of Operations, K. Chapman, Director, Office of Nuclear Materials Safety and Safeguards, and S. Chilk, Secretary. One or more persons will attend both meetings to operate recording and transcribing equipment.

The meetings will be held in the Commissioners' Conference Room, 1717 H Street, NW., Washington, D.C. For further information, contact Walter Magee, Office of the Secretary, telephone: 634-1410.

Dated at Washington, D.C., this 4th day of April 1977.

For the Commission,

SAMUEL J. CHILK,
Secretary of the Commission.

[S-106-77 Filed 4-5-77;10:23 am]

16

AGENCY HOLDING THE MEETING: Nuclear Regulatory Commission.

In accordance with the requirements of the Government in the Sunshine Act and the Commission's Rules implementing the Act, this Notice identifies the Commission's meetings for April 11 and April 12, 1977, and, for each meeting, the subject matter and whether all or part of the meeting is closed. The public is invited to attend the section marked "Public Meetings."

SECTION I—PUBLIC MEETINGS

MONDAY, APRIL 11

10 a.m.—Briefing on Resident Inspector Program—Cost Benefit Analysis.

11 a.m.—Consideration of Proposed Rule to Require Licensee Safeguards Contingency Plans.

12 noon—Affirmation of Commission action on: Amendments to 10 CFR Part 40; FOIA Appeal.

(The affirmations will consist of votes on matters previously reviewed individually by the Commissioners and are expected to take no more than five minutes.)

1:30 p.m.—Briefing on Detailed Program Plan for LMFBR, Confirmatory Assessment Program.

TUESDAY, APRIL 12

10 a.m.—Consideration of Statement on Standardization of Nuclear Power Plants.

SECTION II—CLOSED MEETINGS

TUESDAY, APRIL 12

3 p.m.—Briefing on U.S.-Indian Nuclear Cooperation and Supply Issues

(Authority to Close: 5 U.S.C. 552b(d)(1) and 5 U.S.C. 552b(c)(1) and (c)(9B) and §§ 9.105(a) and 9.104(a)(1) and (a)(9) of the Commission's rules.)

The meeting will include discussion of classified material and sensitive information about U.S. cooperation with and supply to India. (Rescheduled from 3/31/77.)

The meetings will be held in the Commissioners' Conference Room, 1717 H Street, NW., Washington, D.C. For further information, contact Walter Magee, Office of the Secretary, telephone: (202) 634-1410.

Dated this 4th day of April 1977, at Washington, D.C.

For the Commission,

SAMUEL J. CHILK,
Secretary of the Commission.

[S-107-77 Filed 4-5-77;10:23 am]

17

AGENCY HOLDING THE MEETINGS: Securities and Exchange Commission.

TIMES AND DATES: 10 a.m., April 6, 7, 12, 21, and 26, 1977.

PLACE: Room 825, 500 North Capitol Street, Washington, D.C.

STATUS: April 6, 12, and 26 closed, April 7 and 21 open.

CHANGE IN TIME OF MEETING: The meeting scheduled for April 12, 1977, in the Commission Notice of Meetings which appeared in 42 FR No. 63, PP 17580-17583 will be held on April 13, 1977.

ADDITIONAL MATTERS TO BE CONSIDERED AT THE FOLLOWING MEETINGS which were announced in the above Notice:

April 6—Other litigation matter; Proposed suspension of trading.

April 26—Opinions.

April 7—Consideration of a shareholder proposal submitted to Automation Industries, Inc. by Mr. Carl Olson.

MATTER TO BE DELETED FROM THE MEETING:

April 21—Exchange Act Section 12(h) application of Gracious Estates Properties, Ltd. File No. 81-254. Application withdrawn.

Chairman Hills, Commissioners Loomis, Evans and Pollack have determined that Commission business requires the above changes and that no earlier announcement of the changes was possible.

GEORGE A. FITZSIMMONS,
Secretary.

APRIL 5, 1977.

DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE

Office of Education

[45 CFR Parts 100a, 100b, 100c, 104, 105]

VOCATIONAL EDUCATION

State Programs and Commissioner's Discretionary Programs

AGENCY: Office of Education, HEW.

ACTION: Proposed rule.

SUMMARY: Regulations are proposed to implement the Vocational Education Act of 1963, as amended by Title II of the Education Amendments of 1976, Pub. L. 94-482. The proposed regulations cover both the State administered programs and the Commissioner's discretionary programs. Generally, the regulations are designed to assist States to improve planning in the use of all resources for vocational education and to overcome sex discrimination in vocational education. Also, the regulations permit consolidation of programs to provide greater flexibility to the States in conducting vocational education programs.

DATE: Comments must be received on or before May 9, 1977. [For list of public meetings on this proposed rule, see FR Doc. 77-10300 in this Part of this FEDERAL REGISTER].

ADDRESS: Send comments to: Regulations Task Force, Bureau of Occupational and Adult Education, Room 5002, Regional Office Building No. 3, 7th and D Streets, SW., Washington, D.C. 20202. Comments available for inspection at the above address from 8:30 a.m. to 4:00 p.m. Monday through Friday.

FOR FURTHER INFORMATION CONTACT:

Ms. Juliette Lester, Chair of the Regulations Task Force, Bureau of Occupational and Adult Education, Room 5002, Regional Office Building No. 3, 7th & D Streets, SW., Washington, D.C. 20202 (202-245-2696).

SUPPLEMENTARY INFORMATION:

OVERVIEW OF THE REGULATIONS

PART 104—STATE ADMINISTERED PROGRAMS

STATE ADMINISTRATION

Any State which desires to receive funds under the Act must designate a State board to be the sole State agency responsible for the administration of programs under the Act (§ 104.31). This board may delegate any of its responsibilities (§ 104.33) except those listed in § 104.32 (a) to (d). The State must also assign full-time personnel to assist in reducing sex bias and sex stereotyping in vocational education programs and activities throughout the State (§ 104.72). Each State is to reserve $50,000 from the basic grant for this purpose (§ 104.74).

Each participating State must establish a State advisory council representing at least 20 designated interests (§ 104.92). There must be an appropriate representation by sex, race, ethnicity, and geography on the council (§ 104.92 (b)). The functions and responsibilities of the State advisory council are expanded to include identifying manpower as well as vocational needs, commenting on the reports of the State Manpower Services Council, and providing technical assistance to local advisory councils (§ 104.93). The expenditure of funds made available to the council is to be determined solely by the council for carrying out its functions (§ 104.96).

Each local educational agency (LEA) and postsecondary institution receiving Vocational Education Act (VEA) funds through the State board must establish a local advisory council composed of members of the general public to provide advice on job needs and relevancy of courses to those needs (§ 104.111).

Each participating State must also establish a State Occupational Information Coordinating Committee (SOICC) (§ 104.121). This SOICC must implement an occupational information system in the State which will meet the common needs for the planning for, and operation of, programs of the State board and of the administering agencies under the Comprehensive Employment and Training Act (§ 104.123).

PLANNING

To be eligible to receive funds, a State must maintain on file with the Commissioner a general application containing ten assurances covering a broad range of administrative and fiscal matters (§ 104.141). This application includes the assurance that the State will give priority, in distributing funds, to (1) economically depressed areas and areas with high unemployment rates which are unable to meet the vocational needs of these areas without Federal assistance, and to (2) programs which are new to the areas to be served and which meet new and emerging manpower needs. The State must also use as the two most important factors in distributing funds to local educational agencies (1) the relative financial ability to provide needed services and (2) the relative concentration of low-income populations within such agencies. In the case of other eligible recipients, the State must use, as the two most important factors, the recipient's relative financial ability to provide needed services and the relative concentration of students it serves who impose higher than average costs (e.g. handicapped, disadvantaged, those with limited English-speaking ability).

The State must submit to the Commissioner a five-year State plan by July 1, 1977 for fiscal years 1978 through 1982 and a second five-year State plan on July 1, 1982 for fiscal years 1983 through 1987 (§ 104.161).

In formulating the plan, the State board is to involve actively a representative of the State agencies for secondary education, postsecondary vocational education, community and junior colleges, and institutions of higher education. The State board must also involve representatives from local school boards, vocational teachers, local school administrators, the State Manpower Services Council, the State agency for Comprehensive Postsecondary Education Planning, and the State advisory council (§ 104.162). The State board and these designated representatives must meet at least four times during the planning year (§ 104.163). If these representatives are not able to agree on the contents of the State plan, the State board is responsible for reaching a final decision (§ 104.164). In this event, the State board must include in the plan the recommendations rejected by the State board and the reason for each rejection. Any dissatisfied agency may appeal the State board's decision to the Commissioner (§ 104.281). The Commissioner will then decide whether that State plan is supported by substantial evidence, as shown in the State plan, and will best carry out the purposes of the Act (§ 104.288).

The five-year State plan must contain the procedures for carrying out certain assurances of the general application (§ 104.182) and the specific program provisions described in § 104.183 through § 104.188. These provisions include an assessment of employment opportunities in the State (§ 104.183), the goals the State will seek to meet employment needs (§ 104.184), the planned funding to meet employment needs (§ 104.185), the intended uses of funds to meet specific program needs (§ 104.186), the policies adopted by the State to eradicate sex discrimination (§ 104.187), and a description of the mechanism established for coordination between manpower training programs and vocational education programs (§ 104.188).

The planning process also includes the submission of an annual program plan (§ 104.202) and annual accountability report (§ 104.203). The procedural requirements for developing the five-year plan are also applicable to the annual plan and accountability report but the number of required planning meetings is reduced to three (§ 104.204).

Even though the annual plan is essentially an updating of the five-year plan, it must contain the proposed distribution of funds among eligible recipients. The additional requirements of the annual plan are described in §§ 104.221 and 104.222. The content of the annual accountability report is described in § 104.241.

FISCAL REQUIREMENTS

Federal VEA funds must be used to share only in expenditures which are made in accordance with the assurances of the general application, five-year State plan and annual program plan (§ 104.301). The Federal share of expenditures under the five-year State plan and annual program plan may not exceed 50 percent of the cost of carrying out the programs (§ 104.302).

The fiscal requirements for allowable expenditures for the national priority programs are described in § 104.304. At least 10 percent of the State's allotment under section 102(a) of the Act is to be used to pay up to 50 percent of the costs of programs for the handicapped (§ 104.312); up to 20 percent to pay 50

percent of the costs of programs for the disadvantaged, for persons with limited English-speaking ability and for stipends for students with acute economic needs which cannot be met under other programs (§ 104.313); and 15 percent to pay up to 50 percent of the cost of postsecondary and adult programs (§ 104.314). The percentage of the 20 percent set-aside which goes to persons with limited English-speaking ability is equivalent to the proportion such persons age 15-24 are to the entire population of the State in the same age bracket (§ 104.313).

The Federal share for State administration of the five-year State plan and annual program plan, from funds allotted to the State under section 102(d) of the Act, is up to 50 percent of the cost of administration of the plans (§ 104.306). The Federal share in fiscal year 1978 is up to 80 percent and in fiscal year 1979 the Federal share is up to 60 percent.

STATE EVALUATION

Each State must evaluate the effectiveness of each funded program within a five-year period (§ 104.402). These evaluations must be in terms of the planning and operational processes, results of student achievement, results of student employment success and other results as measured by services to special populations (§ 104.402). Programs which purport to impart entry level job skills are to be evaluated according to the extent to which program completers and leavers find employment in related occupations and are considered well-trained by their employers (§ 104.404).

BASIC GRANT

Each State shall use its basic grant, which is 80 percent of the funds allotted under section 102(a) of the Act, for the purposes described in § 104.502. These purposes include vocational education programs, work-study programs, cooperative vocational programs, energy education programs, construction of area vocational education facilities, support of full-time personnel to eliminate sex bias, stipends for students who have acute economic needs which cannot be met by other programs, placement services for students whose needs cannot be met by other programs, industrial arts programs, support services for women who enter programs designed to prepare individuals for programs traditionally limited to men, day care services for children of persons enrolled in vocational schools. The scope and specific program requirements of each purpose are set forth in §§ 104.511 through 104.634. This extensive list of programs, activities, and services has been consolidated into a single basic grant to allow the States to determine their own priorities for funding.

PROGRAM IMPROVEMENT AND SUPPORTIVE SERVICES

The State must use the remaining 20 percent of its allotment under section 102(a) of the Act for Subpart 3—program improvement and supportive services (§ 104.704), exemplary and innovative programs (§ 104.706), and curriculum development programs (§ 104.708). These programs are to be operated by research coordination units (RCU) or are to be conducted by contracts awarded by the RCU (§ 104.703). The RCU must develop a comprehensive plan of program improvement which includes the intended uses of funds and a description of the State's priorities. The pertinent contract requirements for research programs and for curriculum programs are described in § 104.704. Exemplary and innovative programs must give priority to reducing sex stereotyping in vocational education (§ 104.706).

Not less than 20 percent of the funds reserved for program improvement and supportive services are to be used for guidance and counseling services which may include initiation and improvement of counseling services, counseling leading to greater understanding of educational and vocational options, provision of placement and follow-up services for vocational students and individuals preparing for occupations requiring a baccalaureate or higher degree, training to help overcome sex-biased counseling, counseling in correctional institutions, counseling for persons of limited English-speaking ability, resource centers for out-of-school individuals, and leadership for guidance and counseling personnel (§ 104.763).

The State may also use part of the funds reserved for program improvement and supportive services for vocational education personnel training (§ 104.771). Training may be provided to persons serving or preparing to serve in vocational education programs, including teachers, administrators, supervisors, and vocational guidance and counseling personnel (§ 104.773).

Funds under program improvement and supportive services may also be used for grants to overcome sex bias (§ 104.791). The purpose of these grants is to support activities which show promise of overcoming sex bias and sex stereotyping in vocational education and may be in the areas of research, curriculum development, or guidance and counseling (§ 104.793).

SPECIAL PROGRAMS FOR THE DISADVANTAGED

Each State must use the funds allotted to it from the authorization under section 1002(b) of the Act for special programs of vocational education for disadvantaged persons in areas of high youth unemployment and school dropouts (§ 104.802). The criteria of need and eligibility for disadvantaged persons are described in § 104.804. These projects for the disadvantaged may receive up to 100 percent Federal support (§ 104.802).

CONSUMER AND HOMEMAKING

The State must also use the funds allotted to it from the authorization under section 102(c) of the Act for programs of consumer and homemaking education (§ 104.901). The Federal share is 50 percent except in economically depressed areas where the Federal share is 90 percent (§ 104.906). One-third of the separate authorization is for these areas. Grants may be used for (1) educational programs that encourage males and females to prepare for combining homemaking and wage earning roles, develop curriculum materials which encourage elimination of sex stereotyping, give greater consideration to needs in economically depressed areas, encourage outreach programs, prepare persons for the homemaker role, emphasize consumer, nutrition, and parenthood education (§ 104.904) and (2) for ancillary services (§ 104.905).

PART 105—COMMISSIONER'S DISCRETIONARY PROGRAMS

PROGRAM IMPROVEMENT

Under this subpart the Commissioner is authorized to support projects of national significance for improvement of vocational education (§ 105.101). The Commissioner may fund up to 100 percent of the cost of the following types of activities if they are found to be of national significance: (a) Research projects; (b) exemplary and innovative projects; (c) vocational curriculum development projects; (d) vocational guidance and counseling programs; (e) vocational education personnel training programs; and (f) grants to assist in overcoming sex bias (§ 105.104).

A grant applicant must be able to demonstrate a reasonable probability that the project will result in improved teaching techniques or curriculum materials that will be used in a substantial number of classrooms or other learning situations within five years after the termination date. Projects must provide for appropriate participation by nonprofit private school children (§ 105.109). Activities funded shall include contracts to convert job preparation curriculums prepared for use by the armed services to curriculums usable by the schools (§ 105.103). The criteria which will be used to review applications are described in § 105.110. These criteria, and the other criteria in these regulations, do not apply to procurement contracts, which are made in accordance with the Federal Procurement Regulations in Title 41, Code of Federal Regulations.

CONTRACT PROGRAM FOR INDIAN TRIBES

The Commissioner will enter into contracts with Indian tribal organizations at the request of Indian tribes to plan, conduct, and administer programs which are consistent with the Act and regulations (§ 105.201). The sections of the Indian Self-Determination and Education Assistance Act of 1975 which are applicable are set forth in § 105.202. The criteria for the selection of award recipients are in § 105.211. Additional factors for declining to enter into a contract are listed in § 105.212.

TRAINING AND DEVELOPMENT PROGRAMS FOR VOCATIONAL EDUCATION PROGRAMS FOR VOCATIONAL EDUCATION PERSONNEL

The Commissioner is to provide opportunities for full-time advanced study of vocational education, opportunities for certified teachers in other fields to be-

V 4267 APR 7 77 UMI

come vocational education teachers, and opportunities for persons in industry with skills in fields for which there is a need for vocational educators to be so trained (§§ 105.302 and 105.431). Persons having two years of experience in vocational education or in comparable types of situations and who have a baccalaureate degree may receive awards for use at the graduate level, in approved institutions of higher education (§ 105.304). Persons certified to teach in any field who have applicable vocational skills or persons employed in industry with similar skills may receive awards for use in approved teacher-training institutions (§ 105.311). The criteria for approving applications for leadership development awards are in § 105.309. The criteria for approving applications for certification fellowships are in § 105.443.

EMERGENCY ASSISTANCE FOR REMODELING AND RENOVATING OF VOCATIONAL EDUCATION FACILITIES

The Commissioner will make grants to local educational agencies which are unable to provide vocational programs to meet existing manpower needs because of the obsolescence of their facilities or equipment (§ 105.501). Grants may be used to support 75 percent of the cost of modernizing such facilities (100 percent in cases of extreme need) and the cost of changes necessary to comply with the Architectural Barriers Act (§ 105.506). The criteria for approving applications are set forth in § 105.505.

BILINGUAL VOCATIONAL TRAINING

The Commissioner will make grants to support bilingual vocational training programs (§ 105.601), bilingual vocational instructor training programs (§ 105.611), and programs for the development of bilingual instructional materials (§ 105.621). The criteria to be used in reviewing applications for these three programs are set forth in §§ 105.605, 105.615 and 105.625 respectively.

EXPLANATION OF THE DOCUMENT

SELF-CONTAINED DOCUMENT

The proposed regulations are designed as a self-contained document, making it unnecessary to refer constantly to the Act. Accordingly, the regulations repeat all essential requirements of the Act so that the States, local educational agencies, and other eligible recipients under the State administered program (45 CFR Part 104) and all eligible applicants under the Commissioner's discretionary programs (45 CFR Part 105) may, in general, rely on the regulations without reference to the Act.

Reference to the General Education Provisions Act (GEPA) and the General Education Provisions Regulations (GEPR) will, however, be necessary. In particular, the civil rights requirements of the General Education Provisions Regulations (45 CFR 100a.262 and 45 CFR 100b.262) have a direct application to Part 104 and Part 105. Accordingly, Federal financial assistance under the Vocational Education Act is subject to the regulations in 45 CFR Part 80 (which effectuate the provisions of Title VI of the Civil Rights Act of 1964) and to the regulations in 45 CFR Part 86 (which effectuate the provisions of Title IX). Title IX provides that no person in the United States shall on the basis of sex be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving Federal financial assistance. To repeat these civil rights requirements, as well as the other requirements of the General Education Provisions Regulations, in Part 104 and Part 105 would defeat the express purpose of the General Education Provisions Regulations, which is to publish in one place regulations which affect the various education programs generally.

TERMINOLOGY

To make reading and understanding of the regulations easier, the new Vocational Education Act is referred to simply as "the Act." Sections of the Act are referred to in the text, for example, as "section 101 of the Act." A section of the regulations is referred to, for example, as "§ 104.101" with use of the section symbol (§). The phrase "of these regulations" is not repeated. Thus a reference to "section 101" should be recognized as a reference to section 101 of the Act; a reference to "§ 104.101" is a reference to § 104.101 of the regulations.

To make the regulations more readable (and at the same time shorter) acts or regulations which are frequently mentioned are referred to by their acronym, "CETA," "GEPA," "GEPR," for example. The Department of Health, Education, and Welfare is "HEW." If an acronym is used, it is defined in the definitions or the text.

CITATION TO LEGAL AUTHORITY

As required by section 431(a) of the General Education Provisions Act (20 U.S.C. 1232(a)), a citation to the statutory or other legal authority for each provision of the proposed regulations has been placed in parentheses on the line immediately following the text of the regulation. Each citation applies to the text of the regulations between that citation and the next preceding citation.

Citation is to the Vocational Education Act of 1963, as amended by Title II of the Education Amendments of 1976 (Pub. L. 94-482), unless otherwise noted. Citation to another act refers to the other act by name or other designation. For example "section 434 of GEPA" is a citation to section 434 of the General Education Provisions Act. Citation to the United States Code, for example "(20 U.S.C. 2301)," generally follows a citation to a section of the Act.

It is important to note that a citation standing alone means that the regulation closely follows the section of the Act cited, with only minor editorial simplification. Where language is added in the regulation in order to interpret the Act, the citation reads "Interprets Sec. ------)." Where the regulations implements the Act, such as when criteria are set forth, the citation reads "(Implements Sec. ------)."

INTERNAL FEDERAL MATTERS NOT REGULATED

The requirements of the Act relating to matters of internal Federal administration are not set forth in the regulations. For example, these regulations do not repeat the statutory requirement that the President appoint members of the National Advisory Council on Vocational Education (section 162 of the Act). Likewise, the regulations do not address the following: (a) The establishment and duties of the Bureau of Occupational and Adult Education (section 160 of the Act); (b) the requirement that the Commissioner make findings and suggestions in relation to State plans (section 112(a)(1) of the Act); (c) the requirement that the Bureau of Occupational and Adult Education (BOAE) review and analyze the programs in at least 10 States a year (section 112(a)(2) of the Act); (d) the requirement that the HEW Audit Agency conduct fiscal audits within the same States in which BOAE conducts its reviews (section 112(a)(2) of the Act); (e) the requirement that the Commissioner file an annual report with Congress (section 112(c) of the Act); and (f) the establishment and duties of the National Occupational Information Coordinating Committee (section 161(b) of the Act).

To conclude, in general terms, matters of internal Federal administration appearing in the Act under "Federal and State Evaluation" (section 112 of the Act) and "Federal Administration" (sections 160–162 of the Act) are not set forth in the regulations.

The Act provides for appeal to the United States Court of Appeals in several instances, including an appeal from the Commissioner's findings of noncompliance with the State plan (section 109(d)). Since an appeal to the courts is a legal matter to be handled by attorneys, the procedures for appeal set forth in the Act are not repeated in the regulations.

The Commissioner's delegations of authority are not set forth in the regulations. Hence, when the regulations say "the Commissioner" will perform a function, the Commissioner's authority to perform this function may have been delegated to another official in the Office of Education.

PUBLIC PARTICIPATION IN THE NOTICE OF INTENT

In response to a directive by the Secretary of Health, Education, and Welfare for maximum public participation in the development of regulations, a Notice of Intent to Issue Regulations was published in the FEDERAL REGISTER on November 10, 1976. This Notice of Intent set forth an overview of the new Act and contained descriptions of 15 issues on which the Commissioner sought public comment. A 65-day comment period followed during which telephone calls and written comments and suggestions were accepted and public meetings were held in each State.

Over 550 written comments were received in response to the Notice of Intent. Comments came from a wide variety of organizations and individuals. Individuals who wrote included concerned laymen, State legislators, school counselors, and most frequently teachers. Their concerns covered a broad range but seemed to focus mainly on the programs assisted by the new Act.

The interest groups which responded to the Notice were also diverse. Many of the groups addressed not only their specific interest area but all of the issues set out in the Notice of Intent. The National Advisory Council on Vocational Education prepared detailed comments on all 15 issues, as did many other national organizations. Several educational, professional, and community groups outside of vocational education submitted comments. Women's groups focused on the provisions to eliminate sex bias and sex stereotyping throughout the entire Act, while vocational, professional, and student groups focused on areas such as guidance and counseling, and vocational student organizations. Most State advisory councils were concerned with their enlarged role, while State education departments addressed the planning and other administrative provisions.

Following the publication of the Notice of Intent in the FEDERAL REGISTER, public meetings were conducted in every State and in the District of Columbia, Puerto Rico and the Virgin Islands. These public meetings were hosted by the States and coordinated by the Assistant Regional Commissioners for Occupational and Adult Education. Notice of the meetings was published in the FEDERAL REGISTER and distributed to over 70 national organizations. The Office of Education sent a press release to approximately 450 local organizations and newspapers. Materials for the meetings, including the Notice of Intent and copies of the new Act, were sent out in preparation for the public meetings. Over 6,000 people attended the public meetings.

An overview of the Act and the regulations process was presented at each public meeting by means of a slide presentation. The Office of Education also lent copies of the slides to national organizations wishing to see them. Following the slide presentation, the public meetings provided a forum for discussion of the issues raised in the Notice of Intent. All comments, advice, and issue papers presented at the meetings and submitted as State reports were considered in drafting the proposed regulations.

SUMMARY OF COMMENTS AND RESPONSES

ISSUE NO. 1. GUIDELINES

The question of need for guidelines for the development of the State plan received considerable public comment. Before discussing the substance of these comments, it is important to note at the outset that many commenters seemed to have confused the legal term "guideline" with the general term "guidance." A guideline is a recommendation or suggestion for meeting the legal requirements of the statute and regulations and is not to be construed as having the force of law. The word "guidance," however, is a broader term which includes regulations and interpretations of general applicability which provide instructions, direction, and information for a prescribed course of procedure.

With respect to the issue of guidelines, the majority of commenters agreed with the basic premise set forth in the Notice of Intent in this regard: that the emphasis in planning be placed on the substantive content of the State plan and not on uniformity in the format of the document. These comments frequently pointed out that guidelines tend to stereotype State plans and reduce the flexibility of States to develop plans uniquely designed to meet their own needs and circumstances. They expressed a serious concern that the promulgation of guidelines would likely result in the State plan becoming a mere compliance document.

A considerable, although lesser, number of commenters felt that the publication of guidelines was essential to the effective operation of vocational education programs in the States. The gist of these comments was that State and local officials need, want, and expect detailed guidelines, and if they are not provided, serious omissions and violations may occur. Some of these commenters expressed the view that the Office of Education also has a responsibility to provide options about ways to implement certain provisions of the law, such as the requirements relating to overcoming sex bias and to incentives for enrollment in nontraditional courses.

Having examined the public input on this issue, and in view of the fact that the statute itself is very comprehensive, the Commissioner has elected not to issue separate guidelines at this time. Instead, the Commissioner believes that the best approach is to issue proposed regulations which specify precisely what is required by the law in the development of the State plan. The States will, therefore, have considerably flexibility to determine how they will meet the requirements of the law with respect to the development of the plan. The National Advisory Council on Vocational Education supports the Commissioner's decision not to publish guidelines. In the opinion of the Council, the setting of stringent and narrow restrictions in the regulations would nullify the desired flexibility and would discourage, rather than promote, thorough and responsive State planning.

ISSUE NO. 2 SEX STEREOTYPING

Elimination of sex discrimination and sex stereotyping in vocational education is a major emphasis in the new Act. The Notice of Intent identified four areas where sex discrimination and sex stereotyping are of prime concern: State plan requirements, State administration, the State advisory council, and vocational education programs. Response to this issue indicates a great deal of support for the new Act and its emphasis on equal acess to vocational programs by males and females.

Regarding the State plan requirements, many commenters urged that the regulations allow the States some flexibility. For example, the National Advisory Council on Vocational Education suggested that the determination of specific ways to eliminate sex bias and sex stereotyping in enrollment patterns, access to programs, or recruiting practices should be left to the discretion of the States. The most overriding concerns, however, were that the opportunity for public input and public review of the State plan, as provided in the Act; be strictly required and that there be no quotas imposed for vocational program enrollments.

In the second area of concern, State administration, full-time personnel must be asigned to work to eliminate sex discrimination and sex stereotyping. Some commenters wondered how this Act would work in relation to the requirements of Title IX. The provisions of Title IX are of course applicable to vocational education. The Senate report indicates Congressional intent that the two laws work together:

> The expansion of the purpose makes clear that Federal funds may be used to assist local school districts in developing programs designated to meet the requirements of Title IX as well as programs to overcome occupational sex stereotyping. (Sen. Rept. No. 94-882, p. 57.)

Many commenters asked the meaning of "full-time personnel." The position adopted in the regulations (§ 104.72) is that the personnel in question must work full time on the nine functions listed in section 104(b)(1) of the Act. The number and kind of personnel needed for this purpose is left to the States to determine. The main concern was that the personnel chosen have demonstrated a commitment to equal rights.

Several commenters felt that the $50,000 minimum requirement was too much to spend in this area; this amount is, however, mandated in the Act for each of the 50 States and the District of Columbia, but not for the outlying areas.

In the case of the State advisory councils, the issue deals with membership on the councils. Concern was expressed over the meaning of "appropriate" representation of women. The most frequently suggested definitions were based on the percentage of women in the work force and percentage of women in the general population. Nevertheless, the term "appropriate" has not been defined in the regulations and is left to each State's discretion. The National Advisory Council noted that a "single 'token' woman, minority or otherwise, would obviously not meet the intent of the Act."

The fourth problem area concerned with sex discrimination and sex stereotyping is vocational education programs. Many helpful comments were received in this area. The consensus was that a strong guidance and counseling component is necessary in order to overcome sex bias, and along with this, special training for teachers, counselors, and administrators. One other frequent comment was that women must be involved

V4267 APR 77 UMI

in the development of proposals as well as in the administration of programs and projects.

A major concern of most commenters was that the use of curriculum materials is mentioned frequently in the Act as a means of coping with problems of sex bias and stereotyping, but there are no guidelines for development of the curriculum materials. Many commenters suggested that curriculums for vocational education should be based upon human needs rather than on traditional role expectations. Nevertheless, the Commissioner did not find legal justification for promulgating regulations that would, in effect, go beyond the scope of the statute.

Definitions of "sex bias," "sex stereotyping," and "sex discrimination" are included in the State administration sections of the regulations. This was believed necessary because, although the terms have different meanings, the tendency seems to be to use them together or interchangeably. The emphasis in the regulations is on the elimination of the negative effects, i.e., the denial of rights, caused by sex bias, sex stereotyping, and sex discrimination.

Although the activities which may be supported under section 136, "Grants to Assist in Overcoming Sex Bias," are not specified in the Act, the regulations (§§ 104.791–793) provide examples of projects appropriate for funding under this section. The public comments in this area were very useful in developing these sections of the regulations.

ISSUE NO. 3. STATE ADMINISTRATION

Each State desiring to participate in programs authorized under the Act (section 104(a)) is required to designate or establish a single State board or agency of vocational education in accordance with State laws. This State board will serve as the sole State agency responsible for the administration, or for the supervision of the administration, of programs authorized under the Act. The responsibilities of the State board are:

(a) Coordination of the development of policy with respect to programs;

(b) Coordination of the development, and the actual submission to the Commissioner, of the five-year State plan, of the annual program plan, and the accountability report; and

(c) Consultation with the State advisory council on vocational education and with other appropriate State agencies, councils, and individuals involved in the planning and reporting.

Since the term "coordination" has many meanings, public comment was invited with respect to interpreting the State board's role for the "coordination of the development of policy." Commenters provided a wide diversity of views on this issue, but the overwhelming majority were of the opinion that responsibility for the "development of policy" resides solely with the State board. However, in order to be responsive to the intent of the Act to improve planning by involving a wide range of agencies and individuals concerned with education and training within the State, the phrase "coordination of the development of policy" has been interpreted to mean that the State board is responsible for convening, as a group, representatives of the designated agencies in order to obtain their involvement in the planning and development of policy. The term "coordination" is not defined in the regulations. Instead, cross references to the coordinating function of the State board (section 104(a)(1) (A) and (B) of the Act) are provided throughout the regulations.

ISSUE NO. 4. STATE ADVISORY COUNCIL ROLE IN STATE BOARD EVALUATIONS

The main issue here was whether the proposed regulations should delineate specifically the State advisory council's role in the State evaluation and the relationship between the evaluations made by the Board and those made by the council. More specifically, should the term "monitoring" be interpreted so as to retain the autonomy of the two agencies?

Several comments from the public were to the effect that the purpose of this legislation is to bring about greater cooperation between the State advisory council (SACVE) and the State board, and assure that they work together, share, information, and prevent duplication of effort. The National Advisory Council on Vocational Education commented that "The SACVE is to consider the results of the State board evaluation in making its own evaluation, but there is nothing to suggest that the sharing of information will result in identical conclusions. The SACVE may assist and monitor the State board evaluation, incorporate the information into its own evaluations, and come up with conclusions and recommendations which are quite different from those of the State board." In keeping with this position, the State advisory council would not duplicate studies made by the State board, but instead, would review and evaluate studies made by the State board in the preparation of its own evaluation report.

The public response to the three alternatives suggested in the Notice of Intent was overwhelmingly in favor of "allowing the State boards and councils to develop necessary working relationships to perform their respective mandates within the broad scope of the regulations." That, in effect, is the position adopted in the proposed regulations.

ISSUE NO. 5. FISCAL INDEPENDENCE OF STATE ADVISORY COUNCILS

The new Act affirms the independence of the State advisory council on vocational education by giving the council control over its program administration and funds. The extent to which the council has control over the expenditure of the funds was, however, an issue set forth in the Notice of Intent.

Section 105(c) of the Act authorizes the council to employ personnel and to contract for services necessary to enable it to carry out is evaluation functions, "independent of programmatic and administrative control by other State boards or agencies." This concept is further emphasized in section 105(f) of the Act, which provides that: "The expenditure of these funds is to be determined solely by the State advisory council for carrying out its functions under this Act, and may not be diverted or reprogramed for any other purpose by any State board or agency or individual."

On the other hand, many comments from the public meetings supported the position that this language does not give the SACVE's total freedom to expand their funds without regard to reasonable guidelines and restraints followed by others within the administrative structure in which it functions. Thus, comments from the public on this issue support the proposed regulation (§ 104.96) that the State advisory council shall designate an appropriate State agency or other public agency eligible to receive funds under the Act to act as its fiscal agent. Any State or local agency eligible to receive Federal vocational education funds may act as the fiscal agent. The council must, however, adhere to the laws, regulations, and practices applicable to the State and other public agencies in the expenditure of its funds. The fiscal agent must have the council's accounts audited at least every two years and must send a copy of the audit report to the Commissioner.

ISSUE NO. 6. LOCAL ADVISORY COUNCILS

Regarding the extent to which the Commissioner should regulate local advisory councils, the consensus of the public comment was that the regulations should merely restate the law and should make no extra requirement of any kind. For example, one commenter said, "No further specifications should be provided in Federal Regulations beyond what is described in the law for the composition, certification, operation, or consultation role of local advisory councils." The proposed regulations (§§ 104.111–112) follow this recommendation.

ISSUE NO. 7. STUDENT ORGANIZATIONS

The Notice of Intent included a statement to the effect that unless public comment indicated otherwise, the proposed regulations would permit Federal support of activities of vocational education student organizations which are an integral part of instruction. The comments overwhelmingly endorsed this position. Many commenters pointed out that considerable time and effort have gone into the development of vocational student organization activities to make them an integral part of the instruction program and that these efforts have markedly enhanced the employability of the students who have been involved in these organizations. The National Advisory Council on Vocational Education also endorsed this position.

These comments are consistent with earlier legislative history set forth in the 1968 Senate Report No. 1386, p. 26 (July 11, 1968) which states that "as an integral part of the vocational instruction, these organizations have helped youth to

identify with the world of work and to develop as civic and community leaders. Throughout the years, the Office of Education has cooperated and assisted in the promotion of vocational youth organizations. Primarily this assistance has been given to the Future Farmers of America, under the provisions of the Congressional charter and to the Future Homemakers of America. The committee commends the Office of Education for its leadership and support of these two organizations; however, we urge the Commissioner to give equal attention and resources to the other equally important vocational youth groups. The committee urges the Commissioner of Education, in cooperation with the States and with the executive directors and the boards of directors of each vocational youth organization, to take appropriate steps to strengthen these important youth programs." The importance of these student organizations was also endorsed by Chairman Perkins during consideration of the bill, H.R. 12835. Chairman Perkins remarked, "Finally, I would like to pay tribute to the fine work which is being done by the various vocational youth organizations. I have always been impressed by the contributions made by the Future Farmers of America and now the newer youth organizations are following in their footsteps. I hope that these organizations will continue to remain strong and vibrant." (Cong. Rec. p. H4186, May 11, 1976.)

In light of the legislative history and public endorsement of vocational student organizations as an integral part of vocational education instruction, the proposed regulations provide that a State may use funds under its basic grant to support activities of vocational education student organizations as set forth in its approved five-year State plan and annual program plan. The regulations give a list of reimbursable activities which constitute an integral part of vocational instruction and another list of activities which cannot be supported.

ISSUE NO. 8. GENERAL APPLICATION (ASSURANCES)

Each State is required by section 106 of the Act to submit and maintain on permanent file with the Commissioner a general application which contains ten assurances that the State board will abide by in carrying out programs under the Act. Section 109 of the Act prohibits the Commissioner from approving a five-year State plan which does not provide adequate procedures for insuring that the assurances of the general application will be carried out. The Notice of Intent invited the public to advise how the State board should set forth these procedures.

Public response to this issue supports the proposed regulation (§§ 104.181–182) which requires the State board to incorporate the procedures into its five-year State plan.

ISSUE NO. 9. VOCATIONAL GUIDANCE AND COUNSELING

Comments about vocational guidance and counseling were many and varied greatly. One major concern was the procedure for establishing priorities among the various programs, services, and activities authorized by the Act. Several groups stressed the need for training programs to enhance the vocational competence of the professionals who staff vocational guidance and counseling programs and services. Some commenters expressde the feeling that the authorizations in section 134 may be too broad and may damage the total vocational education effort. They would prefer a definition of vocational education which includes guidance elements, thus reducing the need for funding supporting services.

A substantial number of commenters were concerned about section 134(a) which says that a State "shall include" eight activities and areas under its vocational guidance and counseling programs and services. They asked whether the phrase "shall include" requires that each of the eight specific areas be covered in a State's program. Careful reading of the law and the legislative history leads to the conclusion that the intent of Congress was to identify those eight areas and emphasize them, but the States would have the discretion and authority to choose from among the eight areas listed. Therefore, the States are required to fund one or more of them.

Another concern in the public meetings was for an interpretation of "including follow-up services" in section 134(a)(3) of the Act. The question was whether follow-up services could be conducted on a group of students who had already graduated from school. The position adopted in the proposed regulations (§ 104.763) is that follow-up services will be provided only for persons who have been placed in employment as a result of vocational education under this Act.

ISSUE NO. 10. DETERMINATION OF ACADEMIC HANDICAPS

The Commissioner sought assistance in developing criteria to define the academic and economic handicaps which combine to make students "disadvantaged," and are, therefore, in need of special services and assistance in order to enable them to succeed in vocational education programs. Public comment on this issue tended strongly to favor the criteria commonly used by vocational educators for making this determination, rather than strictly quantitative criteria based on such factors as formal education of the parents, occupation of the father, exact income, including welfare, and aid to dependent children. Accordingly, the criteria set in § 104.804 are such that they can be applied readily by vocational educators. The major factor is the readiness of the student judged in terms of the prerequisites for success in the vocational education program.

ISSUE NO. 11. HOURS OF WORK IN WORK-STUDY PROGRAM

The problem was to determine the "reasonable number of hours in any week" that students in a work-study program would be permitted to work. Public comment on this point was virtually unanimous in advising that a maximum limit be set in terms of hours only (rather than hours and a monetary limit as in the present legislation). Accordingly, the regulations propose a weekly limit of 20 hours.

ISSUE NO. 12. ACCOUNTABILITY AND EVALUATION

The Commissioner received a great many comments on evaluation, related to the definition of program completers and leavers, the period of follow-up, statistical techniques, and criteria for determining effectiveness of vocational education programs, services, and activities. The advice and recommendations varied greatly. Some commenters wanted "program completer" to be defined as one who acquires job skills, irrespective of whether the "program" is completed. Others wanted the securing of paid employment to be the criterion of program completion. Some were opposed to making the securing of employment a criterion of success or "completion." Others considered graduation to be tantamount to completion.

The problem of defining "program leaver" also elicited a wide diversity of comments. One typical suggestion was that a leaver is one who completes two-thirds of the program's requirements and that anyone who leaves earlier is a "drop-out."

There was wide divergence and no consensus regarding the time when the follow-up of each student should begin and the length of the follow-up period. Two commenters advised that the regulations stipulate that a contract be made with each student to pay for the follow-up information and assure that it would be reported. Several commenters advised that "completion" be defined merely as "meeting the objectives of the program."

One commenter advised that no attempt be made to aggregate on a national basis the data on effectiveness of vocational education programs. Most commenters did not address this point directly, but several did so by implication when they advised that each State be permitted to make its own definitions of "completer" and "leaver."

The comments about evaluation of the effectiveness of the State's programs of vocational education revealed widely disparate views. Some wanted evaluation of both the process and the products of instruction, with assessments by students and teachers. Most comments expressed a preference for permitting the States to make all decisions in this regard, or for having vocational education program directors assume responsibility for determining how effectiveness is to be assessed.

The regulations (§ 104.404) contain proposed definitions of "completers" and "leavers," because without them

V 4267 APR 7 77 UMI

there could be no compatibility in the data reported by the States. The definitions recognize that some students leave a program without completing it but are nonetheless well enough trained to secure program-related employment. They recognize that the student who has "left" one program of vocational education but is still enrolled in another such program is not a "program leaver."

The regulations leave to the National Center for Educational Statistics the determination of when the follow-up is to begin and for how long it will be extended. The same Center will provide survey instructions and sampling standards, thus making it feasible for all States to report data that can be aggregated nation-wide.

ISSUE NO. 13. CONSUMER AND HOMEMAKING EDUCATION

The new Act provides a separate authorization of funds to be used solely to encourage consumer and homemaking programs for both males and females at all educational levels. "All educational levels" is interpreted to include elementary, secondary, post-secondary, and adult learners. Since the Act states explicitly that States should "encourage," "emphasize," and give "greater consideration" to consumer and homemaking education programs for the specified target groups, further interpretation by regulation was not believed necessary. There was a consensus in the comments that the new emphasis on consumer and homemaking programs will be helpful in developing attitudes and behavior which enhance the quality of life of the American people at home and at work.

The National Advisory Council on Vocational Education and other groups advised against setting criteria to measure the degree of encouragement and emphasis given by a State to consumer and homemaking education. They wanted no criteria which could result in quotas of any kind, and recommended that each State establish the criteria it will use in planning and implementing this part of the statute. The regulations (§ 104.904) follow their recommendation.

ISSUE NO. 14. BILINGUAL VOCATIONAL EDUCATION

Public comment was invited with respect to the interpretation in the bilingual vocational training program of the clause "equitable distribution of assistance • • • within that State" (section 189B of the Act). Most commenters rejected the idea of making equitable distribution on a geographic basis, since the limited English-speaking populations are not distributed evenly among the States or within the States.

Most commenters suggested that Federal assistance be focused on those limited English-speaking groups with the greatest need for the training. Some of the commenters noted that the target populations with the greatest need are not necessarily the largest groups with limited English-speaking ability. For instance, in some places the large Spanish-origin groups may speak English well enough not to need bilingual vocational training, whereas the smaller groups of recently arrived Indochinese may have an acute need for it.

Accordingly, the proposed regulations (§ 105.605) provide that prior to making awards in a State, the Commissioner will, where feasible, consult with the State board to achieve equitable distribution of assistance among populations of limited English-speaking ability with the most acute need for training within the State. The Commissioner, therefore, will work with the States to determine which non-English languages are spoken and the number of speakers likely to be affected by vocational training in each group.

In regard to the issue of standards for determining adequacy of language capabilities of the instructor in the bilingual instructor training program, nearly all of the commenters recommended that institutions be asked to certify as to the language ability of the instructors. The use of examinations for this purpose was strongly criticized because: (1) there is a lack of standardized achievement tests covering the specific language skills deemed necessary for a bilingual vocational training instructor; and (2) no one test would be appropriate nationwide, even for particular languages (e.g., a Spanish test might not adequately address the needs of the Mexican, Cuban, and Puerto Rican populations).

The position that institutions should certify as to the language ability of their instructors has been adopted in the regulations.

ISSUE NO. 15. APPEAL OF STATE BOARD DECISION TO THE COMMISSIONER

The Notice of Intent asked what criteria the Commission should apply, in an appeal to the Commissioner, to determine whether there was "substantial evidence" to support the proposed State plan. This issue did not evoke much response in the public meetings nor in the written comments, possibly because what is "substantial evidence" may be considered a legal matter. The Supreme Court has said: "substantial evidence means such relevant evidence as a reasonable mind might accept as adequate to support a conclusion." (305 U.S. 197, 229 (1938)). The regulation (§ 104.286) states that "substantial evidence" shall have the meaning given by the Supreme Court.

ADDITIONAL IUSSES

SUBMISSION OF PLANS TO COVER THE PERIOD OF JULY 1, 1977 TO SEPTEMBER 30, 1977

The Act requires both the five-year State plan and annual program plan to be submitted on July 1, 1977, but the plans will not be operative earlier than October 1, 1977, the effective date of the Act (section 107(b)). In view of the fact that the plans submitted for fiscal year 1977 expire on June 30, 1977, there will be no document on file with the Commissioner to cover the interim three months, July 1, 1977 to September 30, 1977. The Commissioner has received considerable comment from the field with respect to the issue.

A variety of alternatives to accommodate both the requirements of the Act and the expressed concern of the States to retain the traditional academic period have been examined. The position adopted in this matter is for States to submit a letter to the Commissioner by June 30, 1977, seeking approval to continue the operation under the fiscal year 1977 plan. In accord with 45 CFR 100b.18(c) of the General Education Provisions Regulations, States may incorporate by reference specified portions of State plans which have been previously approved by and are currently on file with the Commissioner. Therefore, to the extent the 1977 State plan will be compatible with the operation of the program from July 1, 1977 to September 30, 1977, those provisions need only be referenced in a letter to the Commissioner. Any substantial revisions, including modifications to the allocation of Federal and State vocational educational funds to the programs, services and activities to be carried out during the three month period, however, would necessitate an amendment to the 1977 plan in accord with § 102.31(c) of the current program regulations (45 CFR 102.31(c)—Revised as of October 1, 1975). Minor deviations in actual allocations would not require a formal amendment to the 1977 plan. Such minor deviations should be indicated and explained in the annual report of the State board.

In essence, the fiscal year 1977 plan would cover a fifteen month period, July 1, 1976 to September 30, 1977. The program will continue to operate under the current law and regulations for the period July 1, 1977 to September 30, 1977.

MEMBERSHIP OF STATE ADVISORY COUNCIL

The new Act increases the categories of membership of the State advisory council from 12 to 20. The regulations (§ 104.92(b)(4)) provide that the council's membership exclude members of the State board and its staff. This provision conforms to the Congressional intent that councils be independent of State boards and the administering agency.

The matter of fulfilling the requirement of the three-year terms of appointment as it relates to student membership is left to the State. A vacancy caused by the student's graduation should be treated as any other vacancy.

PROCEDURES IN THE FIVE-YEAR STATE PLAN

Section 109(a)(1) of the Act provides that before approving the plan the Commissioner must be satisfied that adequate procedures are set forth to assure compliance with the assurances of the general application. These procedures are therefore made a part of the plan. The assurances of sections 106(a)(4), 106(a)(5), 106(a)(9), and 106(a)(10) of the Act appear to require setting forth procedures in detail in the plan.

CERTIFICATION OF INVOLVEMENT IN THE FIVE-YEAR STATE PLAN

Section 106(a) of the Act requires the State board to certify that each of the agencies, councils, and individuals who are required to be involved in the formulation of the plan have been afforded that opportunity. Since some designated groups or individuals may choose not to participate, the regulations propose that each certify that the opportunity to do so was offered. In addition to the representative of the State advisory council being involved in the planning group, section 105(d) directs the council to advise the State board in the development of its plans. Thus the council has two avenues for input into the plan. The regulations propose using a separate certification to assure that the council was consulted.

PROGRAMS FOR THE HANDICAPPED

Section 106(a)(10) requires that vocational education programs for the handicapped be consistent with the State plan under the Education of the Handicapped Act (Pub. L. 94-142). Accordingly, the regulations (§ 104.182(f)) require that the plan contain a description of the procedures for insuring consistency of these programs. Specifically, the State must describe how it will plan and coordinate the vocational education program provided for each handicapped child with the child's individualized educational program, as required by the Handicapped Act.

INTERPRETATION OF "COURSES" AND "ADULT"

Section 107(b)(2) of the Act refers to "courses" as one of the elements used to describe the State's goals. The proposed regulations use the term "programs" instead of "courses," and "program" is defined as "a planned sequence of courses, services, or activities designed to meet an occupational objective." This change conforms to the classification in the Office of Education Handbook VI, "Standard Terminology of Curriculum and Instruction in Local and State School Systems." Handbook VI is well established in the States and provides for reporting on at least 180 designated programs.

Section 107(b)(2) of the Act also refers to "levels of education" which have been defined in the proposed regulations as "secondary, postsecondary, and adult." While "adult" may not be strictly considered as a level of education, House Report No. 94-1086, page 48, clearly speaks of postsecondary and adult education as separate programs. The secondary level of education is equated with the persons "in high school" referred to in section 101 of the Act as one of the groups to be served.

MINIMUM PERCENTAGES FOR NATIONAL PRIORITY PROGRAMS

The minimum percentage requirements for vocational education programs for handicapped persons (section 110(a) of the Act), for disadvantaged persons (section 110(b) of the Act), and for postsecondary and adult programs (section 110(c) of the Act) are to be applied against the State's allotment under section 102(a) of the Act. Although the section 102(a) allotment is apportioned to provide 80 percent for subpart 2 (basic grant) and 20 percent for subpart 3 (program improvement and supportive services), the State shall apply only the cost of vocational education programs under subpart 2 against the minimum percentage requirements. The cost of programs, activities, and services under Subpart 3, therefore, may not be used to satisfy the minimum percentage requirements.

As long as the State complies with the matching requirements in section 110 of the Act, the State may use the combined Federal, State and local funds to pay the entire cost of the vocational eduocation program for handicapped and disadvantaged persons. Accordingly, Federal funds for vocational education programs for handicapped and disadvantaged persons are not limited solely to the excess cost or incremental cost of mainstreaming the student into a regular vocational education program. For example, if the cost of providing vocational training to the non-handicapped student is $600, and the cost of providing vocational training to the handicapped student in the same class is $750, the State may use the combined Federal, State and local funds to pay the entire $750 for the vocational education program for the handicapped student. The State is not limited in these national priority programs in section 110 of the Act to charging only the excess cost (which would be $150 in the above example) to the minimum percentage requirements.

RESEARCH COORDINATION UNITS

In accordance with § 104.703, each State must establish a research coordination unit (RCU) to coordinate the research, exemplary and innovative programs, and curriculum development activities in the State. The RCU, in turn, is responsible for developing a comprehensive plan of program improvement which includes the intended uses of funds to support activities of program improvement, a description of the State's priorities for program improvement, and the procedures to assure dissemination throughout the State in a coordinated fashion.

The RCU may contract for the performance of research programs described in § 104.705, exemplary and innovative programs described in § 104.706, and curriculum development programs described in § 104.708. Alternatively, the RCU may perform these activities directly, using its own staff. The cost of both the professional and support staff of the RCU is reimbursable with Federal funds available under section 130 of the Act.

VOCATIONAL EDUCATION PERSONNEL TRAINING

The new Act continues with only slight modification the vocational education leadership development program which has been authorized since 1967 by Part F of the Education Professions Development Act. In addition, it authorizes a second program which provides fellowships for up to two years of undergraduate study to certified teachers in other fields and to persons in industry, who have vocational skills for which there is a need for vocational educators.

In House of Representatives Report No. 94-1085, members of the Congress expressed displeasure about the administration of the graduate-level leadership development program because the State boards for vocational education were given too great a degree of effective control over the choice of the recipients of the awards, and approval authority over the graduate schools which the awardees may attend. In response to this criticism, while the Commissioner will continue to receive advice from the State boards and other appropriate groups interested in the two programs (as the Congress advises) the regulations provide that the Commissioner alone will select and make awards and fellowships and approve participating institutions (§§ 105.305(b), 105.311, 105.432, 105.434).

The proposed regulations take into consideration the view of the Congress that awards and fellowships are more effective if granted for periods longer than a single year, which has sometimes been the practice in the past. It is the intention of the Commissioner to favor the longer periods, subject to availability of funds and satisfactory performance by the recipients of awards and fellowships. Thus it is most likely that a mix of one-, two-, and three-year awards and fellowships will be granted as the Congress has suggested.

In the case of the undergraduate fellowship program the proposed regulations seek to facilitate the identification and approval of participating institutions and to lessen the total burden of administration of the program by (a) setting forth in the regulations the criteria for institutional eligibility, and (b) requiring that the institution give assurance, as an addendum to the individual's application for a fellowship, that it meets those requirements.

EMERGENCY ASSISTANCE FOR REMODELING

The program of Federal financial assistance for remodeling and renovating vocation education facilities (subpart 4 of Part B) is new; there was no comparable program in the 1968 Act. Although section 191 of the Act states that the purpose of the program is to provide emergency assistance to local educational agencies "in urban and rural areas," section 193(a) of the Act states: "Any local educational agency desiring to receive assistance under this subpart shall submit • • • and application."

The Senate Report indicates that while the National Advisory Council on Vocational Education urged a special program for urban areas, the Senate committee adopted the suggestion of the National Advisory Council "but without limiting it to urban areas." (Senate Report to accompany S. 2657, No. 94-482, page 89.)

V 4267 APR 7 7 7 UMI

For these reasons the use of the phrase "in urban and rural areas" in the purpose clause is not deemed limiting. The regulations (§ 105.502) state that: "Any local educational agency is an eligible applicant."

Since the need for assistance is a statutory criterion (section 193(b)(1) of the Act) for making application, the Congressional intent that the poorer urban and rural districts receive assistance will, to the extent urban and rural districts show the greatest need, be carried out.

This program is "for a limited period of time" (section 191 of the Act). Whereas other authorizations for appropriations in the Act extend through fiscal year 1982, the authorization for this program (section 192 of the Act) extends only through fiscal year 1981.

QUESTIONS AND ANSWERS

Many specific questions were raised by interested persons with respect to the implementation of the Act. Some of these issues raise important policy considerations and have legal significance. Recognizing that the goal of a uniform position on these issues can best be achieved through publication in the FEDERAL REGISTER, the Commissioner has decided to issue the following questions and answers as supplementary information to the regulation.

Question No. 1: Must a State match the $50,000 reserved from the funds to carry out subpart 2 for the support of full-time personnel under section 104(b) of the Act?

Answer: No. There is no indication either in the statute or legislative history that States must match the Federal funds reserved to support full-time personnel. The State must, however, match the entire allotment under section 102 (a) of the Act.

Question No. 2: May a vocational education student be appointed to the State advisory council pursuant to section 105 (a)(20) of the Act even though the individual will no longer be a student after two years?

Answer: Yes. Since members of the advisory council must be appointed for terms of three years, an appointment held by a student who is involved in vocational education for a maximum of two years would become vacant after the individual's status as a student expired. The appointing body, therefore, would be required to fill the vacancy for the unexpired term (§ 104.92(c)(2)).

Question No. 3: What is the timeline as it relates to the requirement in section 105(b) of the Act that a State certify the establishment and membership of the State advisory council?

Answer: The certification must be submitted not less than 90 days prior to the beginning of the fiscal year. Since the fiscal year begins on October 1, the certification must be submitted by July 1.

Question No. 4: Does a State which has already submitted a general application under section 434 of GEPA need to submit a general application under Title II of Pub. L. 94-482?

Answer: Yes. The general application required by section 106 of the Act is more comprehensive than the general application required by section 434 of GEPA. The section 106 general application must be filed in lieu of the one required by section 434 of GEPA.

Question No. 5: If the State legislature supports the entire cost (other than tuition payments) of operation of postsecondary area vocational schools, how would the relative financial ability of the institution be established pursuant to section 106(a)(5)(B)(i) of the Act?

Answer: An institution with no local tax base for support would have to calculate its relative financial ability on the amount of funds the State legislature make available to it.

Question No. 6: Is it possible for a person to represent more than one area under section 107(a)(1) of the Act which pertains to the State planning committee involved in formulating the State plan?

Answer: Yes. In some States, for example, a representative of the regents of higher education may satisfy the representation requirements in section 107(a)(1)(B), (C), and (D) of the Act.

Question No. 7: What is the meaning in section 107(a)(1)(E), and (F), and (G) of the Act of the phrase "as determined by State law" with respect to the representation of a local school board, vocational education teachers, and local school administrators?

Answer: A representative of a local school board, vocational eduaction teachers, and local school administrators shall be designated by the appropriate appointing body in the State. This may be the governor, the legislature, or an elected State board.

Question No. 8: Must the annual program plan provide information on the allocation of Federal funds to each eligible recipient?

Answer: Yes. Section 108(b)(1)(B)(ii) of the Act provides that the annual program plan must "set out explicitly the proposed distribution of such funds among eligible recipients."

Question No. 9: When is the first annual accountability report due?

Answer: In accordance with the requirements in section 108(b)(2) of the Act and § 104.203 of the regulations, the annual accountability report is due by the July 1st following the completion of the applicable fiscal year. The first annual accountability report is required for fiscal year 1978 and is due in the appropriate HEW Regional Office by July 1, 1979.

Question No. 10: Are the three minimum percentages for national priority programs in section 110 of the Act applied against the State's allotment in section 102(a) of the Act or the total of the allotments in section 102 (a), (b), (c), and (d) of the Act?

Answer: The three minimum percentages for the national priority programs are applicable to each State's allotment under section 102(a) of the Act (§ 104.311). The section 102(a) allotment consists of both the basic grant (80 percent) in subpart 2 and program improvement and supportive services (20 percent) in subpart 3.

Question No. 11: May funds expended for any program, service, or activity eligible under subpart 2 or subpart 3 be applied against the minimum percentage requirements of section 110 of the Act?

Answer: No. Only the cost of vocational education programs as described in § 104.511 may be applied against the minimum percentage requirements of section 110 of the Act. The cost of programs, services, and activities under subpart 3, program improvement and supportive services, may not be computed against the percentage requirements of the national priority programs. For example, the cost of teacher education may not be applied against the minimum percentage for vocational education programs for the handicapped.

Question No. 12: May the cost of State administration be reimbursed from Federal funds available for the national priority programs in section 110 of the Act?

Answer: No. The cost of State administration may be reimbursed only from the State's allotment under section 102 (d) of the Act. The cost of State administration for the consumer and homemaking program in section 150 of the Act may be reimbursed from the State's allotment in section 102(c) of the Act.

Question No. 13: Are funds expended for work-study programs chargeable to the minimum percentage requirement for the disadvantaged in section 110(b) of the Act?

Answer: No. Only the cost of vocational education programs (as the term vocational education is defined in section 195(1) of the Act) are chargeable to the minimum percentage requirements in section 110 of the Act.

Question No. 14: Must the State pay exactly 50 percent, at least 50 percent, or up to 50 percent for the three national priority programs in section 110 of the Act?

Answer: The State must pay at least 50 percent of the cost of vocational education programs for the national priority programs in section 110 of the Act (§ 104.303).

Question No. 15: What would be an acceptable source of information on which to distribute funds to persons of limited English-speaking ability in accordance with section 110(b)(2) of the Act?

Answer: If a State does not have the exact figures on the population of persons of limited English-speaking ability, the State should distribute funds for persons of limited English-speaking ability based on its best estimate of the figures.

Question No. 16: What does the requirement in section 120(b)(2) of the Act that the State board make a specific finding in each instance of funding for stipends in section 120(b)(1)(G) of the Act pertain to?

Answer: Each eligible recipient in the State desiring to provide stipends to students shall include an assurance in its local application to the State board that students to receive stipends have acute economic needs which cannot be met due to inadequate funding in other programs (§ 104.573).

Question No. 17: May the State use funds available under subpart 2 (basic grant, section 120 of the Act) for prevocational or exploratory programs?

Answer: Expenditures under the basic grant (section 120 of the Act) for prevocational or exploratory programs are only permissible in the program area of industrial arts as described in § 104.592.

Question No. 18: May States expend funds under section 120 of the Act (basic grant) for the provision of vocational education programs in correctional institutions?

Answer: Yes. The States are encouraged to provide vocational training to persons assigned to correctional institutions. Correctional institutions, however, should not be confused with residential vocational schools. The latter is an institution which provides vocational education for youths who need full-time study on a residential basis in order to benefit from such education. Residential vocational schools do not include institutions to which juveniles are assigned as a result of their deliquent conduct.

Question No. 19: May Federal funds available under section 130 of the Act for program improvement be used to pay the cost of salaries of professional and support staff of the research coordination unit?

Answer: Yes. The cost of the professional and support staff of the research coordination unit is supportable with Fedreal funds available under section 130 of the Act (§ 104.703(f)).

Question No. 20: Must Federal funds for special programs for the disadvantaged in subpart 4 be used to pay the full cost of the program?

Answer: States have the authority to pay up to the full cost of these programs with Federal funds. State and local funds may be used to supplement the Federal share.

Question No. 21: If the State Occupational Information Coordinating Committee (SOICC) does not receive funds from the National Occupational Information Coordinating Committee by September 30, 1977, would the SOICC still be required to perform the functions outlined in section 161(b)(2) of the Act?

Answer: No. Although the SOICC must be in place by September 30, 1977, the actual implementation of the occupational information system is contingent upon the availability of funds.

Question No. 22: Should students with learning disabilities be included in the definition of the handicapped?

Answer: Students with learning disabilities are included in the definition of handicapped to the extent the learning disability is a health impairment.

Interested persons are invited to submit comments, suggestions, or recommendations to be considered prior to the issuance of final regulations. Comments, suggestion, or recommendations may be presented at the public hearings to be announced in the FEDERAL REGISTER or be sent to the address given at the beginning of this notice, or both. All comments must be received on or before May 9, 1977.

Authority. These proposed regulations are issued under the authority of section 202(a) of Title II of the Education Amendments of 1976, Pub. L. 94-482.

The Office of Education has determined that this document does not contain a major proposal requiring preparation of an Inflation Impact Statement under Executive Order 11821 and OMB Circular A-107.

Dated: March 9, 1977.

WILLIAM F. PIERCE,
U.S. Commissioner of Education

Approved: March 31, 1977.

JOSEPH A. CALIFANO, JR.,
Secretary of Health, Education, and Welfare.

(Catalog of Federal Domestic Assistance Program Numbers 13.493 Vocational Education-Basic Grants to States, 13.494 Vocational Education-Consumer and Homemaking, 13.495 Vocational Education-Cooperative Education, 13.496 Vocational Education-Curriculum, 13.498 Vocational Education-Research, 13.499 Vocational Education-Special Needs, 13.500 Vocational Education-State Advisory Councils, 13.501 Vocational Education-Work Study, 13.502 Vocational Education-Innovative, 13.503 Vocational Education Training-Leadership Development, and 13.504 Vocational Education Personnel Development-State System.)

It is proposed to amend Title 45 of the Code of Federal Regulations as follows:

PART 100a—DIRECT PROJECT GRANT AND CONTRACT PROGRAMS

1. In part 100a, § 100a.10(a)(11) and § 100a.10(a)(26) (relating to programs under the Education Professions Development Act) are amended to read as following:

§ 100a.10 Scope.

(a) • • •

(11) Programs of contracts with Indian tribal organizations under section 103(A)(1)(B), programs of national significance under sections 171 and 172 of subpart 2 of Part B; programs of bilingual vocational training under sections 181–189B of subpart 3 of Part B; and programs of emergency assistance for remodeling and renovation of vocational education facilities under sections 191–194 of Subpart 4 of Part B, of Title I of the Vocational Education Act of 1963, as amended by section 202 of Pub. L. 94-482 (20 U.S.C. 2303(a)(1)(B), 2401, 2402; 2411-2421; 2411-2444).

• • • • • •

(26) Teacher Corps and Teacher Training Programs under Title V of the Higher Education Act of 1965, as amended by sections 151–153 of Pub. L. 94-482 (20 U.S.C. 1102–1104, 1119–1119a–1).

• • • • • •

PART 100b—STATE ADMINISTERED PROGRAMS

2. In Part 100b, § 100b.10(f) is amended to read as follows:

§ 100b.10 Scope.

• • • • • •

(f) State vocational education programs under sections 101–150 of Part A of Title I of the Vocational Education Act of 1963, as amended (20 U.S.C. 2301–2380).

PART 100c—INDIRECT COSTS UNDER CERTAIN PROGRAMS

3. In Part 100c, § 100c.1(f) is amended to read as follows:

§ 100c.1 Scope.

(f) State vocational education programs under sections 101–150 of Part A of Title I of the Vocational Education Act of 1963, as amended (20 U.S.C. 2301–2380).

• • • • • •

4. New Parts 104 and 105 are added to read as follows:

PART 104—STATE VOCATIONAL EDUCATION PROGRAMS

Subpart 1—State Administration

Sec.
104.1 Scope.
104.2 Purpose.
104.3 Applicability of General Education Provisions Regulations.
104.4 Cross reference to definitions.

STATE BOARD

104.31 Establishment of State board.
104.32 Responsibilities of the State board.
104.33 Delegation of functions.

FULL-TIME PERSONNEL AND FUNCTIONS TO ELIMINATE SEX DISCRIMINATION AND SEX STEREOTYPING

104.71 Scope.
104.72 Designation of full-time personnel to eliminate sex bias.
104.73 Definitions.
104.74 Funds for full-time personnel and functions.
104.75 Functions of full-time personnel.
104.76 Studies to carry out functions.

STATE ADVISORY COUNCIL

104.91 Establishment and certification.
104.92 Membership.
104.93 Functions and responsibilities.
104.94 Meetings and rules.
104.95 Staff and services.
104.96 Fiscal control.
104.97 Annual evaluation report.

LOCAL ADVISORY COUNCILS

104.111 Establishment of local advisory councils.
104.112 Duties of local advisory councils.

STATE OCCUPATIONAL INFORMATION COORDINATING COMMITTEES

104.121 Requirement to establish State occupational information coordinating committees.
104.122 Source of funding.
104.123 Duties of the State occupational informational coordinating committee.

GENERAL APPLICATION

104.141 Requirement for filing a general application.

DEVELOPMENT OF FIVE-YEAR STATE PLAN

104.161 Submission of five-year State plan.
104.162 Representation required in the development of the five-year State plan.

Sec.
104.163 Meetings of participating representatives.
104.164 State board adoption of the five-year State plan.
104.165 Public hearings on the five-year State plan.
104.171 Certification of plans.
104.181 Content of five-year State plan.
104.182 Procedures to assure compliance with the general application.
104.183 Assessment of employment opportunities.
104.184 Goals to meet employment needs.
104.185 Funding to meet employment needs.
104.186 Funding to meet program (purpose) needs.
104.187 Policies for eradicating sex discrimination.
104.188 Coordination between manpower training programs and vocational education programs.

DEVELOPMENT OF ANNUAL PROGRAM PLAN AND ACCOUNTABILITY REPORT

104.202 Due date of annual program plan.
104.203 Due date of annual accountability report.
104.204 Representation required in the development of the annual program plan and accountability report.
104.205 Meetings of participating representatives.
104.206 State board adoption of the annual program plan and accountability report.
104.207 Public hearing on the annual program plan and accountability report.
104.221 Content of annual program plan for fiscal year 1978.
104.222 Content of annual program plans for the fiscal years following 1978.
104.241 Content of the accountability report.

APPROVAL OF FIVE-YEAR STATE PLAN AND ANNUAL PROGRAM PLAN AND ACCOUNTABILITY REPORT

104.261 Conditions for approval of five-year State plan.
104.262 Conditions for approval of annual program plan and accountability report.
104.263 Notice of approval or disapproval.

WITHHOLDING OF APPROVAL OF PLAN

104.271 Disapproval of plan.

HEARINGS BEFORE THE COMMISSIONER ON AGENCY OR COUNCIL CHALLENGES TO THE FIVE-YEAR STATE PLAN OR THE ANNUAL PROGRAM PLAN

104.281 Opportunity for a hearing.
104.282 Appeal to the Commissioner
104.283 Hearing.
104.284 Prehearing.
104.285 Right to counsel, witnesses, cross examination.
104.286 Evidence and standard of evidence.
104.287 Determinations to be made by the hearing officer.
104.288 Commissioner's decision
104.289 Appeals by State board, agency, or council to the court of appeals.

SUSPENSION AND TERMINATION OF PAYMENTS FOR NONCOMPLIANCE

104.291 Suspension and termination of payments for noncompliance.

APPEAL TO THE COURTS

104.292 Appeal by State board on withholding of approval of State plan:
104.293 Appeal by eligible recipients to the court of appeals.

FISCAL REQUIREMENTS FEDERAL SHARE

Sec.
104.301 Application of Federal requirements.
104.302 Federal share of expenditures—annual program plan.
104.303 Federal share of expenditures—national priority programs.
104.304 Allowable expenditures for vocational education for national priority programs.
104.305 Federal share of expenditures—100 percent payments.
104.306 Federal share of expenditures—administration.

MINIMUM PERCENTAGES

104.311 Percentage requirements with respect to State distribution of Federal funds.
104.312 Minimum percentage for the handicapped.
104.313 Minimum percentage for the disadvantaged.
104.314 Minimum percentage for postsecondary and adult.
104.315 Expenditures for programs in secondary schools.

MAINTENANCE OF EFFORT

104.321 Maintenance of fiscal effort at the State level.
104.322 Withholding of payments.
104.323 Five percent rule.
104.324 Unusual circumstance rule.
104.325 Maintenance of fiscal effort at the local level.
104.326 Withholding of payments.
104.327 Exceptions.
104.328 Maintenance of fiscal effort by postsecondary educational institutions.
104.329 Withholding of payments.
104.330 Exceptions.

STATE EVALUATION

104.401 Purpose.
104.402 Evaluation by State board.
104.403 Use of results of evaluation.
104.404 Special data on completers and leavers.
104.405 Assurance of compatible data.

Subpart 2—Basic Grants

GENERAL PURPOSES

104.501 Authorization of grants.
104.502 Use of funds under the basic grant.

VOCATIONAL EDUCATION PROGRAMS

104.511 Use of funds.
104.512 Vocational instruction.
104.513 Activities of vocational education student organizations.
104.514 Vocational instruction under contract.

WORK STUDY PROGRAMS

104.521 Use of funds.
104.522 Policy and procedure for work-study programs.
104.523 Requirements of work-study programs.

COOPERATIVE VOCATIONAL EDUCATION PROGRAMS

104.531 Use of funds.
104.532 Assurances in five-year State plan.

ENERGY EDUCATION

104.541 Use of funds.
104.542 Applications by postsecondary education institutions.
104.543 Solar energy.

CONSTRUCTION OF AREA VOCATIONAL EDUCATION SCHOOL FACILITIES

Sec.
104.551 Use of funds.
104.552 Types of facilities.
104.553 Construction requirements.

PROVISION OF STIPENDS

104.571 Use of funds.
104.572 Restrictions on payment of stipends.
104.573 Application for payment of stipends by eligible recipients.
104.574 Rates for stipends.

PLACEMENT SERVICES FOR STUDENTS WHO HAVE SUCCESSFULLY COMPLETED VOCATIONAL EDUCATION PROGRAMS

104.581 Use of funds.
104.582 Restrictions on placement services.
104.583 Application for funds by eligible recipients.

INDUSTRIAL ARTS

104.591 Use of funds.
104.592 Industrial arts programs.

SUPPORT SERVICES FOR WOMEN

104.601 Use of funds.
104.602 Types of support services.
104.603 Support to increase number of women instructors.

DAY CARE SERVICES FOR CHILDREN OF STUDENTS

104.611 Use of funds.
104.612 Day care services.

VOCATIONAL EDUCATION PROGRAMS FOR DISPLACED HOMEMAKERS AND OTHER SPECIAL GROUPS

104.621 Use of funds.
104.622 Scope of programs.

CONSTRUCTION AND OPERATION OF RESIDENTIAL VOCATIONAL SCHOOLS

104.631 Use of funds.
104.632 Residential vocational schools
104.633 Special considerations for residential vocational schools.
104.634 Construction requirements.

Subpart 3—Program Improvement and Supportive Services

104.701 Authorization of grants.

PROGRAM IMPROVEMENT

104.702 Purpose.
104.703 Research coordination unit.
104.704 Contract requirements.
104.705 Use of funds for research programs.
104.706 Use of funds for exemplary and innovative programs.
104.707 Disposition of exemplary and innovative programs.
104.708 Use of funds for curriculum development programs.

VOCATIONAL GUIDANCE AND COUNSELING

104.761 Purpose.
104.762 Conformity with five-year State plan.
104.763 Kinds of programs, services, and activities.
104.764 Special emphasis.

VOCATIONAL EDUCATION PERSONNEL TRAINING

104.771 Purpose.
104.772 Conformity with five-year State plan.
104.773 Eligible participants.
104.774 Types of training.
104.775 Grants or contracts.
104.776 Stipends to trainees.

GRANTS TO OVERCOME SEX BIAS

104.791 Purpose.
104.792 Conformity with five-year State plan.
104.793 Types of projects.

Subpart 4—Special Programs for the Disadvantaged

Sec.
104.801 Grants to States for special programs for the disadvantaged.
104.802 Use of funds.
104.803 Students in nonprofit private schools.
104.804 Criteria of need and eligibility.

Subpart 5—Consumer and Homemaking Education

104.901 Grants to States for consumer and homemaking education.
104.902 Use of funds.
104.903 Educational programs in consumer and homemaking.
104.904 Purpose of educational programs in consumer and homemaking.
104.905 Ancillary services.
104.906 Federal share.

Subpart 1—State Administration

§ 104.1 Scope.

Part 104 contains regulations interpreting or implementing Part A of Title I of the Vocational Education Act of 1963, as amended by Title II of the Education Amendments of 1976, Pub. L. 94-482 (referred to as "the Act").

(Secs. 101 through 150, 195; 20 U.S.C. 2301.)

§ 104.2 Purpose.

(a) The purpose of Part A of the Act, as stated in section 101 of the Act, the "Declaration of Purpose," is to assist States in improving planning in the use of all resources available to the States for vocational education and manpower training by involving a wide range of agencies and individuals concerned with education and training within the State in the development of the vocational education plans.

It is also the purpose of this part to authorize Federal grants to States to assist them—

(1) To extend, improve, and, where necessary, maintain existing programs of vocational education,

(2) To develop new programs of vocational education,

(3) To develop and carry out such programs of vocational education within each State so as to overcome sex discrimination and sex stereotyping in vocational education programs (including programs of homemaking), and thereby furnish equal educational opportunities in vocational education to persons of both sexes, and

(4) To provide part-time employment for youths who need the earnings from such employment to continue their vocational training on a full-time basis, so that persons of all ages in all communities of the State, those in high school, those who have completed or discontinued their formal education and are preparing to enter the labor market, those who have already entered the labor market, but need to upgrade their skills or learn new ones, those with special educational handicaps, and those in postsecondary schools, will have ready access to vocational training or retraining which is of high quality, which is realistic in the light of actual or anticipated opportunities for gainful employment, and which is suited to their needs, interests, and ability to benefit from such training.

(b) The purpose of these regulations is to assist the States, local educational agencies, postsecondary, and other institutions capable of carrying out vocational education programs, to administer the federally assisted State programs of vocational education under the Act.

(Sec. 101; 20 U.S.C. 2301.)

§ 104.3 Applicability of General Education Provisions Regulations.

Provisions in Parts 100, 100b, and 100c of the General Education Provisions Regulations (45 CFR Parts 100, 100b, and 100c), entitled "General Provisions for Office of Education Programs," are applicable to programs under the Act, except for the following sections:

(a) Section 100b.16—Implementation of application procedures;

(b) Section 100b.18—General application;

(c) Section 100b.18—Annual program plan;

(d) Section 100b.19—State plan requirements;

(e) Section 100b.35(b)—Effective dates of application, plans, and amendments;

(f) Section 100b.92(b)—Matching and cost sharing;

(g) Section 100b.93—Valuation of in-kind contributions from third parties; and

(h) Section 100b.94—Supporting records for in-kind contributions from third parties.

(45 CFR Parts 100, 100b, and 100c; 20 U.S.C. 1221 et seq.)

§ 104.4 Cross reference to definitions.

Definitions necessary for the understanding of Parts 104 and 105 are set forth in Part C of Title I of the Act (section 195 of the Act) and as Appendix A at the end of Part 104 of these regulations. Some additional definitions necessary for the understanding of Part 105 appear in Part 105.

(Sec. 195; 20 U.S.C. 2461.)

STATE BOARD

§ 104.31 Establishment of State board.

(a) A State desiring to participate in programs under the Act shall, consistent with State law, designate or establish a State board or agency which shall be the sole State agency responsible for the administration, or for the supervision of administration, of programs under the Act.

(b) The State board is solely accountable to the Commissioner for the State's expenditure of Federal vocational education funds.

(Sec. 104(a)(1); 20 U.S.C. 2304; Sen. Rept. No. 94-882, p. 72.)

§ 104.32 Responsibilities of the State board.

The State board shall be responsible for:

(a) Coordination of the development of policy with respect to programs under the Act (as set forth in §§ 104.162, 104.163, 104.204, and 104.205);

(b) Coordination of the development of the five-year State plan (as set forth in § 104.181), the annual program plan (as set forth in §§ 104.221 and 104.222), and the accountability report (as set forth in § 104.241);

(c) The submission to the Commissioner of the five-year State plan, the annual program plan, and the accountability report; and

(d) Consultation with the State advisory council on vocational education and with other State agencies, councils, and individuals (as set forth in § 104.162).

(Sec. 104(a)(1) (A), (B), and (C); 20 U.S.C. 2304.)

(e) The submission to the Administrator of the National Center for Educational Statistics of the information required for the national vocational education data reporting and accounting system pursuant to section 161(a) of the Act.

(Sec. 161(a); 20 U.S.C. 2391.)

§ 104.33 Delegation of functions.

The State board may delegate any of its responsibilities (except those responsibilities set forth in § 104.32), in whole or in part, to one or more appropriate agencies.

(Sec. 104(a)(1); 20 U.S.C. 2304.)

FULL-TIME PERSONNEL AND FUNCTIONS TO ELIMINATE SEX DISCRIMINATION AND SEX STEREOTYPING

§ 104.71 Scope.

Sections 104.72 through 104.76 apply only to the fifty States and the District of Columbia. (These sections do not apply to the Commonwealth of Puerto Rico, the Virgin Islands, Guam, American Samoa, or the Trust Territory of the Pacific Islands.)

(Sec. 104(b)(3); 20 U.S.C. 2304.)

§ 104.72 Designation of full-time personnel to eliminate sex bias.

A State desiring to participate in the programs authorized by the Act shall assign personnel to work full time to assist the State board in fulfilling the purposes of the Act concerned with:

(a) Furnishing equal educational opportunities in vocational education programs to persons of both sexes; and

(b) Eliminating sex discrimination and sex stereotyping from all vocational education programs.

(Secs. 101(3), 104(b)(1); 20 U.S.C. 2301, 2304.)

§ 104.73 Definitions.

The following definitions apply for the purposes of §§ 104.72 through 104.76 and throughout the Act and regulations.

(a) "Sex bias" means behaviors resulting from the assumption that one sex is superior to the other. "Sex bias," as used in the Act and these regulations, includes sex discrimination.

(b) "Sex stereotyping" means attributing behaviors, abilities, interests, values, and roles to a person or group of persons on the basis of their sex.

(c) "Sex discrimination" means any action which limits or denies a person or a group of persons opportunities, privileges, roles, or rewards on the basis of their sex.

(Implements Sec. 104(b); 20 U.S.C. 2304.)

V42 67 APR 7 77 UMI

§ 104.74 **Funds for full-time personnel and functions.**

(a) Each State shall reserve at least $50,000 in each fiscal year from funds available under basic grants (section 120 of the Act) to support the personnel working full time to carry out the functions set forth in § 104.75.

(Secs. 104(b)(2), 120(b)(1)(F); 20 U.S.C. 2304, 2330.)

(b) Funds set aside under paragraph (a) of this section shall be used for:

(1) Salaries for full-time professional staff;

(2) Salaries for support staff; and

(3) Travel and other expenses directly related to the support of personnel carrying out the functions set forth in § 104.75.

(Implements Sec. 104(b); 20 U.S.C. 2304.)

§ 104.75 **Functions of full-time personnel.**

Personnel designated under § 104.72 shall work full time to:

(a) Take action necessary to create awareness of programs and activities in vocational education designed to reduce sex stereotyping in all vocational education programs;

(b) Gather, analyze, and disseminate data on the status of men and women students and employees in vocational education programs of the State;

(c) Develop and support actions to correct problems brought to the attention of this personnel through activities carried out under paragraph (b) and § 104.76;

(d) Review the distribution of grants by the State board to assure that the interests and needs of women are addressed in all projects assisted under this Act;

(e) Review all vocational education programs in the State for sex bias;

(f) Monitor the implementation of laws prohibiting sex discrimination in all hiring, firing, and promotion procedures within the State relating to vocational education;

(g) Assist local educational agencies and other interested parties in the State in improving vocational education opportunities for women; and

(h) Make available to the State board, the State advisory council, the National Advisory Council on Vocational Education, the State Commission on the Status of Women, the Commissioner, and the general public information developed under this section; and

(Sec. 104(b)(1); 20 U.S.C. 2304.)

(i) Review and submit recommendations with repsect to overcoming sex bias and sex stereotyping in vocational education programs for the five-year State plan and its annual program plan prior to their submission to the Commissioner for approval.

(Secs. 104(b)(1), 109(a)(3)(B); 20 U.S.C. 2304, 2309.)

§ 104.76 **Studies to carry out functions.**

A State may use funds available under section 130 of the Act to support studies necessary to carry out the functions set forth in § 104.75.

(Implements Sec. 104(b)(1); 20 U.S.C. 2304.)

STATE ADVISORY COUNCIL

§ 104.91 **Establishment and certification.**

(a) *Establishment.* A State which desires to receive funds under the Act and the regulations in this part for any fiscal year shall establish a State advisory council. The council shall be appointed by the Governor or, in a State in which the members of the State board are elected, by the State board itself.

(Sec. 105(a); 20 U.S.C. 2305.)

(b) *Appointment by the State board.* In order for the appointment power to be vested in the State board, under the authority of paragraph (a) of this section, a majority of its members must be individuals elected by the State legislature or directly by the eligible voters of the State or of the districts which the individuals represent.

(Interprets Sec. 105(a); 20 U.S.C. 2305.)

(c) *Certification.* The appointing authority, required by paragraph (a) of this section, shall certify to the Commissioner the establishment and membership of its State advisory council not less than 90 calendar days before the beginning of each fiscal year.

(Sec. 105(b); 20 U.S.C. 2305.)

§ 104.92 **Membership.**

(a) *Required representation.* The membership of the State advisory council shall include one or more individuals who:

(1) Represent, and are familiar with, the vocational needs and problems off management in the State;

(2) Represent, and are familiar with, the vocational needs and problems off labor in the State;

(3) Represent, and are familiar with, the vocational needs and problems of agriculture in the State;

(4) Represent State industrial and economic development agencies;

(5) Represent community and junior colleges;

(6) Represent other institutions of higher education, area vocational schools, technical institutes, and post-secondary agencies or institutions which provide programs of vocational or technical education and training;

(7) Have special knowledge, experience, or qualifications with respect to vocational education but are not involved in the administration of State or local vocational education programs;

(8) Represent, and are familiar with, public programs of vocational education in comprehensive secondary schools;

(9) Represent, and are familiar with, nonprofit private schools;

(10) Represent, and are familiar with, vocational guidance and counseling services;

(11) Represent State correctional institutions;

(12) Are vocational education teachers presently teaching in local educational agencies;

(13) Are currently serving as superintendents or other administrators of the local educational agencies;

(14) Are currently serving on local school boards;

(15) Represent the State Manpower Services Council established pursuant to section 107 of the Comprehensive Employment and Training Act of 1973;

(16) Represent school systems with large concentrations of persons who have special academic, social, economic, and cultural needs and of persons who have limited English-speaking ability;

(Sec. 105(a); 20 U.S.C. 2305.)

(17) Are women with backgrounds and experiences in employment and training programs, and who are knowledgeable with respect to the special experiences and problems of sex discrimination in job training, and employment, and of sex stereotyping in vocational education, including one or more persons who are members of minority groups having special knowledge of the problems of discrimination in job training and employment against women in minority groups;

(Sec. 105(a); 20 U.S.C. 2305.)

(18) Have special knowledge, experience, or qualifications with respect to the special educational needs of physically or mentally handicapped persons;

(Sec. 105(a); 20 U.S.C. 2305.)

(19) Represent the general public, including at least one person representing and knowledgeable about the poor and disadvantaged; and

(Sec. 105(a); 20 U.S.C. 2305.)

(20) Are vocational education students who are not qualified for membership under any of the preceding clauses of this paragraph.

(Sec. 105(a); 20 U.S.C. 2305.)

(b) *Special considerations.* The appointing authority, pursuant to paragraph (a) of this section, shall insure that:

(1) The State advisory council has as a majority of its members persons who are not educators or administrators in the field of education;

(2) Members of the State advisory council do not represent more than one category;

(3) There is appropriate representation of both sexes, racial and ethnic minorities, and the various geographic regions of the State; and

(Sec. 105(a); 20 U.S.C. 2305.)

(4) In order to avoid any conflict of interest, the membership of the State advisory council excludes members of the State board and members of its staff directly involved in State administration of vocational education.

(Implements Sec. 105 (d), (e); 20 U.S.C. 2305.)

(c) *Term of appointment.* Members of the State advisory council shall be appointed for terms of three years except that:

(1) In the case of the members appointed for fiscal year 1978, one-third of the membership shall be appointed for terms of one year each and one-third shall be appointed for terms of two years each;

(2) An appointment to fill a vacancy shall be for the term that remains unexpired; and

(Sec. 105(a); 20 U.S.C. 2305.)

(3) Members serving on the State advisory council on October 1, 1977, may continue to serve for the terms for which they were appointed, but for not more than two fiscal years unless reappointed.

(Sec. 204(b); 20 U.S.C. 2301 note.)

§ 104.93 **Functions and responsibilities.**

The State advisory council shall:

(a) Advise the State board in the development of the five-year State plan submitted under the authority of § 104.181, the annual program plan submitted under the authority of §§ 104.221, and 104.222, and the accountability report submitted under the authority of § 104.241. A statement describing its consultation with the State board shall be submitted with the five-year State plan, and the annual program plan and accountability report under § 104.171(f).

(Sec. 105(d)(1); 20 U.S.C. 2305.)

(b) Advise the State board on policy matters arising out of the administration of programs under the approved five-year State plan, the annual program plan, and the accountability report;

(Sec. 105(d)(1); 20 U.S.C. 2305.)

(c) Evaluate vocational education programs, services, and activities under the annual program plan, and publish and distribute the results thereof;

(Sec. 105(d)(2); 20 U.S.C. 2305.)

(d) Assist the State board in developing plans for State board evaluations under the authority of § 104.401 and monitor these evaluations;

(Sec. 112(b)(2); 20 U.S.C. 2312.)

(e) Prepare and submit through the State board to the Commissioner and to the National Advisory Council an annual evaluation report, accompanied by any additional comments of the State board as the State board deems appropriate;

(Sec. 105(d)(3); 20 U.S.C. 2305.)

(f) Identify, after consultation with the State Manpower Services Council, the vocational education and employment and training needs of the State and assess the extent to which vocational education, employment training, vocational rehabilitation, and other programs assisted under this and related Acts represent a consistent, integrated, and coordinated approach to meeting these needs;

(Interprets Sec. 105(d)(4)(A); 20 U.S.C. 2305.)

(g) Comment, at least annually, on the reports of the State Manpower Services Council;

(Sec. 105(d)(4)(B); 20 U.S.C. 2305.)

(h) Prepare and submit to the Commissioner within 60 calendar days after the Commissioner's acceptance of certification of establishment and membership, submitted pursuant to § 104.91(c), an annual budget covering the proposed expenditures of the State advisory council for the following fiscal year; and

(Implements Sec. 105(f); 20 U.S.C. 2305.)

(i) Provide technical assistance to eligible recipients and local advisory councils as may be requested by the recipients to establish and operate local advisory councils.

(Sec. 105(g); 20 U.S.C. 2305.)

§ 104.94 **Meetings and rules.**

The State advisory council shall meet within 30 calendar days after certification has been accepted by the Commissioner and shall select from among its membership a chairperson. The time, place, manner of meetings, as well as the councils operating procedures and staffing, shall be as provided by the rules of the State advisory council. The rules shall provide for not less than one public meeting each year at which the public is given an opportunity to express views concerning the vocational education program of the State.

(Sec. 105(c); 20 U.S.C. 2305.)

§ 104.95 **Staff and services.**

(a) The State advisory council is authorized:

(1) To obtain the services of professional, technical, and clerical personnel as may be necessary to enable it to carry out its functions described in § 104.93. Such personnel shall not include members of the State board staff and shall be subject only to the supervision and direction of the State advisory council with respect to all services performed by them.

(2) To contract for such services as may be necessary to carry out its evaluation functions, independent of programmatic and administrative control by other State boards, agencies, and individuals.

(Sec. 105(e); 20 U.S.C. 2305.)

(b) Members of the State advisory council and its staff, while serving on the business of the council, may receive subsistence, travel allowances, and compensation in accordance with State law, regulations, and practices applicable to persons performing comparable duties and services.

(Implements Sec. 105(e); 20 U.S.C. 2305.)

§ 104.96 **Fiscal control.**

(a) The State advisory council shall designate an appropriate State agency or other public agency, eligible to receive funds under the Act, to act as its fiscal agent for purposes of disbursement and accounting and for having its accounts audited at least every two years. The fiscal agent shall send a copy of the audit report to the Commissioner.

(Implements Sec. 105(f)(2); 20 U.S.C. 2305.)

(b) The expenditure of council funds is determined solely by the State advisory council for carrying out its function except as provided in § 104.95(b). Council funds may not be diverted or reprogrammed for any other purpose by any State board, agency, or individual.

(Sec. 105(f)(2); 20 U.S.C. 2305.)

(c) All expenditures of council funds shall be in accordance with the budget approved by the Commissioner under the authority of § 104.93(h).

(Implements Sec. 105(f)(2); 20 U.S.C. 2305.)

(d) The State advisory council shall submit to the Commissioner a financial status report within 90 days after the end of the fiscal year.

(45 CFR 100b.408.)

§ 104.97 **Annual evaluation report.**

(a) The State advisory council shall prepare and submit to the Commissioner and to the National Advisory Council on Vocational Education, through the State board, within 90 days after the end of the fiscal year an annual evaluation report under the authority of § 104.93(e). This report shall include:

(1) The results of the evaluations by the State advisory council of the effectiveness of programs, services, and activities carried out in the year under review in meeting the program goals set forth in the five-year State plan and the annual program plan.

(Sec. 105(d)(3)(A); 20 U.S.C. 2305.)

(2) A review of the program evaluation results developed by the State under the authority of § 104.401;

(3) A review of the analysis of the distribution of Federal funds within the State submitted by the State according to the annual program plan and the accountability report;

(Sec. 105(d)(3)(A); 20 U.S.C. 2305.)

(4) Recommended changes in programs, services, and activities as may be considered necessary by the State advisory council based on the results of its evaluation;

(Sec. 105(d)(3)(B); 20 U.S.C. 2305.)

(5) Comments on the reports of the State Manpower Services Council; and

(Sec. 105(d)(4)(B); 20 U.S.C. 2305.)

(6) Identification of the vocational education and employment and training needs of the State and the assessment of the extent to which vocational education, employment training, vocational rehabilitation, and other programs assisted under this and related Acts represent a consistent, integrated, and coordinated approach to meeting such needs.

(Sec. 105(d)(4)(A); 20 U.S.C. 2305.)

LOCAL ADVISORY COUNCILS

§ 104.111 **Establishment of local advisory councils.**

(a) Each eligible recipient (that is, each local educational agency or post-secondary educational institution which receives Federal assistance under the

V 4267 APR 7 7 7 UMI

Act) shall establish a local advisory council on vocational education.

(b) The local advisory council may be established for:

(1) Program areas;
(2) Schools;
(3) The community; or
(4) The region in which the eligible recipient is located.

(c) The local advisory council shall be composed of representatives of the general public including at least a representative of:

(1) Business;
(2) Industry; and
(3) Labor.

(Sec. 105(g)(1); 20 U.S.C. 2305.)

(d) Representatives from several craft committees, or representatives of several school councils within a local educational agency, having the requisite representation in paragraph (c), may join together to form a general local advisory council.

(Implements Sec. 105(g)(1); 20 U.S.C. 2305.)

§ 104.112 Duties of local advisory councils.

(a) The local advisory council shall advise the eligible recipient on:

(1) Current job needs; and
(2) The relevance of programs (courses) being offered by the local educational agency or postsecondary educational agency in meeting current job needs.

(Sec. 105(g)(2); 20 U.S.C. 2305.)

(b) The local advisory council shall assist the eligible recipient in developing its application to the State board.

(Sec. 106(a)(4)(A); 20 U.S.C. 2306.)

STATE OCCUPATIONAL INFORMATION COORDINATING COMMITTEES

§ 104.121 Requirement to establish State occupational information coordinating committees.

(a) Each State receiving assistance under the Act is required by section 161 (b)(2) of the Act to establish a State occupational information coordinating committee by September 30, 1977.

(Implements Sec. 161(b)(2); 20 U.S.C. 2391.)

(b) The State occupational information coordinating committee shall be composed of a representative of each of the following:

(1) The State board;
(2) The State employment security agency;
(3) The State Manpower Council; and
(4) The agency administering the vocational rehabilitation program.

(Sec. 161(b)(2); 20 U.S.C. 2391.)

(c) The representatives shall be selected by the respective State board, agency, or council.

(Implements Sec. 161(b)(2); 20 U.S.C. 2391.)

§ 104.122 Source of funding.

The State occupational information coordinating committee may receive funds from the National Occupational Information Coordinating Committee from funds transferred to the National Occupational Information Coordinating Committee under section 103(a)(1)(A) of the Act and from other sources.

(Implements Secs. 103(a)(1)(A), 161(b)(2); 20 U.S.C. 2302, 2391)

§ 104.123 Duties of the State occupational information coordinating committee.

(a) The State occupational information coordinating committee shall implement an occupational information system in the State which will meet the common needs for the planning for, and operation of, programs of the State board assisted under this Act and of the administering agencies under the Comprehensive Employment Training Act.

(Sec. 161(b)(2); 20 U.S.C. 2391.)

(b) A State occupational information coordinating committee receiving funds from the National Occupational Information Coordinating Committee shall use funds received from the National Occupational Information Coordinating Committee in accordance with the standards adopted by the National Occupational Information Coordinating Committee.

(Implements Sec. 161(b)(2); 20 U.S.C. 2391.)

GENERAL APPLICATION

§ 101.141 Requirement for filing a general application.

(a) In order to participate in programs authorized under the Act, the State board for vocational education must submit to, and maintain on file with, the Commissioner a general application.

(Sec. 106(a); 20 U.S.C. 2306.)

(b) This general application must be signed by the executive officer of the State board and submitted by the State board to the Commissioner by July 1, 1977, for eligibility for Federal funds under the Act.

(c) This genreal application is filed only once with the Commissioner and shall remain in effect until the provisions of section 106 of the Act are changed or expire.

(Implements Sec. 106(a); 20 U.S.C. 2306; Sen. Rept. No. 94-882, pp. 68-72.)

(d) This general application is in lieu of the general application required by section 434(b) of the General Education Provisions Act.

(Sec. 106(b); 20 U.S.C. 2306.)

(e) The procedures to be used by the State board to carry out assurances 4, 5, 9, and 10 in the general application shall be included in the five-year State plan (§ 104.182).

(Implements Sec. 109(a)(1); 20 U.S.C. 2309.)

(f) This general application shall contain the following 12 assurances; of these, ten are set forth in section 106(a) of Act:

(1) that the State will provide for such methods of administration as are necessary for the proper and efficient administration of the Act;

(2) that the State board will cooperate with the State advisory council on vocational education in carrying out its duties pursuant to section 105 and with the agencies, councils, and individuals specified in sections 107 and 108 to be involved in the formulation of the five-year State plan and of the annual program plans and accountability reports;

(3) that the State will comply with any requests of the Commissioner for making such reports as the Commissioner may reasonably require to carry out his functions under this Act;

(4) that funds will be distributed to eligible recipients on the basis of annual applications which——

(A) have been developed in consultation (i) with representatives of the educational and training resources available in the area to be served by the applicant and (ii) with the local advisory council required to be established by this Act to assist such recipients,

(B) (i) describe the vocational education needs of potential students in the area or community served by the applicant and indicate how, and to what extent, the program proposed in the application will meet such needs, and (ii) describe how the findings of any evaluations of programs operated by such applicant during previous years, including those required by this Act, have been used to develop the program proposed in the application,

(C) describe how the activities proposed in the application relate to manpower programs conducted in the area by a prime sponsor established under the Comprehensive Employment and Training Act of 1973, if any, to assure a coordinated approach to meeting the vocational education and training needs of the area or community, and

(D) describe the relationship between vocational education programs proposed to be conducted with funds under this Act and other programs in the area or community which are supported by State and local funds;

and that any eligible recipient dissatisfied with final action with respect to any application for funds under this Act shall be given reasonable notice and opportunity for a hearing;

(5) (A) that the State shall, in considering the approval of such applications, give priority to those applicants which—

(i) are located in economically depressed areas and areas with high rates of unemployment, and are unable to provide the resources necessary to meet the vocational education needs of those areas without Federal assistance, and

(ii) propose programs which are new to the area to be served and which are designed to meet new and emerging manpower needs and job opportunities in the area and, where relevant, in the State and the Nation; and

(B) that the State shall, in determining the amount of funds available under this Act which shall be made available to those applicants approved for funding, base such distribution on economic, social and demographic factors relating to the needs for vocational education among the various populations and the various areas of the State, except that—

(i) the State will use as the two most important factors in determining this distribution (I) in the case of local educational agencies, the relative financial ability of such agencies to provide the resources necessary to meet the need for vocational education in the areas they service and the relative number or concentration of low-income families or individuals within such agencies, and (II) in the case of other eligible recipients, the relative financial ability of such recipients to provide the resources necessary to initiate or maintain vocational education programs to meet the needs of their students and the relative number or concentration of students whom they serve whose education imposes higher than average costs, such as handicapped students, students from low-income families, and students from families in which English is not the dominant language; and

(ii) the State will not allocate such funds among eligible recipients within the State on the basis of per capita enrollment or through matching of local expenditures on a uniform percentage basis, or deny funds to any recipient which is making a reasonable tax effort solely because such resipient is unable to pay the non-Federal share of the cost of new programs;

(6) that Federal funds made available under this Act will be so used as to supplement, and to the extent practicable, increase the amount of State and local funds that would in the absence of such Federal funds be made available for the uses specified in the Act, and in no case supplant such State or local funds;

(7) that the State will make provision for such fiscal control and fund accounting procedures as may be necessary to secure proper disbursment of, and accounting for, Federal funds paid to the State (including such funds paid by the State to eligible recipients under this Act);

(8) that funds received under this Act will not be used for any program of vocational education (except personnel training programs under section 135, renovation programs under subpart 4 of part B, and homemaking programs under subpart 5 of this part which cannot be demonstrated to prepare students for employment, be necessary to prepare individuals for successful completion of such a program, or be of significant assistance to individuals enrolled in making an informed and meaningful occupational choice as an integral part of a program of orientation and preparation;

(9) that the State has instituted policies and procedures to insure that copies of the State plan and annual program plan and accountability report and all statements of general policies, rules, regulations, and procedures issued by the State board and by any State agencies to which any responsibility is delegated by the State board concerning the administration of such plan and report will be made reasonably available to the public; and

(10) that the funds used for purposes of section 110(a) are consistent with the State plan submitted pursuant to section 613(a) of the Education of the Handicapped Act.

(Sec. 106(a); 20 U.S.C. 2306.)

(g) The State board shall also assure that it will cooperate with the Administrator of the National Center for Education Statistics, HEW, in supplying information and complying in its reports with the information elements and definition requirements, as specified in section 161(a) of the Act.

(Implements Sec. 161(a); 20 U.S.C. 2391.)

(h) The State board shall also assure that Indian tribal organizations receiving funds under the Commissioner's discretionary programs, under authority of section 103(a)(1)(B) of the Act, will not be excluded from participation in vocational education programs administered by the State.

(Implements Sec. 103(a)(1)(B); 20 U.S.C. 2303.)

DEVELOPMENT OF FIVE-YEAR STATE PLAN

§ 104.161 Submission of five-year State plan.

Any State desiring to receive funds under the Act shall submit to the Commissioner a five-year State plan by:

(a) July 1, 1977, for fiscal years 1978 through 1982; and

(b) July 1, 1982, for fiscal years 1983 through 1987.

(Sec. 107(a)(1); 20 U.S.C. 2307)

§ 104.162 Representation requird in the development of the five-year State plan.

In formulating its five-year State plan, the State board is required to involve the active participation of a representative of:

(a) The State agency having responsibility for secondary vocational education programs, designated by that agency;

(b) The State agency, if a separate agency exists, having responsibility for postsecondary vocational education programs, designated by that agency;

(c) The State agency, if a separate agency exists, having responsibility for community and junior colleges, designated by that agency;

(d) The State agency, if a separate agency exists, having responsibility for institutions of higher education in the State, designated by that agency;

(Sec. 107(a)(1); 20 U.S.C. 2307.)

(e) A local school board or committee, as designated by the appropriate appointing authority under State law;

(Interprets Sec. 107(a)(1)(E); 20 U.S.C. 2307.)

(f) Vocational education teachers, as designated by the appropriate appointing authority under State law;

(Interprets Sec. 107(a)(1)(F); 20 U.S.C. 2307.)

(g) Local school administrators, as designated by the appropriate appointing authority under State law;

(Interprets Sec. 107(a)(1)(G); 20 U.S.C. 2307.)

(h) The State Manpower Services Council appointed under the authority of section 107(a)(2)(A)(i) of the Comprehensive Employment and Training Act of 1973, designated by that Council;

(i) The State agency or commission responsible for comprehensive planning in postsecondary education, which planning reflects programs offered by public, private nonprofit, and proprietary institutions, and includes occupational programs at a less-than-baccalaureate degree level, if a separate agency or commission exists, designated by that agency or commission; and

(j) The State advisory council on vocational education, designated by that council.

(Sec. 107(a)(1); 20 U.S.C. 2307.)

§ 104.163 Meetings of participating representatives.

The State board shall convene, as a group, the representatives of the agencies, councils, and individuals specified in § 104.162 for at least four meetings during the development of the five-year State plan. These meetings will be convened to accomplish the following purposes:

(a) First meeting: To plan for the development of the first draft of the five-year State plan;

(b) Second meeting: To consider the first draft of the five-year State plan;

(c) Third meeting: To consider the draft of the five-year State plan after it has been rewritten to reflect the results of the second meeting of the planning group; and

(d) Fourth meeting: To recommend for adoption the final five-year State plan.

(Sec. 107(a)(1); 20 U.S.C. 2307.)

§ 104.164 State board adoption of the five-year State plan.

(a) The State board is responsible for reaching a final decision on the provisions of the five-year State plan. If the participating agencies, councils, and individuals are not able to agree upon the provisions of the five-year State plan, the State board will make a final decision.

(b) The State board shall include in the five-year State plan:

(1) Any recommendation which is rejected by the State board and its source (i.e., the name of the individual and agency or council affiliation); and

(2) The reasons of the State board for rejecting the recommendation.

(Sec. 107(a)(1); 20 U.S.C. 2307.)

§ 104.165 Public hearings on the five-year State plan.

(a) In formulating the five-year State plan, the State board is required to conduct a series of public hearings. This series of public hearings shall be conducted:

(1) Prior to adoption of the five-year State plan;

(2) After giving sufficient public notice to all segments of the population; and

(3) Throughout all regions of the State.

(b) The purpose of these public hearings is to provide the opportunity for all segments of the population of the State to give their views on:

(1) The goals which ought to be adopted in the State plan;

(2) The programs to be offered under the State plan;

(3) The allocation of responsibility for programs (courses) among the various levels of education and among the various institutions of the State; and

(4) The allocation of local, State, and Federal resources to meet these goals.

(c) The State board shall include in the five-year State plan:

(1) The views expressed at the public hearings;

(2) A description of how these views are reflected in the provisions of the five-year State plan; and

V42R67A 7 7 UMI

(3) The reasons for rejecting any view which is not included in the five-year State plan.

(Sec. 107(a)(2); 20 U.S.C. 2307.)

§ 104.171 Certification of plans.

As used in this section, the term "plans" refers to the five-year State plan and the annual program plan and accountability report. The plans submitted shall include, as attachments, the following certifications:

(a) *Certification by the State attorney general.* The State attorney general, or other official designated in accordance with State law to advise the State board on legal matters, shall certify that the State board named in the plan is the sole agency which has authority under State law to submit the plan and to administer or supervise the administration of vocational education, and that all the plan's provisions with respect to the use of funds under the Act can be carried out by the State.

(Implements Sec. 104(a)(1); 20 U.S.C. 2304.)

(b) *Certification of involvement of designated agencies.*

(1) The State board shall certify that each of the agencies, councils, and individuals required in § 104.162 has been afforded the opportunity to be involved. The State board shall include in this certification all recommendations rejected by the Board, complete identification of the agency, council, or individual having made the rejected recommendation and the reasons for rejecting these recommendations, as required by § 104.164(b). This certification shall also indicate the meetings held under the authority of § 104.163.

(2) Each representative required in § 104.162 shall certify that he or she has had the opportunity to participate actively in formulating the plan.

(Implements Secs. 104(a)(3), 107(a)(1); 20 U.S.C. 2304, 2307.)

(c) *Certification of delegation.* The State board shall certify any delegation by the State board of responsibilities for administration, operation, or supervision of vocational education programs to other appropriate State agencies. The statement shall set forth the procedures used for delegation, the specific responsibilities delegated, and the specific agency or agencies involved.

(Implements Sec. 104(a)(2); 20 U.S.C. 2304.)

(d) *Certification of public hearings.* The State board shall certify the method used to provide reasonable notice and opportunity for public hearings throughout all regions of the State in order to permit all segments of the population to give their views on the goals for vocational educational which ought to be adopted in the plan in terms of the elements listed in §§ 104.165 and 104.207. The statement shall also include the views expressed at the hearings and a description of how those views are reflected in the plan. If any views are not reflected, the statement shall set out the reasons for rejecting them.

(Implements Sec. 107(a)(2), 108(a)(2); 20 U.S.C. 2307, 2308.)

(e) *Certification of local advisory councils.* The State board shall certify that eligible recipients within the State have been notified of the responsibility to establish local adivsory councils. The State board shall also certify that eligible recipients receiving assistance under the Act to operate vocational education programs have established these councils.

(Implements Sec. 105(g); 20 U.S.C. 2305.)

(f) *Certification of consultation with State advisory council.* The State advisory council shall certify that the plan was prepared in consultation with the council.

(Implements Sec. 105(d); 20 U.S.C. 2305.)

(g) *Certification by full-time personnel of opportunity to review the plans.* The personnel assigned full time to review programs within the State to assure equal access to vocational education by both men and women shall certify that the opportunity to review the plan has been afforded.

(Implements Sec. 109(a)(3)(B); 20 U.S.C. 2309.)

(h) *Certification of adoption by State board.* The State board shall certify that development of the plan has been coordinated with the agencies, councils, and individuals as required by § 104.162 and that the final decision has been adopted by the State board, and that the plan constitutes the basis for operation and administration of the State's vocational education program.

(Implements Sec. 104(a)(1); 20 U.S.C. 2304.)

§ 104.181 Content of five-year State plan.

The State board shall submit the five-year State plan to the Commissioner, through the appropriate HEW Regional Office, by the July 1st preceding the beginning of the first fiscal year for which the plan is to take effect. The plan shall be composed of the following two parts:

(a) Procedures for carrying out certain assurances of the general application as required in § 104.182; and

(b) Program provisions as required in §§ 104.183 through 104.188.

(Sec. 107(b); 20 U.S.C. 2307.)

§ 104.182 Procedures to assure compliance with the general application.

The State board in its five-year State plan shall:

(a) Describe the information which the State board will require in local applications in order to meet the requirements of § 104.141(f)(4);

(Sec. 106(a)(4); 20 U.S.C. 2306.)

(b) Describe the procedures for affording eligible recipients reasonable notice of an opportunity for a hearing, for conducting the hearing, for providing a written record of the hearing, and for informing the recipient in writing of the decisions and reasons therefor;

(Implements Sec. 106(a)(4); 20 U.S.C. 2306.)

(c) Describe how the State board, for purposes of giving priority to applications, determines:

(1) Economically depressed areas and areas with high rates of unemployment which are unable to provide the resources necessary to meet the vocational education needs without Federal assistance; and

(2) Programs new to the area which are designed to meet new and emerging manpower needs and job opportunities in the area (and, where relevant, in the State and Nation);

(Implements Sec. 106(a)(5)(A); 20 U.S.C. 2306.)

(d) Describe the policies and procedures by which the State board determines how the amount of funds available under this Act will be made available to those applicants approved for funding, using the factors specified in § 104.141(f)(5)(B);

(Sec. 106(a)(5)(B); 20 U.S.C. 2306.)

(e) Set forth the policies and procedures instituted for public disclosure in accordance with § 104.141(f)(9); and

(Sec. 106(a)(9); 20 U.S.C. 2306.)

(f) Describe the procedures for insuring that funds for vocational programs for handicapped persons are used in a manner consistent with § 104.141(f)(10). The statement shall describe how the program provided each handicapped child will be planned and coordinated in conformity with and as a part of the child's individualized educational program as required by the Education of the Handicapped Act.

(Sec. 106(a)(10); 20 U.S.C. 2306.)

§ 104.183 Assessment of employment opportunities.

(a) The five-year State plan shall include an assessment of current and future needs for workers (job skills) within the State and, where appropriate, within the pertinent region of the country.

(b) This assessment shall reflect the latest available data of present and projected employment, including the data available from the State occupational information coordinating committee.

(Sec. 107(b)(1); 20 U.S.C. 2307.)

§ 104.184 Goals to meet employment needs.

The five-year State plan shall describe clearly the goals the State will seek to achieve with respect to its needs for workers identified in § 104.183 by the end of the five-year period covered by the five-year State plan. This description shall be in terms of the following four elements and shall include the reasons for choosing these elements:

(a) The programs (courses) and other training opportunities to be offered to meet the needs identified in § 104.183; (For the purposes of this part, the term "program" refers to OE instructional programs and means a planned sequence of courses, services, or activties designed to meet an occupational objective.)

(b) The projected enrollments of these programs and training opportunities;

(c) The allocations of responsibility for the offerings of those programs and training opportunities among the secondary, postsecondary, and adult levels of education and among the various institutions of the State; and

(d) The allocations of all local, State, and Federal financial resources available in the State for the programs and training opportunities among the secondary, postsecondary, and adult levels of education and among the various institutions of the State.

(Sec. 107(b)(2); 20 U.S.C. 2307.)

§ 104.185 Funding to meet employment needs.

(a) The five-year State plan shall set forth as precisely as possible the planned uses of Federal, State, and local education funds for each fiscal year of the State plan;

(b) The five-year State plan shall indicate how this allocation of funds will meet the goals identified in § 104.184;

(c) The description of the planned uses of funds shall be in terms of the four elements of § 104.184;

(Sec. 107(b)(3)(A); 20 U.S.C. 2307.)

(d) The five-year State plan shall indicate the planned uses of funds for State administration under section 102 (d) of this Act; and

(Implements Sec. 107(b)(3)(A); 20 U.S.C. 2307.)

(e) The five-year State plan shall set forth the reasons for choosing these particular uses of funds, except that the State will continue to use approximately the same amount of its State grant under subpart 2 (basic grant) of this part for programs in secondary schools during fiscal years 1978 and 1979 as it used during fiscal years 1975 and 1976, unless the State is able to demonstrate in its five-year State plan the need to shift funds from that use.

(Sec. 107(b)(3)(A); 20 U.S.C. 2307.)

§ 104.186 Funding to meet program (purpose) needs.

(a) The five-year State plan shall set forth as precisely as possible the intended uses of funds under the Act for:

(1) Basic grant programs in § 104.501;

(2) Program improvement and supportive services in § 104.701;

(3) Special programs for the disadvantaged in § 104.801 (funded under section 102(b) of the Act); and

(4) Consumer and homemaking education in § 104.901 (funded under section 102(c) of the Act).

(b) The five-year State plan shall set out the reasons for choosing the uses described in paragraph (a) of this section.

(c) The five-year State plan shall set forth as precisely as possible the intended uses of Federal funds, in accordance with the minimum percentages in §§ 104.312 and 104.313 to meet the special needs of:

(1) Handicapped persons;

(2) Disadvantaged persons; and

(3) Persons of limited English-speaking ability.

(d) The five-year State plan shall also set forth the intended allocation of State and local funds, in accordance with the matching requirements in § 104.303, to meet the special needs of:

(1) Handicapped persons;

(2) Disadvantaged persons; and

(3) Persons of limited English-speaking ability.

(Implements secs. 107(b)(3)(B), 110(a),(b); 20 U.S.C. 2307, 2310.)

§ 104.187 Policies for eradicating sex discrimination.

(a) The five-year State plan shall set forth a detailed description of policies and procedures which the State will follow to assure equal access to vocational education programs by both women and men.

This description shall include:

(1) Actions to be taken to overcome sex discrimination and sex stereotyping in all State and local vocational education programs;

(2) Incentive adopted by the State for eligible recipients to:

(i) Encourage the enrollment of both women and men in nontraditional courses of study; and

(ii) Develop model programs to reduce sex steretoyping in all occupations.

(b) The five-year State plan shall set forth a program to assess and meet the needs of persons described in § 104.621. This program shall include:

(1) Special courses for these persons to learn how to seek employment; and

(2) Placement services for these persons once they complete the vocational education program.

(Sec. 107(b)(4); 20 U.S.C. 2307.)

§ 104.188 Coordination between manpower training programs and vocational education programs.

The five-year State plan shall describe the mechanism established for coordinating vocational education programs with manpower training programs conducted by prime sponsors under the Comprehensive Employment and Training Act (CETA), Pub. L. 93-203, and vocational education programs assisted under this Act. This description shall include the criteria developed to avoid duplication of programs under this Act and CETA.

(Sec. 107(b)(5); 20 U.S.C. 2307; Sen. Rept. 94-882; p. 68.)

DEVELOPMENT OF ANNUAL PROGRAM PLAN AND ACCOUNTABILITY REPORT

§ 104.202 Due date of annual program plan.

For each fiscal year, the annual program plan is due by the July 1st preceding the beginning of the applicable fiscal year. For example, the first annual program plan is required for fiscal year 1978 and is due in the appropriate HEW Regional Office by July 1, 1977.

(Sec. 108(b); 20 U.S.C. 2308.)

§ 104.203 Due date of annual accountability report.

For each fiscal year, the annual accountability report is due by the July 1st following the completion of the applicable fiscal year. For example, the first annual accountability report is required for fiscal year 1978 and is due in the appropriate HEW Regional Office by July 1, 1979.

(Sec. 108(b); 20 U.S.C. 2308.)

§ 104.204 Representation required in the development of the annual program plan and accountability report.

In formulating the annual program plan and accountability report for any given fiscal year, the State board is required to involve the active participation of a representative of each group set forth in § 104.162 (a) through (j).

(Secs. 107(a)(1), 108(a)(1); 20 U.S.C. 2307, 2308.)

§ 104.205 Meetings of participating representatives.

The State board shall convene, as a group, the representatives of the agencies, councils, and individuals specified in § 104.204 for at least three meetings during each fiscal year. These meetings will be convened to accomplish the following purposes:

(a) First meeting: To plan for the development of the first draft of the annual program plan and the accountability report;

(b) Second meeting: To consider the draft of the annual program plan and accountability report;

(c) Third meeting: To recommend for adoption the final annual program plan and accountability report.

(Sec. 108(a)(1); 20 U.S.C. 2308.)

§ 104.206 State board adoption of the annual program plan and accountability report.

(a) The State board is responsible for reaching a final decision on the provisions of the annual program plan and accountability report. If the participating agencies, councils, and individuals are not able to agree upon the provisions of the annual program plan or the accountability report, the State board will make a final decision.

(b) The State board shall include in the annual program plan or, as appropriate, in the accountability report:

(1) Any recommendation which is rejected by the State board and its source (including the name of the individual and agency or council affiliation); and

(2) The reasons of the State board for rejecting the recommendation.

(Sec. 108(a)(1); 20 U.S.C. 2308.)

§ 104.207 Public hearing on the annual program plan and accountability report.

(a) In formulating the annual program plan and accountability report, the State board is required to conduct a public hearing. This public hearing shall be conducted:

V4267 APR 77 UMI

(1) Prior to adoption of the annual program plan and accountability report; and

(2) After giving sufficient public notice to all segments of the population.

(b) The purpose of this public hearing is to provide an opportunity for all segments of the population of the State to give their views on:

(1) The goals which ought to be adopted in the annual program plan;

(2) The programs to be offered under the annual program plan;

(3) The allocation of responsibility for programs among the various levels of education and among the various institutions of the State; and

(4) The allocation of local, State, and Federal resources to meet these goals.

(Interprets Sec. 108(a)(2); 20 U.S.C. 2308.)

(c) The State board shall include in the annual program plan or, as appropriate, in the accountability report:

(1) The views expressed at the public hearing;

(2) A description of how these views are reflected in the provisions of the annual program plan or the accountability report; and

(3) The reasons for rejecting any view which is not included in the annual program plan or accountability report.

(Sec. 108(a)(2); 20 U.S.C. 2308.)

§ 104.221 Content of annual program plan for fiscal year 1978.

A five-year State plan which includes the program provisions in §§ 104.185 and 104.186 on a year-by-year basis will meet the requirements of the Act for the annual program plan, except that in addition to the planned uses of funds in § 104.186, the plan shall also set out as precisely as possible the proposed distribution of such funds among eligible recipients, together with an analysis of the manner in which such distribution complies with the assurance given in the general application and in accordance with the policies and procedures in § 104.182(d).

(Interprets 108(b)(1); 20 U.S.C. 2308.)

§ 104.222 Content of annual program plans for the fiscal years following 1978.

The plan shall contain: (a) Any updating of the five-year State plan, as submitted under §§ 104.183 and 104.184, considered necessary to reflect later or more accurate employment data or a different level of funding than was anticipated;

(b) A description of how the uses of funds proposed for the fiscal year in § 104.185 will be complied with or changed (in light of anticipiated appropriations) and the reasons for the changes;

(c) A description of how the uses of funds under the Act proposed for the fiscal year in § 104.186 will be complied with or changed (in light of anticipated appropriations) and the reasons for the changes;

(d) A description of how funds used in § 104.185 will comply with the minimum percentages, matching, and maintenance of effort requirements in § 104.301;

(e) The additional provisions set forth in § 104.221;

(f) The results of the:

(1) Coordination of programs funded under this Act and manpower training programs;

(2) Compliance of the State plan with the provisions contained in § 104.187 concerning providing equal access to programs by both men and women; and

(3) Participation of local advisory councils required to be established under § 104.171(e).

(Implements Sec. 108(b)(1); 20 U.S.C. 2308.)

§ 104.241 Content of the accountability report.

(a) The accountability report shall:

(1) Show the extent to which the State, during the fiscal year preceding the submission of the report, has achieved the goals of the approved five-year State plan, including a description in terms of the elements in § 104.184;

(2) Show the degree to which proposed uses of Federal, State, and local funds in § 104.222(b) have been complied with, including a description in terms of the elements in § 104.185;

(3) Show in detail how the funds used in § 104.185 complied with the minimum percentage, matching, and maintenance of effort requirements in § 104.301;

(Implements Sec. 108(b)(2)(A).)

(4) Show in detail how funds under the Act allocated for programs in § 104.186 have been used during the fiscal year, including:

(i) A description of uses of funds as set out in §§ 104.222(c) and 104.222(d);

(ii) A description of the distribution of funds available for these sections among local educational agencies and other eligible recipients in conformity with § 104.222(e); and

(iii) The results achieved by the uses of these funds.

(Sec. 108(b)(2)(B); 20 U.S.C. 2308.)

(b) The accountability report shall contain:

(1) A summary of the evaluation of programs conducted by the State in accordance with § 104.401; and

(2) A description of how the evaluation information has been used to improve the State's programs of vocational education, including consideration given to each recommendation in the evaluation report of the State advisory council for vocational education.

(Sec. 108(b)(2)(C); 20 U.S.C. 2308.)

APPROVAL OF FIVE-YEAR STATE PLAN AND ANNUAL PROGRAM PLAN AND ACCOUNTABILITY REPORT

§ 101.261 Conditions for approval of five-year State plan.

The Commissioner will not approve a five-year State plan until the Commissioner:

(a) Makes specific findings in writing as to the compliance of the five-year State plan with the provisions of the Act and applicable regulations;

(b) Makes a determination that adequate procedures are set forth, in accordance with § 104.182, to insure that assurances of the general application will be carried out;

(c) Makes a determination that adequate procedures are set forth in the five-year State plan to insure that the provisions of the plan will be carried out;

(Sec. 109(a)(1); 20 U.S.C. 2309.)

(d) Has received assurances that the full-time personnel assigned to review programs within the State to assure equal access by both men and women have been afforded the opportunity to review the five-year State plan; and

(Sec. 109(a)(3)(B); 20 U.S.C. 2309.)

(e) Makes a determination that the State has complied in preparing the five-year State plan with the nationally uniform definitions and information elements which have been developed under the authority of section 161 of the Act.

(Sec. 109(a)(3)(C); 20 U.S.C. 2309.)

§ 104.262 Conditions for approval of annual program plan and accountability report.

The Commissioner will not approve an annual program plan and accountability report until the Commissioner:

(a) Makes specific findings in writing as to the compliance of the annual program plan and accountability report with the provisions of the Act and applicable regulations;

(b) Makes a determination that adequate procedures are set forth to insure that the assurances of the general application will be carried out;

(c) Makes a determination that adequate procedures are set forth in the annual program plan and accountability report to insure that the provisions of the plan will be carried out;

(d) Makes a determination that the annual program plan and accountability report show progress in achieving the goals set forth in the approved five-year State plan;,

(Sec. 109(a)(2); 20 U.S.C. 2309.)

(e) Has received assurances that the full-time personnel assigned to review programs within the State to assure equal access by both men and women have been afforded the opportunity to review the annual program plan and accountability report; and

(Sec. 109(a)(3)(B); 20 U.S.C. 2309.)

(f) Makes a determination that the State has complied in preparing the annual program plan and accountability report with the nationally uniform definitions and information elements which have been developed under the authority of section 161 of the Act.

(Sec. 109(a)(3)(C); 20 U.S.C. 2309.)

§ 104.263 Notice of approval or disapproval.

After reviewing the five-year State plan, the annual program plan, and the accountability report, the Commissioner will notify the State board, in writing, of the granting or withholding of approval.

(Sec. 109 (a), (b); 20 U.S.C. 2309.)

WITHHOLDING OF APPROVAL OF PLAN

§ 101.271 Disapproval of plan.

The Commissioner:

(a) Will not finally disapprove a State plan without first affording the State board reasonable notice and opportunity for a hearing;

(Sec. 109(b)(1); 20 U.S.C. 2309.)

(b) Will not disapprove a State plan solely on the basis of the distribution of State and local expenditures for vocational education;

(Sec. 109(b)(2); 20 U.S.C. 2309.)

(c) Will give at least fifteen (15) work days written notice of the disapproval of a plan or disapproval of the method by which the State is administering the plan; and

(Implements Sec. 109(c); 20 U.S.C. 2309.)

(d) Will hold the hearing within the State.

(Sec. 109(b)(1); 20 U.S.C. 2309.)

HEARINGS BEFORE THE COMMISSIONER ON AGENCY OR COUNCIL CHALLENGES TO THE FIVE-YEAR STATE PLAN OR THE ANNUAL PROGRAM PLAN

§ 104.281 Opportunity for a hearing.

(a) Sections 107 and 108 of the Act require the Commissioner to provide an opportunity for a hearing to certain agencies and councils which may be dissatisfied with any final decision of the State board with respect to the proposed five-year State plan or the annual program plan filed with the Commissioner.

(b) The agencies and councils which may request a hearing are those agencies and councils set forth in § 104.162 (a) through (d), and (h) through (j)). A representative of an agency or council may not request a hearing in his or her individual capacity.

(Secs. 107(a), 108(a); 20 U.S.C. 2307; 2308.)

§ 104.282 Appeal to the Commissioner.

(a) If a hearing is to be requested, the notice of appeal shall be in writing, addressed to the Commissioner, with a copy to the State board, and mailed by registered mail no later than fifteen (15) work days after the notification has been received by the agency or council that the recommendations of the agency or council have been disapproved by the State board.

(b) Pending resolution of the matter for which a hearing has been requested, the five-year State plan or annual program plan submitted by the State board, if in substantially approvable form, may be conditionally approved by the Commissioner and may be conditionally deemed the operative plan.

(Implements Secs. 107(a), 108(a); 20 U.S.C. 2307, 2308.)

§ 104.283 Hearing.

(a) The Commissioner may delegate authority to an employee of the Office of Education to be the hearing officer. The hearing officer shall take testimony, consider the arguments of the parties, make findings of fact, make conclusions of law, and make recommendations to the Commissioner.

(b) The hearing officer shall give each party at least fifteen (15) work days notice of the time, place, and purpose of the hearing.

(c) The fifteen (15) work days notice of time and place of the hearing may be reduced or waived if all parties agree.

(d) The hearing may take place in Washington, D.C., or within the State whose agency or council is appealing, at the option of the requesting party and with the hearing officer's approval.

(e) The hearing officer may adjourn the hearing to a more satisfactory time or place on the motion of the hearing officer or on motion of a party.

(f) A record shall be kept of the hearing. The record may be taken by shorthand, stenotype, or mechanical or electrical means, and shall be transcribed.

(Implements Sec. 107(a)(1); 20 U.S.C. 2307.)

§ 104.284 Prehearing.

(a) The hearing officer shall offer the parties the opportunity for a prehearing in order to define the issues.

(b) A prehearing shall be conducted in the same manner as a hearing.

(Implements Sec. 107(a)(1); 20 U.S.C. 2307.)

§ 104.285 Right to counsel, witnesses, cross examination.

(a) The parties shall have the right to be represented by counsel.

(b) The parties may offer evidence by witnesses appearing in person.

(c) Where a witness appears in person, the other party shall have the right to cross examine the witness.

(d) If a witness is unable to appear in person, documentary evidence or affidavits may be accepted in lieu of personal appearance. Affidavits shall be given only the probative value of a sworn statement which has not been subjected to cross examination.

(Implements Sec. 107(a)(1); 20 U.S.C. 2307.)

§ 104.286 Evidence and standard of evidence.

(a) Formal rules of evidence do not apply. The hearing officer shall restrict the admission of evidence to that which is material and relevant.

(b) The hearing officer may request additional evidence.

(c) Findings of fact shall be supported by substantial evidence. "Substantial evidence," for the purpose of this hearing, means such relevant evidence as a reasonable mind might accept to support a conclusion. (305 U.S. 197, 229 (1938).)

(Implements Sec. 107(a)(1); 20 U.S.C. 2307.)

§ 104.287 Determinations to be made by the hearing officer.

(a) The hearing officer shall determine:

(1) Whether the procedural requirements of the Act have been fulfilled;

(2) Whether the decisions of the State board as set forth in the five-year State plan or the annual program plan are in accordance with the law;

(3) Whether the decisions of the State board in the five-year State plan or the annual program plan are based on substantial evidence; and

(4) Whether the State board's decisions in the five-year State plan or the annual program plan best carry out the purposes of the Act.

(Sec. 107(a)(1); 20 U.S.C. 2307.)

(b) Where the hearing officer decides that the State board has conformed with the provisions of paragraph (a), the hearing officer shall issue findings of fact to that effect.

(c) Where the hearing officer decides that the five-year State plan or the annual program plan will best carry out the purposes of the Act, the hearing officer shall recommend a finding for the State board.

(Implements Sec. 107(a)(1); 20 U.S.C. 2307.)

§ 104.288 Commissioner's decision.

(a) The findings of fact and recommendation of the hearing officer shall be conveyed to the parties and to the Commissioner.

(b) The findings and recommendation of the hearing officer shall become the findings and decision of the Commissioner unless the Commissioner reverses the hearing officer's findings or recommendation, in whole or in part, within fifteen (15) work days after the date the hearing officer conveys his or her findings and recommendation to the Commissioner.

(Implements Sec. 107(a)(1); 20 U.S.C. 2307.)

(c) The Commissioner may not unilaterally change a five-year State plan or annual program plan. The Commissioner shall approve a plan or disapprove a plan in its entirety and return it to the State board for revision.

(Implements Sec. 107(a)(1); 20 U.S.C. 2307; Conf. Rept. No. 94–1701, pp. 216, 217.)

§ 104.289 Appeal by State board, agency, or council to the court of appeals.

A State board, agency, or council dissatisfied with a final action of the Commissioner under section 107(a)(1) of the Act may appeal to the United States court of appeals for the circuit in which the State is located in accordance with the procedure specified in section 434(d)(2) of GEPA.

(Implements Sec. 107(a)(1); 20 U.S.C. 1232c).

SUSPENSION AND TERMINATION OF PAYMENTS FOR NONCOMPLIANCE

§ 101.291 Suspension and termination of payments for noncompliance.

Suspension and termination of payments for noncompliance shall be in ac-

V 4267 APR 7 7 UMI

cord with section 434(c) of GEPA. Section 434(c) of GEPA reads as follows:

(c) Whenever the Commissioner, after reasonable notice and an opportunity for hearing, finds that there has been failure, by any recipient of funds under any applicable program, to comply substantially with terms to which such recipient has agreed in order to receive such funds, the Commissioner shall notify such recipient that further payments will not be made to such recipient under that program until he is satisfied that such recipient no longer fails to comply with such terms. Until the Commissioner is so satisfied, no further payments shall be made to such recipient. Pending the outcome of any termination proceeding initiated under this paragraph, the Commissioner may suspend payments to such recipient, after such recipient has been given reasonable notice and opportunity to show cause why such action should not be taken.

(Sec. 109(f)(1); 20 U.S.C. 2309,, 1232c.)

APPEAL TO THE COURTS

§ 104.292 Appeal by State board on withholding of approval of State plan.

A State board which is dissatisfied with the final action of the Commissioner after an appeal to the Commissioner on withholding of approval of a State plan may appeal to the appropriate United States court of appeals as provided in section 109(d) of the Act.

(Sec. 109(d); 20 U.S.C. 2309.)

§ 104.293 Appeal by eligible recipients to the court of appeals.

An eligible recipient dissatisfied with the final action of the State board (or other appropriate State administrative agency) with respect to approval of an application by such eligible recipient for a grant under this Act may appeal to the appropriate United States court of appeals as provided in section 109(e) of the Act.

(Sec 109(e): 20 U.S.C. 2309.)

FISCAL REQUIREMENTS

FEDERAL SHARE

§ 104.301 Application of Federal requirements.

(a) Federal vocational education funds shall be used solely to carry out the purposes of the Vocational Education Act and the regulations in this part. All expenditures of Federal funds are subject to the conditions and requirements of the Act and regulations.

(Interprets Sec. 111(a); 20 U.S.C. 2311.)

(b) Federal funds shall be used to share only in expenditures which are made in accordance with: (1) Assurances of the general application; (2) Five-year State plan; and (3) Annual program plan.

(Interprets Sec. 111(a); 20 U.S.C. 2311.)

(c) State and local funds which are applied to the matching requirements and maintenance of efforts requirements of the Act are subject to the conditions and requirements of the Act, regulations, and five-year State plan and annual program plan, except with respect to local administration. This means that every program or activity supported in whole or in part by State or local funds which are used to match Federal funds must meet the same conditions and requirements as those supported by Federal funds. State and local funds used for administrative activities of a local educational agency or a postsecondary educational institution which are necessary for the proper and efficient performance of its duties under the Act may be applied to the matching and maintenance of effort requirements of the Act.

(Interprets Sec. 111(a); 20 U.S.C. 2311; 20 U.S.C. 19.)

(d) Only actual expenditures of State and local funds shall be accepted as part of the State's matching and maintenance of effort requirements. This means that in-kind contributions shall not be used as part of the State's matching and maintenance of effort requirements. Requirements of 45 CFR 100b.92(b) of GEPR shall not apply to this program.

(Sec. 111(a); 20 U.S.C. 2311, 20 U.S.C. 19.)

§ 104.302 Federal share of expenditures—annual program plan.

(a) The Commissioner will pay to each State an amount not to exceed 50 percent of the cost of carrying out its annual program plan.

(b) The State's matching share of expenditures under the annual program plan may be on a State-wide basis.

(c) Except for the fiscal requirements for the national priority programs described in § 104.303, it is not necessary that Federal funds be matched by non-Federal funds for each purpose and program under the Act.

(Interprets Sec. 111(a); 20 U.S.C. 2311.)

§ 104.303 Federal share of expenditures—national priority programs.

(a) The Commissioner will pay to each State an amount not to exceed 50 percent of the cost of vocational education programs for handicapped persons.

(b) The Commissioner will pay to each State an amount not to exceed 50 percent of the cost of vocational education programs for:

(1) Disadvantaged persons (other than handicapped persons);

(2) Persons who have limited English-speaking ability; and

(3) Stipends for students entering or already enrolled in vocational education programs who have acute economic needs which cannot be met under work-study programs.

(c) The Commissioner will pay to each State an amount not to exceed 50 percent of the cost of:

(1) Postsecondary programs for: (i) Persons who have completed or left high school; (ii) Who are enrolled in organized programs of study for which credit is given toward an associate or other degree; and (iii) Who are not enrolled in programs designed as baccalaureate or higher degree programs.

(2) Adult programs for: (i) Persons who have already entered the labor market; (ii) Persons who are unemployed; or (iii) Persons who have completed or left high school and who are enrolled in organized programs of study for which credit is not given toward an associate or other degree.

(Sec. 110; 20 U.SC. 2310.)

§ 104.304 Allowable expenditures for vocational education for national priority programs.

A State shall use the funds allotted for national priority programs under section 110 of the Act only for expenditures which are attributable to vocational education programs described in § 104.303.

(Section 110; 20 U.S.C. 2310; 45 CFR 100, App. B, Part II.)

§ 104.305 Federal share of expenditures—100 percent payments.

(a) The Commissioner will pay to each State an amount up to 100 percent of the cost of:

(1) Cooperative vocational education programs for students enrolled in nonprofit private schools pursuant to section 122(f) of the Act;

(2) Exemplary and innovative programs for students enrolled in nonprofit private schools pursuant to section 132(b) of the Act; and

(3) Special programs for disadvantaged persons in areas of the State which have high concentrations of youth unemployment and school dropouts under section 140 of the Act, excluding State administration and ancillary services.

(b) The Commissioner will pay to the Trust Territory of the Pacific Islands and American Samoa up to 100 percent of the cost of carrying out all programs listed in §§ 104.302 and 104.303.

(Sec. 111(a)(1); 20 U.S.C. 2311.)

§ 104.306 Federal share of expenditures—administration.

(a) The Commissioner will pay, from the amount available to each State for State administration of the five-year State plan and annual program plan appropriated under section 102(d) of the Act, up to 50 percent of the cost of administration of the plans, except as indicated in paragraphs (b) and (c).

(Sec. 111(a)(2)(B); 20 U.S.C. 2311.)

(b) The Federal share of the cost of administration of the five-year State plan and annual program plan in fiscal year 1978 is up to 80 percent and in fiscal year 1979 is up to 60 percent.

(Sec. 111(a)(2)(B); 20 U.S.C. 2311.)

(c) The Federal share of the cost of administration of the five-year State plan and annual program plan in fiscal year 1978 may be in excess of 80 percent under the following conditions:

(1) State and local expenditures for vocational education in a State in fiscal year 1977 exceed the Federal expenditures for vocational education in that State by ten times. For example, if the Federal allocation in fiscal year 1977 is $2 million, the aggregate of State and local expenditures must be greater than $20 million; and

(2) The Commissioner determines that the costs of administration of the five-year State plan and annual program plan in fiscal year 1977 were necessary for the proper and efficient performance of the State's duties under the Act; and

(3) The Commissioner determines that the 80 percent ceiling on the Federal share of the cost of administration is insufficient to meet the needs of the State.

(Interprets Sec. 111(a)(2)(B); 20 U.S.C. 2311.)

MINIMUM PERCENTAGES

§ 104.311 Percentage requirements with respect to State distribution of Federal funds.

The minimum percentages set forth in §§ 104.312, 104.313, and 104.314 are applicable to each State's allotment under section 102(a) of the Act.

(Interprets Sec. 110(a); 20 U.S.C. 2310.)

§ 104.312 Minimum percentage for the handicapped.

The State shall expend at least 10 percent of the allotment under section 102(a) of the Act for vocational education for handicapped persons. The State shall use these funds to the maximum extent possible to assist handicapped persons to participate in regular vocational education programs.

(Sec. 110(a); 20 U.S.C. 2310.)

§ 104.313 Minimum percentage for the disadvantaged.

(a) The State shall expend at least 20 percent of the section 102(a) allotment, subject to the conditions of paragraph (b), for the following purposes:

(1) Vocational education for disadvantaged persons (other than handicapped persons);

(2) Vocational education for persons who have limited English-speaking ability; and

(3) Stipends for students entering or already enrolled in vocational education programs who have acute economic needs which cannot be met under work-study programs.

(Sec. 110(b); 20 U.S.C. 2310.)

(b) The State shall use, to the maximum extent possible, the funds expended for disadvantaged persons and persons of limited English-speaking ability to enable these persons to participate in regular vocational education programs.

(Sec. 110(d); 20 U.S.C. 2310.)

§ 104.314 Minimum percentage for postsecondary and adult.

The State shall expend at least 15 percent of the section 102(a) allotment for vocational education for:

(a) Postsecondary programs for: (1) Persons who have completed or left high school; (2) Who are enrolled in organized programs of study for which credit is given toward an associate or other degree; and (3) Who are not enrolled in programs designed as baccalaureate or higher degree programs.

(b) Adult programs for: (1) Persons who have already entered the labor market; (2) Persons who are unemployed; or (3) Persons who have completed or left high school and who are enrolled in organized programs of study for which credit is not given toward an associate or other degree.

(Sec. 110(c); 20 U.S.C. 2310.)

§ 104.315 Expenditures for programs in secondary schools.

(a) The State shall expend from its allotment for the basic grant (subpart 2) approximately the same amount of Federal funds for programs in secondary schools during fiscal years 1978 and 1979 as it had expended during fiscal years 1975 and 1976.

(b) The State shall set forth in the five-year State plan its justification for the need to shift funds in the event the projected Federal expenditures for programs in secondary schools, in either fiscal year 1978 or 1979 are not within 95 percent of the amount of Federal funds expended for programs in secondary schools during fiscal years 1975 and 1976.

(Interprets Sec. 107(b)(3)(A); 20 U.S.C. 2307.)

(c) The State shall use the following formula in determining its expenditures of funds under paragraph (a) for vocational education for persons who have limited English-speaking ability:

(1) First determine the amount of Federal funds reserved for the purposes of paragraph (a);

(2) Determine the population having limited English-speaking ability who are between the ages of 15 and 24 inclusively;

(3) Determine the total population of the State aged 15 to 24 inclusively;

(4) Divide step two by step three;

(5) Multiply the quotient from step four by the total amount reserved for paragraph (a) as indicated in step one;

(6) Expend at least this amount for vocational education for persons having limited English-speaking ability. The amount expended for this purpose shall not exceed the total amount reserved for paragraph (a).

For example, a State reserves $500,000 for the purposes of paragraph (a). The State determines its limited English-speaking population between the ages of 15 and 24 is 10,000. The total population of the State aged 15 to 24 is 200,000. 10,000 is divided by 200,000 and the quotient is .05. $500,000 is multiplied by .05 and the product is $25,000. Accordingly, the State expends at least $25,000 for vocational education for persons who have limited-English speaking ability, but no more than $500,000.

(Implements Sec. 110(c)(2); 20 U.S.C. 2310.)

MAINTENANCE OF EFFORT

§ 104.321 Maintenance of fiscal effort at the State level.

A State shall maintain its fiscal effort on either a per student basis or on an aggregate basis for vocational education compared to the amount expended in the previous year.

(Sec. 111(b)(1); 20 U.S.C. 2311.)

§ 104.322 Withholding of payments.

The Commissioner will not make any payments to a State in a fiscal year unless the Commissioner finds that the fiscal effort of the State for vocational education on a per student basis or on an aggregate basis in the previous fiscal year was not less than the fiscal effort of the State on a per student basis or on an aggregate basis in the second preceding fiscal year.

(Sec. 111(b)(1); 20 U.S.C. 2311.)

§ 104.323 Five percent rule.

Total State fiscal effort for vocational education in the preceding fiscal year shall not be considered reduced from the fiscal year effort of the second preceding fiscal year unless the per student expenditure or aggregate expenditure in the preceding year is less than that in the second preceding fiscal year by more than five percent. For example, a State which expends an aggregate of $10 million for vocational education in one fiscal year and an aggregate of $9,600,000 in the succeeding fiscal year will not be considered to have reduced fiscal effort for the purposes of the Vocational Education Act.

(Interprets Sec. 111(b)(1); 20 U.S.C. 2311.)

§ 104.324 Unusual circumstance rule.

Any reduction in fiscal effort for any fiscal year by more than five percent will disqualify the State from receiving Federal funds unless the State is able to demonstrate to the satisfaction of the Commissioner the following:

(a) In the preceding fiscal year, the reduction was occasioned by unusual circumstances that could not have been fully anticipated or reasonably compensated for by the State. Unusual circumstances may include unforeseen decreases in revenues due to the decline of the tax base;

(b) In the second preceding fiscal year, contributions of large sums of monies from outside sources were made; or

(c) In the second preceding fiscal year, large amounts of funds were expended for long-term purposes such as construction and acquisition of school facilities or the acquisition of capital equipment.

(Interprets Sec. 111(b)(1); 20 U.S.C. 2311.)

§ 104.325 Maintenance of fiscal effort at the local level.

A local educatonal agency shall maintain its fiscal effort on either a per student basis or on an aggregate basis for vocational eduaction compared with the amount expended in the previous fiscal year.

(Sec. 111(b)(1); 20 U.S.C. 2311.)

§ 104.326 Withholding of payments.

A State shall not make payment under this Act to a local educational agency unless the State finds that the combined fiscal effort of the State and local educational agency on a per student basis or on an aggregate basis of the local educational agency and the State, was not

V 4267 APR 7 7 7 UMI

less than combined fiscal effort in the second preceding fiscal year.

(Sec. 111(b)(1); 20 U.S.C. 2311.)

§ 104.327 Exceptions.

The 5 percent rule applicable to the State in § 104.323 and the unusual circumstances rule in § 104.324 are also applicable to local educational agencies.

(Interprets Sec. 111(b)(1); 20 U.S.C. 2311.)

§ 104.328 Maintenance of fiscal effort by postsecondary educational institutions.

A postsecondary educational institution shall maintain its fiscal effort on either a per student basis or on an aggregate basis for vocational education compared with the amount expended in the previous fiscal year.

(Sec. 111(b)(2); 20 U.S.C. 2311.)

§ 104.329 Withholding of payments.

A State shall not make any payment under this Act to a postsecondary educational institution unless the State finds that the fiscal effort on a per student basis or on an aggregate basis of that institution, with respect to the provision of vocational education, was not less than the fiscal effort of that institution in the second preceding fiscal year.

(Sec. 111(b)(2); 20 U.S.C. 2311.)

§ 104.330 Exceptions.

The 5 percent rule applicable to the State in § 104.323 and the unusual circumstances rule in § 104.324 are also applicable to postsecondary educational institutions.

(Interprets Sec. 111(b)(2); 20 U.S.C. 2311.)

STATE EVALUATION

§ 104.401 Purpose.

The State evaluations are to be used to assist local educational agencies and other recipients of funds in operating the best possible programs of vocational education and to revise the State's programs of vocational education.

(Sec. 112(b)(1); 20 U.S.C. 2312.)

§ 104.402 Evaluation by State board.

The State board shall, during the five-year period of the State plan, evaluate in quantitative terms the effectiveness of each formally organized program or project supported by Federal, State, and local funds. These evaluations shall be in terms of: (a) Planning and operational processes, such as:

(1) Quality and availability of instructional offerings;

(2) Guidance, counseling, and placement and follow-up services;

(3) Capacity and condition of facilities and equipment;

(4) Employer participation in cooperative programs of vocational education;

(5) Teacher/pupil ratios; and

(6) Teacher qualifications.

(b) Results of student achievement as measured, for example, by:

(1) Standard occupational proficiency measures;

(2) Criterion referenced tests; and

(3) Other examinations of student's skills, knowledge, attitudes, and readiness for entering employment successfully.

(c) Results of student employment success as measured, for example, by:

(1) Rates of employment and unemployment;

(2) Wage rates;

(3) Duration of employment; and

(4) Employer satisfaction with performance of vocational education students as compared with performance of persons who have not had vocational education.

(d) Other results as measured by services to special populations, such as:

(1) Women;

(2) Members of minority groups;

(3) Handicapped persons; and

(4) Disadvantaged persons.

(Implements Sec. 112(b)(1); 20 U.S.C. 2312.)

§ 104.403 Use of results of evaluation.

(a) The results of the evaluation shall be used to revise the programs conducted under the approved five-year State plan.

(b) The State board shall make the results of the evaluations readily available to the State advisory council on vocational education.

(Sec. 112(b)(1)(A); 20 U.S.C. 2312.)

§ 104.404 Special data on completers and leavers.

(a) The State shall evaluate, using wherever possible statistically valid sampling techniques, the effectiveness of each program of vocational education which purports to teach entry-level job skills.

(b) The State shall evaluate each of these programs in order to ascertain the extent to which both those students who complete a program and those students who leave before completing a program:

(1) Find employment in occupations related to their training; and

(2) Are considered by their employers to be well-trained and prepared for employment.

(Sec. 112(b)(1)(B); 20 U.S.C. 2312.)

(c) The State shall use the following definitions for "program completer" and "program leaver":

(1) "Program completer" means a student who finishes a planned sequence of courses, services, or activities designed to meet an occupational objective and which purports to teach entry-level job skills; and

(2) "Program leaver" means a student who has been enrolled in and has attended a program of vocational education and has left the program without completing it, except that no student shall be counted as a program leaver with respect to any program who is still enrolled in another program of vocational education. The term "program leaver" includes:

(i) Persons who leave the program voluntarily before its formal completion because they have acquired sufficient entry-level job skills to work in the field, and who have taken a job related to their field of training; and

(ii) All other leavers.

(d) For the purposes of this section, a State shall report separately on program completers and program leavers in accordance with the survey instructions and sampling standards to be provided by the National Center for Educational Statistics, HEW, as follows:

(1) Those who secure employment in the occupation for which they were trained or in occupations related to their vocational training, including the military;

(2) Those in paragraph (d)(1) of this section considered by their employers to be well trained and prepared for employment;

(Secs. 112(b)(1)(B), 161(a)(3)(B); 20 U.S.C. 2312, 2391.)

(3) Those who are enrolled for additional education and training; and

(4) Those in none of the above categories.

(Implements Secs. 112(b)(1)(B), 161(a)(3)(B); 20 U.S.C. 2312, 2391.)

(e) Persons who are enrolled for additional education and training shall not be counted as "leavers" in the evaluation data.

(Secs. 112(b)(1)(B), 161(a)(3)(B); 20 U.S.C. 2312, 2391.)

(f) The evaluation data on completers and leavers shall be collected at a date to be specified by the National Center for Educational Statistics, HEW.

(Implements Secs. 112(b)(1)(B), 161(a)(3)(B); 20 U.S.C. 2312, 2391.)

§ 104.405 Assurance of compatible data.

In order to assure that the data on program completers and leavers are compatible and can be aggregated and reported for all of the States, each State shall utilize in its data collection and reporting the information elements and uniform definitions which are developed for the national vocational education data reporting and accounting system, as required by section 161 of the Act.

(Sec. 161(a)(3)(B); 20 U.S.C. 2391.)

Subpart 2—Basic Grant

GENERAL PURPOSES

§ 104.501 Authorization of grants.

A State shall use its basic grant, which is equal to 80 percent of the funds allotted pursuant to section 102(a) of the Act, for the purposes set forth in § 104.502.

(Secs. 103(e), 120(a); 20 U.S.C. 2303, 2330.)

§ 104.502 Use of funds under the basic grant.

(a) The State shall reserve $50,000 for each fiscal year from the funds available under the basic grant (section 120 of the Act) for the support of full-time personnel to perform the functions set forth in §§ 104.71 through 104.76.

(Sec. 104(b), 120(b)(1)(F); 20 U.S.C. 2304, 2330.)

(b) The State shall reserve an amount of funds it deems necessary for each fiscal year from the funds available under the basic grant (section 120 of the Act) for special programs and placement services which are tailored to meet the needs of the group identified in § 104.621. The scope of these vocational education programs are described in § 104.622.

(Sec. 107(b)(4)(B); 20 U.S.C. 2307.)

(c) The State may use the balance of the funds available under the basic grant (section 120 of the Act), in accordance with the approved five-year State plan and annual program plan, for any of the following purposes:

(1) Vocational education programs, described in § 104.511;

(2) Work-study programs, described in § 104.521;

(3) Cooperative vocational education programs, described in § 104.531;

(4) Energy education programs, described in § 104.541;

(5) Construction of area vocational education school facilities, described in § 104.551;

(6) The provision of stipends, described in § 104.571;

(7) Placement services for students who have successfully completed vocational education programs, described in § 104.581;

(8) Industrial arts programs, described in § 104.591;

(9) Support services for women, described in § 104.601;

(10) Day care services for children of students in secondary and postsecondary vocational education programs, described in § 104.611; and

(11) Construction and operation of residential vocational schools, decribed in § 104.631.

(Sec. 120(b); 20 U.S.C. 2330.)

VOCATIONAL EDUCATION PROGRAMS

§ 104.511 Use of funds.

(a) A State may use funds under its basic grant (section 120 of the Act) for vocational education programs which are described in its approved five-year State plan and annual program plan.

(b) Vocational education programs mean "organized educational programs which are directly related to the preparation of individuals for paid or unpaid employment, or for additional preparation (upgrading and retraining) for a career requiring other than a baccalaureate or advanced degree, and, for the purpose of this paragraph, the term 'organized education program' means only instruction related to the occupation or occupations for which the students are in training or instruction necessary for students to benefit from such training, and the acquisition, maintenance, and repair of instructional supplies, teaching aids, and equipment, and the term 'vocational education' does not mean the construction, acquisition or initial equipment of buildings, or the acquisition of rental of land."

(Secs. 120(b)(1)(A), 195(1); 20 U.S.C. 2330, 2461.)

§ 104.512 Vocational instruction.

(a) For the purposes of these regulations, vocational instruction means instruction which is designed upon its completion to prepare individuals for employment in a specific occupation or a cluster of closely related occupations in an occupational field, and which is especially and particularly suited to the needs of those engaged in or preparing to engage in such occupation or occupations.

(b) Vocational instruction may include:

(1) Classroom instruction;

(2) Classroom related field, shop, and laboratory work;

(3) Programs providing occupational work experience, including cooperative education and related instructional aspects of apprenticeship programs;

(4) Remedial programs which are designed to enable individuals to profit from instruction related to the occupation or occupations for which they are being trained by correcting whatever educational deficiencies or handicaps prevent them from benefiting from such instruction; and

(5) Activities of vocational student organizations which are an integral part of the vocational instruction, subject to the provisions in § 104.513.

(c) Vocational instruction may be provided to either:

(1) Those preparing to enter an occupation upon the completion of the instruction; or

(2) Those who have already entered an occupation but desire to upgrade or update their occupational skills and knowledge in order to achieve stability or advancement in employment.

(Implements Sec. 120(b)(1)(A); 20 U.S.C. 2330.)

§ 104.513 Activities of vocational education student organizations.

(a) A State may use funds under its basic grant to support activities of vocational education student organizations which are described in its approved five-year State plan and annual program plan and which are:

(1) An integral part of the vocational instruction offered; and

(2) Supervised by vocational education personnel who are qualified in the occupational area which the student organization represents.

(b) An integral part of vocational instruction includes:

(1) Training in an organized educational program which is directly related to the preparation of individuals for paid or unpaid employment in a career requiring other than a baccalaureate or higher degree; or

(2) Field or laboratory work incident to the vocational training and the cost of travel thereto; or

(3) Development and acquisition of instructional materials, supplies, and equipment for instructional services.

(c) An integral part of vocational instruction does not include:

(1) Lodging, feeding, conveying, or furnishing transportation to conventions or other forms of assemblage;

(2) Purchase of supplies, jackets, and other effects for students' personal ownership;

(3) Cost of non-instructional activities such as athletic, social, or recreational events;

(4) Printing and disseminating non-instructional newsletters;

(5) Purchase of awards for recognition of students, advisors, and other individuals; or

(6) Payment of membership dues.

(Implements Sec. 120(b)(1); 20 U.S.C. 2330; 31 U.S.C. 551.)

§ 104.514 Vocational instruction under contract.

(a) A State may make provision for any portion of the program of instruction on an individual or group basis by private vocational training institutions or other existing institutions capable of carrying out vocational programs through a written contract with the State board or local educational agency. The contract shall describe the portion of instruction to be provided by the institution and incorporate the standards and requirements of vocational instruction set forth in the regulations in this subpart and the approved five-year State plan.

(b) The contract for instruction shall be entered into only upon a determination by the State board or local educational agency that:

(1) The contract is in accordance with State and local law; and

(2) The instruction to be provided under contract will be conducted as a part of the vocational education program of the State and will constitute a reasonable and prudent use of funds available under the approved five-year State plan.

(c) The State board or local educational agency shall review the contracts with the institutions at least once a year.

(Implements Sec. 120(b)(1)(A); 20 U.S.C. 2330; Sen. Rept. 94-882, p. 67.)

WORK-STUDY PROGRAMS

§ 104.521 Use of funds.

A State may use funds under its basic grant (section 120 of the Act) for approved work-study programs, which are described in its approved five-year State plan and annual program plan.

(Sec. 120(b)(1)(B); 20 U.S.C. 2330.)

§ 104.522 Policy and procedure for work-study programs.

A State conducting work-study programs under § 104.521 shall set forth in the approved five-year State plan:

(a) An assurance that the State will adopt policies and procedures to insure that Federal funds used for this purpose will be expended solely for the payment or compensation of students employed pursuant to work-study programs which meet the requirements of § 104.523; and

V4267 APR 77 UMI

(b) The principles for determining the priority to be accorded applications from local educational agencies for work-study programs. These principles shall give preference to applications submitted by local educational agencies serving communities having substantial numbers of youths who have dropped out of school or who are unemployed. Work-study programs shall be funded in the order determined by the application of these principles.

(Sec. 120(b)(1)(B), 121(b); 20 U.S.C. 2330, 2331.)

§ 104.523 Requirements of work-study programs.

(a) Work-study programs shall be administered by the local educational agency and shall be made reasonably available (to the extent of available funds) to all youths in the area served by the agency who are able to meet the requirements of paragraph (b) of this section. The cost of administration of the work-study program shall be supported with non-Federal funds.

(b) Work-study programs shall be furnished only to a student who:

(1) Has been accepted for enrollment as a full-time student in a vocational education program which meets the standards prescribed by the State board and the local educational agency for vocational education programs assisted under this Act, or in the case of a student already enrolled in such a program, is in good standing and in full-time attendance;

(2) Is in need of the earnings from such employment to commence or continue the student's vocational education program; and

(3) Is at least 15 years of age and less than 21 years of age at the commencement of the student's employment, and is capable, in the opinion of the appropriate school authorities, of maintaining good standing in his or her vocational education program while employed under the work-study program.

(Sec. 121; 20 U.S.C. 2331.)

(c) No student shall be employed under a work-study program for more than 20 hours in any week in which classes in which the student is enrolled are in session.

(Implements Sec. 121(a)(3); 20 U.S.C. 2331.)

(d) No student employed under a work-study program shall be compensated at a rate which exceeds the hourly rate prevailing in the area for persons performing similar duties.

(e) Employment under these work-study programs shall be for the local educational agency or for some other public or nonprofit private agency or institution. Students employed in work-study programs assisted under the authority of this section shall not by reason of this employment be deemed employees of the United States, or their service Federal service, for any reason.

(f) In each fiscal year during which the work study program remains in effect, the local educational agency shall expend (from sources other than payments from Federal funds under this section) for the employment of its students (whether or not the employment is an area eligible for assistance under this section) an amount that is not less than its average annual expenditure for work-study programs of a similar character during the three fiscal years preceding the fiscal year in which its work-study program is approved.

(Sec. 121; 20 U.S.C. 2330, 2331.)

Cooperative Vocational Education Programs

§ 104.531 Use of funds.

(a) A State may use funds under its basic grant (section 120 of the Act) for grants to local educational agencies for establishing or expanding cooperative vocational education programs with the participation of public and private employers, when these programs are described in the approved five-year State plan and the annual program plan.

(b) The State shall give priority for funding cooperative vocational education programs to local educational agencies in areas that have high rates of school dropouts and youth unemployment.

(Sec. 122 (a), (e); 20 U.S.C. 2332.)

§ 104.532 Assurances in five-year State plan.

A State conducting cooperative vocational education programs under § 104.531 shall provide assurances in the approved five-year State plan that:

(a) Funds will be used only for developing and operating cooperative vocational education programs as defined in Appendix A and which provide training opportunities that may not otherwise be available and which are designed to serve persons who can benefit from these programs;

(b) Necessary procdeures are established for cooperation with employment agencies, labor groups, employers, and other community agencis in identifying suitable jobs for persons who enroll in cooperative vocational education programs;

(c) Provision is made, where necessary, for reimbursement of added costs to employers for on-the-job training of students enrolled in cooperative programs, provided that the on-the-job training is related to existing career opportunities susceptible of promotion and advancement and which do not displace other workers who perform the work;

(d) Procedures are developed and published for use by local educational agencies for providing ancillary services and activities to assure that quality in cooperative vocational education programs is provided for and may include pre-service and in-service training for teacher coordinators, supervision, curriculum materials, travel for students and coordinators necessary to the success of such programs, and evaluation;

(e) Funds from Federal sources will not be commingled with State or local funds so as to lose their identity. In developing policies and procedures, it shall not be necessary to require separate bank accounts for funds from Federal sources, so long as accounting methods will be established which assures that expenditures of the funds can be separately identified from other expenditures;

(f) To the extent consistent with the number of students enrolled in private nonprofit schools in the area to be served, whose educational needs are of the type which the program is designed to meet, provision has been made for the participation of these students in the programs; and

(g) Policies and procedures will be adopted for accounting, for continuous evaluation of cooperative vocational education programs, and for follow-up of students who have completed or left these programs.

(Sec. 122; 20 U.S.C. 2332.)

Energy Education

§ 104.541 Use of funds.

A State may use funds under its basic grant (section 120 of the Act), when included in the approved five-year State plan and annual program plan, for grants to postsecondary institutions for energy education.

(Sec. 123; 20 U.S.C. 2333.)

§ 104.542 Applications by postsecondary educational institutions.

(a) A State shall make a grant to a postsecondary educational institution only on application by the postsecondary educational institution to the State.

(b) The application shall describe with particularity a program for the training of miners, supervisors, and technicians (particularly safety personnel), and environmentalists in the field of coal mining and coal mining technology, including provision for supplementary demonstration projects or short-term seminars, which program may include curriculums such as:

(1) Extraction, preparation, and transportation of coals;

(2) Reclamation of coal mined land;

(3) Strengthening of health and safety programs for coal mine employees;

(4) Disposal of coal mine wastes; and

(5) Chemical and physical analysis of coal and materials, such as water and soil, that are involved in the coal mining process.

(c) Postsecondary educational institutions may use funds for the acquisition of equipment necessary for the conduct of these programs.

(Sec. 123(a)(1)(2) (A) through (E); 20 U.S.C. 2333.)

§ 104.543 Solar energy.

A State may also use funds under its basic grant (section 120 of the Act) to make grants to postsecondary educational institutions to carry out energy education programs for:

(a) Training of individuals needed for the installation of solar energy equipment; and

(b) Training necessary for the installation of: (1) Glass paneled solar collectors; (2) Wind energy generators; and (3) Other related applications of solar energy.

(Sec. 123(b); 20 U.S.C. 2333.)

Construction of Area Vocational Education School Facilities

§ 104.551 Use of funds.

A State may use funds under its basic grant (section 120 of the Act) to pay costs of constructing area vocational education school facilities, in accordance with the approved five-year State plan and annual program plan.

(Sec. 120(b)(1)(E); 20 U.S.C. 2330.)

§ 104.552 Types of facilities.

The State may use funds under the basic grant for construction if the facility meets one of the following requirements:

(a) A specialized high school used exclusively or principally for the provision of vocational education to persons who are available for study in preparation for entering the labor market; or

(b) The department of a high school exclusively or principally used for providing vocational education in no less than five different occupational fields to persons who are available for study in preparation for entering the labor market; or

(c) A technical or vocational school used exclusively or principally for the provision of vocational education to persons who have completed or left high school and who are available for study in preparation for entering the labor market, or

(d) The department or division of a junior college or community college or university operating under the policies of the State board which provides vocational education in no less than five different occupational fields, leading to immediate employment but not necessarily leading to a baccalaureate degree. These vocational education programs must:

(1) Be available to all residents of the State or an area of the State designated and approved by the State board; and

(2) In the case of a school, department, or division described in (c) or (d), admit as regular students both persons who have completed high school and persons who have left high school.

(Sec. 195(2); 20 U.S.C. 2461.)

§ 104.553 Construction requirements.

An area vocational education school facility constructed under provisions of §§ 104.551 and 104.552 must meet the requirements of Subpart K—"Construction Requirements" in the General Education Provisions Regulations, 45 CFR 100b.155 through 100b.192. The facility must also meet the requirements of the Architectural Barriers Act of 1968, 45 U.S.C. 4151, pertaining to standards for design, construction, and alteration of buildings.

(Sec. 120(b)(1)(E); 20 U.S.C. 2330; 45 CFR 100b.157 through 100b.192.)

Provision of Stipends

§ 104.571 Use of funds.

A State may use funds under its basic grant (section 120 of the Act), when included in the approved five-year State plan and annual program plan, for the provision of stipends for students entering or already enrolled in vocational education programs if these students have acute economic needs which cannot be met under work-study programs, subject to the restrictions in § 104.572.

(Sec. 120(b)(1)(G); 20 U.S.C. 2330.)

§ 104.572 Restrictions on payment of stipends.

No funds shall be used for the payment of stipends to students entering or already enrolled in programs of vocational education unless the State board first makes a specific finding in each instance of funding that the funding of this particular activity is necessary due to:

(a) Inadequate funding in other programs providing similar activities; or

(b) Other services in the area that are inadequate to meet the needs.

(Sec. 120(b)(1)(G); 20 U.S.C. 2330.)

§ 104.573 Application for payment of stipends by eligible recipients.

An eligible recipient desiring to provide stipends for eligible students under §§ 104.571 and 104.572 shall include a request for funds in the application submitted to the State board and shall provide in the application an assurance that each applicant to be approved meets the requirements of §§ 104.571 and 104.572.

(Sec. 120(b)(1)(G); 20 U.S.C. 2330.)

§ 104.574 Rates for stipends.

Students entering or already enrolled in vocational education programs may be paid stipends at a rate not to exceed the higher of:

(a) The minimum wage prescribed by State or local law multiplied by the number of hours per week the student is enrolled in the vocational eductaion program; or

(b) The minimum hourly wage set out under 6(a)(1) of the Fair Labor Standards Act of 1938, as amended, multiplied by the number of hours per week the student is enrolled in the vocational education program.

(Implements Sec. 120(b)(1)(G); 29 CFR 95.34(c); 20 U.S.C. 2330.)

Placement Service for Students Who Have Successfully Completed Vocational Education Programs

§ 104.581 Use of funds.

A State may use funds under its basic grant (section 120 of the Act), in accordance with the approved five-year State plan and annual program plan, for providing placement services for students who have successfuly completed vocational education programs, subject to restrictions in § 104.582.

(Sec. 120(b)(1)(H); 20 U.S.C. 2330.)

§ 104.582 Restrictions on placement services.

A State shall not use funds for placement services for students who have successfully completed vocational education programs, unless the State board first makes a specific finding in each instance of funding that the funding of this particular activity is necessary due to:

(a) Inadequate funding in other programs providing similar activities; or

(b) Other services in the area that are inadequate to meet the needs. For example, if insufficient funds are available under Section 134(a)(3) for the placement of students successfully completing vocational education programs, the State may use funds under the basic grant for this purpose.

(Sec. 120(b)(2); 20 U.S.C. 2330.)

§ 104.583 Application for funds by eligible recipients.

An eligible recipient desiring to provide placement services to students who have successfully completed vocational education programs under § 104.581 shall:

(a) Include the request for funds in the local application submitted to the State board; and

(b) Provide assurances that all placement services to be provided meet the requirements of § 104.582.

(Sec. 120(b)(1)(H); 20 U.S.C. 2330.)

Industrial Arts

§ 104.591 Use of funds.

A State may use funds under its basic grant (section 120 of the Act), when included in the approved five-year State plan and annual program plan, for industrial arts programs which meet the requirements set forth in § 104.592.

(Sec. 120(b)(1)(I); 20 U.S.C. 2330.)

§ 104.592 Industrial arts programs.

Industrial arts education programs which may be funded under § 104.591 are those industrial arts programs which are designed to meet the purposes of this Act, and which:

(a) Pertain to the body of related subject matter, or related courses, organized for the development of understanding about all aspects of industry and technology, including learning experiences involving activities such as experimenting, designating, constructing, evaluating, and using tools, machines, materials, and processes; and

(b) Assist individuals in making informed and meaningful occupational choices or which prepare them for entry into advanced trade and industrial or technical education programs.

(Sec. 195(15); 20 U.S.C. 2461.)

Support Services for Women

§ 104.601 Use of funds.

A State may use funds under its basic grant (section 120 of the Act), when included in its approved five-year State

V 4267 APR 7 7 UMI

plan and annual program plan, for support services for women who enter vocational education programs designed to prepare individuals for employment in jobs which have been traditionally limited to men.

(Sec. 120(b)(1)(J); 20 U.S.C. 2330.)

§ 104.602 Types of support services.

Support services to be provided under § 104.601 include:

(a) *Counseling.* Counseling women entering and enrolled in non-traditional programs on the nature of these programs and the difficulties which may be encountered by women in these programs. Counselors may furnish supportive services to assist students in adjusting to the new employment requirements.

(Implements Sec. 120(b)(1)(J); 20 U.S.C. 2330.)

(b) *Job development.* Programs and activities in the area of job development include the provision of materials and information concerning the world of work which present women students in nontraditional programs the options, opportunities, and range of jobs available in these nontraditional fields. Job development support services may also be carried out through bringing persons employed in these nontraditional fields into the schools, as well as providing opportunities for women students to visit the work place of business and industry so as to afford them a clear understanding of the nature of the work, including an understanding of the work setting in which these jobs are performed.

(Implements Sec. 120(b)(1)(J); 20 U.S.C. 2330; H.R. Rept No. 94–1085, pp. 23–25.)

(c) *Job follow-up support.* Support services may be provided to assist women students in finding employment relevant to their training and interests. Follow-up services may be provided to assist students in the work force, and dealing with barriers which women face in working in these nontraditional areas.

(Implements Sec. 120(b)(1)(J); 20 U.S.C. 2330.)

§ 104.603 Support to increase number of women instructors.

In funding programs and activities of support services for women, funds may be used to increase the number of women instructors involved in the training of individuals in programs which have tradit.onally enrolled mostly males, so as to provide supportive examples for these women who are preparing for jobs in these nontraditional areas of employment.

(Implements Sec. 120)(b)(1)(J); 20 U.S.C. 2330; H.R. Rept. No. 1085, p. 24.)

DAY CARE SERVICES FOR CHILDREN OF STUDENTS

§ 104.611 Use of funds.

A State may use funds under its basic grant (section 120 of the Act), when included in the approved five-year State plan and annual program plan, to provide day care services for children of students (both male and female and including single parents) in secondary and postsecondary vocational education programs.

(Sec. 120(b)(1)(K); 20 U.S.C. 2330.)

§ 104.612 Day care services.

(a) Day care services shall be for the purpose of providing appropriate care and protection of infants, pre-school and school-age children in order to afford students who are parents the opportunity to participate in vocational education programs.

(b) The day care services provided under this section shall be governed by applicable standards or State law governing the provisions of these services.

(Implements Sec. 120(b)(1)(K); 20 U.S.C. 2330.)

VOCATIONAL EDUCATION PROGRAMS FOR DISPLACED HOMEMAKERS AND OTHER SPECIAL GROUPS

§ 104.621 Use of funds.

A State shall use funds under its basic grant (section 120 of the Act) in accordance with its approved five-year State plan and annual program plan to provide vocational education programs for the following special groups:

(a) Persons who had been homemakers but who now, because of dissolution of marriage, must seek employment;

(b) Persons who are single heads of households and who lack adequate job skills;

(c) Persons who are currently homemakers and part-time workers but who wish to secure a full-time job; and

(d) Women who are now in jobs which have been traditionally considered jobs for females and who wish to seek employment in job areas which have not been traditionally considered as job areas for females, and men who are now in jobs which have been traditionally considered jobs for males and who wish to seek employment in job areas which have not been traditionally considered as job areas for males.

(Secs. 107(b)(4)(B), 120(b)(1)(L); 20 U.S.C. 2307, 2330)

§ 104.622 Scope of programs.

The State shall fund programs, in accordance with the policies and procedures described in its approved five-year State plan pursuant to § 104.187(b), to assess and meet the needs of the groups described in § 104.621. These programs shall include:

(a) Organized educational programs necessary to prepare these special groups for employment, including the acquisition, maintenance and repair of instructional supplies;

(b) Special courses preparing these individuals in how to seek employment; and

(c) Provision of placement service for the graduate of these programs.

(Implements Sec. 120(b)(1)(L); 20 U.S.C. 2330.)

CONSTRUCTION AND OPERATION OF RESIDENTIAL VOCATIONAL SCHOOLS

§ 104.631 Use of funds.

A State may use funds under its basic grant (section 120 of the Act) when included in its five-year State plan and annual program plan for the construction equipment, and operation of residential vocational schools, including room, board, and other necessities.

(Sec. 120(b)(1)(M); 20 U.S.C. 2330.)

§ 104.632 Residential vocational schools.

A residential vocational school is an institution which provides vocational education for youths (males and females) who are at least 15 years of age and less than 21 years of age at the time of enrollment, and who need full-time study on a residential basis in order to benefit fully from the education. For the purposes of this section, institutions to which juveniles are assigned as a result of their delinquent conduct are not residential vocational schools. (This does not prohibit States from using funds under section 120 of the Act for the provision of vocational education programs in correctional institutions.)

(Sec. 124; 20 U.S.C. 2334.)

§ 104.633 Special considerations for residential vocational schools.

(a) States shall give special consideration to the needs of large urban areas and isolated rural areas having substantial numbers of youths who have dropped out of school or who are unemployed.

(b) Funds may not be used for schools in which students are segregated because of race.

(Sec. 124(b); 20 U.S.C. 2334.)

§ 104.634 Construction requirements.

When Federal funds are used to pay part of the cost of constructing a residential vocational school, the facility must meet the requirements of § 104.552.

(Sec. 120(b)(1)(M); 20 U.S.C. 2330; 45 CFR 100b.157 through 100b.192.)

Subpart 3—Program Improvement and Supportive Services

§ 104.701 Authorization of grants.

A State shall use 20 percent of the funds allotted pursuant to section 102(a) of the Act for the purposes set forth in §§ 104.702, 104.761, 104.771, and 104.791.

(Secs. 103(e), 130; 20 U.S.C. 2303, 2350.)

PROGRAM IMPROVEMENT

§ 104.702 Purpose.

The purpose of program improvement is to improve vocational education by the support of research programs, exemplary and innovative programs, and curriculum development programs.

(Sec. 130; 20 U.S.C. 2350.)

§ 104.703 Research coordination unit.

(a) In order to expend funds for program improvement, the State shall establish a research coordination unit to coordinate the research, exemplary and innovative programs, and curriculum development activities in the State.

(b) The State shall set forth the organizational structure of this research coordination unit in the five-year State plan.

(c) The research coordination unit shall develop a comprehensive plan of program improvement which includes:

(1) The intended uses of funds available under section 130 of the Act to support activities of program improvement;

(2) A description of the State's priorities for program improvement; and

(3) The procedures adopted by the research coordination unit to insure that the findings and results of the program improvement activities in the State are disseminated throughout the State in a coordinated fashion.

(d) The State shall include the comprehensive plan of program improvement in the five-year State plan and annual program plan.

(e) The research coordination unit shall submit to the Commissioner and to the National Center for Research in Vocational Education the following:

(1) Two copies of an abstract of each approved project for program improvement, within 30 calendar days after approval of the project, containing the source and amount of funds obligated for the project; and

(2) Two copies of the final report resulting from the State project, within three months after the ending date of the project.

(f) The research coordination unit may use funds available under section 130 of the Act for the purposes set forth in §§ 104.705, 104.706, and 104.708. This unit may contract for the performance of activities described in §§ 104.705, 104.706, and 104.708, or this unit may perform the activities directly, using its own staff. The cost of the professional and support staff of the research coordination unit is supportable with Federal funds available under section 130 of the Act.

(Implements Secs. 130, 131, 132, 133, 171; 20 U.S.C. 2350 through 2353, 2401; H.R. Rept. 94–1085, p. 44; H.R. Rept. 94–1701, pp. 225–226.)

§ 104.704 Contract requirements.

No contract shall be made pursuant to §§ 104.705, and 104.706 unless the applicant can demonstrate a reasonable probability that the contract will result in improved teaching techniques or curriculum materials that will be used in a substantial number of classrooms or other learning situations within five years after the termination date of such contracts.

(Sec. 131(b), 133(b); 20 U.S.C. 2351, 2353.)

§ 104.705 Use of funds for research programs.

A research coordination unit may use funds available under section 130 of the Act for:

(1) Applied research and development in vocational education;

(2) Experimental, developmental, and pilot programs and projects designed to test the effectiveness of research findings, including programs and projects to overcome problems of sex bias and sex stereotyping;

(3) Improved curriculum materials for presently funded programs in vocational education and new curriculum materials for new and emerging job fields, including a review and revision of any curricula developed under this section to insure that such curricula do not reflect stereotypes based on sex, race, or national origin;

(4) Projects in the development of new careers and occupations, such as:

(A) Research and experimental projects designed to identify new careers in such fields as mental and physical health, crime prevention and correction, welfare, education, municipal services, child care, and recreation, requiring less training than professional positions, and to delineate within such career roles with the potential for advancement from one level to another;

(B) Training and development projects designed to demonstrate improved methods of securing the involvement, cooperation, and commitment of both the public and private sectors toward the end of achieving greater coordination and more effective implementation of programs for the employment of persons in the fields described in subparagraph (A), including programs to prepare professionals (including administrators) to work effectively with aides; and

(C) Projects to evaluate the operation of programs for the training, development, and utilization of public service aides, particularly their effectiveness in providing satisfactory work experiences and in meeting public needs; and

(5) Dissemination of the results of the contracts made pursuant to paragraphs (1) through (4), including employment of persons to act as disseminators, on a local level, of these results."

(Sec. 131(a); 20 U.S.C. 2351.)

§ 104.706 Use of funds for exemplary and innovative programs.

(a) The research coordination unit may use funds available under section 130 of the Act for:

(1) Programs to develop high quality vocational education programs for urban centers with high concentrations of:

(i) Economically disadvantaged individuals;

(ii) Unskilled workers; and

(iii) Unemployed individuals.

(2) Programs to develop training opportunities for:

(i) Persons in sparsely populated rural areas; and

(ii) Individuals migrating from farms to urban areas.

(3) Programs of effective vocational education for persons of limited English-speaking ability;

(4) Establishment of cooperative arrangements between public education and manpower agencies, designed to correlate vocational education opportunities with current and projected needs of the labor market; and

(5) Programs designed to broaden occupational aspirations and opportunities for youth, especially for youth who have academic, socioeconomic, or other handicaps. These programs include:

(i) Programs and project to familiarize elementary and secondary students with the broad range of occupations for which special skills are required and the requisites for careers in those occupations; and

(ii) Programs and projects to facilitate the participation of employers and labor organizations in postsecondary vocational education.

(6) Dissemination of the results of these contracts made under the authority of paragraphs (a) through (e), including employment of persons to act as disseminators, on a local level, of these results.

(Sec. 132(a); 20 U.S.C. 2352.)

(b) Every contract made by a research coordination unit for the purpose of funding exemplary and innovative projects shall:

(1) Give priority to programs and projects designed to reduce sex stereotyping in vocational education;

(2) To the extent consistent with the number of students enrolled in private nonprofit schools in the area to be served, whose educational needs are of the type which the program is designed to meet, make provision for the participation of these students in the programs; and also

(3) Provide that the Federal funds will not be commingled with State or local funds.

(Sec. 132(b); 20 U.S.C. 2352.)

§ 104.707 Disposition of exemplary and innovative programs.

The State shall indicate in the annual program plan and accountability report covering the final year of financial support by the State for any exemplary and innovative program:

(a) The proposed disposition of the program when Federal support ends; and

(b) The means by which successful or promising programs will be continued and expanded within the State.

(Sec. 132(c); 20 U.S.C. 2352.)

§ 104.708 Use of funds for curriculum development programs.

The research coordination unit may use funds available under section 130 of the Act for:

(a) Development and dissemination of vocational education curriculum materials for new and changing occupational fields;

(b) Development and dissemination of vocational education curriculum materials for:

(1) Handicapped persons;

(2) Disadvantaged persons (other than handicapped persons);

(3) Persons of limited English-speaking ability;

(c) Development and dissemination of curriculum and guidance and testing mateirals designed to overcome sex bias in vocational educational programs;

(d) Support services designed to enable teachers to meet the needs of individuals enrolled in vocational education programs traditionally limited to members of the opposite sex; and

V 4 2 6 7 APR 7 7 7 UMI

(e) Development and dissemination of other curriculum materials designed to improve the State's vocational education programs.

(Sec. 133(a); 20 U.S.C. 2353.)

VOCATIONAL GUIDANCE AND COUNSELING

§ 104.761 Purpose.

The purpose of vocational guidance and counseling assistance is to improve the State's vocational education programs by providing support for vocational development guidance and counseling programs, services, and activities.

(Secs. 130(b)(4), 134(a); 20 U.S.C. 2350, 2354.)

§ 104.762 Conformity with five-year State plan.

(a) A State shall use not less than 20 pecent of the Federal funds available under section 130 of the Act to support vocational development guidance and counseling programs, services, and activities.

(b) The expenditure of funds for this purpose shall be in accordance with the approved five-year State plan and annual program plan.

(Sec. 134; 20 U.S.C. 2354; Sen. Rept. 94-882, p. 80.)

§ 104.763 Kinds of programs, services, and activities.

Funds made available to a State under the vocational guidance and counseling program (section 134 of the Act) shall be used to support one or more of the following:

(a) Guidance and counseling.

(1) Initiation, implementation, and improvement of high quality vocational guidance and counseling programs and activities;

(2) Vocational counseling for children, youth, and adults, leading to a greater understanding of education and vocational options;

(3) Vocational and educational counseling for youth and adult offenders in correctional institutions;

(4) Vocational guidance and counseling for persons of limited English-speaking ability.

(Sec. 134(a); 20 U.S.C. 2354.)

(b) *Placement services.* Educational placement and job placement services, including:

(1) Programs to prepare individuals for professional occupations;

(2) Programs to prepare individuals for other occupations requiring a baccalaureate or higher degree; and

(3) Follow-up services for the persons placed under this service.

(Sec. 134(a); 20 U.S.C. 2354; Sen. Rept. No. 94-882, p. 80.)

(c) *Vocational resource centers.* Establishment of such centers to meet the special needs for vocational guidance and counseling of:

(1) Persons who are out of school;

(2) Persons seeking second careers;

(3) Persons entering or reentering the job market late in life;

(4) Handicapped persons;

(5) Persons in economically depressed areas; and

(6) Early retirees.

(d) *Training.* Provision of training for guidance and counseling personnel designed to acquaint them with:

(1) Changing work patterns of women;

(2) Ways of overcoming occupational sex stereotyping;

(3) Ways of assisting girls and women in selecting careers solely on their occupational needs and interests; and

(4) Ways of developing improved career counseling materials which are available to the public at no cost.

(e) *Leadership.* Provision of leadership for vocational guidance and exploration programs at the local level.

(Sec. 134(a); 20 U.S.C. 2354.)

§ 104.764 Special emphasis.

Recipients of funds allocated by the State for programs, services, and activities listed in § 104.763(a) (1) or (2) shall use those funds, insofar as is practicable:

(a) To bring individuals with experience in business and industry, the professions, and other occupational pursuits into schools as counselors or advisors for students;

(b) To bring students into the work establishments of business and industry, the professions, and other occupations to acquaint students with the nature of work accomplished therein; and

(Sec. 134(b); 20 U.S.C. 2354.)

(c) To enable guidance counselors to obtain experience in business and industry, the professions, and other occupational pursuits which will better enable those counselors to carry out their guidance and counseling duties.

(Sec. 134(b); 20 U.S.C. 2354; Conf. Rept. No. 94-1701, p. 225.)

VOCATIONAL EDUCATION PERSONNEL TRAINING

§ 104.771 Purpose.

The purpose of vocational education personnel training is to improve the State's vocational education programs and the services which support those programs by improving the qualifications of persons serving or preparing to serve in vocational education programs.

(Sec. 135(a); 20 U.S.C. 2355.)

§ 104.772 Conformity with five-year State plan.

(a) The State may use funds available under section 130 of the Act to support vocational education personnel training programs.

(Sec. 135(a); 20 U.S.C. 2355.)

(b) In order to be eligible for support under section 130 of the Act, specific programs and projects of training must be in accord with the general plan for vocational education personnel training as set forth in the approved five-year State plan and annual program plan for vocational education.

(Sec. 130(b); 20 U.S.C. 2350.)

§ 104.773 Eligible participants.

Training may be provided to persons serving or preparing to serve in vocational education programs, including teachers, administrators, supervisors, and vocational guidance and counseling personnel.

(Sec. 135(a); 20 U.S.C. 2355.)

§ 104.774 Types of training.

Funds available to the State under section 130 of the Act may be used to support programs and projects designed to improve the qualifications of persons who are eligible under § 104.773, including (but not limited to) the following:

(a) Training or retraining for teachers, and supervisors and trainers of teachers, in vocational education in new and emerging occupations;

(b) In-service training for vocational education teachers and other staff members, to improve the quality of instruction, supervision, and administration of vocational education programs, and to overcome sex bias in vocational education programs;

(c) Provisions for exchange of vocational education teachers and other personnel with skilled workers or supervisors in business, industry, and agriculture (including mutual arrangements for preserving employment and retirement status and other employment benefits during the period of exchange), and the development and operation of cooperative programs involving period of teaching in schools providing vocational education and of experience in commercial, industrial, or other public or private employment related to the subject matter taught in such schools;

(d) Training to prepare journeymen in the skilled trades or occupations for teaching positions;

(e) Training, including in-service training, for teachers and supervisors and trainers of teachers in vocational education to improve the quality of instruction, supervision and administration of vocational education for persons of limited English-speaking ability and to train or retrain counseling and guidance personnel to meet the special needs of persons of limited English-speaking ability;

(f) Provision of short-term or regular-session institutes designed to improve the qualifications of persons entering or reentering the field of vocational education in new and emerging occupational areas in which there is a need for such personnel.

(Sec. 135(a); 20 U.S.C. 2355.)

§ 104.775 Grants or contracts.

The State board may make grants or contracts, in accordance with its five-year State plan and annual program plan, in support of both training and retraining programs and projects to provide:

(a) Both pre-service and in-service education; and

(b) Both regular-session (academic year) institutes and short-term institutes.

(Sec. 135 (a)(6), (b); 20 U.S.C. 2355.)

§ 104.776 Stipends to trainees.

Within the limits set in paragraphs (c) through (f) of this section, the State board may, at its discretion, authorize payment of:

(a) Stipends to participating trainees in programs or projects supported under section 135 of the Act; and

(b) Allowances for other expenses for such trainees and their dependents.

(Sec. 135(b); 20 U.S.C. 2355.)

(c) *Part-time and short-term training.* For part-time training and for short-term training (for periods not in excess of the equivalent of ten working days), the upper limits of stipends per participant are:

(1) Per hour of actual training, a sum not in excess of the average amount earned per hour of teaching by full-time classroom teachers in the State;

(2) Per full day of training, a sum not in excess of six times the rate per hour set in paragraph (c)(1) of this section; and

(3) Per five-day week of training, a sum not in excess of five times the rate per day set in paragraph (c) (2) of this section.

(d) *Full-time academic year or summer session.* The upper limits for stipends per participant for full-time training are:

(1) Per academic year of approximately nine months, a sum not in excess of $4500; and

(2) Per summer session of at least six weeks, a sum not in excess of $900.

(e) *Other periods of full-time training.* For full-time training for periods of more than the equivalent of ten full days and less than six weeks, the stipend is limited to a sum calculated at a rate proportionate to $500 per calendar month.

(f) *Other allowances.* In addition to the sum allowable under authority of paragraphs (c), (d), and (e), the State may make payments only as follows:

(1) For the cost of participant travel to and from training sites, a participant is allowed the same per-mile rate for automobile travel as an employee of the State educational agency;

(2) For support of dependents of participants, a sum not in excess of:

(i) $675 per dependent for each academic year of full-time training; and

(ii) $170 per dependent for full-time training during a summer session of at least six weeks.

(Implements Sec. 135(b); 20 U.S.C. 2355.)

GRANTS TO OVERCOME SEX BIAS

§ 104.791 Purpose.

The purpose of grants under § 104.792 is to support activities which show promise of overcoming sex bias and sex stereotyping in vocational education.

(Secs. 130(b)(6), 136; 20 U.S.C. 2350, 2356.)

§ 104.792 Conformity with five-year State plan.

(a) A State may use funds available under section 130 of the Act to support grants to overcome sex bias in vocational education programs.

(Sec. 136; 20 U.S.C. 2356.)

(b) The expenditure of funds for this purpose shall be in accordance with the approved five-year State plan and annual program plan. The plans shall describe the types of projects to be funded.

(Sec. 130(b); 20 U.S.C. 2350.)

§ 104.793 Types of projects.

Funds may be used for projects such as:

(a) Research projects on ways to overcome sex bias and sex stereotyping in vocational educational programs;

(b) Development of curriculum materials free of sex stereotyping;

(c) Development of criteria for use in determining whether curriculum materials are free from sex stereotyping.

(d) Examination of current curriculum materials to assure that they are free of sex stereotyping;

(e) Training to acquaint guidance counselors, administrators, and teachers with ways of:

(1) Effectively overcoming sex bias; and

(2) Assisting girls and women in selecting careers.

(Implements Sec. 136; 20 U.S.C. 2356.)

Subpart 4—Special Programs for the Disadvantaged

§ 104.801 Grants to States for special programs for the disadvantaged.

A State shall use the funds allocated to it from the separate authorization (section 102(b) of the Act) for special programs for the disadvantaged as defined in § 104.804 and Appendix A of these regulations.

(Sec. 140; 20 U.S.C. 2370.)

§ 104.802 Use of funds.

(a) A State shall use the funds available under § 104.801, in accordance with the approved five-year State plan and annual program plan, for special programs of vocational education for disadvantaged persons in areas of high concentration of youth unemployment and school dropouts.

(b) A State shall use the funds under § 104.801 to pay up to 100 percent of the cost of special programs for disadvantaged persons.

(c) Funds available under § 104.801 may be used in addition to funds made available to the State for basic grants (section 120 of the Act) provided that the funds are used to conduct special programs of vocational education for the disadvantaged to enable them to succeed in vocational education programs.

(Sec. 140; 20 U.S.C. 2370.)

§ 104.803 Students in nonprofit private schools.

A State may grant funds to eligible recipients only if:

(a) Provision has been made for the participation of students enrolled in nonprofit private schools in the area to be served whose educational needs are of the type which the program or projects involved is to meet, to the extent consistent with the number of such students; and

(b) Effective policies and procedures have been adopted which assure that Federal funds made available under this subpart to accommodate students in nonprofit private schools will not be commingled with State or local funds.

(Sec. 140(b)(2); 20 U.S.C. 2370.)

§ 104.804 Criteria of need and eligibility.

(a) The term "disadvantaged" means persons (other than handicapped persons) who:

(1) Have academic or economic disadvantages; and

(2) Require special services, assistance, or programs in order to enable them to succeed in vocational education programs.

(Sec. 195(16); 20 U.S.C. 2461.)

(b) "Academic disadvantage," for the purposes of this definition of "disadvantaged," means that a person:

(1) Lacks reading and writing skills;

(2) Lacks mathematical skills; or

(3) Performs below grade level.

(c) "Economic disadvantage," for the purposes of this definition of "disadvantaged," means:

(1) Family income is at or below national poverty level;

(2) Participant or parent(s) or guardian of the participant is unemployed;

(3) Participant or parent of participant is recipient of public assistance; or

(4) Participant is institutionalized or under State guardianship.

(Implements Sec. 140; 20 U.S.C. 2370.)

(d) Eligibility for participation in the special programs supported under § 104.801 is limited to persons who (because of academic or economic disadvantage):

(1) Do not have, at the time of entrance into a vocational education program, the prerequisites for success in the program; or who

(2) Are enrolled in a vocational education program but require supportive services or special programs to enable them to meet the requirements for the program that are established by the State or the local educational agency.

(Implements Sec. 140; 20 U.S.C. 2370.)

Subpart 5—Consumer and Homemaking Education

§ 104.901 Grants to States for consumer and homemaking education.

A State shall use the funds allotted to it from the separate authorization (section 102(c) of the Act) for programs of consumer and homemaking education.

(Sec. 150(a); 20 U.S.C. 2380.)

§ 104.902 Use of funds.

A State shall use the funds available under section 150 of the Act, in accordance with its approved five-year State

V 4267 APR 7 7 7 UMI

plan and annual program plan, solely for:

(a) Educational programs in consumer and homemaking; and

(b) Ancillary services.

(Sec. 150(b); 20 U.S.C. 2380.)

§ 104.903 Educational programs in consumer and homemaking.

(a) Educational programs in consumer and homemaking may be conducted at all educational levels (elementary, secondary, postsecondary or adult).

(b) Educational programs in consumer and homemaking consist of instructional programs, services, and activities for occupations of homemaking.

(c) Programs for the occupations of homemaking include (but are not limited to):

(1) Consumer education;

(2) Food and nutrition;

(3) Family living and parenthood education;

(4) Child development and guidance;

(5) Housing and home management (including resource management); and

(6) Clothing and textiles.

(Sec. 150(b); 20 U.S.C. 2380.)

§ 104.904 Purpose of educational programs in consumer and homemaking.

A State shall set forth in the five-year State plan and annual program plan the educational programs in consumer and homemaking which it intends to support. Funds available under section 150 of the Act shall only be provided to support educational programs in consumer and homemaking which:

(a) Encourage participation of both males and females to prepare for combining the roles of homemakers and wage earners;

(b) Encourage elimination of sex stereotyping by promoting the development of curriculum materials which deal with:

(1) Increased numbers of women working outside the home;

(2) Increased numbers of men assuming homemaking responsibilities;

(3) Changing career patterns of men and women; and

(4) Appropriate Federal and State laws relating to equal opportunity in education and employment;

(c) Give greater consideration to economic, social, and cultural conditions and needs, especially in economically depressed areas and, where appropriate, to bilingual instruction;

(d) Encourage eligible recipients to operate outreach programs in communities for youth and adults, giving consideration to their special needs, such as (but not limited to):

(1) The aged;

(2) Young children;

(3) School-age parents;

(4) Single parents;

(5) Handicapped persons;

(6) Educationally disadvantaged persons;

(7) Programs connected with health care delivery systems, such as providing parenthood education, nutrition education and consumer education; and

(8) Programs providing services for courts and correctional institutions, such as providing child development and guidance programs for short term court offenders;

(e) Prepare males and females who have entered or are preparing to enter into the work of the home; and

(f) Emphasize the following areas in order to meet current societal needs:

(1) Consumer education;

(2) Management of resources;

(3) Promotion of nutritional knowledge and food use; and

(4) Promotion of parenthood education.

(Sec. 150(b); 20 U.S.C. 2380.)

§ 104.905 Ancillary services.

A State may use funds available under section 150 of the Act to provide ancillary services, activities, and other means of assuring quality in all consumer and homemaking education programs. These ancillary services may include (but are not limited to): (a) Teacher training; (b) teacher supervision; (c) curriculum development; (d) research; (e) program evaluation; (f) special demonstration and experimental programs; (g) development of instructional materials; (h) exemplary projects; (i) provision of equipment; and (j) state administration and leadership.

(Sec. 150(b)(2); 20 U.S.C. 2380.)

§ 104.906 Federal share.

(a) A State shall use at least one-third of the funds available under section 150 of the Act to pay up to 90 percent of the cost of programs in economically depressed areas or areas with high rates of unemployment. These programs shall be designed to: (1) Assist consumers; (2) Help improve home environment; and (3) Help improve the quality of family life.

(b) A State shall use the remainder of the funds available under section 150 of the Act to pay up to 50 percent of the cost of educational programs in consumer and homemaking and ancillary services.

(Sec. 150(c), (d); 20 U.S.C. 2380.)

Appendix A

Definitions

"Act" means the Vocational Education Act of 1963, Pub. L. 88-210, as amended by Title II of the Education Amendments of 1976, Pub. L. 94-482, 90 Stat. 2168, 20 U.S.C. 2301 et seq.

(Secs. 101-195, 20 U.S.C. 2301 et seq.)

"Administration" means activities of a State necessary for the proper and efficient performance of its duties under the Act, including supervision, but not including ancillary services.

(Sec. 195(20); 20 U.S.C. 2461.)

"Adult program" means vocational education for persons who have completed or left high school and who are not described in the definition of "postsecondary program," or who have already entered the labor market, or who are unemployed.

(Sec. 110(c); 20 U.S.C. 2461.)

"Ancillary services" means activities which contribute to the enhancement of quality in vocational education programs, including activities such as teacher training and curriculum development, but excluding administration (except in consumer and homemaking education under Section 150 of the Act).

(Implements Sec. 195(20); 20 U.S.C. 2461.)

"Area vocational education school" means:

(a) A specialized high school used exclusively or principally for the provision of vocational education to persons who are available for study in preparation for entering the labor market;

(b) The department of a high school exclusively or principally used for providing vocational education in no less than five different occupational fields to persons who are available for study in preparation for entering the labor market; or

(c) A technical or vocational school used exclusively or principally for the provision of vocational education to persons who have completed or left high school and who are available for study in preparation for entering the labor market; or

(d) The department or division of a junior college or community college or university operating under the policies of the State board which provides vocational education in no less than five different occupational fields, leading to immediate employment but not necessarily leading to a baccalaureate degree, if:

(1) The vocational programs are available to all residents of the State or an area of the State designated and approved by the State board; and

(2) In the case of a school, department, or division described in (c) or (d), it admits as regular students both persons who have completed high school and persons who have left high school.

(Sec. 195(2); 20 U.S.C. 2461.)

"CETA" means the Comprehensive Employment and Training Act of 1973, Pub. L. 93-23, 87 Stat. 839, as amended.

"Commissioner" means the U.S. Commissioner of Education or the Commissioner's designee.

(Sec. 195(5); Sec. 421A(a) of GEPA; 20 U.S.C. 2461.)

"Construction" includes:

(a) Construction of new buildings;

(b) Acquisition, expansion, remodeling, and alteration of existing buildings;

(c) Site grading and improvement; and

(d) Architect fees.

(Sec. 195(4); 20 U.S.C. 2461.)

"Cooperative education" means a program of vocational education for persons who, through written cooperative arrangements between the school and employers, receive instruction, including required academic courses and related vocational instruction by alternation of study in school with a job in any occupational field, but these two experiences must be planned and supervised by the school and employers so that each contributes to the student's education and to his or her employability. Work periods and school attendance may be on alternate half days, full days, weeks, or other periods of time in fulfilling the cooperative program.

(Sec. 195(18); 20 U.S.C. 2461.)

"Curriculum materials" means materials:

(a) Covering instruction in a course or series of courses in any occupational field; and

(b) Designed to prepare persons for employment at the entry level; or

(c) Designed to upgrade occupational competencies of those previously or presently employed in any occupational field.

(Sec. 195(19); 20 U.S.C. 2461.)

"Disadvantaged" means:

(a) Persons (other than handicapped persons) who:

(1) Have academic or economic disadvantages; and

(2) Require special services, assistance, or programs in order to enable them to succeed in vocational education programs.

(Sec. 195(16); 20 U.S.C. 2461.)

(b) "Academic disadvantage," for the purposes of this definition of "disadvantaged," means that a person:

(1) Lacks reading and writing skills;

(2) Lacks mathematical skills; or

(3) Performs below grade level.

(c) "Economic disadvantage," for the purposes of this definition of "disadvantaged," means:

(1) Family income is at or below national poverty level;

(2) Participant or parent(s) or guardian of the participant is unemployed;

(3) Participant or parent of participant is recipient of public assistance; or

(4) Participant is institutionalized or under State guardianship.

(Interprets Sec. 195(16); 20 U.S.C. 2461.)

"Eligible recipient" means:

(a) A local educational agency, or

(b) A postsecondary educational institution.

(Sec. 195(13); 20 U.S.C. 2461.)

"Handicapped" means:

(a) A person who is:

(1) Mentally retarded;

(2) Hard of hearing;

(3) Deaf;

(4) Speech impaired;

(5) Visually handicapped;

(6) Seriously emotionally disturbed;

(7) Crippled (orthopedically impaired); or

(8) Other health impaired person, including a person who suffers from learning disabilities to the extent the disability is a health impairment; and

(b) Who, by reason of the above:

(1) Requires special education and related services, and

(2) Cannot succeed in the regular vocational education program without special educational assistance; or

(3) Requires a modified vocational education program.

(Sec. 197(7); Sec. 602(1) of the Education of Handicapped Act; 20 U.S.C. 2461; 20 U.S.C. 4001.)

"HEW" means the Department of Health, Education, and Welfare.

(42 U.S.C. 3501.)

"Industrial arts education programs" means those educattion programs:

(a) Which pertain to the body of related subject matter, or related courses, organized for the development of understanding about all aspects of industry and technology, including learning experiences involving activities such as experimenting, designing, constructing, evaluating, and using tools, machines, materials, and processes; and

(b) Which assist individuals in making informed and meaningful occupational choices or which prepare them for entry into advanced trade and industrial or technical education programs.

(Sec. 195(15); 20 U.S.C. 2461.)

"Institution of higher education" means institution of higher education as defined in section 1201(a) of the Higher Education Act.

(Sec. 1201(a) of the Higher Education Act, 20 U.S.C. 1141(a).)

"Local educational agency" means:

(a) A board of education (or other legally constituted local school authority) having administrative control and direction of public elementary or secondary schools in a city county, township, school district, or political subdivision of a State; or

(b) Any other public educational institution or agency having administrative control and direction of a vocational educational program.

(Sec. 195(10); 20 U.S.C. 2461.)

"Low-income family or individual" means families or individuals who are determined to be low-income according to the latest available data from the Department of Commerce.

(Sec. 195(17); 20 U.S.C. 2461.)

"National Advisory Council" (NACVE) means the previously existing National Advisory Council on Vocational Education which is continued by section 162 of the Act.

(Sec. 195(14); 20 U.S.C. 2461.)

"Postsecondary educational institution" means a nonprofit institution legally authorized to provide postsecondary education within a State for persons sixteen years of age or older, who have graduated from or left elementary or secondary school.

(Sec. 195(12); 20 U.S.C. 2461.)

"Postsecondary program" means vocational education for persons who have completed or left high school and who are enrolled in organized programs of study for which credit is given toward an associate or other degree, but which programs are not designed as baccalaureate or higher degree programs.

(Sec. 110(c); 20 U.S.C. 2310.)

"School facilities" means:

(a) Classrooms and related facilities (including initial equipment) and interests in lands on which such facilities are constructed.

(b) "School facilities" does not include any facility intended primarily for events for which admission is to be charged to the general public.

(Sec. 195(3); 20 U.S.C. 2461.)

"Secondary program" means vocational education for persons in high school (span of grades usually beginning with grade 9 and ending with grade 12).

(Implements Sec. 101; 20 U.S.C. 2301.)

"Secretary" means the Secretary of Health, Education, and Welfare.

(Sec. 195(6); 20 U.S.C. 2461.)

"State" includes:

(a) The 50 States;

(b) The District of Columbia;

(c) The Commonwealth of Puerto Rico;

(d) The Virgin Islands;

(e) Guam;

(f) American Samoa; and

(g) The Trust Territory of the Pacific Islands.

(Sec. 195(8); 20 U.S.C. 2461.)

"State board" means the State board designated or created by State law as the sole State agency responsible for:

(a) The administration of vocational education; or

(b) Supervision of the administration of vocational education in the State.

(Sec. 195(9); 20 U.S.C. 2461.)

"State educational agency" (SEA) means:

(a) The State board of education; or

(b) Other agency or office primarily responsible for the State supervision of public elementary and secondary schools; or

(c) If there is no such office or agency, an office or agency designated by the Governor or by State law.

(Sec. 195(11); 20 U.S.C. 2461.)

"Vocational education" means organized educational programs which are directly related to the preparation of individuals for paid or unpaid employment, or for additional preparation for a career requiring other than a baccalaureate or advanced degree; for purposes of this paragraph, the term "organized education program" means only:

(a) Instruction related to the occupation or occupations for which the students are in training or instruction necessary for students to benefit from such training; and

(b) The acquisition, maintenance, and repair of instructional supplies, teaching aids and equipment.

The term "vocational education" does not mean the construction, acquisition, or initial equipment of buildings, or the acquisition or rental of land.

(Sec. 195(1); 20 U.S.C. 2461.)

"Vocational instruction" means instruction which is designed upon its completion to prepare individuals for employment in a specific occupation or cluster of closely related occupations in an occupational field, and which is especially and particularly suited to the needs of those engaged in or preparing to engage in such occupation or occupations. Such instruction may include:

(a) Classroom instruction;

(b) Classroom related field, shop, and laboratory work;

(c) Programs providing occupational work experiences, including cooperative education and related instructional aspects of apprenticeship programs;

(d) Remedial programs which are designed to enable individuals to profit from instruction related to the occupation or occupations for which they are being trained by correcting what ever educational deficiencies or handicaps prevent them from benefiting from such instruction; and

(e) Activities of vocational student organizations which are an integral part of the vocational instruction, subject to the provisions in § 104.513.

(Implements Sec. 120(b)(1)(A); 195(1); 20 U.S.C. 2330, 2461.)

105.627 Additional application review factors.

GENERAL

§ 105.1 Scope.

Part 105 contains regulations interpreting or implementing Part B (entitled "National Programs") of Title I of the Vocational Education Act of 1963, as amended by section 202 of Title II of the Education Amendments of 1976, Pub. L. 94-482 (referred to as "the Act"). Part 105 also contains regulations interpreting or implementing the Commissioner's discretionary program of contracts with Indian tribes contained in section 103 (a) (1) (B) of the Act.

(Sec. 103(a)(1)(B); Secs. 171 through 195; 20 U.S.C. 2303, 2401 et seq.)

§ 105.2 Purpose.

The purpose of Part 105 is to set forth the regulations which govern the Commissioner's discretionary programs of grants and contracts for vocational education.

(Secs. 171 through 195; 20 U.S.C. 2401 et seq.)

§ 105.3 Definitions.

The definitions common to all parts of the Act are contained in section 195 of the Act. These definitions and additional definitions necessary for the State vocational education programs are set forth in Appendix A of Part 104. Definitions necessary only for Part 105 are set forth in this Part 105 in the subparts in which they apply.

(Sec. 195; 20 U.S.C. 2461.)

§ 105.4 Applicability of General Education Provisions Regulations.

Provisions in Parts 100 and 100a of the General Education Provisions Regulations (45 CFR Parts 100 and 100a), entitled "General Provisions for Office of Education Programs," are applicable to programs under this Part 105.

(45 CFR Parts 100, 100a.)

Subpart 1—Program Improvement

§ 105.101 Purpose.

The purpose of program improvement is to support a national center for research in vocational education and projects for the improvement of vocational education as authorized in section 171 of the Act. Funds available to the Commissioner for program improvement under section 103 of the Act will be used primarily for contracts and in some cases for grants.

(Secs. 103, 171; 20 U.S.C. 2303, 2401.)

§ 105.102 National center for research in vocational education.

(a) The Commissioner will support a national center for research in vocational education. The center (a nonprofit agency) will be chosen once every five years. The Commissioner will appoint an advisory committee to assist the center. The center will establish other research locations, including contracts with one or more regional centers, as determined by the Commissioner after consultation with the national center and its advisory committee.

(b) The center shall directly or through other public agencies:

(1) Conduct applied research and development on problems of national significance in vocational education;

(2) Provide leadership development through an advanced study center and in-service education activities for State and local leaders in vocation education;

(3) Disseminate the results of research and development projects funded by the center;

(4) Develop and provide information to facilitate national planning and policy development in vocational education;

(5) Act as a clearinghouse for information on projects supported by the States and the Commissioner and compile an annotated bibliography of research, exemplary and innovative projects, and curriculum development projects assisted with funds made available under this Act since July 1, 1970; and

(6) Work with States, local educational agencies, and other public agencies in developing methods of evaluating programs, including the follow-up studies of program completers and leavers required by section 112 of the Act, so that these agencies can offer job training programs which are more closely related to the types of jobs available in their communities, regions, and States.

(Sec. 171(a)(2); 20 U.S.C. 2401.)

§ 105.103 Armed services curriculum materials.

The Commissioner will make contracts to convert to use in local educational agencies, private nonprofit schools, and other public agencies curriculum materials involving job preparation which have been prepared for use by the armed services of the United States.

(Sec. 171(b)(3); 20 U.S.C. 2401.)

§ 105.104 Authorized activities.

(a) The Commissioner will support projects of national significance for improvement of vocational education. The projects include the following activities as authorized in sections 131 through 136 of the Act:

(1) Research (section 131 of the Act);

(2) Exemplary and innovative programs (section 132 of the Act);

(3) Curriculum development (section 133 of the Act);

(4) Vocational guidance and counseling (section 134 of the Act);

(5) Vocational education personnel training (section 135 of the Act); and

(6) Grants to assist in overcoming sex bias (section 136 of the Act).

(b) Functions under the above may include: applied research and development; experimental and pilot programs; curriculum revision and development; demonstration, dissemination, and utilization of research and development products; personnel training; and evaluation.

(Secs. 131 through 136, 171(a)(1); 20 U.S.C. 2351-56, 2401.)

§ 105.105 Eligible applicants.

(a) Eligible applicants for project support include:

(1) Public organizations, institutions, and agencies;

(2) Nonprofit and profit-making private organizations, institutions, and agencies; and

(3) Individuals.

(b) Profit-making private organizations, institutions, and agencies, and individuals are eligible for contracts only.

(c) Eligible applicants for the national center for research in vocational education include nonprofit agencies only.

(Interprets Sec. 171; 20 U.S.C. 2401.)

§ 105.106 No cost sharing.

No cost sharing is required.

(Interprets Sec. 171(b)(5)(A); 20 U.S.C. 2401.)

§ 105.107 Duration of project support.

The Commissioner will not support a project for a period to exceed three fiscal years.

(Sec. 171(b)(5)(B); 20 U.S.C. 2401.)

§ 105.108 Improved teaching techniques or curriculum materials.

The Commissioner will not make a grant pursuant to § 105.104 unless the applicant can demonstrate a reasonable probability that the grant will result in improved teaching techniques or curriculum materials that will be used in a substantial number of classrooms or other learning situations within five years after the termination date of the grant.

(Sec. 171(b)(1); 20 U.S.C. 2401.)

§ 105.109 Exemplary and innovative projects.

(a) The Commissioner will make a contract for an exemplary and innovative project only if the project provides for the participation of students enrolled in nonprofit private schools consistent with:

(1) The number of such students in the area to be served by the project; and

(2) The educational needs of those students is of the type which the project involved is to meet.

(b) Such a contract shall provide that the Federal funds will not be commingled with State or local funds.

(Sec. 171(b)(2); 20 U.S.C. 2401.)

§ 105.110 Technical review criteria.

The following criteria will be used in reviewing applications. These criteria are consistent with 45 CFR 100a.26, Review of Applications, in the General Provisions for Office of Education Programs. A segment or segments of an application should address each criterion. Each criterion is weighted and includes the maximum score that can be given to an application in relation to the criterion. The maximum score for the criteria is 100 points, and the maximum weight for each criterion is listed below. Applications that receive less than 50 points will not be funded.

(a) *National need.* (Maximum 15 points.) The need section clearly: (1) Describes the national need in vocational education for the proposed project; (2) Provides specific evidence of the need; (3) Indicates specifically who or what will be helped; and (4) Describes the problem rather than symptoms of the problem.

(b) *Literature review.* (Maximum 5 points.) The literature review is sufficiently comprehensive to:

(1) Establish the basis for the problem;

(2) Describe the problem in contrast to the symptoms of the problem;

(3) Provide a strong conceptual framework for the proposed objectives and proposed plan, including the general design and specific procedures of the proposed plan, along with the management, evaluation, dissemination, and training procedures, when appropriate; and

(4) Describe what has been done previously to alleviate the problem and point out the gaps that will be alleviated by this specific proposed work.

(c) *Objectives.* (Maximum 10 points.) The objectives are related to the problem and: (1) Are significant for vocational education; (2) Clearly describe proposed project outcomes; (3) Are capable of being attained; and (4) Are measurable.

(d) *Plan.* (Maximum 20 points.) The plan clearly describes: (1) The overall design for the proposed project; and (2) The specific procedures by which each objective will be accomplished. Normally the plan will include:

(i) Precise definitions of terms; (ii) Description of the characteristics and number of subjects; (iii) Sampling procedures and control groups; (iv) Instrumentation; and (v) Statistical and analytical procedures.

(e) *Management plan.* (Maximum 8 points.) The management plan adequately describes the way in which personnel and resources will be used to accomplish each component of the plan developed in criterion (c).

(f) *Evaluation plan.* (Maximum 8 ponts.) The plan includes valid and reliable instruments and procedures for assessing and documenting the impact of project results and end products or outcomes in terms of the achievement of project goals and objectives.

(g) *Results, end products, outcomes, and dissemination.* (Maximum 10 points.) The application clearly describes:

(1) What will be delivered to the government; (2) The format in which the results, products, or outcomes will be delivered to the government;

(3) The way in which results, products, or outcomes will be developed or provided for dissemination purposes to specified user populations; and

(4) The procedures to be used in disseminating the results, end products, or outcomes at the local, State, and/or national levels.

(h) *Staff competencies and experience.* (Maximum 8 points.) The application clearly describes:

(1) The names and qualifications (including project management qualifications) of the project director, key professional staff, advisory groups, and consultants;

(2) Time commitments planned for the project by the project director, key staff, advisory groups, and consultants;

(3) Evidence of past and successful experience of the proposed project director and key staff members in similar or related projects;

(4) Use of professional staff members from minorities or women when they are included as the subjects of the project; and

(5) The competencies that are required for the proposed project.

(i) *Budget and cost effectiveness.* (Maximum 7 points.) The application provides a justifiable and itemized statement of cost which is substantiated by line items in the proposed budget and appears to be cost effective with respect to proposed results, products, or outcomes.

(j) *Institutional capability and commitment.* (Maximum 4 points.) The application provides adequate evidence of:

(1) Institutional or individual's experience and commitment to the proposed work;

(2) Appropriate facilities and equipment; and

(3) Assurance of support from cooperating agencies, local educational agencies, postsecondary institutions, business, industry, and labor, where applicable for successful implementation of the project.

(k) *Sex bias.* (Maximum 5 points.) The application provides appropriate plans to minimize sex bias in the proposed results, end products, and outcomes, and the proposed dissemination plans.

(Implements Sec. 171; 20 U.S.C. 2401.)

§ 105.111 Additional application review factors.

In addition to the criteria listed in § 105.110, the Commissioner may utilize factors such as the following in making decisions regarding whether to fund applications: (a) Duplication of effort; (b) Duplication of funding; and (c) Evidence that an applicant has not performed satisfactorily on previous projects.

(Implements Sec. 171; 20 U.S.C. 2401.)

V4267 APR 77 77 UMI

Subpart 2—Indian Tribes

CONTRACT PROGRAM FOR INDIAN TRIBES AND INDIAN ORGANIZATIONS

§ 105.201 Purpose.

The purpose of the program for Indian tribes and Indian organizations is for the Commissioner, at the request of an Indian tribe, to make a contract or contracts directly with Indian tribal organizations, with funds available under section 103(a)(1) of the Act, to plan, conduct, and administer programs, or portions thereof, which are authorized by and consistent with the Act, particularly section 103(a)(1)(B)(iii) of the Act.

(Sec. 103(a)(1); 20 U.S.C. 2303.)

§ 105.202 Applicability of the Indian Self-Determination Act of 1975.

(a) Any contract entered into under this subpart is subject to the provisions of sections 4, 5, 6, 7(b) and 102 of the "Indian Self-Determination and Education Assistance Act of 1975," Pub. L. 93-638.

(b) Regulations implementing the above sections of the Indian Self-Determination and Education Assistance Act, Title 25 of the Code of Federal Regulations, §§ 271.44, 271.46, 271.47, and 271.50 are applicable to the extent that they are relevant and practicable.

(c) Whenever the term "Secretary of the Interior" is used, in the Indian Self-Determination and Education Assistance Act, the term means, for the purposes of this subpart, "Commissioner of Education."

(Sec. 103(a)(1)(B)(iii); 20 U.S.C. 2303; 25 U.S.C. 450a, et seq.)

§ 105.203 Definitions.

(a) "Indian tribe" means any Indian tribe, band, nation, or other organized group or community, including any Alaskan native village or regional or village corporation as defined in or established pursuant to the Alaska Native Claims Settlement Act which is recognized as eligible for special programs and services provided by the United States to Indians because of their status as Indians.

(b) "Tribal organization" means the recognized governing body of any Indian tribe or any legally established organization of Indians which is controlled, sanctioned, or chartered by such governing body or which is democratically elected by the adult members of the Indian community to be served by the organization and which includes the maximum participation of Indians in all phases of its activities.

(25 U.S.C. 450b.)

§ 105.204 Assistance contracts.

Awards will be made competitively through assistance contracts governed by Subchapter A of Title 45, Code of Federal Regulations (entitled "General Provisions for Office of Education Programs"), except to the extent that appropriate sections of the Indian Self-Determination and Education Assistance Act of 1975 apply or to the extent that more specific regulations in this subpart apply. The criteria in 45 CFR 100a.26(b) do not apply to this program.

(Sec. 103(a)(1)(B)(iii); 20 U.S.C. 2303; 25 U.S.C. 450e(b).)

§ 105.205 Eligible applicants.

An Indian tribal organization of an Indian tribe which has contracted with the Secretary of the Interior for the administration of programs under the Indian Self-Determination and Education Assistance Act of 1975 or under the Act of April 16, 1934, is eligible for assistance contracts.

(Sec. 103(a)(1)(B)(iii)); 20 U.S.C. 2303; 25 U.S.C. 450f.)

§ 105.206 Applications for assistance contracts.

An application from an eligible tribal organization must be submitted to the Commissioner by the Indian tribe and must contain the information that the Commissioner requires. An application which serves more than one Indian tribe shall be approved by each tribe to be served in the application.

(Sec. 103(a)(1)(B)(iii); Pub. L. 93-638; 20 U.S.C. 2303; 25 U.S.C. 450b(c).)

§ 105.207 Review for duplication of effort.

An applicant shall submit a copy of the application directly to the Commissioner of the Bureau of Indian Affairs and the State board at the same time it submits an application to the Office of Education in order to avoid duplication of funding.

(Implements Sec. 103(a)(1)(B)(iii); 20 U.S.C. 2303.)

§ 105.208 No cost sharing.

No cost sharing by the applicant is required.

(Implements Sec. 103(a)(1)(B)(iii); 20 U.S.C. 2303.)

§ 105.209 Duration of awards.

(a) The total project period of an award may not exceed three years. The Commissoner may make multi-year awards if the nature of the project warrants multi-year funding. Continuation funding is contingent upon satisfactory performance. Application for multi-year awards shall have a detailed budget for the current year and total budget figures for the subsequent years.

(b) A request for continuation of a project beyond the project period will be considered a new application and will be reviewed competitively with all other applications. In order for the Commissioner to make this determination, an applicant who has had a prior contract under this program shall include an evaluation of the previous project.

(Implements Sec. 103(a)(1)(B)(iii); 45 CFR 100a.432; 20 U.S.C. 2303.)

§ 105.210 Final reports.

The contractor shall submit final financial status and performance reports as the Commissioner shall request.

(45 CFR 100a.403; 45 CFR 100a.432; 20 U.S.C. 2303.)

§ 105.211 Technical review criteria.

The following criteria will be utilized in reviewing applications. These criteria are consistent with 45 CFR 100a.26(b), Review of Applications, in the General Provisions for Office of Education Programs. A segment or segments of an application should address each criterion. Each criterion is weighted and includes the maximum score that can be given to an application in relation to the criterion. The maximum aggregate score for the criteria is 100 points, and the maximum weight for each criterion is listed below in parentheses. Points will be awarded to the extent that evidence in the application satisfies each criterion. The review of these criteria shall constitute the basis for the Commissioner to enter or decline to enter into a contract with an eligible applicant. If the review of any application results in no recommendation to fund (where funds are available), this will mean that it is not satisfactory, as that term is used in the Indian Self-Determination Act (section 102). Applications must receive a minimum of 30 points to be considered for funding.

(25 U.S.C. 450f.)

(a) *Program improvement.* (Maximum 15 points.) The application focuses on the improvement of occupational training opportunities for Indians and delineates the way in which the proposed program will contribute to improved programs for the specific target group.

(b) *Need.* (Maximum 10 points.) The need section clearly: (1) Describes the need for the proposed activity; (2) Provides specific evidence of the need; (3) Indicates specifically how the need will be met; and (4) Describes, where appropriate, ongoing and planned activities in the community relative to the need.

(c) *Objectives.* (Maximum 10 points.) The objectives: (1) Relate to the need; (2) Are significant for vocational education; (3) Clearly describe proposed program outcomes;

(4) Are capable of being attained; and

(5) Are measurable.

(d) *Plan.* (Maximum 15 points) The plan clearly describes the way in which the objectives will be accomplished by: (1) The overall design for the proposed program; and

(2) The use of specific procedures to implement activities designed to accomplish each objective of each segment of the proposed program;

(3) A description of: (i) Specific activities to be conducted in the proposed program;

(ii) Instruments to be used in the proposed program;

(iii) Instructional material to be used in the proposed program, if appropriate; and

(iv) Population to be served in the proposed program; and

(4) Statistical and analytical procedures, if appropriate.

(e) *Management plan.* (Maximum 10 points) The management plan adequately describes the way in which personnel and resources will be utilized to accomplish each objective, the overall design, and each major procedure.

(f) *Evaluation plan.* (Maximum 10 points.) The plan includes valid and reliable instruments and procedures for assessing and documenting the impact of project results in terms of the achievement of project goals and objectives.

(g) *Applicant's staff competencies and experience.* (Maximum 10 points.) Points will be awarded on the extent to which the application clearly describes: (1) The competencies that are required for the proposed project;

(2) The names and qualifications (including project management qualifications) of the project director, key professional staff, advisory groups, and any consultants;

(3) Time commitments planned for the project by the project director, key staff, advisory groups, and any consultants;

(4) Evidence of past and successful experience of the proposed project director and key staff members in similar or related projects;

(5) Evidence of commitment to section 7(b) of the Indian Self-Determination and Education Assistance Act.

(h) *Budget and cost effectiveness.* (Maximum 10 points.) Points will be awarded on the extent to which the application provides a justifiable and itemized statement of cost which contains line items in the proposed budget and appears to be cost effective with respect to proposed results.

(i) *Institutional capability and commitment.* (Maximum 10 points.) The application provides adequate evidence of: (1) Institutional experience and commitment to the proposed work;

(2) Appropriate facilities and equipment; and

(3) Documented assurances of support from cooperating local educational agencies, postsecondary institutions, business, industry, or labor, if support from any of these groups is necessary for successful implementation of the project.

(Implements Sec. 103(a)(1)(B)(iii); 20 U.S.C. 2303; 25 U.S.C. 450f.)

§ 105.212 Additional factors for declining to contract.

In addition to the weighted technical review criteria listed in § 105.211, the Commissioner may use any of the factors listed below in making a decision whether to decline to enter into a contract with an eligible applicant.

(a) The program duplicates an effort already being made;

(b) Funding the program would create an inequitable distribution among tribes; or

(c) The applicant has not performed satisfactorily under a previous Office of Education award.

(Implements Sec. 103(a)(1)(B)(iii); 20 U.S.C. 2303; 25 U.S.C. 450f.)

§ 105.213 Hearing by the Commissioner after declining to enter into a contract.

After receiving notice from the Commissioner that the Office of Education will not award a contract to an eligible applicant, the tribal organization or the tribe shall have 30 calendar days to request a hearing, in writing, to review the Commissioner's decision.

(25 U.S.C. 450f.)

§ 105.214 Remaining funds.

From any remaining funds reserved for this subpart, the Commissioner is authorized to enter into an agreement with the Commissioner of the Bureau of Indian Affairs for the operation of vocational education programs authorized by this Act in institutions serving Indians as described in section 103(a)(B)(i) of the Act. The Secretary of the Interior is authorized to receive funds for that purpose. For the purposes of the Act, the Bureau of Indian Affairs shall be deemed to be a State board and all of the provisions of this Act shall be applicable to the Bureau of Indian Affairs as if it were a State board.

(Sec. 103(a)(1)(B)(iii); 20 U.S.C. 2303.)

Subpart 3—Training and Development Programs for Vocational Education Personnel

LEADERSHIP DEVELOPMENT AWARD PROGRAM

§ 105.301 Purpose.

The purpose of the leadership development award program is to provide opportunities for experienced vocational educators to spend full time in advanced study of vocational education.

(Sec. 172(a)(1); 20 U.S.C. 2402.)

§ 105.302 Leadership development awards.

(a) *Awards.* The Commissioner will make leadership development awards to qualified vocational education personnel (such as administrators, supervisors, teacher educators, researchers, guidance and counseling personnel, and instructors in vocational education) for graduate training in an approved vocational education leadership development program of an approved institution of higher education.

(Sec. 172(b)(1), (3); 20 U.S.C. 2402.)

(b) *Award period.* Leadership development awards will be made for a period not to exceed 36 months.

(Sec. 172(b)(2)(A); 20 U.S.C. 2402.)

§ 105.303 Equitable geographical distribution.

In order to meet the needs for qualified vocational educational personnel in all the States, the Commissioner will apportion leadership development awards equitably among the States, taking into account such factors as:

(a) The State's vocational education enrollments; and

(b) The incidence of youth unemployment and school dropouts in the State.

(Sec. 172(b)(4); 20 U.S.C. 2402.)

§ 105.304 Eligibility of individuals.

(a) A person is eligible to receive a leadership development award if such person:

(1) Has had not less than two years of experience in vocational education or in business or industrial training or military technical training, or in the case of researchers, experience in social science research which is applicable to vocational education; and

(2) Is currently employed or is reasonably assured of employment in vocational education and has successfully completed, as a minimum, a baccalaureate degree program; and

(3) Is recommended by his or her employer, or others, as having leadership potential in the field of vocational education and is eligible for admission as a graduate student to a program of higher education approved by the Commissioner under § 105.311.

(b) In order to receive a leadership development award the person selected shall enroll for full-time graduate study or research in a vocational education leadership development program approved under § 105.311.

(Sec. 172(b)(1), (5); 20 U.S.C. 2402.)

§ 105.305 Application procedures.

(a) *Submission of applications.* Any eligible individual who wishes to receive a leadership development award shall submit an application to the Commissioner and send one copy of the application to the State board for vocational education for the State in which the applicant is a resident.

(b) *Role of the State board.* The State board, with advice from the State advisory council, from other agencies involved in State planning and reporting, and from representatives of vocational education programs in institutions of higher education, will:

(1) Review the application;

(2) Summarize for each application the advice as to its merits; and

(3) Forward all applications and summaries of advice to the Commissioner for review.

(Implements Sec. 172(a)(1); 20 U.S.C. 2402; H.R. Rept. No. 94-1085, pp. 54-55.)

§ 105.306 Stipends to individuals.

(a) *Academic year.* Each person awarded a leadership development award is entitled to receive a stipend of:

(1) $4500 for each academic year of full-time study at the institution of higher education, will:

(1) Review the application;

(2) $675 for each academic year for each dependent.

(b) *Summer session.* An additional stipend may be awarded of:

(1) $900 for full-time summer study at the same institution of higher education; and

(2) $170 for this period for each dependent.

(Implements Sec. 172(b)(2)(A); 20 U.S.C. 2402.)

§ 105.307 Conditions for continued eligibility.

(a) *Satisfactory participation.* A recipient of an award may continue to receive payments under § 105.306 only

V4267 APR 7 7 UMI

during such periods as the Commissioner finds that the recipient:

(1) Is maintaining satisfactory proficiency in study or research in the field of vocational education in an institution of higher education;

(2) Is devoting essentially full time to such study or research; and

(3) Is not engaging in gainful employment, other than part-time employment in teaching, research, or similar activities endorsed by that institution and approved by the Commissioner.

(Sec. 172(b)(5); 20 U.S.C. 2402; H.R. Rept. No. 94-1085, pp. 55-56.)

(b) *Employment limitation.* The limitation with respect to employment set forth in paragraph (a)(3) of this section does not apply to the period of time between an academic year and a summer session or between academic years if a stipend is not received under § 105.306(b) for full-time study.

(Implements Sec. 172(b)(5); 20 U.S.C. 2402.)

§ 105.308 Payment conditioned on appropriation.

Leadership development award payments under § 105.306 after the first year of the award period (in case of awards made for a period exceeding twelve months) are subject to the continued availability of Federal funds under section 172 of the Act.

(Interprets Sec. 172; 20 U.S.C. 2402.)

§ 105.309 Technical review criteria.

The Commissioner will use the following criteria in reviewing applications. The criteria in 45 CFR 100a.26(b) do not apply to this program. A segment or segments of an application should address each criterion. Each criterion is weighted and includes the maximum score that can be given to an application in relation to the criteria. The maximum score for the criteria is 100 points, and the maximum weight for each criterion is listed below. An application must receive a minimum of 50 points to be considered for funding.

(a) *Academic ability.* (Maximum 20 points) The applicant provides evidence of his or her academic ability. This may include: (1) Transcripts of grades earned in college, including graduate courses; (2) Scores earned on the Graduate Record Examination, Miller Test of Analogies, or similar tests; and (3) Results earned on specific skill aptitude tests.

(b) *Leadership potential.* (Maximum 15 points) The applicant provides evidence of leadership potential. This may include awards or recognition received in: (1) Professional service; (2) Community activities; (3) Leadership or membership on advisory committees; and (4) Other activities, as appropriate.

(c) *Managerial skills.* (Maximum 15 points) The applicant provides information concerning his or her experience in a managerial or administrative capacity. This may include evidence of the applicant's ability in: (1) Planning; (2) Problem solving; (3) Decision making; and (4) Other skills, where appropriate.

(d) *Communication skills.* (Maximum 25 points) The applicant provides evidence of experience in activities requiring oral and written language skills. This may include:

(1) Public speaking experience to professional, community, or other groups;

(2) Articles published in professional or popular journals; and

(3) Other written materials such as reports, abstracts, and instructional materials.

(e) *Human relations skills.* (Maximum 15 points) The applicant provides evidence of skills in interpersonal relations. This may include participation in: (1) Professional groups; (2) Community groups; (3) Volunteer work; or (4) Other groups, where appropriate.

(f) *National need.* (Maximum 10 points.) The degree to which the applicant's goals, objectives, and aspirations in vocational education relate to national needs in vocational education, including developing expertise to serve: (1) Disadvantaged persons; (2) Members of minority groups, and (3) Handicapped persons.

(H.R. Rept. No. 94-1085, p. 55.)

(g) *Additional criteria.* In addition to the criteria listed above the Commissioner will consider the following factors: (1) Equitable distribution among males and females; (2) Geographical distribution; (3) Membership in minority groups.

(Implements Secs. 101(3), 172(b)(4); 20 U.S.C. 2402; H.R. Rept. No. 94-1085, p. 55.)

§ 105.310 Assignment to approved institution.

Each applicant for an award shall identify a first, second, and third choice of institutions (approved under § 105.311) he or she desires to attend. The Commissioner reserves the right to redistribute award recipients among approved institutions in order to assure that each institution will have a sufficient number of awardees to assure the effectiveness of the program of vocational leadership development.

(Implement Sec. 172(a)(1); 20 U.S.C. 2402; H.R. Rept. No. 94-1085, p. 55.)

§ 105.311 Institutional eligibility and approval.

Upon receipt of an application from an institution of higher education requesting approval of its vocational education leadership development program, the Commissioner will approve the program only upon finding that:

(a) The institution offers a comprehensive program in vocational education with adequate supporting services and disciplines, such as education administration, guidance and counseling, research, and curriculum development, including:

(sec. 172(b)(3)(A); 20 U.S.C. 2402.)

(1) Training in those leadership skills necessary to increase the participation of disadvantaged and underrepresented persons such as the handicapped, disadvantaged minorities, and women, in vocational education programs at all levels;

(Sec. 101(1); 20 U.S.C. 2301; H.R. Rept. No. 94-1085, p. 55.)

(2) Resources and supporting services for at least five of the generally recognized fields of vocational education, integrated into a comprehensive approach to vocational education;

(3) Practical experience and internship components; and

(Implements Sec. 172(b)(3)(A); 20 U.S.C. 2402.)

(4) A focus on familiarizing the individual with new curriculum materials in vocational education.

(Sec. 172(b)(7); 20 U.S.C. 2402.)

(b) The program under paragraph (a) of this section is designed to further substantially the objective of improving vocational education by providing opportunities for graduate training for vocational education teachers, supervisors, guidance and counseling personnel, and administrators, and of university level vocational education teacher educators and researchers.

(c) The program is conducted by a school of graduate study.

(Interprets Sec. 172(b)(3)(B); 20 U.S.C. 2402.)

§ 105.312 Institutional allowance.

(a) The Commissioner will (in addition to the stipend paid to an award recipient under § 105.306) pay an institutional allowance to the institution of higher education in which the recipient is pursuing a course of study, in the amount of $3,200 per participant, per academic year, with an additional $800 per participant for full-time study during the summer session.

(b) The institutional allowance is made in lieu of tuition and all non-refundable fees and deposits that would otherwise be required of the student.

(c) Any portion of the institutional allowance in excess of normal tuition, non-refundable fees, and deposits attributable to the awardee shall be used by the institution to improve the program of vocational education leadership development in that institution.

(Implements Sec. 172(b)(2)(B); 20 U.S.C. 2402.)

VOCATIONAL EDUCATION CERTIFICATION FELLOWSHIP PROGRAM

§ 105.431 Purpose.

The purpose of the vocational education certification fellowships is to provide opportunities for:

(a) Certified teachers who have been trained to teach in other fields to become vocational educators if those teachers have skills and experience in vocational fields for which they can be trained to be vocational educators; and

(Sec. 172(a)(2); 20 U.S.C. 2402.)

(b) Persons in industry, business, and agriculture who have skills and experience in vocational fields for which there is need for vocational educators (but who do not necessarily have baccalaureate degrees) to become vocational educators.

(Interprets Sec. 172(a)(3); 20 U.S.C. 2402.)

§ 105.432 Awards to two categories of fellows.

The Commissioner is authorized to award fellowships to two categories of persons for undergraduate study in institutions of higher education:

(a) Persons who are or have been certified by a State as teachers in elementary and secondary schools or community and junior colleges (including vocational education programs in the thirteenth and fourteenth grades) within the ten-year period prior to the current closing date for applications under this program and who:

(1) Have or have had skills and experience in vocational fields for which they can be trained to be vocational educators; and

(2) Are unable to find employment in their field of previous training.

(Sec. 172(c)(1), (c)(1)(A); 20 U.S.C. 2402.)

(b) Persons (not necessarily baccalaureate degree holders) employed in industry, business, or agriculture who:

(1) Have skills and experience in vocational field in which there is a need for vocational educators; and

(2) Have been accepted by a teacher training institution for enrollment in a program which will assist them in becoming vocational educators.

(Sec. 172(c)(1)(B); 20 U.S.C. 2402.)

§ 105.433 Fellowship period.

Fellowships will be made for periods not to exceed 24 months.

Sec. 172(c)(2)(A); 20 U.S.C. 2402.)

§ 105.434 Application procedures.

(a) *Submission of applications.* Any eligible individual who wishes to receive a vocational education certification fellowship shall submit an application to the Commissioner and send one copy of the application to the State board for vocational education for the State in which the applicant is a resident.

(b) *Role of the State board.* The State board, with advice from the State advisory council, from other agencies involved in State planning and reporting, and from representatives of vocational education programs in institutions of higher education, will:

(1) Review the applications;

(2) Summarize for each application the advice as to its merits; and

(3) Forward all applications and summaries of advice to the Commissioner for review.

(Implements Sec. 172(c)(1); 20 U.S.C. 2402; H.R. Rept. No. 94-1085, p. 54.)

§ 105.435 Equitable geographical distribution.

In order to meet the needs for qualified vocational educational personnel in all the States, the Commissioner will apportion vocational education certification fellowships equitably among the States, taking into account such factors as:

(a) The State's vocational educational enrollment; and

(b) The incidence of youth unemployment and school dropouts in the State.

(Sec. 172(c)(4); 20 U.S.C. 2402.)

§ 105.436 Stipend to fellows.

(a) *Academic year.* Each person awarded a fellowship is entitled to receive a stipend of:

(1) $4500 for each academic year of full-time study at the institution of higher education to which that person is assigned for the fellowship period; and

(2) $675 for each academic year for each dependent.

(b) *Summer session.* An additional stipend may be awarded of:

(1) $900 for full-time summer study at the same institution of higher education; and

(2) $170 for this period for each dependent.

(Implements Sec. 172(c)(2)(A); 20 U.S.C. 2402.)

§ 105.437 Conditions for continued eligibility.

(a) *Satisfactory participation.* A recipient of a fellowship may continue to receive payment under § 105.436 only during such period as the Commissioner finds that the recipient:

(1) Is maintaining satisfactory proficiency in study or research in the field of vocational education in an institution of higher education;

(2) Is devoting essentially full time to such study or research; and

(3) Is not engaging in gainful employment, other than part-time employment in teaching, research, or similar activities endorsed by that institution and approved by the Commissioner.

(Implements Sec. 172(c)(5); 20 U.S.C. 2402; H.R. Rept. No. 94-1085, pp. 55-56.)

(b) *Employment limitations.* The limitation with respect to employment set forth in paragraph (a)(3) of this section does not apply to the period of time between an academic year and a summer session, or between academic years if a stipend is not received under § 105.436(b) for full-time summer study.

(Interprets Sec. 172(c)(5); 20 U.S.C. 2402.)

§ 105.438 Payment conditioned on appropriation.

Fellowship payments under § 105.436 after the first year of the fellowship period (in case of awards made for a period exceeding twelve months) are subject to the continued availability of Federal funds under section 172 of the Act.

(Interprets Sec. 172; 20 U.S.C. 2402.)

§ 105.439 Institutional allowance.

(a) The Commissioner will (in addition to the stipends paid to a fellowship recipient under § 105.436) pay an institutional allowance to the institution of higher education at which the recipient is pursuing his or her course of study in an amount of $2,000 per participant per academic year, with an additional $500 per participant for full-time study during the summer session;

(b) The institutional allowance is made in lieu of tuition and all non-refundable fees and deposits that would otherwise be required of the fellow; and

(c) Any portion of the institutional allowance in excess of the normal tuition, non-refundable fees, and deposits attributable to the fellow shall be used by the institution to improve the program of vocational education in that institution.

(Implements Sec. 172(c)(2)(B); 20 U.S.C. 2402.)

§ 105.440 Institutional eligibility and approval.

The Commissioner will approve the vocational education fellowship program of an institution of higher education only upon finding that:

(a) The program is capable of enabling unemployed certified teachers or persons from business, industry, or agriculture to become certified vocational education teachers;

(Interprets Sec. 172(c)(1)(B); 20 U.S.C. 2402.)

(b) The institution offers a program in vocational education which is sufficiently comprehensive to meet, at the undergraduate level, the requirements for certification of the applicant in the State where the institution is located;

(c) In the case of applicants seeking certification in a particular area of study designated by the Commissioner as being in need of additional personnel, the institution is capable of preparing students for certification in that particular area;

(Implements Sec. 172(c)(7); 20 U.S.C. 2402.)

(d) The fellow will receive education and training of the same type as that offered by the institution to undergraduate students preparing to become vocational education teachers; and

(e) The undergraduate program in vocational education includes adequate support services and disciplines, such as education administration, guidance and counseling, research, and curriculum development.

(Implements Sec. 172(c)(3); 20 U.S.C. 2402.)

§ 105.441 Teaching fields in need of additional teachers.

The Commissioner will publish, before the beginning of each fiscal year, a listing of the areas of teaching in vocational education where there are or will be shortages of personnel.

(Sec. 172(c)(7); 20 U.S.C. 2402.)

§ 105.442 Content of applications.

(a) *For certified teachers.* Each certified teacher applicant shall provide in his or her application evidence of:

(1) Certification as an elementary or secondary school or junior or community college teacher (including teachers in vocational education programs in the thirteenth and fourteenth grades) within the ten-year period prior to the current closing date for applications under this program; and

V 4 2 6 7 A P R 7 7 UMI

(2) Past or current skills and experiences in the vocational field(s) for which he or she seeks training as a vocational educator.

(b) *For applicants not certified as teachers.* Each applicant who has not been a certified teacher shall provide in his or her application evidence of:

(1) The nature and duration of his or her employment in business, agriculture, or industry; and

(Interprets Sec. 172(c)(1)(B); 20 U.S.C. 2402.)

(2) Having skills and experiences in one of the vocational areas where vocational educators are needed.

(Sec. 172(c)(1)(B); 20 U.S.C. 2402.)

(c) *Assurance by the institution.* The institution of higher education designated in the application for a fellowship shall provide in that application an assurance that the:

(1) Applicant has been accepted for enrollment in the program of vocational education designated in the application; and the

(2) Institution meets the requirements for institutional eligibility set forth in paragraphs (a) through (e) of § 105.440.

(Implements Sec. 172(c)(3); 20 U.S.C. 2402.)

§ 105.443 Technical review criteria.

The Commissioner will use the following criteria in reviewing formally transmitted applications. The criteria in 45 CFR 100a.26(b) do not apply to this program. A segment or segments of an application in relation to the criteria. Each criterion is weighted and includes the maximum score that can be given to an application in relation to the criteria. The maximum score for the criteria is 100 points, and the maximum weight for each criterion is listed below. An application must receive a minimum of 50 points to be considered for funding.

(a) *Academic ability.* (Maximum 20 points.) The applicant provides evidence of his or her level of academic achievement and academic ability. This may include: (1) Transcripts of grades earned in secondary school and, where appropriate, college; (2) Results earned on specific skill aptitude tests; and (3) Results of other tests, where appropriate.

(b) *Vocational skills.* (Maximum 30 points.) The applicant provides evidence of his or her performance in a work situation requiring vocational skills. This may include: (1) Letters of recommendations of previous employers or others, as appropriate; (2) Results of National Occupational Competency Testing Institute, where appropriate; (3) Certificates or diplomas, as appropriate; and (4) Work related experience, including teaching, where appropriate.

(c) *Communication skills.* (Maximum 25 points.) The applicant provides evidence of experience in activities requiring oral and written language skills. This may include:

(1) Public speaking experience to professional, community, or other groups;

(2) Articles published in newspapers, professional or popular journals; and

(3) Other written materials such as reports, abstracts, or other materials, where appropriate.

(d) *Human relations skills.* (Maximum 15 points.) The applicant presents evidence of skills in interpersonal relations. This may include experience with: (1) Professional groups; (2) Community groups; (3) Volunteer groups; (4) Work related organizations; (5) Members of minority groups, the disadvantaged, and handicapped persons; and (6) Other groups, as appropriate.

(e) *National need.* (Maximum 10 points.) The applicant describes in writing his or her goals, objectives, and aspirations in vocational education and their relationship to national needs in vocational education with particular reference to working with: (1) Disadvantaged persons; (2) Members of minority groups; and (3) Handicapped persons.

(H.R. Rept. No. 94–1085, p. 55.)

(f) *Additional factors.* In addition to the criteria listed above, the Commissioner will consider the following factors: (1) Equitable distribution among males and females; (2) Geographical distribution; and (3) Membership in minority groups.

(Implements Sec. 101(3), 172(b)(4); 20 U.S.C. 2301, 2402; H.R. Rept. No. 94–1085, p. 55.)

Subpart 4—Emergency Assistance for Remodeling and Renovating of Vocational Education Facilities

§ 105.501 Purpose.

The purpose of this program is to provide emergency assistance to local educational agencies in urban and rural areas which are unable to provide vocational education designed to meet today's manpower needs due to the age of their vocational education facilities or the obsolete nature of the equipment used for vocational training. The purpose is to assist those local educational agencies in the modernization of facilities or equipment and the conversion of academic facilities necessary to assure that the facilities will be able to offer vocational education programs which give reasonable promise of employment.

(Sec. 191; 20 U.S.C. 2441.)

§ 105.502 Eligible applicants.

Any local educational agency is an eligible applicant.

(Sec. 193(a); 20 U.S.C. 2443.)

§ 105.503 Content of applications.

An application for a grant or assistance contract shall set forth:

(a) A description of the facility to be remodeled or renovated, including:

(1) The date of completion of construction of the facility (or the part of the facility to be remodeled or renovated);

(2) The extent of remodeling or renovation necessary to enable the facility to provide a modern program of vocational education;

(b) A description of the equipment to be replaced or modernized and reference to the particular purpose for which the equipment will be used;

(c) A description of the extent to which the modernization or conversion of facilities and equipment will be consistent with, and further the goals of, the five-year State plan;

(d) The financial ability of the local educational agency to undertake the modernization without Federal assistance;

(Implements Sec. 193(a)(1)–(4); 20 U.S.C. 2443.)

(e) Assurance that the facility to be remodeled or renovated will meet standards adopted pursuant to the Architectural Barriers Act;

(Sec. 193(a)(5); 20 U.S.C. 2443; 41 U.S.C. 4151–4156.)

(f) The extent of State and local funds available to match Federal funds together with the sources and amounts of the funds;

(g) Such other information as the State board determines to be apropriate.

(Sec. 193(a)(6), (7); 20 U.S.C. 2443.)

(h) The reasons why renovation or remodeling rather than replacement is planned or why some other facility is not available;

(i) The cost of each major item of renovation or remodeling; and

(j) Facts showing that renovation or remodeling is cost effective.

(Implements Sec. 193(a)(8); 20 U.S.C. 2443.)

§ 104.504 Submission of applications through the State board.

An applicant shall send the application to the Commissioner through the State board.

(Sec. 193(a); 20 U.S.C. 2443.)

§ 105.505 Technical review criteria.

(a) The Commissioner will rank all applicants according to their relative need for assistance.

(Sec. 193(C); 20 U.S.C. 2443.)

(b) The relative need for assistance will be determined by the following criteria (total 100 points):

(1) The age or obsolesence of the facilities and equipment for which assistance is sought (maximum 12 points);

(2) The rate of youth unemployment in the labor market area served by the local educational agency (maximum 12 points);

(3) The number of youth aged seventeen through twenty-one residing in the labor market area served by the local educational agency who are unemployed (maximum 12 points);

(4) The percentage such youth represent, as compared with the vocational education enrollment in the local educational agency (maximum 12 points);

(5) The ability of the facility to comply with the standards adopted pursuant to the Architectural Barriers Act (maximum 5 points);

(Sec. 193(b)(1) (A) through (E); 20 U.S.C. 2443; 41 U.S.C. 4151 through 4156.)

(6) The need for the proposed facilities or equipment in relation to the employment needs of the State or labor market area (maximum 12 points);

(7) Adequacy of the proposed facilities or equipment for the training or educational requirements of the specific vocational training program(s) to be accommodated by the proposed facilities or equipment (in terms of linedrawings and educational specifications) (maximum 10 points);

(8) Evidence that the proposed facilities or equipment do not result in sex discrimination or bias against the handicapped (maximum 5 points);

(9) Evidence that the proposed renovation or remodeling or equipment is economical and is not elaborate or extravagant (maximum 5 points);

(10) Evidence that the planned renovation or remodeling is a more cost-effective approach than replacement (maximum 5 points); and

(11) Evidence that the local educational agency does not have the financial ability to undertake the proposed project without Federal assistance, and the ability of the State education agency and the local education agency to match proposed Federal funds (maximum 10 points).

(Implements, Sec. 192(b)(1); 20 U.S.C. 2442.)

(c) In approving applications, the Commissioner will consider the degree to which the modernization of facilities and equipment proposed in the application affords promise of achieving the goals set forth in the approved five-year State plan.

(Sec. 193(b)(2); 20 U.S.C. 2443.)

§ 105.506 Payments to local educational agencies.

(a) The Commissioner will pay 75 percent (except as noted in paragraph (b)) of the cost of approved applications in the order they are ranked under § 105.505(b).

(Sec. 193(c); 20 U.S.C. 2443.)

(b) The Commissioner may waive the 75 percent limit and may pay up to the full cost of the project upon the Commissioner's finding, in writing, that a local educational agency with an approved application is suffering from extreme financial need and cannot, because of the 75 percent limit, participate in the program.

(Sec. 193(e); 20 U.S.C. 2443.)

(c) Applications will be funded until the appropriation is exhausted.

(d) The Commissioner will reserve from the appropriation for the fiscal year for which the application is made an amount sufficient to pay the entire Federal share of each approved project and will obligate that amount from the appropriation even though the project may not be completed within the fiscal year.

(Interprets Sec. 194(a); 20 U.S.C. 2444.)

(e) The Commissioner will pay approved applicants in advance or by way of reimbursement, or in installments consistent with HEW practices.

(Sec. 194(b); 20 U.S.C. 2444.)

§ 105.507 Construction requirements.

The Office of Education's regulations for the Commissioner's direct project grant and contract programs (45 CFR Part 100a) shall apply to projects for assistance under this program (as set forth in § 105.503), particularly the Commissioner's regulations on "Bonding and Insurance" (45 CFR Part 100a, Subpart J, §§ 100a.120–122) and on "Construction Requirements" (Subpart K, §§100a.155–192). (45 CFR Part 100a.)

Subpart 5—Bilingual Vocational Education

BILINGUAL VOCATIONAL TRAINING PROGRAM

§ 105.601 Purpose.

The purpose of the bilingual vocational training program is to prepare persons of limited English-speaking ability to perform adequately in an environment requiring English language skills and to fill the critical need for more and better trained persons in occupational categories vital to both the persons and the economy. Funds available to the Commissioner pursuant to section 183 of the Act may be used for making grants or contracts for bilingual vocational training programs.

(Sec. 181; 20 U.S.C. 2411; Conf. Rept. No. 94–1701, p. 228.)

§ 105.602 Eligible programs.

Sixty-five percent of the funds available under section 183 of the Act may be used by the Commissioner to award grants or contracts for the cost of operating programs designed to carry out the purposes set forth in § 105.601 in an amount equal to the total sum expended by the applicant for the purposes set forth in the application. No cost sharing is required. These programs include:

(a) Bilingual vocational training programs for persons who have completed or left elementary or secondary school. Programs for secondary school students are not eligible;

(b) Bilingual vocational training programs for persons who have already entered the labor market and who desire or need training or retraining to achieve year-round employment, adjust to changing employment needs, expand their range of skills, or advance in employment.

Training allowances for participants in bilingual vocational training programs described in (a) and (b) are an allowable cost. Allowances are subject to the same conditions and limitations as set forth in the Department of Labor Regulations 29 CFR 95.34. Applicants may waive training allowances in accordance with the waiver procedure in 29 CFR 95.34(j).

(Sec. 185; 20 U.S.C. 2415.)

§ 105.603 Eligible applicants.

The following agencies or institutions are eligible for grants or contracts, except item (f) being eligible only for contracts:

(a) Local educational agencies;

(b) State agencies;

(c) Postsecondary educational institutions;

(d) Private nonprofit vocational training institutions; and

(e) Nonprofit educational or training organizations especially created to serve a group whose language as normally used is other than English; and

(f) Private for profit agencies and organizations.

(Sec. 184; 20 U.S.C. 2414.)

§ 105.604 Applications for grants or contracts.

(a) An applicant shall submit a copy of the application to the State board and shall provide the comments of the State board with the application.

(b) An applicant shall provide an assurance that the activities and services for which assistance is sought will be administered by or under the supervision of the applicant.

(c) An applicant shall set forth a bilingual vocational training program of such size, scope, and design as will make a substantial contribution toward carrying out the purposes described in § 105.601.

(d) An applicant shall provide an assurance that the program will include instruction in the English language and in the trainee's dominant language in order to insure that participants in the training will be assisted to pursue occupations in work environments where English is the language normally used.

(e) An applicant shall submit an amendment, if any, to the application in the same manner as the applicant submitted the original application. A request for funding by an applicant who has had a prior award(s) will be reviewed competitively with new applications.

(Sec. 184; 20 U.S.C. 2414; 20 U.S.C. 2420.)

§ 105.605 Review of applications.

(a) The Commissioner may approve an application for assistance under the bilingual vocational training program only if the application:

(1) Meets the requirements set forth in § 105.604;

(2) Is consistent with the criteria set forth in § 105.606; and

(3) Is submitted to the Commissioner at the time, in the manner and containing the information the Commissioner deems necessary, as set forth in the Notice of Closing Date to be published in the FEDERAL REGISTER.

(b) Prior to making awards in a State, the Commissioner will, where feasible, consult with the State board to achieve equitable distribution of assistance

V 4267 APR 7 7 7 UMI

among populations of persons of limited English-speaking ability with the most acute need for training within the State.

(Sec. 189A, 189B(a)(3); 20 U.S.C. 2420, 2421.)

§ 105.606 Technical review criteria.

The Commissioner will use the following criteria in reviewing formally transmitted applications. These criteria are consistent with 45 CFR 100a.26, Review of Applications in the Office of Education, General Provisions for Programs. A segment or segments of an application should address each criterion. Each criterion is weighted and includes the maximum score that can be given to an application in relation to the criterion. The maximum score for the criteria is 100 points, and the maximum weight for each criterion is listed below. An application must receive a minimum of 30 points to be considered for funding.

(a) *Need.* (Maximum 10 points.)

(1) Describes the need for the proposed bilingual vocational training;

(2) Provides specific evidence of the need;

(3) Indicates specifically how the need will be met; and

(4) Describes, where appropriate, ongoing and planned activities in the community relative to the need.

(b) *Objectives.* (Maximum 10 points.)

(1) Are significant and meet clearly identified needs in bilingual vocational training;

(2) Clearly describe the proposed project outcomes; and

(3) Are capable of being measured and attained.

(c) *Plan.* (Maximum 15 points.) The plan clearly describes the way in which the objectives will be accomplished by:

(1) The overall design for the proposed project; and

(2) The specific procedures of each segment of the design. Normally the plan will include a description of:

(i) Proposed trainees;

(ii) Recruiting procedures to be used;

(iii) Training program including a description of both the bilingual vocational training and the language instruction which is designed to assure that trainees will acquire sufficient competency in English to work in environments where English is the language normally used;

(iv) Support services to be offered to trainees;

(v) Instructional materials to be used in the proposed program;

(vi) Anticipated level of skill of the trainees at the end of the proposed training;

(vii) Activities to be used in aiding trainees to secure employment, if appropriate; and

(viii) Tests to be used in the proposed program components.

(d) *Management plan.* (Maximum 8 points.) The management plan adequately describes the way in which personnel and resources will be used to accomplish each component of the plan developed in criterion (c).

(e) *Evaluation plan.* (Maximum 12 points.) The plan includes valid and reliable procedures for assessing and documenting the bilingual vocational training program and the progress of the trainees.

(f) *Applicant's staff competencies and experience.* (Maximum 25 points.) The application clearly describes:

(1) The names and qualifications (including project management qualifications) of the project director, professional staff, consultants, and advisory groups;

(2) Time commitments planned for the project director, staff, advisory groups, and any consultants;

(3) Evidence of past and successful experience of the proposed project director and key staff members in similar or related projects; and

(4) Staff competencies that are essential for the proposed project including proficiency in the language of the trainees.

(g) *Budget and cost effectiveness.* (Maximum 10 points.)

(1) The application provides a justifiable and itemized statement of cost which is substantiated by line items in the proposed budget and is cost effective;

(2) The application includes information concerning the average cost per trainee.

(h) *Institutional capability and commitment.* (Maximum 10 points.) The application provides adequate evidence of:

(1) Institutional experience and commitment to the proposed work;

(2) Appropriate facilities and equipment necessary for the proposed project; and

(3) Documented assurance of support from cooperating agencies, institutions, or community groups where applicable for successful implementation of the project.

(Implements Sec. 189A; 20 U.S.C. 2420.)

§ 105.607 Additional application review factors.

In addition to the criteria listed in § 105.606, the Commissioner may utilize factors such as the following in making decisions regarding whether to fund applications. (a) Duplication of effort; (b) Duplication of funding; and (c) Evidence that an applicant has not performed satisfactorily on previous projects.

(Implements Sec. 181; 20 U.S.C. 2411.)

BILINGUAL VOCATIONAL INSTRUCTOR TRAINING PROGRAM

§ 105.611 Purpose.

The purpose of the bilingual vocational instructor training program is to provide training programs to meet the critical shortage of instructors possessing both the job knowledge and skills and the dual language capabilities required for adequate instruction of persons handicapped by their limited English-speaking ability. Funds available to the Commissioner pursuant to section 183 of the Act may be used for making grants or contracts for bilingual vocational instructor training programs.

(Sec 186; 20 U.S.C. 2416.)

§ 105.612 Eligible programs.

Twenty-five percent of the funds available under section 183 of the Act may be used by the Commissioner to award grants or contracts for the cost of conducting training for instructors of bilingual vocational training programs in an amount equal to the total sum expended by the applicant for the purposes set forth in that application. No cost sharing is required. These programs include:

(a) Pre-service training programs designed to prepare persons to participate in bilingual vocational training or bilingual vocational education as: (1) Instructors; (2) Aides; and (3) Ancillary personnel such as guidance personnel and counselors.

(b) In-service and developmental programs designed to enable instructional and ancillary personnel to continue to improve their qualifications while participating in bilingual vocational training programs; fellowships or traineeships for persons engaged in activities described in (a) and (b) are an allowable cost. A fellowship is an award to an individual student by a granting agency of the Department. A traineeship is an award to an institution for student support (stipends or allowances) and for institutional support (either in a predetermined amount or based on actual costs).

(Sec. 186; Sec. 187; 20 U.S.C. 2416; 20 U.S.C. 2417.)

§ 105.613 Eligible applicants.

The following categories of agencies or institutions are eligible for grants or contracts, except item (c) being eligible only for contracts: (a) State agencies; (b) Public and private nonprofit educational institutions; and (c) Private-for-profit educational institutions.

(Sec. 186; 20 U.SC. 2416.)

§ 105.614 Applications for grants or contracts.

(a) An applicant shall provide an assurance that the activities and services for which assistance is sought will be administered by or under the supervision of the applicant.

(b) An applicant shall set forth in the application a bilingual vocational instructor training program of a type described in § 165.612;

(c) An applicant shall describe in the application the capabilities of the applicant institution in terms of:

(1) A listing of the vocational training or vocational education courses offered by that institution;

(2) Appropriate accreditation by regional or national associations, if any;

(3) Approval by appropriate State agencies of the courses offered; and

(4) Qualifications of the principal staff who will be responsible for the training program.

(d) An application shall describe clearly (and in detail) in the application the trainees in terms of the:

(1) Minimum qualifications of the persons to be enrolled in the training program;

(2) Selection process of the trainees; and

(3) Amounts of fellowships or traineeships, if any, to be granted to the persons enrolled.

(e) An applicant shall submit an amendment, if any, to the application in the same manner as the applicant submitted the original application. A request for funding by an applicant who has had a prior award(s) will be reviewed competitively with new applications.

(Sec. 189A; 20 U.S.C. 2420.)

§ 105.615 Review of applications.

(a) The Commissioner may approve an application for assistance under the bilingual vocational instructor training program only if the application:

(1) Meets the requirements set forth in § 105.614;

(2) Is consistent with the criteria set forth in § 105.616;

(3) Is submitted to the Commissioner at the time, in the manner and containing the information the Commissioner deems necessary, as set forth in the Notice of Closing Date to be published in the FEDERAL REGISTER.

(4) The applicant institution actually has an ongoing vocational training program in the field in which persons are being trained; and

(5) The applicant institution can provide instructors with adequate language capabilities in the language other than English to be used in the bilingual vocational training program for which persons are being trained.

(b) Prior to making awards in a State, the Commissioner will, where feasible, consult with the State board to achieve equitable distribution of assistance among populations of persons of limited English-speaking ability with the most acute need for training within the State.

(Secs. 189A, 189B(a)(3); 20 U.S.C. 2420, 2421.)

§ 105.616 Technical review criteria.

The Commissioner will use the following criteria in reviewing formally transmitted applications. These criteria are consistent with 45 CFR 100.26, Review of Applications in the Office of Education, General Provisions for Programs. A segment or segments of an application should address each criterion. Each criterion is weighted and includes the maximum score that can be given to an application in relation to the criterion. The maximum score for the criterion is 100 points, and the maximum weight for each criterion is listed below. An application must receive a minimum of 30 points to be considered for funding.

(a) *Need.* (Maximum 10 points) The need section clearly: (1) Describes the need for the proposed instructor training; (2) Provides specific evidence of the need; (3) Indicates specifically how the need will be met; and (4) Describes, where appropriate, ongoing and planned activities in the community relative to the need.

(b) *Objectives.* (Maximum 10 points) The objectives are related to the problem and: (1) Are significant for pre-service or in-service training; (2) Clearly describe the proposed training program; and (3) Are capable of being measured and attained.

(c) *Plan.* (Maximum 15 points) The plan clearly describes the way in which the objectives will be accomplished by the: (1) Overall design for the proposed project; (2) Specific procedures of each segment of the design in terms of accomplishing the objectives; (3) Normally the plan will include:

(i) Description of the training program, including all program components;

(ii) Description of the minimum qualifications of the persons to be enrolled in the training program;

(iii) Description of the selection process and the amounts of the fellowships or traineeships, if any, to be granted to persons enrolled in the program;

(iv) Evidence that the applicant institution actually has an ongoing vocational training or vocational education program in the field for which persons are to be trained, including a listing of the vocational courses offered by the institutions;

(v) Evidence that the applicant institution can provide instructors with adequate language capabilities in the language other than English to be used in the bilingual job training program for which the persons are being trained; and

(vi) Evidence that a need exists for instructors who will receive training in the proposed project.

(d) *Management plan.* (Maximum 8 points) The management plan adequately describes the way in which personnel and resources will be used to accomplish each component of the plan developed in criterion (c).

(e) *Evaluation plan.* (Maximum 12 points) The plan includes rigorous procedures for assessing and documenting the instructor training program including both the vocational component and the language component.

(f) *Applicant's staff competencies and experience.* (Maximum 25 points) The application clearly describes:

(1) The names and qualifications (including project management qualifications) of the project director, professional staff, consultants, and advisory groups;

(2) Time commitments planned for the project director, key staff, advisory groups, and any consultants;

(3) Evidence of past and successful experience of the proposed project director and key staff members in similar or related projects; and

(4) Staff competencies that are essential for the proposed project, including proficiency in English and in the language other than English.

(g) *Budget and cost effectiveness.* (Maximum 10 points.) The application provides a justifiable and itemized statement of cost which is substantiated by line items in the proposed budget and appears to be cost effective.

(h) *Institutional capability and commitment.* (Maximum 10 points.) The application provides adequate evidence of:

(1) Institutional experience and commitment to the proposed work;

(2) Appropriate facilities and equipment necessary for the proposed project;

(3) Appropriate accreditation of the applicant institution by regional or national associations and approval by appropriate State agencies of the courses offered; and

(4) Documented assurance of support from cooperating agencies, institutions, or community groups where applicable for successful implementation of the project.

(Implements Sec. 189A; 20 U.S.C. 2420.)

§ 105.617 Additional application review factors.

In addition to the criteria listed in § 105.616, the Commissioner may utilize factors such as the following in making decisions regarding whether to fund applications.

(a) Duplication of effort;

(b) Duplication of funding; and

(c) Evidence that an applicant has not performed satisfactorily on previous projects.

(Implements Sec. 181; 20 U.S.C. 2411.)

BILINGUAL VOCATIONAL INSTRUCTIONAL MATERIALS, METHODS, AND TECHNIQUES PROGRAM

§ 105.621 Purpose.

The purpose of the bilingual vocational instructional materials, methods, and techniques program is to develop instructional materials and encourage research programs and demonstration projects to meet the critical shortage of such instructional materials suitable for bilingual vocational training programs. Funds available to the Commissioner pursuant to section 183 of the Act may be used for making grants or contracts for bilingual vocational instructional materials, methods, and techniques.

(Sec. 188; 20 U.S.C. 2418.)

§ 105.622 Eligible programs.

Ten percent of the funds available under section 183 of the Act may be used by the Commissioner to award grants or contracts for the cost of developing and testing instructional materials, methods, or techniques for bilingual vocational training in an amount equal to the total sum expended by the application for the purposes set forth in that application. No cost sharing is required. These programs include:

(a) Research in bilingual vocational training;

(b) Development of instructional materials;

(c) Training programs designed to familiarize State agencies and training institutions with research findings and successful pilot and demonstration projects in bilingual vocational training;

(d) Experimental, developmental, and pilot programs and projects designed to test the effectiveness of research findings; and

V 4267 APR 7 7 7 UMI

(e) Other demonstration and dissemination projects in bilingual vocational training.

(Sec. 189; 20 U.S.C. 2419.)

§ 105.623 Eligible applicants.

The following categories of agencies or institutions are eligible for grants or contracts, except items (e) and (f) being eligible only for contracts: (a) State agencies; (b) Public educational institutions; (c) Private educational institutions; (d) Nonprofit organizations; (e) Private-for-profit organizations; and (f) Individuals.

(Sec. 188; 20 U.S.C. 2418.)

§ 105.624 Applications for grants or contracts.

(a) An applicant shall provide an assurance that the activities and services for which assistance is sought will be administered by or under the supervision of the applicant.

(b) An applicant shall set forth in the application a bilingual vocational instructional materials, methods, and techniques program of a type described in § 105.622.

(c) An applicant shall set forth in the application the qualifications of the staff who will be responsible for the program for which assistance is sought.

(d) An applicant shall submit an amendment, if any, to the application in the same manner as the applicant submitted the original application. A request for funding by an applicant who has had a prior award(s) will be reviewed competitively with new applications.

(Sec. 189A; 20 U.S.C. 2420.)

§ 105.625 Review of applications.

The Commissioner may approve an application for assitance under the bilingual vocational instructional materials, methods, and techniques program only if the application:

(a) Meets the requirements set forth in § 105.624;

(b) Is consistent with the criteria set forth in 105.626; and

(c) Is submitted to the Commissioner at the time, in the manner and containing the information the Commissioner deems necessary, as set forth in the Notice of Closing Date to be published in the FEDERAL REGISTER.

(Sec. 189A; 20 U.S.C. 2420.)

§ 105.626 Technical review criteria.

The Commissioner will use the following criteria in reviewing formally transmitted applications. These criteria are consistent with 45 CFR 100a.26, Review of Applications in the General Provisions for Office of Education Programs. A segment or segments of an application should address each criterion. Each criterion is weighted and includes the maximum score that can be given to an application in relation to the criterion. The maximum score for the criteria is 100 points, and the maximum weight for each criterion is listed below. An application must receive a minimum score of 50 points to be considered for funding.

(a) *Need.* (Maximum 20 points) The need section clearly:

(1) Describes the national significance and the need in bilingual vocational training for the proposed project;

(2) Provides specific evidence of the need;

(3) Indicates specifically who or what will be helped; and

(4) Describes the problem rather than the symptoms of the problem.

(b) *Literature review.* (Maximum 5 points) The literature review is sufficiently comprehensive to:

(1) Establish the basis for the problem;

(2) Describe the problem in contrast to the symptoms of the problem;

(3) Provide a strong conceptual framework for the proposed objectives and proposed plan, including the general design and specific procedures of the proposed plan, along with the management, evaluation, dissemination, and training procedures (when appropriate); and

(4) Describe what has been done previously to alleviate the problem and point out the gaps that will be alleviated by this specific proposed work.

(c) *Objectives.* (Maximum 10 points) The objectives are related to the problem and: (1) Are significant for bilingual vocational training; (2) Clearly describe proposed project outcomes; (3) Are capable of being attained; and (4) Are measurable.

(d) *Plan.* (Maximum 15 points) The plan clearly describes:

(1) The overall design for the proposed project; and

(2) The specific procedures by which each objective will be accomplished. Normally the plan will include:

(i) Precise definitions of terms; (ii) Description of the characteristics and number of subjects; (iii) Sampling procedures and control groups; (iv) Instrumentation; and (v) Statistical and analytical procedures.

(e) *Management plan.* (Maximum 10 points). The management plan adequately describe the way in which personnel and resources will be used to accomplish each component of the plan developed in criterion (c).

(f) *Evaluation plan.* (Maximum 10 points.) The plan includes rigorous procedures for assessing and documenting the impact of project results and end products or outcomes in terms of the achievement of project goals and objectives.

(g) *Results, end products, outcomes, and dissemenation.* (Maximum 10 points.) The application clearly describe:

(1) What will be delivered to the government;

(2) The format in which the results, products, or outcomes will be delivered to the government;

(3) The way in which results, products, or outcomes will be developed or provided for dissemenation purposes to specified user populations, and

(4) The procedures to be used in disseminating the results, and products, or outcomes at the local, State, and/or national levels.

(h) *Applicant's staff competencies and experience.* (Maximum 10 points.) The application clearly describes:

(1) The names and qualifications (including project management qualifications) of the project director, key professional staff, advisory groups, and consultants;

(2) Time commitments planned for the project by the project director, key staff, advisory groups, and consultants;

(3) Evidence of past and successful experience of the proposed project director and key staff members in similar or related projects; and

(4) The competencies that are required for the proposed project.

(i) *Budget and cost effectiveness.* (Maximum 5 points.) The application provides a justifiable and itemized statement of cost which is substantiated by line items in the proposed budget and appears to be cost effective with respect to proposed results, products, or outcomes.

(j) *Applicant's capability and commitment.* (Maximum 5 points.) The application provides adequate evidence of:

(1) Institutional or individual's experience and commitment to the proposed work;

(2) Appropriate facilities and equipment; and

(3) Documented assurance of support from cooperating agencies, local educational agencies or postsecondary institutions, business, industry, and labor, where applicable for successful implementation of the project.

(Implements Sec. 189A; 20 U.S.C. 2420.)

§ 105.627 Additional application review factors.

In addition to the criteria listed in § 105.626, the Commissioner may utilize factors such as the following in making decisions regarding whether to fund applications.

(a) Duplication of effort;

(b) Duplication of funding; and

(c) Evidence that an applicant has not performed satisfactorily on previous projects.

(Implements Sec. 181; 20 U.S.C. 2411.)

VOCATIONAL EDUCATION

State Programs and Commissioner's Discretionary Programs; Public Meetings

AGENCY: Office of Education, HEW.

ACTION: Proposed rule, notice of public meetings.

SUMMARY: Regulations are proposed to implement the Vocational Education Act of 1963, as amended by Title II of the Education Amendments of 1976, Pub. L. 94-482. The proposed regulations cover both the State administered programs and the Commission's discretionary programs. Generally, the regulations are designed to assist States to improve planning in the use of all resources for vocational education and to overcome sex discrimination in vocational education. Also, the regulations permit consolidation of programs to provide greater flexibility to the States in conducting vocational education programs.

DATES: Public meetings will be held in each of the 10 HEW regions. The date and time for each meeting follows:

REGION I

April 29, 1977, 10:00 a.m. to 4:00 p.m.

REGION II

April 25, 1977, 10:00 a.m. to 4:00 p.m.

REGION III

April 21, 1977, 10:00 a.m. to 4:00 p.m.

REGION IV

April 20, 1977, 10:00 a.m. to noon and 1:00 p.m. to 4:00 p.m.

REGION V

April 29, 1977, 10:00 a.m. to 3:00 p.m.

REGION VI

April 27, 1977, 9:00 a.m. to 4:30 p.m.

REGION VII

April 28, 1977, at 10:00 a.m.

REGION VIII

April 25, 1977, 9:30 a.m. to 3:30 p.m.

REGION IX

April 22, 1977, 9:00 a.m. to noon and 1:00 p.m. to 4:00 p.m.

REGION X

April 20, 1977, 10:00 a.m. to 3:30 p.m.

[For comment procedure for this proposed rule, see FR Doc. 77-10299 in this Part of this FEDERAL REGISTER.]

ADDRESSES: The public meetings will be held at the following locations:

REGION I

Boston, Massachusetts, at the John F. Kennedy Federal Building, Room 2003A.

REGION II

New York, New York, at the Federal Building, 26 Federal Plaza, Room 305-C.

REGION III

Philadelphia, Pennsylvania, at the Gateway Building, 3535 Market Street, Mezzanine Floor, Room M450.

REGION IV

Atlanta, Georgia, at the Medical Association of Atlanta Auditorium, 675 West Peachtree Street NE.

REGION V

Chicago, Illinois, at the O'Hare Hilton, O'Hare International Airport.

REGION VI

Dallas, Texas, at the Royal Coach Inn, 3800 West Northwest Highway.

REGION VII

Kansas City, Missouri, at the Federal Office Building, Room 140, 601 East 12th Street.

REGION VIII

Denver, Colorado, at the Post Office Building Auditorium, 2nd Floor, 19th and Stout Streets.

REGION IX

San Francisco, California, at the Federal Building, Room 406, 50 United Nations Plaza.

REGION X

Seattle, Washington, at the Sea-Tac Airport Auditorium.

FOR FURTHER INFORMATION CONTACT:

REGION I

Walter C. Verney, Office of Education, HEW, John F. Kennedy Federal Building, Boston, Massachusetts 02203, Telephone: (617) 223-6814.

REGION II

Charles A. O'Connor, Jr., Office of Education, HEW, Federal Building, Room 3954, 26 Federal Plaza, New York, New York 10007, Telephone: (212) 264-4045.

REGION III

Robert A. Smallwood, Office of Education, Hew, 3535 Market Street, P.O. Box 13716, Philadelphia, Pennsylvania 19101, Telephone: (215) 596-1011.

REGION IV

Donald H. Snodgrass, Office of Education, HEW, 50 Seventh Street, NE., Room 555, Atlanta, Georgia 30323, Telephone: (404) 881-4311.

REGION V

William L. Lewis, Office of Education, HEW, 300 South Wacker Drive, 32nd Floor, Chicago, Illinois 60606, Telephone: (312) 353-6679.

REGION VI

Herbert W. Mackey, Office of Education, HEW, 1200 Main Tower Building, Room 1400, Dallas, Texas 75202, Telephone: (214) 655-3641.

REGION VII

Thalne D. McCormick, Office of Education, HEW, 601 East 12th Street, Room 360, Kansas City, Missouri 64106, Telephone: (816) 374-3976.

REGION VIII

Leroy Swenson, Office of Education, HEW, Federal Office Building, Room 3412, 19th and Stout Streets, Denver, Colorado 80202, Telephone: (303) 837-4295.

REGION IX

C. Kent Bennion, Office of Education, HEW, 50 United Nations Plaza, Room 239, San Francisco, California 94102, Telephone: (415) 556-4570.

REGION X

Sam Kerr, Office of Education, HEW, Arcade Plaza Building, Room 509, Mail Stop 1507, 1321 Second Avenue, Seattle, Washington 98101, Telephone: (206) 442-0456.

SUPPLEMENTARY INFORMATION: Notice is hereby given that the Commissioner will provide interested parties an opportunity for a public meeting during the 30-day comment period on the Notice of Proposed Rulemaking for the State Vocational Education Programs and the Commissioner's Discretionary Programs in Vocational Education (see FR Doc. 77-10299 in this Part of this FEDERAL REGISTER). A meeting will be held in each of the ten HEW Regions under the sponsorship of the HEW Assistant Regional Commissioner for Occupational and Adult Education. The person to contact for each meeting is indicated in the "For Further Information Contact" section of this document.

Dated: March 31, 1977.

WILLIAM F. PIERCE,
Acting U.S. Commissioner of Education.

Published daily, Monday through Friday (no publication on Saturdays, Sundays, or on official Federal holidays), by the Office of the Federal Register, National Archives and Records Service, General Services Administration, Washington, D.C. 20408, under the Federal Register Act (49 Stat. 500, as amended; 44 U.S.C., Ch. 15) and the regulations of the Administrative Committee of the Federal Register (1 CFR Ch. I). Distribution is made only by the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402.

The FEDERAL REGISTER provides a uniform system for making available to the public regulations and legal notices issued by Federal agencies. These include Presidential proclamations and Executive orders and Federal agency documents having general applicability and legal effect, documents required to be published by Act of Congress and other Federal agency documents of public interest. Documents are on file for public inspection in the Office of the Federal Register the day before they are published, unless earlier filing is requested by the issuing agency.

The FEDERAL REGISTER will be furnished by mail to subscribers, free of postage, for $5.00 per month or $50 per year, payable in advance. The charge for individual copies is 75 cents for each issue, or 75 cents for each group of pages as actually bound. Remit check or money order, made payable to the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402.

There are no restrictions on the republication of material appearing in the FEDERAL REGISTER.

rules and regulations

This section of the FEDERAL REGISTER contains regulatory documents having general applicability and legal effect most of which are keyed to and codified in the Code of Federal Regulations, which is published under 50 titles pursuant to 44 U.S.C. 1510.

The Code of Federal Regulations is sold by the Superintendent of Documents. Prices of new books are listed in the first FEDERAL REGISTER issue of each month.

Title 7—Agriculture

CHAPTER II—FOOD AND NUTRITION SERVICE, DEPARTMENT OF AGRICULTURE

MOUNTAIN PLAINS REGIONAL OFFICE

New Administrative Boundaries, Address of New Office

Correction

In FR Doc. 77-7847 appearing at page 15053 in the issue for Friday, March 18, 1977, in the third column on page 15054, in 230.19, the paragraphs which are now designated as paragraphs "(e) and (a)", respectively, should be "(d) and (e)", respectively.

CHAPTER III—ANIMAL AND PLANT HEALTH INSPECTION SERVICE, DEPARTMENT OF AGRICULTURE

PART 354—OVERTIME SERVICES RELATING TO IMPORTS AND EXPORTS

Commuted Traveltime Allowances

Correction

In FR Doc. 77-7947 appearing at page 15055 in the issue for March 18, 1977, make the following changes:

1. On page 15058 under "New Jersey", the entries for McGuire Air Force Base should be:

McGuire AFB	Philadelphia, Pa	3
Do	Freehold	2
Do	Seabrook	4
Do	Trenton	3

2. In the table on page 15060, under Texas, the entry adjacent to "Freeport" should read across the page as follows:

Freeport	Galveston and Houston	

The number "3", should appear under the column headed "Metropolitan area/outside".

CHAPTER IX—AGRICULTURAL MARKETING SERVICE (MARKETING AGREEMENTS AND ORDERS; FRUITS, VEGETABLES, NUTS), DEPARTMENT OF AGRICULTURE

[Lemon Reg. 87]

PART 910—LEMONS GROWN IN CALIFORNIA AND ARIZONA

Limitation of Handling

AGENCY: Agricultural Marketing Service, USDA.

ACTION: Final Rule.

SUMMARY: This regulation establishes the quantity of California-Arizona lemons that may be shipped to fresh market during the weekly regulation period April 10–16, 1977. This regulation is needed to provide for orderly marketing of fresh lemons for the regulation period because of the production and marketing situation confronting the lemon industry.

EFFECTIVE DATE: April 10, 1977.

FOR FURTHER INFORMATION CONTACT:

Charles R. Brader, Deputy Director, Fruit and Vegetable Division, Agricultural Marketing Service, U.S. Department of Agriculture, Washington, D.C. 20250, (202–447–3545).

SUPPLEMENTARY INFORMATION: (a) *Findings.* (1) Pursuant to the amended marketing agreement and Order No. 910, as amended (7 CFR Part 910), regulating the handling of lemons grown in California and Arizona, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601–674), and upon the basis of the recommendations and information submitted by the Lemon Administrative Committee established under the amended marketing agreement and order, and upon other available information, it is found that the limitation of handling of such lemons, as provided in this regulation will tend to effectuate the declared policy of the act.

(2) The need for this regulation to limit the quantity of lemons that may be marketed during the specified week stems from the production and marketing situation confronting the lemon industry.

(i) The committee has submitted its recommendation for the quantity of lemons it considers advisable to be handled during the specified week. The recommendation resulted from consideration of the factors covered in the order. The committee further reports the demand for lemons is easier this week.

Average f.o.b. price was $5.58 per carton the week ended April 2, 1977, compared to $5.53 per carton the previous week. Track and rolling supplies at 110 cars were unchanged from last week.

(ii) Having considered the recommendation and information submitted by the committee, and other available information, the Secretary finds that the quantity of lemons which may be handled should be established as provided in this regulation.

(3) It is further found that it is impracticable and is contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date until 30 days after publication in the FEDERAL REGISTER (5 U.S.C. 553), because the time intervening between the date when information upon which this regulation is based became available and the time when it must become effective to effectuate the declared policy of the act is insufficient. A reasonable time is permitted, for preparation for the effective time; and good cause exists for making the regulation effective as specified. The committee held an open meeting during the current week, after giving due notice, to consider supply and market conditions for lemons and the need for regulation. Interested persons were afforded an opportunity to submit information and views at this meeting. The recommendation and supporting information for regulation during the period specified were promptly submitted to the Secretary after the meeting was held, and information concerning the provisions and effective time has been provided to handlers of lemons. It is necessary, to effectuate the declared policy of the act, to make this regulation effective as specified. The committee meeting was held on April 5, 1977.

§ 910.387 Lemon Regulation 87.

(b) *Order.* (1) The quantity of lemons grown in California and Arizona which may be handled during the period April 10, 1977, through April 16, 1977, is established at 230,000 cartons.

(2) As used in this section, "handled", and "carton(s)" have the same meaning as when used in the amended marketing agreement and order.

(Secs. 1–19, 48 Stat. 31, as amended; 7 U.S.C. 601–674.)

Dated: April 7, 1977.

CHARLES R. BRADER,
Acting Director, Fruit and Vegetable Division, Agricultural Marketing Service.

Title 19—Customs Duties

CHAPTER I—UNITED STATES CUSTOMS SERVICE, DEPARTMENT OF THE TREASURY

[T.D. 77-103]

PART 159—LIQUIDATION OF DUTIES

Countervailing Duties—Unwrought Zinc From Spain

AGENCY: Customs Service, Treasury.

ACTION: Imposition of Countervailing Duties and Suspension of Liquidation.

SUMMARY: This notice is to inform the public that it has been determined that the Government of Spain has given benefits which constitute bounties or grants within the meaning of the countervailing duty law upon the manufacture, production or exportation of unwrought zinc. Consequently, countervailing duties in the amount of these benefits will

V 42 68 APR 8 77 UMI

be collected in addition to duties normally due on shipments of this merchandise.

EFFECTIVE DATE: April 18, 1977.

FOR FURTHER INFORMATION CONTACT:

Mr. William Trujillo, Operations Officer, Technical Branch, Duty Assessment Division, United States Customs Service, 1301 Constitution Avenue, N.W., Washington, D.C. 20229. (202-566-5492).

SUPPLEMENTARY INFORMATION: On December 22, 1976, a "Preliminary Countervailing Duty Determination" was published in the FEDERAL REGISTER (41 FR 55765-66). This notice stated that it preliminarily had been determined that benefits had been paid or bestowed, directly or indirectly, upon the manufacture, production, or exportation of unwrought zinc from Spain under the Spanish Government tax remission system known as the desgravacion fiscal, within the meaning of section 303, Tariff Act of 1930, as amended (19 U.S.C. 1303) (herein referred to as "the Act").

Unwrought zinc is provided for in the Tariff Schedules of the United States under item number 626.02.

The notice further stated that in some instances benefits derived from the desgravacion fiscal constitute bounties or grants within the meaning of section 303 of the Act, and provided interested parties 30 days from the date of publication to submit relevant data, views or arguments, in writing with respect to the preliminary determination.

Some information has been received during the comment period which, while limited in scope, is sufficient to proceed. Further information is expected. After consideration of all information received it is hereby determined that bounties or grants are paid or bestowed, directly or indirectly, on exports of unwrought zinc from Spain within the meaning of section 303 of the Act.

Unwrought zinc receives a desgravacion fiscal rebate of 12 percent. Included in the rebate are indirect taxes which appear to be directly related to the final product or its components. The Treasury Department does not consider the rebate of such indirect taxes to be bounties or grants within the meaning of section 303 of the Act. The amount of these taxes is approximately 8 percent, therefore the bounty or grant would be 4 percent. Further information may modify the amount of the bounty or grant.

Accordingly, notice is hereby given that unwrought zinc imported directly or indirectly from Spain, if entered, or withdrawn from warehouse, for consumption on or after the date of publication of this notice in the FEDERAL REGISTER, will be subject to payment of countervailing duties equal to the net amount of any bounty or grant determined or estimated to have been paid or bestowed.

In accordance with section 303 of the Act, until further notice the net amount of such bounties or grants has been estimated and declared to be 4 percent of the export price. Declarations of the net amount of the bounties or grants determined to have been paid, directly or indirectly, upon the manufacture, production, or exportation of unwrought zinc from Spain will be published in subsequent issues of the FEDERAL REGISTER.

The liquidation of all entries for consumption or withdrawals from warehouse for consumption of such dutiable unwrought zinc imported directly or indirectly from Spain which benefits from such bounties or grants and which are subject to this order shall be suspended pending declarations of the net amounts of the bounties or grants paid or bestowed. A deposit of the estimated countervailing duty, in the amount of 4 percent of the export price, shall be required at the time of entry for consumption or withdrawal from warehouse for consumption.

Effective on April 8, 1977, and until further notice, upon the entry for consumption or withdrawal from warehouse for consumption of such dutiable unwrought zinc imported directly or indirectly from Spain, which benefits from these bounties, or grants, there shall be collected, in addition to any other duties estimated or determined to be due, countervailing duties in the amount ascertained in accordance with the above declaration.

Any merchandise subject to the terms of this order shall be deemed to have benefited from a bounty or grant if such bounty or grant has been or will be credited or bestowed, directly or indirectly, upon the manufacture, production, or exportation of such unwrought zinc from Spain.

The table in § 159.47(f) of the Customs Regulations (19 CFR 159.46(f)) is amended by inserting after the last entry for Spain the words "Unwrought Zinc," in the column headed "Commodity," the number of this Treasury Decision in the column headed "Treasury Decision," and the words "Bounty Declared-Rate" in the column headed "Action".

(R.S. 251, as amended, secs. 303, 624, 46 Stat. 687, as amended, 759 (19 U.S.C. 66, 1303, 1624).)

G. R. DICKERSON,
Acting Commissioner of Customs.

Approved: March 31, 1977.

JOHN H. HARPER,
Assistant Secretary of the Treasury.

Title 22—Foreign Relations

CHAPTER I—DEPARTMENT OF STATE

[DR 108.734]

PART 51—PASSPORTS

Subpart A—General

VALIDITY OF DIPLOMATIC PASSPORTS

Correction

In FR Doc. 77-9916 appearing on page 17869 of the issue for Monday, April 4, 1977, the Departmental Regulation number, 108.734, was omitted from the headings and should read as set forth above.

Title 29—Labor

CHAPTER V—WAGE AND HOUR DIVISION, DEPARTMENT OF LABOR

PART 694—MINIMUM WAGE RATES IN INDUSTRIES IN THE VIRGIN ISLANDS

Wage Order

AGENCY: Department of Labor.

ACTION: Final Rule.

SUMMARY: In compliance with the Fair Labor Standards Act, a committee has made a biennial examination of the minimum wage rates in the Virgin Islands to determine to what extent such rates should be increased. The minimum wage rates determined by the committee are hereby published. The effect of this document is to mandate the minimum wage rates to be paid in the Virgin Islands.

EFFECTIVE DATE: April 24, 1977.

FOR FURTHER INFORMATION CONTACT:

Josephine C. Stein, Director, Division of Industry Committees, Wage and Hour Division, U.S. Department of Labor, 200 Constitution Avenue NW., Room N4428, Washington, D.C. 20210. (202) 523-8720.

SUPPLEMENTARY INFORMATION: Pursuant to sections 5, 6, and 8 of the Fair Labor Standards Act of 1938 (52 Stat. 1062, 1064, as amended (29 U.S.C. 205, 206, 208)), including the Fair Labor Standards Amendments of 1974 (Pub. L. 93-259; 88 Stat. 55), and Reorganization Plan No. 6 of 1950 (3 CFR 1949-53 Comp., p. 1004), and by means of Administrative Order No. 649 (42 FR 3039, 3040 and 3041), the Secretary of Labor appointed and convened Industry Committee No. 17 for Industries in the Virgin Islands, referred to the Committee the question of the minimum rate or rates of wages to be paid under section 6 of the Act to such employees, and gave notice of a hearing to be held by the Committee.

Subsequent to an investigation and a hearing conducted pursuant to the notice, the Committee has filed with the Administrator of the Wage and Hour Division of the Department of Labor a report containing its findings of fact and recommendations with respect to the matters referred to it.

Accordingly, as authorized and required by section 8 of the Fair Labor Standards Act of 1938, Reorganization Plan No. 6 of 1950, and 29 CFR 511.18, the recommendations of Industry Committee No. 17 are hereby published, revising § 694.1 of Part 694, Title 29, Code of Federal Regulations.

This document was prepared under the direction and control of Warren D. Landis, Acting Administrator, Wage and Hour Division.

As amended, § 694.1 reads as follows:

§ 694.1 Wage rates.

* * * * * *

(a) *Pre-1966 coverage classifications.*

* * * * * *

(1) *Watch assembly classification.* (i) The minimum wage rate for this classification is $2.05 an hour. Under section 6(c) the rate will be increased by $0.15 an hour on May 1, 1977. The rate will increase to $2.30 an hour on December 1, 1977.

(ii) This classification is defined as the assembly of watches and watch movements, including related repair work.

(2) *Milk processing classification.* (i) The minimum wage rate for this classification is $2.05 an hour. Under section 6(c) the rate will be increased by $0.15 an hour on May 1, 1977. The rate will increase to $2.30 an hour on November 1, 1977.

* * * * * *

(3) *Retailing, wholesaling and warehousing classification.* (i) The minimum wage rate for this classification is $2.05 an hour. Under section 6(c) the rate will be increased by $0.15 an hour on May 1, 1977. The rate will increase to $2.30 an hour on November 1, 1977.

* * * * * *

(b) *1966 coverage classifications.*

* * * * * *

(1) *Agriculture classification.* (i) The minimum wage for this classification is $1.72 an hour. Under section 6(c) the rate will be increased by $0.15 an hour on May 1, 1977. The rate will increase to $2.02 an hour on November 1, 1977. Under section 6(c) the rate will be increased by $0.15 an hour on May 1, 1978 and on May 1 of each subsequent year until the mainland rate is reached.

* * * * * *

(2) *Retailing, wholesaling and warehousing classification.* (i) The minimum wage rate for this classification is $2.05 an hour. Under section 6(c) the rate will be increased by $0.15 an hour on May 1, 1977. The rate will increase to $2.30 an hour on December 1, 1977.

(ii) This classification is defined as the assembly of watches and watch movements, including related repair work.

(3) *Construction classification.* (i) The minimum wage rate for this classification is $2.05 an hour. Under section 6(c) the rate will be increased by $0.15 an hour on May 1, 1977. The rate will increase to $2.30 an hour on November 1, 1977.

* * * * * *

(4) *Laundry and cleaning classification.* (i) The minimum rate for this classification is $2.05 an hour. Under section 6(c) the rate will be increased by $0.15 an hour on May 1, 1977. The rate will increase to $2.30 an hour on November 1, 1977.

* * * * * *

(5) *Manufacturing activities classification.* (i) The minimum rate for this classification is $2.05 an hour. Under section 6(c) the rate will be increased by $0.15 an hour on May 1, 1977. The rate will increase to $2.30 an hour on November 1, 1977.

* * * * * *

(c) *1974 coverage classifications.*

* * * * * *

(1) *Domestic service classification.* (i) The minimum wage rate for this classification is $1.50 an hour. Under section 6(c) the rate will be increased by $0.15 an hour on May 1, 1977. The rate will increase to $1.80 an hour on November 1, 1977. Under section 6(c) the rate will be increased by $0.15 an hour on May 1, 1978 and on May 1 of each subsequent year until the mainland rate is reached.

* * * * * *

(2) *Motion picture theater classification.* (i) The minimum wage rate for this classification is $2.10 an hour. Under section 6(c) the rate will be increased by $0.15 an hour on May 1, 1977. The rate will increase to $2.30 an hour on November 1, 1977.

* * * * * *

(3) *Retail and service employees classification.* (i) The minimum wage rate for this classification is $2.05 an hour. Under section 6(c) the rate will be increased by $0.15 an hour on May 1, 1977. The rate will increase to $2.30 an hour on November 1, 1977.

* * * * * *

(Secs. 5, 6, 8, 52 Stat. 1062 and 1064, as amended; 29 U.S.C. 205, 206, 208.)

Signed at Washington, D.C., on this 5th day of April 1977.

WARREN D. LANDIS,
Acting Administrator, Wage and and Hour Division, U.S. Department of Labor.

Title 32—National Defense

CHAPTER VI—DEPARTMENT OF THE NAVY

PART 724—NAVAL DISCHARGE REVIEW BOARD

Revision

AGENCY: Naval Discharge Review Board, Naval Council of Personnel Boards, Department of the Navy.

ACTION: Final Rule.

SUMMARY: This rule revises the regulations governing the functions and procedures of the Naval Discharge Review Board. This revision reflects the adoption of the changes which were previously offered for public comment, and it also reflects the adoption of changes made pursuant to a District Court approved settlement. Further, this revision is intended to provide more comprehensive guidance for the Naval Discharge Review Board and for those who bring matters before it.

EFFECTIVE DATES: The Department of the Navy Manual for Discharge Review, 1977, is effective from April 18, 1977, and will apply to all cases pending before the Naval Discharge Review Board as well as to new applications.

ADDRESSES: Written comments concerning the revised Naval Discharge Review Board instructions must be submitted to Rear Admiral John M. DeLargy, USN, Director, Naval Council of Personnel Boards, 801 North Randolph Street, Arlington, VA 22203. All comments received will be available for public inspection, Monday through Friday, during normal business hours, in the Director's office, Room 911, 801 North Randolph Street, Arlington, VA 22203.

FOR FURTHER INFORMATION CONTACT:

RADM John M. DeLargy
Room 911, 801 North Randolph Street
Arlington, VA 22203
(202)-692-4355

SUPPLEMENTARY INFORMATION: Under the authority of 10 U.S.C. 1553, the Secretary of the Navy has established the Naval Discharge Review Board and has, from time to time, promulgated regulations governing the functions and procedures of that Board. On March 30, 1977, the Secretary approved the Department of the Navy Manual for Discharge Review, 1977, a complete revision of the prior direction contained in Secretary of the Navy Instruction 5420.17, Navy Discharge Review Board; functions and procedures, of April 8, 1974, as published in the FEDERAL REGISTER (40 FR 4274, January 29, 1975). On February 9, 1977, there was published in the FEDERAL REGISTER (FR Document 77-4108) at page 8156, a notice of proposed rulemaking proposing to amend certain sections of Secretary of the Navy Instruction 5420.174 and inviting public participation therein. One general comment was received concerning correction of records of retired personnel, but no written comments were received on the proposed amendments. The general substance of these proposed amendments has been incorporated in the Department of the Navy Manual for Discharge Review, 1977. The revised Naval Discharge Review Board instruction prescribes Naval Discharge Review Board organization, the authority and jurisdiction of the Naval Discharge Review Board, policy and procedure pertaining to the review of discharges from the Naval Service, designates and directs the Naval Discharge Review Board to make final determinations as to whether discharges from the Naval Service should be changed and the nature of the change, if warranted, and establishes criteria for those decisions of the Naval Discharge Review Board to be reviewed by the Secretary. By this revision a petitioner may submit contentions and/or issues of facts, law, or discretion at any time prior to the Board consideration of the case, and the Board is required to provide appropriate statements of its findings, reasons and conclusions. Since these rules specify Naval Discharge Review Board procedures to be followed, since no substantive com-

V4268 APR 8 77 UMI

ments were received in response to the notice of proposed rulemaking published February 9, 1977, and the general substance of that notice has been incorporated, and since many of these changes are required under a stipulation of dismissal approved by the U.S. District Court for the District of Columbia on January 31, 1977, it has been determined that further invitation for public comment on these changes prior to adoption would be unnecessary and impractical, and therefore not required under the public rulemaking provisions in Parts 296 and 701 of 32 CFR. However, interested persons are invited, on a continuing basis, to comment in writing on these revised Naval Discharge Review Board regulations. All written material received will be considered before taking action on any future revision of these regulations and the instructions may be changed in light of comments received.

In consideration of the foregoing and for the reasons given by the authority of section 301, Title I, Act of 22 June 1944 (10 U.S.C. 1553), 32 CFR Part 724 is revised as follows:

Subpart A—Definitions

Sec.
724.101 Naval Service.
724.102 Naval Discharge Review Board.
724.103 Discharge.
724.104 Administrative discharge.
724.105 Punitive discharge.
724.106 Clemency discharge.
724.107 Petition.
724.108 Petitioner.
724.109 Next of kin.
724.110 Legal representative.
724.111 Representative.
724.112 Discharge review.
724.113 Documentary discharge review.
724.114 Discharge review hearing.
724.115 Standards of naval law and discipline.

Subpart B—Authority for Departmental Discharge Review

724.201 Authority.
724.202 Statutory/directive authority.

Subpart C—Policy Pertaining to Review of Naval Discharges

724.301 Broad objectives of naval discharge review.
724.302 Parameters of naval discharge review.
724.303 Eligibility for naval discharge review.
724.304 Authority for review of naval discharges; jurisdictional limitations.
724.305 Jurisdictional determinations.
724.306 Disposition of petitions for discharge review.
724.307 Implementation of Board decisions.
724.308 Recommendation for extraordinary relief.
724.309 Evidence supporting petitions.
724.310 Review action in instances of lost records.
724.311 Availability of records for reference by petitioner.
724.312 Attendance of witnesses.
724.313 Expenses.
724.314 Military representation.
724.315 Limitation—failure to appear for hearing.
724.316 Limitation—repetitive review.
724.317 Limitation—continuances and postponements.
724.318 Withdrawal of petition.
724.319 Review on motion of the Board.
724.320 Waiver of hearings in instances of prima facie reason for change.
724.321 Secretarial review of naval discharge review decisions.
724.322 Scheduling of discharge reviews.
724.323 Hearing sites.
724.324 Traveling Board support and augmentation by Regular and Reserve activities.
724.325 Court-martial specifications, presumption concerning.
724.326 Previous Discharge Review Board decisions/dispositions.

Subpart D—Principal Elements of the Navy Department Discharge Review System

724.401 Petitioners.
724.402 Naval Discharge Review Board.
724.403 Director, Naval Council of Personnel Boards.
724.404 Commandant of the Marine Corps or the Chief of Naval Personnel.
724.405 Chief, Bureau of Medicine and Surgery.
724.406 Chief of Naval Reserve.
724.407 The Secretary.

Subpart E—Rights and Procedures Applicable to Petitions for Naval Discharge Review

724.501 Rights of a petitioner.
724.502 Procedures for petition for discharge review.
724.503 Response to petition for discharge review.

Subpart F—Naval Discharge Review Board Mission and Functions

724.601 General.
724.602 Mission.
724.603 Functions.

Subpart G—Organization of the Naval Discharge Review Board

724.701 Composition.
724.702 Executive management.
724.703 Recorders.
724.704 Counsel for the Board.

Subpart H—Procedures of the Naval Discharge Review Board

724.801 Matter to be considered in discharge review.
724.802 Issues/contentions raised by the petitioner.
724.803 Findings.
724.804 Conclusions.
724.805 Decisions.
724.806 Implementation of review decisions.
724.807 Decision process.
724.808 Issuance of decisions following discharge review.
724.809 Conduct of discharge review hearings.
724.810 Records of Board proceedings.
724.811 Final disposition of the record of proceedings in discharge review.
724.812 Records of discharge review hearings.
724.813 Petitioner examination of documents to be considered during discharge review.
724.814 Availability of Naval Discharge Review Board documents for public inspection and copying.

Subpart I—Director, Naval Council of Personnel Boards

724.901 Mission.
724.902 Functions.

Subpart J—Responsibilities in Support of the Board

724.1001 Responsibility.
724.1002 Functions of the Commandant of the Marine Corps and Chief of Naval Personnel.
724.1003 Functions of the Chief of the Bureau of Medicine and Surgery.
724.1004 Functions of the Commandant of the Marine Corps and Chief of Naval Reserve (refer to § 724.324).
724.1005 Functions of the Commandants of Naval Districts and Directors of Marine Corps Districts (refer to § 724.324).

Appendix A—Methods by which individuals may be involuntarily separated from the naval service (other than by reason of being physically unfit).
Appendix B—Policy statements by the Secretary of Defense addressing certain categories of discharges.
Appendix C—Oath or affirmation to be administered to Discharge Review Board members.
Appendix D—Principal forms employed by the Naval Discharge Review Board.

AUTHORITY: Sec. 301, Title 1, Act of June 22, 1944 (10 U.S.C. 1553).

Subpart A—Definitions

§ 724.101 Naval service.

The Naval Service is comprised of the uniformed members of the United States Navy and the United States Marine Corps, including active and inactive reserve components.

§ 724.102 Naval Discharge Review Board.

(a) A board, hereinafter referred to as the "Board", established by the Secretary of the Navy pursuant to Title 10, United States Code (1970 ed.), section 1553, for the review of discharges of former members of the Naval Service.

(b) Where reference is made to the "Traveling Board", it is intended only to differentiate the Board performing its functions elsewhere than at its home office in the Washington, DC area. The nature of and procedures for the review functions are identical whether performed in Washington or elsewhere.

§ 724.103 Discharge.

(a) In the context of the review function prescribed by 10 U.S.C. 1553, a discharge or dismissal is a complete separation from the Naval Service, other than one pursuant to the sentence of a general court-martial.

(b) By reason of usage, the term "discharge" is predominantly applicable to the separation of enlisted personnel for any reason, and the term "dismissal" to the separation of officers as a result of Secretarial or general court-martial action; however, Appendix A to this Part sets forth other applicable separations.

(c) In the context of the mission of the Board, the term "discharge" used herein shall, for purpose of ease of expression, include any complete separation from the Naval Service other than that pursuant to the sentence of general court-martial.

§ 724.104 Administrative discharge.

A discharge upon expiration of enlistment or required period of service, or prior thereto, in a manner prescribed by the Commandant of the Marine Corps or the Chief of Naval Personnel, but specifically excluding separation by sentence of a court-martial. There are three types of administrative discharges:

(a) *Honorable.* A separation from the Naval Service with honor. The issuance of an honorable discharge is contingent upon proper military behavior and performance of duty.

(b) *General.* A separation from the Naval Service under honorable conditions. The issuance of a general discharge is contingent upon military behavior and performance of duty which is not sufficiently meritorious to warrant an honorable discharge.

(c) *Under Other Than Honorable Conditions (formerly termed Undesirable Discharge).* A separation from the Naval Service under conditions other than honorable. It is issued for misconduct, security reasons, or for the good of the service in lieu of trial by court-martial, and was formerly issued for unfitness.

§ 724.105 Punitive discharge.

A discharge awarded by sentence of a court-martial. There are two types of punitive discharges:

(a) *Bad conduct.* A separation from the Naval Service under conditions other than honorable. It may be effected only as a result of the approved sentence of a general or special court-martial.

(b) *Dishonorable.* A separation from the Naval Service under dishonorable conditions. It may be effected only as a result of the approved sentence of a general court-martial.

§ 724.106 Clemency Discharge.

(a) The clemency discharge was created by the President on September 16, 1974, in his Proclamation 4313, "Announcing a Program for the Return of Vietnam Era Draft Evaders and Military Deserters." Upon issuance as a replacement for an undesirable discharge or a punitive discharge, a clemency discharge serves as a written testimonial to the fact that the individual has satisfied the requirements of the President's program, and has fully earned his return to the mainstream of American society in accordance with that program.

(b) The clemency discharge is a neutral discharge, neither honorable nor less than honorable. It does not effect a change in the characterization of the individual's military service as having been under other than honorable conditions, nor does it serve to change, seal, erase or in any way modify the individual's past military record.

§ 724.107 Petition.

In the context of this Part, a written application to the Board for review of discharge submitted by a former member of the Naval Service or by spouse, next of kin or legal representative where a former member is deceased or incompetent. Normally, Department of Defense Form 293 is used for petitions.

§ 724.108 Petitioner.

The person whose discharge is the subject of a petition, usually the former service member unless deceased or incompetent. The term petitioner as used in this Part shall include authorized applicants other than former members, e.g., spouse, next of kin, legal representative.

§ 724.109 Next of kin.

The person nearest in degree of blood relationship in order of legal precedence: the eldest son, eldest daughter, father, mother, eldest brother, eldest sister, eldest grandchild.

§ 724.110 Legal representative.

In distinction from the spouse or next of kin, the person who, in law, other than by power of attorney or employment, represents the petitioner.

§ 724.111 Representative.

A person who is designated in writing by the petitioner to provide assistance to the petitioner in the discharge review process. By designating a service organization, the person provided by that organization is considered to have been designated. Military officers of any service on extended active duty are precluded from such designation.

§ 724.112 Discharge review.

Reappraisal at the level of the Navy Department of discharges from the Naval Service. The object of the reappraisal is to determine whether the discharge should be changed, and if so, the nature of the change.

§ 724.113 Documentary discharge review.

A formal session of the Board convened for the purpose of reviewing, on the basis of documentary data, a petitioner's discharge. The documentary data shall include the petition together with all information accompanying that petition, available service and medical records, and any other information considered relevant by the Board.

§ 724.114 Discharge review hearing.

A formal session of the Board convened for the purpose of reviewing a petitioner's discharge on the basis of a personal appearance, as well as documentary data. The personal appearance may be by the applicant or by a representative of the applicant, or both.

§ 724.115 Standards of naval law and discipline.

Those standards stated in statutes, regulations, bureau manuals, directives of the Department of the Navy, and other written public expressions of policy by competent authorities, together with interpretations thereof by the courts, the Attorney General, and the Judge Advocate General of the Navy.

Subpart B—Authority for Departmental Discharge Review

§ 724.201 Authority.

(a) The Naval Discharge Review Board, established pursuant to 10 U.S.C. Section 1553, is a component of the Naval Council of Personnel Boards. The Secretary of the Navy, by SECNAVINST 5430.7K, Assignment of Responsibilities to and among the Civilian Executive Assistants to the Secretary of the Navy, has placed the Naval Council of Personnel Boards under the direct supervision of the Assistant Secretary of the Navy (Manpower and Reserve Affairs); by SECNAVINST 5420.135B, Navy Council of Personnel Boards, has restated the organization, mission, duties and responsibilities of the Naval Council of Personnel Boards to include the Naval Discharge Review Board; and by subsequent action promulgated by the Chief of Naval Operations, OPNAV NOTES 5450 of September 9, 1976 and January 24, 1977, has approved the Naval Council of Personnel Boards as a shore activity with the following mission statement:

"To administer and supervise assigned boards and councils." The Assistant Secretary of the Navy (Manpower and Reserve Affairs), pursuant to Titles 5 and 10, U.S.C., the above authority, and the provisions of U.S. Navy Regulations 1973, promulgates this Part.

§ 724.202 Statutory directive authority.

(a) The Board, in its conduct of discharge reviews, shall be guided by applicable statutes, regulations, bureau manuals, directives of the Department of the Navy, and other written public expressions of policy by competent authority, such as:

(1) 10 U.S.C. 1553 (1970). Review of discharge or dismissal.

(a) The Secretary concerned shall, after consulting the Administrator of Veterans' Affairs, establish a board of review, consisting of five members, to review the discharge or dismissal (other than a discharge or dismissal by sentence of a general court-martial) of any former member of an armed force under the jurisdiction of his department upon its own motion or upon the request of the former member or, if he is dead, his surviving spouse, next of kin, or legal representative. A motion or request for review must be made within 15 years after the date of the discharge or dismissal.

(b) A board established under this section may, subject to review by the Secretary concerned, change a discharge or dismissal, or issue a new discharge, to reflect its findings.

(c) A review by a board established under this section shall be based on the records of the armed forces concerned and such other evidence as may be presented to the board. A witness may present evidence to the board in person or by affidavit. A person who requests a review under this section may appear before the board in person or by counsel or an accredited representative of an organization recognized by the Administrator of Veterans' Affairs under Chapter 59 of Title 38.

(2) The Secretary of Defense by memoranda dated August 13, 1971 and April 28, 1972 directed a review for recharacterization (i) of administrative discharges under other than honorable conditions issued solely on the basis of personal use of drugs or possession of drugs for the purpose of such use, and (ii) punitive discharges and dismissals issued solely for conviction of personal

V4268 APR 8 77 UMI

use of drugs and possession of drugs for the purpose of such use for those discharges executed as a result of a case completed or in process on or before July 7, 1971. (See Appendix B of this Part)

(3) Department of Defense Directive 1332.14 of December 29, 1976, prescribes policy, standards and procedures which govern the administrative separation of enlisted persons from the armed forces.

Subpart C—Policy Pertaining to Review of Naval Discharges

§ 724.301 Broad objectives of naval discharge review.

Naval discharge review shall have as its broad objectives:

(a) the furtherance of good order and discipline.

(b) the correction of injustice or inequity in the discharge issued.

(c) the correction of administrative or clerical errors.

§ 724.302 Parameters of naval discharge review.

(a) A naval discharge relates solely to naval service. Accordingly, information considered in discharge review shall normally be confined to that which is relevant and material to the petitioner's service, including character, conduct, physical condition or other material facts at the time of entry into and separation from the period of service concerned.

(b) In determining whether a discharge should be changed, consideration shall be given to whether the discharge was properly and equitably issued under:

(1) Standards of naval law and discipline existing at the time of the petitioner's separation, or,

(2) Such standards differing therefrom in the petitioner's favor which subsequent to separation were made expressly retroactive to separations of the type and character received by the petitioner, or,

(3) Where deemed by the Board to be essential to achieving a just and equitable result in a case, such other standards differing therefrom in the petitioner's favor which, not having been made expressly retroactive, were subsequently made generally applicable on a service-wide basis to separations of the type and character received by the petitioner.

§ 724.303 Eligibility for naval discharge review.

Any former member of the Naval Service, eligible for review under 10 U.S.C. 1553, or surviving spouse, next of kin or legal representative, shall upon submittal of a petition be afforded a review of the member's discharge from the Naval Service.

§ 724.304 Authority for review of naval discharges; jurisdictional limitations.

(a) The Board shall have no authority to: (1) Issue a new discharge; (2) Revoke a discharge; (3) Reinstate a person in the Naval Service; (4) Recall a former member to active duty; (5) Change reenlistment codes; (6) Make recommendations for reenlistment; (7) Change the reason for discharge from or to physical disability; (8) Determine eligibility for veterans' benefits; (9) Review a release from active duty, until a final discharge has been issued.

(b) Except as directed by the Secretary of the Navy, review of naval discharges shall not be undertaken in instances where the elapsed time between the date of discharge and the date of petition for review exceeds fifteen years.

§ 724.305 Jurisdictional determinations.

(a) The determination as to whether the Board has jurisdiction in any case shall be predicated on the policy stated in § 724.304. Decisions shall be made by administrative action without referral to the Board. Normally, they shall be made by the Executive Secretary of the Board, or they may be referred to the Director, Naval Council of Personnel Boards.

§ 724.306 Disposition of petitions for discharge review.

One of three dispositions will be made of a petition for review of a discharge:

(a) the petition may be denied for reason of (1) absence of jurisdiction; (2) previous review on the same evidence; or

(b) the petition may be withdrawn by the petitioner; or

(c) the petition may be accepted and the discharge reviewed by the Board, resulting in (1) change to the discharge, or (2) no change.

§ 724.307 Implementation of Board decisions.

The Commandant of the Marine Corps and the Chief of Naval Personnel shall be notified by the Board of decisions in each discharge review case and shall implement the decisions within their respective services.

§ 724.308 Recommendation for extraordinary relief.

In extraordinary circumstances wherein the Board perceives justification for a recommendation for extraordinary relief, it may make such a recommendation to the Secretary, citing specific reasons for the recommendation. The Board is not authorized to grant such relief on its own authority.

§ 724.309 Evidence supporting petitions.

In the absence of evidence to the contrary, naval discharges shall be considered just, equitable and properly administered. Normally, the burden of presenting evidence to the contrary shall rest with the petitioner. Petitions must be complete in substance and detail at the time of their acceptance. When hearings are scheduled, petitioners must be prepared to present their case at the scheduled time. In the absence of any other evidence, naval discharge review shall be undertaken by examination of available service and health records of the petitioner. Petitions in which elements of relevant information are obviously omitted shall not be accepted but shall be returned for completion and resubmission.

§ 724.310 Review action in instances of lost records.

In the event that Department of the Navy personnel or health records associated with a requested review of discharge are not locatable at the custodial activity, the following action shall be taken by the Board:

(a) a certification that the records are lost shall be obtained from the custodial activity;

(b) the petitioner shall be notified of the situation and requested to provide such information and documents as may be desired in support of the petition;

(c) the documentary review/hearing shall be conducted with information available;

(d) if the information/documents provided by the petitioner are not sufficient to provide prima facie justification for a change in the type or nature of the discharge, the discharge shall be deemed to be proper under the legal presumption of regularity in the conduct of governmental affairs.

§ 724.311 Availability of records for reference by petitioner.

(a) The Board is not required to furnish copies of or extracts from service or health records to former members of the Naval Service. Such information is available from the National Personnel Records Center, St. Louis, Missouri. In instances where the records are not available from the Records Center, information may be requested from the Commandant of the Marine Corps or the Chief of Naval Personnel.

(b) Upon request in person at the time and site of the case review, a petitioner or representative shall be furnished access to official records in the possession of the Board.

(c) Classified material shall not normally be reviewed by the Board or disclosed to petitioners. If necessary, unclassified, sanitized extracts of information needed shall be requested by the Board.

(d) Reports of the Naval Investigative Service or other investigative agencies shall not be reviewed by the Board or disclosed to petitioners. When it is necessary in the interest of a competent review to consider such matter, the Board shall be furnished a summary of matter in the report that is relevant to the review. The Board shall, in turn, make the summary available to the petitioner or representative.

§ 724.312 Attendance of witnesses.

Arrangement for attendance of witnesses testifying in behalf of the petitioner at discharge review hearings is the responsibility of the petitioner. The Board is not authorized to subpoena witnesses or to otherwise require their presence.

§ 724.313 Expenses.

No expense incurred by petitioners, representatives, witnesses, or by any other persons in behalf of petitioners shall be paid by the Department of the Navy.

§ 724.314 Military representation.

No active duty military officer may act for or on behalf of a petitioner in the presentation of a case before the Board. (See 18 U.S.C. 205.)

§ 724.315 Limitation—failure to appear for hearing.

Except as authorized or directed by the Secretary of the Navy, further consideration of discharge review shall not be accorded a petitioner who requests a hearing and who, after being duly notified of the time and place of the hearing, fails to appear at the appointed time, either in person or by representative, not having made a prior, timely request for a continuance or withdrawal of the petition. Such individuals shall be deemed to have waived their right to such a hearing. Instead, the Board shall conduct a documentary review of the discharge and the decision of the Board shall be based on that review.

§ 724.316 Limitation—repetitive review.

(a) Except as authorized or directed by the Secretary of the Navy, repetitive review of an individual discharge shall not be undertaken except:

(1) On the basis of presentation of new, substantial, relevant information not available to the petitioner at the time of the original review, or

(2) Where the only previous consideration of the case was on the motion of the Board, or

(3) The original review did not involve a personal hearing and a personal hearing is now desired, and the provisions of § 724.315 do not apply.

(b) The decision as to whether information offered by a petitioner in substantiation of a request for a repetitive review is in fact new, substantial, relevant, and not available to the petitioner at the time of the original review shall be made by the Board in plenary session. In the event of a negative decision, the petitioner shall be notified of the non-acceptance of the petition and the reasons therefor.

(c) The production by the petitioner of new contentions not previously raised, or the elaboration by petitioner or petitioner's representative of different legal arguments or citations, is not new, substantial, relevant evidence as described above and will not support granting a new review.

§ 724.317 Limitation—continuances and postponements.

(a) A continuance of a discharge review hearing may be authorized by the President of the Board providing such continuance is of reasonable duration and is essential to achieving a full and fair hearing. Where a proposal for continuance is indefinite, the pending petition shall be returned to the petitioner with the option to resubmit when the case is fully ready for review.

(b) If a continuance is necessitated by reason of negligent failure of a petitioner or representative to properly prepare the case for presentation, the case shall be closed without further action and the petitioner advised to resubmit the petition when the case is fully ready for review.

(c) Postponements of scheduled reviews shall not normally be permitted other than for demonstrated good and sufficient reason set forth by the petitioner in a timely manner, or for the convenience of the government. In instances wherein a requested postponement is not supported by acceptable reasons, the review shall proceed as scheduled.

§ 724.318 Withdrawal of petition.

A petitioner shall be permitted to withdraw a petition without prejudice at any time before the scheduled review.

§ 724.319 Review on motion of the Board.

(a) Reviews of naval discharges may be initiated by the Board on its own motion. However, it must transmit a written notice to the person concerned at the former member's last known address. If such a person is deceased or incompetent, the notice shall be transmitted to the surviving spouse, next of kin, or legal representative as appropriate.

(b) Such notice shall state the type and nature of the review to be held and shall advise the addressee of the right to appear before the Board in person or by representative, and to present information to the Board.

§ 724.320 Waiver of hearings in instances of prima facie reason for change.

Where preliminary examination of a petition for a personal hearing in a discharge review case reveals that prima facie reason exists in support of a change to the discharge, the petitioner shall be so notified and offered the option of accepting the change in lieu of a hearing with its attendant personal expense.

§ 724.321 Secretarial review of naval discharge review decisions.

(a) The decisions of the Board are final, subject only to Secretarial review.

(b) Secretarial review shall be limited to:

(1) Cases in which a preliminary showing is made by the petitioner that a Board decision was contrary to law or governing regulation;

(2) Cases involving special interest categories as designated by the Secretary, including all cases pertaining to officers, warrant officers and midshipmen;

(3) Non-unanimous decisions by the Board;

(4) Cases involving recommendation for extraordinary relief;

(5) Other cases of sensitive, novel, or of other important value identified by the Director, Naval Council of Personnel Boards.

(c) In those instances of Secretarial review, the requirements contained in Subpart H of this Part regarding provision of a statement of findings, conclusions, and reasons shall apply, except where the Secretary expressly adopts in whole or in part the statement of findings, conclusions, and reasons of the Board. Where the Secretary adopts the Board's statement of findings, conclusions, and reasons, publication and indexing under the terms of § 724.814 is not required where such would duplicate existing publication and indexing of the same material.

(d) Requests from petitioners for Secretarial review of a Board decision under the provisions of paragraph (b)(1) of this section must be addressed to the Director, Naval Council of Personnel Boards, and must be received within 25 days of the date on which the notification of the decision of the Board was mailed to the petitioner. Requests received subsequent to that date shall not be considered. The Director shall screen these requests and refer to the Secretary only those cases in which the required preliminary showing has been made. (See § 724.902(1).)

(e) Those cases described in paragraphs (b) (2), (3), (4), and (5) of this section shall all be forwarded by the Director to the Secretary for review and final decision.

§ 724.322 Scheduling of discharge reviews.

(a) When a petitioner requests a personal hearing, or to be represented in absentia, the Board shall provide the option of a hearing in Washington, D.C. or at another site within the forthy-eight contiguous States.

(b) The Board shall subsequently notify the petitioner and representative (if any) in writing of the hearing time and place. This notice shall normally be mailed approximately sixty days prior to the date of the hearing. If the petitioner elects, this time limit may be waived and an earlier date set.

(c) When a petitioner requests documentary review, the Board shall schedule the review as soon as practicable in an ordered sequence.

§ 724.323 Hearing sites.

(a) The Board shall be permanently situated, together with its administrative staff, in the Washington, D.C., area. The Board shall conduct regular hearings and the majority of its documentary reviews at this, its permanent office. Petitioners located within a radius of three hundred miles from Washington, D.C., shall normally be required to present their cases in Washington, if they request a hearing.

(b) In addition, as permitted by available resources, the Board shall travel to other selected sites within the contiguous 48 States for the purpose of conducting hearings. The selection of hearing sites and the frequency of visits shall be predicated on the number of requested hearings pending within a region and the availability of resources. Petitioners located within a radius of three hundred miles from sites selected for Traveling Board hearings shall normally be required to present their cases to the Board

V4268PR877 UMI

at the selected sites, if they have requested hearings. An exception shall be made if the petitioner requests a hearing in Washington, DC.

(c) If a petitioner who has requested a hearing declines without justifiable cause to present a case to the Board when the Board is sited within three hundred miles of the petitioner's residence as stated in the petition, the petitioner shall be deemed to have waived any right to a personal hearing. Instead, the Board shall conduct a documentary review of the discharge and the decision of the Board shall be based on that review.

§ 724.324 Traveling Board support and augmentation by Regular and Reserve activities.

(a) When the Board travels for the purpose of conducting hearings, it shall normally select as review sites Navy and Marine Corps installations in the area visited.

(b) Composition of the Board for these hearings shall normally consist of two members from Washington plus three augmentees from nearby regular and reserve Navy and Marine Corps resources.

(c) Navy and Marine Corps activities in the geographical vicinity of selected review sites shall provide administrative support and augmentation to the Board during its visit where such assistance can be undertaken without interference with mission accomplishment. The Board shall coordinate requests for augmentees and administrative support through Commandant of the Marine Corps, Chief of Naval Reserve, commandants of naval districts and directors of Marine Corps districts as appropriate.

(d) The administrative staff in Washington shall undertake all arrangements for Traveling Board visits and shall process associated review documents.

§ 724.325 Court-martial specifications, presumption concerning.

Relevant and material facts stated in a court-martial specification:

(a) To which the petitioner pleaded guilty, or

(b) Of which the petitioner was found guilty and the finding was not subsequently overturned by reviewing authority, or

(c) In the face of which the petitioner requested a discharge for the good of the service to avoid trial by court-martial shall be presumed by the Board as established facts. Excepted to the foregoing are instances where there exists manifest error, or where the petitioner shall show to the satisfaction of the Board, or it shall otherwise appear, that arbitrary or coercive action was taken against the petitioner at the time which was not apparent to the reviewing authority from the record.

§ 724.326 Previous Discharge Review Decisions/Dispositions.

The Naval Discharge Review Board is not constituted as a precedential body. Accordingly, decisions and dispositions in previous discharge reviews shall not be used as or constitute binding precedents or binding guidance in subsequent discharge reviews.

Subpart D—Principal Elements of the Navy Department Discharge Review System

§ 724.401 Petitioners.

As defined in § 724.108.

§ 724.402 Naval Discharge Review Board.

§ 724.403 Director, Naval Council of Personnel Boards.

As defined in § 724.102.

Exercises administrative control of the Naval Discharge Review Board. Exercises oversight of the naval discharge review process. Performs preparatory screening of requests for Secretarial review of Board decisions. See Subpart I of this Part.

§ 724.404 Commandant of the Marine Corps or the Chief of Naval Personnel.

Personnel managers of the Marine Corps and the Navy, responsible for providing limited support to the Naval Discharge Review Board and for implementation of departmental discharge review decisions. See Subpart J of this Part.

§ 724.405 Chief, Bureau of Medicine and Surgery.

Custodian of Navy and Marine Corps health records. Responsible for providing limited support to the Naval Discharge Review Board. See Subpart J of this Part.

§ 724.406 Chief of Naval Reserve.

Manages Naval Reserve resources. Responsible for providing limited support within available resources to the Naval Discharge Review Board. See Subpart J of this Part.

§ 724.407 The Secretary.

The Secretary of the Navy is:

(a) The source of the discretionary authority that is delegated to the Director, Naval Council of Personnel Boards, in discharge review matters

(b) The final authority within the Department of the Navy in discharge review matters.

Subpart E—Rights and Procedures Applicable to Petitions for Naval Discharge Review

§ 724.501 Rights of a petitioner.

An individual has the right:

(a) To a review of discharge, if other than the result of a general court-martial, provided a petition is submitted within fifteen years subsequent to the date of the issuance of the discharge;

(b) To a personal hearing either in the Washington, D.C., area or before the Traveling Board;

(c) To a documentary review in absentia;

(d) To be accompanied by a representative during a hearing;

(e) To present evidence in person or by affidavit;

(f) To present witnesses;

(g) To present other information in sworn or unsworn statements;

(h) To examine prior to the time of a scheduled hearing all official documents which will be considered by the Board in the review;

(i) To privacy in accordance with the Right to Privacy Act of 1974 (5 U.S.C. 552a);

(j) To access to the discharge review case index in accordance with § 724.814;

(k) To the record of the review in accordance with § 724.811.

§ 724.502 Procedures for petition for discharge review.

(a) The petition for review must be submitted using Application for Review of Discharge or Dismissal from the Armed Forces of the United States, DD Form 293 (Appendix D of this Part). It must be personally signed by the petitioner. In the event the discharged individual is deceased or incompetent, the form must be signed by an authorized individual as discussed in § 724.108.

(b) The petition must be accompanied by:

(1) A copy of the certificate of discharge, if available;

(2) Statements by the petitioner specifically presenting contentions and/or the issues of facts, law or discretion which form the basis for the petition;

(3) A copy of the Armed Forces of the United States Report of Transfer or Discharge (DD–214), if available;

(4) Legal proof of death or incompetency and certification of relationship in applicable cases;

(5) Other statements, affidavits, depositions, documents and information desired by the petitioner to be considered by the Board.

(c) The importance of the completeness of the petition is emphasized. Without evidence to the contrary, naval discharges are presumed to be just and properly administered. Petitioners must present complete arguments in support of their petitions if the Board is to consider the petitioner's position as well as the official records of the Department of the Navy. Where a petition is considered to lack information essential to a competent review, it will be returned, requesting such information, before the review will proceed.

(d) Correspondence relating to review of naval discharges should be addressed to:

Naval Discharge Review Board, Suite 905, 801 North Randolph St., Arlington, Va. 22203, phone: 202–692–4091.

§ 724.503 Response to petition for discharge review.

(a) The petitioner shall be sent an acknowledgment of receipt of the petition.

(b) In the event a hearing is requested, the petitioner shall be notified of the time and place of the hearing and shall be advised of the availability of the official documents to be considered by the Board.

(c) In the event a documentary review is requested, the petitioner shall normally receive no further communication from the Board until notified of the decision in the case.

Subpart F—Naval Discharge Review Board Mission and Functions

§ 724.601 General.

The Board is a component of the Naval Council of Personnel Boards and has its offices located at their headquarters in the Washington, DC area. The Board conducts documentary reviews and personal hearings at its Washington area offices and also undertakes personal hearings on a travel basis at selected sites within the 48 contiguous states. Regional site selection is predicated on the number of pending petitions accumulated from a given geographical area and the resources available to support distant hearings. The Board does not maintain facilities other than at its Washington area offices.

§ 724.602 Mission.

To decide, in accordance with standards of naval law and discipline, whether a discharge or dismissal from the Naval Service is proper and equitable, or whether it should be changed.

§ 724.603 Functions.

(a) Meet as frequently as necessary to review expeditiously naval discharges referred to the Board.

(b) Meet at locations within the 48 contiguous states as determined appropriate on the basis of the numbers of petitions received from associated geographical areas and of available resources and facilities.

(c) Review petitions for change of discharges.

(d) In consonance with directives of higher authority and the policies set forth in this Part, grant or deny change of discharges.

(e) Promulgate decisions in a timely manner.

(f) Maintain a system of records.

(g) Maintain liaison in discharge review matters with:

(1) The Commandant of the Marine Corps.

(2) The Chief of Naval Personnel.

(3) The Judge Advocate General of the Navy.

(4) Chief of Naval Reserve.

(5) Chief of Bureau of Medicine and Surgery.

(6) Veterans representation groups.

(7) Discharge review boards of the other services.

(h) Monitor the performance of the departmental discharge review system. Make recommendations for changes and improvements. Take action to avoid delays and processing of individual discharge review actions.

(i) Protect the privacy of individuals whose records are reviewed.

(j) Submit recommendations to the Secretary of the Navy on cases which because of their special nature or circumstances are referred to him for final decision.

(k) Maintain for public access a reading file and associated index of records of Board proceedings in all reviews undertaken subsequent to July 1, 1975. Personal identifications shall be removed from the records in conformance with the Right to Privacy Act of 1974 (5 U.S.C. 552a).

Subpart G—Organization of the Naval Discharge Review Board

§ 724.701 Composition.

The Board shall be composed of five members. Normally these shall be career military officers; however, officers of the inactive Navy and Marine Corps Reserve may serve as members when designated to so act by the Director, Naval Council of Personnel Boards.

(a) The President of the Board shall be a Navy or Marine officer in the grade of 0–6 or above, designated by the Director, Naval Council of Personnel Boards.

(b) The remaining membership shall normally be not less than 0–4 grade with preference being given to more senior grades.

(c) Board members shall be designated from the following sources:

(1) Officers performing duty with the Naval Council of Personnel Boards.

(2) Officers nominated by the Commandant of the Marine Corps.

(3) Officers nominated by the Chief of Naval Reserve, on request.

(4) Officers nominated by commandants of naval districts, on request.

(5) Officers nominated by directors of Marine Corps districts, on request.

(d) At least three of the five members of the Board shall belong to the service from which the petitioner whose case is under review was discharged or dismissed.

(e) Individual membership in the Board may vary within the limitations of the prescribed composition.

§ 724.702 Executive management.

The administrative affairs of the Board shall be managed by the Executive Secretary. This responsibility shall include schedules, records, correspondence and issuance of Board decisions.

§ 724.703 Recorders.

The Board shall be assigned a number of Navy and Marine officers who shall act as recorders for discharge review sessions. The number of recorders assigned shall be consistent with Board case loading. These officers shall normally be of the grade O–4 or O–5.

§ 724.704 Counsel for the Board.

The Board shall function normally without the immediate attendance of legal counsel. In the event that a legal opinion or review is deemed appropriate by the President of the Board, such shall be obtained routinely by reference to the senior Judge Advocate assigned to the Office of the Director, Naval Council of Personnel Boards. In unusual circumstances, the Traveling Board may request advice from the Officer in Charge of the nearest Naval Legal Services Office.

Subpart H—Procedures of the Naval Discharge Review Board

§ 724.801 Matter to be considered in discharge review.

(a) In the process of its review of discharges, the Board shall examine available records of the Department of the Navy, together with such information as may be presented by the petitioner and/or representative. Minimum matter for Board consideration shall normally consist of:

(1) The petition for discharge review;

(2) Briefs/written statements accompanying the application or presented during hearings;

(3) Testimony presented during hearings;

(4) Service and health records;

(5) A brief of pertinent facts extracted from the service and health records, prepared by the Board recorder.

If minimum documentation is not available, the Executive Secretary shall refer the case to the Director, Naval Council of Personnel Boards, for guidance.

(b) Analysis/decisional briefs of all available facts pertinent to each review shall be prepared by Board recorders using NAVSO Form 1900/5C (3–77) (Appendix D of this Part).

(c) The scope of analysis by the Board shall include as a minimum consideration of the objectives of discharge review stated in § 724.301 and the parameters stated in § 724.302.

§ 724.802 Issues/contentions raised by the petitioner.

The Board shall consider the issues or contentions raised by the petitioner, according approximate weight to each during Board deliberations.

§ 724.803 Findings.

The Board shall make findings of facts in each discharge review which shall include:

(a) The date, type and reason of the discharge/dismissal and the authority under which it was issued;

(b) The circumstances and character of the petitioner's service as extracted from service records, health records and information provided by other government authority or the petitioner.

(c) A brief of relevant information developed from testimony, when the review involves a discharge review hearing.

(d) Reference to petitioner's written brief, if any.

(e) Reference to advisory opinions, if any. Factual information and/or advise from advisory opinions relied upon for final decision shall normally be set forth verbatim.

Care must be taken to insure that the findings, constructed as prescribed herein, include those factors required by applicable service regulations to be considered for the determination of the

V4268 APR 8 77 UMI

character and reason for the discharge in question where such factors are a basis for denial of any of the relief requested by the petitioner. So constituted, the findings comprise the basis for the conclusion.

§ 724.804 Conclusions.

(a) On the basis of its findings, the Board shall prepare conclusions. They shall be briefly stated and shall address the relevant issues raised by the petitioner, except that they need not address issues which, even if the petitioner's claims were true, would not result in the granting of further relief to the petitioner. However, all claims by the petitioner that statutory, regulatory and/or constitutional provisions were violated, must be addressed. Such other nonfrivolous claims made by the petitioner, which in the opinion of the Board would warrant greater relief than that afforded petitioner by the Board's decision if resolved in the petitioner's favor, must also be addressed.

(b) Conclusions shall be accompanied by a brief statement of the rationale which is underlying.

§ 724.805 Decisions.

On the basis of its conclusions, the Board shall record its decision as to whether a discharge should remain unchanged, or be changed. The nature of any change shall be clearly specified.

§ 724.806 Implementation of review decisions.

A written notification addressed to the Commandant of the Marine Corps or the Chief of Naval Personnel, as appropriate, shall be issued to implement the decision of the Board, or that of higher authority, in each discharge review case.

§ 724.807 Decision process.

(a) The Board shall meet in plenary session to review discharges.

(b) In the event the petitioner does not appear in person, or is not represented in absentia, the Board shall review the discharge on the basis of available official records and of information presented by or on behalf of the petitioner.

(c) In the event the petitioner appears in person or is represented in absentia, the Board shall hear testimony by or on behalf of the petitioner and shall consider official records and other available information.

(d) Decisions shall be reached in formal voting.

(e) Voting shall be conducted in closed session, a majority of the five voting members' votes constituting the Board decision. The President shall have a single vote.

(f) Details of the deliberations of the Board are privileged information. They shall not be divulged.

(g) Members of the Board are authorized access to the Secretary of the Navy where such access is necessary to the proper conduct of the discharge review process.

§ 724.808 Issuance of decisions following discharge review.

Notification of decisions following review shall be issued to the petitioner and to service personnel managers.

(a) Notification to petitioners shall normally be made through the U.S. Postal Service. Such notification shall consist of a notification of decision together with a copy of the form NAVSO 1900/5C (and appendices thereto) executed in connection with the review.

(b) Notification to the Commandant of the Marine Corps and the Chief of Naval Personnel shall be for the purpose of appropriate action and inclusion of review matter in personnel records. Such notification shall normally be issued en bloc and shall bear the personal signature of the Executive Secretary of the Board in certification of completeness and accuracy. Delivery of en bloc notifications shall normally be via interoffice mail.

(c) Decisions of the Director, Naval Council of Personnel Boards, in appeals, and of the Secretary of the Navy in cases referred to him for decision, shall be issued by the Board in a manner similar to decisions of the Board.

§ 724.809 Conduct of discharge review hearings.

(a) Discharge Review Board personal hearings shall be conducted in open session unless, in the opinion of the President, an open session would be prejudicial to the interests of the petitioner or the government; or a closed hearing is requested by the petitioner.

(b) The President shall preside over the hearing. He shall convene, recess and adjourn the Board as appropriate. He shall rule on matters of procedure. He shall maintain an atmosphere of dignity and decorum at all times.

(c) Personal hearings shall be conducted with the objective of eliciting all the facts bearing on the case. Witnesses shall be encouraged to contribute to this objective. Board members are responsible for eliciting all the facts necessary for a full and fair hearing, whether or not the petitioner is accompanied by a representative.

(d) Each board member shall act under the oath or affirmation set forth in Appendix C of this Part.

(e) Admission of evidence and testimony. (1) Petitioners undergoing personal hearings shall be permitted to introduce witnesses, documents, sworn or unsworn statements or other information in their behalf.

(2) Petitioners may also make oral or written arguments personally and through representatives.

(3) Petitioners and witnesses introduced by them may be questioned by the Board regarding information or testimony submitted by them.

(4) All testimony shall be taken under oath unless otherwise specifically requested by the petitioner.

(5) The Discharge Review Board shall consider all information presented to it by the petitioner. In addition, the Board shall consider available service and health records together with such other records as may be in the files of the Department of the Navy that relate to the issues before the Board.

(f) The Board is an administrative fact-finding body. Its hearings shall not be adversary in nature and examination/cross-examination procedures shall not apply. Similarly, trial court rules of evidence shall not govern its fact-finding procedures. The President shall, however, advise the petitioner and/or representative to limit presentation to a concise development of information which is material and relevant to circumstances surrounding the discharge.

(g) When the Board considers that professional or technical questions are not adequately resolved in the testimony and documents before it, appropriate advice shall be sought from bureaus and offices of the Department of the Navy prior to final consideration and decision. (See § 724.803(e) and § 724.810(a)(5)).

§ 724.810 Records of board proceedings.

(a) A complete record of Board proceedings shall be compiled for each review action. This record of proceedings shall include as a minimum:

(1) The petition,

(2) In the case of personal hearings, a verbatim record of the hearing on electromagnetic tape,

(3) Affidavits, papers and documents, other than service and health records, which were considered by the Board,

(4) All briefs and written arguments prepared and filed in the case,

(5) Advisory opinions considered by the Board,

(6) The Record of Review of Discharge (NAVSO 1900/5C), stating petitioner's claims, Board findings, conclusions with reasons, and associated decision, together with minority reports if applicable,

(7) Reference to the document notifying the cognizant personnel manager of the discharge review action in each case.

(b) The record of proceedings shall not address matter which is beyond the scope of the Board's authority. Such matter shall, if necessary, be addressed in separate action.

(c) The record of proceedings shall state the membership of the Board. In a unanimous decision the record shall be signed by the President and authenticated by the recorder of the Board. In a split decision, the minority report shall additionally be signed by the minority members.

§ 724.811 Final disposition of the record of proceedings in discharge review.

(a) The original Record of Review of Discharge (NAVSO 1900/5C) and all appendices thereto shall in all cases be incorporated in the service record of the petitioner and the service record shall be returned to the custody of the National Personnel Records Center, St. Louis, Missouri, via the service personnel manager if applicable.

(b) A case file consisting of copies of the application, findings, conclusions, decisions, notification of Board action and hearing transcripts if any shall be maintained for reference by the Board for one year, after which it shall be transferred to the Washington National Records Center, Suitland, Maryland. Case files retained at the Washington National Records Center shall be destroyed three years following transfer to the Center.

(c) Upon written request by the petitioner, guardian or other authorized representative, a copy of the complete record of proceedings shall be furnished providing the request is received prior to final disposition.

§ 724.812 Records of discharge review hearings.

A verbatim record of each discharge review hearing shall be made. Unless specifically directed otherwise, this record shall be carried on electromagnetic tape and retained as part of the case file.

§ 724.813 Petitioner examination of documents to be considered during discharge review.

(a) The documents assembled for consideration by the Board in review of a discharge shall be held available upon request for examination by the petitioner or representative.

(b) Such examination shall be arranged sufficiently beforehand so as not to delay a scheduled hearing.

(c) The Board is not authorized to provide to the petitioner or representative copies of any documents that are under the cognizance of another government department, office or activity. Application for such information must be made by the petitioner to the cognizant authority.

§ 724.814 Availability of Naval Discharge Review Board documents for public inspection and copying.

(a) Although discharge review decisions are not precedential, following the issuance of decisions in each case, the Board shall make available for public inspection and copying the statement of issues/contentions, findings, conclusions and reasons, record of Board members' votes together with the decision and minority opinion, if one exists, associated with the case. If not otherwise listed in the statement of findings, conclusions, and reasons, a list of contentions and the issues of fact, law, or discretion presented by the petitioner will be made public with the decision.

(b) Identifying details of the petitioner and other persons shall be deleted by the Board from all documents made available for public inspection and copying to the extent required to prevent a clearly unwarranted invasion of privacy or display of information derogatory to an individual.

(c) Written justifications, which are to be made available for public inspection, shall be made for all other deletions.

(d) Documents made available for public inspection and copying shall be made available at a reading room within the Washington, DC area. They shall be indexed so as to enable the public to identify those cases that may be similar in issue together with the circumstances under and/or reasons for which the Board and/or the Secretary of the Navy have granted or denied relief.

(e) The reading file index shall include the case number, the date, character of, reason for and authority for the discharge. It shall further include the decisions of the Board/reviewing authority if any and the issues addressed in the findings, conclusions and reasons.

(f) The index shall be made available at sites selected for Traveling Board hearings for such periods as the Board is present and in operation. Applicants at Traveling Board hearing sites shall be informed in notices of hearings of the availability at the sites of the index for inspection and copying.

(g) The Board shall publish indexes quarterly. They shall, upon request, be distributed by sale or otherwise.

Subpart I—Director, Naval Council of Personnel Boards

§ 724.901 Mission.

To oversee and administer discharge review procedures within the Department of the Navy.

§ 724.902 Functions.

(a) Under the Secretary of the Navy, exercise primary cognizance within the Department of the Navy for matters relating to discharge review.

(b) Make recommendations to the Secretary of the Navy regarding the organization, tasking and resources of the Board and its associated administrative support.

(c) Supervise and direct the activities of the Board.

(d) Submit recommendations to the Secretary of the Navy regarding policy and procedures for discharge review.

(e) Provide administrative and clerical support for the Board.

(f) Maintain appropriate liaison with discharge review activities in other services.

(g) Maintain coordination with the Commandant of the Marine Corps and the Chief of Naval Personnel in matters associated with discharge review.

(h) Inform the Secretary of the Navy of matters of interest to him.

(i) Screen requests for Secretarial review of Board decisions.

(1) Return without further action those which fall outside the limitations stated in § 724.321(b)(1). (See § 724.321(d).)

(2) In those instances where such cases are returned, or in those instances where cases are forwarded with any recommendation as to disposition, a statement of the Director's findings, conclusions, and reasons, in the same manner as required in Subpart H of this Part, shall accompany the Director's action, except where he expressly adopts in whole or in part the Board's statement of findings, conclusions, and reasons, publication and indexing under the terms of § 724.814, is not required where such would duplicate existing publication and indexing of the same material.

(3) In those cases where the petitioner's request appears to contain new, substantial, relevant information not previously available to the petitioner, the request will be referred to the Board for decision in accordance with § 724.316.

(j) Forward, for Secretarial review and decision, cases described in paragraphs (b) (2), (3), (4), and (5) of § 724.321. A statement of the Director's findings, conclusions, and reasons, in the same manner as required in Subpart H of this Part, shall accompany the Director's action, except where he expressly adopts in whole or in part the statement of findings, conclusions, and reasons of the Board. Where the Director adopts the Board's statement of findings, conclusions, and reasons, publication and indexing under the terms of § 724.814 is not required where such would duplicate existing publication and indexing of the same material.

(k) Maintain a system of records, including as a minimum:

(1) Records specified for the Board as stipulated in the procedures prescribed in Subpart H of this Part.

(2) Records required for the administration of military and civilian personnel.

(3) Files of correspondence received and issued.

(4) A public reading file and associated indexes updated quarterly.

(l) In conformance with SECNAV INST 5211.5A (Subparts F and G of Part 701 of this Title), protect the privacy of individuals in connection with discharge review.

(m) Assure that Board functions are administered in accordance with the Right to Privacy Act of 1974 (5 U.S.C. 552a) and the Freedom of Information Act (5 U.S.C. 552).

(n) Prepare and submit to the Secretary of the Navy an annual report covering the operations of the Board.

(o) Establish billet/position assignment criteria for the Board.

(p) Propose to the Secretary of the Navy changes to the Department of the Navy Manual for Discharge Review.

(q) Convene the Board as authorized by the Secretary of the Navy, remove or add members to the Board from personnel detailed to serve on the Naval Council of Personnel Boards, or from personnel otherwise made available.

(r) Direct the movements of the Traveling Board on the basis of regional hearing requests.

Subpart J—Responsibilities in Support of the Board

§ 724.1001 Responsibility.

The Commandant of the Marine Corps, Chief of Naval Personnel, Chief of Naval Reserve, Chief of the Bureau of Medicine and Surgery and chiefs of other bureaus and offices of the Department of the Navy shall provide limited support to the naval discharge review process.

§ 724.1002 Functions of the Commandant of the Marine Corps and Chief of Naval Personnel.

(a) Provide and facilitate access by the Board to service records and other

V4168 APR 8 77 UMI

data associated with performance of duty of petitioners.

(b) Advise the Board of developments in personnel management which may have a bearing on discharge review judgments.

(c) Implement the discharge review decisions of the Board and those of higher authority within respective areas of cognizance.

(d) Include the Board's record of review in the service record of the petitioner in each case.

(e) Where appropriate, recommend cases for Board review on its own motion.

(f) Provide qualified personnel as Board members, recorders, and administrative staff.

(g) Establish administrative procedures to ensure that if a member is separated from the Navy or the Marine Corps under other than fully honorable conditions, the member is advised of:

(1) The right to a review of his or her discharge under the provisions of Title 10 U.S.C. 1553, and

(2) The procedures for petitioning for such a review.

(h) Provide Navy and Marine units and activities with information on the mission of the Naval Discharge Review Board through entries in appropriate personnel administrative directives.

§ 721.1003 Functions of the Chief of the Bureau of Medicine and Surgery.

Provide and facilitate access by the Board to health records of petitioners.

§ 721.1004 Functions of the Commandant of the Marine Corps and Chief of Naval Reserve (refer to § 724.324).

(a) Upon request and within available resources, provide qualified reservists to serve as members of the Board.

(b) Upon request, provide appropriate accommodations to the Traveling Board for purposes of conducting hearings at Navy and Marine Corps Reserve Centers.

§ 721.1005 Functions of the Commandants of Naval Districts and Directors of Marine Corps Districts (refer to § 724.324).

Upon request and within available resources, provide administrative support and augmentation to the Traveling Board.

APPENDIX A.—*Methods by which individuals may be involuntarily separated from the Naval Service (other than by reason of being physically unfit)*

Category	Method	Called	Discharge certificate/type	Reference	Remarks
Commissioned officer (USN/USNR).	Sentence of GCM	Dismissal.	No	BUPERSMAN 3850100-10.	Receives letter from SECNAV vice discharge certificate.
USN Officer (with less than 3 yr).	Board of officers	Revocation of commission.	Yes (honorable, general, other).	10 U.S.C. 6392, SECNAVINST 1920.6.	Only applies to USN officer with less than 3 yr as a regular. No authority to board officer with more than 3 yr as USN officer.
USNR officer	do	Discharge	do	10 U.S.C. 1162, 10 U.S.C. 1163, SECNAVINST 1920.6.	Very limited exceptions permit discharge without board
Commissioned officer (USN/USN R).	Secretarial action (acting for President) without board.	Dropping from rolls.	No	10 U.S.C. 1161(USN), 10 U.S.C. 1163(USNR).	Receives letter from SECNAV vice discharge certificate. Requires 3 mo UA or civilian conviction and sentence to penitentiary. In case of reservists, only requires Secretarial vice Presidential action.
Permanent regular warrant officer.	Board of officers	Termination of appointment.	Yes (honorable, general, other).	10 U.S.C. 1165, 10 U.S.C. 1166.	Depending on length of service, may result in his reversion, retirement, or separation with or without pay.
Temporary warrant officer.	Secretarial action (acting for President).	Termination of appointment.	No	10 U.S.C. 5596	Board generally not required, may be under limited circumstances; member reverts to permanent status and may be further processed in such status.
Warrant officer (W-1)	Sentence of GCM	Dismissal.	Yes (DD)	MCM, par. 126d.	
Do	Secretarial action (acting for President).	Dropping from rolls.	No	10 U.S.C. 6408	Same remarks as for dropping from the rolls of a commissioned officer.
Do	do	Dismissal.	No	10 U.S.C. 6408	Must be in time of war.
Midshipman (USN or other MIDN on active duty).	Sentence of GCM	do	No	BUPERSMAN 3850100-10, Navy Regulations art. 0801-1.	Receives letter from SECNAV vice discharge certificate.
Midshipman USN	Secretarial action	do	Yes (honorable) (DD 214 only).	10 U.S.C. 6961	Based upon recommendation of superintendent that MIDN's continued presence is contrary to best interests of Naval Service.
Do	do	Discharge	do	10 U.S.C. 6962	Based upon recommendation of superintendent for inaptitude or unsatisfactory conduct. May be required to serve on active duty as enlisted reservist IAW 10 U.S.C. 6959. Whether or not required to serve will depend on circumstances, but generally not called to active duty except in last 2 yr. If enlisted service required, DD 214 only after completed enlisted service.
Do	Academic deficiency.	do	Yes (honorable) (usually only DD 214).	10 U.S.C. 6963	Discharge from USNA and USN unless academic board recommends otherwise. Generally not called to active duty as enlisted. Prior enlisteds with no further service requirements also receive discharge certificate.
Midshipman USNR (and advanced college program students).	CNP or Secretarial action.	Disenrollment.	Yes (honorable) (DD 214 only).	10 U.S.C. 2107, 10 U.S.C. 2105.	USNR midshipmen have an underlying reserve status. Personnel being disenrolled during last 2 yr will be called to active duty and not issued discharge until completion of enlised service.
Enlisted	Sentence of GCM	Discharge.	Yes (DD, BCD)		
Do	Sentence of SPCM	do	Yes (BCD)		Misconduct.
Do	Board action	do	Yes (honorable, general, other).	BUPERSMAN 3420185	Unsuitability. Board only if more than 8 yr service.
Do	do	do	Yes (honorable, general)	BUPERSMAN 3420184	Unsuitability. No board if less than 8 yr.
Do	Command recommendation.	do	do	do	Convenience of the Government.
Do	CNP action	do	do	BUPERSMAN 3850220	Receives letter from SECNAV vice discharge. This statute applies to all reserves, not just officers. Only requires Secretarial/Vice Presidential action.
Enlisted (USNR)	Secretarial action	Dropping from rolls.	No	10 U.S.C. 1163	At individual's request to GCM authority to escape trial by court-martial.
Enlisted	Good of the Service at individual's request.	Discharge.	Yes (general, other)	BUPERSMAN 3420270	Receives letter from SECNAV vice discharge certificate.
Commissioned officer (USMC/USMCR).	Sentence of GCM	Dismissal.	No	10 U.S.C. 1161 (USMC), 10 U.S.C. 1163 (USMCR).	Only applies to USMC officer with less than 3 yr as a regular. No authority to board officer with more than 3 yr as USMC officer. Very limited exceptions permit revocation without board.
USMC officer (with less than 3 yr).	Board of officers	Revocation of commission.	Yes (Honorable, General, other) and letter of revocation signed by SECNAV.	10 U.S.C. 6392, SECNAV INST 1920.6.	Very limited exceptions permit discharge without board.
USMCR officer	do	Discharge.	Yes (honorable, general, other).	10 U.S.C. 1162, 10 U.S.C. 1163, SECNAVINST 1920.6.	Receives letter from SECNAV vice discharge certificate. Requires 3 mo UA or civilian conviction and sentence to penitentiary. In case of reservists, only requires Secretarial vice Presidential action.
Commissioned officer.	Secretarial action (acting for President without board).	Dropping from rolls.	No	10 U.S.C. 1161 (USMC), 10 U.S.C. 1163 (USMCR), SECNAVINST 1920.6.	

Category	Method	Called	Discharge certificate/type	Reference	Remarks
Permanent regular warrant officer.	Board of officers	Termination of appointment.	Yes (honorable, general, other).	10 U.S.C. 1165, 10 U.S.C. 1166, MARCORSEPMAN 5008.	Depending on length of service, may result in his reversion, retirement, or separation with or without pay.
Temporary warrant officer.	Secretarial action (acting for President).	do	No	10 U.S.C. 5596	Board generally not required, may be under limited circumstances; member reverts to permanent status and may be further processed in such status.
Warrant officer (W-1)	Sentence of GCM	Dismissal.	No	MCM, par. 126d.	Letter of dismissal issued in lieu of discharge certificate.
Do	Secretarial action (acting for President).	Dropping from rolls.	No	10 U.S.C. 6408	Same remarks as for dropping from the rolls of a commissioned officer.

Enlisted	Secretarial action and board action.	Discharge.	Yes (honorable, general)	MARCORSEPMAN 6024.9	If board recommends retention but discharge authority believes case warrants discharge, case may be forwarded to SECNAV for decision.
Do	Good of the Service at individual's request.	do	Yes (general, other)	MARCORSEPMAN 6021.	At individual's request to GCM authority to escape trial by court-martial.

APPENDIX B—POLICY STATEMENTS BY THE SECRETARY OF DEFENSE—ADDRESSING CERTAIN CATEGORIES OF DISCHARGES

Secretary of Defense memorandum of August 13, 1971, to The Secretaries of the Military Departments, The Chairman, Joint Chiefs of Staff; Subject: Review of Discharges Under Other Than Honorable Conditions Issued to Drug Users:

"Consistent with Department of Defense Directive 1300.11, October 23, 1970, and my memorandum of July 7, 1971, concerning rehabilitation and treatment of drug users, administrative discharges under other than honorable conditions issued solely on the basis of personal use of drugs or possession of drugs for the purpose of such use will be reviewed for recharacterization.

"Accordingly, each Secretary of a Military Department, acting through his Discharge Review Board, will consider applications for such review from former service members. Each Secretary is authorized to issue a discharge under honorable conditions upon establishment of facts consistent with this policy. Former service members will be notified of the results of the review. The Veterans' Administration will also be notified of the names of former service members whose discharges are recharacterized.

"The statute of limitations for review of discharges within the scope of this policy will be in accordance with 10 United States Code 1553.

"This policy shall apply to those service members whose cases are finalized or in process on or before July 7, 1971."

Secretary of Defense memorandum of April 28, 1972, to Secretaries of the Military Departments, Chairman, Joint Chiefs of Staff; Subject: Review of Punitive Discharges Issued to Drug Users:

"Reference is made to Secretary Packard's memorandum of July 7, 1971, concerning rehabilitation and treatment of drug users, and my memorandum of August 13, 1971, subject: 'Review of Discharges Under Other Than Honorable Conditions Issued to Drug Users.'

"My August 13, 1971 memorandum established the current Departmental policy that administrative discharges under other than honorable conditions issued solely on the basis of personal use of drugs or possession of drugs for the purpose of such use will be reviewed for recharacterization to under honorable conditions.

"It is my desire that this policy be expanded to include punitive discharges and dismissals resulting from approved sentences of courts-martial issued solely for conviction of personal use of drugs or possession of drugs for the purpose of such use.

"Review and recharacterization are to be effected, upon the application of former service members, utilizing the procedures and authority set forth in Title 10, United States Code, Sections 874(b), 1552 and 1553.

"This policy is applicable only to discharges which have been executed on or before July 7, 1971, or issued as a result of a case in process on or before July 7, 1971.

"Former service members requesting a review will be notified of the results of the review. The Veterans' Administration will also be notified of the names of former service members whose discharges are recharacterized."

APPENDIX C—OATH OR AFFIRMATION TO BE ADMINISTERED TO DISCHARGE REVIEW BOARD MEMBERS

Prior to undertaking duties as a Board member, each person assigned to such duties in the precept of the Board shall execute the following oath or affirmation which shall continue in effect throughout service with the Board.

OATH/AFFIRMATION

I, _____, do swear or affirm that I will faithfully and impartially perform all the duties incumbent upon me as a member of the Naval Discharge Review Board; that I will fully and objectively inquire into and examine all cases coming before me; that I will, without regard to the status of the individual in any case, render my individual judgment according to the facts, my conscience and the law and regulations applicable to review of naval discharges, so help me God.

APPENDIX D.—*Principal forms employed by the Naval Discharge Review Board*

Attachment	Form	Title
1	DD 293	Application for review of discharge or dismissal from the Armed Forces of the United States.
2	NAVSO 1900/5C	Part 1—Review of discharge (petitioner's issues/contentions; findings; summary of service; medical data).
		Part 2—Review of discharge (continuation of part 1).
		Part 3—Review of discharge (decision; membership; signatures).
		Part 4—Review of discharge (minority conclusions/reasons when appropriate; signatures).
		Part 5—Review of discharge (secretarial decision when appropriate).
3	Letter	En bloc notification of decision to Commandant, Marine Corps (change).
4	Letter	En bloc notification of decision to Commandant, Marine Corps (no change).
5	Letter	En bloc notification of decision to Chief of Naval Personnel (change).
6	Letter	En bloc notification of decision to Chief of Naval Personnel (no change).

V 4268 APR 8 77 UMI

APPLICATION FOR REVIEW OF DISCHARGE OR DISMISSAL FROM THE ARMED FORCES OF THE UNITED STATES

OMB APPROVED 22-R-0014

DATA REQUIRED BY THE PRIVACY ACT OF 1974

AUTHORITY: 10 U.S.C. 1553, Executive Order 9397, 22 Nov. 43 (SSN)
PRINCIPAL PURPOSES: To apply for upgrading of type of discharge issued.
ROUTINE USES: Placed in applicant's file. Used in applicant's case in determining the relief sought. To compare facts presented with evidence in the record.
DISCLOSURE: Voluntary. If information is not furnished, applicant may not secure benefits from the Board.

SEE INSTRUCTIONS ON REVERSE BEFORE COMPLETING THIS FORM. TYPE OR PRINT.

DD FORM 1 MAR 77 293 PREVIOUS EDITIONS OF THIS FORM ARE OBSOLETE AND WILL NOT BE ACCEPTED

Attachment I (1)

INSTRUCTIONS

Copy of Military Record. Should you desire to have copies of your records, you must submit a General Services Administration Standard Form 180 (GS SF 180) before you submit this form. Once this DD Form 293 is submitted, you records will be obtained by the Board. Official records and copies of records obtained by the Board will be available to applicants only at the hearing locations.

Item 1 thru 6. - *Self* Explanatory.

Item 7. Indicate the corrective action you are requesting. You must check at least one block and can check more blocks if desired. Due to certain limitations in the Board's authority, the Board cannot: (a) review discharges issued as a result of General Court-Martial *(Use DD Form 149)*; (b) review discharges issued more than fifteen years prior to the application *(DD Form 293)* submission date; (c) review a Release from Active Duty until a final discharge is issued; (d) change a reenlistment code *(except Air Force)*; (e) change the reason for a discharge from or to physical disability; or (f) determine eligibility for veteran's benefits.

Item 8. State here your reasons **why** you feel your discharge should be changed. Briefly summarize each of your contention *(reasons)* and/or issues of fact, law, or discretion that you want the Board to address and resolve. Additions or modifications may be made at any time up to the date of review of your case by the Board.

Item 9. Evidence not in your official records should be submitted to the Board before hearing date. Review Boards do not locate witnesses nor do they secure evidence for applicants. Legal briefs or counsel submissions should also be submitted in advance of hearing date. Documents that may be helpful are statements, affidavits, and depositions such as: character references; police clearances; educational achievement; exemplary post-service conduct; medical reports; employment record; verification of alcoholism or drug abuse; award of Department of Labor Exemplary Rehabilitation Certificate; explanation of disciplinary problem or discharge problem; brief of counsel arguing error or injustice. Witnesses may appear in person at no cost to the Government.

Item 10. If you state on your application that you will appear before the Board in person and fail to do so without previous satisfactory arrangements with the Board, such failure will be considered as a waiver of appearance and your case will be reviewed on the evidence contained in your military record.

AIR FORCE, NAVY, AND MARINE CORPS: The Discharge Review Boards meet daily in Washington, D.C., for personal appearance hearings and documentary reviews. If you request a review based on records only or a hearing in Washington, DC, your case will be scheduled there at the earliest date possible. Personal appearance hearings are also scheduled before the Traveling Boards in various cities throughout the 48 contiguous states as the population of requests on hand requires. If you ask for a hearing before the Traveling Board, it will be scheduled after your case is prepared and when the Traveling Board is next in your area. You will ordinarily not have to travel more than 300 miles for your hearing.

ARMY: Panels of the Review Board meet daily in Washington, DC and other locations and on an irregularly scheduled basis at major cities and other smaller metropolitan areas of the U.S. at least once each year. You may appear before the Board in Washington, DC, or in front of a Traveling Panel elsewhere in the U.S. or you may also appear in front of a Hearing Examiner who will video tape testimony for presentation to the Board in Washington, DC. For Hearing Examiners you must be accompanied by counsel or representative. Normally ex-Army members will not have to travel in excess of 200 miles if you are heard by a Traveling Panel or Hearing Examiner. Generally speaking, scheduled cases are heard as follows: (1) Personal Appearance, Washington, DC, within six months; (2) Personal Appearance by Traveling Panel or Hearing Examiner, within twelve months; (3) Representation by counsel or other person/organization only at Washington, DC, within three months; and (4) Without personal appearance or representation, review based on military records and documents submitted by applicant, within 30 days.

Block 11. The services do not provide counsel, representation, or evidence for applicant, nor do they defray cost of such under any circumstances. However, certain agencies recognized by the VA, some state, county, and city organizations, private organizations, and some schools of law do provide assistance in presenting your appeal. If you wish to be assisted, you are responsible for obtaining representation and may:

a. Obtain a lawyer at your own expense.

b. Contact an appropriate state, county, city, private or law school organization.

c. Obtain representation from any other agency or individual who is willing to assist you.

d. Select one of the following organizations which regularly furnish representation at no charge to you. Representatives may or may not be lawyers.

(1) American Red Cross
(2) American Legion
(3) Disabled American Veterans
(4) Jewish War Veterans of the U.S.A.
(5) Veterans of Foreign Wars

An appearance by your representative will not be scheduled in your absence unless your representative requests it. In this event, if a. or c. apply, power of attorney is mandatory.

APRIL 1, 1977.

[FR Doc.77-10221 Filed 4-7-77;8:45 am]

Title 42—Public Health

CHAPTER I—PUBLIC HEALTH SERVICE, DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE

HEALTH SYSTEMS AGENCIES

Review of New Institutional Health Services

On January 21, 1977, there were published in the FEDERAL REGISTER (42 FR 4002-4032) regulations implementing that portion of Title XV of the Public Health Service Act that relates to the review of new institutional health services by health systems agencies (Subpart D of Part 122), and certificate of need and review of new institutional health services by State Health Planning and Development Agencies (Subpart E of Part 123). The purpose of this amendment is to revise two portions of those regulations.

Sections 122.304 and 123.404, "New institutional health services subject to review," as published on January 21, provided that such services subject to review include a "change in the bed capacity of a health care facility or Health Maintenance Organization which increases the total number of beds (or distributes beds among various categories, or relocates such beds from one physical facility or site to another) by more than forty beds or more than twenty-five percent of total bed capacity as defined by the State, whichever is less, over a two-year period."

Sections 122.309 and 123.410, "Inpatient facilities; required findings," as published on January 21, provided that "in the case of any proposed new institutional health service for the provision of health services to inpatients" a health systems agency shall not recommend and a State Agency shall not grant a certificate of need under its certificate of need program "unless after consideration of the appropriateness of the use of existing facilities providing services similar to those being proposed" the agency "makes each of the following findings in writing." The required findings included in each case the finding that "superior alternatives to such inpatient services in terms of cost, efficiency, and appropriateness do not exist and that the development of such alternatives is not practicable."

Serious concerns were expressed to the Secretary regarding these provisions

V4268 APR 8 77 UMI

soon after his taking office. He has, therefore, reviewed these provisions carefully, as well as the corresponding provisions of the Notice of Proposed Rulemaking published in the FEDERAL REGISTER (41 FR 11688) on March 19, 1976, the comments received on them, and the reasons for changes to them. The conclusions emanating from this review are stated below, beginning with a discussion of changes in bed capacity.

The proposed regulations (NPRM) had provided that any change in bed complement of one or more beds must be subject to review. Commenters pointed out that changes of only one bed do not warrant a certification of need review. So as not to place an unnecessary burden on review agencies, the provision was modified so that the January 21 regulations provided that only those changes of more than forty beds or twenty-five percent of capacity, whichever is less, over a two-year period, were required to be subject to review.

After review of the comments and the NPRM the Secretary has concluded that while changes of only one bed may not warrant review, changes as large as forty beds or twenty-five percent of capacity may have significant effects on the health care system of an area or state. Although additions of more than a very few beds would in any case be reviewed under the capital expenditure threshold, this would not necessarily be the case for conversions. The conversion of beds can often be accomplished without substantial capital expenditure, although a change in the use of acute care beds, for example, from one service to another, can have significant impact on operational costs. In these cases, a substantial increase in institutional health services of a particular kind could occur under the January 21 regulations without a prior determination of need. Accordingly, the Secretary has decided to amend the regulations to require that changes of more than ten beds or ten percent of capacity must be subject to review.

The proposed regulations had required that a health systems agency could not recommend or a State Agency grant a certificate of need for a proposed new institutional health service for inpatients, unless the agency had made the written finding (among others) that "existing inpatient facilities providing inpatient services similar to those proposed are being used in an appropriate and efficient manner." Commenters pointed out the unfairness of this requirement, since providers cannot directly influence the behavior of their competitors and thus should not be held responsible for it. In addition, such a requirement was regarded by many commenters as protecting inefficient providers from competition. The requirement was removed in the January 21 regulations, and agencies were required only to consider the appropriateness of the use of existing facilities providing inpatient services similar to those being proposed.

The Secretary has concluded that while this removes an unfair burden from the applicant, it still does not provide a written record so that the public may know what the agency found in its consideration, nor does it address the question of efficiency, which, although it may be included in the concept of appropriateness, should be made explicit. The Secretary has decided, therefore, to amend the regulations to require that a written finding be made as to the appropriateness and efficiency of the use of similar existing facilities. This would not require that the finding be one way or another for a certificate of need to be recommended or issued.

The January 21 regulations also modified the language of the proposed regulations to require a written finding that superior alternatives to the proposed service, in terms of cost, efficiency and appropriateness, do not exist and that development of them is not practicable. This did not, however, make clear the basis of the comparison. This amendment, accordingly, requires that the agency make its own written finding as to the cost, efficiency and appropriateness of the proposed service. While some agencies initially will rely on data submitted by the applicant, it is expected that they will move to develop their capacity to analyze such data critically, and later to develop their own data where necessary. This written finding as to the cost, efficiency, and appropriateness of the proposed service, like the one above as to the efficiency and appropriateness of similar existing services, would not limit the ability of the agencies to recommend or issue a certificate of need. Rather, it would require only that the finding, whatever it may be, become a part of the record.

In view of the fact that these amendments concern issues which have received extensive public discussion and comment, and since many State legislatures are now meeting and are now looking to these regulations for guidance as to the minimum requirements for State certificate of need programs, the Secretary has determined that public participation in rulemaking and a delay in effective date are unnecessary and would be impractical and contrary to the public interest, and, accordingly, that good cause exists for waiving public participation in rulemaking and for making these amendments effective immediately on publication in the FEDERAL REGISTER.

The amendments set out below are therefore effective April 8, 1977.

For further information, contact Ms. Libby Merrill, Acting Director, Office of Policy Coordination, (301) 443-1670.

Concerns have also been expressed to the Secretary regarding the coverage of new institutional health services proposed for space leased in covered facilities or health maintenance organizations. The coverage of capital expenditures for equipment to be used in leased space (§ 122.304(a)(2) and § 123.404(a)(2)) and new health services to be offered in leased space (§ 122.304(a)(4) and § 123.404(a)(4)) will be clarified in guidelines to be issued soon.

The Department of Health, Education, and Welfare has determined that this document does not contain a major proposal requiring preparation of an Inflation Impact Statement under Executive Order 11821 and OMB Circular A-107.

Dated: March 2, 1977.

JAMES F. DICKSON,
Acting Assistant Secretary for Health.

Approved: March 31, 1977.

JOSEPH A. CALIFANO, JR.,
Secretary.

PART 122—HEALTH SYSTEMS AGENCIES

Part 122 of Title 42, CFR, is amended at § 122.304(a)(3) and at § 122.309 to read as follows:

(Sec. 215, 58 Stat. 690 (42 U.S.C. 216); sec. 1532 of the Public Health Service Act, 88 Stat. 2251-53 (42 U.S.C. 300n-1).)

§ 122.304 New institutional health services subject to review.

(a) • • •

(3) A change in the bed capacity of a health care facility or health maintenance organization which increases the total number of beds (or distributes beds among various categories, or relocates such beds from one physical facility or site to another) by more than ten beds or more than ten percent of total bed capacity as defined by the State, whichever is less, over a two-year period.

§ 122.309 Inpatient facilities; required findings.

In the case of any proposed new institutional health service for the provision of health services to inpatients, a health systems agency shall not recommend that a State grant a certificate of need under its certificate of need program, or otherwise make a finding that such proposed new institutional health service is needed, unless:

(a) the health systems agency makes written findings as to:

(1) the efficiency and appropriateness of the use of existing inpatient facilities providing inpatient services similar to those proposed; and

(2) the capital and operating costs (and their potential impact on patient charges), efficiency, and appropriateness of the proposed new institutional health service; and

(b) the health systems agency makes each of the following findings in writing:

(1) That superior alternatives to such inpatient services in terms of cost, efficiency, and appropriateness do not exist and that the development of such alternatives is not practicable;

(2) That in the case of new construction, alternatives to new construction (e.g., modernization or sharing arrangements) have been considered and have been implemented to the maximum extent practicable;

(3) That patients will experience serious problems in terms of cost, availability, or accessibility, or such other problems as may be identified by the reviewing agency, in obtaining inpatient care of the type proposed in the absence of the proposed new service; and

(4) That in the case of a proposal for the addition of beds for the provision of skilled nursing or intermediate care, the relationship of the addition to the plans of agencies of the State responsible for providing and financing long-term care (including home health services) has been considered.

PART 123—STATE HEALTH PLANNING AND DEVELOPMENT AGENCIES

Part 123 of Title 42, CFR, is amended at § 123.404(a)(3) and at § 123.410 to read as follows.

(Sec. 215, 58 Stat. 690 (42 U.S.C. 216); secs. 1523, 1532 of the Public Health Service Act, 88 Stat. 2246, 2251.)

§ 123.404 New institutional health services subject to review.

(a) • • •

(3) A change in bed capacity of a health care facility or health maintenance organization which increases the total number of beds (or distributes beds among various categories, or relocates such beds from one physical facility or site to another) by more than ten beds or more than ten percent of total bed capacity as defined by the State, whichever is less, over a two-year period.

§ 123.410 Inpatient facilities; required findings.

In the case of any proposed new institutional health service for the provision of health services to inpatients, a State Agency shall not grant a certificate of need under its certificate of need program, or otherwise make a finding that such proposed new institutional health service is needed, unless:

(a) the State Agency makes written findings as to:

(1) the efficiency and appropriateness of the use of existing inpatient facilities providing inpatient services similar to those proposed; and

(2) the capital and operating costs (and their potential impact on patient charges), efficiency, and appropriateness of the proposed new institutional health service; and

(b) the State Agency makes each of the following findings in writing:

(1) That superior alternatives to such inpatient services in terms of cost, efficiency, and appropriateness do not exist and that the development of such alternatives is not practicable;

(2) That in the case of new construction, alternatives to new construction (e.g., modernization or sharing arrangements) have been considered and have been implemented to the maximum extent practicable;

(3) That patients will experience serious problems in terms of costs, availability, or accessibility, or such other problems as may be identified by the reviewing agency, in obtaining inpatient care of the type proposed in the absence of the proposed new service; and

(4) That in the case of a proposal for the addition of beds for the provision of skilled nursing or intermediate care the relationship of the addition to the plans of other agencies of the State responsible for providing and financing long-term care (including home health services) has been considered.

Title 5C—Wildlife and Fisheries

CHAPTER VI—FISHERY CONSERVATION AND MANAGEMENT, NATIONAL OCEANIC AND ATMOSPHERIC ADMINISTRATION, DEPARTMENT OF COMMERCE

PART 611—FOREIGN FISHING

Foreign Fishery Allocations

AGENCY: National Oceanic and Atmospheric Administration/National Marine Fisheries Service, Commerce.

ACTION: Correction

SUMMARY: This document is being published to correct groundfish allocations made to the Republic of Korea and Taiwan as published in the FEDERAL REGISTER (Doc. 77-6266), March 3, 1977.

EFFECTIVE DATE: Effective date April 8, 1977.

FOR FURTHER INFORMATION CONTACT:

Richard Schaefer, Fishery Management Operations Division, National Marine Fisheries Service, Washington, D.C. 20235 (202-634-7454)

Page 12176, § 611.20(c)(1), Table 2, is corrected as follows:

1. ROK, Other Groundfish, Bering Sea, add footnote number "7" to 1,600, and footnote "7" should read "Of which no more than 175 metric tons may be Pacific ocean perch."

2. ROK, Other Groundfish, Aleutians, add footnote number "8" to 890 and footnote "8" should read "Of which no more than 350 metric tons may be Pacific ocean perch."

3. Taiwan, Other Groundfish, Bering Sea, add footnote "9" to 200, and footnote "9" should read "Of which no more than 25 metric tons may be Pacific ocean perch."

4. Taiwan, Other Groundfish, Aleutians, add footnote number "10" to 110, and footnote "10" should read "Of which no more than 50 metric tons may be Pacific ocean perch."

Dated: April 5, 1977.

JACK W. GEHRINGER,
Deputy Director,
National Marine Fisheries Service.

[FR Doc.77-10470 Filed 4-7-77;8:45 am]

Title 5—Administrative Personnel

CHAPTER I—CIVIL SERVICE COMMISSION

PART 213—EXCEPTED SERVICE

Administrative Office of the United States Courts

AGENCY: Civil Service Commission.

ACTION: Final Rule.

SUMMARY: One additional position of Federal Probation System Administrator in the Division of Probation is excepted under Schedule B since it is impractical to examine competitively for this position.

EFFECTIVE DATE: April 8, 1977

FOR FURTHER INFORMATION CONTACT:

Bill Bohling, 202-632-4533.

Accordingly, 5 CFR 213.3272(a) is amended to read as follows:

§ 213.3272 Administrative Office of the U.S. Courts.

(a) Not to exceed 13 positions of Federal Probation System Administrator in the Division of Probation, when filled by Federal Probation Officers on active service in the U.S. Courts.

(5 U.S.C. 3301, 3302; EO 10577, 3 CFR 1954-1958 Comp., p. 218.)

UNITED STATES CIVIL SERVICE COMMISSION,
JAMES C. SPRY,
Executive Assistant to the Commissioners.

JAMES C. SPRY,
Executive Assistant to the Commissioners.

[FR Doc.77-10391 Filed 4-7-77;8:45 am]

PART 430—PERFORMANCE EVALUATION AND RATING

Final Rule

AGENCY: Civil Service Commission.

ACTION: Final Rule.

SUMMARY: The Performance Evaluation and Rating regulations are revised in their entirety to reflect requirements of the performance rating chapter of title 5, United States Code, which were previously included only in the Federal Personnel Manual, to make certain changes in procedures for appealing performance ratings, and to make editorial changes. The purpose of the changes is to make the part more complete and update it where needed.

EFFECTIVE DATE: April 8, 1977.

FOR FURTHER INFORMATION CONTACT:

Mary Sugar, Personnel Management Specialist, Bureau of Policies and Standards, U.S. Civil Service Commission, 1900 E Street, NW., Washington, D.C. 20415, 202-632-5623.

SUPPLEMENTARY INFORMATION: On July 1, 1976, draft amendments were sent to agencies and unions for comment. The comments received have been reviewed and incorporated where appropriate. The following specific changes are being made in this part: (1) a coverage section is included to reflect exclusions from Part 430 not listed in 5 U.S.C. 4301; (2) a new Subpart B is added to reflect requirements of chapter 43 of title 5, U.S.C., which were previously only included in chapter 430 of the Federal Personnel Manual and existing Subpart B is redesignated as Subpart C; and (3) Subpart C provides exclusively for ad hoc boards of review to consider and decide performance rating appeals, requires that appeals be filed with the Civil Service Commission which designates the chairman of board of review, establishes uniform 15-day time limits for filing appeals or requests for impartial review, and provides for reconsideration rather than rehearing of decided appeals.

Accordingly 5 CFR 430 is amended to read as follows:

Subpart A—General Provisions

Sec.
430.101 Coverage.
430.102 Definitions.

Subpart B—Performance Ratings

430.201 Establishment of performance rating plans.
430.202 Assignment of ratings.

Subpart C—Performance Rating Appeals

430.301 Establishment of boards of review.
430.302 Members of boards.
430.303 Appeals.
430.304 Hearings.
430.305 Board decisions.

AUTHORITY: 5 U.S.C. 4308.

Subpart A—General Provisions

§ 430.101 Coverage.

(a) *Agencies covered.* Except as provided in subsection (b), this part applies to any of the following agencies:

(1) Executive agencies;

(2) The Administrative Office of the United States Courts;

(3) The Library of Congress;

(4) The Botanic Garden;

(5) The Government Printing Office; and

(6) The Government of the District of Columbia.

(b) *Agencies and employees not covered.* (1) This part does not apply to:

(i) The Tennessee Valley Authority;

(ii) The U.S. Postal Service and Postal Rate Commission;

(iii) The Energy Research and Development Administration;

(iv) The Nuclear Regulatory Commission;

(v) The Central Intelligence Agency;

(vi) The National Security Agency; or

(vii) A Government-controlled corporation.

(2) This part does not apply to:

(i) A physician, dentist, nurse, or other employee of the Department of Medicine and Surgery, Veterans Administration ,whose pay is fixed under chapter 73 of title 38, United States Code;

(ii) An employee outside the continental United States who is paid in accordance with local native prevailing rates for the area in which employed;

(iii) A civilian officer or member of a crew of a vessel operated by the Department of the Army or the Department of the Navy;

(iv) The Foreign Service of the United States;

(v) A person employed by the government of the District of Columbia whose pay is not fixed under chapter 51 and subchapter III of chapter 53 of title 5, United States Code;

(vi) An administrative law judge appointed under section 3105 of title 5, United States Code; or

(vii) Department of Defense teachers and other school personnel employed in the United States under section 6(a) of Public Law 81-874 (20 U.S.C. 241(a)).

§ 430.102 Definitions.

In this part: (a) "Plan" means performance rating plan established under Subpart B of this part;

(b) "Rating" means summary adjective rating required under Subpart B of this part;

(c) "Board" means Performance Rating Boards of Review established under Subpart C of this part; and

(d) "Days" means calendar days and not workdays.

Subpart B—Performance Ratings

§ 430.201 Establishment of performance rating plans.

(a) *Establishment of plans.* Each agency shall establish one or more performance rating plans for evaluating the work performance of its employees.

(b) *Civil Service Commission approval.* Proposed agency plans or changes in plans shall be submitted to the Civil Service Commission for prior approval as conforming to the requirements of this part.

(c) *Rating levels.* Each plan shall provide for three summary performance rating levels: outstanding, satisfactory, and unsatisfactory, and may provide for a fourth level between satisfactory and outstanding.

§ 430.202 Assignment of ratings.

(a) *Annual ratings.* Each employee shall be assigned a performance rating at least once a year. An agency shall promptly notify employees of their ratings. Ratings shall be assigned only under approved plans, and under performance requirements which were in effect during the rating period and communicated to the employees at the beginning of the rating period.

(b) *Outstanding ratings.* An outstanding rating may be assigned only when all aspects of performance not only exceed normal requirements, but are outstanding and deserve special commendation.

(c) *Unsatisfactory rating.* An unsatisfactory rating may be assigned only after an employee has received 90-day advance written warning and has had a resonable opportunity to perform at a satisfactory level. An unsatisfactory rating is assigned when the overall impact of the employee's performance is such that removal from the position will be considered unless there is prompt, substantial improvement.

Subpart C—Performance Rating Appeals

§ 430.301 Establishment of performance rating boards of review.

An agency shall establish, on a case by case basis, performance rating boards of review to consider and decide appeals of performance ratings assigned under this part.

§ 430.302 Members of boards.

Each board is composed of a chairman designated by the Commission, an employee member designated in a manner approved by the Commission, and an agency member designated by authority of the agency head. Any alternate members are designated in the same manner as their principals.

§ 430.303 Appeals.

(a) *Unsatisfactory rating.* An employee with an unsatisfactory rating is entitled to an impartial review of the rating by the agency, to appeal directly to a board of review, or to appeal to the board after obtaining the impartial review.

(b) *Satisfactory or better rating.* An employee with a satisfactory or better rating is entitled to either an impartial review of the rating by the agency, or to appeal to a board of review, but not both.

(c) *Filing a request for an impartial review or an appeal.* A request for an impartial review shall be filed in the manner designated by the plan. An appeal shall be filed with the Civil Service Commission.

(d) *Time limits on requests for impartial reviews or appeals.* Unless longer time limits are established in the plan:

(1) A request for an impartial review or an appeal shall be filed no later than fifteen days after the employee is notified of the rating;

(2) An appeal shall be filed within fifteen days after the employee withdraws his or her timely request for an impartial review when more than thirty days have elapsed since the notice of rating was given; or

(3) An appeal shall be filed no later than fifteen days after the employee receives the agency's decision on the impartial review of an unsatisfactory rating.

(e) *Extension of time limits.* Upon written request in accordance with the plan, an employee may request an extension of the time limits in paragraph (d). In an impartial review the appropriate agency official, or in an appeal the board, may extend the time limits for good and sufficient reasons.

§ 430.304 Hearings.

(a) *Oral hearing.* The appellant is entitled to a hearing before the board. If the appellant waives the right to a hearing, the board will consider the appeal on the basis of written information submitted by both parties.

(b) *Conduct of hearing.* The appellant, the appellant's representative, and the agency representative may attend the hearing. The chairman of the board presides at the hearing and rules on questions arising at it. The hearing is conducted in order to bring out pertinent facts. The parties may submit any information the board finds pertinent and may hear, examine, and reply to information received by the board. The board shall consider only information which is directly related to the rating. The board shall consider the record of an impartial review of a rating under paragraph (a) of § 430.303.

§ 430.305 Board decisions.

(a) *The decision.* The board shall consider the pertinent facts in an appeal and by majority vote either (1) increase the appealed rating or (2) sustain the rating without change.

(b) *Notice of decision.* The board's decision shall be in writing and contain a summary statement of the facts on which it is based. The board shall send copies of the decision to the appellant, the appellant's representative, and the agency representative. The decision of the board is final and there is no further right of appeal.

(c) *Effect of decision.* When an agency receives notice of a board's increase in an employee's rating, the agency shall correct all records of the original rating, reconsider any and all administrative actions based on the original rating, and insofar as possible under the law and regulations and in the public interest, redetermine and adjust those administrative actions to conform to the corrected rating.

(d) *Reconsideration.* Reconsideration of a decided appeal may be granted by majority vote of the board only on receipt of information from the party seeking reconsideration that the correctness of the decision is doubtful. A request for reconsideration of a decided appeal must be filed within fifteen days after the date of receipt of the board's decision on the appeal.

UNITED STATES CIVIL SERVICE COMMISSION,
JAMES C. SPRY,
Executive Assistant to the Commissioners.

Title 9—Animals and Animal Products

CHAPTER III—ANIMAL AND PLANT HEALTH INSPECTION SERVICE, MEAT AND POULTRY INSPECTION, DEPARTMENT OF AGRICULTURE

PART 331—SPECIAL PROVISIONS FOR DESIGNATED STATES AND TERRITORIES, AND FOR DESIGNATION OF ESTABLISHMENTS WHICH ENDANGER PUBLIC HEALTH AND FOR SUCH DESIGNATED ESTABLISHMENTS

PART 381—POULTRY PRODUCTS INSPECTION REGULATIONS

Termination of Designation of the State of Ohio With Respect to the Inspection of Meat and Poultry Products

AGENCY: Meat and Poultry Inspection Program, USDA.

ACTION: Termination of Designation of the State of Ohio under the Federal Meat Inspection Act and the Poultry Products Inspection Act.

SUMMARY: The Governor of Ohio had advised this Department that the State of Ohio would no longer be in a position to continue administering the State meat and poultry inspection programs after April 9, 1977. Therefore, the Secretary of Agriculture designated the State of Ohio as required under section 301(c)(3) of the Federal Meat Inspection Act and section 5(c)(3) of the Poultry Products Inspection Act with an effective date of application of Federal provisions of April 10, 1977. Since then, the Governor of Ohio had advised the Department that Ohio will now continue its meat and poultry inspection programs and requested that the designation of Ohio under the Acts be terminated. Therefore, such designations of Ohio are hereby terminated.

EFFECTIVE DATE: April 8, 1977.

FOR FURTHER INFORMATION CONTACT:

Dr. James K. Payne, Director, Federal-State Relations, Field Operations, Meat and Poultry Inspection Program, U.S. Department of Agriculture, Washington, D.C. 20250. (202-447-6313).

SUPPLEMENTARY INFORMATION: The Governor of the State of Ohio had advised this Department that the State of Ohio would no longer be in a position to continue administering the State meat and poultry inspection programs after April 9, 1977, and requested the Department to assume the responsibility for carrying out the provisions of titles I and IV of the Federal Meat Inspection Act and sections 1-4, 6-10, and 12-22 of the Poultry Products Inspection Act with respect to establishments within the State at which cattle, sheep, swine, goats, or equines are slaughtered or their carcasses, or parts or products thereof, are prepared for use as human food, or at which poultry are slaughtered or poultry products are processed for use as human food, solely for distribution within such State, and with respect to intrastate operations and transactions concerning products and other articles and animals subject to the Federal Meat Inspection Act or the Poultry Products Inspection Act, and persons, firms, and corporations engaged therein.

The Secretary determined that in view of the proposed termination date for the Ohio programs, Ohio was effectively enforcing requirements at least equal to those imposed under titles I and IV of the Federal Meat Inspection Act and sections 1-4, 6-10, and 12-22 of the Poultry Products Inspection Act, inasmuch as those requirements contemplate continuous ongoing programs.

Accordingly, on March 3, 1977, a notice was published in the FEDERAL REGISTER (42 FR 12177) designating the State of Ohio, effective March 3, 1977, under section 301(c)(3) of the Federal Meat Inspection Act and section 5(c)(3) of the Poultry Products Inspection Act; and April 3, 1977, was specified as the "Effective date of application of Federal provisions" for both programs. However, on March 8, 1977, in the FEDERAL REGISTER (42 FR 13013), the effective date of designation in both programs

V4268 APR 8 77 UMI

was changed to March 10, 1977, and the "Effective date of application of Federal provisions" for both programs, to April 10, 1977.

Since then, the Governor has informed the Department that Ohio will now continue its meat and poultry inspection programs and requested that the designation of Ohio under the Acts be terminated. The Secretary has now determined that since Ohio will continue its meat and poultry inspection programs, Ohio will enforce State meat and poultry inspection requirements at least equal to the requirements under titles I and IV of the Federal Meat Inspection Act and sections 1–4, 6–10, and 12–22 of the Poultry Products Inspection Act.

Therefore, the designation of the State of Ohio with respect to meat and meat products and poultry and poultry products under the Acts is hereby terminated. nated.

§ 331.2 [Amended]

Accordingly, § 331.2 of the Federal meat inspection regulations (9 CFR 331.2) is hereby amended by deleting "Ohio" from the "State" column and by deleting the date which was added on the line with "Ohio".

(Secs. 21 and 301(c)(3), 34 Stat. 1260, as amended; 21 U.S.C. 621, 681(c)(3).)

§ 381.221 [Amended]

Also, § 381.221 of the poultry products inspection regulations (9 CFR 381.221) is hereby amended by deleting "Ohio" from the "State" column and by deleting the date which was added on the line with "Ohio".

(Secs. 5(c) and 14, 71 Stat. 441, as amended; 21 U.S.C. 454(c)(3), 463.)

This amendment of the meat and poultry inspection regulations is necessary to reflect the determination of the Secretary of Agriculture under section 301(c)(3) of the Federal Meat Inspection Act and section 5(c)(3) of the Poultry Products Inspection Act. It does not appear that public participation in this rulemaking proceeding would make additional relevant information available to the Secretary. Therefore, under the administrative procedure provision in 5 U.S.C. 553, it is found upon good cause that such public procedure is impracticable and unnecessary and good cause is found for making the amendments effective less than 30 days after publication in the FEDERAL REGISTER.

The Department of Agriculture has determined that this document does not contain a major proposal requiring preparation of an Inflation Impact Statement under Executive Order 11821 and OMB Circular A–107.

Done at Washington, D.C. on April 6, 1977.

CAROL TUCKER FOREMAN,
Assistant Secretary for Food and Consumer Services.

Title 21—Food and Drugs

CHAPTER I—FOOD AND DRUG ADMINISTRATION, DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE

SUBCHAPTER B—FOOD FOR HUMAN CONSUMPTION

[Docket No. 76F–0093]

PART 175—INDIRECT FOOD ADDITIVES: ADHESIVE COATINGS AND COMPONENTS

Resinous and Polymeric Coatings

AGENCY: Food and Drug Administration.

ACTION: Final rule.

SUMMARY: The food additive regulations are amended to provide for safe use of dodecyl benzenesulfonic acid as a curing catalyst for urea-formaldehyde and triazine-formaldehyde resins as the basic polymers in coatings intended for food-contact use.

DATES: Effective April 8, 1977; objections by May 9, 1977.

ADDRESS: Written objections to the Hearing Clerk, Food and Drug Administration, Rm. 4–65, 5600 Fishers Lane, Rockville, Md. 20857.

FOR FURTHER INFORMATION CONTACT:

John J. McAuliffe, Bureau of Foods (HFF–302), Food and Drug Administration, Department of Health, Education, and Welfare, 200 C St. SW., Washington, D.C. 20204, (202–472–5690).

SUPPLEMENTARY INFORMATION: A notice published in the FEDERAL REGISTER of April 8, 1976 (41 FR 14914) announced that a food additive petition (FAP 6B3151) had been filed by American Cyanamid Co., Wayne, NJ 07470, proposing that § 175.300 (21 CFR 175.300, formerly § 121.2514, prior to recodification published in the FEDERAL REGISTER of March 15, 1977 (42 FR 14302)) be amended to provide for the safe use of dodecyl benzenesulfonic acid as a curing catalyst for urea-formaldehyde and melamine-formaldehyde resins in coatings intended for food-contact use.

Subsequently, an amended notice of filing was published in the FEDERAL REGISTER of September 29, 1976 (41 FR 42969), proposing that § 175.300 be amended to provide for the safe use of dodecyl benzenesulfonic acid as a curing catalyst for urea-formaldehyde and triazine-formaldehyde resins in coatings intended for food-contact use.

The Commissioner of Food and Drugs, having evaluated the data in the food additive petition and other relevant material, concludes that the regulation should be amended as set forth below.

Therefore, under the Federal Food, Drug, and Cosmetic Act (sec. 409(c)(1), 72 Stat. 1786 (21 U.S.C. 348(c)(1))) and under authority delegated to the Commissioner (21 CFR 5.1), Part 175 is amended in § 175.300 by revising paragraph (b)(3)(xii) and (xiii) to read as follows:

§ 175.300 Resinous and polymeric coatings.

* * * * * *

(b) * * *

(3) * * *

(xii) Urea-formaldehyde resins and their curing catalyst:

(*a*) Urea-formaldehyde resins, as the basic polymer:

Urea-formaldehyde.
Urea-formaldehyde chemically modified with methyl, ethyl, propyl, isopropyl, butyl, or isobutyl alcohol.
Urea-formaldehyde chemically modified with one or more of the amine catalysts listed in paragraph (b)(3)(viii)(*b*) of this section.

(*b*) Curing (cross-linking) catalyst for urea-formaldehyde resins:

Dodecyl benzenesulfonic acid (C.A. Registry No. 27176–87–0).

(xiii) Triazine-formaldehyde resins and their curing catalyst:

(*a*) Triazine-formaldehyde resins, as the basic polymer:

Benzoguanamine-formaldehyde.
Melamine-formeldehyde.
Melamine-formaldehyde chemically modified with one or more of the following amine catalysts:
Amine catalysts listed in paragraph (b)(3)(viii)(*b*) of this section.
Dimethylamine–2–methyl–1–propanol.
Methylpropanolamine.
Triethanolamine.
Melamine-formaldehyde chemically modified with methyl, ethyl, propyl, isopropyl, butyl, or isobutyl alcohol.

(*b*) Curing (cross-linking) catalyst for triazine-formaldehyde resins:

Dodecyl benzenesulfonic acid (C.A. Registry No. 27176–87–0).

* * * * *

Any person who will be adversely affected by the foregoing regulation may at any time on or before May 9, 1977, file with the Hearing Clerk, Food and Drug Administration, Rm. 4–65, 5600 Fishers Lane, Rockville, MD 20857, written objections thereto. Objections shall show wherein the person filing will be adversely affected by the regulation, specify with particularity the provisions of the regulation deemed objectionable, and state the grounds for the objections. If a hearing is requested, the objections shall state the issues for the hearing, shall be supported by grounds factually and legally sufficient to justify the relief sought, and shall include a detailed description and analysis of the factual information intended to be presented in support of the objections in the event that a hearing is held. Four copies of all documents shall be filed and identified with the Hearing Clerk docket number found in brackets in the heading of this regulation. Received objections may be seen in the above office between the hours of 9 a.m. and 4 p.m., Monday through Friday.

Effective date. This regulation shall become effective April 8, 1977.

(Sec. 409(c)(1), 72 Stat. 1786 (21 U.S.C. 348(c)(1)).)

Dated: April 1, 1977.

WILLIAM F. RANDOLPH,
Acting Associate Commissioner for Compliance.

[FR Doc.77–10399 Filed 4–7–77;8:45 am]

[Docket No. 75F–0287]

PART 177—INDIRECT FOOD ADDITIVES: POLYMERS

Polyethylene Phthalate Polymers

AGENCY: Food and Drug Administration.

ACTION: Final rule.

SUMMARY: The food additive regulations are amended to provide for safe use of a heat-sealing coating on film intended for sealing polyester pouches holding beverages. This order is based on a petition proposing such a regulation.

DATES: Effective April 8, 1977; objections by May 9, 1977.

ADDRESS: Written objections to the Hearing Clerk, Food and Drug Administration, Rm. 4–65, 5600 Fishers Lane, Rockville, Md. 20857.

FOR FURTHER INFORMATION CONTACT:

John J. McAuliffe, Bureau of Foods (HFF–302), Food and Drug Administration, Department of Health, Education, and Welfare, 200 C St. SW., Washington, D.C. 20204, (202–472–5690).

SUPPLEMENTARY INFORMATION: Notice was given in the FEDERAL REGISTER of October 29, 1975 (40 FR 50299), that a petition (FAP 5B3097) had been filed by ICI United States Inc., Concord Pike and New Murphy Rd., Wilmington, Del. 19897, proposing that § 177.1630 (21 CFR 177.1630, formerly § 121 2524, prior to recodification published in the FEDERAL REGISTER of March 15, 1977 (42 FR 14302)) be amended to provide for safe use of ethylene azelate-terephthalate copolymer as a heat-sealing coating on polyethylene terephthalate films for food-contact (beverage) use.

In a related notice in the FEDERAL REGISTER of October 5. 1976 (41 FR 43944) FDA announced the availability on October 8, 1976 of the final environmental impact statement on plastic bottles for carbonated beverages and beer, including polyester (polyethylene terephthalate) pouches.

The Commissioner of Food and Drugs, having evaluated data in the petition and other relevant material, concludes that § 177.1630 should be amended as set forth below.

Therefore, under the Federal Food, Drug, and Cosmetic Act (sec. 409(c)(1), 72 Stat. 1786 (21 U.S.C. 348(c)(1))), and under authority delegated to the Commissioner (21 CFR 5.1), Part 177 is amended in § 177.1630 by alphabetically inserting a new item in the list of substances in paragraph (e)(4)(iii) to read as follows:

§ 177.1630 Polyethylene phthalate polymers.

* * * * *

(e) * * *

(4) * * *

(iii) Coatings:

Ethylene azelate-terephthalate copolymer: The copolymer, dissolved in 1,1,2-trichloroethane and/or methylene chloride, may be used as a heat-activated sealant on polyethylene terephthalate film intended for sealing polyethylene terephthalate pouches that are used as containers of either nonalcoholic beverages or alcoholic beverages containing not more than 15 percent ethyl alcohol. The copolymer has a terephthalate/azelate molecular ratio of 1.25/1.00 and a relative viscosity of not less than 1.5 as determined by a method available from the Director, Division of Food and Color Additives (HFF–330), Food and Drug Administration, Washington, DC 20204. Total residual copolymer solvent (1,1,2-trichloroethane and/or methylene chloride) shall not exceed 0.13 milligram per square inch of film, and food contact of the film shall be limited to not more than 1 square inch per 250 grams of beverage.

* * * * *

Any person who will be adversely affected by the foregoing regulation may at any time on or before May 9, 1977, file with the Hearing Clerk, Food and Drug Administration, Rm. 4–65, 5600 Fishers Lane, Rockville, MD 20857, written objections thereto. Objections shall show wherein the person filing will be adversely affected by the regulation, specify with particularity the provisions of the regulation deemed objectionable, and state the grounds for the objections. If a hearing is requested, the objections shall state the issues for the hearing, shall be supported by grounds factually and legally sufficient to justify the relief sought, and shall include a detailed description and analysis of the factual information intended to be presented in support of the objections in the event that a hearing is held. Four copies of all documents shall be filed and identified with the Hearing Clerk docket number found in brackets in the heading of this regulation. Received objections may be seen in the above office between the hours of 9 a.m. and 4 p.m., Monday through Friday.

Effective date: This regulation shall become effective April 8, 1977.

(Sec. 409(c)(1), 72 Stat. 1786 (21 U.S.C. 348(c)(1)).)

Dated: April 1, 1977.

WILLIAM F. RANDOLPH,
Acting Associate Commissioner for Compliance.

[FR Doc.77–10398 Filed 4–7–77;8:45 am]

SUBCHAPTER E—ANIMAL DRUGS, FEEDS, AND RELATED PRODUCTS

[Docket Nos. 75N–0171; 76N–0082]

ANTIBIOTICS, NITROFURAN, AND SULFONAMIDES

AGENCY: Food and Drug Administration, HEW.

ACTION: Final rule.

SUMMARY: This document amends regulations on antibiotic, nitrofuran, and sulfonamide drugs in animal feeds, including those that were included in the reorganization and republication (recodification) of animal drug regulations published in the FEDERAL REGISTER of March 15, 1976 (41 FR 10984).

DATES: Effective March 8, 1977.

FOR FURTHER INFORMATION CONTACT:

Gerald B. Guest, Bureau of Veterinary Medicine (HFV–130), Food and Drug Administration, Department of Health, Education, and Welfare, 5600 Fishers Lane, Rockville, MD 20857, (301–443–3410).

SUPPLEMENTARY INFORMATION: The Commissioner of Food and Drugs issued, in the FEDERAL REGISTER of February 25, 1976, a regulation based on a proposal published in the FEDERAL REGISTER of August 6, 1974 (39 FR 28393) and republished on September 27, 1974 (39 FR 34682). The February 25 document amended § 558.15 (21 CFR 558.15) by establishing therein a list of manufacturers of medicated feed premixes and the approved premixes and combination medicated feed products in compliance with the provisions of that section. It also deleted those products that were subject to, but had not complied with, the requirements for continued marketing set forth in that section.

In the FEDERAL REGISTER of March 15, 1976, the Commissioner recodified the animal drug regulations previously promulgated in Part 121 (21 CFR Part 121) under section 409 of the act (21 U.S.C. 348), placing the regulations, including those amended by the February 25 document, into Parts 526, 529, 540, and 558 (21 CFR Parts 526, 529, 540, and 558).

After the August 6, 1974 proposal to amend § 558.15 and corresponding regulations, many comments were received; these alleged various errors or omissions. The preamble to the February 25, document addressed the comments submitted and gave the Commissioner's response to each. Additional responses to the February 25 document are addressed in this document. In addition, after publication of the March 15 recodification, several comments were received, some from previous respondents; these are also addressed below.

Several respondents noted the recodified regulations did not include the sponsors of approved medicated premixes, approved premix levels, or approved uses.

As stated in the preamble to the March 15 recodification, the changes made were nonsubstantive. The recodi-

V 4 2 6 8 APR 8 7 7 UMI

fied regulations did not identify sponsors or premix levels because to do so would constitute a substantive change.

The specific responses received concerning the February 25 document and the March 15 recodification and the Commissioner's response to each are as follows:

1 Abbott Laboratories commented on the February 25 and March 15 documents about their approvals for use of arsanilic acid with erythromycin in various combinations for poultry feeds:

a. In the February 25 document, item 11 of the preamble (41 FR 8286) stated that Merck & Co. is sponsoring effectiveness studies on several drug combinations containing erythromycin and amprolium. Neither Merck nor Abbott is doing such work. These products have been deemed effective by the contemporary standards.

The Commissioner agrees. Since the combinations are currently included in the regulations, no amendment is required.

b. In the same document in item 21 of the preamble (41 FR 8287), it was stated that the use of erythromycin in cattle is covered by § 510.515 (21 CFR 510.515). The firm said this is in error. In addition, the firm noted that this use was not included in § 558.15(g)(1) (21 CFR 558 15(g)(1)).

The Commissioner agrees that inclusion of this use in § 510.515 would have been in error; however, since it was cited in the preamble but not included in the regulation, no amendment is required. This use is included in § 558.15(g)(1) as a separate entry.

c. In the third paragraph of item 21 of the preamble, Abbott noted that the document incorrectly states that the firm is conducting efficacy studies on erythromycin combinations.

The Commissioner agrees that these combinations were approved after June 7, 1967, and therefore do not require additional efficacy data.

d. In item 22 of the preamble (41 FR 8287), Abbott expressed interest in sponsoring bacitracin, zoalene, and arsanilic acid drug combinations pending resolution of the antibiotic safety issues.

Section 558.15(a) states that 2 years were given for submission of data to resolve conclusively the issues concerning safety to man and animals and their effectiveness as combination products. Submission of such data was required by April 20, 1975. No commitments were received to carry out the required efficacy studies on these combinations. Therefore, this combination is not eligible for interim marketing.

e. Abbott stated that the use of various combinations of erythromycin, amprolium, ethopabate, and arsanilic acid were incorrectly deleted from § 121.210 (21 CFR 121.210). In addition, zoalene, bacitracin, and arsanilic acid were similarly and incorrectly deleted from § 121.207 (21 CFR 121.207).

The Commissioner agrees that these combinations should be included in the regulations. One of the combinations, zoalene-bacitracin-arsanilic acid, is included in § 558.15(g)(2) for Dow Chemical Co.; the appropriate sections are amended to include these approvals.

f. Abbott requested that combinations of arsanilic acid and various antibiotics listed in § 144.26 (recodified as 21 CFR 510.515) be permitted on an interim basis. The firm has expressed interest in sponsoring these combinations pending resolution of the antibiotic safety studies.

As indicated in item d above, § 558.15 (a) clearly indicates a 2-year interim with no provisions for subsequent resolution of questions. Therefore, the request is denied.

g. The firm stated that the use of erythromycin in cattle should be included in § 558.15(g)(1).

The Commissioner notes that this item is included in § 559.15(g)(1) as a separate entry.

h. Abbott questioned the inclusion of several combinations containing erythromycin, zoalene, amprolium, ethopabate, and arsanilic acid in § 558.15(g)(2), since these combinations were approved after June 1967.

These combinations are not listed for Abbott under § 558.15(g)(2). These combinations are not under review for efficacy, but the safety issues have not been resolved.

i. Abbott suggests the regulations for arsanilic acid and sodium arsanilate be combined, since they are for the acid or salt form of the same drug.

The Commissioner concedes that these drugs are similar, but each is the subject of different conditions of approval. Therefore, they should not be combined under a single section.

j. Abbott questioned the failure to include sponsors for their arsanilic acid and sodium arsanilate approvals.

The recodification was a republication of material in Part 121 that was moved to Part 558. Additional information would have constituted a substantive change that could not be included.

k. Abbott questioned the inclusion of the provision for use of erythromycin thiocyanate in cattle in § 558.248(e)(2) rather than in the table in paragraph (e)(1).

The table in § 558.248(e) represents those currently approved uses in complete feeds. The use in question is for a feed supplement and is a separate item.

2. A.L. Laboratories, Inc., and S. B. Penick & Co. noted that the two documents failed to reflect the change in sponsorship from S. B. Penick to A.L. Laboratories for several new animal drug applications (NADA's) for bacitracin methylene disalicylate. In addition, A.L. Laboratories stated that the use of bacitracin methylene disalicylate in the feed of quail and pheasants for growth promotion and improved feed efficiency had been omitted.

The Commissioner agrees that the new sponsor for bacitracin methylene disalicylate should be reflected in the regulations in § 558.15(g)(1). Other sections affected by the change of sponsorship will be covered by a separate document. Concerning omission of the feed uses of bacitracin methylene disalicylate in pheasants and quail, the Commissioner notes that the use for pheasants is included in § 558.76(e)(1)(i) (21 CFR 558.76(e)(1)(i)). The use of the drug for quail was inadvertently omitted and is being added to the section. In addition, several approved combination uses of the drug that had not been included in the recodified regulations are being added to paragraph (e)(3) of the section.

3. Comments submitted by American Cyanamid Co. are as follows:

a. Their approval as a sponsor for certain chlortetracycline premixes used in the manufacture of finished feed for horses, sheep, goats, and psittacine birds was not included in § 558.15(g)(1).

Premixes for use in horses and psittacine birds are uses for nonfood animals and thus not properly the subject of § 558.15. These uses of the drug are approved uses included in § 558.128(e)(1) and (2), table 2, item (vi). The title of table 2 is misleading because it fails to reflect inclusion of feed use for horses as well as cattle. It is amended to read "in feed supplements." Entry (vi) of the table, regarding the use of chlortetracycline for horses, is amended to add the claim "growth promotion and feed efficiency." This claim was not included in the recodification. The use of the drug in sheep is properly codified in § 558.128 (e)(2), table 1, item (ii). No prior publication covered its use in goats; therefore, no changes are indicated in this regard.

b. The approved premix containing chlortetracycline, sulfamethazine, and penicillin was not listed in § 558.15.

The premix containing chlortetracycline, sulfamethazine, and penicillin is covered by § 558.145 (21 CFR 558.145) and, as such, is included by reference in § 558.15(g)(2) (see introductory text of § 558.15(g)(2)).

c. The claim for use of chlortetracycline in the feed of laboratory mice was deleted from § 510.515(b)(29).

The use of chlortetracycline in the feed of laboratory mice is an approved use, which was inadvertently omitted from § 510.515; it is reinstated.

d. The firm was not listed as a sponsor of a premix or finished feed in § 558.128 (21 CFR 558.128).

Sponsors of approved NADA's were not identified in the regulations in Part 121 and were not included in the recodified regulations.

e. Hess & Clark is incorrectly listed as a sponsor of roxarsone in § 558.530 (21 CFR 558.530), since Salsbury Laboratories is listed as sponsor when roxarsone is used with robenidine in § 558.515.

An application for roxarsone premix was approved for Hess & Clark, notice of which was published in the FEDERAL REGISTER of July 30, 1975 (40 FR 31933). Approval for roxarsone marketed by Salsbury Laboratories predated enactment of the Animal Drug Amendments of 1968; however, the Salsbury application is deemed approved pursuant to section 108(b)(2) of the transitional provisions to the Animal Drug Amendments of 1968.

Because the data regarding the safety and effectiveness of the combination of robenidine and roxarsone were obtained using the Salsbury product, Salsbury is identified as the source of roxarsone for use in this combination.

4. Commerical Solvents Corp. stated they had filed a commitment to conduct studies on combinations of zinc bacitracin, with amprolium, ethopabate, and roxarsone and as a result of this commitment, noted several apparent omissions in the documents:

a. Amprolium is listed in § 558.55 in combination with bacitracin methylene disalicylate with and without roxarsone but not with zinc bacitracin; also, the combinations of zinc bacitracin in § 558.78(e)(3) (21 CFR 558.78(e)(3)) appear incomplete in that combinations with diethylstilbestrol, arsanilic acid, and monensin are not included.

The Commissioner has evaluated these comments and concludes that the cited combinations with zinc bacitracin were inadvertently omitted in the recodified regulations. These combinations are reinstated.

b. In the recodified regulations in Part 558, the approved premix levels and the sponsoring firms are not listed.

In reference to approved premixes and sponsors, they were not identified in the regulations in Part 121 and therefore were not included in the recodified regulations.

5. Dow Chemical U.S.A. stated that § 558.680 (21 CFR 558.680) failed to include zoalene in combination with penicillin and roxarsone, or arsanilic acid and bacitracin, or chlortetracycline.

The Commissioner finds that these combination drugs were inadvertently deleted. The regulations are amended to include these uses.

6. Elanco Products Co., in two responses, questioned the deletion of combinations of hygromycin B with zoalene, amprolium, or tylosin. In addition, the firm noted the deletion of combinations of tylosin with penicillin for broiler chickens, tylosin with amprolium or zoalene for chickens, and hygromycin B for chickens and swine.

The Commissioner concludes that appropriate commitments have been submitted covering the use of hygromycin B alone and in combination with amprolium and zoalene, and these combinations are reinstated. Such commitments have not been submitted regarding the combination of hygromycin B and tylosin, nor have they been submitted regarding tylosin with procaine penicillin. Therefore, the Commissioner concludes that these drug combinations are properly deleted from the regulations. However, the Commissioner notes that § 558.625 (21 CFR 558.625) does erroneously refer to several tylosin combinations that are no longer approved. This inadvertent cross-reference is deleted.

7. Merck and Co., Inc., commented in several letters as follows:

a. Section 558.55 (21 CFR 558.55) permits a combination of amprolium, bacitracin, and penicillin without specifying any indications for use.

The Commissioner agrees that the lack of indications for this combination was in error; a correction was published in the FEDERAL REGISTER of April 5, 1976 (41 FR 14367).

b. Section 558.58(e)(1) contains a statement indicating use of those feeds in chickens as well as turkeys, without citing any specific uses for turkeys.

The Commissioner notes that these feeds have not been approved for use in turkeys. The regulation is amended to delete reference to use in turkeys.

c. Section 558.58 lists several combinations of amprolium and ethopabate, without listing the approval for use of this combination.

The Commissioner agrees; the regulations are amended to add the approval.

d. Section 558.58 does not include amprolium and ethopabate in combination with roxarsone, nor with erythromycin, with or without arsanilic acid.

The Commissioner agrees; the regulations are amended to add these approvals.

e. Section 558.460 (21 CFR 558.460) provides incorrect levels for penicillin in combination with streptomycin for each drug when used in swine, chicken, and turkey feed; and combinations with penicillin and aklomide, arsanilic acid, buquinolate, nihydrazone, reserpine, and zoalene have been deleted.

The Commissioner agrees that the drug use levels were incorrectly stated. The regulations are amended to revise the levels for the combinations of penicillin and streptomycin for swine, chickens, and turkeys. The regulations regarding the use of penicillin with aklomide, arsanilic acid, buquinolate, nihyrazone, reserpine, and zoaline were inadvertently deleted and are reinstated.

f. The preamble to the February 25 document, in item 11, failed to state that the combination of erythromycin with amprolium, alone or with ethopabate, has been evaluated and approved for effectiveness under contemporary scientific criteria. Abbott Laboratories had submitted commitments to resolve the safety issues regarding erythromycin.

The Commissioner agrees, but since a revision of a preamble is not reflected in the regulation itself, no amendment is required.

g. Section 510.515(c) for nicarbazine in combination with penicillin or bacitracin methylene disalicylate does not include claims for weight gain and feed efficiency, and for nicarbazine in combination with bacitracin methylene disalicylate and roxarsone or penicillin and roxarsone does not include claims for weight gain, feed efficiency, and improved pigmentation.

The Commissioner agrees; the regulations are amended to include these claims.

h. In § 510.515(c), the use levels for penicillin with streptomycin for chickens and turkeys should read 2.4 to 30 grams per ton of penicillin and 12 to 150 grams per ton of streptomycin. The indications for use should include a claim for improved weight gain. The use levels for swine should read 1.5 to 45 grams per ton of penicillin and 7.5 to 225 grams per ton of streptomycin, and the indications for use should include claims for weight gain and feed efficiency.

The Commissioner agrees; the regulations are amended to reflect these changes.

i. In § 558.15(g)(2) for penicillin and streptomycin in chicken and turkey feeds, the use levels should read 2.4 to 30 grams per ton of penicillin and 12 to 150 grams per ton of streptomycin.

The Commissioner notes that these use levels are cross-referenced to § 510.515. With the revision of § 510.515, noted in item h above, no further amendment is required.

8. Pfizer, Inc., noted that § 558.15 (g)(1) did not include the use of oxytetracycline in chickens for certain egg production claims, nor use of streptomycin in chickens, turkeys, and swine.

The Commissioner concludes that § 558.15(g)(1) should be amended to include these claims for use of oxytetracycline. In the case of streptomycin in chickens, turkeys, and swine, he finds that the premix is covered by § 558.15 (g)(1), and no further revision is required.

9. Salsbury Laboratories responded with the following comments:

a. The proposal published on August 6, 1974 differs considerably from the regulation published February 25, 1976, and therefore should be republished as an amended proposal.

Section 510.515 was published as a proposal on August 6, 1974, as amended in the FEDERAL REGISTER of September 27, 1974 (39 FR 34682), and published as a regulation on February 25, 1976. In response to the proposal, a number of comments were received and evaluated; several comments justified changes in the final regulation and the recodified regulations. The February 25, 1976 document was the subject of a published proposal, and it did not require republication before becoming final.

b. The February 25, 1976 revision of § 510.515 deleted certain sections previously deemed approved, without following due process as set forth in section 512(e) of the act (21 U.S.C. 360b(e)).

The preamble of the February 25 document fully discussed withdrawal of certain approvals and corresponding regulations, and it did not require additional consideration pursuant to section 512(e) of the act.

c. Section 510.515(b)(39) includes provisions of an approval that had been withdrawn without prejudice, notice of which was published in the FEDERAL REGISTER of September 28, 1967 (32 FR 13605).

The Commissioner agrees, and the insertion is deleted.

d. The February 25 document withdraws approvals for sulfanitran and aklomide, originally published in the FEDERAL REGISTER of September 9, 1966 (31 FR 11876), although the data supporting this NADA are less than 10 years old and satisfy contemporary standards.

The approvals for sulfanitran and alkomide were reevaluated based on

V4268A APR 8 77 UMI

further information available. Upon this evaluation, it was concluded the approval was erroneously withdrawn. The approval is hereby reinstated.

e. The March 15, 1976 recodification does not list Salsbury Laboratories as the sponsor of dimetridazole, nitromide and sulfanitran, or roxarsone.

Sponsors of approved NADA's were not identified in the regulations in Part 121 and thus were not included in the recodified regulations.

10. The Upjohn Co. commented in two letters, noting that § 558.15 failed to include nine approved combinations of lincomycin that were included in the August 6, 1974 proposal. In addition, the recodified section concerning melengestrol acetate (21 CFR 558.342) contained incorrect information on use of the drug.

The Commissioner has reviewed these comments and finds that the nine combinations of lincomycin are incorporated in § 558.15(g)(2) by reference since they are currently listed in § 558.325 (21 CFR 558.325). Concerning melengestrol acetate, the recodified regulations for feed use of the drug inadvertently indicated use in complete feeds. The regulation is amended to indicate its use in or on finished feeds.

11. In addition to the preceding amendments, the Commissioner has found that certain other revisions to the regulations are required as follows:

a. A number of animal drugs covered by the regulations (21 CFR Part 121) established under the Food Additives Amendment of 1958 have not been required before recodification to be the subject of an approval pursuant to section 512(m) of the act (21 U.S.C. 360b (m)).

The recodification, being nonsubstantive, should have provided for the continued waiver of the products from the requirement of section 512(m) of the act. This is being provided for by this document.

b. The proposal of August 6, 1974 stated that the tolerance for residues of bacitracin in food from manganese bacitracin is to be revoked on the grounds that the antibiotic is no longer being marketed. After publication of the proposal, approval for the use of bacitracin was withdrawn at the request of the sponsor, by publication in the FEDERAL REGISTER of September 19, 1974 (39 FR 33723). The tolerances for bacitracin and manganese bacitracin residues in foods are deleted by this document.

c. The regulation providing for the use of roxarsone (21 CFR 558.530) does not include a cross-reference covering its use in combination with bambermycins (21 CFR 558.95), a previously approved combination. Section 558.530 is amended to include the cross-reference.

d. The designation of Commercial Solvents Corp. in § 558.15 is changed to I.M.C. Chemical Group, Inc., to reflect a change in company name. The change is consistent with that published in the FEDERAL REGISTER of July 23, 1976 (41 FR 30326).

e. The designation of S. B. Penick & Co. is changed to A. L. Laboratories to reflect a change in sponsorship. The change is consistent with that published in the FEDERAL REGISTER of December 3, 1976 (41 FR 53002).

Therefore, under the Federal Food, Drug, and Cosmetic Act (secs. 512, 701 (a), 52 Stat. 1055, 82 Stat. 343–351 (21 U.S.C. 360b, 371(a))) and under authority delegated to the Commissioner (21 CFR 5.1), Parts 510, 556, and 558 are amended as follows:

PART 510—NEW ANIMAL DRUGS

1. Part 510 is amended in § 510.515 by adding paragraph (b)(29), which had been inadvertently deleted; designating paragraphs (b)(30)–(37) as reserved; deleting paragraph (b)(39) and designating paragraph (b)(39)–(51) as reserved; and by revising items 1, 3, 6, and 7 in the table in paragraph (c) to read as follows:

§ 510.515 Animal feeds bearing or containing new animal drugs subject to the provisions of section 512(n) of the act.

* * * * * * *

(b) * * *

(29) It is intended for use solely as an aid in reducing the incidence of bacterial diarrhea in laboratory mice; its labeling bears adequate directions and warnings for such use; and it contains not less than 100 grams of chlortetracycline per ton of feed.

(30)–(37) [Reserved]

* * * * * * *

(39)–(51) [Reserved]

* * * * * * *

(c) * * *

Product	Species	Use levels	Indications for use
1. Nicarbazin	Chickens	0.01 to 0.02 pct	For use in the prevention of outbreaks of coccidiosis in poultry flocks; growth promotion and feed efficiency.
Procaine penicillin	do	2.4 to 50 g/ton	
* * *	* * *	* * *	* * *
3. Nicarbazin	do	0.01 to 0.02 pct	For use as an aid in the prevention of coccidiosis in poultry flocks; growth promotion and feed efficiency; improving pigmentation.
Bacitracin methylene disalicylate	do	4 to 50 g/ton	
3-nitro-4-hydroxy-phenylarsonic acid.	do	0.0025 to 0.005 pct.	
* * *	* * *	* * *	* * *
6. Penicillin	Chickens and turkeys.	2.4 to 30 g/ton	For use as a treatment for complicated chronic respiratory disease (air sac infection), infectious sinusitis, blue comb (nonspecific infectious enteritis, mud fever), and hexamitiasis in poultry; as an aid in maintaining or increasing egg production of chickens, hatchability of eggs, prevention of early mortality of chicks when due to organisms that are sensitive to streptomycin and penicillin; and for increased weight gains and improving feed efficiency.
Streptomycin	do	12 to 150 g/ton.	
* * *	* * *	* * *	* * *
7. Penicillin	Swine	1.5 to 45 g/ton	For use in the prevention and treatment of bacterial swine enteritis; for increased weight gain and improved feed efficiency.
Streptomycin	do	7.5 to 225 g/ton.	
* * *	* * *	* * *	* * *

PART 556—TOLERANCES FOR RESIDUES OF NEW ANIMAL DRUGS IN FOODS

2. Part 556 is amended by revising § 556.70 to read as follows:

§ 556.70 Bacitracin.

Tolerances for residues of bacitracin from zinc bacitracin or bacitracin methylene disalicylate are established at 0.5 part per million (0.02 unit per gram), negligible residue, in uncooked edible tissues of cattle, swine, chickens, turkeys, pheasants, and quail, and in milk and eggs.

PART 558—NEW ANIMAL DRUGS FOR USE IN ANIMAL FEEDS

3. Part 558 is amended as follows:

a. In § 558.15, by amending paragraph (g)(1) by changing the names S. B. Penick & Co. to A.L. Laboratories, Inc., by establishing a separate entry for Thompson-Hayward Chemical Co., for use in chickens, turkeys and quail only, and by adding between the entries for Hoffman-LaRoche, Inc., and Pfizer, Inc., two new separate entries for Pfizer, Inc.; and by amending paragraph (g)(2) by changing the name "Commercial Solvents Corp." to "IMC Chemical Group, Inc.," and in the entry for "Merck Sharp & Dohme Research Labs," by changing the "do" under the "Species" column to "chickens" as follows:

§ 558.15 Antibiotic, nitrofuran, and sulfonamide drugs in the feed of animals.

* * * * * * *

V 4268 APR 8 77 UMI

In § 558.58, by adding paragraph (c) and revising paragraph (e)(1) as follows: The introductory text of (e)(1) is revised; items (i), (ii), and (iii) in the table are redesignated as (ii), (iii), and (iv), respectively; new item (i) is added to the table; a new subitem is added to redesignated item (ii); two new subitems are added to redesignated item (iii); in redesignated item (iii) in the entry "Bacitracin 4 to 50" in the "Limitations" column, after the phrase "as bacitracin methylene disalicylate as provided by No. 046573" the phrase "or bacitracin zinc as provided by No. 012769" is inserted; and in the entry in redesignated item (iii) for "Bacitracin 5 to 35 plus roxarsone 34 (0.00375%)" in the "Limitations" column, after the phrase "as bacitracin methylene disalicylate as provided by No. 046573" the phrase "or bacitracin zinc as provided by No. 012769" is inserted, as follows:

§ 558.58 Amprolium and ethopabate.

• • • • •

Amprolium and ethopabate in grams per ton	Combination in grams per ton	Indications for use	Limitations	Sponsor
(i) Amprolium 113.5 (0.0125 pct) and ethopabate 3.6 (0.0004 pct).	.....	Broiler chickens as an aid in the prevention of coccidiosis..	Not for laying hens; as sole source of amprolium.....	
(ii) Amprolium 113.5 (0.0125 pct) and ethopabate 3.6 (0.0004 pct).	Bambermycins 2 to 3 plus roxarsone 22.8 to 34.1 (0.0025 pct. to 0.00375 pct).	Broiler chickens; as an aid in the prevention of coccidiosis, for increased rate of weight gain, improved feed efficiency, and pigmentation.	Feed continuously as the sole ration; as sole source of amprolium and organic arsenic; amprolium and ethopabate as provided by No. 000006 in sec. 510.600(c) of this chapter, roxarsone by No. 017210, bambermycins by No. 000039; withdraw 5 d before slaughter.	
	Lincomycin 2 to 4.....	Broiler chickens; for increase in rate of weight gain; improved feed efficiency; as an aid in the prevention of coccidiosis.	Not for laying chickens; as lincomycin hydrochloride monohydrate; as sole source of amprolium.	
	Lincomycin 2 to 4 plus roxarsone 45.4 (0.005 pct).	Broiler chickens; for increase in rate of weight gain; improved feed efficiency and; pigmentation; as an aid in the prevention of coccidiosis.	Not for laying chickens; as lincomycin hydrochloride monohydrate; withdraw 5 d before slaughter; as sole source of amprolium and organic arsenic.	
	Roxarsone 45.4 (0.005 pct).	Broiler chickens; to aid in prevention of coccidiosis where severe exposure to coccidiosis from *Eimeria acervulina, E. maxima,* and *E. brunetti* is likely to occur; for increased rate of weight gain in broiler chickens raised in floor pens.	Do not feed to laying chickens; withdraw 5 d before slaughter; as sole source of amprolium; do not use as a treatment for outbreaks of coccidiosis; feed as sole ration from time chickens are placed on litter until past the time when coccidiosis is ordinarily a hazard; roxarsone as provided by No. 017210 in sec. 510.600(c) of this chapter; combinations as provided by No. 000006.	
(iii) Amprolium 113.5 (0.015 pct) and ethopabate 26.3 (0.004 pct).	.....	Broiler chickens and replacement chickens where immunity to coccidiosis is not desired; as an aid in the prevention of coccidiosis where severe exposure to coccidiosis from *Eimeria acervulina, E. maxima,* and *E. brunetti* is likely to occur.	Not for chickens over 16 weeks of age.....	
	Arsanilic acid 90 (0.01 pct) plus erythromycin 4.6 to 18.5.	Broiler chickens and replacement chickens where Immunity to coccidiosis is not desired; prevention of coccidiosis; growth promotion and feed efficiency; improve pigmentation.	Not for laying hens; withdraw 5 d before slaughter; as sole source of organic arsenic; as erythromycin thiocyanate.	
	Bacitracin 4 to 50.....	Broiler chickens and replacement chickens where immunity to coccidiosis is not desired; to aid in prevention of coccidiosis where severe exposure to coccidiosis from *Eimeria acervulina, E. maxima,* and *E. brunetti* is likely to occur; for increased rate of weight gain in broiler chickens raised in floor pens.	Not for chickens over 16 weeks of age, do not feed to laying chickens; as sole source of amprolium; not for use as a treatment for coccidiosis: as bacitracin methylene disalicylate as provided by No. 046573 or bacitracin zinc as provided by No. 012769 in sec. 510.600(c) of this chapter; feed as the sole ration from the time chickens are placed on litter until past the time when coccidiosis is ordinarily a hazard; combination as provided by No. 000006 in sec. 510.600(c) of chapter.	
	Bacitracin 5 to 35 plus roxarsone 34 (0.00375 pct).	Broiler chickens; for increased rate of weight gain and as an aid in the prevention of coccidiosis where severe exposure to coccidiosis from *Eimeria acervulina, E. maxima,* and *E. brunetti* is likely to occur in broiler chickens raised in floor pens.	Do not feed to laying chickens; withdraw 5 d before slaughter; as sole source of amprolium and organic arsenic; do not use as a treatment for outbreaks of coccidiosis; feed as the sole ration from time chickens are placed on litter until past the time when coccidiosis is ordinarily a hazard; amprolium and ethopabate as provided by No. 000006 in sec. 510.600(c) of this chapter; bacitracin methylene disalicylate as provided by No. 046573 or bacitracin zinc as provided by No. 012769 in sec. 510.600(c) of this chapter; roxarsone as provided by No. 017210 in sec. 510.600(c) of this chapter combination as provided by No. 000006 in sec. 510.600(c) of this chapter.	
	Bacitracin 20 to 35 plus roxarsone 34 (0.00375 pct).	Broiler chickens; for increased rate of weight gain, improved feed efficiency, and as an aid in the prevention of coccidiosis where severe exposure to coccidiosis from *Eimeria acervulina, E. maxima,* and *E. brunetti* is likely to occur in broiler chickens raised in floor pens.	Do not feed to laying chickens; withdraw 5 d before slaughter; as sole source of amprolium and organic arsenic; do not use as a treatment for outbreaks of coccidiosis; feed as the sole ration from time chickens are placed on litter until past the time when coccidiosis is ordinarily hazard; amprolium and ethopabate as provided by No. 000006 in sec. 510.600(c) of this chapter; bacitracin methylene disalicylate as provided by No. 000794 in sec. 510.600(c) of this chapter; roxarsone as provided by No. 017210 in sec. 510.600(c) of this chapter; combination as provided by No. 000006 in sec. 510.600(c) of this chapter.	
	Bambermycins 1 to 3..	Broiler chickens; as an aid in the prevention of coccidiosis from *Eimeria acervulina, E. Maxima,* and *E. brunetti* is likely to occur; for increased rate of weight gain, and improved feed efficiency.	Feed continuously as the sole ration as sole source of ethopabate as provided by No. 000006 in sec. 510.600(c) of this chapter, bambermycins as provided by No. 000039 in sec. 510.600(c) of this chapter.	
	Bambermycins 1 to 3 plus roxarsone 22.8 to 34.1 (0.0025 pct to 0.00375 pct).	Broiler chickens; as an aid in the prevention of coccidiosis where severe exposure to coccidiosis from *Eimeria acervulina, E. maxima,* and *E. brunetti* is likely to occur; for increased rate of weight gain; improved feed efficiency, and improved pigmentation.	Feed continuously as the sole ration; as source of amprolium and organic arsenic; amprolium and ethopabate as provided by No. 000006 in sec. 510.600(c) of this chapter, roxarsone by No. 017210, bambermycins by No. 00030. Withdraw 5 d before slaughter.	
	Erythromycin 4.6 to 18.5.	Broiler chickens and replacement chickens where immunity to coccidiosis is not desired; prevention of coccidiosis; growth promotion and feed efficiency.	Not for laying hens; withdraw 24 hours before slaughter; erythromycin thiocyanate.	

(c) *Special considerations.* Finished feeds containing amprolium and ethopabate as the sole drugs, processed from feed supplements containing not more than 0.05 percent amprolium and 0.016 percent ethopabate, and conforming to the requirements of paragraph (e) of this section are not required to comply with the provisions of section 512(m) of the Federal Food, Drug, and Cosmetic Act.

• • • • • •

(e) *Conditions of use.* (1) It is used in complete feed for chickens as follows:

d. In § 558.60, by adding paragraph (c) to read as follows:

§ 558.60 Arsanilate sodium.

• • • • • •

(c) *Special considerations.* Finished feeds containing arsanilate sodium as the sole drug and conforming to the requirements of paragraph (e) of this section are not required to comply with the provisions of section 512(m) of the Federal Food, Drug, and Cosmetic Act.

• • • • • •

e. In § 558.62 by adding paragraph (c) and redesignating paragraph (e)(2)(iii) and (iv) as (e)(2)(v) and (vi), respectively, and adding new paragraph (e)(2)(iii) and (iv), to read as follows:

§ 558.62 Arsanilic acid.

• • • • • •

(c) *Special considerations.* Finished feeds containing arsanilic acid as the sole drug and conforming to the requirements of paragraph (e) of this section are not required to comply with the provisions of section 512(m) of the Federal Food, Drug, and Cosmetic Act.

• • • • • •

(e) • • •

(2) • • •

(iii) Bacitracin zinc in accordance with § 558.78.

(iv) Bacitracin and zoalene in accordance with § 558.680.

(v) Buquinolate in accordance with § 558.105.

(vi) Zoalene in accordance with § 558.680.

f. In § 558.76, by revising paragraph (c), by redesignating items (ii), (iii), (iv), and (v) of the table in paragraph (e)(1) as items (iii), (iv), (v), (vi) respectively, and adding new item (ii), and by revising paragraph (e)(3), to read as follows:

§ 558.76 Bacitracin methylene disalicylate.

• • • • • •

(c) *Special consideration.* (1) The quantities of antibiotics are expressed in terms of the equivalent amount of antibiotic standard.

(2) Finished feeds containing bacitracin methylene disalicylate and conforming to the requirements of paragraph (e)(1) and (e)(2) are not required to comply with the provisions of section 512(m) of the Federal Food, Drug, and Cosmetic Act.

• • • • • •

(e) • • •

(1) • • •

Bacitracin methylene disalicylate in grams per ton	Combination in grams per ton	Indications for use	Limitations	Sponsor
• • •	•	• • •	•	•
(ii) 5 to 20.....		Quail; not over 5 weeks of age; growth promotion and feed efficiency.		
• • •	•	• • •	•	•

(3) It is used as bacitracin methylene disalicylate in accordance with the provisions of the section in the combinations provided as follows:

(i) Amprolium in accordance with § 558.55.

(ii) Amprolium with ethopabate in accordance with § 558.58.

(iii) Arsanilic acid with zoalene in accordance with § 556.680.

(iv) Carbarsone (not U.S.P.) in accordance with § 558.120.

(v) Diethylstilbestrol in accordance with § 558.225.

(vi) Hygromycin B in accordance with § 558.274.

(vii) Monensin in accordance with § 558.355.

g. In § 558.78, by revising paragraph (c) and by redesignating paragraph (e)(3)(iii) and (iv) as (e)(3)(v) and (e)(3)(vii), respectively, and by adding new paragraphs (e)(3), (iii), (iv), and (vi), to read as follows:

§ 558.78 Bacitracin zinc.

• • • • • •

(c) *Special considerations.* (1) The quantities of antibiotics are expressed in terms of the equivalent amount of antibiotic standard.

(2) Finished feeds containing bacitracin zinc and conforming to the requirements of paragraph (e)(1) and (2) of this section are not required to comply with the provisions of section 512(m) of the Federal Food, Drug, and Cosmetic Act.

• • • • • •

(e) • • •

(3) • • •

(iii) Arsanilic acid and zoalene in accordance with § 558.680.

(iv) Diethylstilbestrol in accordance with § 558.225.

(v) Hygromycin B in accordance with § 558.274.

(vi) Monensin in accordance with § 558.355.

(vii) Zoalene in accordance with § 558.680.

h. In § 558.120, by adding paragraph (c) to read as follows:

§ 558.120 Carbarsone (not U.S.P.).

• • • • • •

(c) *Special considerations.* Finished feeds containing carbarsone as a sole drug, processed from feed supplements containing not more than 0.225 percent carbarsone and conforming to the requirements of paragraph (e) of this section are not required to comply with the provisions of section 512(m) of the Federal Food, Drug, and Cosmetic Act.

• • • • • •

i. In § 558.126, the introductory text of paragraph (e) is revised to read as follows:

§ 558.126 Chlormadinone acetate.

• • • • • •

(e) *Conditions of use.* It is used in or on feed for beef heifers and beef cows as follows:

• • • • • •

j. In § 558.128, paragraph (c) is added; paragraph (e)(2) is redesignated as (e)(3) as amended by revising the introductory text, the heading of Table 2, and item (vi) of Table 2; and paragraph (e)(3) is redesignated as paragraph (e)(4); and new paragraph (e)(2) is added to read as follows:

§ 558.128 Chlortetracycline.

• • • • • •

(c) *Special considerations.* Finished feeds containing chlortetracycline and conforming to the requirements of paragraph (e)(1), (2), and (3) of this section are not required to comply with the provisions of section 512(m) of the Federal Food, Drug, and Cosmetic Act.

• • • • • •

(e) • • •

(2) It is used in the feed for laboratory mice as follows:

(i) *Amount.* Not less than 100 grams per ton of feed.

(ii) *Indications for use.* As an aid in reducing the incidence of bacterial diarrhea.

(3) It is used in feeds as follows:

• • • • • •

V 4 2 6 8 APR 8 7 7 UMI

Chlortetracycline	Combination in milligrams per head per day	Indications for use	Limitations	Sponsor
•	•	•	•	•
(vi) 85.....		For horses up to 1 year of age; growth promotion and feed efficiency.	Do not slaughter for food purposes.	
•	•	•	•	•

k. In § 558.262, by adding paragraph (c) to read as follows:

§ 558.262 Furazolidone.

• • • • •

(c) *Special considerations.* Finished feeds containing furazolidone are not required to comply with the provisions of section 512(m) of the Federal Food, Drug, and Cosmetic Act.

• • • • •

1. In § 558.274, paragraphs (c) and (e)(2) are added to read as follows:

§ 558.274 Hygromycin B.

• • • • •

(c) *Special considerations.* Complete chicken feeds containing hygromycin B as a sole drug, processed from feed supplements containing not more than 32 grams per ton hygromycin B, and conforming to the requirements of paragraph (e) of this section are not required to comply with the provisions of section 512(m) of the Federal Food, Drug, and Cosmetic Act.

• • • • •

(e) • • •

(2) Hygromycin B may also be used in combination with:

(i) Amprolium in accordance with § 558.55.

(ii) Zoalene in accordance with § 558.680.

m. In § 558.342, the introductory text of paragraph (e) is revised to read as follows:

§ 558.342 Melengestrol acetate.

• • • • •

(e) *Conditions of use.* It is used in or on finished feed for heifers as follows:

• • • • •

n. In § 558.370, paragraph (c) is added to read as follows:

§ 558.370 Nitrofurazone.

• • • • •

(c) *Special considerations.* Finished feeds containing nitrofurazone as the sole drug are not required to comply with the provisions of section 512(m) of the Federal Food, Drug, and Cosmetic Act.

• • • • •

o. In § 558.430, paragraph (c) is added to read as follows:

§ 558.430 Nystatin.

• • • • •

(c) *Special considerations.* Finished feeds containing nystatin as the sole drug are not required to comply with the provisions of section 512(m) of the Federal Food, Drug, and Cosmetic Act.

• • • • •

p. In § 558.460, paragraph (d) is added, paragraph (f)(2)(v) is redesignated as (f)(2)(vi) and new paragraph (f)(2)(v), (vii), (viii), (ix), and (x) are added to read as follows:

§ 558.460 Penicillin.

• • • • •

(d) *Special considerations.* Finished feeds containing penicillin and conforming to the requirements of paragraph (f)(1) of this section are not required to comply with the provisions of section 512(m) of the Federal Food, Drug, and Cosmetic Act.

• • • • •

(f) • • •

(2) • • •

(v) Buquinolate in accordance with § 558.105.

(vi) Hygromycin B in accordance with § 558.274.

[Docket No. 76N-0228]

PART 556—TOLERANCES FOR RESIDUES OF NEW ANIMAL DRUGS IN FOODS

PART 558—NEW ANIMAL DRUGS FOR USE IN ANIMAL FEEDS

Nihydrazone (NF–64); Revocation

AGENCY: Food and Drug Administration.

ACTION: Final rule.

SUMMARY: The food and Drug Administration (FDA) revokes certain regulations that provide for the use of animal drugs containing nihydrazone (NF–64) alone and in certain combinations. The approvals are being withdrawn in a corresponding document (FDA Docket No. 76N–0233, appearing elsewhere in this issue of the FEDERAL REGISTER) because nihydrazone is not shown to be safe for use under either the approved or currently labeled conditions of use.

EFFECTIVE DATE: April 8, 1977.

FOR FURTHER INFORMATION CONTACT:

David P. Ducharme, Bureau of Veterinary Medicine (HFV–140), Food and Drug Administration, Department of Health, Education, and Welfare, 5600 Fishers Lane, Rockville, MD 20857, (301—443–2280).

SUPPLEMENTARY INFORMATION: In the FEDERAL REGISTER of August 17, 1976 (41 FR 34908), the Director of the Bureau of Veterinary Medicine issued a notice of opportunity for hearing on a proposal to withdraw the approval of certain new animal drug applications (NADA's) that provide for the use of nihydrazone for treating food-producing animals. In the same FEDERAL REGISTER (41 FR 34884), the Director proposed to revoke the Code of Federal Regulations (CFR) provisions for the use of nihydrazone in animal feeds.

The document withdrawing approvals for nihydrazone, which appears elsewhere in this FEDERAL REGISTER, discusses fully the basis upon which the subject applications are being withdrawn.

(Sec. 512, 82 Stat. 343–351 (21 U.S.C. 360b)) and under authority delegated to the Commissioner of Food and Drugs (21 CFR 5.1).

Parts 556 and 558 are amended as follows:

§ 556.450 [Revoked]

1. By revoking § 556.450 *Nihydrazone.*

§ 558.15 [Amended]

2. In § 558.15 *Antibiotic, nitrofuran, and sulfonamide drugs in the feed of animals* is amended in the table in paragraph (g)(1) by deleting the last entry, which provides for nihydrazone, and in the table in paragraph (g)(2) by deleting the entries under "Norwich Pharmacal Co." for nihydrazone and procaine penicillin, nihydrazone and chlortetracycline, and nihydrazone and bacitracin methylene disalicylate or zinc bacitracin.

§ 558.368 [Revoked]

3. By revoking § 558.368 *Nihydrazone.*

Effective date: This amendment shall be effective April 8, 1977.

(Sec. 512, 82 Stat. 343–351 (21 U.S.C. 360b).)

Dated: April 1, 1977.

JOSEPH P. HILE,
Associate Commissioner for Compliance.

[FRL 710-7; FAP 6H5143/T23]

PART 561—TOLERANCES FOR PESTICIDES IN ANIMAL FEEDS ADMINISTERED BY THE ENVIRONMENTAL PROTECTION AGENCY

Butachlor

AGENCY: Environmental Protection Agency.

ACTION: Final Rule.

SUMMARY: This rule permits the use of butachlor in an experimental program. The program involves the application of the herbicide to growing rice. This amendment was requested by Monsanto Co. in a feed additive petition. This rule permits the marketing of rice hulls and rice bran while further data on butachlor is collected.

EFFECTIVE DATE: Effective on April 8, 1977.

FOR FURTHER INFORMATION CONTACT:

Ms. Libby Zink, Registration Division (WH-567), Office of Pesticide Programs, EPA, 401 M Street SW., Washington, D.C. 20460 (202/755-4851).

SUPPLEMENTARY INFORMATION On August 20, 1976, the Environmental Protective Agency (EPA) announced (41 FR 40100) that Monsanto Agricultural Products Co., 800 N. Lindbergh Blvd., St. Louis, Mo. 63116, had filed a food additive petition (FAP 6H5143). This petition proposed that 21 CFR 561 be amended by establishing a food additive regulation permitting the use of the herbicide butachlor (*N*-(butoxymethyl)-2-chloro-2',6'diethylacetanilide) in a proposed experimental program involving application of the herbicide to growing rice with tolerance limitations of 1 ppm for residues of the herbicide in rice hulls and 0.5 ppm in rice bran in accordance with an experimental use permit that is being issued concurrently under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended (86 Stat. 973; 89 Stat. 751; 7 U.S.C. 136(a) et seq.). Butachlor is not currently regulated under 21 CFR 561. No comments were received by the Agency in response to this notice of filing.

The scientific data reported and other relevant material have been evaluated, and it has been determined that the pesticide may be safely used in accordance with the provisions of the experimental use permit issued under FIFRA.

The scientific data considered in establishing this regulation consisted of four mutagenicity tests (host-mediated assay, reverse mutation, recombination assay, and dominant lethal), an acute rat toxicity test, and a subacute rabbit toxicity test. An adequate analytical method (gas-liquid chromatography) is available for enforcement purposes, and there is no reasonable expectation of residues in eggs, meat, milk, or poultry from the proposed use as delineated in 40 CFR 180.6(a)(3). A possible daily acceptable intake of 0.03 mg/day has been established for the proposed use; the no-effect level based on a 90-day rat study is 20 ppm or 1 mg/kg/day.

Questions that remain to be resolved are on the three-generation reproduction study, 18-month carcinogenic study, two-year chronic feeding study in dogs and rats as well as other general toxicity questions, all of which will be answered when the petitioner applies for permanent tolerances. At that time, an improved analytical method with lower controls and better recoveries, additional residue data, and more data on the propensity of butachlor to transfer to eggs, meat, milk, and poultry will be required. For the purposes of this experimental use, however, the present information is considered adequate. It has further been determined that since residues of the pesticide may result in rice hulls and rice bran from the agricultural use provided for in the experimental use permit, the feed additive regulation should be established and should include tolerance limitations.

Accordingly, a feed additive regulation is established as set forth below. (A notice also appears in today's FEDERAL REGISTER announcing the establishment of temporary tolerances of the pesticide on the raw agricultural commodities rice and rice straw.)

Any person adversely affected by this regulation may, on or before May 9, 1977, file written objections with the Hearing Clerk, EPA, Rm. 1019, East Tower, 401 M St. SW., Washington, D.C. 20460. Such objections should be submitted in quintuplicate and specify the provisions of the regulation deemed to be objectionable and the grounds for the objections. If a hearing is requested, the objections must state the issues for the hearing. A hearing will be granted if the objections are supported by the grounds legally sufficient to justify the relief sought.

Effective on April 8, 1977, 21 CFR 561 is amended as set forth below.

Dated: April 1, 1977.

EDWIN L. JOHNSON,
Deputy Assistant Administrator for Pesticide Programs.

(Sec. 408(c)(1) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 348(c)(1)).)

21 CFR 561 is amended by adding § 561.55 as follows:

* * * * *

§ 561.55 Butachlor.

Residues of the herbicide butachlor (*N*-(butoxymethyl)-2-chloro-2',6'-diethylacetanilide) may be present in the following feed only as a result of application of the herbicide to the growing agricultural commodity in an experimental use program which expires April 1, 1978. Residues not in excess of these tolerances remaining after expiration of this experimental use program will not be considered actionable if the herbicide has been legally applied during the term of and in accordance with the provisions of the experimental use permit and feed additive tolerances.

	Parts per million
Rice, bran	0.5
Rice, hulls	1.0

[7 CFR Part 918]

[Docket No. AO-162-A5]

FRESH PEACHES GROWN IN GEORGIA

Recommended Decision and Opportunity To File Written Exceptions to Proposed Further Amendment of Marketing Agreement and Order

Correction

In FR Doc.77-7214, appearing at page 13557 of the issue for Friday, March 11, 1977:

1. In the third line of the second full paragraph, third column, page 13558, "nicurred?" should read "incurred".

2. In the ninth line of the paragraph numbered (3), middle column, page 13559, "upon hearings" should read "upon which hearings".

3. In § 918.10(a), third column, page 13559, in the second line, "Quitman Coffee" should read "Quitman, Coffee"; and in the thirteenth line, "Camden Lowndes" should read "Camden, Lowndes".

SECURITIES AND EXCHANGE COMMISSION

[17 CFR Part 240]

[Release No. 34-13420; File No. S7-613]

RECORDS WITH RESPECT TO BENEFICIAL OWNERSHIP OF ACCOUNTS CARRIED BY BROKERS AND DEALERS

AGENCY: Securities and Exchange Commission.

ACTION: Extension of Time for Comment.

SUMMARY: The time for comment on a proposed amendment to Securities Exchange Act Rule 17a-3(a)(9) is being extended. The comment period expires on April 1, 1977.

DATES: Comments must be received on or before May 2, 1977.

ADDRESSES: Interested persons should submit six copies of their written views and comments to George A. Fitzsimmons, Secretary, Securities and Exchange Commission, Washington, D.C. 20549 and should refer to File No. S7-613. All submissions will be made available for public inspection in the Commission's Public Reference Section, Room 6101, 1100 L Street NW., Washington, D.C.

FOR FURTHER INFORMATION CONTACT:

Charles M. Horn, Esq., Office of the Chief Counsel, Division of Market Regulation, Securities and Exchange Commission, Washington, D.C. 20549, 202/755-8747.

SUPPLEMENTARY INFORMATION: On January 27, 1976, the Commission published Securities Exchange Act Release No. 12055,[1] which, among other things, proposed for comment an amendment to Securities Exchange Act Rule 17a-3(a)(9), 17 CFR 240.17a-3(a)(9). Interested persons were invited to submit written views and comments on the proposed amendment not later than May 1, 1976.[2]

Subsequently, the Commission instituted a general inquiry into the rules of national securities exchanges relating to foreign access[3] and disapproved two rules of the New York Stock Exchange, Inc.[4] establishing certain restrictions on foreign access. In both instances consideration was given to the proposed amendment to Rule 17a-3(a)(9).

On January 10, 1977, the Commission republished for comment the proposed amendment to Rule 17a-3(a)(9)[5] to clarify, in some respects, the intended operation of the proposed amendment. Interested persons were again invited to submit comments with an initial deadline of March 4, 1977, that was subsequently extended to April 1, 1977.[6]

The Securities Industry Association has requested a further thirty-day extension, based on the "extremely serious implications of the Commisson's proposal."[7] While the comment period will be somewhat longer than customary,[8] the Commission recognizes that resolution of difficult policy issues may not always be possible on rigid time schedules and that, therefore, it should not in all cases attempt or be required to act on every rule proposal within a set period of time.[9] Accordingly, the Commission, in the interest of assuring that the comments of all interested persons will receive maximum consideration, hereby extends the comment period for the proposed amendment to Rule 17a-3(a)(9) until May 2, 1977.

By the Commission.

Dated: March 31, 1977.

GEORGE A. FITZSIMMONS,
Secretary.

DEPARTMENT OF THE TREASURY

Internal Revenue Service

[26 CFR Part 1]

DEFINITION OF THE TERM "CHURCH PLAN"

Proposed Rule Making

AGENCY: Internal Revenue Service, Treasury.

ACTION: Notice of proposed rulemaking.

SUMMARY: This document contains proposed regulations relating to the determination of whether a retirement plan is a church plan. Changes to the applicable tax law were made by the Employee Retirement Income Security Act of 1974. The regulations would provide persons responsible for the administration of retirement plans with the guidance needed to determine whether their plan is entitled to the benefits afforded church plans under that Act.

DATES: Written comments and requests for a public hearing must be delivered or mailed by May 23, 1977. The amend-

V42168 APR 8 77 UMI

ments are proposed to be effective on September 2, 1974.

ADDRESS: Send comments and requests for a public hearing to: Commissioner of Internal Revenue, Attention: CC:LR: T, Washington, D.C. 20224.

FOR FURTHER INFORMATION CONTACT:

David Jacobson of the Legislation and Regulations Division, Office of the Chief Counsel, Internal Revenue Service, 1111 Constitution Avenue NW., Washington, D.C. 20224 (Attention: CC:LR:T) (202-566-3923).

BACKGROUND

SUPPLEMENTARY INFORMATION:

This document contains proposed amendments to the Income Tax Regulations (26 CFR Part 1) under section 414(e) of the Internal Revenue Code of 1954. These amendments are proposed to conform the regulations to section 1015 of the Employee Retirement Income Security Act of 1974 (88 Stat. 925) and are to be issued under the authority contained in section 7805 of the Internal Revenue Code of 1954 (68A Stat. 917; 26 U.S.C. 7805).

EXPLANATION OF PROPOSED REGULATIONS

Section 414(e) provides the requirements for what constitutes a church plan. Essentially a church plan is a plan established and maintained by a church for its employees. However, a plan maintained primarily for employees employed in connection with an unrelated trade or business is not a church plan. The regulations provide rules for determining when a person is considered primarily employed in connection with an unrelated trade or business. In addition, this document includes rules for determining whether an organization is an agency of a church for purposes of the special transition rule of section 414(e)(3).

COMMENTS AND REQUESTS FOR A PUBLIC HEARING

Before adopting these proposed regulations, consideration will be given to any written comments that are submitted (preferably six copies) to the Commissioner of Internal Revenue. All comments will be available for public inspection and copying. A public hearing will be held upon written request to the Commissioner by any person who has submitted written comments. If a public hearing is held, notice of the time and place will be published in the FEDERAL REGISTER.

DRAFTING INFORMATION

The principal author of these proposed regulations was David Jacobson of the Legislation and Regulations Division of Revenue Service. However, personnel from other offices of the Internal Revenue Service and Treasury Department participated in developing the regulation, both on matters of substance and style.

PROPOSED AMENDMENTS TO THE REGULATIONS

The proposed amendments to 26 CFR Part 1 are as follows:

The following sections are inserted in the appropriate place:

§ 1.414(c) Statutory provisions; definitions and special rules.

Sec. 414. *Definitions and special rules.*

* * *

(e) *Church plan*—(1) *In General.* For purposes of this part the term "church plan" means—

(A) A plan established and maintained for its employees by a church or by a convention or association of churches which is exempt from tax under section 501, or

(B) A plan described in paragraph (3).

(2) *Certain unrelated business or multiemployer plans.* The term "church plan" does not include a plan—

(A) Which is established and maintained primarily for the benefit of employees (or their beneficiaries) of such church or convention or association of churches who are employed in connection with one or more unrelated trades or businesses (within the meaning of section 513), or

(B) Which is a plan maintained by more than one employer, if one or more of the employers in the plan is not a church (or a convention or association of churches) which is exempt from tax under section 501.

(3) *Special temporary rule for certain church agencies under church plan.*

(A) Notwithstanding the provisions of paragraph (2) (B), a plan in existence on January 1, 1974, shall be treated as a church plan if it is established and maintained by a church or convention or association of churches and one or more agencies of such church (or convention or association) for the employees of such church (or convention or association) and the employees of one or more agencies of such church (or convention or association), and if such church (or convention or association) and each such agency is exempt from tax under section 501.

(B) Subparagraph (A) shall not apply to any plan maintained for employees of an agency with respect to which the plan was not maintained on January 1, 1974.

(C) Subparagraph (A) shall not apply with respect to any plan for any plan year beginning after December 31, 1982.

(Sec. 414(e) as added by sec. 1015, Employee Retirement Income Security Act of 1974 (88 Stat. 925).)

§ 1.414(e)-1 Definition of church plan.

(a) *General rule.* For the purposes of part I of subchapter D of chapter 1 of the Code and the regulations thereunder, the term "church plan" means a plan established and at all times maintained for its employees by a church or by a convention or association of churches (hereinafter included within the term "church") which is exempt from tax under section 501(a), provided that such plan meets the requirements of paragraphs (b) and (if applicable) (c) of this section. If at any time during its existence a plan is not a church plan because of a failure to meet the requirements set forth in this section, it cannot thereafter become a church plan.

(b) *Unrelated businesses*—(1) *In general.* A plan is not a church plan unless it is established and maintained primarily for the benefit of employees (or their beneficiaries) who are not employed in connection with one or more unrelated trades or businesses (within the meaning of section 513).

(2) *Establishment or maintenance of a plan primarily for persons not employed in connection with one or more unrelated trades or businesses.* (i) (A) A plan, other than a plan in existence on September 2, 1974, is established primarily for the benefit of employees (or their beneficiaries) who are not employed in connection with one or more unrelated trades or businesses if on the date the plan is established the number of employees employed in connection with the unrelated trades or businesses eligible to participate in the plan is less than 50 percent of the total number of employees of the church eligible to participate in the plan.

(B) A plan in existence on September 2, 1974, is to be considered established as a plan primarily for the benefit of employees (or their beneficiaries) who are not employed in connection with one or more unrelated trades or businesses if it meets the requirements of both paragraphs (b) (2) (ii) (A) and (B) (if applicable) in either of its first 2 plan years ending after September 2, 1974.

(ii) For plan years ending after September 2, 1974, a plan will be considered maintained primarily for the benefit of employees of a church who are not employed in connection with one or more unrelated trades or businesses if in 4 out of 5 of its most recently completed plan years—

(A) Less than 50 percent of the persons participating in the plan (at any time during the plan year) consist of, and in the same year

(B) Less than 50 percent of the total compensation paid by the employer during the plan year (if benefits or contributions are a function of compensation) to employees participating in the plan is paid to,

employees employed in connection with an unrelated trade or business. The determination that the plan is not a church plan will apply to the second year (within a 5 year period) for which the plan fails to meet paragraph (b) (2) (ii) (A) or (B) (if applicable) and to all plan years thereafter unless, taking into consideration all of the facts and circumstances as described in paragraph (b) (2) (iii) of this section, the plan is still considered to be a church plan. A plan that has not completed 5 plan years ending after September 2, 1974, shall be considered maintained primarily for the benefit of employees not employed in connection with an unrelated trade or business unless it fails to meet paragraphs (b) (2) (ii) (A) and (B) in at least 2 such plan years.

(iii) Even though a plan does not meet the provisions of paragraph (b) (2) (ii) of this section, it nonetheless will be considered maintained primarily for the benefit of employees who are not employed in connection with one or more unrelated trades or businesses if the church maintaining the plan can demonstrate that based on all of the facts and circumstances such is the case. Among the facts and circumstances to be considered in evaluating each case are:

(A) The margin by which the plan fails to meet the provisions of paragraph (b) (2) (ii) of this section, and

(B) Whether the failure to meet such provisions was due to a reasonable mistake as to what constituted an unrelated trade or business or whether a particular person or group of persons were employed in connection with one or more unrelated trades or businesses.

(iv) For purposes of this section, an employee will be considered eligible to participate in a plan if such employee is a participant in the plan or could be a participant in the plan upon making mandatory employee contributions to the plan.

(3) *Employment in connection with one or more unrelated trades or businesses.* An employee is employed in connection with one or more unrelated trades or businesses of a church if a majority of such employee's duties and responsibilities in the employ of the church are directly or indirectly related to the carrying on of such trades or businesses. Although an employee's duties and responsibilities may be insignificant with respect to any one unrelated trade or business, such employee will nonetheless be considered as employed in connection with one or more unrelated trades or businesses if such employee's duties and responsibilities with respect to all of the unrelated trades or businesses of the church represent a majority of the total of such person's duties and responsibilities in the employ of the church.

(c) *Plans of two or more employers.* The term "church plan" does not include a plan which, during the plan year, is maintained by two or more employers unless—

(1) Each of the employers is a church, that is exempt from tax under section 501(a), and

(2) With respect to the employees of each employer, the plan meets the provisions of paragraph (b) (2) (ii) of this section or would be determined to be a church plan based on all the facts and circumstances described in paragraph (b) (2) (iii) of this section.

Thus, if with respect to a single employer the plan does not meet the provision of paragraph (c) (2) of this section the provisions of this paragraph are not met with respect to the entire plan.

(d) *Special rule.* (1) Notwithstanding paragraph (c) (1) of this section, a plan maintained by a church and one or more agencies of such church for the employees of such church and of such agency or agencies, that is in existence on January 1, 1974, shall be treated as a church plan for plan years ending after September 2, 1974, and beginning before January 1, 1983, provided that the plan is described in paragraph (c) of this section without regard to paragraph (c) (1) of this section, and the plan is not maintained by an agency which did not maintain the plan on January 1, 1974.

(2) For the purposes of section 414(e) and this section, an agency of a church means an organization which is exempt from tax under section 501 and which is either controlled by, or associated with, a church. For example, an organization, a majority of whose officers or directors are appointed by a church's governing board or by officials of a church, is controlled by a church within the meaning of this paragraph. An organization is associated with a church if it shares common religious bonds and convictions with that church.

(e) *Religious orders and religious organizations.* For the purpose of this section the term "church" includes a religious order or a religious organization if such order or organization (1) is an integral part of a church, and (2) is engaged in carrying out the functions of a church, whether as a civil law corporation or otherwise.

(f) *Cross reference.* (1) For rules relating to treatment of church plans, see section 410(d), 411(e), 412(h), 4975(g), and the regulations thereunder.

(2) For rules relating to church plan elections, see section 410(d) and the regulations thereunder.

WILLIAM E. WILLIAMS,
Acting Commissioner of Internal Revenue.

notices

This section of the FEDERAL REGISTER contains documents other than rules or proposed rules that are applicable to the public. Notices of hearings and investigations, committee meetings, agency decisions and rulings, delegations of authority, filing of petitions and applications and agency statements of organization and functions are examples of documents appearing in this section.

DEPARTMENT OF AGRICULTURE

Forest Service

FRANCIS MARION UNIT PLAN AND TIMBER MANAGEMENT PLAN

Availability of Draft Environmental Statement

Pursuant to Section 102(2)(C) of the National Environmental Policy Act of 1969, the Forest Service, Department of Agriculture, has prepared a draft environmental statement for the Francis Marion National Forest Unit Plan and Timber Management Plan, Francis Marion and Sumter National Forests, USDA–FS–R8–DES (ADM.) 77–10.

The proposed action is the implementation of a ten year management plan for the 249,412 acre Francis Marion National Forest. The Forest is located in Berkeley and Charleston Counties in South Carolina. The proposed action will provide a desirable balance of resource utilization and protection while responding to the desires of the general public and anticipated future needs.

This draft environmental statement was transmitted to CEQ April 1, 1977. Copies are available for inspection during regular working hours at the following locations:

USDA, Forest Service, Chief, P.O. Box 2417, Washington, D.C. 20013.
USDA, Forest Service, 1720 Peachtree Street NW., Rm. 804, Atlanta, Georgia 30309.
U.S. Forest Service, Francis Marion and Sumter National Forests, 1801 Assembly Street, Columbia, South Carolina 29201.

A limited number of single copies are available upon request to Forest Supervisor, Francis Marion and Sumter National Forests, 1801 Assembly Street, Columbia, South Carolina 29201.

Comments are invited from the public, and from State and Local agencies which are authorized to develop and enforce environmental standards, and from Federal agencies having jurisdiction by law or special expertise with respect to any environmental impact involved for which comments have not been requested specifically.

Comments concerning the proposed action and requests for additional information should be addressed to Forest Supervisor, Francis Marion and Sumter National Forests, 1801 Assembly Street, Columbia, South Carolina. Comments must be received by May 30, 1977 in order to be considered in the preparation of the final environmental statement.

Dated: April 1, 1977.

THOMAS W. SEARS,
Acting Regional, Environmental Coordinator.

[FR Doc.77-10430 Filed 4-7-77;8:45 am]

Rural Electrification Administration

MINNKOTA POWER COOPERATIVE

Draft Environmental Impact Statement

Notice is hereby given that the Rural Electrification Administration has prepared a Draft Environmental Impact Statement in accordance with Section 102(2)(C) of the National Environmental Policy Act of 1969, in connection with a request for a loan guarantee commitment from the Rural Electrification Administration for Minnkota Power Cooperative of Grand Forks, North Dakota. This loan guarantee commitment will assist in obtaining financing to purchase a 30 percent share in a new 440 MW generating plant to be constructed near Beulah, North Dakota, with associated transmission facilities.

Additional information may be secured on request, submitted to Mr. Richard F. Richter, Assistant Administrator—Electric, Rural Electrification Administration, U.S. Department of Agriculture, Washington, D.C. 20250. Comments are particularly invited from State and local agencies which are authorized to develop and enforce environmental standards, and from Federal agencies having jurisdiction by law or special expertise with respect to any environmental impact involved from which comments have not been requested specifically.

Copies of the REA Draft Environmental Impact Statement have been sent to various Federal, State and local agencies, as outlined in the Council on Environmental Quality Guidelines. The Draft Environmental Impact Statement may be examined during regular business hours at the offices of REA in the South Agriculture Building, 12th Street and Independence Avenue SW., Washington, D.C., Room 4310, or at the borrower address indicated above.

Comments concerning the environmental impact of the construction proposed should be addressed to Mr. Richter at the address given above. Comments must be received on or before June 7, 1977, to be considered in connection with the proposed action.

Final REA action with respect to this matter (including any release of funds) will be taken only after REA has reached satisfactory conclusions with respect to its environmental effects and after procedural requirements set forth in the National Environmental Policy Act of 1969 have been met.

Dated at Washington, D.C., this 31st day of March 1977.

DAVID A. HAMIL,
Administrator, Rural Electrification Administration.

Soil Conservation Service

AQUILLA-HACKBERRY CREEK WATERSHED PROJECT, TEXAS

Availability of Negative Declaration

Pursuant to Section 102(2)(C) of the National Environmental Policy Act of 1969; the Council on Environmental Quality Guidelines (40 CFR Part 1500); and the Soil Conservation Service Guidelines (7 CFR Part 650); the Soil Conservation Service, U.S. Department of Agriculture, gives notice that an environmental impact statement is not being prepared for the Aquilla-Hackberry Creek Watershed project, Hill and Johnson Counties, Texas.

The environmental assessment of this Federal action indicates that the project will not create significant adverse local, regional, or national impacts on the environment and that no significant controversy is associated with the project. As a result of these findings, Mr. George C. Marks, State Conservationist, Soil Conservation Service, has determined that the preparation and review of an environmental impact statement is not needed for this project.

The project concerns a plan for watershed protection and flood prevention. The remaining planned works of improvement as described in the negative declaration include the installation of floodwater retarding structures Nos. 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, and 13 and grade stabilization structure Nos. 11–2 and 11–3.

The environmental assessment file is available for inspection during regular working hours at the following location.

USDA, Soil Conservation Service, W. R. Poage Federal Building, 101 South Main Street, Temple, Texas 76501.

Requests for the negative declaration should be sent to:

P. O. Box 648, Temple, Texas 76501.

No administrative action on implementation of the proposal will be taken until April 25, 1977.

(Catalog of Federal Domestic Assistance Program No. 10.904, Watershed Protection and Flood Prevention Program—Public Law 83-566, 16 U.S.C. 1001-1008.)

Dated: March 31, 1977.

JOSEPH W. HAAS,
Assistant Administrator for Water Resources, Soil Conservation Service.

[FR Doc.77-10431 Filed 4-7-77;8:45 am]

SOUTH CLINTON LATERALS WATERSHED PROJECT, OKLAHOMA

Availability of Negative Declaration

Pursuant to section 102(2)(C) of the National Environmental Policy Act of 1969; the Council on Environmental Quality Guidelines (40 CFR Part 1500); and the Soil Conservation Service Guidelines (7 CFR Part 650); the Soil Conservation Service, U.S. Department of Agriculture, gives notice that an environmental impact statement is not being prepared for the remaining work in the South Clinton Laterals Watershed project, Custer and Washita Counties, Oklahoma.

The environmental assessment of this federal section indicates that the remaining work in the project will not create significant adverse local, regional, or national impacts on the environment and that no significant controversy is associated with the remaining work in the project. As a result of these findings, Mr. Roland R. Willis, State Conservationist, Soil Conservation Service, has determined that the preparation and review of an environmental impact statement is not needed for the remaining work in this project.

The project concerns a plan for watershed protection and flood prevention. The remaining planned works for improvement include conservation land treatment supplemented by five single-purpose floodwater retarding structures.

The negative declaration is being filed with the Council on Environmental Quality and copies are being sent to various Federal, State, and local agencies. The basic data developed during the environmental assessment is on file and may be reviewed by interested parties at the Soil Conservation Service, Farm Road and Brumley Street, Stillwater, Oklahoma, 74074. A limited number of copies of the negative declaration is available from the same address to fill single copy requests.

No administrative action on implementation of the proposal will be taken until April 25, 1977.

(Catalog of Federal Domestic Assistance Program No. 10.904, Flood Control Act—Public Law 78–534, 58 Stat. 905.)

Dated: March 31, 1977.

JOSEPH W. HAAS,
Assistant Administrator for Water Resources, Soil Conservation Service.

CIVIL AERONAUTICS BOARD

[Docket 27573, Agreement C.A.B. 26325, R–4, and R–5, Order 77–3–166]

INTERNATIONAL AIR TRANSPORT ASSOCIATION

Specific Commodity Rates

Issued under delegated authority March 30, 1977.

An agreement has been filed with the Board pursuant to section 412(a) of the Federal Aviation Act of 1958 (the Act) and Part 261 of the Board's Economic Regulations between various air carriers, foreign air carriers, and other carriers, embodied in the resolutions of the Traffic Conferences of the International Air Transport Association (IATA), and adopted pursuant to the provisions of Resolution 590 dealing with specific commodity rates.

As set forth in the attachment, the agreement adds several specific commodity rates under existing specific commodity descriptions all reflecting reductions from general cargo rates. The agreement was adopted pursuant to unprotested notices to the carriers and promulgated in an IATA letter dated December 23, 1976.

Pursuant to authority duly delegated by the Board in the Board's Regulations, 14 CFR 385.14, it is not found that the subject agreement is adverse to the public interest or in violation of the Act, provided that approval is subject to the conditions hereinafter ordered.

Accordingly, it is ordered, That: Agreement C.A.B. 26325, R–4 and R–5, is approved, provided that: (a) Approval shall not constitute approval of the specific commodity descriptions contained therein for purposes of tariff publications; (b) tariff filings shall be marked to become effective on not less than 30 days' notice from the date of filings; and (c) where a specific commodity rate is published for a specified minimum weight at a level lower than the general commodity rate applicable for such weight, and where a general commodity rate is published for a greater minimum weight at a level lower than such specific commodity rate, the specific commodity rate shall be extended to all such greater minimum weights at the applicable general commodity rate level.

Persons entitled to petition the Board for review of this order, pursuant to the Board's Regulations, 14 CFR 385.50, may file such petitions within ten days after the date of service of this order.

This order shall be effective and become the action of the Civil Aeronautics Board unless within such period a petition for review is filed or the Board gives notice that it will review this order on its own motion.

This order will be published in the FEDERAL REGISTER.

PHYLLIS T. KAYLOR,
Secretary.

Agreement C.A.B.	Specific commodity item No.	Description and rate [1]
26325 R–4	2502	Babywear, handkerchiefs, ladies gloves, womens undergarments, blouses, handbags, embroideries made in the Philippines and covered by a Philippine export license. 147 c/kg, minimum weight 2,000 kg from Manila to Los Angeles. 184 c/kg, minimum weight 2,000 kg from Manila to New York.
	4204	Parts of agricultural machines and railway cars, parts of automobiles, motorscooters, motorcycles, bicycles, motor sleighs, lampshields, horns, sirens, visors, spotlamps, flashing lights, wheelcaps, mirrors, ashtrays, floor mats, steering wheel covers, instrument sets and panels, keyless ignition switches and safety locks, jacks, windshield washers, air conditioners, seat belts, seat covers, tire chains and studs, petrol caps, bumper guards, luggage and ski racks, back rests, baby seats, head cushions, automobile lighters, wind deflectors, for use in conjunction with automobiles, motorscooters, motorcycles, bicycles. 234 c/kg, minimum weight 200 kg from Manila to Los Angeles. 270 c/kg, minimum weight 200 kg from Manila to New York.
	7110	Newspaper, magazines and periodicals. 204c/kg, minimum weight 100 kg from Manila to Los Angeles. 244c/kg, minimum weight 100 kg from Manila to New York.
	9202	Toys, games, athletic and sporting goods. 260c/kg, minimum weight 100 kg from Manila to Los Angeles. 297c/kg, minimum weight 100 kg from Manila to New York.
R–5	0326	Fish. 75c/kg,[2] minimum weight 1,000 kgs from Papeete to Honolulu. 83c/kg,[2] minimum weight 1,000 kgs from Papeete to Los Angeles.

[1] Subject to applicable currency conversion factors as shown in tariffs.
[2] Expires Dec. 31, 1977.

[FR Doc.77-10341 Filed 4-7-77;8:45 am]

[Docket 19923, et al; Order 77–4–15]

LIABILITY AND CLAIMS RULES AND PRACTICES INVESTIGATION

Order

Adopted by the Civil Aeronautics Board at its office in Washington, D.C. on the 4th day of April, 1977.

By Order 77–3–61, March 10, 1977, its supplemental opinion and order on reconsideration in Docket 19923, the Board ordered the air carrier parties, within 120 days of the date of service of that order, to cancel all tariffs and terminate all practices inconsistent with the Board's opinions.[1] It also ordered the air carrier parties, within 120 days of the order's service, to file, post and publish tariffs conforming to the Board's opinions. It has, however, come to the Board's attention that the language of paragraph 2 may be ambiguous and subject to interpretation with respect to the required effective date of revised tariffs.[2]

[1] Numbered paragraph 1,, p. 39 reads, "That the air carrier parties to this investigation shall, within 120 days of the date of service of this order, cancel all traiffs and terminate all practices which are inconsistent with the opinions herein;".

[2] Numbered paragraph 2, p. 39 reads, "That the air carrier parties to this investigation shall, within 120 days of the date of service of this order, file, post and publish tariffs conforming to the opinions herein and effective on not less than 60 days' notice;".

It is suggested that although paragraph 1 orders cancellation within 120 days of service of Order 77–3–61, the phrase "and effective on 60 days notice" at the end of paragraph 2 would permit air carriers to file revised tariffs effective 180 days after the date of service.

V 4 2 6 8 APR 8 7 7 UMI

It was the intention of the Board that the new tariffs become effective simultaneously with the cancellation of tariffs and termination of practices inconsistent with the Board's opinions. Cancellation and termination are to take place, and new tariffs are to become effective, within 120 days of March 14, 1977, the service date of Order 77–3–61. To remove any ambiguity and to clarify the Board's intention, we are by this order amending paragraph 2 of Order 77–3–61.

Accordingly, *It is ordered:*

1. That numbered paragraph 2 appearing on page 39 of the Board Order 77–3–61, March 10, 1977, be and hereby is amended to read as follows:

2. That the air carrier parties to this investigation shall, on not less than 60 days' notice, file, post and publish tariffs conforming to the opinions herein and effective within 120 days of the date of service of this order.

2. Copies of this order shall be served upon all parties.

This order will be published in the FEDERAL REGISTER.

By the Civil Aeronautics Board.

PHYLLIS T. KAYLOR,
Secretary.

[FR Doc.77–10440 Filed 4–7–77;8:45 am]

CIVIL RIGHTS COMMISSION

COLORADO ADVISORY COMMITTEE

Agenda and Notice of Open Meeting

Notice is hereby given, pursuant to the provisions of the Rules and Regulations of the U.S. Commission on Civil Rights, that a plannnig meeting of the Colorado Advisory Committee (SAC) of the Commission will convene at 9 a.m. and will end at 12 noon on April 23, 1977, Room 1700, Executive Tower, 1405 Curtis Street, Denver, Colorado 80202.

Persons wishing to attend this open meeting should contact the Committee Chairperson, or the Rocky Mountain Regional Office of the Commission, Executive Tower Inn, Suite 1700, 1405 Curtis Street, Denver, Colorado 80202.

The purpose of this meeting is to review and approve recommendations for the Committee's report on domestic violence.

This meeting will be conducted pursuant to the provisions of the Rules and Regulations of the Commission.

Dated at Washington, D.C., April 5, 1977.

JOHN I. BINKLEY,
Advisory Committee Management Officer.

NEVADA ADVISORY COMMITTEE

Agenda and Notice of Open Meeting

Notice is hereby given, pursuant to the provisions of the Rules and Regulations of the U.S. Commission on Civil Rights, that a planning meeting of the Nevada Advisory Committee (SAC) of the Commission will convene at 9 a.m. and will end at 12 noon on April 30, 1977, at the Holiday Inn, Center Strip, 3475 Las Vegas Boulevard, South, Las Vegas, Nevada.

Persons wishing to attend this open meeting should contact the Committee Chairperson, or the Western Regional Office of the Commission, 312 North Spring Street, Room 1015, Los Angeles, California 90012.

The purpose of this meeting is to discuss program planning of future State Advisory Committee activities.

This meeting will be conducted pursuant to the provisions of the Rules and Regulations of the Commission.

Dated at Washington, D.C., April 5, 1977.

JOHN I. BINKLEY,
Advisory Committee Management Officer.

Solicitation of Comments

Correction

In FR Doc. 77–9343 appearing at page 16644 in the issue of Tuesday, March 29, 1977, in the fourth line, second paragraph, first column, page 16645, "facilities that do meet your present definitions" should read "facilities that do not meet your present definitions".

DEPARTMENT OF COMMERCE

Bureau of the Census

CENSUS ADVISORY COMMITTEE OF THE AMERICAN ECONOMIC ASSOCIATION

Public Meeting

Pursuant to Section 10(a)(2) of the Federal Advisory Committee Act (5 U.S.C., Appendix I (1974)), notice is hereby given that the Census Advisory Committee of the American Economic Association will convene on April 29, 1977, at 9:15 a.m. in Room 2424, Federal Building 3 at the Bureau of the Census in Suitland, Maryland.

The Census Advisory Committee of the American Economic Association advises the Director, Bureau of the Census, on technical matters, accuracy levels, and conceptual problems concerning the economic censuses; reviews major aspects of the Bureau's programs, and advises on the role of analysis within the Bureau and the need for providing data in more detail.

The Committee is composed of 15 members of the American Economic Association.

The agenda for the meeting is: (1) Topics of current interest including staff changes and Census Bureau organization, budget program developments, status of the response burden reduction program, outside funding, and status of legislation; (2) income data from Survey of Income and Education vs. Current Population Survey; (3) developing a price index for apartment buildings; (4) revised monthly business surveys—publication of revised historical data; (5) discussion on modifications to the Census Bureau's economic survey and publication programs to better meet the current needs of the economic analyst and deal with the expected problems of the next decade; (6) current status of 1980 census planning; and (7) Committee recommendations.

The meeting will be open to the public, and a brief period will be set aside for public comment and questions. Extensive questions or statements must be submitted in writing to the Committee Control Officer at least 3 days prior to the meeting.

Persons planning to attend and wishing additional information concerning this meeting or who wish to submit written statements may contact the Committee Control Officer, Mr. Elmer Biles, Special Assistant to the Associate Director for Economic Fields, Bureau of the Census, Room 3061, Federal Building 3, Suitland, Maryland. (Mail address: Washington, D.C. 20233). Telephone (301) 763–7184.

Dated: April 5, 1977.

ROBERT L. HAGAN,
Acting Director, Bureau of the Census.

Domestic and International Business Administration

CALIFORNIA DEPARTMENT OF FOOD AND AGRICULTURE

Decision on Application for Duty-Free Entry of Scientific Article

The following is a decision on an application for duty-free entry of a scientific article pursuant to Section 6(c) of the Educational, Scientific, and Cultural Materials Importation Act of 1966 (Pub. L. 89–651, 80 Stat. 897) and the regulations issued thereunder as amended (15 CFR 301).

A copy of the record pertaining of this decision is available for public review during ordinary business hours of the Department of Commerce, at the Office of Import Programs, Department of Commerce, Washington, D.C. 20230.

Docket Number: 77–00031. Applicant: California Department of Food and Agriculture, Laboratory Services, Division of Plant Industry, 1200 N Street, Sacramento, CA 95814. Article: Electron Microscope, Model EM 9S–2 and Accessories. Manufacturer: Carl Zeiss, West Germany. Intended use of article: The article is intended to be used for studies of plant virus, including purified preparation and infected tissue; mycroplasma infected tissue; phytopathogenic bacteria; and a variety of other plant pathogens and pests including fungi, nematodes, and insects. In addition, tissue from plants treated with a variety of pesticides, or grown under adverse cultural conditions will be studied. The objective of the research to be conducted is the rapid and accurate diagnosis of plant diseases to help protect agriculture in the State of California.

Comments: No comments have been received with respect to this application.

Decision: Application approved. No instrument or apparatus of equivalent scientific value to the foreign article, for such purposes as this article is intended to be used, was being manufactured in the United States at the time the foreign article was ordered (October 20, 1976).

Reasons: The foreign article is a relatively simple, easy to operate, medium resolution electron microscope designed for confident use by beginning students with a minimum of detailed programming. The article provides 7 Angstroms point to point resolution, an accelerating voltage of 60 kilovolts (KV), and low distortion magnifications from 140–60,000X (Magnifications of 140 to 1000X are within the normal, light microscopic range). Thus the article covers the range of light and electron microscopy. The Department of Health, Education, and Welfare (HEW) advises in its memorandum dated February 25, 1977 that the low distortion, low magnification capabilities available specifically in the optical range at 140X is pertinent to the purposes for which the foreign article is intended to be used. HEW also advises that it knows of no domestic instrument or apparatus which provided the pertinent features of the article at the time the foreign article was ordered.

The Department of Commerce knows of no other instrument or apparatus of equivalent scientific value to the foreign article, for such purposes as this article is intended to be used, which was being manufactured in the United States at the time the foreign article was ordered.

(Catalog of Federal Domestic Assistance Program No. 11.105, Importation of Duty-Free Educational and Scientific Materials.)

RICHARD M. SEPPA,
Director, Special Import Programs Division.

NASA—HOUSTON

Decision on Application for Duty-Free Entry of Scientific Article

The following is a decision on an application for duty-free entry of a scientific article pursuant to Section 6(c) of the Educational, Scientific, and Cultural Materials Importation Act of 1966 (Public Law 89–651, 80 Stat. 897) and the regulations issued thereunder as amended (15 CFR 301).

A copy of the record pertaining to this decision is available for public review during ordinary business hours of the Department of Commerce, at the Office of Import Programs, Department of Commerce, Washington, D.C. 20230.

Docket Number: 77–00014. Applicant: National Aeronautics and Space Administration, Lyndon B. Johnson Space Center, Houston, TX 77058. Article: Electron Microscope, Model JEM–100C and accessories. Manufacturer: JEOL, Japan. Intended use of article: The article is intended to be used for studies of lunar samples, i.e. meteorites; and volcanic hypervelocity impact and nuclear-chemical explosion produced glassy droplets. Experiments to be conducted will include scanning electron microscope studies of particles for morphology and surface chemistry, scanning transmission electron miscroscope studies of surfaces of petrographic thin sections that have been ion etched to determine size, shape and composition of breccia fragments, and transmission electron microscope studies of the <20 μm fraction of lunar regolith samples.

Comments: No comments have been received with respect to this application.

Decision: Application approved. No instrument or apparatus of equivalent scientific value to the foreign article is available for duty-free entry of a scientific article pursuant to Section 6(c) of the Educational, Scientific, and Cultural Materials Importation Act of 1966 (Public Law 89–651, 80 Stat. 897) and the regulations issued thereunder as amended (15 CFR 301).

A copy of the record pertaining to this decision is available for public review during ordinary business hours of the Department of Commerce, at the Office of Import Programs, Department of Commerce, Washington, D.C. 20230.

Docket Number: 77–00004. Applicant: Sandia Laboratories, Kirtland AFB, East Albuquerque, New Mexico 87115. Article: Electron Microscope, Model JEM–100C/SEG and Accessories. Manufacturer: JEOL, Japan. Intended use of article: The article is intended to be used to perform high resolution, electron microscopic analyses on a variety of new materials under investigation and development. Examples of these materials are high strength titanium, aluminum, and steel alloys, superalloys, glass-ceramics, simulated radioactive ceramic oxide wastes, and unknown contaminants on

Comments: No comments have been received with respect to this application.

Decision: Application approved. No instrument or apparatus of equivalent scientific value to the foreign article, for such purposes as this article is intended to be used was being manufactured in the United States at the time the article was ordered (September 21, 1976).

Reasons: The description of the applicant's research and/or educational purposes establishes the fact that a conventional transmission electron microscope comparable to the foreign article is pertinent to the purposes for which the article is intended to be used. We know of no conventional transmission electron microscope which was being manufactured in the United States at the time the foreign article was ordered. ("Conventional transmission electron microscopes" are not to be confused with "scanning electron microscopes" which were manufactured domestically at the time the article was ordered and are still being manufactured in the United States.)

The Department of Commerce knows of no better instrument or apparatus of equivalent scientific value to the foreign article, for such purposes as this article is intended to be used, which was being manufactured in the United States at the time the article was ordered.

(Catalog of Federal Domestic Assistance Program No. 11.105, Importation of Duty-Free Educational and Scientific Materials.)

SANDIA LABORATORIES

Decision on Application for Duty-Free Entry of Scientific Article

The following is a decision on an application for duty-free entry of a scientific article pursuant to Section 6(c) of the Educational, Scientific, and Cultural Materials Importation Act of 1966 (Public Law 89–651, 80 Stat. 897) and the regulations issued thereunder as amended (15 CFR 301).

A copy of the record pertaining to this decision is available for public review during ordinary business hours of the Department of Commerce, at the Office of Import Programs, Department of Commerce, Washington, D.C. 20230.

Docket Number: 77–00004. Applicant: Sandia Laboratories, Kirtland AFB, East Albuquerque, New Mexico 87115. Article: Electron Microscope, Model JEM–100C/SEG and Accessories. Manufacturer: JEOL, Japan. Intended use of article: The article is intended to be used to perform high resolution, electron microscopic analyses on a variety of new materials under investigation and development. Examples of these materials are high strength titanium, aluminum, and steel alloys, superalloys, glass-ceramics, simulated radioactive ceramic oxide wastes, and unknown contaminants on

V 4268 APR 8 77 UMI

weapon components. Specifically, the high strength alloys and superalloys will be analyzed to ascertain their crystalline defect structures and the identity of second phases precipitated during heat treatment in order to establish the relationships between their microstructures and their mechanical properties. The glass-ceramics and simulated ceramic wastes will be investigated to determine the chemistry, lattice structure, and distribution of the various phases in their complex microstructures in order to establish the distribution of their chemical components. The unknown contaminants will be analyzed both chemically and structurally to ascertain and correct the sources of component contamination.

Comments: No comments have been received with respect to this application.

Decision: Application approved. No instrument or apparatus of equivalent scientific value to the foreign article, for such purposes as this article is intended to be used, was being manufactured in the United States at the time the foreign article was ordered (July 7, 1976).

Reasons: The foreign article is equipped with a eucentric side entry goniometer stage with ±60 degree tilt and a guaranteed resolution of 7 Angstroms point to point. The National Bureau of Standards advises in its memorandum dated March 1, 1977 that (1) the capabilities of the article described above are pertinent to the applicant's intended purposes and (2) it knows of no domestic instrument or apparatus of equivalent scientific value to the foreign article for the applicant's intended purposes which was available at the time the foreign article was ordered.

(Catalog of Federal Domestic Assistance Program No. 11.105, Importation of Duty-Free Educational and Scientific Materials.)

UNIVERSITY OF WISCONSIN-MADISON

Decision on Application for Duty-Free Entry of Scientific Article

The following is a decision on an application for duty-free entry of a scientific article pursuant to section 6(c) of the Educational, Scientific, and Cultural Materials Importation Act of 1966 (Public Law 89-651, 80 Stat. 897) and the regulations issued thereunder as amended (15 CFR 301).

A copy of the record pertaining to this decision is available for public review during ordinary business hours of the Department of Commerce, at the Office of Import Programs, Department of Commerce, Washington, D.C. 20230.

Docket Number: 76-00424. Applicant: University of Wisconsin-Madison, Purchasing Department, 750 University Avenue, Madison, WI 53706. Article: 3-Component Flux-gate magetometer, Model FM 100B. Manufacturer: EDA Electronics Ltd., Canada. Intended use of article: The article is intended to be used for studies of fluctuations in the Earth's magnetic field in the frequency range of 0-1 Hz to determine the geological structure of the Earth to a depth of about 100 km.

Comments: No comments have been received with respect to this application.

Decision: Applicantion approved. No instrument or apparatus of equivalent scientific value to the foreign article, for such purposes as this article is intended to be used, is being manufactured in the United States.

Reasons: The foreign article provides a sensitivty of one gamma or better, portability and battery power operation. The National Bureau of Standards advises in its memorandum dated March 10, 1977 that (1) the features of the article described above are pertinent to the applicant's intended purposes and (2) it knows of no domestic instrument or apparatus of equivalent scientific value to the foreign article for the applicant's intended use.

UNIVERSITY OF MINNESOTA, ET AL.

Applications for Duty-Free Entry of Scientific Articles

The following are notices of the receipt of applications for duty-free entry of scientific articles pursuant to Section 6(c) of the Educational, Scientific, and Cultural Materials Importation Act of 1966 (Public Law 89-651); 80 Stat. 897. Interested persons may present their views with respect to the question of whether an instrument or apparatus of equivalent scientific value for the purposes for which the article is intended to be used is being manufactured in the United States. Such comments must be filed in triplicate with the Director, Special Import Programs Division, Office of Import Programs, Washington, D.C. 20230, on or before April 28, 1977.

Amended regulations issued under cited Act, (15 CFR 301) prescribe the requirements applicable to comments.

A copy of each application is on file, and may be examined during ordinary Commerce Department business hours at the Special Import Programs Division, Department of Commerce, Washington, D.C. 20230.

Docket Number: 77-00158. Applicant: University of Minnesota, Minneapolis, Minnesota 55455. Article: Electron Microscope, Model JEM-100C/SEG, Haskris Water Recirculator and accessories. Manufacturer: JEOL Ltd., Japan. Intended use of article: The article will be used for the following research purposes: BF-DF studies of phase distribution in metal alloys; lattice imaging high resolution defect studies of metal alloys; X-ray microanalysis of phases in minerals, metals, frozen microemulsion, frozen biological tissues for spatial distribution maps of elements (Z>11); crystal structure determination of fine second phases using micro diffraction; secondary electron imaging of fracture surfaces and catalytically poisoned surfaces; low dose STEM imaging of radiation sensitive polymer crystal and spherulites. The article will also be used in the courses Mat Sci 8520 Electron Microscopy and Diffraction and Mat Sci 8521 Electron Microscopy Laboratory in which students will be familiarized with techniques of use and interpretation in electron microscopy and the range of applications for transmission, scanning and scanning transmission electron microscopy and electron diffraction. Application received by Commissioner of Customs: March 17, 1977.

Docket Number: 77-00159. Applicant: Northeastern University, Department of Chemistry, 360 Huntington Avenue, Boston, Massachusetts 02115. Article: High Resolution Fourier Transformation Multi-Nuclear Magnetic Resonance Spectrometer, Model JNM/FX60Q and Accessories. Manufacturer: JEOL Ltd., Japan. Intended use of article: The article will be used in the following research projects which involve the determination of nmr spectra of hydrogen, carbon-13, and fluorine nuclei:

a. Inorganic and Bioinorganic Reaction Mechanisms—Solution Kinetics.

b. Separation Methods, Application of NMR to Forensic Chemistry and Drug Analysis.

c. Structure of Natural Products derived from plants.

d. NMR in Analysis of Drugs of Abuse.

e. Synthesis of Natural Products.

f. Structural and Synthetic Medicinal Chemistry of Aporphines.

g. Structure and Chemistry of Natural Anti-tumor Agents.

h. Study of Electronic Structure of Transition Metal Systems. Measurements of Magnetic Exchange Using Knight Shifts. Magnetic and Structural Properties of Transition Metal Complexes Containing fluorine.

i. Thermal Rearrangements of Organic Molecules.

j. NMR Applied to the study of Pharmaceuticals.

k. Chemistry of Anti-Plague Agents.

l. Mechanism of Reductive Ring-Enlargement from Cyclopropenes to Cyclobutenes.

m. Paterno-Buchi Photovalence Isomerization as a Means for Storing Solar Energy.

n. Binuclear Bridging C_4H_4 Complexes.

o. ^{13}C Labelling Studies in the Investigation of Hydrocarbon Pyrolysis Mechanisms.

p. Intermolecular Interactions in Clathrate Complexes.

q. Biochemical Structure Investigations:

r. Structural Determination of Organic Radiation-Chemical Products.

s. Solution Magnetic Susceptibility Studies using the Evans NMR Method.

t. Fluxionality - Stereochemical nonrigidity as a function of temperature.

The article will also be used in the course "Identification of Organic Compounds" (Chem. 12.253) to teach the application of various analytical techniques in determination of molecular structure and identification of unknown organic compounds. Application received by Commissioner of Customs: March 17, 1977.

Docket Number: 77-00160. Applicant: Langston University, P.O. Box 967, Langston, Oklahoma 73050. Article: Ultramicrotome, Model LKB 8800A and accessories. Manufacturer: LKB Produkter AB, Sweden. Intended use of article: The article is intended to be used for sectioning plant, animal, and fungal tissues which have been embedded in hardened epoxy resins. Investigations will include ultrastructural studies on normal and pathologic plant and animal tissues, developmental studies on fugal systems, cyto and histochemical studies on enzyme and subcellular organelle localization in cells and tissues, membrane interactions at host-parasite interfaces, and subcellular changes in cells induced by changes in their biochemical and physical environments.

COMMITTEE FOR THE PURCHASE FROM THE BLIND AND OTHER SEVERELY HANDICAPPED

PROCUREMENT LIST 1977

Additions

AGENCY: Committee for Purchase from the Blind and Other Severely Handicapped.

ACTION: Addition to Procurement List.

SUMMARY: This action adds to Procurement List 1977 a commodity to be produced by workshops for the blind or other severely handicapped.

EFFECTIVE DATE: April 8, 1977

ADDRESS: Committee for Purchase from the Blind and Other Severely Handicapped, 2009 Fourteenth Street North, Suite 610, Arlington, Virginia 22201.

FOR FURTHER INFORMATION CONTACT:

C. W. Fletcher, (703) 557-1145.

SUPPLEMENTARY INFORMATION: On October 22, 1976 the Committee for Purchase from the Blind and Other Severely Handicapped published a notice (41 FR 46641) of proposed additions to Procurement List 1977, November 18, 1976 (41 FR 50975).

After consideration of all the relevant data presented, the Committee has determined that the commodity listed below is suitable for procurement by the Government under 41 U.S.C. 46-48(c) 85 Stat. 77.

Accordingly, the following commodity is hereby added to Procurement List 1977:

Class 8460

Suitcase, Coated Cloth, Nylon, 8460-01-014-1972.

C. W. FLETCHER,
Executive Director.

COUNCIL ON ENVIRONMENTAL QUALITY

ENVIRONMENTAL IMPACT STATEMENTS

March 28 Through April 1, 1977

The following is a list of environmental impact statements received by the Council on Environmental Quality from March 28 through April 1, 1977. The date of receipt for each statement is noted in the statement summary. Under Council Guidelines the *minimum* period for public review and comment on draft environmental impact statements is forty-five (45) days from this FEDERAL REGISTER notice of availability. (May 23, 1977). The thirty (30) day period for each final statement begins on the day the statement is made available to the Council and to commenting parties.

Copies of individual statements are available for review from the originating agency. Back copies are also available at 10 cents per page from the Environmental Law Institute, 1346 Connecticut Avenue, Washington, D.C. 20036.

DEPARTMENT OF AGRICULTURE

Contact: Mr. Errett Deck, Coordinator, Environmental Quality Activities, U.S. Department of Agriculture, Room 359-A, Washington, D.C. 20250, 202-447-6827.

FOREST SERVICE

Draft

Naked Island Timber Sale, Chugach National Forest, Alaska, March 28: Proposed is a salvage timber sale on Naked Island, Prince William Sound, about 60 miles west of Cordova in Chugach National Forest, Alaska. The sale, approximately 100 acres in size, will consist of logging several clear cut units ranging in size between approximately 12 to 36 acres of insect damaged timber. The roadless and undeveloped character of the area will be lost and the sale will have a visual impact on the landscape over the next 30-40 years. (ELR Order No. 70393.)

Holly Springs and Tombigbee National Forest Timber Plan, several counties in Mississippi, March 29: The proposed action is the implementation of a new 10-year Timber Management Plan for Holly Springs and Tombigbee National Forests, effective October 1, 1977. The plan calls for even-aged forest management for that part of the forests which is suitable for sustained yield timber production and not reserved for some other use. Adverse environmental effects include a temporary decrease in the quality of forest scenery from timber cutting, other silvicultural treatments, and road construction; soil erosion and increases in stream turbidity; and shifts in wildlife populations. (ELR Order No. 70399.)

Final

Big Game Habitat Improvement, Northern Idaho, April 1: Proposed is the prescribed burning of brushfields in northern Idaho from the present to the completion of land management planning. The purpose of the habitat improvement program is to maintain the brushfield state of plant succession to provide forage for big game species, primarily elk, at a level nearer the productive capabilities of the land. The proposed project areas are located in the Clearwater, Idaho Panhandle, and Nezperce National Forests. This program will alter the environment by maintaining selected areas in the brushfield stage of plant succession. Comments made by: AHP, DOI, COE, EPA, FPC, State agencies, concerned citizens. (ELR Order No. 70423.)

Allegheny National Forest, Off-Road Vehicles, several counties in Pennsylvania, March 29: Proposed is the management of off-road vehicle (ORV) use in Allegheny National Forest, Pennsylvania, in a manner that will protect Forest resources, promote safety of its users and minimize conflicts among the use of those lands. To accomplish this objective, cross-country motorized vehicle use will be confined to designated ORV trails within certain portions of the Forest and such use will be exclusively by motorcycles (trailbikes) and registered snowmobiles. Environmental effects are considered to be generally favorable. Comments made by: DOI, DOD, EPA, State and local agencies, concerned citizens. (ELR Order No. 70396.)

DEPARTMENT OF DEFENSE

U.S. AIR FORCE

Contact: Col. Luis F. Dominguez, Room 5D 431, Pentagon, Washington, D.C. 20330.

Final

TFWC Range Complex, Nellis AFB, Nev., April 1: A draft EIS was submitted to CEQ in June 1974 concerning the Continental Operations Range (COR), a proposal which was subsequently cancelled. However, proposed air space changes and additional radar sites peculiar to the Tactical Fighter Weapons Center Range (TRC) are still required. The environmental impacts associated with the proposals for the TRC in the COR draft EIS remain valid and have been carried forward in this final EIS. Proposed is the redefinition and designation of certain restricted areas, the establishment of 2 special rule areas, and the construction of roads and instrument trailer pads for additional ground based mobile electromagnetic radiators. Comments made by: USDA, HEW, DOI, DOT, EPA, State and local agencies, concerned citizens. (ELR Order No. 70312.)

U.S. ARMY CORPS

Contact: Dr. C. Grant Ash, Office of Environmental Policy Department, Attn: DAEN-CWR-P, Office of the Chief of Engineers, U.S. Army Corps of Engineers, 1000 Independence Avenue, SW., Washington, D.C. 20314, 202-693-6795.

Draft

Mississippi River, Ste. Genevieve, St. Mary's, Mo. March 29: Proposed is a flood protection plan for the Mississippi River between Ste. Genevieve and St. Mary's, Missouri. The plan consists of an 8-foot landside levee raise for the 14.8 miles of levee protecting 9,069 acres of agricultural land and the village of Pujol and Kaskaskia, Illinois on Kaskaskia Island. Protection from flooding from the Mississippi River will be increased to 46.6 feet on the Chester, Illinois, or a flood with the probability of occurrence of once in approximately 50 years. (ELR Order No. 70397.)

Little Wood River Flood Damage Reduction (2), Lincoln County, Idaho, April 1:

V4268 APR 8 77 UMI

Proposed is a flood damage reduction project which would improve the existing system for diverting floodwater from the Little Wood River into nearby lava fields. The two proposed diversion projects would be located near Shoshone and Dietrich in Lincoln County, Idaho, and would reduce present flood damage potential by 86 percent. The Dietrich Canal diversion would increase the existing diversion capacity from 500 to 1,500 cubic feet per second. The Milner-Gooding Canal diversion would permit the diversion of an additional 800 cfs into adjacent lava fields. Flood protection for 2,560 acres would be provided. (Walla Walla District.) (ELR Order No. 70424.)

Beadle Bay Development, Saginaw Bay, Huron County, Mich., April 1: Proposed is the issuance of a permit for the construction of boat channels in Saginaw Bay, Lake Huron, Michigan. The project requires dredging a combined total of 2600 cubic yards of material to make connections in two locations on the existing channel off Wild Fowl Bay. Excavation of the connection will result in turbidity in the water, and additional travel by vehicles to the areas and through the waterways by boats will cause increased congestion, noise, and exhaust emissions. (Detroit District.) (ELR Order No. 70426.)

Parker Lake, Muddy Boggy Creek (2), Coal County, Okla., March 29: Proposed is the construction and operation of the Parker Lake flood control project at mile 127.4 on Muddy Boggy Creek in Oklahoma. The project consists of a rolled earthfill embankment, a grated conduit, a limited service spillway, access roads, and project buildings. The Lake will reduce annual flood damages, increase water supply, and provide opportunities for recreation. Adverse impacts include permanent innundation of 8 archeological sites, relocation of 7 families, and destruction of wildlife on 6,110 acres of land. (Tulsa District.) (ELR Order No. 70403.)

Final

Swift Creek Basin, Edgecombe and Nash Counties, N.C., March 29: The Project involves the construction of a flood control project on Swift Creek located in Edgecombe and Nash Counties. The project consists of about 28 miles of stream snagging and clearing on Swift Creek and about 1.7 miles of channel excavation on the White Oak Swamp tributary. Adverse impacts are the loss of fishery and wildlife resources in portions of Swift Creek and White Oak Swamp. (Wilmington District.) Comments made by: DOC, HEW, DOI, AHP, EPA, USDA, State and local agencies, concerned citizens. (ELR Order No. 70404.)

Denison Dam, Lake Texoma, Red River O & M, Oklahoma and Texas, March 29: Proposed is the operation and maintenance of Denison Dam, Lake Texoma, Texas. The project consists of reservoir regulation; flood control; management of land resources and facilities; and management of leases, easements and other outgrants. Adverse impacts include soil erosion and/or compaction (due to recreational use, traffic, and wave action and pool fluctuation); damage to and loss of vegetation (due to pool fluctuation and construction); and alterations of the natural environment through recreational development and construction. Comments made by: FPC, EPA, DOI, DOT, USDA, AHP, HEW. (ELR Order No. 70412.)

Bardwell, Benbrook, Grapevine and Navarro Mills Lake, several counties in Texas, March 29: This statement reviews the environmental impacts of the operations, maintenance, and management programs at four completed and operating reservoir projects in the Trinity River Basin, Texas. These programs include flood control, water conservation, operation, and maintenance of project structures and recreational facilities, and management of lands and waters for fishing, boating, swimming, hunting, and other forms of recreation. Project implementation would place pressure on project lands by heavy recreational use increasing sanitation problems, refuse removal, and resource protection problems. (Fort Worth District.) Comments made by: EPA, USDA, DOC, HEW, DOI, DOT, AHP. (ELR Order No. 70411.)

NAVY

Contact: Mr. Ed Johnson, Department of the Navy, Room 4B466, Pentagon, Washington, D.C. 20350, 202–697–3639.

Supplement

USUHS Interim Wastewater Treatment, Bethesda (S–1), Montgomery County, Md., March 28: The statement supplements a final EIS filed with CEQ in January 1975. The purpose of the addendum is to update the status of the regional sewer situation and to assess the environmental effects of a proposed interim wastewater treatment facility at the National Naval Medical Center site. Construction of the facility will result in removal of existing vegetation, increases in erosion and releases of nutrients, and changes in water quality in Stoney Creek. (ELR Order No. 70392.)

ENVIRONMENTAL PROTECTION AGENCY

Contact: Please refer to the separate notice published by EPA in this issue of the FEDERAL REGISTER for the appropriate EPA contact:

Draft

Tunnel Components, Lower Des Plaines TARP, Cook County, Ill., April 1: This statement relates to the tunnel component of the Tunnel and Reservoir Plan, Lower Des Plaines Tunnel System, proposed by the Metropolitan Sanitary District of Greater Chicago. The proposed action identified and defined for this EIS is the Phase I conveyance tunnel systems and their associated subsystems only. The following information is included in the statement: alternative plans, plan selector, TARP Tunnel Systems, TARP Subsystems, Des Plaines Tunnel Segments and Branches, cost of Tunnel System and Subsystems, and TARP financing. (Region 5.) (ELR Order No. 70429.)

DEPARTMENT OF HOUSING AND URBAN DEVELOMENT

Contact: Mr. Richard H. Broun, Director, Office of Environmental Quality, Department of Housing and Urban Development, 451 7th Street SW., Washington, D.C. 20410, 202–755–6308.

Final

Clovis Heights/Cougar Estates No. 10–13 Development, Fresno County, Calif., March 29: Proposed is the ultimate development of a primarily vacant parcel of land into a 135-acre residential subdivision of slightly over 500 dwelling units to be designated "Clovis Heights." The first phase of 35 acres is to contain 136 units. Also proposed is the development of a second primarily vacant parcel into a residential subdivision of slightly over 500 dwelling units in four phases. This development is designated "Cougar Estates" No. 10–13; the first phase of 35.4 acres is already being developed into 147 units. Conversion of vacant grazing and farming land to urbanized residential development will result. Comments made by: DOD, COE, USDA, AHP, HEW, State and local agencies, concerned citizens. (ELR Order No. 70407.)

Loring 100 Apts., Loring Park Development District, Hennepin County, Minn., April 1: This statement concerns a mortgage insurance application for the Loring 100 Apartment in Minneapolis, Minnesota. The 102-unit project will provide housing and a community/recreation facility for elderly persons. The Loring 100 project is part of the Loring Park Development, a 2000-unit planned urban redevelopment project. Major adverse impacts include the demolition of existing business and residential structures with attendant displacement of the indigenous population. The erection of tall and massive structures may result in shadow and wind effects. Comments made by: EPA, DOT, DOI, State and regional agencies, concerned citizens. (ELR Order No. 70428.)

The following are Community Development Block Grant statements prepared and circulated directly by applicants pursuant to section 104(h) of the 1974 Housing and Community Development Act. Copies may be obtained from the office of the appropriate local chief executive. (Copies are not available from HUD).

SECTION 104(h)

Draft

Willowbrook, Calif., Willowbrook Development Project, Los Angeles County, Calif., March 29: Proposed is the implementation of the Willowbrook Neighborhood Development Program in Los Angeles, California. The project goals include: improvement of the range and quality of housing, orderly growth and development around the Martin Luther King Memorial Hospital/Drew Medical School complex and provision of recreational, community, educational, and commercial facilities and services to meet community needs. Construction and demolition associated impacts will occur. (ELR Order No. 70409.)

Boise, Idaho, West Boise Avenue Trunk Sewer, Idaho, March 29: Proposed is the development of the West Boise Avenue Relief Trunk Sewer in Boise, Idaho. The project would provide relief to the 18-inch Broadway Avenue line by diverting flow from the two 30-inch trunk sewers through a new 36-inch line down Boise Avenue. The relief sewer would connect with the existing 36-inch sewer line on Boise Avenue at Oakland Street. Adverse effects include increases in noise and dust during construction, and growth-related impacts following completion. (ELR Order No. 70402.)

DEPARTMENT OF THE INTERIOR

Contact: Mr. Bruce Blanchard, Director, Environmental Project Review, Room 5311, Department of the Interior, Washington, D.C. 20240, 202–343–3891.

BUREAU OF RECLAMATION

Final

Fruitland Mesa Project, Delta, Montrose, and Gunnison Counties, Colo., March 28: The proposed project involves construction of a 606-surface acre reservoir and a water delivery system in the Gunnison River Basin, Colorado. Water would be stored and distributed for irrigation, fishery, and recreation development. Irrigation water would be provided to 11,940 acres of presently unirrigated land and 6,310 acres of irrigated land in need of a supplemental supply. Construction is scheduled to be initiated in FY 1977 and will extend over 6 years. Milly K. Goodwin Lake would inundate 606 acres of mountain valley and 4.5 miles of stream. Comments made by: AHP, USDA, DOD, EPA, HEW, HUD, DOI, State and local agencies, concerned citizens. (ELR Order No. 70395.)

GEOLOGICAL SURVEY

Draft

E. Gillette Mine, Kerr-McGee Corp., Campbell County, Wyo., April 1: Proposed is approval of a surface mining and reclamation plan for East Gillette Mine, Campbell County, Wyoming. The Kerr-McGee Corporation plans include mining of about 340 million tons of coal at a fuel production rate of about 8 million tons per year through 1992, 12 million tons per year until 2003, and 9.6 million tons per year until 2013. Adverse impacts include the removal of 636.6 million cubic yards of overburden, permanent reshaping of the 2,679-acre mining area, and destruction of shallow aquifers, vegetation, soils, and wildlife habitat. (ELR Order No. 70417.)

INTERSTATE COMMERCE COMMISSION

Contact: Mr. Richard I. Chais, Chief, Section of Energy and Environment, Room 3373, 12th and Constitution Ave. NW., Washington, D.C. 20423, 202–275–7692.

Final

Norfolk, Neb.-Winner, S. Dak. rail abandonment, Nebraska and South Dakota, March 31: Proposed is the abandonment and complete dismantling of the Chicago and North Western Transportation Co.'s Winner Branch between Norfolk, Nebraska and Winner, South Dakota, a distance of approximately 172.4 miles. Authorization of the abandonment would result in the elimination of direct rail service to 22 agrarian communities in the Midwest. Freight hauled by the line consists of predominantly grain, fertilizers, and other agrarian products which would be diverted to motor carrier transportation and hauled over the area's highway network. Loss of rail service would disadvantage potential rural and community development. Comments made by: FEA, FPC, EPA, USDA, HEW, DOI, DOT, AHP, State agencies, concerned groups. (ELR Order No. 70414.)

DEPARTMENT OF TRANSPORTATION

Contact: Mr. Martin Convisser, Director, Office of Environmental Affairs, U.S. Department of Transportation, 400 7th Street SW., Washington, D.C. 20590, 202–426–4357.

FEDERAL AVIATION ADMINISTRATION

Draft

Greenbrier Valley Airport, Greenbrier County, W. Va., March 29: Proposed are improvements to the Greenbrier Valley Airport in Lewisburg, West Virginia. The project includes construction of a runway and parallel taxiway extension, acquisition of 60 acres for an aviation easement for Clear Zone purposes, and relocation of the existing Approach Lighting System. Plans also call for the construction of an additional aircraft parking apron, automobile parking facilities, and pavements to "T" hangers and General Aviation parking. The runway extension will allow a heavier operating payload for the B–737 aircraft, resulting in increased noise levels. (ELR Order No. 70416.)

Final

Anchorage International Airport, North-South runway, Alaska, March 29: Proposed is the construction of a new North-South runway at Anchorage International Airport, Alaska. Construction plans also include a parallel taxiway system, runway and taxiway lighting, navigational aids, service roads, a storm drain system, and security fencing. Adverse effects include loss of relatively undisturbed habitat due to clearing, grading, and gravel extraction necessitated by runway and ancillary construction. Comments made by: EPA, DOC, USA, HUD, DOI, State agencies, concerned groups. (ELR Order No. 70410.)

FEDERAL HIGHWAY ADMINISTRATION

Draft

Coeur d'Alene-East, Project I–90–1(35)16, Kootenai County, Idaho, April 1: Proposed is the designation of an area north of Coeur d'Alene Lake in Kootenai County, Idaho, as the location for a new section of Interstate 90. Geographically, the study area is bounded by the City of Coeur d'Alene on the west, Fourth of July Summit on the east, and Coeur d'Alene Lake on the south, and its north boundary extends into National Forest property. Twelve alternatives are currently under consideration, each either overlaying or bypassing the existing section of Temporary I–90 which currently serves the vicinity. A 4(f) statement is included concerning the Mullen Trail. (Region 10) (ELR Order No. 70419.)

Federal Aid Route 595, Ill. Route 2–I–80, Rock Island and Henry County, Ill., April 1: Proposed is the construction of a segment of Federal Aid Route 595 in Rock Island County, Illinois. The project begins at the intersection of John Deere and Colona Roads and continues 3.5 miles in an easterly direction to the I–80-Cleveland Road interchange. The new facility is planned as a 4-lane expressway with a 22-foot median. Adverse impacts include increased levels of noise and water pollution. (Region 5.) (ELR Order No. 70418.)

U.S. 30, Marshall and Tama Counties, Iowa, March 29: The proposed action is construction of a segment of U.S. 30 in Marshall and Tama Counties, Iowa. The 30-mile project runs from just east of Iowa 330 in Sec. 13–T83N–R19W to the junction of Iowa 212 in Sec. 27–T83N–R14W. Depending on the alternative selected the following impacts will result from construction: displacement of 5–74 houses, mobile homes, and businesses; taking of 640–850 acres for right-of-way; and increased levels of noise pollution. (ELR Order No. 70401.)

Route M, Springfield, Greene County, Mo., April 1: Proposed is the construction of 9.5 miles of limited access highway on new location across the southern limits of the Springfield metropolitan area. The four-lane freeway with a 60-foot wide median, interchanges, and separations will extend from Route 60–13 near the town of Brookline east to the existing interchange of routes 60 and 65 located in the southeast corner of the city. It will parallel the existing Route M on Republic Street and serve as another link in the Springfield freeway and thoroughfare system. Approximately 300 acres of pastureland will be taken from farm production. (Region 7.) (ELR Order No. 70420.)

N.J. Route 23, I–80 to New Street, Passaic County, N.J. March 29: Proposed is the improvement of a 1.65 mile section of New Jersey Rte. 23 in Wayne Township, New Jersey. The project begins north of I–80 and terminates in the vicinity of New Street, and will be upgraded by widening the roadway to six lanes. Construction of the realignment will displace 13 businesses, 32 families, one firehouse and one clubhouse. Other adverse effects include increases in air and noise pollution. (Region 1.) (ELR Order No. 70400.)

U.S. 52—N.C. 24–27, Snuggs St., Stanly County, N.C. March 29: Proposed is construction of a connector from U.S. 52 to N.C. 24–27 in Albermarle, North Carolina. The project consists of improvements to the existing Snuggs Street-Salisbury Avenue-Carolina Avenue Corridor from U.S. 52 to N.C. 73 and the construction of a new roadway from N.C. 73 to N.C. 24–27. Negative impacts vary according to the alternative selected. (Region 4.) (ELR Order No. 70406.)

U.S. 30, Scappoose Section, Columbia and Multnomah Counties, Oreg., March 29: The proposed project consists of upgrading the Scappoose section of Lower Columbia River Highway (U.S. 30). Three improvement options are under study: an east side bypass, reconstruction of the existing facility, and a west side bypass. Adverse impacts vary according to the alternative selected. (Region 10.) (ELR Order No. 70398.)

Appalachian Corridor J, Soddy-Daisy to Dunlap, Hamilton, Bledsoe, and Sequatchie Counties, April 1: Proposed is the construction of approximately 19 miles of a section of Appalachian Corridor "J" from Soddy-Daisy to Dunlap, Tennessee. The proposed project extends in a northwesterly direction from a point near FAS 4340 approximately 0.5 mile east of State Route 29 in the city of Soddy-Daisy, to a western terminus at State Route 28 approximately 1.0 mile north of the City of Dunlop. The highway is classified as a Principal Arterial in Tennessee's "1985 Statewide Functional Highway Classification Plan" and will be a four-lane facility with full control of access on new location. (ELR Order No. 70422.)

Final

U.S. 95, Cox's Ranch–Goff Bridge, Idaho County, Idaho, April 1: Proposed is the improvement and realignment of U.S. Highway 95 in the vicinity of Riggins, Idaho. The study corridor area begins at Cox's Ranch south of Riggins, passes through Riggins, and ends at Goff Bridge north of Riggins. Project length is approximately seven miles. Adverse effects include the commitment of up to 140 acres of land, and the displacement of up to four residences. Comments made by: HUD, COE, USDA, EPA, state and local agencies, concerned citizens. (ELR Order No. 70427.)

Flamingo Road, I–15 to U.S. 93–95, Clark County, Nev., March 31: Proposed is the Flamingo Road project, which consists of upgrading an existing arterial roadway in the Las Vegas metropolitan area south of the present limits of the City of Las Vegas. The western terminus of the project is I–15, and the eastern teminus is U.S. 93–95 (Boulder Highway). Total project length is 6 miles, with part of the roadway divided into four lanes and the remainder into 6 lanes. Adverse impacts include 8 residential and 3 business relocations, damage to several commercial properties, and increased noise levels in the area. Comments made by: COE, HEW, HUD, DOI, EPA, county and local agencies, concerned citizens. (ELR Order No. 70415.)

Supplement

U.S. 30, Benton and Linn Counties (S–1), Iowa, Mar. 29: This statement supplements a final EIS filed with CEQ in July 1972. The proposed project is the improvement of a 16-mile segment of U.S. 30 in Iowa, beginning at U.S. 216 in Benton County and terminating at Iowa 149 in Linn County. The supplement contains a new concept in regard to alternatives which reflects an attempt to minimize the conversion of prime agricultural land to highway right-of-way. A modified access design is considered, which utilizes much of the existing facility and would be constructed in two phases. (Region 7.) (ELR Order No. 70408.)

M–66 relocation, Phelps Rd.-Smithville (S–1), Missaukee and Kalkaska Counties, Mich., April 1: Proposed is the relocation of State Trunkline M–66 from Phelps Road north approximately 5.9 miles to 2900 feet north of Smithville, Michigan. The major design features of this project consist of a two-lane free access roadway having a 24-foot pavement and 10-foot paved shoulders within a 150-foot right-of-way. A new bridge structure crossing the Manistee River will be located approximately 400 feet east of the existing bridge which will be removed. Adverse effects include the acquisition of approximately 107 acres, 90 percent of which is wooded. (Region 5.) (ELR Order No. 70425.)

T.H. 23., Junction C.S.A.H. 24-Junction T.H. 212 (S–2), several Counties in Minnesota, March 29: This statement supplements a final E'S filed with CEQ in 1972. The proposed action is the improvement of a 33 mile segment of Minnesota State Highway 23 from Cottonwood to Clara City. Although the

V4216 8 APR 77 UMI

FE'S did not anticipate any channel change alignment, the supplement reflects the results of more detailed hydraulic studies which indicate such changes are necessary on four crossings of Hazel Creek and the Yellow Medicine River. The Yellow Medicine River channel change will isolate 1–2 acres of flood plain cropland without access. (Regions.) (ELR Order No. 70405.)

Canandaigua South West Bypass, N.Y. Route 5 and 20 (S–1), Ontario County, N.Y., April 1: Proposed is the construction, on new location, of a 2.2-mile highway which would bypass the central business district of the City of Canandaigua, New York. The highway would begin on West Avenue (Route 5/20), 0.6 mile west of the city line in the Town of Canandaigua, pass through the southwestern portion of the city and terminate at the intersection of South Main Street and Eastern Boulevard (Route 5/20) within the city. Two 12-foot travel lanes will be provided. A limited number of families and businesses will be relocated. (Region 1.) (ELR Order No. 70421.)

URBAN MASS TRANSPORTATION ADMINISTRATION

Draft

North Transit Operating Base, Seattle, King County, Wash., March 30: The proposed action is to build a transit operating base in the North Seattle/King County area in Washington. The base would be located in the area bounded by King County on the north, Lake Washington Ship Canal on the south, Lake Washington on the east and Puget Sount on the west. Two other transit operating bases have been constructed outside the Seattle central business district. Adverse impacts include taking of 15 acres, slight increase in air pollution, and relocation of businesses. (ELR Order No. 70413.)

VETERANS ADMINISTRATION

Contact: For Housing Programs, Mr. Lyman T. Miller, Assistant Director for Construction and Valuation, Veterans Administration, 810 Vermont Avenue, Washington, D.C. 20420, 202–389–2691. For all other programs, Mr. Nicholas Clark, Civil Engineer, Technical Services Division, Engineering Service, Veterans Administration, Washington, D.C. 20420, 202–389–2086.

Draft

New York National Cemetery, Long Island, N.Y., March 28: The proposed action is construction of a 000 acre National Cemetery to be located on Long Island near Calverton, N.Y. The proposed development will include but not be limited to: space for 500,000 interments, an administration building, a memorial center, a commital service center, a maintenance complex and other associated cemetery functions. The action will result in loss of farmland, woodland, and wildlife habitat; increased traffic volume; and construction-associated impacts. (ELR Order No. 70394.)

NICHOLAS C. YOST,
General Counsel.

Department of the Navy

SEAFARER ELF COMMUNICATIONS SYSTEM SITE SELECTION AND PROPOSED TEST OPERATIONS IN MICHIGAN

Public Hearing and Availability of Draft Environmental Impact Statement

Notice is hereby given that a public hearing will be held for the purpose of providing the public with relevant information on site selection and proposed test operations at K. I. Sawyer Air Force Base, Michigan, for the Seafarer Extremely Low Frequency (ELF) Communications System, and to afford the public an opportunity to present their views on the proposed Navy project. The hearing will be held on April 25, 1977, and continued on April 26 if necessary, at the Ramada Inn, 412 West Washington, Marquette, Michigan. The hearing will commence at 7 p.m. and terminate at 11 p.m. The hearing will be conducted by Captain John Dobson, U.S. Navy (CEC), and will include a presentation explaining the Navy's proposed action, a system description, a site-dependent environmental impact summary, alternatives, proposed Navy recommendations and the proposed program plan for the future.

This hearing is being held in Marquette, Michigan, because K. I. Sawyer Air Force Base and the surrounding region is one of three candidate areas considered for building a Seafarer Test Facility, conducting ELF communications experiments, and developing appropriate construction criteria and operational methods to ensure maximum environmental protection in the event the Michigan area is approved at some future time for an operational Seafarer System.

Seafarer is essentially a buried transmitting array of insulated cables. The system's principal purpose is for communications with submerged submarines.

The following procedures will be followed during the public hearing. Individual speakers will have three minutes, and group spokespersons will have five minutes to summarize and present their views. One speaker may not relinquish time to another. Individuals or organizations wishing lengthy statements to be included in the hearing record should provide written statements to the Hearing Officer. Preregistration is desired, and should be made in person or by writing either to the Seafarer Information Office, 221 Rublein Street, Marquette, MI 49855 or to Captain John Dobson, USN (CEC), Code 01F, Naval Electronic Systems Command, Washington, D.C. 20360. The name and title of the speaker for organizations should be included. The closing date for including written statements in the hearing record is May 25, 1977.

Anticipated environmental effects are available for review in the Seafarer ELF Communications System Draft Environmental Impact Statement for Site Selection and Test Operations; Naval Electronic Systems Command (February 1977). Copies of the statement are available at the following locations:

Office of the Secretary

DEPARTMENT OF DEFENSE WAGE COMMITTEE

Closed Meetings

Pursuant to the provisions of section 10 of Pub. L. 92–463, the Federal Advisory Committee Act, effective January 5, 1973, notice is hereby given that a meeting of the Department of Defense Wage Committee will be held on Tuesday, June 7, 1977; Tuesday, June 14, 1977; Tuesday, June 21, 1977; and Tuesday, June 28, 1977 at 9:45 a.m. in Room 1E801, The Pentagon, Washington, D.C.

The Committee's primary responsibility is to consider and submit recommendations to the Assistant Secretary of Defense (Manpower and Reserve Affairs) concerning all matters involved in the development and authorization of wage schedules for Federal prevailing rate employees pursuant to Pub. L. 92–392. At this meeting, the Committee will consider wage survey specifications, wage survey data, local wage survey committee reports and recommendations, and wage schedules derived therefrom.

Under the provisions of section 10(d) of Pub. L. 92–463, the Federal Advisory Committee Act, meetings may be closed to the public when they are "concerned with matters listed in section 552 b. of Title 5, United States Code." Two of the matters so listed are those "related solely to the internal personnel rules and practices of an agency," (5 U.S.C. 552 b. (c) (2)), and those involving "trade secrets and commercial or financial information obtained from a person and privileged or confidential" (5 U.S.C. 552 b. (c) (4)).

Accordingly, the Deputy Assistant Secretary of Defense (Civilian Personnel Policy) hereby determines that all portions of the meeting will be closed to the public because the matters considered are related to the internal rules and practices of the Department of Defense (5 U.S.C. 552b.(c)(2)), and the detailed wage data considered by the Committee during its meetings have been obtained from officials of private establishments with a guarantee that the data will be held in confidence (5 U.S.C. 552b.(4)).

However, members of the public who may wish to do so are invited to submit material in writing to the Chairman concerning matters believed to be deserving of the Committee's attention. Additional information concerning this meeting may be obtained by contacting the Chairman, Department of Defense Wage Committee, Room 3D282, The Pentagon, Washington, D.C.

MAURICE W. ROCHE,
Director, Correspondence and Directives OASD (Comptroller).

ENVIRONMENTAL PROTECTION AGENCY

LOWER DES PLAINES TUNNEL SYSTEM

[FRL 712–3]

Availability of Draft Environmental Impact Statement

Pursuant to section 102(2)(C) of the National Environmental Policy Act of 1969, the Environmental Protection Agency has prepared a draft environmental impact statement (DEIS) for the Lower Des Plaines Tunnel System, Reservoir Plan Proposed by the Metropolitan Sanitary District of Great Chicago, Illinois.

The proposed action is the Phase I conveyance tunnel systems and their associated subsystems only. The planned storage reservoirs, waste treatment plant upgrading and expansion, on-line reservoirs, and instream aeration facilities were not included.

This DEIS was transmitted to the Council on Environmental Quality (CEQ) on April 1, 1977. In accordance with CEQ's notice of availability, comments are due on May 23, 1977.

Copies of the DEIS are available for review and comment from: Environmental Protection Agency, Region 5, Planning Branch, EIS Preparation section, 230 South Dearborn Street, Chicago, Illinois 60604 or by telephoning the TARP project officer at 312–353–2157.

Copies of the DEIS are available for public inspection at the following locations:

Environmental Protection Agency, Region 5 Library, 230 South Dearborn Street, Chicago, Illinois 60604.
Environmental Protection Agency, Public Information Reference Unit, Room 2922, Waterside Mall, 401 M Street SW., Washington, D.C. 20460.

Information copies of the DEIS are available at cost (10 cents/page) from the Environmental Law Institute, 1346 Connecticut Avenue, NW, Washington, DC 20036. Please reference ELR No. 70429.

Copies of the DEIS have been sent to various Federal, State and local agencies, and interested individuals as outlined in the CEQ Guidelines.

Dated: April 5, 1977.

PETER L. COOK,
Acting Director, Office of Federal Activities.

[Report No. 852]

COMMON CARRIER SERVICES INFORMATION

Applications Accepted for Filing

APRIL 4, 1977.

The applications listed herein have been found, upon initial review, to be acceptable for filing. The Commission reserves the right to return any of these applications, if upon further examination, it is determined they are defective and not in conformance with the Commission's Rules and Regulations or its policies.

Final action will not be taken on any of these applications earlier than 31 days following the date of this notice, except for radio applications not requiring a 30 day notice period (See section 309(c) of the Communications Act), applications filed under Part 68, applications filed under Part 63 relative to small projects, or as otherwise noted. Unless specified to the contrary, comments or petitions may be filed concerning radio and section 214 applications within 30 days of the date of this notice and within 20 days for Part 68 applications.

In order for an application filed under Part 21 of the Commission's rules (Domestic Public Radio Services) to be considered mutually exclusive with any other such application appearing herein, it must be substantially complete and tendered for filing by whichever date is earlier: (a) The close of business one business day preceding the day on which the Commission takes action on the previously filed application; or (b) within 60 days after the date of the public notice listing the first prior filed application (with which the subsequent application is in conflict) as having been accepted for filing. In common carrier radio services other than those listed under Part 21, the cut-off date for filing a mutually exclusive application is the close of business one business day preceding the day on which the previously filed application is designated for hearing. With limited exceptions, an application which is subsequently amended by a major change will be considered as a newly filed application for purposes of the cut-off rule. (See §§ 1.227(b)(3) and 21.30(b) of the Commission's Rules.)

FEDERAL COMMUNICATIONS COMMISSION,
VINCENT J. MULLINS,
Secretary.

APPLICATIONS ACCEPTED FOR FILING

DOMESTIC PUBLIC LAND MOBILE RADIO SERVICE

20993–CD–P–11–77 Michigan Bell Telephone Company (KQA767), C.P. to change transmitter operating on 152.57 and 152.63 MHz; and for additional facilities to operate on 152.72, 152.60, 152.69, 454.375, 454.425, 454.475, 454.575, 454.625 and 454.525 MHz to be located at Loc. No. 2: 882 Oakmand Boulevard, Detroit, Michigan; and delete locs. 3, 4, 5, 6, and 7; also delete frequency 152.75 MHz from Loc. No. 1.

20996–CD–P–6–77 Michigan Bell Telephone Company (KQK578), C.P. to replace transmitter and change antenna system operating on 152.81 MHz and for additional facilities to operate on 152.75, 152.54, 454.450, 454.550 and 454.650 MHz to be located at 54 North Mill Street, Pontiac, Michigan.

20997–CD–P–6–77 Michigan Bell Telephone Company (KQK579), C.P. to change antenna system and replace transmitter operating on 152.81 MHz and for additional facilities to operate on 152.54, 152.57, 454.450, 454.550 and 454.650 MHz and relocate facilities to be located on Ash Street, East of Matthews Street, Carleton, Michigan.

20998–CD–P–6–77 Michigan Bell Telephone Company (KQK580), C.P. to replace transmitter and change antenna system operating on 152.51 MHz and for additional facilities to operate on 152.66, 152.78, 454.400, 454.500 and 454.600 MHz and to relocate facilities to be located 4.0 miles West of Plymouth, Michigan.

21032–CD–MP–77 Mobilfone Service, Inc. (KWU486), Modification of C.P. to replace transmitter, change antenna system and relocate facilities operating on 152.24 MHz to be located at One Shell Plaza, Houston, Texas.

21033–CD–P–2–77 Telegraph-Herald, Inc. (KRS641), C.P. for additional facilities to operate on 2118.4 MHz, repeater, at Loc. No. 1: On Hwy. 35, 1.6 miles North of Illinois-Wisconsin border, Kieler, Wisconsin; and for additional facilities to operate on 2168.4 MHz, control, to be located at a new site described as Loc. No. 2: 346 West 8th Avenue, Dubuque, Iowa.

21034–CD–P–77 Telegraph-Herald, Inc. (KUS239), C.P. for additional facilities to operate on 2168.4, control, to be located at a new site described as Loc. No. 2: 346 West 8th Avenue, Dubuque, Iowa.

21035–CD–P–2–77 Robert W. Beasley dba Blue Mountain Mobile Phone Company (KWT864), C.P. for additional facilities to operate on 152.105 MHz at Loc. No. 1: Schwitzer Basin Peak, 7 miles NW of Sandpoint, Idaho; and relocate facilities operating on 152.12 MHz at Loc. No. 1 to be located at Loc. No. 2: 410 South 4th Street, Sandpoint, Idaho.

21036–CD–P–2–77 Salinas Valley Radiotelephone Company (KMA837), C.P. to replace transmitter, and change antenna system operating on 454.025 and 454.175 MHz at Loc. No. 1: Mt. Toro, 10.3 miles SSE of Salinas, California.

21037–CD–P–2–77 The Chesapeake and Potomac Telephone Company of Virginia (KIC347), C.P. to change antenna system operating on 152.51 and 152.60 MHz and relocate facilities to be located at Loc. No. 3: 132 Plaza Trail, Virginia Beach, Virginia.

21038–CD–P–77 The Chesapeake and Potomac Telephone Company of Virginia (KLF628), C.P. to change antenna system operating on 158.10 MHz located at Loc. No. 4: 132 Plaza Trail, Virginia Beach, Virginia.

21039–CD–P–4–77 General Telephone Company of the NW, Inc. (KON912), C.P. to change antenna system operating on 152.69, 152.78, 454.425 and 454.525 MHz located at 426 Casino Road, Everett, Washington.

21040–CD–P–4–77 DPRS, Inc. t/a Zipcall (KCB890), C.P. for additional facilities to operate on 43.58 MHz to be located at a new site described as Loc. No. 18: 44 Binney Street, Boston, Massachusetts; 35.58 MHz to be located at a new site described as Loc. No. 19: 736 Cambridge Street, Brighton, Massachusetts; 35.58 MHz at a new site described as Loc. No. 20: 171 Harrison Avenue, Boston, Massachusetts; and 35.58 MHz at a new site described as Loc. No. 21: 25 Evergreen Street, Framingham, Massachusetts.

21041–CD–P–2–77 E. P. Mitchell, Jr. dba Douglas Radio (KRM967), C.P. to change antenna system operating on 152.09 MHz and for additional facilities to operate on 454.125 MHz located 2.8 miles West of Douglas, Georgia.

21042–CD–P–77 Radio Telephone Service, Inc. (KRH665), C.P. to replace transmitter, change antenna system and relocate facilities operating on 152.24 MHz to be located at WLEX TV Tower, Russel Cave Road, Lexington, Kentucky.

21043–CD–P–2–77 Advanced Radio Communications Company (KLF495), C.P. to change antenna system operating on 152.15 MHz at Loc. No. 3: Bull Run Mountain, 7.1 miles NNW of Haymarket, Virginia; and for additional facilities to operate on 152.66, 152.78, 454.400, 454.500 and 454.600 MHz and to relocate facilities to be located 4.0 miles West of Plymouth, Michigan.

CORRECTIONS

20563–CD–P–77 Messages by Radio, Inc. (KEA200), Correct PN to read: C.P. for additional location and additional channel of Station KEA200 to operate on 152.21 MHz in Buchanan, New York. All other particulars to remain the same as reported on PN No. 841 dated January 17, 1977.

20988–CD–MP–2–77 Summit Mobile Radio Co. (KCI304), Correct entry to add: also relocated 459.225 MHz, repeater to new Loc. No. 3. All other particulars to remain the same as reported on PN No. 851 dated March 28, 1977.

RURAL RADIO SERVICE

60247–CR–P–77 Wyoming Telephone Co., Inc. (new), C.P. for a new rural subscriber station to operate on 157.80 and 157.92 MHz to be located approximately 7.6 miles NE of Pinedale, Wyoming.

60248–CR–P–77 RCA Alaska Communications, Inc. (WQO90), C.P. to replace transmitter, change antenna system and change from rural subscriber to central office to operate on 152.51 and 152.60 MHz located at Village located 60 miles West of Dillingham, Alaska.

60249–CR–P–77 RCA Alaska Communications, Inc. (WQO91), C.P. to replace transmitter, add a transmitter, change antenna system and change frequencies from 157.80, 157.89, 157.95 and 158.07 MHz to 157.77 and 157.86 MHz located at Village located 63.6 miles west of Dillingham, Twin Hills, Alaska.

60250–CR–P–77 The Mountain States Telephone and Telegraph Company (KSV88), C.P. to replace transmitter operating on 459.40 MHz located at 103 North Durbin, Casper, Wyoming.

60251–CR–P–77 McClellanville Telephone Company (new), C.P. for a new central office station to operate on 152.81 MHz to be located on Pinckney Street, 0.4 miles SE of Hwy. U.S. 17–701, Awendaw, South Carolina.
